PROXY STATEMENT FOR THE

2006 ANNUAL MEETING OF STOCKHOLDERS

To Be Held May [], 2006

Our Board of Directors is soliciting proxies for the 2006 Annual Meeting of Stockholders. This proxy statement contains important information for you to consider when deciding how to vote on the matters brought before the meeting. Please read it carefully.

The Board has set the close of business on March 21, 2006 as the record date for the Annual Meeting. Stockholders of record who owned our common stock or Series A convertible preferred stock on that date are entitled to vote at and attend the Annual Meeting. Each share of common stock is entitled to one vote and each share of Series A convertible preferred stock is entitled to 0.93 votes for every share of common stock into which such share of Series A convertible preferred stock may be converted; provided, that the holders of our Series A convertible preferred stock are not entitled to vote on the election of the two directors nominated for election by the holders of our common stock at the Annual Meeting and the holders of the common stock are not entitled to vote on the election of the one director nominated for election by the holders of the Series A convertible preferred stock at the Annual Meeting as described below. There were 42,437,312 shares of common stock and 15,000,000 shares of Series A convertible preferred stock, on an as-converted to common stock basis, outstanding on the record date.

Voting materials, which include this proxy statement, a proxy card and the 2005 Annual Report, are being mailed to stockholders on or about [], 2006.

In this proxy statement:

We, us, our and the Company refer to Seattle Genetics, Inc.,

Annual Meeting means our 2006 Annual Meeting of Stockholders,

Board of Directors or Board means our Board of Directors and

SEC means the Securities and Exchange Commission.

We have summarized below important information with respect to the Annual Meeting.

TIME AND PLACE OF THE ANNUAL MEETING

The Annual Meeting is being held on [], May [], 2006 at 11:00 a.m. local time at our principal offices located at 21823 - 30th Drive S.E., Bothell, Washington 98021.

All stockholders who owned shares of our stock as of March 21, 2006, the record date, may attend and vote on the proposals considered at the Annual Meeting, except that the holders of Series A convertible preferred stock may not vote on the two nominees for director to be voted on by the holders of common stock and the holders of the common stock may not vote on the one director nominated for election by the holders of the Series A convertible preferred stock.

PURPOSE OF THE PROXY STATEMENT AND PROXY CARD

You are receiving this proxy statement and proxy card from us because you owned shares of our common stock or Series A convertible preferred stock on March 21, 2006, the record date. This proxy statement describes

issues on which we would like you, as a stockholder, to vote. It also gives you information on these issues so that you can make an informed decision.

When you sign the proxy card, you appoint Clay B. Siegall and Eric L. Dobmeier as your representatives at the Annual Meeting. Clay B. Siegall and Eric L. Dobmeier will vote your shares, as you have instructed them on the proxy card, at the Annual Meeting. This way, your shares will be voted whether or not you attend the Annual Meeting. Even if you plan to attend the Annual Meeting it is a good idea to complete, sign and return your proxy card in advance of the Annual Meeting in the event your plans change.

PROPOSALS TO BE VOTED ON AT THIS YEAR'S ANNUAL MEETING

You are being asked to vote on:

The election of three directors to serve on our Board of Directors,

The ratification of our appointment of PricewaterhouseCoopers LLP as our independent registered public accounting firm for the 2006 fiscal year, and

The issuance and sale of 1,129,015 shares of our common stock to entities affiliated with Baker Brothers Investments for \$5.25 per share pursuant to a Stock Purchase Agreement dated as of March 28, 2006.

The Board of Directors recommends a vote FOR each proposal.

VOTING PROCEDURE

You may vote by mail.

To vote by mail, please sign your proxy card and return it in the enclosed, prepaid and addressed envelope. If you mark your voting instructions on the proxy card, your shares will be voted as you instruct.

You may vote in person at the Annual Meeting.

We will pass out written ballots to anyone who wants to vote at the Annual Meeting. If you hold your shares in street name, you must request a legal proxy from your stockbroker in order to vote at the Annual Meeting. Holding shares in street name means your shares of stock are held in an account by your stockbroker, bank, or other nominee, and the stock certificates and record ownership are not in your name. If your shares are held in street name and you wish to vote your shares at the Annual Meeting, you must notify your broker, bank or other nominee and obtain the proper documentation.

