NOTICE OF 2019 ANNUAL MEETING OF STOCKHOLDERS
AND PROXY STATEMENT

Wednesday, May 1, 2019

The 2019 Annual Meeting of Stockholders of Selective Insurance Group, Inc. (“Selective”) will be held on Wednesday, May 1, 2019, at 8:30 AM Eastern Time in the auditorium at Selective’s principal offices located at, and having the mailing address of, 40 Wantage Avenue, Branchville, New Jersey 07890.

At the meeting, we will ask stockholders to:

1. Elect 14 directors named in the attached Proxy Statement for a one-year term expiring in 2020;
2. Approve, on an advisory basis, the 2018 compensation of Selective’s named executive officers; and
3. Ratify the appointment of KPMG LLP as Selective’s independent registered public accounting firm for the fiscal year ending December 31, 2019.

We plan a brief business meeting focused on these items, and we will attend to any other business properly brought before the meeting and at any adjournments or postponements of the meeting. After the meeting, we will offer time for your comments and questions. Enclosed for your review in anticipation of the meeting is Selective’s 2018 Annual Report to Stockholders.

The Board of Directors recommends that you vote: (i) “FOR” all of the nominees to the Board of Directors in Proposal 1; and (ii) “FOR” Proposals 2 and 3. These proposals are further described in the Proxy Statement.

Selective stockholders of record at the close of business on Thursday, March 7, 2019, are entitled to notice of, and the right to vote at, the meeting and any adjournment or postponement of it. A quorum is a majority of outstanding shares in attendance or represented by proxy. **YOUR VOTE IS IMPORTANT.** VOTE YOUR SHARES BY: (I) CALLING THE TOLL-FREE TELEPHONE NUMBER LISTED ON THE PROXY CARD; (II) ACCESSING THE INTERNET WEBSITE LISTED ON THE PROXY CARD; OR (III) COMPLETING, DATING, AND SIGNING THE PROXY CARD AND RETURNING IT IN THE ENCLOSED ENVELOPE. YOU MAY REVOKE YOUR PROXY AT ANY TIME BEFORE THE TIME IT IS VOTED AT THE 2019 ANNUAL MEETING THROUGH THE PROCESSES DESCRIBED IN THE PROXY STATEMENT. IF YOU HOLD SHARES THROUGH A BROKER OR OTHER CUSTODIAN, PLEASE SEE THE VOTING INSTRUCTIONS PROVIDED TO YOU BY THAT BROKER OR CUSTODIAN.

Very truly yours,

Gregory E. Murphy
Chairman of the Board and Chief Executive Officer

By Order of the Board of Directors:

Robyn P. Turner
Corporate Secretary

PROXY STATEMENT

FOR THE 2019 ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD WEDNESDAY, MAY 1, 2019

GENERAL INFORMATION ABOUT SELECTIVE'S ANNUAL MEETING

WHEN AND WHERE IS THE ANNUAL MEETING?

The 2019 Annual Meeting of Stockholders (the "Annual Meeting") of Selective Insurance Group, Inc. ("Selective" or "we") will be held on Wednesday, May 1, 2019, at 8:30 AM Eastern Time in the auditorium at Selective's principal offices at 40 Wantage Avenue, Branchville, New Jersey 07890. Directions to the Annual Meeting are on the back of this Proxy Statement. Our telephone number is (973) 948-3000.

WHEN IS THIS PROXY STATEMENT BEING MAILED?

This Proxy Statement and proxy card are first being mailed or given to Selective stockholders on March 25, 2019.

WHO IS ENTITLED TO VOTE AT THE ANNUAL MEETING?

Anyone who owned Selective common stock as of the close of business on March 7, 2019, is entitled to one vote per share owned. There were 59,222,847 shares outstanding at the close of business on that date.

WHO IS SOLICITING MY PROXY TO VOTE MY SHARES AND WHEN?

Selective's Board of Directors ("Board of Directors" or the "Board") is soliciting your proxy, meaning your authorization for our named proxies, Thomas A. McCarthy and Michael J. Morrissey, to vote your shares.

Unless revoked by you, your proxy will be effective for the Annual Meeting and for any adjournments or postponements of that meeting.

WHAT IS THE COST OF SOLICITING PROXIES AND WHO IS PAYING FOR THE COST?

Selective is bearing the entire cost of soliciting proxies. Proxies will be solicited principally through the mail, but they also may be solicited personally or in writing, by telephone, e-mail, facsimile, or otherwise by Selective directors or officers, or employees of a Selective subsidiary, who will receive no additional compensation. Selective has engaged Innisfree M&A Incorporated, a proxy solicitation firm, to assist in the solicitation of proxies and the distribution of proxy materials. Innisfree M&A Incorporated will provide such services for an estimated fee of approximately \$15,000, plus expenses. Selective will reimburse banks, brokerage firms, and other custodians, nominees, and fiduciaries for reasonable expenses incurred by them in sending proxy materials to their customers or principals who are the beneficial owners of shares of Selective common stock.

WHAT ARE THE REQUIREMENTS FOR BUSINESS TO BE CONDUCTED AT THE ANNUAL MEETING?

For business to be conducted at the Annual Meeting, owners of 29,611,425 shares of Selective common stock (a majority of the issued and outstanding shares entitled to vote), constituting a quorum, must be in attendance or represented by proxy. Our common stock is our only class of voting securities.

PROPOSALS FOR STOCKHOLDER VOTE AND APPROVAL REQUIREMENTS

Management is presenting three proposals for a stockholder vote.

PROPOSAL 1. ELECTION OF DIRECTORS

THE BOARD IS SUBJECT TO ANNUAL ELECTION BY THE STOCKHOLDERS. THE BOARD RECOMMENDS THAT YOU VOTE “**FOR**” THE FOLLOWING 14 NOMINATED DIRECTORS FOR A TERM OF ONE YEAR:

§ JOHN C. BURVILLE	§ GREGORY E. MURPHY
§ TERRENCE W. CAVANAUGH	§ CYNTHIA S. NICHOLSON
§ ROBERT KELLY DOHERTY	§ RONALD L. O’KELLEY
§ JOHN J. MARCHIONI	§ WILLIAM M. RUE
§ THOMAS A. MCCARTHY	§ JOHN S. SCHEID
§ H. ELIZABETH MITCHELL	§ J. BRIAN THEBAULT
§ MICHAEL J. MORRISSEY	§ PHILIP H. URBAN

You can find information about these nominees, Selective’s Board of Directors, its committees, and other related matters in the section entitled, “Information about Proposal 1” of this Proxy Statement.

New Jersey law and Selective’s By-Laws govern the vote on Proposal 1, on which you may:

§ Vote “**FOR**” all of the nominees;

§ Vote “**AGAINST**” all of the nominees;

§ Vote “**FOR**” or “**AGAINST**” specific nominees; or

§ Abstain from voting from all or specific nominees.

Under our By-Laws and assuming a quorum is present, a director nominee in an uncontested election must be elected by a majority of votes cast. A majority exists when the number of votes cast “for” a director nominee exceeds the

number of votes cast “against” the director nominee. A director nominee who fails to receive a majority of votes cast in an uncontested election is required to tender his or her resignation from the Board of Directors within five days following the certification of the election results. In that event: (i) the Corporate Governance and Nominating Committee must recommend to the Board of Directors whether it should accept the resignation; and (ii) the Board of Directors must decide whether to accept the resignation and disclose its decision-making process.

Stockholders may not cumulate their votes. Abstentions and broker non-votes (shares held by a broker, bank, or other nominee that does not have authority, either express or discretionary, to vote on a particular matter) will not be taken into account in determining the outcome of the vote consistent with New Jersey law and the proxy rules of the United States Securities and Exchange Commission (“SEC”).

PROPOSAL 2. APPROVAL, ON AN ADVISORY BASIS, OF THE 2018 COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS

THE BOARD RECOMMENDS THAT YOU VOTE “**FOR**” THE APPROVAL, ON AN ADVISORY BASIS, OF THE 2018 COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS DISCLOSED IN THIS PROXY STATEMENT.

You can find information about the compensation of our named executive officers in the section entitled, “Executive Compensation” and about Proposal 2 in the section entitled, “Information about Proposal 2” of this Proxy Statement.

New Jersey law and Selective’s By-Laws govern the vote on Proposal 2, on which you may:

§ Vote “**FOR**” Proposal 2;

§ Vote “**AGAINST**” Proposal 2; or

§ Abstain from voting.

Assuming a quorum is present, Proposal 2 will pass if approved by an affirmative vote of a majority of the votes cast at the Annual Meeting. Abstentions and broker non-votes will not be taken into account in determining whether the proposal has received the requisite number of affirmative votes consistent with New Jersey law and the SEC’s proxy rules.

PROPOSAL 3. RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

THE BOARD RECOMMENDS THAT YOU VOTE “**FOR**” THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2019.

You can find information about Selective’s relationship with KPMG LLP in the section entitled, “Information about Proposal 3” of this Proxy Statement.

New Jersey law and Selective’s By-Laws govern the vote on Proposal 3, on which you may:

§ Vote “**FOR**” Proposal 3;

§ Vote “**AGAINST**” Proposal 3; or

§ Abstain from voting.

Assuming a quorum is present, Proposal 3 will pass if it receives an affirmative vote of a majority of the votes cast at the Annual Meeting. Abstentions will not be taken into account in determining whether the proposal has received the requisite number of affirmative votes consistent with New Jersey law and the SEC’s proxy rules.

OTHER MATTERS TO COME BEFORE THE ANNUAL MEETING

The Board of Directors is unaware of any other business to be presented for a vote at the Annual Meeting. If any other matters are properly presented for a vote, the individuals named as proxies will have discretionary authority to vote on such matters according to their best judgment to the extent permitted by applicable law and Nasdaq Stock Market (“Nasdaq”) and SEC rules and regulations.

The Chairman of the Annual Meeting may refuse to allow the presentation of a proposal or nominee for the Board of Directors if the proposal or nominee is not properly submitted. The requirements for submitting proposals and nominations for this year’s Annual Meeting are detailed in Selective’s By-Laws.

CAUTIONARY STATEMENTS REGARDING FORWARD-LOOKING INFORMATION

This Proxy Statement contains forward-looking statements within the meaning of federal securities laws.

Forward-looking statements may be identified by words like “anticipate,” “expect,” “project,” “believe,” “plan,” “may,” “estimate,” “intend,” and other similar words. These forward-looking statements are based on our beliefs, assumptions, and estimates using information available to us at the time and are not intended to be guarantees of future events or performance. Factors that may cause actual results to differ materially from those contemplated by the statements in this Proxy Statement can be found in our most recent Annual Report on Form 10-K filed with the SEC and in the Quarterly Reports on Form 10-Q we have filed or will file with the SEC hereafter under the headings “Risk Factors” and “Forward-Looking Statements.”

You are cautioned not to place undue reliance on any of our forward-looking statements. We disclaim any intention or obligation to publicly update or revise any forward-looking statements, except as required by law. This cautionary statement applies to all forward-looking statements contained in this document.

VOTING AND PROXY PROCEDURE

HOW DO I VOTE?

You can vote four ways:

1. **BY MAIL** (MUST BE RECEIVED BEFORE ANNUAL MEETING):

§ Mark your voting instructions on your proxy card;

§ Sign your name exactly as it appears on your proxy card;

§ Date your proxy card; and

§ Mail your proxy card to us in the provided postage-paid envelope.

Timing is important, so please mail your proxy card promptly. We must receive it before the beginning of the Annual Meeting. If you do not give voting instructions on your signed and mailed proxy card, the named proxies will vote your shares FOR each of the director nominees, and FOR Proposals 2 and 3. If any other matters requiring a vote arise during the meeting, the named proxies will exercise their discretion using their best judgment to the extent permitted by applicable law and Nasdaq and SEC rules and regulations.

2. BY TELEPHONE (MAY BE DONE AT ANY TIME UNTIL TUESDAY, APRIL 30, 2019 AT 11:59 PM EASTERN TIME):

§ Call the toll-free number on your proxy card; and

§ Follow the instructions on your proxy card and the voice prompts.

§ IF YOU VOTE BY TELEPHONE, YOU DO NOT NEED TO RETURN YOUR PROXY CARD.

3. BY INTERNET (MAY BE DONE AT ANY TIME UNTIL TUESDAY, APRIL 30, 2019 AT 11:59 PM EASTERN TIME):

§ Go to the website listed on your proxy card; and

§ Follow the instructions on your proxy card and the website.

§ IF YOU VOTE BY INTERNET, YOU DO NOT NEED TO RETURN YOUR PROXY CARD.

4. IN PERSON (MAY ONLY BE DONE ON WEDNESDAY, MAY 1, 2019, AT THE ANNUAL MEETING):

§ Attend the Annual Meeting, or send a personal representative with an appropriate proxy, to vote.

HOW DO I REVOKE MY PROXY OR CHANGE MY VOTING INSTRUCTIONS?

You may revoke your proxy at any time before the proxy is exercised at the Annual Meeting by:

Writing to Selective's Corporate Secretary, Robyn P. Turner, at 40 Wantage Avenue, Branchville, New Jersey 07890
§ (such revocation must be received prior to the Annual Meeting);

Submitting a new vote by telephone, via the Internet, or by returning a properly executed new proxy card bearing a later date. Any subsequent timely and valid vote by any voting method will change your prior vote. For example, if § you voted by telephone, a subsequent Internet vote will change your vote. The vote counted will be the last vote received before 11:59 PM Eastern Time on Tuesday, April 30, 2019 – unless you change your vote by voting in person at the Annual Meeting; and

§ Voting in person at the Annual Meeting.

HOW WILL PROXIES BE VOTED IF I GIVE MY AUTHORIZATION?

If you: (i) properly execute your proxy card and return it to Selective; or (ii) submit your proxy by telephone or via the Internet, and do not subsequently revoke your proxy, your shares of common stock will be voted at the Annual Meeting according to your instructions.

In the absence of voting instructions, the named proxies will vote your shares FOR each of the director nominees and FOR Proposals 2 and 3. If other matters properly come before the Annual Meeting, the named proxies will vote on such matters using their best judgment to the extent permitted by applicable law and Nasdaq and SEC rules and regulations.

WHAT IF MY SHARES ARE NOT REGISTERED IN MY NAME?

If you are a beneficial owner of our stock, meaning that the Selective stock you own is held in the name of a bank, broker, or other nominee (commonly referred to as holding shares in "street name"), you should have received access to these proxy materials from your bank, broker, or other nominee by mail or e-mail with information on how to submit your voting instructions. Unless you provide voting instructions to your bank, broker, or other nominee, your shares will not be voted on the election of directors (Proposal 1); and the advisory (non-binding) vote on the 2018 compensation of Selective's named executive officers (Proposal 2). In contrast, brokers may, at their discretion, vote

uninstructed shares on the ratification of the appointment of our independent registered public accounting firm (Proposal 3), which is a “routine” proposal. Broker non-votes count toward a quorum, but otherwise do not affect the outcome of any proposal.

HOW WILL VOTES BE COUNTED?

The inspectors of election appointed for the Annual Meeting by the Board of Directors will separately tabulate affirmative and negative votes, abstentions, and broker non-votes. Shares represented by proxies that reflect abstentions and broker non-votes are counted for determining whether there is a quorum.

For Proposal 1, abstentions and broker non-votes will not be considered in determining whether director nominees have received more “for” votes than “against” votes. Approval of Proposal 2 requires the affirmative vote of a majority of votes cast at the Annual Meeting. Abstentions and broker non-votes do not affect Proposal 2. Approval of Proposal 3 requires the affirmative vote of a majority of votes cast at the Annual Meeting. Abstentions do not affect Proposal 3.

IMPORTANT NOTICE REGARDING AVAILABILITY OF PROXY MATERIALS FOR THE ANNUAL MEETING OF STOCKHOLDERS TO BE HELD ON WEDNESDAY, MAY 1, 2019

This Proxy Statement and our 2018 Annual Report to Stockholders are available on Selective’s Internet website at www.Selective.com.

INFORMATION ABOUT PROPOSAL 1

Election of Directors

Under our By-Laws, directors in uncontested elections must be elected by a majority of votes cast. A majority exists when the number of votes cast “for” a director nominee exceeds the number of votes cast “against” that nominee. For more information on our majority voting policy, please see the section entitled, “Corporate Governance – Majority Voting for Directors in Uncontested Elections” of this Proxy Statement.

All directors stand for election for a one-year term. In all cases, each director will hold office until a successor has been elected and qualified, or until the director’s earlier resignation or removal.

The Board of Directors currently has 14 members. Under Selective’s Amended and Restated Certificate of Incorporation and By-Laws, Selective may have a minimum of seven and a maximum of 20 directors. By majority vote, the Board of Directors may set the number of directors within this range at any time.

