PROXY STATEMENT

INTRODUCTION

The Board of Directors of First PacTrust Bancorp, Inc. is using this proxy statement to solicit proxies from the holders of the Company's common stock for use at the upcoming Annual Meeting of Shareholders. The meeting will be held on Wednesday, April 21, 2004 at 9:00 a.m., local time, at the Bonita Golf Club, located at 5540 Sweetwater Road, Bonita, California. At the meeting, shareholders will be asked to vote on one proposal: the election of two directors of the Company, each to serve for a term of three years. This proposal is described in more detail below. Shareholders also will consider any other matters that may properly come before the meeting, although the Board of Directors knows of no other business to be presented. Some of the information in this proxy statement relates to Pacific Trust Bank, a wholly owned subsidiary of the Company. Pacific Trust Bank may be referred to from time to time in this proxy statement as the Bank.

By submitting your proxy, you authorize the Company's Board of Directors to represent you and vote your shares at the meeting in accordance with your instructions. The Board also may vote your shares to adjourn the meeting from time to time and will be authorized to vote your shares at any adjournments or postponements of the meeting.

The Company's Annual Report to Shareholders for the fiscal year ended December 31, 2003, which includes the Company's audited financial statements, is enclosed. Although the Annual Report is being mailed to shareholders with this proxy statement, it does not constitute a part of the proxy solicitation materials and is not incorporated into this proxy statement by reference.

This proxy statement and the accompanying materials are being mailed to shareholders on or about March 24, 2004.

Your vote is important. Whether or not you plan to attend the meeting, please submit your proxy promptly in the enclosed envelope.

INFORMATION ABOUT THE ANNUAL MEETING

What is the purpose of the annual meeting?

At the annual meeting, shareholders will be asked to vote on the following proposal:

Proposal 1. Election of two directors of the Company, each for a term of three years.

The shareholders also will act on any other business that may properly come before the meeting. Members of our management team will be present at the meeting to respond to your questions.

Who is entitled to vote?

The record date for the meeting is March 12, 2004. Only shareholders of record at the close of business on that date are entitled to notice of and to vote at the meeting. The only class of stock entitled to be voted at the meeting is the Company's common stock. Each outstanding share of common stock is entitled to one vote on each matter presented at the meeting. At the close of business on the record date, there were 4,969,600 shares of common stock outstanding.

Table of Contents

What if my shares are held in street name by a broker?

If your shares are held in street name by a broker, your broker is required to vote your shares in accordance with your instructions. If you do not give instructions to your broker, your broker will nevertheless be entitled to vote your shares with respect to discretionary items, but will not be permitted to vote your shares with respect to non-discretionary items. In the case of non-discretionary items, your shares will be treated as broker non-votes. Whether an item is discretionary is determined by the exchange rules governing your broker. Each of the proposals described in this proxy statement is considered a discretionary item under the Nasdaq Stock Market rules.

What if my shares are held in the Company's Employee Stock Ownership Plan?

If you are a participant in the Company's Employee Stock Ownership Plan, the plan trustee is required to vote the shares allocated to your account under the plan in accordance with your instructions. If you do not instruct the trustee how to vote your allocated shares, the trustee may vote your allocated shares in its sole discretion. The trustee must vote the unallocated shares in the same proportion as it is instructed to vote the allocated shares. For example, if on a particular proposal the trustee was instructed to vote 60% of the allocated shares FOR, 35% of the allocated shares AGAINST and 5% of the allocated shares ABSTAIN, the trustee would vote 60% of the unallocated shares FOR, 35% of the unallocated shares AGAINST and 5% of the unallocated shares ABSTAIN.

How many shares must be present to hold the meeting?

A quorum must be present at the meeting for any business to be conducted. The presence at the meeting, in person or by proxy, of the holders of at least one-third of the shares of common stock outstanding on the record date will constitute a quorum. Proxies received but marked as abstentions or broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting.

What if a quorum is not present at the meeting?

If a quorum is not present at the scheduled time of the meeting, the shareholders who are represented may adjourn the meeting until a quorum is present. The time and place of the adjourned meeting will be announced at the time the adjournment is taken. An adjournment will have no effect on the business that may be conducted at the meeting.

