-

Item 5.02. Departure of Directors or Principal Officers; Election of Directors; Appointment of Principal Officers.

Effective March 9, 2006, Daniel F. Hoth, M.D. was appointed to serve as a member of the board of directors (the Board) of Seattle Genetics, Inc. (the Company). A copy of the related press release is furnished as Exhibit 99.1 to this Current Report.

Dr. Hoth is currently a consultant to the pharmaceutical and biotechnology industry in drug development and clinical trials. Previously, Dr. Hoth served as Senior Vice President and Chief Medical Officer of Axys Pharmaceuticals, Inc. (now Celera Genomics) and Cell Genesys, Inc. From 1981 to 1993, he held various positions at the National Institutes of Health (NIH), including Director, Division of AIDS at the National Institute of Allergy and Infectious Diseases, and Chief of the Investigational Drug Branch of the National Cancer Institute. Before the NIH, he was on the faculty of the Georgetown University School of Medicine. Dr. Hoth received his M.D. from Georgetown University School of Medicine and his A.B. in Psychology from Franklin and Marshall College.

Pursuant to the Company's automatic option grant program for non-employee directors under the Company's 2000 Directors' Stock Option Plan, Dr. Hoth was granted an option to purchase 25,000 shares of the Company's Common Stock. The exercise price per share is equal to the fair market value per share on the date the option was granted. The option shall vest and become exercisable at the rate of one-fourth (1/4) of the shares subject to the option on the first anniversary of the date of grant of the option and 1/36 of the remaining shares subject to the option each month thereafter. Vesting accelerates under certain circumstances.

Also pursuant to the Company's automatic option grant program, starting in 2007, Dr. Hoth will receive an option to purchase 10,000 shares of the Company's Common Stock at each regular annual meeting of the Company's stockholders, provided that he continues to be a member of the Board. The exercise price per share of each option will be equal to the fair market value per share on the date such option is granted. For each of these annual option grants, 100% of the option shares shall vest on the day before the first anniversary of the date of grant of each annual option. Vesting accelerates under certain circumstances.

Item 9.01 Financial Statements and Exhibits.

(c) Exhibits.