Process for Review and Nomination of Director Candidates

The Corporate Governance and Nominating Committee is responsible for the review and nomination of candidates to the Board of Directors. The Corporate Governance and Nominating Committee reviews all director candidates for possible nomination and election to the Board and seeks such candidates from any source, including:

§ Directors and management;

§ Third-party search firms that the Corporate Governance and Nominating Committee may engage from time to time for a fee to identify and assess candidates; and

§ Stockholders.

Any stockholder proposing one or more Board candidates must submit in writing all applicable information required by Regulation 14A under the Securities Exchange Act of 1934, as amended (the “Exchange Act”), and the Company’s By-Laws to the Chairperson of the Corporate Governance and Nominating Committee, c/o Corporate Secretary,

Selective Insurance Group, Inc., 40 Wantage Avenue, Branchville, New Jersey 07890.

The Corporate Governance and Nominating Committee evaluates all candidates, including those recommended by stockholders, based on, among other things, the following standards:

§ Personal and professional ethics, integrity, character, and values;

§ Professional and personal experience;

§ Business judgment;

§ Skills and expertise;

§ Industry knowledge;

§ Independence and avoidance or limitation of potential or actual conflicts of interest;

§ Dedication and commitment to representing the long-term interests of Selective and its stockholders;

§ Willingness to dedicate and devote sufficient time to Board duties and activities;

§ Other appropriate and relevant factors, including the qualifications and skills of the current members of the Board;
and

§ Diversity.

Although Selective has no formal diversity policy, our Corporate Governance Guidelines provide that the composition of the Board should encompass a broad range of skills, expertise, industry knowledge, and diversity of opinion. Accordingly, diversity of thought, experience, gender, race, and ethnic background are greatly considered in the director evaluation process.

Director Nominees

No family relationships exist between any of Selective's current directors, executive officers, and persons nominated by Selective to become a director.

The Board ratified the Corporate Governance and Nominating Committee's nomination of the 14 directors listed below to stand for election at the 2019 Annual Meeting for terms expiring at the 2020 Annual Meeting or until a successor has been duly elected and qualified. Paul D. Bauer will be retiring at the 2019 Annual Meeting.

All 14 nominees have consented to be named in this Proxy Statement and to serve if elected. The Board does not know any reason why any nominee would decline or be unable to serve if elected. If a nominee becomes unavailable or unable to serve before the Annual Meeting, the Board can reduce its size or designate a substitute nominee. If the Board designates a substitute nominee, proxies that would have been cast for the original nominee will be cast for the substitute nominee unless contrary instructions are given.

TRANSACTIONS WITH RELATED PERSONS

Director William M. Rue is Chairman, and owns more than 10%, of the equity of Rue Insurance, an independent insurance agency that has been appointed to do business on behalf of Selective's insurance subsidiaries since 1928. Mr.

Rue has two children who are employed by Rue Insurance: a daughter; and a son, who also serves as president of the agency and owns more than 10% of the equity of Rue Insurance. The appointment of Rue Insurance as an independent agent was made on similar terms and conditions as other agents of Selective's insurance subsidiaries and includes the right to: (i) receive commissions for policies placed; and (ii) participate in the Amended and Restated Selective Insurance Group, Inc. Stock Purchase Plan for Independent Insurance Agencies (2010), Amended and Restated as of February 1, 2017.

In 2018, Rue Insurance placed insurance policies for its customers and itself with Selective's insurance subsidiaries and earned \$2.1 million of commissions on direct premiums written of \$10.1 million. Selective expects the relationship with Rue Insurance will continue in 2019. All contracts and transactions with Rue Insurance were consummated in the ordinary course of business on an arm's-length basis. For additional information regarding Mr. Rue, see the section entitled, "Information about Proposal 1 – Director Nominees" of this Proxy Statement.

In 2005, we established a private foundation, now named The Selective Insurance Group Foundation (the "Foundation"), under Section 501(c)(3) of the Internal Revenue Code of 1986, as amended (the "Code"). The Board of Directors of the Foundation is comprised of some of the officers of the Company and its insurance subsidiaries. We made \$0.5 million of contributions to the Foundation in 2018.

BlackRock, a leading publicly traded investment management firm, has purchased our common shares in the ordinary course of its investment business and has previously filed Schedules 13G/A with the SEC. On January 31, 2019, BlackRock filed a Schedule 13G/A reporting beneficial ownership as of December 31, 2018, of 14.2% of our common stock. In connection with purchasing our common shares, BlackRock filed the necessary filings with insurance regulatory authorities. On the basis of those filings, BlackRock is deemed not to be a controlling person for the purposes of applicable insurance law.

We are required to disclose related party information for our transactions with BlackRock. BlackRock is highly regulated, serves its clients as a fiduciary, and has a diverse platform of active (alpha) and index (beta) investment strategies across asset classes that enables it to tailor investment outcomes and asset allocation solutions for clients.

BlackRock also offers the BlackRock Solutions® investment and risk management technology platform, Aladdin®, risk analytics, advisory, and technology services and solutions to a broad base of institutional and wealth management investors. We incurred expenses related to BlackRock for services rendered of \$2.0 million in 2018. Amounts payable for such services at December 31, 2018 were \$1.0 million.

As part of our overall investment diversification, we invest in various BlackRock funds from time to time. The market value of these investments was \$0.8 million at December 31, 2018. There were no material transactions related to these holdings in 2018. There were no amounts payable on the settlement of these investment transactions at December 31, 2018.

Our pension plan contained investments in BlackRock funds of \$131.9 million at December 31, 2018. We recorded a net investment loss on these funds of \$9.3 million in 2018. In addition, our employee deferred compensation plan and defined contribution plan may offer our employees the option to invest in various BlackRock funds. All contracts and transactions with BlackRock were consummated in the ordinary course of business on an arm's-length basis.

Vanguard, one of the world's largest investment management companies, offers low cost mutual funds and exchange-traded funds ("ETFs"), as well as other investment related services. On January 10, 2019, Vanguard filed a Schedule 13G/A reporting beneficial ownership as of December 31, 2018, of 10.1% of our common stock. In connection with purchasing our common shares, Vanguard filed the necessary filings with insurance regulatory authorities. On the basis of those filings, we do not expect Vanguard to be deemed a controlling person for the purposes of applicable insurance law.

We are required to disclose related party information for our transactions with Vanguard. As part of our overall investment diversification, we may invest in various Vanguard funds from time to time. During 2018, we purchased \$11.5 million in a Vanguard ETF and recorded dividend income of \$0.4 million, with no amounts payable on the settlement of this transaction at December 31, 2018. The market value of this fund in our investment portfolio at December 31, 2018 was \$10.5 million.

Our pension plan contained investments in Vanguard funds in 2018, but no investment in these funds existed at December 31, 2018. We recorded a net investment loss on these funds of \$5.5 million in 2018. In addition, our deferred compensation plan and defined contribution plan may offer our employees the option to invest in various Vanguard funds. All transactions with Vanguard are consummated in the ordinary course of business on an arm's-length basis.

Review, Approval, or Ratification of Transactions with Related Persons

Selective has a written Related Person Transactions Policy and Procedures (the “Related Person Policy”).

The Related Person Policy defines “Related Person Transactions” as any transaction, arrangement, or relationship in which Selective or any of its subsidiaries was, is, or will be a participant and the amount involved exceeds \$20,000, and in which any “Related Person” had, has, or will have a direct or indirect interest. A “Related Person” under the Related Person Policy is generally: (i) any director, executive officer, or nominee to become director of Selective or an immediate family member of such person; (ii) a beneficial owner of more than 5% of Selective’s common stock or an immediate family member of such beneficial owner; and (iii) any firm, corporation, or other entity in which any person included in (i) or (ii) is employed or is a general partner or principal or in a similar position or in which such person has a 5% or greater beneficial ownership interest in Selective’s common stock.

Under the Related Person Policy, the Audit Committee (or Chairperson of the Audit Committee if between meetings) must approve Related Person Transactions. In its review, the Audit Committee considers all available relevant facts and circumstances of the proposed transaction, including: (i) the benefits to Selective; (ii) the impact on a director’s independence; (iii) the availability of other sources for comparable products and services; (iv) the terms of the transaction; and (v) the terms available to unrelated third parties or to employees generally. No Audit Committee member may participate in any review, consideration, or approval of any Related Person Transaction in which such director or any of his or her immediate family members is the Related Person. The Audit Committee

only approves those Related Person Transactions that it considers are in, or not inconsistent with, the best interests of Selective and its stockholders.

Director Independence

The Board of Directors has determined that all directors and nominees for director are independent under Nasdaq and SEC rules and regulations – other than Messrs. Marchioni, Murphy, and Ru¹. In making its determination, the Board considered disclosures made by the directors related to various transactions, relationships, or arrangements involving Selective. Disclosures by the following four directors required analysis:

Terrance W. Cavanaugh: In determining that Mr. Cavanaugh is an independent director, the Board considered that a son of Mr. Cavanaugh is employed as a director and Insurance Company Industry Leader of the FINEX Global division of Willis Towers Watson (“WTW”), an organization with which our insurance subsidiaries and employee benefit plans have commercial relationships, although we have not engaged the services of the division for which Mr. Cavanaugh’s son works.

Mr. Cavanaugh also has a daughter who is employed by Hyatt Hotels Corporation as an Event Management Associate. We have commercial relationships with various Hyatt branded entities. However, the Board has determined that these commercial relationships are not material principally because: (i) the payments made were substantially less than 2% of the consolidated gross revenues of WTW and Hyatt, respectively; and (ii) neither Mr. Cavanaugh’s son nor daughter had any involvement with the transactions with WTW and Hyatt.

As: (i) neither Mr. Cavanaugh nor his son or daughter have any involvement in the above transactions; (ii) nearly the entire scope of our relationships with WTW and Hyatt pre-dates the commencement of Mr. Cavanaugh’s service on our Board; and (iii) the amount of revenue generated for WTW and Hyatt through these arrangements is not material to WTW or Hyatt, the Board determined these arrangements do not affect Mr. Cavanaugh’s independence.

Ronald L. O’Kelley: In determining that Mr. O’Kelley is an independent director, the Board considered that a daughter of Mr. O’Kelley is Vice President for Quality Improvement & Compliance with Liberty Mutual Insurance Company (“Liberty Mutual”), with which one of our insurance subsidiaries had a commercial relationship during 2018. However, the Board has determined that the commercial relationship is not material principally because: (i) the payments made between our subsidiary and Liberty Mutual were substantially less than 2% of the consolidated gross revenues of Liberty Mutual; and (ii) Mr. O’Kelley’s daughter had no involvement with Selective’s insurance program with Liberty Mutual.

Another daughter of Mr. O’Kelley is Managing Director of State Street Global Markets, LLC, a subsidiary of State Street Corporation (“State Street”), with which we have a commercial relationship. However, the Board determined that the commercial relationship is not material principally because: (i) the payments were substantially less than 2% of the consolidated gross revenues of State Street; and (ii) Mr. O’Kelley’s daughter has no involvement with these transactions. Accordingly, the Board determined that these arrangements do not affect Mr. O’Kelley’s independence.

John S. Scheid: In determining that Mr. Scheid is an independent director, the Board considered that we currently provide insurance coverage to the Messmer Catholic Schools (“Messmer”), a charitable organization of which Mr. Scheid has been a director since 2013 and chairman since 2016. We provide insurance coverage to Messmer on terms no more favorable than to other third parties. As: (i) Mr. Scheid has no involvement in the securing of such insurance policy coverage; (ii) his relationship with Messmer pre-dates his membership on our Board; and (iii) our business relationship with Messmer pre-dates Mr. Scheid’s appointment to Selective’s Board, the Board determined that this arrangement does not affect Mr. Scheid’s independence.

¹ For a description of the transactions, relationships, or arrangements related to Mr. Rue, see the section entitled, “Transactions with Related Persons.”

H. Elizabeth Mitchell: In determining that Ms. Mitchell is an independent director, the Board considered that Ms. Mitchell's husband retired in 2018 as Chief Risk and Actuarial Officer of Partner Re, a reinsurance organization with which our insurance subsidiaries have a commercial relationship. As: (i) neither Ms. Mitchell nor her husband have any involvement in the transactions with Partner Re entities; (ii) the transactions with such companies pre-date Ms. Mitchell's service on our Board; and (iii) the amount of revenue involved in such transactions is immaterial to the business of such entities, the Board determined these arrangements do not affect Ms. Mitchell's independence.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires Selective's directors and executive officers, and persons who beneficially own more than 10% of a registered class of Selective's equity securities, to file with the SEC initial reports of beneficial ownership and reports of changes in beneficial ownership of Selective's equity securities. Directors, executive officers, and greater than 10% stockholders are required by SEC regulations to furnish Selective with copies of all Section 16(a) Exchange Act reports they file. Based solely on Selective's review of the provided copies of Forms 3, 4, and 5, or written representations from certain reporting persons that Forms 5 were not required, Selective believes that all directors, executive officers, and greater than 10% beneficial owners timely met all reporting requirements under Section 16(a) for the fiscal year ended December 31, 2018.

CORPORATE GOVERNANCE

Corporate Governance Guidelines

Selective has established Corporate Governance Guidelines that are available for review in the Corporate Governance subsection of the Investors section of Selective's website, www.Selective.com. These guidelines provide for the election of a Lead Independent Director, who supervises meetings of Selective's independent directors that occur at least semi-annually. J. Brian Thebault is presently the Lead Independent Director. In 2018, Selective's independent directors met four times outside the presence of management.

All members of the Audit Committee, the Corporate Governance and Nominating Committee, and the Salary and Employee Benefits Committee are independent directors under Nasdaq and SEC rules and regulations.

Majority Voting for Directors in Uncontested Elections

Selective's Board of Directors has adopted a majority voting policy for uncontested elections of incumbent directors. To be re-elected to the Board, an incumbent director must receive a majority vote by stockholders, unless the Corporate Secretary determines that the number of nominees exceeds the number of directors to be elected. If any incumbent director nominee receives less than a majority of votes cast, the following process must be followed:

§ The incumbent director must tender his or her resignation to the Chairman of the Board within five days following the certification of the election results.

§ Within 45 days after the stockholders' meeting, the Corporate Governance and Nominating Committee will make a recommendation to the Board regarding whether to accept the director's resignation. In determining and making its recommendation to the Board, the committee may consider any factors it deems relevant and a range of possible alternatives concerning the director's tendered resignation.

§ Within 90 days after the stockholders' meeting, the Board of Directors shall formally act on the Corporate Governance and Nominating Committee's recommendation and, within four business days of doing so, shall file with the SEC a Form 8-K in which it discloses its decision, the rationale for its decision, and the process it followed in reaching the decision to accept or reject the director's tendered resignation.

Any incumbent director who fails to receive a majority of votes cast and tenders a resignation may not participate or vote in the deliberations of the Corporate Governance and Nominating Committee or the Board related to his or her resignation. If every member of the Corporate Governance and Nominating Committee fails to receive a majority vote at the same stockholders' meeting, then the independent directors who received a majority vote and any § independent directors who did not stand for re-election must appoint from themselves an ad hoc Board committee to consider the tendered resignations and make a recommendation to the Board whether it should accept them. If fewer than three directors would constitute an ad hoc committee, the entire Board (other than the individual director whose resignation is being considered) will make the determination to accept or reject the director's resignation.

Stock Ownership and Retention Requirements and Hedging

Selective believes that stock ownership by directors and management encourages the enhancement of stockholder value. Selective's stock ownership guidelines, which are based on prevailing corporate governance practices, are included in our Corporate Governance Guidelines, which are available in the Corporate Governance subsection of the Investors section of www.Selective.com.

The following table shows the common stock ownership guidelines for our directors and certain officers. Each director must meet the guidelines within five years of his or her first election to the Board and each officer must meet, or have met, the guidelines on the later of March 31, 2015, or within six years of attaining the specified position:

Position	Requirement
Directors	5 x annual retainer
Chairman and CEO	4 x base salary
Chief Operating Officer	3.5 x base salary
Senior Executive Vice Presidents and Executive Vice Presidents	2.5 x base salary
Senior Vice Presidents or equivalent job grade	1.5 x base salary

In calculating ownership under the guidelines:

Shares of Selective common stock currently owned, awards of restricted stock or restricted stock units (including § related dividend equivalent units) not yet vested, and shares of Selective common stock held in benefit plan investments (i.e., 401(k) plan) are counted;

§ Unexercised stock options are not counted; and

§ Deferred shares of Selective common stock held in accounts of directors are counted.

