ITEM 4.02 NON-RELIANCE ON PREVIOUSLY ISSUED FINANCIAL STATEMENTS OR A RELATED AUDIT REPORT OR COMPLETE INTERIM REVIEW.

On March 6, 2007, the Board of Directors of Patron Systems, Inc. (the "Company") determined that certain amounts reported in its unaudited condensed consolidated interim financial statements for the quarters ended March 31, 2006, and June 30, 2006, and for the six months ended June 30, 2006 and nine months ended September 30, 2006 needed to be restated as described below.

While performing their audit of the Company's financial statements for the year ended December 31, 2006, Marcum & Kliegman LLP ("M&K"), the Company's independent registered public accounting firm, discovered that there may be errors in the accounting for certain transactions occurring during the quarter ended March 31, 2006 and the quarter ended June 30, 2006. M&K informed the Company's management of the possible misstatements. Upon review of these transactions the Company's management discovered that the accounting for these transactions resulted in a \$2,408,250 overstatement of its loss for the quarterly period ended March 31, 2006 and a \$593,765 overstatement of its loss for the quarterly period ended June 30, 2006, which also resulted in an overstatement of the year to date losses in the six and nine month periods ended June 30, 2006 and September 30, 2006, respectively. Specifically, the Company recorded for the three months ended March 31, 2006, 1) a net loss of \$858,213 on the settlement of various liabilities under its creditor and claimant liabilities restructuring program when it should have recorded a net gain of approximately \$906,987, 2) excess non-cash interest of \$358,000 with respect to a conversion option that became effective under two of its Interim Bridge Financing III notes and 3) charged, as interest expense, a \$285,050 fee paid to the placement agent in its Series A Preferred stock financing transaction that should have been recorded as a reduction of the offering proceeds. For the three months ended June 30, 2006, the company recorded a net gain of \$371,616 on the settlement of various liabilities under its creditor and claimant liabilities restructuring program when it should have recorded a net gain of approximately \$965,381. The nature of the adjustments required in the creditor and claimant liabilities restructuring in the quarters ended March 31, 2006 and June 30, 2006, relate to an overvaluation of the Series A-1 preferred shares issued in the exchange offer offset by gains on the extinguishment of liabilities that originated in connection with obligations to issue or repurchase stock.

The effect of the restatement on the Company's previously issued unaudited condensed consolidated interim financial statements is as follows:
