PROXY STATEMENT AND NOTICE OF
ANNUAL MEETING OF STOCKHOLDERS

Alfacell Corporation ("Alfacell" or the "Company") is furnishing this Proxy Statement and the enclosed proxy card in connection with the solicitation of proxies by the Board of Directors of the Company for use at the Annual Meeting of Stockholders to be held on Wednesday, January 31, 2007, beginning at 2:00 p.m., at the Liberty International Airport Marriott Hotel, Newark International Airport, Newark, New Jersey 07114 and at any postponements or adjournments thereof. The approximate date of mailing for this Proxy Statement and proxy card as well as a copy of Alfacell's 2006 Annual Report is December 22, 2006.

ABOUT THE MEETING

What is the purpose of the Annual Meeting?

At Alfacell's Annual Meeting, stockholders will act upon the matters outlined in the accompanying notice of meeting, including:

- o the election of directors;
- o the ratification of our independent registered public accounting firm.

In addition, management will report on our performance during 2006 and respond to questions from stockholders.

Who is entitled to vote?

Only stockholders of record of the Company's Common Stock at the close of business on the record date, December 4, 2006, are entitled to receive notice of the Annual Meeting and to vote the shares of Common Stock that they held on that date at the meeting, or any postponement or adjournment of the meeting. Each outstanding share of the Company's Common Stock entitles its holder to cast one vote on each matter to be voted upon. There are no cumulative voting rights.

Who can attend the meeting?

All stockholders as of the record date, or their duly appointed proxies, may attend the meeting. Cameras, recording devices and other electronic devices will not be permitted at the meeting. Please note that if you hold your shares in "street name" (that is, through a broker or other nominee), you will need to bring a copy of a brokerage statement reflecting your stock ownership as of the record date and check in at the registration desk at the meeting.

Edgar Filing: ALFACELL CORP - Form DEF 14A

What constitutes a quorum?

The presence at the meeting, in person or by proxy, of the holders of a majority of the shares of Common Stock issued and outstanding and entitled to vote on the record date, will constitute a quorum, permitting the meeting to conduct its business. As of December 4, 2006, the record date, approximately 44,508,401 shares of Alfacell's Common Stock were outstanding. Proxies received but marked as abstentions and broker non-votes will be included in the calculation of the number of shares considered present at the meeting.

3

How do I vote?

If you complete and properly sign the accompanying proxy card and return it to us, it will be voted as you direct. If you are a registered stockholder as of the record date and attend the meeting, you may deliver your completed proxy card in person. "Street name" stockholders who wish to vote at the meeting will need to obtain a proxy card from the institution that holds their shares.

Can I vote by telephone or electronically?

No. We have not instituted any mechanism for telephone or electronic voting. However, "street name" stockholders may be able to vote electronically through their brokers. If so, instructions regarding electronic voting will be provided by the broker as part of the package which includes this proxy statement.

Can I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with Alfacell's Secretary either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the meeting in person and request that the previously granted proxy be revoked, although attendance at the meeting will not by itself revoke a previously granted proxy.

What are the Board's recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of the Board of Directors. The Board's recommendation is set forth together with the description of each item in this proxy statement. In summary, the Board recommends a vote:

- o FOR election of the nominated slate of directors (see page 11);
- o FOR ratification of the appointment of J.H. Cohn LLP as Alfacell's independent registered public accounting firm (see page 20);

Pursuant to the provisions of Rule 14a-4(c) promulgated under the Securities Exchange Act of 1934, as amended, (the "Exchange Act") with respect to any other matter that properly comes before the meeting, the proxy holders will vote as recommended by the Board of Directors or, if no recommendation is given, in their own discretion.

What vote is required to approve each item?

Election of directors. The affirmative vote of a plurality of the votes

Edgar Filing: ALFACELL CORP - Form DEF 14A

cast at the meeting, represented in person or by proxy and entitled to vote, is required for the election of directors.

Other proposals. For each other proposal, the affirmative vote of the holders of at least a majority of the shares represented in person or by proxy at the meeting and entitled to vote on the proposal will be required for approval.

Votes cast "FOR" a proposal constitute affirmative votes. A properly executed proxy card marked "WITHHOLD" or "ABSTAIN" with respect to any such matter will not be voted on such matter, although it will be counted for purposes of determining whether there is a quorum and in determining the number of shares necessary for approval of such matter. Accordingly, a "WITHHOLD" or "ABSTAIN" will have the effect of a negative vote.