Officers are required to retain direct ownership of at least 75% of the shares acquired under an equity award granted under any Selective equity compensation plan or other written compensatory arrangements that pays out after July 27, 2011, net of taxes and transaction costs, unless the officer has met his or her applicable stock ownership requirement as set forth above. All of our directors and officers have met, or are on track to meet, the required ownership guidelines.

Selective officers, directors, and employees are prohibited from entering into hedging or monetization transactions, such as zero-cost collars and forward sale contracts, involving Selective common stock. These transactions would allow an officer, director, or employee to hold Selective securities without the full risks and rewards of ownership. When that occurs, the officer, director, or employee may no longer have the same objectives as Selective's other stockholders. For this reason, such hedging or monetization transactions are prohibited.

BOARD MEETINGS AND COMMITTEES

The Board of Directors held five meetings in 2018. All directors attended 75% or more of the aggregate of the meetings of the Board of Directors and their respective committees for the period during which they were directors in 2018. Selective expects all directors to attend the 2019 Annual Meeting. All directors serving on the Board on May 2, 2018 attended the 2018 Annual Meeting.

The Board has five standing committees:

§	Audit Committee;
§	Corporate Governance and Nominating Committee;
§	Salary and Employee Benefits Committee;
§	Executive Committee; and
§	Finance Committee.

The following tables provide information on each of the five committees:

RISK MANAGEMENT

Board Leadership Structure

Our two principal Board leadership positions are: (i) Chairman of the Board; and (ii) Lead Independent Director. The Lead Independent Director position is defined in our Corporate Governance Guidelines and is very similar to the role of an independent, non-executive Chairman. We believe our current Board leadership structure provides effective oversight of management and strong leadership of the independent directors. The Corporate Governance and Nominating Committee also conducts annual self-assessments and evaluates their effectiveness of the Board and its committees.

The Lead Independent Director is responsible for coordinating the activities of the independent directors and performing various other duties. The Lead Independent Director's general authority and responsibilities are as follows:

§ Presiding at all meetings of independent directors, as appropriate, and providing prompt feedback to the Chairman and CEO;

§ Serving as a point of contact for Board members to raise issues that they may not be able to readily address with the Chairman and CEO;

§ Ensuring that matters of importance to the directors are placed on the Board's meeting agendas;

§ Assuring that the Chairman and CEO understands the Board's views on all critical matters;

§ Assuring that the Board understands the Chairman and CEO's views on all critical matters; and

§ Calling executive sessions of the independent directors and serving as chairman of such meetings.

Our Lead Independent Director is J. Brian Thebault, who was appointed in 2017 and has served on our Board since 1996. Our Chairman of the Board since 2000 has been Gregory E. Murphy, our CEO. At this time, we believe there is a benefit to having Mr. Murphy serve as both Chairman of the Board and CEO. As the executive with primary responsibility for managing our day-to-day operations, he is best positioned to chair regular Board meetings and to ensure that key business issues and risks are brought to the attention of our Board or its appropriate committee.

Enterprise Risk Management

As a property and casualty holding company, our insurance subsidiaries are in the business of assuming risk. We categorize our major risks into the following five broad categories:

§ Asset risk, which stems primarily from our investment portfolio and reinsurance recoverables and includes credit and market risk;

§ Underwriting risk, which is the risk that the insured losses are higher than our expectations, including losses from inadequate loss reserves, larger than expected non-catastrophe current accident year losses, and catastrophe losses that exceed our expectations or our reinsurance treaty limits;

§ Liquidity risk, which is the risk we will be unable to meet contractual obligations as they become due because we are unable to liquidate assets or obtain adequate funding without incurring unacceptable losses;

§ Emerging risks, which are new and known but evolving risks that may have a significant impact on our financial strength, reputation, or long-term strategy; and

§ Other risks, including a broad range of operational risks that can be difficult to quantify, such as legal, regulatory, reputational, and strategic risks, as well as the risk of fraud, human failure, and failure of controls and systems, including for example, a rapidly evolving cyber security risk.

Our internal control framework operates with the three lines of defense model:

§ The first line of defense consists of individual functions that deliberately assume risks and own and manage that risk on a day-to-day and business operational basis;

The second line of defense is responsible for risk oversight and also supports the first line to understand and manage § risk. A dedicated risk team led by the Chief Risk Officer is responsible for this second line and reports to the Chief Financial Officer; and

The third line of defense is our Internal Audit team, which provides independent, objective assurance as to the § assessment of the adequacy and effectiveness of our internal control environment. It also coordinates risk-based audits and compliance reviews and other specific initiatives to evaluate and address risk within targeted areas of our business.

We use Enterprise Risk Management (“ERM”) as part of our governance and control process to take an entity-wide view of our major risks and their impact. Our ERM framework is designed to identify, measure, report, and monitor our major risks and develop appropriate responses to support successful execution of our business strategy.

Our Board oversees our ERM process, while the Executive Risk Committee is responsible for the holistic evaluation, management, and supervision of our aggregated risk profile and determination of future risk management actions in support of overall risk appetite. In addition to the Board’s oversight of the ERM process, various committees of the Board oversee risks specific to their areas of supervision and report their activities and findings to the full Board. The Executive Risk Committee uses various management committees for detailed analysis and management of specific major risks. The Executive Risk Committee primarily consists of the Chief Executive Officer, the President and Chief Operating Officer, their direct reports and key operational leaders, each of whom is responsible for management of risk in his or her respective area, and the Chief Risk Officer.

In addition to the various committees and the governance process over the ERM process, we believe that high-quality and effective ERM is best achieved when it is a shared cultural value throughout the organization. We consider ERM to be a key process that is the responsibility of every employee. We have developed and use tools and processes that we believe support a culture of risk management and create a robust framework of ERM within our organization. In addition, our compensation policies and practices, as well as our governance framework, including our Board’s leadership structure, are designed to support our overall risk appetite and strategy. We believe that our ERM processes and practices help us to identify potential events that may affect us, quantify, evaluate and manage the risks to which we are exposed, and provide reasonable assurance regarding the achievement of our objectives.

We rely on quantitative and qualitative tools to identify, prioritize, and manage our major risks including proprietary and third-party computer modeling as well as various other analyses. The Executive Risk Committee meets at least

quarterly and reviews and discusses various aspects and the interrelation of Selective's major risks, including, but not limited to, capital modeling results, capital adequacy, risk metrics, emerging risks, and sensitivity analysis. Consistent with the requirements of state insurance regulators, our insurance subsidiaries annually file their Own Risk and Solvency Assessment report, which is an internal assessment of our insurance subsidiaries' solvency. The Chief Risk Officer develops the report in coordination with members of the Executive Risk Committee, and the report is provided to the Board. The Chief Risk Officer reports on the Executive Risk Committee's activities, analyses, and findings to the Board or the appropriate Board committee, and provides a quarterly update on certain risk metrics.

Compensation Risk Assessment

We do not believe that risks arising from our compensation policies and practices are reasonably likely to have a material adverse effect on our operations or results. To make this determination, we conducted an internal risk assessment of our compensation policies and programs. In performing the risk assessment, we considered that we operate in an industry based almost entirely on managing risk, and we believe that our risk management function is robust. We also analyzed the issues detailed in the proxy disclosure rules and gave close consideration to the following points:

The compensation policies and practices for employees of our reportable segments are similar. Our insurance operations, which sell property and casualty insurance products, are subject to, among other things, risks related to significant competition and extensive losses from catastrophic events and acts of terrorism. Our investment segment, § which invests premiums collected by the insurance operations and proceeds from capital transactions, is subject to, among other things, global economic risks, such as adverse impacts from governmental monetary policies, and risks inherent in the equity and debt markets;

Our compensation policies are consistent with our overall risk structure and we award a significant portion of our § senior officers' compensation on the accomplishment of financial performance goals that are measured over a three-year period; and

In addition to our compensation policies and practices to incentivize our employees to take appropriate levels of risk, we have developed a set of controls and governance processes to manage our risk profile. These include escalation processes based on various levels of individual authorities, a comprehensive set of management and Board § committees that focus on analysis, management, and reporting of specific major risks of the organization, and robust internal audit processes. These controls and governance processes, along with our risk management process, are designed to help us understand and react to changes in our risk profile and effectively manage our risk profile to our risk appetite.

We also considered our overall compensation program, including:

§ The features of our compensation program and whether they align with our compensation philosophy;

The compensation program's multiple financial and strategic measures that balance profitability and growth. Our financial goals are based on a generally accepted accounting principles ("GAAP") combined ratio, which is an § accepted insurance industry standard of profitability, return on equity, statutory net premiums written ("NPW") growth, and statutory operating return on policyholder surplus. Our strategic goals are based on, among other things, pricing, retention, and profitability improvement measures, that are intended to incentivize profitable growth;

§ The maximum potential payments under our compensation plans;

§ The mix of fixed versus variable compensation;

§ The balance between cash and equity compensation;

§ The ratio of compensation based on long-term versus short-term performance metrics; and

§ The timing of equity award grants and vesting.

We also considered that, from time to time, we adjust our compensation programs as risks in our industry and reportable segments change to help ensure that compensation and risk remain appropriately aligned.

² The combined ratio is the property and casualty insurance industry standard measure of underwriting profitability. A combined ratio under 100% indicates that an insurance company is generating an underwriting profit and a combined ratio over 100% indicates that an insurance company is generating an underwriting loss.

Finally, we reviewed our various risk mitigation strategies in the compensation context, including:

§ The stock ownership and retention requirements for management outlined in the section entitled, “Stock Ownership and Retention Requirements and Hedging” of this Proxy Statement;

§ The independent oversight of compensation programs by the Salary and Employee Benefits Committee of the Board, including oversight of goals and performance measures; and

The Board’s role in risk oversight, which includes receiving, analyzing, and making due inquiry about reports from its committees, including the Salary and Employee Benefits Committee, and management’s Executive Risk Committee.

STOCKHOLDER COMMUNICATIONS

Stockholders may send communications to the Board of Directors or individual directors in writing c/o Corporate Secretary, Selective Insurance Group, Inc., 40 Wantage Avenue, Branchville, New Jersey 07890 or by e-mail to corporate.governance@Selective.com. The Board has instructed the Corporate Secretary to use discretion in forwarding unsolicited advertisements, invitations to conferences, or other promotional material.

CODE OF CONDUCT

Selective has adopted a Code of Conduct that provides guiding business ethics principles for all Selective personnel, including executive officers. The Code of Conduct is located in the Corporate Governance subsection of the Investors section of Selective’s website, www.Selective.com. Any material amendment to or waiver from the provisions of the Code of Conduct that applies to Selective’s senior executive officers will be posted to Selective’s website.

EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

EXECUTIVE SUMMARY

This Compensation Discussion and Analysis provides our stockholders information about our 2018 compensation program for the following named executive officers (“NEOs”):

Gregory E. Murphy, Chairman and Chief Executive Officer;

Mark A. Wilcox, Executive Vice President and Chief Financial Officer;

John J. Marchioni, President and Chief Operating Officer; and

Michael H. Lanza, Executive Vice President, General Counsel and Chief Compliance Officer.

Since January 1, 2017, as designated by the Board of Directors, Messrs. Murphy, Wilcox, Marchioni, and Lanza have been Selective’s only “executive officers” under Section 16 of the Exchange Act.

Consideration of 2018 Say-on-Pay Advisory Vote Results

Since our initial say-on-pay proposal in 2011, our stockholders have overwhelmingly supported our compensation decisions. At our 2018 Annual Meeting of Stockholders, our stockholders voted on an advisory basis to approve the compensation of our NEOs, with over 97% of votes cast voting in favor of the proposal. We considered these results and, in light of our stockholders’ indicated support for our compensation decisions, did not make any material changes in our 2018 compensation decisions and policies. We have continued to maintain our emphasis on providing a combination of both short-term and long-term incentive compensation, which we believe rewards our executives for delivering stockholder value.

2018 Corporate Performance Highlights

During 2018, we continued to make excellent progress executing our Strategic Business Plan Framework that focuses on our five strategic imperatives:

- § Create a Highly Engaged Team;
- § Align Resources for Profitable Growth;
- § Deliver a Superior Omni-Channel Experience;
- § Leverage Data and Treat Information as a Valued Corporate Asset; and
- § Optimize Operational Effectiveness and Efficiency.

For 2018, we generated a GAAP return on equity of 10.2% and a non-GAAP operating return on equity^[3] (“ROE”) of 12.5%, which was: (i) above our budgeted projection for the year; and (ii) above Conning, Inc.’s expected 2018 U.S. property and casualty insurance industry GAAP return on equity of 7.2%. We also produced an impressive combined ratio of 95.0%, which compares very favorably to Conning, Inc.’s expected 2018 U.S. property and casualty insurance industry combined ratio of 99.4%.

GAAP COMBINED RATIO

³ Non-GAAP operating return on equity is a non-GAAP financial measure and is calculated as follows:

Operating Return on Equity:

Operating Income from the Performance Period

÷

(Stockholders’ Equity at Beginning of Performance Period + Stockholders’ Equity at Year End) ÷ 2)

Operating income differs from net income by the exclusion of after-tax net realized and unrealized gains and losses on investments and the deferred tax asset charge that was recognized in 2017 in relation to tax reform. It is used as an important financial measure by management, analysts, and investors, because the realization of investment gains and losses on sales in any given period is largely discretionary as to timing. These investment gains and losses, other-than-temporary investment impairments that are charged to earnings, unrealized gains and losses on equity securities, and the deferred tax write-off, could distort the analysis of trends. Operating return on equity is not intended as a substitute for return on equity that is based on net income prepared in accordance with GAAP.

In addition to our excellent combined ratio and non-GAAP operating ROE, other key accomplishments for 2018 included the following:

Our stock price ended 2018 at \$60.94, an increase of 3.8% from year-end 2017;

Our total shareholder return (“TSR”), which is calculated using the change in the value of Selective’s common stock price and reinvested dividends, was 5.1%, compared to the Standard & Poor’s 500 Index negative total return of -4.4%;

Compared to 2017: (i) overall NPW increased by 6%; (ii) commercial lines NPW increased by 6%; and (iii) excess and surplus lines NPW increased by 7%;

We achieved 3.5% in overall standard lines renewal pure price increases, with 3.5% in standard commercial lines and 3.8% in standard personal lines;

We achieved 4.7% in renewal pure price increases in our excess and surplus lines business;

We achieved solid retention rates of 83% for our standard lines of insurance;

We received a score of 8.7 out of 10 on an independently administered agency satisfaction survey;

We advanced our omni-channel customer experience program with the following accomplishments: (i) full implementation of new technology platforms to support customer-facing employees; (ii) a redesign of our customer self-service portal; (iii) a new release of our customer mobile application that provides additional functionality; (iv) introduction of the Selective® Drive fleet management initiative; and (v) launch of a proactive communication platform;

We continued executing our expense reduction initiative resulting in maintaining overall controllable expenses below budgeted target and reducing our GAAP expense ratio by 1.2 points; and

Compared to 2017, we increased after-tax investment income by 35%, primarily due to higher interest rates, active portfolio management, improved alternative investment returns, and a lower Federal income tax rate.

In the fourth quarter of 2018, A.M. Best Company reaffirmed our “A (Excellent)” (with a “stable” outlook) financial strength rating, citing our strong balance sheet, sustained profitability, favorable business profile, and appropriate enterprise risk management. During the fourth quarter of 2018, S&P Global Ratings reaffirmed our financial strength rating of “A” (with a “stable” outlook), citing our improved operating performance in standard lines supported by

sophisticated underwriting tools, a strong network of independent agents, and strong capital adequacy. Fitch Ratings reaffirmed our “A+” rating (with a “stable” outlook) in the second quarter of 2018, citing our strong underwriting results, solid capitalization with growth in stockholders’ equity, strong business profile, and stable interest coverage metrics. Moody’s Investors Service’s reaffirmed our “A2” rating (with a “stable” outlook) in the first quarter of 2018, referencing our solid regional franchise, established independent agency support, solid risk-adjusted capitalization, strong invested asset quality, and good underwriting profitability.

CEO Pay for Performance

The following table presents Mr. Murphy’s compensation over the past five years, its dollar and percentage change from the prior year, and Selective’s TSR for the one-, three-, and five-year periods. We believe the table demonstrates the correlation between changes in Selective’s TSR and Mr. Murphy’s compensation, which is consistent with, and reflects our philosophy of, aligning compensation with the interests of stockholders and long-term performance.

* Note: The value of “Indexed Total Shareholder Return (TSR)” at each year-end shown above is based on the then-current value of an assumed \$100 investment in Selective stock on December 31, 2013, and reflects changes in stock price and assumes that dividends paid to stockholders are reinvested in Selective stock.