You may vote by telephone or electronically via the Internet.

To submit your proxy by telephone or via the Internet, follow the instructions on the proxy card.

You may change your mind after you have returned your proxy or submitted your proxy by telephone or via the Internet.

If you change your mind after you return your proxy or submit your proxy by telephone or via the Internet, you may revoke your proxy at any time before the polls close at the Annual Meeting. You may do this by:

signing another proxy with a later date,

submitting a new proxy by telephone,

submitting a new proxy via the Internet, or

voting in person at the Annual Meeting.

MULTIPLE PROXY CARDS

If you received more than one proxy card, it means that you hold shares in more than one account or hold shares of both our common stock and our Series A convertible preferred stock. Please sign and return all proxy cards to ensure that all your shares are voted.

QUORUM REQUIREMENT

Shares are counted as present at the Annual Meeting if the stockholder either:

is present and votes in person at the Annual Meeting, or

has properly submitted a proxy card.

A majority of our outstanding shares of common stock and Series A convertible preferred stock, taken together as a single class on an as-converted to common stock basis, as of the record date must be present at the Annual Meeting (either in person or by proxy) in order to hold the Annual Meeting and conduct business. This is called a quorum.

CONSEQUENCES OF NOT RETURNING YOUR PROXY; ABSTENTIONS AND BROKER NON- VOTES

If your shares are held in your name, you must return your proxy (or attend the Annual Meeting in person) in order to vote on the proposals. If your shares are held in street name and you do not vote your proxy, your brokerage firm may either:

vote your shares on routine matters, or

leave your shares unvoted.

Under the rules that govern brokers who have record ownership of shares that are held in street name for their clients, brokers may vote such shares on behalf of their clients with respect to routine matters (such as the election of directors or the ratification of auditors), but not with respect to non-routine matters (such as a proposal submitted by a stockholder or the proposal to approve the sale of shares to entities affiliated with Baker Brothers Investments). If the proposals to be acted upon at any meeting include both routine and non-routine matters, the broker may turn in a proxy card for uninstructed shares that vote FOR the routine matters, but expressly states that the broker is not voting on non-routine matters. This is called a broker non-vote. Proposal No. 1 and Proposal No. 2 qualify as routine matters. Proposal No. 3 regarding approval of our sale of common stock to entities affiliated with Baker Brothers Investments does not qualify as a routine matter.

Broker non-votes will be counted for the purpose of determining the presence or absence of a quorum, but will not be counted for the purpose of determining the number of votes cast.

Abstentions are counted as shares that are present and entitled to vote for the purposes of determining the presence of a quorum and as votes AGAINST for purposes of determining the approval of any matter submitted to the stockholders for a vote.

We encourage you to provide instructions to your brokerage firm by voting your proxy. This ensures that your shares will be voted at the Annual Meeting.

REQUIRED VOTE

Assuming a quorum is present, the two nominees receiving the highest number of yes votes from holders of common stock and the one director nominated by the holders of the Series A convertible preferred stock receiving the highest number of yes votes from holders of the Series A convertible preferred stock will be elected as directors. The ratification of the independent registered public accounting firm will require the affirmative vote of a majority of the voting power of the shares of common stock and Series A convertible preferred stock, voting together as a single class, present in person or represented by proxy at the Annual Meeting. The approval of the issuance and sale of 1,129,015 shares of our common stock to entities affiliated with Baker Brothers Investments will require the affirmative vote of a majority of the voting power of the shares of common stock and Series A convertible preferred stock, voting together as a single class, present in person or represented by proxy at the Annual Meeting.

VOTE SOLICITATION; NO USE OF OUTSIDE SOLICITORS

Seattle Genetics, Inc. is soliciting your proxy to vote your shares at the Annual Meeting. In addition to this solicitation by mail, our directors, officers and other employees may contact you by telephone, via the Internet, in person or otherwise to obtain your proxy. These persons will not receive any additional compensation for assisting in the solicitation. We will also request brokerage firms, nominees, custodians and fiduciaries to forward proxy materials to the beneficial owners. We will reimburse these entities and our transfer agent for their reasonable out-of-pocket expenses in forwarding proxy material. We have not retained the services of a proxy solicitor.