Broker non-votes. Where brokers are prohibited from exercising discretionary authority for beneficial owners who have not provided voting instructions (commonly referred to as "broker non-votes"), such broker non-

4

votes will be treated as shares that are present for purposes of determining the presence of a quorum; however, with respect to proposals which require the affirmative vote of a percentage of shares present at the Annual Meeting and entitled to vote on such proposal for approval, such broker non-votes will be treated as not present for purposes of determining the outcome of any such matter. With respect to proposals which require the affirmative vote of a percentage of the outstanding shares for approval, since such broker non-votes are not cast "FOR" a particular matter, they will have the same effect as negative votes or votes cast "AGAINST" such proposals.

Section 16(a) beneficial ownership reporting compliance

Based upon a review of filings with the Securities and Exchange Commission and written representations of certain reporting persons that no other reports were required, we believe that during fiscal year 2006 all of our directors, executive officers and beneficial owners of more than 10% of any class of equity securities complied on a timely basis with the reporting requirements of Section 16(a) of the Securities Exchange Act.

PROPOSAL NO. 1 -- ELECTION OF DIRECTORS

Under Alfacell's By-laws, all directors elected by stockholders are elected for a one-year term. Each of the nominees has consented to serve a one-year term. If any of them should become unavailable to serve as a director, the Board may designate a substitute nominee. In that case, the persons named as proxies will vote for the substitute nominee designated by the Board.

Director nomination process

Prior to November 7, 2006, the Board of Directors (the "Board") did not have a standing nominating committee or nominating committee charter. Nominees for the fiscal year 2006 annual meeting were recommended for the Board's selection by at least a majority of our directors meeting the criteria for independence as required by the Nasdaq Stock Market. Previously, the Company had believed it was appropriate not to have a standing nominating committee because we felt that obtaining an input from all the Independent Directors in connection with the nominations enhanced the nomination process. However, on November 7, 2006, the Board determined that it was in the best interests of the Company to form a Nominating Committee, initially comprised of John Brancaccio and James Loughlin. Such Nominating Committee has not yet participated in the nomination of directors, and has not yet adopted a charter.

CRITERIA FOR BOARD MEMBERSHIP. The Board determines the required selection criteria and qualifications of director nominees based upon the needs of the Company at the time nominees are considered. Directors should possess the highest personal and professional ethics, integrity and values, and be committed to representing the long-term interests of the Company's stockholders. In evaluating a candidate for nomination as a director of the Company, the Nominating Committee will consider criteria including business and financial expertise; geography; experience as a director of a public company; gender and ethnic diversity on the Board; and general criteria such as ethical standards, independent thought, practical wisdom and mature judgment. The Board will consider these criteria for nominees identified by the Nominating Committee, by stockholders, or through some other source.

These general criteria are subject to modification and the Board shall be able, in the exercise of its discretion, to deviate from these general criteria from time to time, as the Board may deem appropriate or as required by applicable laws and regulations.

STOCKHOLDER NOMINEES. The Nominating Committee will consider qualified candidates for possible nomination that are submitted by the Company's stockholders. Stockholders wishing to make such a submission may do so by sending the following information to the Board c/o Chief Executive Officer at 225 Belleville Avenue, Bloomfield, New Jersey 07003 within the timeframe described under the caption, "Stockholder Proposals" below.

- o Name, age and contact information of the candidate;
- o A brief biographical sketch and resume;
- o Written consent evidencing the candidate's willingness to be named in the proxy and to serve as a director if elected;
- o A description of all arrangements or understandings between the stockholder and the candidate and any other person relating to the candidate;
- o A signed statement as to the submitting stockholder's current status as a stockholder and the number of shares currently held; and
- o All other information about the candidate that would be required to be included in the proxy statement soliciting proxies for the election of directors under the rules promulgated under the Exchange Act.

PROCESS FOR IDENTIFYING AND EVALUATING NOMINEES. The Nominating Committee believes Alfacell is well-served by its current directors. In the ordinary course, absent special circumstances or a material change in the criteria for Board membership, the Nominating Committee will recommend to the Board that they renominate incumbent directors who continue to be qualified for Board service and are willing to continue as directors. If an incumbent director is not standing for re-election, or if a vacancy on the Board occurs between annual stockholder meetings, the Nominating Committee will seek out potential candidates for Board appointment who meet the criteria for selection as a nominee and have the specific qualities or skills being sought. The Nominating Committee will conduct a process of making a preliminary assessment of each proposed nominee based upon the resume and biographical information, an indication of the individual's willingness to serve and other background information. This information is evaluated against the criteria set forth above and the Company's specific needs at that time. Based upon a preliminary assessment of the candidate(s), those who appear best suited to meet the Company's needs may be invited to participate in a series of interviews, which are used as a further means of evaluating potential candidates. On the basis of information learned during this process, the Nominating Committee will determine which nominee(s) to recommend to the Board for inclusion as the slate of candidates that the Board recommends for election at each annual meeting of the Company's stockholders.