	2014	2015	2016	2017	2018
CEO Total Compensation* (Base Salary Rate, ACIP, and Long-Term Incentive Compensation)	\$3,925,011	\$4,440,002	\$4,890,031	\$4,900,008	\$5,100,019

Role and Function of the Salary and Employee Benefits Committee

The Salary and Employee Benefits Committee of the Board of Directors (“SEBC”) oversees executive compensation. The SEBC retains an independent executive compensation consultant, Exequity LLP (“Compensation Consultant”), to advise it on executive and director compensation issues. Compensation Consultant representatives: (i) review senior executive compensation; (ii) prepare comprehensive competitive compensation analyses for our NEOs; (iii) provide counsel to the SEBC regarding award metrics, components of compensation, amounts allocated to those components, and the total compensation opportunities for the CEO and the other NEOs; and (iv) attend SEBC meetings, as requested by the SEBC.

The Compensation Consultant has advised the SEBC since 2007. The Compensation Consultant does not provide any services to Selective other than to advise the SEBC on executive and director compensation matters. Based on applicable SEC and Nasdaq rules, the SEBC has determined that the Compensation Consultant’s services do not raise a conflict of interest.

The SEBC has full autonomy in determining executive compensation and makes all final determinations about CEO and other NEO compensation, incorporating information provided by the Compensation Consultant. The CEO makes compensation recommendations to the SEBC for the President and Chief Operating Officer based on the CEO's assessment of the President and Chief Operating Officer's annual performance, contributions to Selective, and potential for advancement. The CEO and President and Chief Operating Officer make compensation recommendations to the SEBC for the other NEOs based on their assessment of the other NEOs' annual performance, contributions to Selective, and potential for advancement. In making its compensation decisions, the SEBC also considers pre-established guidelines regarding award amounts and pay levels at companies with which we compete for business and executive talent (discussed below), Selective's performance, executive retention issues, internal compensation parity, and advancement in abilities, experience, and responsibilities. The Executive Vice President, Chief Human Resources Officer and certain other human resources officers, as part of their usual duties and responsibilities, provide the SEBC with information regarding the overall design of the executive compensation program and its individual components.

DESIGN CONSIDERATIONS OF SELECTIVE'S EXECUTIVE COMPENSATION PROGRAM

Selective's Executive Compensation Program Objective and Philosophy

The objective of our executive compensation program is to attract, retain, and motivate executive talent who will drive the organization's success by creating stockholder value through profitable growth and effective risk management.

Our compensation program is designed to: (i) reward the achievement of our business objectives through the execution of our Strategic Business Plan Framework and its five strategic imperatives; (ii) recognize our executives for their individual achievements by motivating them to execute their duties and responsibilities in a manner not reasonably likely to have a material adverse effect on our operations or results; and (iii) promote and align both short- and long-term interests of our executives with those of our shareholders. We aim to provide these highly talented and qualified executives with compensation that is competitive, both in value and mix of short-term and long-term cash and stock-based components, with the total compensation paid by other property and casualty insurance companies and other companies with which we compete for executive talent.

Consistent with our pay-for-performance philosophy, we link our annual incentive awards to pre-determined financial and strategic business objectives and individual contributions, and we align our long-term compensation to the achievement of pre-determined specific performance measures that impact the generation of long-term stockholder value.

Compensation Elements

Our executive compensation program generally consists of the following key elements selected to: (i) address the market-based realities of attracting and retaining quality executives; and (ii) align the executives' compensation with our stockholders' interests:

Base salary;

Annual cash incentive program ("ACIP") payments; and

Long-term incentive program ("LTIP") awards in the form of performance-based restricted stock units and performance-based cash incentive units.

Page 30

Compensation Best Practices

Selective primarily uses the following compensation structures and practices:

Fixed and variable compensation components;

Performance-based equity and performance-based annual cash bonus awards to NEOs;

Stock ownership and retention requirements;

Limited perquisites; and

Double triggers for cash and equity award payments upon a change in control under employment agreements.

Benchmarking

When making compensation decisions, the SEBC believes it is important to be informed of compensation practices at multiple comparator groups of publicly-traded companies and property and casualty insurance holding companies. The SEBC believes that:

Benchmarking provides the SEBC with relevant information to make appropriate compensation decisions that will help attract, retain, and motivate the key talent required to drive company performance and long-term stockholder value;

Measuring our compensation against practices from two benchmark sources helps ensure that the SEBC has an ample and robust assessment of our competitive compensation posture; and

Considering multiple market references offsets inaccuracies inherent in a single market data point and enhances the SEBC's decisions by allowing it to rely on a more comprehensive set of market-competitive pay boundaries than just a single benchmark.

Accordingly, the SEBC received from, and reviewed with, the Compensation Consultant the following benchmarking information in late 2017 for purposes of establishing 2018 compensation:

Analyses of both the individual compensation elements and total compensation that we pay our NEOs compared to a peer group that consisted of the same companies as the prior year; and

Data provided by a third-party vendor for our NEOs against a group consisting of 55 property and casualty insurance organizations, excluding Selective.

As part of the 2018 compensation process, in late 2017, the Compensation Consultant furnished the SEBC with the most recent NEO compensation information available from the following:

Proxy Peers

Organizations with which we compete in the sale of products and services and for talent

§ Argo Group International Holdings, Ltd.

§ Navigators Group, Inc.

§ Cincinnati Financial Corporation

§ OneBeacon Insurance Group, Ltd.

§ CNA Financial Corporation

§ State Auto Financial Corporation

§ EMC Insurance Group Inc.

§ The Hanover Insurance Group, Inc.

§ United Fire Group, Inc.

§ The Hartford Financial Services Group, Inc.

§ W. R. Berkley Corporation

Third-party Vendor Survey

§ Property and Casualty Insurance Compensation Survey

To re-evaluate its earlier 2018 NEO compensation decisions and in establishing compensation parameters for 2019, the SEBC reviewed the most recent NEO compensation information available as of that time from these two market reference sources in late 2018 and early 2019. OneBeacon Insurance Group, Ltd. was acquired in September 2017 and the SEBC determined that it was appropriate to replace OneBeacon Insurance Group, Ltd. with Erie Indemnity Company in the Proxy Peers.

Information for the Proxy Peers in the above table (collectively, the “Proxy Peer Group”) was obtained from proxy statements and other materials filed with the SEC. This information includes data on compensation components and comparative analyses of the overall financial performance of the Proxy Peer Group. The Proxy Peer Group is composed of organizations that provide similar products, have a similar geographic market scope, and compete with us for executive talent. The Property and Casualty Insurance Compensation Survey provides supplemental data from organizations of various sizes. Because we strive to engage the best talent and may have to recruit from larger organizations, we look at data from throughout the property and casualty insurance industry. In late 2018 and early 2019, the SEBC reviewed information reported in the Property and Casualty Insurance Compensation Survey, which reflects data from 53 organizations, including Selective, that have an annual median direct written premium of \$3.4 billion and annual median revenues of \$3.2 billion.

When the SEBC evaluates the compensation we pay to our NEOs, it seeks to benchmark against positions with comparable job responsibilities whenever possible. Mr. Marchioni’s position, which has broad succession plan-mandated responsibilities, does not have a direct comparator in our multiple market reference groups. The lack of a true benchmark position for Mr. Marchioni impacts the compensation comparison of our NEOs as a group. Relative 2018 total NEO compensation, as reported in the Summary Compensation Table, was 62% above the aggregate average median, and 16% below the aggregate average 75th percentile, of the reference market sources, which the SEBC deemed appropriate given Selective’s corporate performance and the individual performance of our NEOs, and particularly the performance of Mr. Marchioni, for whom there is not an appropriate comparator within the benchmarks. The components comprising total compensation differed from market to varying degrees. Specifically, base salary was above the total average median by 12% and annual cash incentive awards were 130% above the total average median, resulting in annual total cash compensation that was above the total average median by 82%. The grant date fair value of our 2018 long-term incentive awards was 30% above the total average median. Considering each individual’s accomplishments and contributions, the degree to which we achieved our 2018 goals and significantly outperformed relative to the expected industry performance, the SEBC felt that each NEO’s compensation was appropriate.

2018 ELEMENTS OF COMPENSATION AND ALLOCATION BETWEEN CURRENT AND LONG-TERM COMPENSATION

The table below shows the percentage of total variable and total fixed compensation for the CEO and the other NEOs that is short-term incentive compensation (ACIP) versus long-term incentive compensation (LTIP), and fixed compensation (base salary) versus variable compensation (ACIP and LTIP). When evaluating 2018 compensation for

our CEO and other NEOs, the SEBC considered: (i) our overall results compared to budget and projected industry results; (ii) our ability to obtain renewal pure price increases on our insurance business that allowed us to produce a strong combined ratio; (iii) our ability to profitably grow NPW; (iv) our investment income performance compared to both budget and benchmark targets; (v) significant claims improvement initiatives; and (vi) retention of top talent. These factors were viewed in light of the relative competitive positioning of the compensation of our CEO and the other NEOs.

As the table indicates, the 2018 compensation allocation aligns closely with our compensation philosophy, which is designed to motivate executives to achieve short-term and long-term corporate objectives consistent with our stockholders' economic interests. We strive to achieve a balance between pay incentive vehicles and performance time horizons.

NEOs	Variable Compensation			Fixed Compensation 2018 Base Salary
	2018 Short-Term (ACIP)	2018 Long-Term (LTIP)	2018 Total Variable (ACIP + LTIP)	
Gregory E. Murphy	42%	39%	81%	19%
Mark A. Wilcox	40%	34%	74%	26%
John J. Marchioni	43%	34%	77%	23%
Michael H. Lanza	36%	31%	67%	33%

The charts below reflect the allocation of 2018 compensation to LTIP, ACIP, and base salary for the CEO and for all other NEOs on average:

Base Salary

Our base salary compensation is intended to provide stable, competitive compensation while taking into account each executive's scope of responsibility, relevant background, training, and experience. In setting base salaries, the SEBC considers both competitive market data for positions with comparable job content and overall market demand for each position. The SEBC generally believes that base salaries should be aligned with market trends for executives with similar responsibilities at comparable companies. When establishing the base salaries of NEOs, the SEBC also considers:

The functional role of the executive's position;

The executive's level of responsibility;

The executive's growth in the position, including skills and competencies;

The executive's contribution and performance; and

The organization's ability to replace the executive.

Based on these considerations, the position of each NEO's salary to competitive data, and the desire to contain fixed costs in support of expense ratio initiatives, none of our NEOs received a base salary increase in 2018.

Annual Cash Incentive Program (ACIP)

Our ACIP is intended to link a meaningful portion of annual cash compensation to one or more pre-established near-term strategic and/or financial organizational performance goals. For 2018, all NEOs were eligible to participate in the ACIP. ACIP awards are granted under the Selective Insurance Group, Inc. Cash Incentive Plan, As Amended and Restated as of May 1, 2014 (the “Cash Incentive Plan”). ACIP awards made to our NEOs for 2017 and prior years were intended to qualify as performance-based compensation under Section 162(m) of the Code. For more information regarding the application of Section 162(m) to the executive compensation program for our NEOs, see the section below entitled, “Tax Treatment and Accounting.”

2018 Corporate ACIP Measures

Our Corporate ACIP Measures are established to encourage our employees to remain focused on particular financial and strategic objectives, even in the face of especially challenging circumstances in a performance year. For 2018, the SEBC determined that for each NEO, his respective Corporate ACIP funding opportunity would be between 0% and 143.5% of each NEO’s maximum ACIP opportunity (expressed as a percentage of salary), and based on attainment of the Corporate ACIP Measures, which consisted of financial and strategic initiative measures.

As shown below, 0% to 88.5% of the maximum ACIP opportunity was based on a financial performance goal of achieving a GAAP combined ratio of between 89.0% and 100.5%, and 0% to 55% of the maximum ACIP opportunity was based on the achievement of 15 measures related to our five strategic imperatives. The table below shows total potential Corporate ACIP payouts at various combined ratio percentages, assuming all 15 measures were fully met:

GAAP Combined Ratio (%)	Corporate ACIP Measures		Total Opportunity (%)
	Financial Measure (%)	Maximum Strategic Measures (%)	
100.5	0.0	55	55.0

2018 Corporate ACIP Measure Results

The 2018 Corporate ACIP Measure results were based on our achievement of the financial metric of overall GAAP combined ratio and the strategic measures, as described in greater detail below.

Financial Performance Results

For 2018, our overall GAAP combined ratio was 95.0%. Accordingly, the financial performance component of the Corporate ACIP Measures generated funding at 42.3%.

Page 34

Strategic Measures Performance Results

As reflected in the table below, we fully achieved 13 measures, partially achieved one measure, and did not achieve one measure of the 15 total 2018 ACIP strategic measures, which support our five strategic imperatives. Accordingly, the strategic measures performance component of the Corporate ACIP Measures generated funding at 47.5%.

2018 Corporate ACIP Measure Results

For 2018, our combined Corporate ACIP Measures resulted in total funding opportunity for the NEOs of 89.8%.

2018 ACIP Payment Opportunities and Awards for NEOs

The 2018 ACIP payment opportunities for the NEOs were based on competitive market levels and set as a percentage of annual base salary. The following table lists each NEO's 2018 minimum and maximum ACIP opportunities, the SEBC's actual 2018 award as a percentage of base salary, and the change in ACIP from 2017 to 2018:

NEO	Minimum 2018 ACIP Opportunity (as % of Base Salary Rate)	Maximum 2018 ACIP Opportunity (as % of Base Salary Rate)	Actual 2018 ACIP (as % of Base Salary)
Gregory E. Murphy	0%	275%	226%

ELEMENTS OF LONG-TERM COMPENSATIONDesign Elements

Our long-term incentive opportunities are intended to reward our leaders and encourage their long-term retention. By aligning financial rewards with the economic interests of our stockholders, leaders are motivated to achieve our long-term strategic objectives and increase stockholder value. We use both cash and non-cash vehicles under our LTIP to deliver long-term compensation, which is consistent with the market practices of the companies included in our Proxy Peer Group. We establish a dollar-denominated target for each employee eligible to participate in the LTIP, including the NEOs. All individual target award amounts are aggregated to determine the total LTIP award pool.

LTIP awards are granted in overlapping three-year cycles and are allocated among performance-based restricted stock units and performance-based cash incentive units. By granting performance-based restricted stock units and

performance-based cash incentive units with three-year performance periods, our goal is to encourage executive officers to continue their tenure with us and align their economic interests with those of our stockholders.

Long-Term Incentive Program Award Grants

Performance goals for the long-term incentive awards granted in 2016 through 2018 are as follows:

Performance Period	Restricted Stock Unit Performance Measures	Cash Incentive Unit Performance Measures
01/01/16 – 12/31/18	Cumulative non-GAAP operating ROE (excluding unrealized gains or losses), cumulative growth in policy count, or cumulative growth in statutory NPW	Cumulative TSR/NPW growth/cumulative statutory operating return on policyholder surplus ⁽¹⁾
01/01/17 – 12/31/19	Cumulative non-GAAP operating ROE (excluding unrealized gains or losses), cumulative growth in policy count, or cumulative growth in statutory NPW	Cumulative TSR/NPW growth/cumulative statutory operating return on policyholder surplus
01/01/18 – 12/31/20	Cumulative non-GAAP operating ROE (excluding unrealized gains or losses), cumulative growth in policy count, or cumulative growth in statutory NPW	Cumulative TSR/NPW growth/cumulative statutory operating return on policyholder surplus

⁽¹⁾ Statutory operating return on policyholder surplus is a measurement of profitability that reflects the amount of statutory operating income generated by dividing statutory operating income by the average policyholder surplus during the period.

In determining the amount of LTIP awards granted to the NEOs in 2018, the SEBC considered several factors, including: (i) each NEO's performance during the previous year, including the achievement of departmental goals and other projects and endeavors accomplished throughout the year, as outlined below; (ii) each NEO's total compensation in comparison to our Proxy Peer Group and Property and Casualty Insurance Compensation Survey data; and (iii) our desire for long-term retention of high-performing executives.

In 2017, the SEBC changed the elements allocation of the total grant date fair value of LTIP awards to executives, including the NEOs. The SEBC increased the allocation to performance-based restricted stock units, and lowered and narrowed the performance grid for performance-based cash incentive units, to mitigate the potential volatility of stock compensation expense. The 2018 and 2017 LTIP awards' allocation are 75% performance-based restricted stock units and 25% performance-based cash incentive units.

Performance-Based Restricted Stock Units

Seventy-five percent (75%) of the total grant date fair value of each NEO's LTIP award made in 2018 consisted of performance-based restricted stock units granted under the Selective Insurance Group, Inc. 2014 Omnibus Stock Plan (the "Omnibus Stock Plan"), based on, and subject to, the following conditions:

Three-year vesting period; and

Achievement at the end of any calendar year during the three-year period beginning on January 1, 2018 and ending on December 31, 2020 of either: (i) a cumulative non-GAAP operating ROE of at least 12% (computed by excluding from the determination of average equity any unrealized gain or loss occurring after December 31, 2017); or (ii) a cumulative 5% growth in policy count or statutory NPW.