How do I vote?

1. **YOU MAY VOTE BY MAIL.** If you properly complete and sign the accompanying proxy card and return it in the enclosed envelope, it will be voted in accordance with your instructions.

2. ***YOU MAY VOTE IN PERSON AT THE MEETING.*** If you plan to attend the annual meeting and wish to vote in person, we will give you a ballot at the annual meeting. Note, however, that if your shares are held in the name of your broker, bank or other nominee, you will need to obtain a proxy from the holder of your shares indicating that you were the beneficial owner of those shares on March 12, 2004, the record date for voting at the meeting. You are encouraged to vote by proxy prior to the meeting even if you plan to attend the meeting.

Can I change my vote after I submit my proxy?

Yes, you may revoke your proxy and change your vote at any time before the polls close at the meeting by:

signing another proxy with a later date;

giving written notice of the revocation of your proxy to the Company's Secretary prior to the annual meeting; or

voting in person at the annual meeting. Your proxy will not be automatically revoked by your mere attendance at the meeting; you must actually vote at the meeting to revoke a prior proxy.

Table of Contents

How does the Board of Directors recommend I vote on the proposals?

Your Board of Directors recommends that you vote:

FOR the election of the two director nominees to the Board of Directors.

What if I do not specify how my shares are to be voted?

If you submit an executed proxy but do not indicate any voting instructions, your shares will be voted:

FOR the election of the two director nominees to the Board of Directors.

Will any other business be conducted at the meeting?

The Board of Directors knows of no other business that will be presented at the meeting. If, however, any other proposal properly comes before the shareholders for a vote at the meeting, the Board of Directors, as holder of your proxy, will vote your shares in accordance with its best judgment.

How many votes are required to elect the director nominees?

The affirmative vote of a plurality of the votes cast at the meeting is required to elect the nominees as directors. This means that the two director nominees will be elected if they receive more affirmative votes than any other persons nominated for election. No persons have been nominated for election other than the two nominees named in this proxy statement. If you vote **Withheld** with respect to the election of one or more nominees, your shares will not be voted with respect to the person or persons indicated, although they will be counted for purposes of determining whether there is a quorum.

What happens if a nominee is unable to stand for election?

If a nominee is unable to stand for election, the Board of Directors may either reduce the number of directors to be elected or select a substitute nominee. If a substitute nominee is selected, the Board of Directors, as holder of your proxy, will vote your shares for the substitute nominee unless you have withheld authority to vote for the nominee replaced.

How will abstentions be treated?

If you abstain from voting, your shares will still be included for purposes of determining whether a quorum is present. Because directors will be elected by a plurality of the votes cast, abstaining is not offered as a voting option for Proposal 1.

How will broker non-votes be treated?

Shares treated as broker non-votes on one or more proposals will be included for purposes of calculating the presence of a quorum but will not be counted as votes cast. Consequently, broker non-votes will have no effect on Proposal 1. If, as expected, Proposal 1 is considered a discretionary item, there will be no broker non-votes on this proposal.

Stock Ownership of Significant Shareholders, Directors and Executive Officers

The following table shows, as of March 12, 2004, the beneficial ownership of the Company's common stock by:

any persons or entities known by management to beneficially own more than five percent of the outstanding shares of Company common stock;

each director and director nominee of the Company;

each executive officer of the Company and the Bank named in the Summary Compensation Table appearing below; and

Such shares, however, are not deemed outstanding for the purpose of computing the percentage ownership of any other person.

The Board of Directors of the Company has standing Executive, Audit, Compensation and Nominating Committees. The Board of Directors has adopted written charters for the Audit Committee and the Nominating Committee. The Board of Directors also adopted a Code of Business Conduct and Ethics that applies to all directors, officers and employees. You may obtain a copy of these documents free of charge by writing to the Corporate Secretary of the Company, 610 Bay Boulevard, Chula Vista, California 91910 or by calling (619) 691-9741. These documents are also available on the Company's website at www.firstpactrustbancorp.com/corporate_governance. In addition the Code of Business Conduct and Ethics has been filed with the SEC as Exhibit 14 to the Company's Annual Report on Form 10-K for the year ended December 31, 2003. The charters for the Audit Committee and the Nominating Committee are attached to this proxy statement as Appendices A and B, respectively.

