Final Arbitration Award

As previously disclosed by Servotronics, Inc. (the "Company") in filings with the Securities and Exchange Commission ("SEC"), certain claims had been pending between the Company and a former Executive Officer of the Company (the "Former Employee"), in connection with the termination of the Former Employee's employment agreement effective October 20, 2012. Such claims had been pending in an arbitration proceeding before a single arbitrator under the rules of the American Arbitration Association.

On February 23, 2015, the arbitrator issued a final award in favor of the Former Employee. Pursuant to the material provisions of the arbitration award, the Company is to pay the Former Employee \$5,201,067.68 representing the final amount of the arbitration award, interest at the annual rate of 9% calculated from September 2012 through the date of the final award and attorney's fees and disbursements. The amount of the arbitration award represented the present value of the Former Employee's calculation of his estimated total compensation for the remainder of the term of the employment agreement (through December 2018).

As of September 30, 2014, the Company had recorded an accrual of \$5,419,000 for this matter including an amount for projected post-retirement health related benefits under the employment contract.

Agreement with respect to Insurance Claim

As previously disclosed, the Company has an employment practices liability insurance policy in place with a national insurer. On February 20, 2015, the Company entered into an agreement with its insurance carrier pursuant to which the Company received \$4,500,000 from the carrier related to the Company's claim for insurance for damages the Company suffered in connection with the above arbitration proceeding. The insurance carrier also paid under the policy partial attorney fees incurred by the Company in defense of the arbitration. The Company expects to record the benefit from this agreement during the first quarter of 2015. The insurance proceeds will be used to pay the majority of the arbitration award with the remainder being paid by the Company using cash on hand.