Dividend equivalent units ("DEUs") are credited on performance-based restricted stock units at the same time and same dividend rate paid to all Selective stockholders. Payment of DEUs, which are payable in shares of Selective common stock, remains subject to the same vesting conditions and performance measures as the underlying restricted stock units. DEUs are not paid out unless and until the related restricted stock units vest. This use of performance-based restricted stock units aligns this component of our NEOs' compensation with overall corporate performance and stockholder interests.

Performance-Based Cash Incentive Units

The remaining twenty-five percent (25%) of the grant date fair value of the NEO's LTIP award granted in 2018 consisted of performance-based cash incentive units granted under the Cash Incentive Plan, based on, and subject to, the following terms:

Three-year performance period;

The value of each cash incentive unit, initially awarded at \$100 per unit, increases or decreases to reflect the TSR of Selective common stock over the three-year performance period for the award; and

Page 37

The number of cash incentive units ultimately earned increases or decreases based on the performance criteria in the following table:

In establishing the peer group (the “Cash Incentive Unit Peer Group”) for 2018 to compare performance and determine the ultimate number of performance-based cash incentive units earned, the SEBC strived to include companies that have a similar mix of products, operate in the same geographic regions, have similar premium volume, and distribute their products through independent agents. The Cash Incentive Unit Peer Group differs from the Proxy Peer Group, as the Proxy Peer Group also includes companies with which we compete for executive talent. The Cash Incentive Unit Peer Group consists of the following companies:

§ Auto-Owners Insurance Group	§ Main Street America (National Grange)
§ Cincinnati Financial Corporation	§ State Auto Financial Corporation
§ CNA Financial Corporation	§ United Fire Group, Inc.
§ Donegal Insurance Group	§ Utica National Insurance Group
§ The Hanover Insurance Group, Inc.	§ Westfield Group
§ Liberty Mutual Group Inc.	

Timing of LTIP Awards

LTIP awards are generally granted each year following the release of Selective’s year-end earnings results.

2015 Long-Term Incentive Program Award Grant Results

The following table summarizes the achievement of the performance metrics for the 2015 LTIP award grants and the corresponding payout in 2018:

Performance Metrics	Actual Performance Versus Performance Metrics	Percentage Achieved
2015 Grant Results		
<u>Restricted Stock Units</u>		
Generate a cumulative non-GAAP operating ROE of at least 12% (computed by excluding from the determination of average equity any unrealized gain occurring after December 31, 2014), or achieve a 5% cumulative growth in policy count or statutory NPW at any calendar year end during the performance period.	Achieved 5% cumulative growth of NPW	100% ⁽¹⁾
<u>Cash Incentive Units</u> ⁽²⁾	Achieved a TSR factor of 126.85%,	
TSR over the three-year performance period, and cumulative three-year statutory NPW growth and statutory operating return on policyholder surplus relative to peer index for the period of January 1, 2015 to December 31, 2017.	a statutory operating return on policyholder surplus of 41%, and NPW growth of 26%	200% of units at \$226.85 ⁽³⁾
⁽¹⁾ The 5% cumulative growth in statutory NPW was achieved for the performance period, resulting in 100% payout of the Restricted Stock Units.		

(2) Cash incentive unit awards are denominated in units with an initial value of \$100. For 2015 awards, appreciation or depreciation was based on TSR, which is determined using the change in Selective's common stock price and reinvested dividends over the three-year performance period for the award. The number of 2015 units ultimately earned was based on: (i) cumulative three-year statutory NPW growth relative to the Cash Incentive Unit Peer Group index; and (ii) cumulative three-year operating return on policyholder surplus relative to this peer group index.

(3) Performance results exceeded the maximum levels; 200% was the maximum payout for the 2015 Cash Incentive Units.

2018 COMPENSATION ACTIONS FOR THE CEO AND OTHER NEOS

In making its 2018 base salary, ACIP, and LTIP compensation decisions for our CEO and the other NEOs, the SEBC considered each NEO's overall and individual accomplishments and contributions. The required achievement of pre-determined financial and strategic goals limits the ACIP and LTIP components of our compensation program. We structure our reward programs to retain and motivate our best-performing employees and those in critical positions. In balancing our strategic results achieved with ongoing price competition, the SEBC made the following compensation decisions for 2018:

For the CEO, Mr. Murphy's:

Base salary was not changed;

ACIP payment for 2018 was 2% lower than the aggregate of his 2017 ACIP payment and discretionary bonus;

LTIP award granted in February 2018 was 14% higher than his award granted in the previous year; and

Total compensation based on salary, ACIP payment, and LTIP was 4% higher for 2018 compared to 2017.

As CEO, Mr. Murphy has ultimate responsibility for the achievement of all financial, strategic, and investment goals. In making its compensation decisions for Mr. Murphy, the SEBC considered our overall corporate performance, as previously detailed in this Compensation Discussion and Analysis under the section entitled "2018 Corporate Performance Highlights," and a comprehensive written performance appraisal completed by non-employee members of Selective's Board of Directors.

Based on the degree of achievement of the Corporate ACIP measures and the factors noted above in the 2018 Corporate Performance Highlights, the SEBC determined that Mr. Murphy's 2018 ACIP would be set at 226% of base salary. The SEBC also considered Mr. Murphy's long-standing superior leadership in achieving exceptional and sustained financial and operating performance, and the historical positioning of his compensation relative to peers, which has ranged from below the peer median, to modestly above the peer median, even during periods of outstanding performance.

The SEBC determined that Mr. Murphy's ACIP payment was appropriate and consistent with Selective's pay-for-performance philosophy and that it reinforces our long history of linking pay and performance.

Our other NEOs were also critical in executing Selective's 2018 strategic goals and key accomplishments. In light of these accomplishments, the SEBC made the following compensation decisions for the other NEOs:

Base salaries for Messrs. Wilcox, Marchioni, and Lanza were not increased in 2018;

The ACIP payment for 2018 for: (i) Mr. Wilcox increased by 3% compared to the ACIP payment for 2017; (ii) Mr. Lanza decreased by 4% compared to the ACIP payment for 2017; and (iii) Mr. Marchioni decreased by 3% compared to the total of his 2017 ACIP payment and discretionary bonus;

LTIP awards granted in February 2018 for Messrs. Wilcox, Marchioni, and Lanza, increased by 1%, 15%, and 11%, respectively, compared to LTIP awards in 2017; and

Total compensation based on base salary, ACIP payments, and LTIP awards for Messrs. Wilcox, Marchioni, and Lanza increased by 2%, 3%, and 2%, respectively, compared to total compensation for 2017.

In making compensation decisions regarding base salary and LTIP for the other NEOs, the SEBC considered the following for each NEO:

Mr. Wilcox – In addition to his general management responsibility as a member of the executive management team, Mr. Wilcox, as Executive Vice President and Chief Financial Officer, has primary responsibility for all financial matters, including financial accounting, investor relations, tax, capital and capital management planning, treasury, billing, investment operations, enterprise risk management, reinsurance, and contracts and procurement. Mr. Wilcox's major contributions in 2018 included:

Continuing to refine and actively manage our investment process, including increased diversification and evaluation of investment managers to balance appropriately the maximization of after-tax net investment income with the associated risks;

Completing an activity-based cost review for designated business units for integration into the budgeting process;

Assessing and entering into numerous state premium and federal income tax credit purchase transactions;

Implementing a robotic processing automation pilot program and completing a continuous improvement process to enhance our contracts administration process;

Developing additional risk metrics for enterprise risk management;

Successfully renewing our 2019 property catastrophe reinsurance program, including the renewal of the \$300 million in excess of \$475 million collateralized catastrophe layer for a two-year term;

Supporting our geographic expansion initiative through optimization of related tax strategies;

Refining and expanding the use of technological compliance and reporting solutions;

Executing on our specified strategy for risk assets;

Developing billing system enhancements and creating a strategy to reduce transaction and other related bank fees;

Continuing to implement an investor relations strategy by increasing sell-side coverage and engagement, and participation in conferences;

Assessing the ongoing impact of agent consolidation;

Developing peer competitive analyses and analyzing peer trends and other development in InsurTech; and

Continuing the execution of a company-wide expense and cost containment plan, achieving our overall expense budget target.

Based on the degree of achievement of the Corporate ACIP Measures and the factors noted above, the SEBC approved the CEO's recommendation that Mr. Wilcox's 2018 ACIP payment be set at 154% of his base salary. This compares to his initial ACIP payment opportunity range of 0-200% of base salary.

Page 40

Mr. Wilcox's ACIP payment for 2018 was 3% higher than his 2017 ACIP. We believe his 2018 ACIP award aligns with our pay-for-performance philosophy that is intended to reward and retain key performers in critical positions.

Mr. Marchioni – As President and Chief Operating Officer, Mr. Marchioni has been responsible for our Insurance Operations, Strategy, Actuarial, Human Resources, Marketing, and Information Technology areas. Mr. Marchioni plays a key role in developing strategies that enhance profitability, growth, and competitive strength, including managing agency relations, claims, underwriting, customer service, and all regional operations. In 2018, Mr. Marchioni also assumed direct reporting responsibility for Messrs. Wilcox and Lanza, as well as oversight for their respective areas of responsibility, consistent with our focus on leadership development. Mr. Marchioni also serves as a member of our key management committees.

Mr. Marchioni has primary responsibilities for the achievement of the 2018 Corporate ACIP strategic measures and many of his accomplishments are closely tied to these measures. Under Mr. Marchioni's leadership, our Insurance Operations continue to focus on granular pricing and sophisticated underwriting, as well as significant improvement in claims outcomes, that we believe give us a competitive advantage. Mr. Marchioni's major contributions in 2018 included:

Producing a combined ratio of 95.0%, on a GAAP basis in 2018, compared to Conning, Inc.'s expected 2018 U.S. property and casualty insurance industry combined ratio of 99.4%;

Increasing overall NPW and commercial lines NPW in 2018 by 6% compared to 2017;

Achieving 3.5% in overall standard lines renewal pure price increases, with 3.5% in standard commercial lines and 3.8% in standard personal lines, while maintaining high retention rates of 83% for standard commercial lines and 84% for standard personal lines;

Achieving 4.7% in renewal pure price increases in our excess and surplus lines business;

Achieving targeted underwriting mix improvement on the commercial lines renewal portfolio through action on specific accounts;

Achieving specified directed care targets for workers compensation claims handling;

Achieving designated company-wide labor and non-labor expense targets;

Continuing to build out an advanced analytics program and executing on three additional analytics opportunities;

Implementing the Swift Claims Handling process (SWIFT) where parties can opt-in to having low-severity automobile or property claims handled entirely through email, which accelerates the claims handling process and improves the customer experience;

Implementing, for excess and surplus lines casualty claims, expense improvement initiatives regarding outside adjusters and legal counsel, including: (i) maximizing the use of staff counsel and increasing staff where necessary to support claims volume; (ii) using staff coverage attorneys for coverage reviews; (iii) heightened focus on legal budgeting and expense management; (iv) requiring panel counsel firms to use our electronic legal billing and budgeting system to better manage budgets and expenses associated with litigation; and (v) implementing a panel counsel review process;

Commencing the writing of standard commercial lines business in Utah and New Mexico and personal lines business in Utah and Arizona;

Enhancing recruiting, talent development, and workforce planning programs for key roles;

Strengthening onboarding with new hire orientation, integration, and new leader start-up programs;

Achieving a score of 8.7 out of 10 on an independently administered agency satisfaction survey;

Advancing our omni-channel customer experience program with the following accomplishments: (i) full implementation of new technology platforms to support customer-facing employees; (ii) a redesign of our customer self-service portal; (iii) a new release of our customer mobile application that provides additional functionality; (iv) introduction of the Selective® Drive fleet management initiative; and (v) launch of a proactive communication platform;

Implementing a plan to address key friction points with customers to create improved service alignment with distribution partners, including expanded contact center capabilities and a desktop integration approach with distribution partners;

Continuing the implementation of our diversity and inclusion plan for staff and the development of a strategy for collaboration with distribution partners to serve diverse markets; and

Continuing to execute on a multi-year plan to modernize our key information technology systems including commencing the implementation of core claims systems enhancements.

Based on the degree of achievement of the Corporate ACIP Measures and the factors noted above, the SEBC approved the CEO's recommendation that Mr. Marchioni's 2018 ACIP be set at 188% of base salary. This compares to his initial ACIP opportunity range of 0-225% of base salary.

Mr. Marchioni's ACIP payment for 2018 was 3% lower than the aggregate of his 2017 ACIP and discretionary bonus payments. We believe his 2018 ACIP award aligns with our pay-for-performance philosophy that is intended to reward and retain key performers in critical positions.

Mr. Lanza – In addition to his general management responsibility as a member of the executive management team, Mr. Lanza, as Executive Vice President, General Counsel and Chief Compliance Officer, has primary responsibility for all legal, corporate governance, government affairs, state filings, regulatory, and compliance matters. Mr. Lanza's major 2018 contributions were:

Providing legal advice, counsel, and oversight of the development of InsurTech-related products and implementing the Selective® Drive fleet management initiative and other InsurTech-related initiatives;

Supporting the delivery of key milestones in our geographic expansion initiative in obtaining approval of required rate, rule, and form filings for commercial lines business in Utah and New Mexico and personal lines in Utah and Arizona for the commencement of such business in these states, and obtaining licensure in four additional states;

Providing timely and appropriate legal advice, counsel, and leadership in the execution and growth of excess and surplus lines business, specifically related to staffing, product, process, and distribution, including claims, litigation costs, and counsel selection;

Addressing industry and company specific issues related to our involvement in various trade associations, and including those relating to the National Flood Insurance Program and the Terrorism Risk Insurance Program Reauthorization Act;

Providing significant counsel on corporate and investment transactions, and on corporate profitability initiatives, including net renewal of direct written premium, commercial loss ratio mix improvement, and renewal pure rate;

Providing significant counsel on corporate governance, regulatory compliance, data and information governance, and disclosure matters;

Achieving both non-labor and overall expense targets for assigned cost centers;

Providing continued advice, counsel, and leadership on strategic framework initiatives related to corporate communications, human resources, and succession planning;

Providing advice, counsel, and leadership on initiatives related to delivering a superior omni-channel customer experience, including digital policy delivery, mobility enhancements, and agency-company friction point mitigation strategies; and

Providing ongoing counsel to the claims operations on large loss, complex claims and extra-contractual matters, utilization of staff counsel and panel counsel, alternative fee arrangements, operational metrics, and claims organizational changes.

Based on the degree of achievement of the Corporate ACIP Measures and the factors noted above, the SEBC approved the CEO's recommendation that Mr. Lanza's 2018 ACIP be set at 106% of base salary. This compares to his initial ACIP payment opportunity range of 0-150% of base salary.

Mr. Lanza's 2018 ACIP payment was 4% lower than his 2017 ACIP payment. This award aligns with our pay-for-performance philosophy that is intended to reward and retain key performers in critical positions.

PERQUISITES

NEO perquisites are limited to tax preparation services, which is a prevailing industry practice, and in certain circumstances, moving expenses and taxes payable on those expenses. Messrs. Murphy, Marchioni, and Lanza used tax preparation services in 2018 and were reimbursed \$4,500, \$5,000, and \$2,975, respectively.

RETIREMENT AND DEFERRED COMPENSATION PLANS

Selective Insurance Company of America ("SICA"), a wholly-owned subsidiary of Selective, employs all of our personnel, including all of the NEOs. We strive to provide a competitive retirement benefit program that allows us to attract and retain talent for the organization. This includes a defined contribution program, including a nonqualified defined contribution deferred compensation plan ("Deferred Compensation Plan") for certain of our officers and highly compensated employees, including the NEOs, and depending on date of hire, a defined benefit pension program, including a nonqualified supplemental pension plan for certain of our officers and highly compensated employees, in which all of the NEOs participate (other than Mr. Wilcox, whose employment commenced on January 1, 2017). These plans are consistent with benefits provided by many of the companies with which we compete for executive talent.

SICA offers a tax-qualified defined contribution plan named the Selective Insurance Retirement Savings Plan (the “Retirement Savings Plan”) for employees, including the NEOs, who meet eligibility requirements. Participants could contribute up to 50% of their eligible compensation to the Retirement Savings Plan, up to \$18,500 in 2018. Under the Retirement Savings Plan, participant contributions are matched at 100% of the employee’s salary deferrals up to 3% of the employee’s eligible compensation, and at 50% of the employee’s salary deferrals above 3%, up to 6% of the employee’s eligible compensation, subject to limitations under the Code. Participants over the age of 50, including certain of the NEOs, were eligible in 2018 to make an additional catch-up salary deferral contribution to the Retirement Savings Plan under the Code.

