FOR IMMEDIATE RELEASE

ACETO CORPORATION ANNOUNCES FIRST QUARTER FINANCIAL RESULTS

LAKE SUCCESS, NY - November 9, 2005 - Aceto Corporation (NASDAQ:ACET), a global distributor of chemically-derived pharmaceuticals, biopharmaceuticals, specialty chemicals and agrochemicals, today announced results of operations for its first quarter ended September 30, 2005.

Net sales for the first quarter were \$75.0 million, compared to \$80.4 million in the first quarter of fiscal year 2005. This decline reflects the previously disclosed decrease in sales of two active pharmaceutical ingredients (APIs) due to intense competition. Sales of those two products in the first quarter of

Edgar Filing: ACETO CORP - Form 8-K

fiscal year 2006 were \$1.7 million, compared with \$11.8 million in the first quarter of fiscal year 2005, a decrease of \$10.1 million. The gross profit margin on net sales was essentially unchanged over the two periods. Net income was \$2.0 million, or \$0.08 per diluted share, in the first quarter of fiscal 2006, versus \$3.4 million, or \$0.14 per diluted share, in the same quarter last year. The decline in net income is largely attributable to the decrease in sales of the two APIs. (Prior year per share amounts have been adjusted for a 3-for-2 stock split, effected in the form of a dividend, paid January 10, 2005.)

Aceto also announces that it has reached a tentative legal settlement of a patent claim brought against it that required Aceto to take a charge of \$0.5 million in the quarter. This charge reduced first quarter earnings per share by \$0.02 per diluted share and was not anticipated when the Company issued earnings guidance of at least \$0.07 per diluted share for the quarter.

Aceto closed the first quarter in a strong financial position, highlighted by working capital of \$97.6 million, no long-term debt, and shareholders' equity of \$109.8 million at September 30, 2005.

Leonard S. Schwartz, Chairman, CEO, and President of Aceto, stated, "Apart from the decrease in sales of the two APIs, our business performed well during the first quarter. Without those two products, our sales grew 7% due primarily to the introduction of new Health Sciences products, steady growth in our Chemicals & Colorants segment and strength in our Agrochemicals segment."

Mr. Schwartz added, "We continue to focus on our initiatives in human and veterinary biopharmaceuticals. Although the FDA no longer plans to issue guidance before the end of 2005 regarding how approval of human generic biopharmaceuticals will be handled, we

firmly believe this market will emerge, and we continue to seek to develop products and markets in this area. With regard to veterinary biopharmaceuticals, the USDA is currently reviewing our applications to market a range of vaccines for companion animals. We hope to commence commercial sales towards the end of fiscal year 2006, subject to our receiving approvals on a timely basis."

Mr. Schwartz concluded, "In terms of financial guidance, we expect to earn a minimum of \$0.05 per diluted share in the second quarter of fiscal year 2006. The second quarter results will again reflect reduced sales of the two APIs mentioned above, which contributed \$6.6 million in sales in the second quarter of fiscal year 2005. The second quarter guidance also includes a \$0.01 per diluted share charge for exiting the facility previously occupied by the Institutional Sanitary Supplies segment. We remain optimistic about the long-term strategic direction and prospects of Aceto."