The Board has determined that Directors Majors, Whitacre, Burke, Purdy and Scholz, constituting a majority of the Board members, are independent directors, as that term is defined in the Nasdaq listing standards. Shareholders may communicate with any of the independent directors by sending written communications to the Company, addressed to the individual director.

The Executive Committee is comprised of Directors Majors, Burke, Purdy and Ganz. The Executive Committee meets on an as needed basis and is empowered to act on behalf of the entire board. This committee did not meet in 2003.

reviewing significant financial information for the purpose of giving added assurance that the information is accurate and timely and that it includes all appropriate financial statement disclosures;

The Compensation Committee is currently comprised of three independent directors, including Directors Majors, Purdy and Burke. This committee administers the Company's 2003 Stock Option and Incentive Plan and the 2003 Recognition and Retention Plan and reviews overall compensation policies for the Company. Option Grants in Last Fiscal Year and Fiscal Year End Option Values

The following table sets forth information regarding grants of stock options under our 2003 Stock Option and Incentive Plan made during fiscal year 2003 to the named executive officers. The amounts shown for each named executive officer as potential realizable values are based on arbitrarily assumed annualized rates of stock price appreciation of five percent and ten percent over the full ten-year term of the options, which would result in stock prices of approximately \$28.00 and \$44.59 respectively, for options with an exercise price of \$17.19. No gain to the named executive officers is possible without an increase in stock price, which benefits all stockholders proportionately. These potential realizable values are based solely on arbitrarily assumed rates of appreciation required by applicable regulations. Actual gains, if any, on option exercise and common stock holdings depend upon the future performance of the Company's common stock and overall stock market conditions. There can be no assurance that the potential realizable values shown in this table will be achieved.

- (1) Each option was granted under the First PacTrust Bancorp, Inc. 2003 Stock Option and Incentive Plan. Each of the named executive officers received an award of non-qualified stock options, which expire 10 years from the date of grant. All options awarded have an exercise price equal to the fair market value of the Company's common stock on the date of grant and vest 20% annually over a five year period.

Option Exercise Table

The following table sets forth the number and value of unexercised stock options held by the named executive officers. The value of an unexercised, in-the-money option at fiscal year-end is the difference between its exercise or base price and the fair market value of the underlying stock on December 31, 2003, the last trading day in fiscal 2003. On that date, the price was \$22.32 per share, based on the closing price of the Company's common stock as reported on the Nasdaq Stock Market. These values, unlike the amounts set forth in the column "Value Realized," have not been, and may never be, realized. Actual gains, if any, on exercise will depend on the value of First PacTrust Bancorp common stock on the date of exercise. No stock options were exercised by the named executive officers during the fiscal year ended December 31, 2003. The Company does not have any outstanding stock appreciation rights.

Benefits

Pacific Trust Bank Deferred Compensation Plan. Pacific Trust Bank also maintains an executive deferral program for the benefit of certain senior executives that have been designated to participate in the program. The program allows an additional opportunity for key executives to defer a portion of their income into a non-qualified deferral program to supplement their retirement earnings. No executive officers had income deferred pursuant to this program during 2003.

401(k) Employee Stock Ownership Plan. First PacTrust Bancorp has a 401(k) plan which includes an employee stock ownership plan component for employees of First PacTrust Bancorp and Pacific Trust Bank. Employees of First PacTrust Bancorp and Pacific Trust Bank who have been credited with at least 1,000 hours of service during a twelve month period are eligible to participate in the KSOP.