The Retirement Income Plan for Selective Insurance Company of America (the “Retirement Income Plan”) and the related supplemental pension plan, discussed further below, were amended to cease accrual of additional benefits under these plans effective as of March 31, 2016. In connection with the curtailment of the Retirement Income Plan, all eligible participants in the Retirement Savings Plan, including the NEOs, began receiving a non-elective contribution of 4% of base salary to their accounts under the Retirement Savings Plan, subject to limitations under the Code.

Under the Deferred Compensation Plan, certain executives and employees, including the NEOs may, subject to certain limitations, defer: (i) up to 50% of their base salary; (ii) up to 100% of their annual bonus (subject to certain limitations to provide for required tax withholding); and/or (iii) all or a percentage of such other compensation as otherwise designated by the administrator of the Deferred Compensation Plan. To compensate for the Code's limitations on SICA's matching contributions for the NEOs under the Retirement Savings Plan, SICA matched our NEOs' contributions to the Deferred Compensation Plan in 2018 as follows: 100% of each NEO's salary deferrals to the Retirement Savings Plan and the Deferred Compensation Plan up to 3% of the employee's base salary, and 50% of the NEO's salary deferrals to the Retirement Savings Plan and the Deferred Compensation Plan above 3%, up to 6% of the NEO's base salary, less any matching contributions to the Retirement Savings Plan. Additionally, to the extent that non-elective contributions to the Retirement Savings Plan are limited due to the provisions of the Code and the Retirement Savings Plan, non-elective contributions of 4% of base salary are made by SICA to participants' Deferred Compensation Plan accounts. Additional information regarding the Deferred Compensation Plan is included in the section entitled, "Nonqualified Deferred Compensation" of this Proxy Statement.

SICA also has maintained a non-contributory defined benefit pension program consisting of a tax-qualified defined benefit pension plan, the Retirement Income Plan, and a nonqualified supplemental pension plan for certain executives and employees. The accrual of additional benefits under the pension program ceased as of March 31, 2016. The pension program is more fully described in the section entitled, "Pension Benefits" of this Proxy Statement.

In addition, SICA maintains health and welfare benefit plans in which eligible employees, including the NEOs, participate.

EMPLOYMENT AGREEMENTS

SICA has entered into employment agreements with its key executive officers, including the NEOs, which provide for severance in the event of termination: (i) due to death or disability; (ii) without "Cause"; (iii) due to resignation for "Good Reason" by (A) the CEO at any time, or (B) other executives within two years following a change in control; (iv) due to resignation of the NEO within two years of the company first imposing a requirement, without the consent of the NEO, that relocates the NEO's business location more than 50 miles; and (v) without Cause or without Good Reason within two years following a change in control. The SEBC believes that these agreements are important for recruitment and retention of key executives and was advised by its Compensation Consultant that the terms of these agreements were market competitive within our peer group when they were executed. In the event of a change in control, uncertainty may arise among our key executives as to their continued employment after or in connection with such event, which may result in the departure or distraction of our key executives. The purpose of the employment agreements is to retain our key executives, and reinforce and encourage their continued attention and dedication during such a potentially critical time, even if they fear that their position will be terminated after or in connection with the change in control.

⁴ “Cause” is defined in the employment agreements, but generally means the executive: (i) was convicted of or pled guilty to a felony; (ii) breached a material provision of the executive’s employment agreement; or (iii) engaged in misconduct which constitutes fraud in the performance of the executive’s duties and obligations to the company.

⁵ “Good Reason” is defined in the employment agreements, but generally means: (i) a material reduction in salary; (ii) a material negative change in the executive’s benefits; (iii) a material reduction of the executive’s position, duties, responsibilities, and status with the company or material negative change in title or office; (iv) requiring the executive to be based at a location in excess of 50 miles from the location of the executive’s office prior to a change in control; (v) failure of a counterparty to a transaction resulting in a change in control to assume the employment agreement; or (vi) a breach of the employment agreement by SICA within two years after a change in control.

Page 44

With respect to severance payments, outstanding awards under our stock and cash plans, and continued insurance coverages or reimbursement for such coverage, the change in control provisions of the employment agreements are triggered if the executive's employment is terminated without Cause or without Good Reason within two years following a change in control. This double trigger ensures such a payout does not automatically occur upon a change in control only. The employment agreements are described in the section entitled, "Employment Agreements and Potential Payments upon Termination or Change in Control" of this Proxy Statement. This section includes information on multipliers used in calculating the severance payment and duration of benefit coverage (or reimbursement for the cost of such coverages) provided to individual executives upon termination. We believe these multipliers are consistent with the level and value of the position to the organization.

TAX TREATMENT AND ACCOUNTING

Code Section 162(m) prohibits publicly-held companies from deducting compensation paid to certain executive officers for federal tax purposes to the extent the officer's taxable year compensation exceeds \$1 million. While the SEBC considers the deductibility of awards as one factor in determining executive compensation, the SEBC also considers the other goals of our executive compensation program in making its compensation decisions, and retains the flexibility to award compensation that it believes to be in the best long-term interests of Selective, even if the awards may not be fully deductible under Code Section 162(m).

For taxable years commencing before January 1, 2018, compensation paid pursuant to a stockholder-approved plan that otherwise qualified as "performance-based compensation" under Section 162(m) was exempt from the annual \$1 million deduction limitation. The Tax Cuts and Jobs Act of 2017 ("Tax Reform") eliminated the performance-based compensation exception for taxable years commencing after December 31, 2017. Under Tax Reform transition relief, compensation provided under a written binding contract in effect on November 2, 2017 that is not materially modified after that date continues to be subject to the performance-based compensation exception of Section 162(m), as previously in effect. The performance-based compensation exception, however, generally will not be available for new awards of compensation granted after November 2, 2017.

Awards to NEOs made in 2018 were granted under two performance-based stockholder approved plans: (i) the Omnibus Stock Plan; and (ii) the Cash Incentive Plan. These grants were made after the November 2, 2017 date, and therefore are not eligible for the performance-based compensation exception. However, we believe that compensation paid to NEOs in 2018 under these plans is deductible under the Section 162(m) transition rules, as this compensation was designed to meet the performance-based compensation exemption under Section 162(m) and paid in satisfaction of grants that were made prior to November 2, 2017 and have not been materially modified since that time.

GAAP requires compensation expense to be measured on the income statement for all stock-based payments at grant date fair value for equity instruments (including employee stock options and restricted stock unit awards) and at

market value on the date of vesting for liability instruments (including cash incentive unit awards). The SEBC has considered the impact of GAAP on our use of stock-based compensation as a retention tool. The SEBC has determined that the current estimated costs of continuing to use stock-based compensation relative to the benefits they provide are appropriate and do not warrant any change to our current incentive framework.

We have designed our compensation programs and awards to executive officers to comply with the provisions of Section 409A of the Code, where applicable. For example, payments that are subject to Section 409A of the Code and made to our executive officers under our nonqualified deferred compensation plans on account of the executives' separation from service are not payable before the first day of the seventh month following the date of separation from service if the executives are "specified employees" under Section 409A of the Code.

⁽¹⁾ Amount may differ from base salary rate due to payroll payment schedule.

⁽²⁾ Amounts in this column reflect discretionary cash bonus awards.

⁽³⁾ This column reflects the aggregate grant date fair value of the 2018, 2017, and 2016 grants of performance-based restricted stock unit awards, and 2018, 2017, and 2016 grants of performance-based cash incentive unit awards. The grants of performance-based restricted stock units were made pursuant to the Omnibus Stock Plan. Such units vest three years from the date of grant, conditioned upon the attainment of certain predetermined performance goals. Grants of performance-based cash incentive unit awards were made pursuant to the Cash Incentive Plan. Such units

vest at the payment date, which is as soon as practicable in the calendar year following the end of the calendar year coincident with the end of the three-year performance period. The value of each cash incentive unit initially awarded increases or decreases to reflect TSR on Selective common stock over the three-year performance period for the award. For the 2018, 2017, and 2016 performance-based cash incentive unit awards, the number of cash incentive units ultimately earned increases or decreases based on: (i) cumulative three-year statutory NPW growth relative to the Cash Incentive Unit Peer Group; and (ii) cumulative three-year statutory operating return on policyholder surplus relative to the Cash Incentive Unit Peer Group. Restricted stock unit and cash incentive unit awards are subject to forfeiture should the grantee resign or be terminated for cause prior to vesting. However, restricted stock unit and cash incentive unit awards granted to Messrs. Murphy and Lanza will vest upon attainment of the performance condition only, as they have achieved early retirement eligibility.

The grant date fair values for the performance-based restricted stock unit and performance-based cash incentive unit awards granted to the NEOs are as follows:

<u>Name</u>	<u>Year</u>	<u>Performance-Based Restricted Stock Units (\$)</u>	<u>Performance-Based Cash Incentive Units (\$)</u>
	2018	1,500,019	500,000
Gregory E. Murphy	2017	1,312,508	437,500
	2016	1,224,031	816,000
	2018	578,352	200,000
Mark A. Wilcox	2017	573,986	200,000
	2018	867,500	300,000
John J. Marchioni	2017	753,385	262,500
	2016	681,356	480,000

<u>Name</u>	<u>Year</u>	<u>Performance-Based Restricted Stock Units (\$)</u>	<u>Performance-Based Cash Incentive Units (\$)</u>
	2018	375,034	125,000
Michael H. Lanza	2017	337,523	112,500
	2016	294,578	200,000

The aggregate grant date fair value reported in this column assumes the following: (i) the predetermined performance goals for the restricted stock unit grants are probable of being attained; (ii) initial per unit values for the cash incentive unit awards of \$100; and (iii) a 100% peer group unit multiplier for cash incentive unit awards. For further discussion of the fair value calculation of the awards in this column, please refer to Note 15 to the consolidated financial statements in Selective's Annual Report on Form 10-K for the year ended December 31, 2018. The maximum value assuming the highest level of performance conditions for the performance-based restricted stock units are consistent with the amounts above. Although the maximum number of performance-based cash incentive units potentially issuable is 200% of the original grant for the 2016 grant, and 150% of the original grant for the 2017 and 2018 grants, the ultimate maximum value of the 2016, 2017, and 2018 grants cannot be determined due to the fact that, as stated above, the initial value of each unit is adjusted based on the TSR of Selective common stock over the grant's three-year performance period, the maximum value of which is not determinable at this time.

(4) Amounts in this column are annual cash incentive plan awards to the NEOs earned in 2018 and paid in 2019, earned in 2017 and paid in 2018, and earned in 2016 and paid in 2017. These awards were granted under the Cash Incentive Plan.

(5) Amounts in this column reflect the actuarial increase in the present value of each NEO's pension benefits under all defined benefit pension plans of SICA, determined using the same interest rate and mortality assumptions as those used for financial statement reporting purposes. There were no changes to the benefit formulas under the defined pension benefit plans in 2018, as the plans were amended to cease further accruals effective as of March 31, 2016. The changes in pension values reported in this column are primarily attributable to an increase in the discount rate used to calculate present value and the change from MP2017 to MP2018 of the mortality improvement projection scale. There were no above-market or preferential earnings on deferred compensation under SICA's nonqualified deferred compensation program.

(6) For 2018, amounts in this column for each NEO reflect the following (amounts in this footnote may not exactly match the figures in the Summary Compensation Table due to rounding):

Mr. Murphy: \$30,375 of company matching contributions and \$27,200 of non-elective contributions to his Deferred Compensation Plan account, \$12,375 of company matching contributions and \$11,000 of non-elective contributions to his 401(k) plan account, and \$4,500 for tax preparation services.

Mr. Wilcox: \$14,625 of company matching contributions to his Deferred Compensation Plan account, and \$12,375 of company matching contributions and \$11,000 of non-elective contributions to his 401(k) plan account.

Mr. Marchioni: \$23,625 of company matching contributions and \$21,200 of non-elective contributions to his Deferred Compensation Plan account, \$12,375 of company matching contributions and \$11,000 of non-elective contributions to his 401(k) plan account, and \$5,000 for tax preparation services.

Mr. Lanza: \$11,925 of company matching contributions and \$10,800 of non-elective contributions to his Deferred Compensation Plan account, \$12,375 of company matching contributions and \$11,000 of non-elective contributions to his 401(k) plan account, and \$2,975 for tax preparation services.

⁽¹⁾ Amounts represent minimum and maximum potential ACIP awards under our Cash Incentive Plan for 2018 based on 2018 base salary rates. Maximum awards reflect the maximum ACIP award established by the SEBC. Actual payouts of the above-referenced awards are included in the Non-Equity Incentive Plan Compensation column of the Summary Compensation Table. For information regarding the ACIP, see the section of the Compensation Discussion and Analysis entitled, “Annual Cash Incentive Program.”

⁽²⁾ Performance-based cash incentive unit awards were granted under the Cash Incentive Plan, and performance-based restricted stock unit awards were granted under the Omnibus Stock Plan. For a description of the material terms of such awards, see the section of the Compensation Discussion and Analysis entitled, “Elements of Long-Term Compensation.”

⁽³⁾ The number of performance-based cash incentive units paid can range from 0-150%, and therefore, the amount payable could be \$0. The threshold selected represents the 30th percentile of the Cash Incentive Unit Peer Group, the target represents the 50th percentile of the Cash Incentive Unit Peer Group, and the maximum represents greater than or equal to the 80th percentile of the Cash Incentive Unit Peer Group.

⁽⁴⁾ This column includes the grant date fair value of restricted stock unit awards and cash incentive unit awards with an initial value of \$100 per unit.

⁽¹⁾ In the event of a termination of employment on or after an individual attains Early Retirement Age, as defined under the 2016, 2017, and 2018 restricted stock unit award agreements (the “Award Early Retirement Age”), holders of performance-based restricted stock unit awards granted in 2016, 2017, and 2018 are vested in such awards subject only to the attainment of applicable performance measures. The respective dates upon which each NEO attained, or is anticipated to attain, his Award Early Retirement Age are as follows: Mr. Murphy, April 11, 2010; Mr. Wilcox, January 2, 2027; Mr. Marchioni, May 28, 2024; and Mr. Lanza, December 16, 2016.

⁽²⁾ Reflects number of performance-based restricted stock units initially granted on February 8, 2016 and the related accrued DEUs, which were vested and paid on February 8, 2019. Also reflects number of performance-based cash incentive units initially granted on February 8, 2016 to the NEOs for the three-year performance period ending December 31, 2018. In the event of a termination of employment on or after an individual’s Award Early Retirement Age, holders of such awards are vested in such awards, with the initial number of units and the value of each unit

subject to adjustment, based on the attainment of specified performance measures. Award Early Retirement Age dates for the NEOs are set forth in footnote 1. Settlement of the 2016 cash incentive unit awards will be made as soon as practicable in the 2019 calendar year, following the determination of the attainment of the applicable performance measures. The amounts reflected in this column attributable to performance-based restricted stock units and the related accrued DEUs are as follows: Mr. Murphy, 38,475; Mr. Marchioni, 22,632; and Mr. Lanza, 9,430. The amounts reflected in this column attributable to performance-based cash incentive units are as follows: Mr. Murphy, 8,160; Mr. Marchioni, 4,800; and Mr. Lanza, 2,000.

(3) Reflects number of performance-based restricted stock units initially granted on February 6, 2017 and the related accrued DEUs: (i) for which the applicable performance measures were achieved as of December 31, 2017; and (ii) that generally will vest and be payable on February 6, 2020.

(4) Reflects number of performance-based restricted stock units initially granted on February 5, 2018 and the related accrued DEUs: (i) for which the applicable performance measures were achieved as of December 31, 2018; and (ii) that generally will vest and be payable on February 5, 2021.

(5) Reflects a \$189.31 per unit value for the February 8, 2016 cash incentive unit grant and maximum performance for this award.

(6) Reflects number of performance-based cash incentive units initially granted on February 6, 2017 to the NEOs for the three-year performance period ending December 31, 2019. In the event of a termination of employment on or after an individual's Award Early Retirement Age, holders of such awards are vested in such awards, with the initial number of units and the value of each unit subject to adjustment, based on the attainment of specified performance measures. Award Early Retirement Age dates for the NEOs are set forth in footnote 2. Settlement of the 2017 cash incentive unit awards will be made as soon as practicable in the 2020 calendar year, following the determination of the attainment of the applicable performance measures.