VOTING PROCEDURES

Votes cast by proxy or in person at the Annual Meeting will be tabulated by a representative of Mellon Investor Services, our transfer agent, who will act as the Inspector of Election. The Inspector will also determine whether a quorum is present at the Annual Meeting.

The shares represented by the proxy cards received, properly marked, dated, signed and not revoked and votes properly cast by telephone or Internet, will be voted at the Annual Meeting. If the proxy card specifies a choice with respect to any matter to be acted on, the shares will be voted in accordance with that specified choice. Any proxy card that is returned but not marked will be voted FOR the director nominees to be voted upon by the common stock, in the case of holders of common stock, and FOR the director nominee to be voted upon by the Series A convertible preferred stock, in the case of the holders of Series A convertible preferred stock, FOR ratification of the Company's independent registered public accounting firm, FOR approval of the common stock sale to entities affiliated with Baker Brothers Investments and as the proxy holders deem desirable for any other matters that may properly come before the Annual Meeting, in the case of both the holders of common stock and Series A convertible preferred stock. Broker non-votes will not be considered as voting with respect to any matter for which the broker does not have voting authority.

We believe that the procedures to be used by the Inspector to count the votes are consistent with Delaware law concerning voting of shares and determination of a quorum.

PUBLICATION OF VOTING RESULTS

We will announce preliminary voting results at the Annual Meeting. We will publish the final results in our quarterly report on Form 10-Q for the second quarter of 2006, which we will file with the SEC. You can obtain a copy by contacting our Investor Relations Department at (425) 527-4000, by calling the SEC at (800) 732-0330 for information regarding its public reference room or through the EDGAR system at www.sec.gov.

OTHER BUSINESS

We do not know of any business to be considered at the Annual Meeting other than the proposals described in this proxy statement. If any other business is properly presented at the Annual Meeting, your signed proxy card gives authority to Clay B. Siegall and Eric L. Dobmeier to vote on such matters at their discretion.

PROPOSALS FOR 2007 ANNUAL MEETING

To have your proposal included in our proxy statement for the 2007 Annual Meeting, you must submit your proposal in writing by December [], 2006 to Eric L. Dobmeier, Corporate Secretary, Seattle Genetics, 21823 -30th Drive S.E., Bothell, Washington 98021. Proposals of stockholders intended to be considered at the 2007 Annual Meeting but not included in our proxy statement for that meeting must be received at the above address no earlier than January [], 2007 and no later than February [], 2007; provided, however, that in the event the date of the 2007 Annual Meeting is advanced by more than 30 days or delayed by more than 60 days from the date of this year's Annual Meeting and less than 60 days notice is given prior to the 2007 Annual Meeting, then such proposal must be received not later than the 10th day following the day on which public announcement of the date of such meeting is first made.

If you submit a proposal for the 2007 Annual Meeting after February [], 2007 or after the 10th day following announcement of the date of the meeting, as applicable, management may or may not, at their discretion, present the proposal at that meeting, and the proxies for the 2007 Annual Meeting will confer discretion on the management proxy holders to vote against your proposal.

PROPOSAL NO. 1

ELECTION OF DIRECTORS

Our Amended and Restated Certificate of Incorporation provides that the Board of Directors is divided into three approximately equal classes with staggered three-year terms. As a result, approximately one-third of the total number of directors will be elected every year; provided, however, that the holders of our Series A convertible preferred stock, voting together as a separate class, have the right to designate two members of our Board of Directors as summarized below.

Subject to the rights of the holders of Series A convertible preferred stock, vacancies on the Board may be filled only by persons elected by a majority of the remaining directors. A director elected by the Board to fill a vacancy (including a vacancy created by an increase in the number of directors) shall serve for the remainder of the full term of the class of directors in which the vacancy occurred.