As part of the conversion, the KSOP borrowed funds from First PacTrust Bancorp. The KSOP used these funds to purchase 8.0% of the common stock issued in the conversion. The loan equals 100% of the aggregate purchase price of the common stock acquired by the KSOP. The loan to the KSOP will be repaid principally from Pacific Trust Bank's contributions to the KSOP over a period of 10 years, and the collateral for the loan is the common stock purchased by the KSOP. The interest rate for the loan is the prime rate of interest. First PacTrust Bancorp may, in any plan year, make additional discretionary contributions for the benefit of plan participants in either cash or shares of common stock, which may be acquired through the purchase of outstanding shares in the market or from individual stockholders, through the original issuance of additional shares by First PacTrust Bancorp or through the sale of treasury shares by First PacTrust Bancorp. These purchases, if made, would be funded through additional borrowings by the KSOP or additional contributions from First PacTrust Bancorp. The timing, amount and manner of future contributions to the KSOP will be affected by various factors, including prevailing regulatory policies, the requirements of applicable laws and regulations and market conditions.

Shares purchased by the KSOP with the proceeds of the loan are being held in a suspense account and released to participants' accounts as debt service payments are made. Shares released from the KSOP will be allocated to each eligible participant's KSOP account based on the ratio of each such participant's compensation to the total compensation of all eligible KSOP participants. Forfeitures will be reallocated among remaining participating employees and may reduce any amount First PacTrust Bancorp might otherwise have contributed to the KSOP. The account balances of participants within the KSOP become 100% vested after five years of service. Credit for eligibility and vesting is given for years of service with Pacific Trust Bank prior to adoption of the KSOP. In the case of a change in control, as defined in the KSOP, which triggers a termination of the KSOP, participants will become immediately fully vested in their account balances. Benefits are payable upon retirement or other separation from service. First PacTrust Bancorp's contributions to the KSOP are not fixed, so benefits payable under the KSOP cannot be estimated.

National Trust Management Services, Inc. is currently serving as trustee of the KSOP. Under the KSOP, the trustee must vote all allocated shares held in the KSOP in accordance with the instructions of the participating employees, and unallocated shares will be voted in the same ratio on any matter as those allocated shares for which instructions are given. If no instructions are provided, the shares will be voted by the plan administrator.

GAAP requires that any third party borrowing by the KSOP be reflected as a liability on First PacTrust Bancorp's statement of financial condition. Since the KSOP is borrowing from First PacTrust Bancorp, such obligation is not treated as a liability, but is excluded from stockholders' equity. If the KSOP purchases newly issued shares from First PacTrust Bancorp, total stockholders' equity would neither increase nor decrease, but per share stockholders' equity and per share net earnings would decrease as the newly issued shares are allocated to the KSOP participants.

Edgar Filing: FIRST PACTRUST BANCORP INC - Form DEF 14A

The KSOP is subject to the requirements of ERISA, and the regulations of the IRS and the Department of Labor thereunder.

Termination Agreements for Executive Officers. In connection with the conversion, Pacific Trust Bank entered into three-year termination agreements with Messrs. Ganz and Sheehy and Ms. Stewart, Ms. Gallagher and Ms. Bland. The termination agreements provide for a severance payment and other benefits in the event of a change in control of First PacTrust Bancorp or Pacific Trust Bank.

The value of the severance benefits under the termination agreements is 2.99 times the executive's average annual W-2 compensation during the five calendar year period prior to the effective date of the change in control (base amount) for Mr. Ganz, 2.00 times for Mr. Sheehy, Ms. Stewart and Ms. Gallagher and 1.00 times for Ms. Bland. Assuming that a change in control had occurred at December 31, 2003, Messrs. Ganz and Sheehy and Ms. Stewart, Ms. Gallagher and Ms. Bland would each be entitled to a payment of approximately \$746,000, \$239,000, \$268,000, \$172,000 and \$92,000, respectively. Section 280G of the Internal Revenue Code provides that severance payments that equal or exceed three times the individual's base amount are deemed to be excess parachute payments if they are conditioned upon a change in control. Individuals receiving parachute payments in excess of three times their base amount are subject to a 20% excise tax on the amount of the excess payments. If excess parachute payments are made, First PacTrust Bancorp and Pacific Trust would not be entitled to deduct the amount of the excess payment. The termination agreements provide that severance and other payments that are subject to a change in control will be reduced as much as necessary to ensure that no amounts payable to the executive will be considered excess parachute payments.