(7) Reflects number of performance-based cash incentive units initially granted on February 5, 2018 to the NEOs for the three-year performance period ending December 31, 2020. In the event of a termination of employment on or after an individual's Award Early Retirement Age, holders of such awards are vested in such awards, with the initial number of units and the value of each unit subject to adjustment, based on the attainment of specified performance measures. Award Early Retirement Age dates for the NEOs are set forth in footnote 2. Settlement of the 2018 cash incentive unit awards will be made as soon as practicable in the 2021 calendar year, following the determination of the attainment of the applicable performance measures.

(8) The amounts in this column reflect: (i) a \$145.23 per unit value for the February 6, 2017 cash incentive unit grant, and a \$105.11 per unit value for the February 5, 2018 cash incentive unit grant based on the TSR of Selective common stock at December 31, 2018; and (ii) maximum performance for each of these awards. The performance measures are identified for the February 5, 2018 grant in the Grants of Plan-Based Awards table.

OPTION EXERCISES AND STOCK VESTED

The following table shows the option exercises and stock vesting of grants of plan-based awards by our NEOs in 2018:

Name	<u>Option Awards</u>		<u>Stock Awards</u>	
	<u>Number of Shares Acquired on Exercise (#)</u>	<u>Value Realized on Exercise (\$)</u>	<u>Number of Shares Acquired on Vesting (#)⁽¹⁾</u>	<u>Value Realized on Vesting (\$)⁽²⁾</u>
Gregory E. Murphy	12,953	572,882	53,160	5,364,023
Mark A. Wilcox-	-	-	-	-
John J. Marchioni	-	-	32,218	3,250,925
Michael H. Lanza	-	-	15,304	1,544,216

(1) Amounts in this column include the number of performance-based restricted stock units and the related accrued DEUs that vested in 2018 as well as performance-based cash incentive units paid in 2018. The amounts reflected in this column attributable to performance-based restricted stock units and the related accrued DEUs are as follows: Mr. Murphy, 39,960; Mr. Marchioni, 24,218; and Mr. Lanza, 11,504. The amounts reflected in this column attributable to performance-based cash incentive units are as follows: Mr. Murphy, 13,200; Mr. Marchioni, 8,000; and Mr. Lanza, 3,800.

(2) Amounts in this column include the value of performance-based restricted stock units and the related accrued DEUs that vested in 2018 as well as the amount paid for performance-based cash incentive units in 2018. The amounts reflected in this column attributable to performance-based restricted stock units and the related accrued DEUs are as follows: Mr. Murphy, \$2,369,603; Mr. Marchioni, \$1,436,125; and Mr. Lanza, \$682,186. The amounts reflected in the table attributable to performance-based cash incentive units are as follows: Mr. Murphy, \$2,994,420; Mr. Marchioni, \$1,814,800; and Mr. Lanza, \$862,030.

PENSION BENEFITS

SICA maintains a tax-qualified non-contributory defined benefit pension plan, the Retirement Income Plan. Many SICA employees, including the NEOs (other than Mr. Wilcox, whose employment commenced on January 1, 2017) and certain former employees whose employment commenced on or before December 31, 2005, are eligible to receive benefits under the Retirement Income Plan. SICA also maintains the unfunded Selective Insurance Supplemental Pension Plan ("SERP") to provide supplemental benefits to certain executives and other participants in the Retirement Income Plan equal to the difference between: (i) the benefits payable to these participants under the Retirement Income Plan, calculated without regard to Code limitations on annual amounts payable under the Retirement Income Plan; and (ii) the actual benefits payable to these participants under the Retirement Income Plan.

The Retirement Income Plan and the SERP were frozen in the first quarter of 2013, when both plans were amended to cease accrual of additional benefits under these plans for all participants as of March 31, 2016. Participants as of March 31, 2016 remain entitled to the benefits already earned but have not earned additional benefits since that date, and no new participants have been admitted to the plans.

The Retirement Income Plan was amended as of July 1, 2002, to provide for different calculations based on age and company service as of that date. Monthly benefits payable at normal retirement age under the Retirement Income Plan and SERP for the NEOs are computed as follows. Defined terms used in this section, but not defined in this Proxy Statement, have the meanings given to them in the Retirement Income Plan.

If a participant: (i) completed at least five years of Vesting Service on or before July 1, 2002; and (ii) the sum of a participant's age and Vesting Service is 55 or more on or before July 1, 2002, a participant's benefit is equal to the sum of: (a) 2% of Average Monthly Compensation, less 1 3/7% of Primary Social Security benefit multiplied by the number of years of Benefit Service through June 30, 2002 (up to 35 years) reduced by the monthly amount, if any, of retirement annuity payable under the group annuity contract issued by AXA Equitable Life Insurance Company that was purchased under a prior terminated defined benefit pension plan, based on Benefit Service as of June 30, 2002, but including compensation earned after such date; and (b) 1.2% of Average Monthly Compensation multiplied by the number of years of Benefit Service after June 30, 2002.

If a participant first became eligible for the plan before July 1, 2002, but did not qualify for 1 above, the participant's benefit is equal to the greater of: (i) the benefit accrued as of June 30, 2002 equal to 2% of Average Monthly Compensation less 1 3/7% of Primary Social Security Benefit multiplied by years of Benefit Service reduced by the monthly amount, if any of retirement annuity payable under the group annuity contract issued by AXA Equitable Life Insurance Company that was purchased under a prior terminated defined benefit pension plan, based on Benefit Service as of June 30, 2002, but including compensation earned after such date for purposes of determining the participant's Average Monthly compensation; and (ii) 1.2% of Average Monthly Compensation multiplied by years of Benefit Service.

3. If a participant first became a participant in the plan after July 1, 2002, the benefit is equal to 1.2% of Average Monthly Compensation multiplied by years of Benefit Service.

The earliest retirement age is 55 with 10 years of service or the attainment of 70 points (age plus years of service). If a participant chooses to begin receiving benefits before his or her 65th birthday, the amount of the monthly benefit will be reduced as follows:

By 1/180th for each complete calendar month for the first 60 months by which the first early retirement benefit payment precedes the attainment of Normal Retirement Age (age 65);

By 1/360th for each complete calendar month for the next 60 months by which the first early retirement benefit payments precede Normal Retirement Age; and

By 40% plus 1/600th per month for each month before age 55.

At retirement, participants receive monthly pension payments. There are four optional forms of payments that can be chosen as alternatives to the normal form of payment, which for a married participant is an automatic 50% joint and surviving spouse annuity, and for an unmarried participant is a single life annuity.

The following table shows information regarding the pension benefits of our NEOs:

<u>Name</u>	<u>Early Retirement Eligible</u>	<u>Plan Name</u>	<u>Number of Years Credited Service (#)⁽¹⁾</u>	<u>Present Value of Accumulated Benefit (\$)⁽²⁾</u>	<u>Payments During Last Fiscal Year (\$)</u>
Gregory E. Murphy	Yes	Retirement Income Plan	34.83	1,659,527	0
		SERP	34.83	4,674,341	0
Mark A. Wilcox⁽³⁾	No	N/A	N/A	N/A	N/A
		N/A	N/A	N/A	N/A
John J. Marchioni	No	Retirement Income Plan	17.25	344,857	0
		SERP	17.25	558,592	0
Michael H. Lanza	Yes	Retirement Income Plan	10.67	294,731	0
		SERP	10.67	281,511	0

⁽¹⁾ The Retirement Income Plan imposes a one-year waiting period for plan participation, which year is not included in years of credited service.

⁽²⁾ Present value as of December 31, 2018 is calculated on the basis of Normal Retirement Age of 65 using a 4.46% discount rate. For further discussion, see Note 14. "Retirement Plans" in Item 8. "Financial Statements and Supplementary Data." of Selective's Annual Report on Form 10-K for the year ended December 31, 2018.

⁽³⁾ As noted above, based on Mr. Wilcox's date of hire of January 1, 2017, he is not eligible to participate in the Retirement Income Plan or the SERP.

NONQUALIFIED DEFERRED COMPENSATION

The Deferred Compensation Plan allows participants to defer receipt of up to 50% of base salary and up to 100% of their annual bonus (subject to certain limitations to provide for required tax withholding). Participant accounts are credited with a notional rate of return (positive or negative) based on the performance of investment options selected by the participants from a menu of notional investment options. Participants can elect to schedule in-service

withdrawals or withdrawals upon separation from service.

SICA makes matching contributions to a participant's Deferred Compensation Plan account to supplement matching contributions under the Retirement Savings Plan. For 2018, such matching contributions consisted of 100% of the first 3% of base salary and 50% of the next 3% of base salary deferred to the Retirement Savings Plan and the Deferred Compensation Plan together, minus any matching contribution made to a participant's Retirement Savings Plan account. Effective January 1, 2010, the Deferred Compensation Plan was amended for participants ineligible to participate in the Retirement Income Plan to provide a non-elective contribution to the extent not made to a participant's Retirement Savings Plan account due to the limitations under the Code and the Retirement Savings Plan. The non-elective contribution to the Deferred Compensation Plan is equal to 4% of a participant's base salary, minus any non-elective contribution made to the Retirement Savings Plan. In conjunction with the amendment of the Retirement Income Plan and the SERP to cease accrual of further benefits under these plans effective as of March 31, 2016, all participants affected by the curtailment, including the NEOs, became eligible for the non-elective contribution effective April 5, 2013.

⁽¹⁾ Amounts in this column are attributable to 2018 salary deferred by Messrs. Murphy, Wilcox, Marchioni, and Lanza, and are included in the Salary column of the Summary Compensation Table.

⁽²⁾ All amounts in this column are included in the All Other Compensation column of the Summary Compensation Table.

⁽³⁾ Amounts in this column are not included in the Summary Compensation Table because such earnings or losses were not above-market or preferential.

⁽⁴⁾ Amounts in this column include the following aggregate contributions of the NEOs and SICA to the Deferred Compensation Plan in 2018, which amounts are included in the Summary Compensation Table:

For 2016: Mr. Murphy, \$104,448; Mr. Wilcox, \$0; Mr. Marchioni, \$75,137; and Mr. Lanza, \$49,159.

For 2017: Mr. Murphy, \$105,377; Mr. Wilcox, \$30,254; Mr. Marchioni, \$77,004; and Mr. Lanza, \$44,627.

For 2018: Mr. Murphy, \$105,075; Mr. Wilcox, \$32,625; Mr. Marchioni, \$76,825; and Mr. Lanza, \$49,725.

EMPLOYMENT AGREEMENTS AND POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

SICA entered into amended employment agreements with: (i) Messrs. Murphy and Lanza as of December 23, 2008; (ii) Mr. Marchioni as of September 10, 2013 in connection with his election as President and Chief Operating Officer; and (iii) Mr. Wilcox as of January 1, 2017 in connection with his commencement of employment (collectively, the “Employment Agreements”). The following table summarizes the principal provisions of the Employment Agreements:

Term	Initial three-year term, automatically renewed for additional one-year periods unless terminated by either party with written notice. ⁽¹⁾
Compensation	Base salary. ⁽²⁾
Benefits	Eligible to participate in incentive compensation plan, stock plan, 401(k) plan, and any other stock option, stock appreciation right, stock bonus, pension, group insurance, retirement, profit sharing, medical, disability, accident, life insurance, relocation plan or policy, or any other plan, program, policy or arrangement of Selective or SICA intended to benefit SICA’s employees generally.
Vacation and Reimbursements	Vacation time and reimbursements for ordinary travel and entertainment expenses in accordance with SICA’s policies.
Perquisites	Suitable offices, secretarial and other services, and other perquisites to which other executives of SICA are generally entitled.

§ For Cause or Resignation by NEO other than for Good Reason: Salary and benefits accrued through termination date.

§ Death or Disability: Multiple⁽³⁾ of: (i) NEOs salary; plus (ii) average of three most recent annual cash incentive payments; provided that any such severance payments be reduced by life or disability insurance payments under policies with respect to which SICA paid premiums, paid in 12 equal installments.

§ Without Cause by SICA, Relocation of Office over 50 Miles (without NEOs consent), Resignation for Good Reason by CEO:

Severance and Benefits
on Termination without
Change in Control

o Multiple⁽³⁾ of: (i) NEOs salary; plus (ii) average of three most recent annual cash incentive payments paid in 12 equal installments.

o Medical, dental, vision, disability, and life insurance coverage in effect for NEO and dependents until the earlier of specified period of months⁽⁴⁾ following termination or commencement of equivalent benefits from a new employer.

§ Stock Awards: Except for termination for Cause or resignation by the NEO other than for relocation of office over 50 miles (without NEOs consent), immediate vesting and possible extended exercise period, as applicable, for any previously granted stock options, stock appreciation rights, cash incentive units, restricted stock, restricted stock units, and stock bonuses. Such immediate vesting and possible extended exercise periods shall also apply to a resignation by the CEO for Good Reason.

For termination without Cause or resignation for Good Reason by: (i) CEO at any time; or (ii) other NEO within two years following a Change in Control (as defined in the Employment Agreement), NEO is entitled to:

§ Severance payment equal to multiple⁽⁵⁾ of the greater of: (i) NEOs salary plus target annual cash incentive payment; or (ii) NEOs salary plus the average of NEOs annual cash incentive payments for the three calendar years prior to the calendar year in which the termination occurs, paid in lump sum.

Severance and Benefits
on Termination after
Change in Control

§ Medical, dental, vision, disability, and life insurance coverage in effect for NEO and dependents until the earlier of period of months⁽⁶⁾ following termination or commencement of equivalent benefits from a new employer.

§ Stock awards, same as above, except that the initial number of cash incentive units is multiplied by 150%.

§ Tax gross-up payment, if necessary, to offset any excise tax imposed on NEO (other than Messrs. Marchioni and Wilcox, whose employment agreements do not contain this provision) for such payments or benefits.

Release; Confidentiality
and Non-Solicitation

§ Receipt of severance payments and benefits conditioned upon:

o Entry into release of claims; and

o No disclosure of confidential or proprietary information, or solicitation of employees to leave Selective or its subsidiaries for a period of two years following the termination of the

Employment Agreement, and for Messrs. Marchioni and Wilcox, assignment of intellectual property rights.

(1) The Employment Agreements automatically renewed for additional one-year periods on April 25, 2018 for Mr. Murphy, on July 26, 2018 for Mr. Lanza, and on September 10, 2018 for Mr. Marchioni. Mr. Wilcox's Employment Agreement will automatically renew on January 1, 2020.

(2) As of February 19, 2018, the annual base salaries for the NEOs were as follows: Mr. Murphy, \$950,000; Mr. Wilcox, \$600,000; Mr. Marchioni, \$800,000; and Mr. Lanza, \$540,000.

(3) For Messrs. Murphy and Marchioni the multiple is 2 and for Messrs. Wilcox and Lanza the multiple is 1.5.

(4) For Messrs. Murphy and Marchioni the period is 24 months and for Messrs. Wilcox and Lanza the period is 18 months.

(5) For Messrs. Murphy and Marchioni the multiple is 2.99 and for Mr. Lanza the multiple is 2. For Mr. Wilcox, the calculation for the severance payment is 1.5 times the sum of his salary and the average of his annual cash incentive payments for the three calendar years prior to the calendar year in which the termination occurs.

(6) For Messrs. Murphy and Marchioni the period is 36 months, for Mr. Wilcox the period is 18 months, and Mr. Lanza the period is 24 months.

The following table shows information regarding payments and benefits to which our NEOs would be entitled under the scenarios shown as of December 31, 2018:

⁽¹⁾ Other than a resignation for Good Reason.

⁽²⁾ This column includes the value of vested and unvested performance-based restricted stock units granted under the Omnibus Stock Plan and any related accrued DEUs. These performance-based awards would normally vest upon: (i) achievement of early or normal retirement eligibility or continuation in service through the end of the applicable performance period; and (ii) the achievement of the specified performance goals applicable to each such award, and be payable following the end of the applicable three-year performance period. Restricted stock unit and cash incentive unit awards granted to Messrs. Murphy and Lanza have vested, but their ultimate payment value will only be determined upon achievement of the performance condition, as each of these NEOs have attained early retirement eligibility. Also included in this column is the value of performance-based cash incentive units awarded under the Cash Incentive Plan to the NEOs. The value of such awards is calculated using: (i) the target 100% unit multiplier for the number of cash incentive units granted; and (ii) the per unit value at December 31, 2018. Under the Cash Incentive Plan, participants' awards, including the NEOs' awards, would fully vest upon achievement of early or normal retirement eligibility or continuation in service through the end of the payment date and be payable following the end of the applicable three-year performance period.

