KARKELA CONSTRUCTION, INC.

NOTES TO FINANCIAL STATEMENTS

December 31, 2004

NOTE A - THE COMPANY AND NATURE OF BUSINESS

Karkela Construction, Inc. (the Company) was formed on April 27, 1990, pursuant to the provisions of Minnesota Statutes Chapter 302A. The Company is in the business of constructing build-out improvements of medical facilities in the Minnesota area.

Edgar Filing: HEARTLAND, INC. - Form 8-K/A

On December 31, 2004, the sole stockholder sold all of his shares in the Company to Heartland, Inc.

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Cash and Cash Equivalents

The company considers all highly-liquid investments, with a maturity of three months or less when purchased, to be cash equivalents.

Net Income Per Common Share

The Company computes per share amounts in accordance with Statement of Financial Accounting Standards (SFAS) No. 128, Earnings per Share . SFAS No. 128 requires presentation of basic and diluted EPS. Basic EPS is computed by dividing the income (loss) available to Common Stockholders by the weighted-average number of common shares outstanding for the period. Diluted EPS is based on the weighted-average number of shares of Common Stock and Common Stock equivalents outstanding during the periods.

Property, Plant and Equipment

Property, plant and equipment is stated at cost and is depreciated using the straight line method over the estimated useful lives of the respective assets. Routine maintenance, repairs and replacement costs are expensed as incurred and improvements that extend the useful life of the assets are capitalized. When property, plant and equipment is sold or otherwise disposed of, the cost and related accumulated depreciation are eliminated from the accounts and any resulting gain or loss is recognized in operations.

Allowance for Doubtful Accounts

It is the company s policy to provide an allowance for doubtful accounts when it believes there is a potential for non-collectibility.

Revenue Recognition

Revenues from fixed-price and modified fixed-price construction contracts are recognized on the percentage-of-completion method, measured by the percentage of total cost incurred to date to estimated total cost for each contract. This method is used because management considers expended total cost to be the best available measure of progress on these contracts.

KARKELA CONSTRUCTION, INC.

NOTES TO FINANCIAL STATEMENTS (CONTINUED)

December 31, 2004

NOTE B - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

Revenue Recognition (Continued)

Revenues from cost-plus-fee contracts are recognized on the basis of costs incurred during the period plus the fee earned, measured by the cost-to-cost method.

Contracts to manage, supervise, or coordinate the construction activity of others are recognized only to the extent of the fee revenue. The revenue earned in a period is based on the ratio of total cost incurred to the total estimated total cost required by the contract.

Contract costs include all direct material and labor costs and those indirect costs related to contract performance, such as indirect labor, supplies, tools, repairs, and depreciation costs. Selling, general, and administrative costs are charged to expense as incurred. Provisions for estimated losses on uncompleted contracts are made in the period in which such losses are determined. Changes in job performance, job conditions, and estimated profitability, including those arising from contract penalty provisions, and final contract settlements may result in revisions to costs and income and are recognized in the period in which the revisions are determined. Profit incentives are included in revenues when their realization is reasonably assured. An amount equal to contract costs attributable to claims is included in revenues when realization is probable and the amount can be reliably estimated.

Edgar Filing: HEARTLAND, INC. - Form 8-K/A

The asset, Costs in excess of billings on uncompleted contracts, represents revenues recognized in excess of amounts billed. The liability, Billings in excess of costs on uncompleted contracts, represents billings in excess of revenues recognized.
