The Administrative Committee

Heidrick & Struggles, Inc. 401(k) Profit Sharing and Retirement Plan:

We have audited the accompanying statements of net assets available for benefits of Heidrick & Struggles, Inc. 401(k) Profit Sharing and Retirement Plan (the Plan) as of December 31, 2002 and 2001, and the related statement of changes in net assets available for benefits for the year ended December 31, 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits as of December 31, 2002 and 2001, and the changes in net assets available for benefits for the year ended December 31, 2002, in conformity with accounting principles generally accepted in the United States of America.

Our audits were performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedules, Schedule H, Line 4i Schedule of Assets (Held at End of Year) as of December 31, 2002 and Schedule H, Line 4j Schedule of Reportable Transactions for the year ended December 31, 2002, are presented for the purpose of additional analysis and are not a required part of the basic financial statements but are supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. Those supplemental schedules are the responsibility of the Plan's management. The supplemental schedules have been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

401(k) PROFIT SHARING AND RETIREMENT PLAN

Notes to Financial Statements

(1) Description of Plan

The following description of the Heidrick & Struggles, Inc. 401(k) Profit Sharing and Retirement Plan (the Plan) provides only general information. Participants should refer to the plan document for a more complete description of the Plan's provisions.

General

The Plan was established as of January 1, 1989, as the result of the merger of the Heidrick & Struggles 401(k) Profit Sharing Plan and the Heidrick & Struggles, Inc. Pension Plan. The plan sponsor is Heidrick & Struggles, Inc. (the Company), a wholly owned subsidiary of Heidrick & Struggles International, Inc. (HSII). The Plan is a defined contribution plan established for the benefit of the Company's eligible employees and the eligible employees of any other organization designated by HSII's Board of Directors.

The Plan provides for elective contributions on the part of the participating employees and for employer matching contributions. The Plan extends coverage to each employee of the participating employers who have completed three months of service and attained age 21. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended, and provisions of the Internal Revenue Code of 1986 as it pertains to plans intended to qualify under Section 401(a) of that Code.

Vanguard Fiduciary Trust Company (VFTC) is the trustee of the Plan under a contractual agreement with the Company. VFTC maintains all records of the Plan and assumes responsibility for proper allocation of income among all participants' accounts in the Plan. The Plan is administered by an Administrative Committee, which is appointed by HSII's Board of Directors.

Contributions

After completing three months of service and attaining age 21, participants may contribute up to 50% of their eligible compensation up to the maximum allowed by the Internal Revenue Code (IRC). For 2002 and 2001, the Company matched contributions of those employees with one year of service on a two-for-one basis up to a maximum Company contribution of \$2,000 per participant. Additionally, the Company has the option of making discretionary contributions to participants with one year of service. This discretionary amount is determined each year by the Company. For the 2002 and 2001 plan years, the Company elected not to make a discretionary contribution.

Vesting and Forfeitures

Participants are immediately vested in their voluntary contributions as well as in their employer's matching contributions and earnings thereon. Vesting in the Company's discretionary contributions and earnings thereon commences after three years of service (at least 1,000 hours per year) according to the following schedule: 20% vested after three years of service, 40% vested after four years of service, 60% vested after five years of service, 80% vested after six years of service, and 100% vested after seven years of service. Nonvested portions of Company discretionary contributions are forfeited as of a participant's termination date and are offset against the Company's contribution. For the 2002 plan year, forfeitures, and earnings thereon, applied to the Company's contribution totaled \$153,142.

401(k) PROFIT SHARING AND RETIREMENT PLAN

Notes to Financial Statements

In Addendums to the Plan dated June 18, 2001 and October 29, 2001 the Plan was amended to permit certain participants to receive accelerated vesting on any unvested portions of their account so long as they satisfied certain conditions of eligibility.

Participant Accounts

Participants may direct their account balance among the various investment options offered by the Plan. Each participant's account is credited with the participant's contributions, the Company's matching contributions, and an allocation of the Company's discretionary contribution and plan earnings. Allocations are based on participant earnings or account balances, as defined in the plan document. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.

Payment of Benefits

When a participant terminates his/her employment with the Company and elects to receive a distribution, the participant's vested account may (a) be rolled over to a qualified plan, (b) be distributed as a lump-sum amount, (c) be applied toward the purchase of various types of annuities, or (d) be distributed in equal monthly or annual installments over a period not to exceed the life expectancy of the participant.

Loans to Participants

Participants may borrow the lesser of \$50,000 or one-half of their vested account balance in the Plan, exclusive of the Heidrick & Struggles International, Inc. Stock Fund, with a minimum loan amount of \$1,000. Loans are repayable through payroll deductions over periods ranging up to 60 months. Loans are secured by the balance in the participant's account and bear interest at the prime rate plus 1%. Principal and interest are paid ratably through payroll deductions.

Plan Termination

Although it has not expressed an interest to do so, the Company has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their accounts.

(2) Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan have been prepared using the accrual basis of accounting in accordance with accounting principles generally accepted in the United States of America.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, and the reported amounts of additions to and deductions from net assets available for benefits during the reporting period. Actual results could differ from those estimates.