⁽³⁾ This column includes the value of unvested performance-based restricted stock units granted under the Omnibus Stock Plan and any related accrued DEUs. In the event of total disability, these performance-based awards would normally vest for all participants, including the NEOs, upon the achievement of the specified performance goals applicable to each such award, and be payable following the end of the applicable three-year performance period. In the event of death, these performance-based awards are immediately vested and payable for all participants, including the NEOs. Also included in this column is the value of performance-based cash incentive units awarded under the Cash Incentive Plan to the NEOs. The value of such awards is calculated using: (i) the target 100% unit multiplier for the number of cash incentive units granted; and (ii) the per unit value at December 31, 2018. Under the Cash Incentive Plan, participants' awards, in the event of total disability, including the NEOs' awards, would fully vest and be payable following the end of the applicable three-year performance period. This column also includes the severance payment provided for in each NEO's Employment Agreement. Payments in this column will be reduced by life or disability insurance payments under policies for which SICA paid premiums.

(4) This column includes the value of unvested performance-based restricted stock units granted under the Omnibus Stock Plan and any related accrued DEUs. These performance-based awards would normally vest upon: (i) a termination without Cause or Resignation for Good Reason; and (ii) the achievement of the specified performance goals applicable to each such award, and be payable following the end of the applicable three-year performance period. Also included in this column is the value of performance-based cash incentive units awarded under the Cash Incentive Plan to the NEOs. The value is calculated using: (i) the target 100% unit multiplier for the number of cash incentive units granted; and (ii) the per unit value at December 31, 2018. The awards would fully vest and be payable following the end of the applicable three-year performance period. Also included in this column are the severance payment and the value of applicable medical, dental, vision, disability, and life insurance coverages, as provided for in each respective NEO's Employment Agreement.

(5) This column includes the value of unvested performance-based restricted stock units granted under the Omnibus Stock Plan, and any related accrued DEUs, which would immediately vest and be payable upon a termination of employment following a change in control. This column also includes the value of performance-based cash incentive units awarded under the Cash Incentive Plan to the NEOs, all of which would vest upon a termination of employment following a change in control. The value of such awards is calculated using: (i) a 150% per unit multiplier; and (ii) the per unit value at December 31, 2018. Also included in this column are the severance payment and the value of applicable medical, dental, vision, disability, and life insurance coverages, as provided for

in each NEO's Employment Agreement. This column also includes the value of any tax gross-up payment necessary to offset any excise tax imposed on the payment and benefits disclosed in this column, other than for Messrs. Marchioni and Wilcox whose employment agreements do not contain this provision.

CEO PAY RATIO

As a result of rules adopted under the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010 (the "Dodd-Frank Act"), the SEC requires disclosure of the CEO to median employee pay ratio. We identified the median employee in 2017 by tabulating 2017 W-2 Medicare Wages on October 31, 2017. We included all employees, whether employed full-time, part-time, or seasonally. We did not make any adjustments or annualize compensation for employees who we did not employ for all of 2017. We believe the use of W-2 Medicare Wages is a simple and consistent methodology that we can easily replicate in future years. To determine if it was appropriate to use the same median employee for 2018 as in 2017, we considered that we had: (i) no significant acquisitions or divestitures during 2018; (ii) no significant reductions in workforce or notable employee turnover in 2018; and (iii) no material changes in the median employee's circumstances, pay, or employment status.

We analyzed the median employee's 2018 W-2 Medicare Wages compared to 2017 to confirm there were no significant changes in the median employee's compensation arrangements year-over-year. Based on these results, the lack of change in our employee population and compensation arrangements, and consistent with applicable SEC regulations, we did not change our median employee for 2018.

Mr. Murphy's 2018 total compensation was \$4,946,192 (as reflected in the Summary Compensation Table), and our median employee's 2018 total compensation was \$101,980. Mr. Murphy's 2018 total compensation was approximately 48.5 times that of our median employee.

DIRECTOR COMPENSATION

We compensate non-employee directors for their service on the Board with a combination of cash and equity, the amounts of which are commensurate with their role and involvement, and consistent with peer company practices. In setting director compensation, we consider the significant amount of time and effort our directors expend in fulfilling their duties, as well as the skill level required of members of our Board. We intend to compensate our non-employee directors in a way that is competitive, attracts and retains a high caliber of directors, and aligns their interests with those of our stockholders. Mr. Murphy, our Chief Executive Officer in fiscal year 2018, did not receive additional compensation for his service as a director.

The SEBC, which is comprised solely of independent directors, has the primary responsibility for reviewing and approving compensation for non-employee directors, including, but not limited to, the following elements: retainer, meeting fees, committee fees, committee chair fees, lead independent director fees, and equity and stock compensation. In October 2017, the SEBC undertook a review of the amount and form of compensation paid to our non-employee directors for their service on the Board. The SEBC considered the results of an independent analysis completed by the Compensation Consultant, who reviewed non-employee director compensation trends and data from companies comprising the peer group used by the SEBC in its review of executive compensation. After further consultation with the Compensation Consultant, in light of peer data and the amount of responsibility of the positions, the SEBC increased each of the Audit Committee Annual Chairperson Fee and Annual Lead Independent Director Fee to \$25,000, from \$15,000, for 2018. The SEBC made no other changes to the non-employee directors' compensation program for fiscal year 2018.

The following table shows compensation earned by or paid to our non-employee directors during 2018.

⁽⁵⁾ Ms. Mitchell was appointed to Selective's Board effective as of March 9, 2018.

The following table summarizes the types and amounts of compensation paid to our non-employee directors in 2018:

<u>Type of Compensation</u>	<u>Amount</u>
Annual Retainer Fee	\$70,000
Grant Date Fair Value of Annual Equity Award	\$80,023
Board Meeting Attendance	\$0
Committee Attendance Fee	
	\$1,500
In person	
	\$1,000
By telephone	
Annual Chairperson Fee	
Audit Committee	\$25,000
Corporate Governance and Nominating Committee	\$7,500
Finance Committee	\$9,000
Salary and Employee Benefits Committee	\$14,000
Lead Independent Director Fee	\$25,000
Expenses	Reasonable

As the Director Compensation table above shows, in 2018 the non-employee directors received compensation in the forms of restricted stock units and cash for their director service. The SEBC annually reviews and approves the compensation for non-employee directors, including the Annual Retainer Fee. For 2018, non-employee directors had the election to receive up to 100% of their Annual Retainer Fee in shares of Selective common stock. Any remaining balance of the Annual Retainer Fee was paid in cash. Non-employee directors made this election by

December 15, 2017. The Annual Retainer Fee was paid in one installment on the second business day following Selective's 2018 Annual Meeting of Stockholders.

For 2018, the annual equity grant under Selective's director compensation program was made entirely in restricted stock units granted under the Omnibus Stock Plan. Shares of Selective common stock paid to directors as a portion of their Annual Retainer Fee were issued under the Omnibus Stock Plan. Committee Attendance Fees, Annual Chairperson Fees, and the Lead Independent Director Fee were paid in cash pursuant to the table above.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

No member of the Salary and Employee Benefits Committee: (i) was a Selective officer or employee in 2018; (ii) is a former Selective officer; or (iii) entered into any transaction in 2018 requiring disclosure under the section entitled, “Transactions with Related Persons.”

No Selective executive officer served as a member of the compensation committee of another entity, or as a director of another entity, one of whose executive officers served on the Salary and Employee Benefits Committee or as a director of Selective.

COMPENSATION COMMITTEE REPORT

The Salary and Employee Benefits Committee establishes general executive compensation policies and establishes the salaries and bonuses of Selective’s executive officers, including the Chief Executive Officer. The Salary and Employee Benefits Committee: (i) has reviewed and discussed the Compensation Discussion and Analysis with management; and (ii) based on this review and discussion, recommended to the Board of Directors, and the Board approved, the inclusion of the Compensation Discussion and Analysis in Selective’s Annual Report on Form 10-K for the year ended December 31, 2018 and this Proxy Statement.

Submitted by the Salary and Employee Benefits Committee of Selective’s Board of Directors,

John C. Burville, Chairperson	Cynthia S. Nicholson
Paul D. Bauer	Ronald L. O’Kelley
Terrence W. Cavanaugh	J. Brian Thebault
Michael J. Morrissey	

The Compensation Committee Report does not constitute soliciting material, and shall not be deemed to be filed or incorporated by reference into any other Selective filing under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent that Selective specifically incorporates the Compensation Committee Report by reference therein.

INFORMATION ABOUT PROPOSAL 2

As required under the Dodd-Frank Act, our Board of Directors provides Selective's stockholders the opportunity to vote annually to approve, on an advisory (non-binding) basis, the compensation of our named executive officers disclosed pursuant to the compensation disclosure rules of the SEC (also referred to as say-on-pay). Although the vote is non-binding, the Board and the SEBC value the opinions of our stockholders and will consider the outcome of this vote when making future compensation decisions for named executive officers. In 2018, our stockholders overwhelmingly supported our compensation decisions with approximately 97% of votes cast voting in favor of our say-on-pay proposal.

We urge stockholders to read the Compensation Discussion and Analysis section of this Proxy Statement, which discusses our compensation philosophy, policies, and procedures. The following resolution is being submitted to stockholders for approval at the Annual Meeting pursuant to Section 14A of the Exchange Act:

“RESOLVED, that the stockholders of Selective Insurance Group, Inc. (“Selective”) approve, on an advisory basis, the 2018 compensation of Selective’s named executive officers as such compensation is disclosed in this Proxy Statement pursuant to Item 402 of Regulation S-K or any successor thereto.”

If a majority of stockholders vote against this proposal, neither the Board nor the SEBC will be required to take any specific action because this vote is non-binding and advisory. Nonetheless, consistent with our record of stockholder responsiveness, the SEBC will consider our stockholders' concerns and take them into account in future determinations concerning our executive compensation programs. The Board of Directors recommends you indicate your support for the compensation of our named executive officers as outlined in the above resolution.

Board Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE “**FOR**” THE ADVISORY RESOLUTION APPROVING THE 2018 COMPENSATION OF OUR NAMED EXECUTIVE OFFICERS AS DISCLOSED IN THIS PROXY STATEMENT.

INFORMATION ABOUT PROPOSAL 3

**Ratification of Appointment of
Independent Registered Public Accounting Firm**

The Audit Committee has appointed KPMG LLP to act as Selective’s independent registered public accounting firm for the fiscal year ending December 31, 2019. The Audit Committee monitors the independence of the registered independent accounting firm and compliance with auditor partner rotation requirements. The Board of Directors has approved the appointment and has directed that the appointment be submitted to Selective’s stockholders for ratification at the Annual Meeting.

Stockholder ratification of the appointment of KPMG LLP as Selective’s independent registered public accounting firm is not required. The Board of Directors, however, is submitting the appointment to our stockholders for ratification as a matter of good corporate practice. If our stockholders do not ratify the appointment, the Audit Committee and the Board of Directors will reconsider whether to retain KPMG LLP or another firm. Even if our stockholders ratify the appointment, the Board of Directors may direct the appointment of a different auditing firm at any time during the 2019 fiscal year if the Board determines that such a change would be in the best interests of Selective and our stockholders.

Representatives of KPMG LLP are expected to be present at the Annual Meeting. They will have an opportunity to make a statement, if they so desire, and will be available to respond to appropriate questions.

Board Recommendation

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT STOCKHOLDERS VOTE “**FOR**” THE RATIFICATION OF THE APPOINTMENT OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2019.

FEES OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

KPMG LLP, Selective's independent registered public accounting firm, provided services in the following categories and amounts in 2018 and 2017:

Category	2018	2017
Audit Fees	\$1,680,000	\$1,574,500
Audit-Related Fees ⁽¹⁾	\$90,000	\$97,500
Tax Fees ⁽²⁾	\$6,370	\$23,918
All Other Fees ⁽³⁾	\$97,594	\$96,100
TOTAL	\$1,873,964	\$1,792,018

⁽¹⁾ Audit-Related Fees for: (i) 2018 primarily consisted of amounts associated with audits of our benefit plans for 2017, and other services; and (ii) 2017 consisted of amounts associated with audits of our benefit plans for 2016.

⁽²⁾ Tax Fees for 2018 and 2017 were for tax consulting services.

⁽³⁾ All Other Fees for 2018 and 2017 consisted of amounts associated with independent actuarial reviews and reserve opinions.

The Audit Committee has a pre-approval policy that requires pre-approval of audit, audit-related, and permitted non-audit services on an annual basis and authorizes the Audit Committee to delegate, to one or more of its members, pre-approval authority with respect to permitted services. The Audit Committee delegated the authority to pre-approve audit, audit-related, and permitted non-audit services by KPMG LLP to the Audit Committee Chairperson,

who is required to report any pre-approvals to the Audit Committee for ratification at its next meeting. In 2018, the Audit Committee pre-approved 100% of audit, audit-related, and permitted non-audit services, and concluded that KPMG LLP's provision of such services was compatible with the maintenance of KPMG LLP's independence in the conduct of its auditing functions.

AUDIT COMMITTEE REPORT

The Audit Committee oversees Selective's financial reporting processes on behalf of the Board of Directors. Management has the primary responsibility for overseeing the preparation of the financial statements and the overall reporting processes, including the systems of internal controls. In fulfilling its oversight responsibilities, the Audit Committee has:

Periodically met with and held discussions with management regarding the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in Selective's financial statements.

Reviewed and discussed the audited financial statements for the year ended December 31, 2018, included in the Annual Report on Form 10-K and any amendments thereto, with management, which represented to the Audit Committee that: (i) the financial statements were prepared in accordance with U.S. generally accepted accounting principles; and (ii) management had reviewed Selective's disclosure controls and procedures and believes those controls are effective.

Reviewed and discussed with KPMG LLP, Selective's independent registered public accounting firm, which is responsible for expressing an opinion on the conformity of those audited financial statements in accordance with U.S. generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of Selective's accounting principles and such other matters as are required to be discussed with the Audit Committee under Statements of the Public Company Accounting Oversight Board, including the Statement on Auditing Standards No. 1301, "Communications with Audit Committees" as adopted by the Public Company Accounting Oversight Board, as may be modified or supplemented.

Received the written disclosures and the letter from KPMG LLP required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communications with the Audit Committee concerning independence and has discussed with KPMG LLP its independence from Selective and its management.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors, and the Board approved, the inclusion of the audited financial statements in Selective's Annual Report on

Form 10-K and any amendments thereto for the year ended December 31, 2018.

Submitted by the Audit Committee of Selective's Board of Directors,

John S. Scheid, Chairperson	Thomas A. McCarthy
John C. Burville	H. Elizabeth Mitchell
Terrence W. Cavanaugh	Philip H. Urban
Robert Kelly Doherty	

The Audit Committee Report does not constitute soliciting material, and shall not be deemed to be filed or incorporated by reference into any other Selective filing under the Securities Act of 1933, as amended, or the Exchange Act, except to the extent that Selective specifically incorporates the Audit Committee Report by reference therein.

STOCKHOLDER PROPOSALS AND NOMINATIONS

Proposals for Inclusion in 2020 Proxy

From time to time, stockholders present proposals that may be proper subjects for inclusion in the proxy statement and for consideration at an annual meeting. Under SEC rules, for stockholder proposals submitted under Exchange Act Rule 14a-8 to be included in the proxy statement for the 2020 Annual Meeting of Stockholders, they must be received no later than November 26, 2019, by Selective's Corporate Secretary at 40 Wantage Avenue, Branchville, New Jersey 07890.

Other Proposals and Nominations

Selective's By-Laws require that a stockholder who otherwise intends to: (i) present a proposal outside of Rule 14a-8 under the Exchange Act; or (ii) nominate a director, must deliver notice to the Corporate Secretary, in proper written form and in accordance with the requirements of the By-Laws, not less than 120 days nor more than 150 days prior to the first anniversary of the preceding year's annual meeting. Accordingly, a notice of a stockholder proposal for the 2020 Annual Meeting of Stockholders, submitted outside of Rule 14a-8 under the Exchange Act, will be untimely if received by the Corporate Secretary before December 3, 2019 or after January 2, 2020.

* * * * *

It is important that your shares be represented at the meeting, regardless of the number of shares that you hold. ACCORDINGLY, YOU ARE URGED TO PROMPTLY VOTE YOUR SHARES BY: (1) COMPLETING, DATING, AND SIGNING THE ENCLOSED PROXY CARD AND RETURNING IT IN THE ENCLOSED ENVELOPE; (2) CALLING THE TOLL-FREE TELEPHONE NUMBER LISTED ON THE PROXY CARD; OR (3) ACCESSING THE INTERNET WEBSITE LISTED ON THE PROXY CARD. Stockholders who are present at the meeting may revoke their proxies and vote in person or, if they prefer, may abstain from voting in person and allow their proxies to be voted.

By Order of the Board of Directors:

Robyn P. Turner
Corporate Secretary
