**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

NOTE 1: In the opinion of management, the accompanying unaudited consolidated financial statements contain all adjustments necessary to present fairly the financial position as of June 30, 2004, and the results of operations and changes in cash flows for the six months then ended.

NOTE 2: The results of operations for the six months ended June 30, 2004 as compared to the results of 2003 are not necessarily indicative of results to be expected for the full year.

**Table of Contents**

**FRAWLEY CORPORATION AND SUBSIDIARIES**

**ITEM 2: MANAGEMENT'S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITION AND RESULTS OF OPERATIONS**

**Real Estate**

For the quarter ended June 30, 2004, the real estate operating loss was \$83,000 compared to a loss in 2003 of \$77,000. During the first six months of this year, real estate losses were \$167,000 as compared to a loss of \$156,000 for the same period in 2003. Real estate losses continue as the Company incurs carrying costs and costs of improvements required to sell the property.

In February 2004, the Company received notice from Los Angeles County that the County intends to severely restrict grading permits and may require condition use permits for grading on the Company's property. In addition, the County of Los Angeles announced its intention to restrict the building of residences on three of the Company's eight parcels of land because of new ridgeline building ordinances. In May of 2004 Los Angeles County Regional Planning approved the Grading Ridgeline Ordinance. The Los Angeles County Board of Supervisors is scheduled to hear the Ordinance in late September 2004. The above regulations potentially require multi-year processing to reach the point that a parcel can be sold to a third party.

If an agreement cannot be reached with Los Angeles County, these new regulations may force the Company to liquidate its real estate, make settlements with its lenders and close down its real estate development business. As of the date of this filing, no decision has been made by management regarding liquidation, nor can they determine the potential financial impact to the Company. Accordingly, the June 30, 2004 financial statements do not reflect any adjustments that might result from these new and more stringent regulations.

**Liquidity and Capital Resources**

The Company's recurring losses from continuing operations and difficulties in generating cash flow sufficient to meet its obligations raise substantial doubt about its ability to continue as a going concern.

Real Estate and Corporate overhead are producing losses that the real-estate business is unable to absorb. The required investments in real estate are currently funded from loans.

The Company intends to meet its obligations through real estate sales. The limited resources available to the Company will be directed at reducing operating expenses and selling real estate.

The Company continues to incur legal expenses and has an obligation in 2004 to contribute to the Chatham Brothers toxic waste cleanup lawsuit.

**Table of Contents**

**PART II - OTHER INFORMATION**

**ITEM 1: Legal Proceedings**

The Company is named as a defendant in the Chatham Brothers toxic waste Cleanup lawsuit. In February 1991, the Company was identified as one of any Potentially Responsible Parties (PRPs) in the Chatham Brothers Toxic Waste cleanup site case, filed by the State of California Environmental Protection Agency, Department of Toxic Substances Control (DTSC) and involving the Hartley Pen Company previously owned by the Company.

On December 31, 1991, the Company and approximately 90 other companies were named in a formal complaint. The Company joined a group of defendants, each of whom was so notified and which are referred to as Potentially Responsible Parties (PRPs) for the purpose of negotiating with the DTSC and for undertaking remediation of the site. Between 1995 and 1998, the State of California adjusted the estimated cost of remediation on several occasions. As a result, the Company has increased their recorded liability to reflect their share of the changes. In January of 1998, the final remediation plan was approved by the State and in January of 1999, the PRP s consented to it, as well as the allocation of costs, and the consent decree was approved by the Court. As of June 30, 2004, the Company had paid over \$840,000, which includes the assignment of a \$250,000 note receivable with recourse, into the PRP group and had a cash call contribution payable of \$61,000. In addition, the Company carried accrued short-term and long-term liabilities of \$139,000 and \$1,224,000, respectively.

During the past several years, the Company has requested a Hardship Withdrawal Settlement with the PRP Group due to the Company s financial condition. The PRP group has continually denied the Company s request. In December 2003, the Company again formally requested a Hardship Withdrawal Settlement with the PRP Group. The Company s proposal was a payment of \$240,000 over four years in exchange for complete release from all further legal and financial responsibility related to the environmental liability. On July 16, 2004, the Company entered in a settlement agreement with the Chatham Site PRP Group Trust for a \$240,000 payment to be paid as follows: \$100,000 on December 31, 2004, \$50,000 on December 31, 2005, \$50,000 on December 31, 2006 and \$40,000 on December 31, 2007. The Company will not fully be released from the environmental liability until the settlement agreement note of \$240,000 and the assigned note in the amount of \$250,000 are paid in full.

Frawley Corporation will not be responsible for any additional payments to the Chatham Site PRP Group Trust for the financing of the remediation action plan approved by the State of California in 1999. However, the PRP Group refused to indemnify Frawley Corporation for any third party law suits related to the Chatham site clean up or for any new claims by the State of California involving the Chatham site that are not considered in the remediation action plan approved in 1999. Frawley Corporation s financial statements have not been adjusted to reflect this settlement at this time.

In June 2004 the Corporation received a new environmental claim against its former Harley pen division in the amount of \$98,503. The claim has been

**Table of Contents**

made by the United States Environmental Toxic Agency concerning the Company's alleged responsibility for the Omega Chemical Superfund Site. The Company is attempting to gather more information about this claim but has no direct knowledge of any involvement. No adjustments for this claim have been made on the June 30, 2004 financial statements at this time.

The Company is in dispute with its 1988 licensee over the trademark Classics Illustrated. In 1998, the Company terminated its license agreement for breach of contract. The licensee has objected to the termination stating that the Company failed to notify the licensee of a potential problem with the trademark in Greece. A Greek court has ruled against a sublicensee in Greece. The Company believes that the license agreement supports that it adequately notified the licensee but would have to investigate the international trademark involving Classics Illustrated. Management believes that there is no probable risk of loss related to this dispute.

ITEM 5: Other Information

Related Party Transactions

During the Second Quarter ended June 30, 2004 the Company received approximately \$46,000 from the Frawley Family Trust as an advance on property that they intend to purchase. The specific property has not been identified and the terms of the purchase have not been finalized. The advance is included in deposits.

The Company has charged its stockholders for any employee time spent on non-corporate matters. The Company has received \$21,000 from the Frawley Family members as reimbursement for payroll expenses during the Second Quarter ended June 30, 2004. The funds do not have to be repaid and are accounted for as capital contributions in the financial statements.

ITEM 6: Exhibits and Reports on Form 8-K

Exhibit 31.1 Certification of CEO and CFO

Exhibit 32.1 Certification of CEO and CFO

No reports on form 8-K were filed during the quarter ended June 30, 2004.