The Board of Directors is presently composed of eight members. The Class II directors, whose terms expire at the 2006 Annual Meeting, are Clay B. Siegall, Felix Baker and Daniel F. Hoth. The Class III directors, whose terms expire at the 2007 Annual Meeting, are Marc E. Lippman, Douglas G. Southern and Franklin M. Berger. The Class I directors, whose terms expire at the 2008 Annual Meeting, are Srinivas Akkaraju and David W. Gryska. Our stockholders only elect one class of directors at each annual meeting. The other classes continue to serve for the remainder of their three-year terms.

Clay B. Siegall, Felix Baker and Daniel F. Hoth have been recommended by the Nominating Committee of the Board of Directors for election at the Annual Meeting and have been nominated by the Board for election at the Annual Meeting as Class II directors for three-year terms expiring at the 2009 Annual Meeting.

Clay B. Siegall and Daniel F. Hoth, nominated for election by the holders of common stock at the Annual Meeting, are elected by a majority of the votes cast by holders of common stock that are present in person or represented by proxy and entitled to vote at the meeting.

The holders of our Series A convertible preferred stock, voting together as a separate class, have the right to designate two members of our Board of Directors so long as at least 37.5% of the shares of Series A convertible preferred stock issued at the closing of the Series A convertible preferred stock financing on July 8, 2003 are outstanding. If between 18.75% and 37.5% of the shares of Series A convertible preferred stock issued at the closing are outstanding, the holders of Series A convertible preferred stock have the right, voting together as a separate class, to designate one member of our Board of Directors. If less than 18.75% of the shares of Series A convertible preferred stock issued at the closing are outstanding, the rights of the Series A investors to vote separately for the election of directors shall terminate. Under the terms of an Investor Rights Agreement among us and certain of the holders of our Series A convertible preferred stock, one Series A director will be designated by J.P. Morgan Partners and one will be designated by Baker Brothers Investments. The right of J.P. Morgan Partners and Baker Brothers Investments, as applicable, to designate a director terminates if J.P. Morgan Partners or Baker Brothers Investments, as applicable, holds less than 50% of the Series A convertible preferred stock (or common stock issued upon conversion thereof) purchased by it at the closing. If J.P. Morgan Partners or Baker Brothers Investments loses its right to designate a director, then our Board of Directors may fill the vacancy or reduce the number of directors authorized in our bylaws. Pursuant to these rights, Srinivas Akkaraju and Felix Baker joined our Board of Directors upon completion of the Series A convertible preferred stock financing. The holders of Series A convertible preferred stock do not have the right to vote on members of our Board of Directors other than the nominees they designate. Consequently, because only the nominee of the holders of Series A convertible preferred stock designated by Baker Brothers Investments is being elected at the Annual Meeting, such holders will only be voting on Felix Baker for director at the Annual Meeting.

Shares represented by executed proxies will be voted, if authority to do so is not withheld, for the election of the three nominees, as applicable. In the event that any nominee should be unavailable for election as a result of an unexpected occurrence, in the case of a nominee elected by the holders of common stock, such shares will be voted for the election of such substitute nominees as management may propose, and in the case of the nominee elected by the holders of the Series A convertible preferred stock, such substitute nominee as determined by Baker Brothers Investments pursuant to the terms of the Investor Rights Agreement. Each person nominated for election has agreed to serve if elected, and management has no reason to believe that any nominee will be unable to serve.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

During 2005, the Board met six times and acted by written consent once. On at least a quarterly basis, the Board meets in executive session of independent directors without management present. The Board has several committees, including a Compensation Committee, an Audit Committee and a Nominating and Corporate Governance Committee. Each director attended at least 75% of all Board and applicable committee meetings during 2005, except Mr. Gryska who was appointed to the Audit Committee in May 2005 and attended two of three Audit Committee meetings conducted subsequent to his appointment.

In February 2005, Felix Baker became the lead director of the Board. His duties include, among others:

providing leadership to the Board complementary to the Chairman of the Board;

working with the Chairman of the Board and Corporate Secretary to set the agenda for Board meetings;

chairing regular meetings of independent directors without management present; and

chairing Board meetings if the Chairman of the Board is not in attendance.