Compensation Committee Report on Executive Compensation

Under rules established by the Securities and Exchange Commission, the Company is required to provide certain information and data regarding the compensation and benefits given to the Company's executive officers, including the Chief Executive Officer. The disclosure requirements include the use of tables and a report explaining the considerations and rationale that led to the fundamental executive compensation decisions for those individuals. To fulfill this requirement, at the direction of the Board of Directors, the Compensation Committee has prepared the following report for inclusion in the proxy statement.

General. The Board of Directors of the Company and the Bank have delegated the authority and responsibility to the Compensation Committee to oversee the general compensation policies of the Company and Bank, to establish compensation plans and salary levels for executive officers, and review the recommendations of management on compensation for other officers and employees of the Bank. The members of the Compensation Committee are outside directors.

When the Bank converted from a mutually owned to a publicly owned company, the Compensation Committee developed an executive compensation plan designed to (i) attract, motivate, reward and retain executive officers who are key to the long term success of the bank; and (ii) encourage decision making that maximized shareholder value. The Committee's ongoing compensation objective is to ensure that such compensation reflects the achievement of both long term and short-term goals as they relate to the Company's overall strategic planning process.

Executive Compensation Policy. The compensation package given to executive officers of the Bank is comprised of a base salary and an annual incentive bonus. Executive officers are also provided with other benefit plans available to all eligible employees, including the employee stock ownership plan. The Compensation committee reviews the compensation plan elements available to executive officers periodically as they relate to the policies described above. The Committee met six times in fiscal 2003 to review general compensation and benefit levels for the Bank, including consideration and administration of the Stock Option and Incentive Plan and the Recognition and Retention Plan, and to review and recommend the base salary and bonus of the Chief Executive Officer.

Base Salary. It is the policy of the Compensation Committee to annually review executive compensation packages, including base salaries paid or proposed to be paid, using information derived primarily from third

Table of Contents

party sources that provide compensation data and analysis from publicly held companies in the Company's market area. Using this and asset size, the Committee compares the positions under consideration with similar jobs in other financial institutions. Specific factors considered include the level of responsibility delegated to a particular officer, the complexity of the job being evaluated, the position's impact on both short and long term corporate objectives, the expertise and skill level of the individual under consideration, the degree to which the officer has achieved his or her management objectives for the plan year, and the officer's overall performance in managing his or her area of responsibility. The Compensation Committee's decisions are discretionary, and no quantifiable formula is used in arriving at a decision.

Benefit Plans. The Compensation Committee believes that a competitive benefit package is essential to attract and maintain highly qualified employees. The Compensation Committee's policy regarding employee benefit plans is to provide competitive benefits to the employees of the Bank, including executive officers. The employee stock ownership plan will provide executive officers and employees with an additional equity-based incentive to maximize long-term shareholder value.

Chief Executive Officer. Total compensation paid to the Chief Executive Officer for 2003 was a base salary of \$204,870 and a bonus of \$83,500, plus an ESOP award of stock valued at \$35,354. The bonus has been paid because of profitability and other goals being met. In determining total compensation paid to the Chief Executive Officer, the Compensation Committee considered factors relating to the performance of the Bank including deposit growth, the success of the branch facilities, the level of profits from operations, goals relating to loan volume, asset quality, increase in asset size and commensurate responsibilities with bank growth, Bank compliance and other qualitative factors.

Loans and Other Transactions with Officers and Directors

The Bank has followed a policy of granting loans to officers and directors, which fully complies with all applicable federal regulations. Loans to directors and executive officers are made in the ordinary course of business and on substantially the same terms and conditions, including interest rates and collateral, as those of comparable transactions with non-insiders prevailing at the time, in accordance with the Bank's underwriting guidelines, and do not involve more than the normal risk of collectibility or present other unfavorable features. Loans to all directors and executive officers and their associates totaled approximately \$1.6 million at December 31, 2003, which was approximately 1.8% of the Company's consolidated shareholders' equity at that date. All loans to directors and executive officers were performing in accordance with their terms at December 31, 2003.