The Board uses the same process for evaluating all nominees, regardless of the original source of the nomination.

Board recommendation and stockholder vote required

The Board of Directors recommends a vote FOR the election of each of the nominees named above. (Proposal No. 1 on the proxy card). The affirmative vote of a plurality of the votes represented in person or by proxy and entitled to vote, cast at the meeting is required for the election of directors.

How often did the Board meet during 2006?

Edgar Filing: ALFACELL CORP - Form DEF 14A

The Board of Directors met eight times during the 2006 fiscal year. Each director attended at least 75% of the total number of meetings of the Board and committees on which he or she served.

Which directors are "independent"?

The Board of Directors has determined that the following directors are "independent" under the current Nasdaq rules: John P. Brancaccio, Stephen K. Carter, M.D., Donald R. Conklin, James J. Loughlin and Paul M. Weiss, Ph.D.

How are directors compensated?

Each member of the Board who is not an employee of Alfacell receives \$10,000 per annum in consideration of the member's serving on the Board, payable in four equal quarterly installments. Each Board member who was not an employee of Alfacell also received \$1,000 for each Board meeting attended in person, \$500 for each Board meeting attended telephonically and reimbursement for travel and related expenses incurred in connection with attendance at meetings. Under our director compensation policies, directors who also serve as executive officers do not receive compensation for their service on our board of directors.

In May 1997 and in December 1997, the Board of Directors and the stockholders, respectively, approved our 1997 Stock Option Plan, which, among other things, provides for automatic grants of options under a formula to non-employee directors which are independent directors for purposes of this plan on an annual basis. The formula provides that (i) on each December 31st each independent director automatically receives an option to purchase 15,000 shares of our Common Stock, or the regular grant; and (ii) on the date of each independent director's initial election to the Board of Directors, the newly elected independent director automatically receives an option to purchase the independent director's pro rata share of the regular grant which equals the product of 1,250 multiplied by the number of whole months remaining in the calendar year, or the pro rata grant. Each option granted pursuant to a regular grant and a pro rata grant vests and becomes exercisable on December 30th following the date of grant. An option will not become exercisable as to any shares unless the independent director has served continuously on the Board during the year preceding the date on which such options are scheduled to vest and become exercisable, or from the date the independent director joined the Board until the date on which the options are scheduled to vest and

11

become exercisable. However, if an independent director does not fulfill such continuous service requirement due to the independent director's death or disability all options held by the independent director nonetheless vest and become exercisable as described herein. An option granted pursuant to the formula remains exercisable for a period of five years after the date the option first becomes exercisable. The per share exercise price of an option granted under the formula is equal to the closing price of our Common Stock on the date of grant.

In addition to the regular option grants awarded to each of the independent or non-employee directors of the Company during the fiscal year ended July 31, 2006, the non-employee directors were awarded a discretionary grant pursuant to the 1997 Stock Option Plan. Pursuant to the discretionary grants, each non-employee director was granted an option to purchase 5,000 shares of our Common Stock. The exercise price and vesting schedules for the regular and discretionary grants are set forth in the table titled "Directors' Stock Options" below.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

During the fiscal year ended July 31, 2006, the members of the Board of Directors who served on the Compensation Committee were Messrs. Brancaccio, Conklin and Weiss. All such directors are independent directors and have never been officers of Alfacell. During the fiscal year ended July 31, 2006, no executive officer of Alfacell served on the Compensation Committee or Board of Directors of any other entity which had any executive officer who also served on the Compensation Committee or Board of Directors of Alfacell.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The Compensation Committee has overall responsibility for evaluating and approving the Company's executive officer compensation plans, policies and programs, including compensation of the Chief Executive Officer. During the fiscal year ended July 31, 2006 the Compensation Committee consisted of three independent directors. Our compensation program, both for our executive officers as well as for all employees, is based on the philosophy that the interests of our employees should be closely aligned with those of our stockholders. As with many other biotechnology companies, Alfacell's current level of development and the highly volatile nature of biotechnology stocks in general makes executive compensation, which is normally based on sales and earnings goals, or strictly based on stock performance, impracticable. In determining compensation, the Compensation Committee generally reviews the progress made by the individual officer in attaining his or her individual goals and the progress made by the Company in its drug development programs. In addition, the Compensation Committee keeps the Company's stock performance in mind when making compensation decisions. Finally, the Compensation Committee generally reviews and takes into account competitive factors regarding compensation. Our compensation program is based on the following principles:

- o Compensation opportunities should attract the best talent, motivate individuals to perform at their highest levels, reward outstanding achievement, and retain the leadership and skills necessary for building long-term stockholder value;
- o A bonus potential which is tied directly to operating objectives; and
- o A long-term incentive award generally in the form of stock option grants to increase ownership in the Company and encourage executives to manage from the perspective of owners of the Company.