Compensation Committee

The Compensation Committee consists of Felix Baker (Chairman), Marc E. Lippman, Srinivas Akkaraju and David W. Gryska. The Board of Directors has determined that all of the members of the Compensation Committee are independent as that term is defined in Rules 4200 and 4350 of the listing standards of the National Association of Securities Dealers (NASD).

The Compensation Committee held two meetings and acted by written consent three times during 2005. The functions of the Compensation Committee are to establish and administer our policies regarding annual executive salaries and cash incentives and long-term equity incentives. The Compensation Committee administers our 1998 Stock Option Plan, 2000 Directors' Stock Option Plan and 2000 Employee Stock Purchase Plan. The Compensation Committee operates under a written charter setting forth the functions and responsibilities of the committee. A copy of the Compensation Committee charter can be viewed on our website at www.seattlegenetics.com.

Audit Committee

The Audit Committee consists of Douglas G. Southern (Chairman), David W. Gryska and Franklin M. Berger. The Board of Directors has determined that all of the members of the Audit Committee are independent as that term is defined in Rules 4200 and 4350 of the listing standards of the NASD. The Board of Directors has determined that Mr. Southern is an audit committee financial expert as defined in Item 401(h) of Regulation S-K of the Securities Exchange Act of 1934, as amended (the Exchange Act).

The Audit Committee held six meetings during 2005. Among its responsibilities, the Audit Committee appoints and establishes the fees for our independent registered public accounting firm, reviews and approves the procedures we use to prepare our periodic reports, reviews and approves our critical accounting policies, reviews the independence of the independent registered public accounting firm, monitors the effectiveness of the audit effort and oversees our financial and accounting organization and our system of internal accounting controls. The Audit Committee operates under a written charter setting forth the functions and responsibilities of the committee, which is reviewed annually and amended as necessary by the Audit Committee and the Board of Directors to ensure compliance with all applicable laws and regulations, including the Sarbanes-Oxley Act of 2002 and corporate governance standards adopted by the NASD. A copy of the Audit Committee charter can be viewed on our website at www.seattlegenetics.com.

Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee consists of Srinivas Akkaraju (Chairman), Felix Baker, Marc E. Lippman and Franklin M. Berger. The Board of Directors has determined that all of the members of the Nominating Committee are independent as that term is defined in Rules 4200 and 4350 of the listing standards of the NASD.

The Nominating and Corporate Governance Committee held one meeting and acted by written consent once during 2005. The Nominating and Corporate Governance Committee is responsible for identifying individuals qualified to serve as members of the Board of Directors and to recommend nominees to the Board for election as directors of the Company and as members of the committees of the Board of Directors. The Nominating and Corporate Governance Committee operates under a written charter setting forth the functions and responsibilities of the committee. A copy of the Nominating and Corporate Governance Committee charter can be viewed on our website at www.seattlegenetics.com.

The Nominating and Corporate Governance Committee assesses many characteristics when considering director candidates. Among the characteristics to be considered are such person's professional background, business experience, judgment and integrity, familiarity with the biotechnology industry and applicable expertise. In determining whether to recommend a director for re-election, the Nominating and Corporate Governance Committee also considers the director's past attendance at meetings and participation in and contributions to the activities of the Board and its committees, as well as the nature and time involved in a director's service on other boards.

The Nominating and Corporate Governance Committee identifies nominees by first evaluating the current members of the Board willing to continue in service. Current members of the Board with skills and experience that are relevant to our business and who are willing to continue in service are considered for re-nomination. If there is a vacancy on the Board as a result of a resignation or otherwise, or if the Board decides not to nominate a member for re-election or decides to add a member to the Board, the Nominating Committee identifies the desired skills and experience of a new nominee in light of the criteria above and the Board's needs. Current members of the Board are asked to submit suggestions as to individuals meeting the criteria described above. To date, we have not engaged third parties to identify or evaluate or assist in identifying potential nominees, although we may in the future retain a third-party search firm, if necessary. Daniel F. Hoth, who is standing for

election at the Annual Meeting, was recommended to the Nominating and Corporate Governance Committee by Clay B. Siegall, our current Chief Executive Officer and Interim Chairman of the Board.