Chief Executive Officer's Compensation

The compensation paid in the fiscal year ended July 31, 2006, to the Company's Chief Executive Officer and the other executive officer named in the Summary Compensation Table above consisted of base salary and stock options. The compensation level for each of these executives in the fiscal year ended July 31, 2006, was based on the Compensation Committee's evaluation of a number of factors, including the executive's position and responsibilities, service and accomplishments and present and expected future value to the Company.

This report is respectfully submitted by the members of the Compensation

On July 7, 2006, our board of directors unanimously approved the amendment of outstanding warrants to purchase 110,000 shares of our common stock at a purchase price of \$1.50 per share held by Kuslima Shogen, our CEO, extending the expiration date of the warrants from July 7, 2006 to July 14, 2006, resulting in the expiration of the original warrants and the deemed grant of replacement warrants.

On July 19, 2006, we completed a private placement pursuant to which we issued an aggregate of 6,457,172 shares of our restricted common stock to certain accredited investors for a per share purchase price of \$1.75 or an aggregate purchase price of approximately \$11.3 million. The investors also received warrants to purchase up to an additional 6,457,172 shares of our common stock. Knoll Capital Fund II Master Fund, Ltd. and Europa International, Inc. ("Europa"), which are part of a group of shareholders including Fred Knoll and Knoll Capital Management (the "Knoll Group") which beneficially owns greater than 5% of our capital stock, each purchased 214,286 shares of our common stock, and warrants to purchase 214,286 shares of our common stock in the private placement at the same price and on the same terms as the other investors in the private placement. The securities sold in the financing were subsequently registered on a Form S-3 in accordance with the terms of a registration rights agreement between the Company and the investors.

Concurrent with the closing of the financing described above, we agreed to amend a warrant held by Knoll Capital Fund II (an affiliate of the Knoll Group) to purchase 592,500 shares of our common stock and a warrant held by Europa to purchase 592,500 shares of our common stock (collectively, the "Knoll Warrants"). The Knoll Warrants were amended to reduce the exercise price to \$2.88 per share and to restrict the exercisability of the warrants so that they will not be exercisable until January 19, 2007. Otherwise, the terms of the Knoll Warrants remained unchanged.

ANNUAL REPORT

Alfacell's 2006 Annual Report on Form 10-K for the fiscal year ended July 31, 2006, including audited financial statements, filed with the Securities and Exchange Commission on October 16, 2006, accompanies this proxy statement.

STOCKHOLDERS' PROPOSALS

It is anticipated that Alfacell's fiscal year 2007 Annual Meeting of Stockholders will be held on or about January 31, 2008. In order for a stockholder to have a proposal included in the proxy statement for the fiscal year 2007 annual stockholders' meeting, the proposal must comply with both the procedures identified by Rule 14a-8 under the Securities Exchange Act, and be received in writing by Alfacell's Secretary on or before 5:00 P.M. Eastern Standard Time on August 24, 2007. Such a proposal will be considered at the fiscal year 2007 annual stockholders' meeting.

In the event a stockholder does not meet the August 24, 2007 deadline, the stockholder can still give notice of a proposal to be presented at the fiscal year 2007 annual stockholders' meeting until November 7, 2007, however, such proposal will not be included in the proxy materials relating to such meeting. Such a proposal will be considered timely within Rule 14a-4(c) and may be considered at the fiscal year 2007 annual stockholders' meeting if it complies with Rule 14a-8.

Any proposal received after November 7, 2007 will be considered untimely within 14a-4(c) of the Exchange Act and the persons named in the proxy for such meeting may exercise their discretionary voting power with respect to such proposal.

The expenses of preparing and mailing this proxy statement and the accompanying proxy card and the cost of solicitation of proxies, if any, will be borne by Alfacell. In addition to the use of mailings, proxies may be solicited by personal interview, telephone and telegraph, and by directors, officers and regular employees of Alfacell without special compensation therefore. Alfacell expects to reimburse banks, brokers and other persons for their reasonable out-of-pocket expenses in handling proxy materials for beneficial owners of Alfacell's Common Stock.

Unless contrary instructions are indicated on the proxy card, all shares of Common Stock represented by valid proxies received pursuant to this solicitation (and not revoked before they are voted) will be voted FOR all of the proposals described in this proxy statement.