In accordance with our Bylaws and applicable law and subject to the rights of the holders of our Series A convertible preferred stock, recommendations for nominations for directors may be made by any stockholder of record entitled to vote for the election of directors at stockholder meetings held for such purpose. The requirements a stockholder must follow for recommending persons for election as directors are set forth in our Bylaws and the section of this proxy statement titled "Proposals for 2007 Annual Meeting." If a stockholder complies with these procedures for recommending persons for election as directors, the Nominating and Corporate Governance Committee will conduct the appropriate and necessary inquiries into the backgrounds, qualifications and skills of the recommended candidates and, in the exercise of the Nominating and Corporate Governance Committee's independent judgment in accordance with the policies and procedures adopted in the Nominating and Corporate Governance Committee's charter, will determine whether to recommend the candidate(s) recommended by the stockholders to the Board for inclusion in the list of candidates for election as directors at the next stockholder meeting held to elect directors.

Annual Meeting Attendance

Although we do not have a formal policy regarding attendance by members of the Board of Directors at our annual meetings of stockholders, directors are encouraged to attend annual meetings of Seattle Genetics stockholders. Six directors attended the 2005 annual meeting of stockholders.

Communications with the Board of Directors

The Company's Board of Directors currently does not have a formal process for stockholders to send communications to the Board of Directors. Nevertheless, efforts are made to ensure that the views of stockholders are heard by the Board or individual directors, as applicable, and that appropriate responses are provided to stockholders on a timely basis. The Board does not recommend that formal communication procedures be adopted at this time because it believes that informal communications are sufficient to communicate questions, comments and observations that could be useful to the Board. However, stockholders wishing to formally communicate with the Board of Directors may send communications directly to Seattle Genetics, Inc., Attention: Investor Relations, 21823 30th Drive Southeast, Bothell, WA 98021, and the communication will be forwarded, as appropriate. If the communication regards a stockholder proposal to be considered at an annual meeting of stockholders, the methods and timing for submitting a stockholder proposal are covered on page 5 of this proxy statement under the caption "Proposals for 2007 Annual Meeting."

Code of Ethics

The Board of Directors has adopted a Code of Ethics for all directors, officers and employees of Seattle Genetics, Inc. A copy of the Code of Ethics can be viewed on our website at www.seattlegenetics.com. We will disclose any amendment to the Code of Ethics or waiver of a provision of the Code of Ethics for directors, executive officers and other senior financial officers, including the name of the director or executive officer to whom the waiver was granted, on a Form 8-K filed with the SEC.

Whistleblower Policy

The Company has adopted a Whistleblower Policy applicable to its employees that provides for protection from retaliation or discrimination by the Company due to reporting issues relating to compliance with applicable laws and regulations.

DIRECTOR COMPENSATION

Our nonemployee directors receive \$1,500 per Board meeting attended in person and \$500 per Board meeting attended telephonically, plus reimbursement for out-of-pocket expenses incurred in connection with attendance at Board meetings. Our employee directors currently receive no cash fees for Board meeting attendance but are reimbursed for reasonable and customary travel expenses. Our nonemployee directors receive \$500 per committee meeting attended in person or by telephone. The Chairman of our Audit Committee, Mr. Southern, receives \$1,000 per Audit Committee meeting attended. In addition, our nonemployee directors receive an annual retainer of \$20,000, payable quarterly, for their service on the Board and Mr. Southern receives an additional annual retainer of \$5,000, payable quarterly, for his service as the Chairman of our Audit Committee.

The Company's 2000 Directors' Stock Option Plan provides that each person who becomes a nonemployee director of the Company is granted a nonstatutory stock option to purchase 25,000 shares of the Company's common stock (the "Initial Option"). The Initial Option is granted on the date on which the optionee first becomes a nonemployee director of the Company. Srinivas Akkaraju and Felix Baker were not granted an Initial Option upon becoming directors of the Company.

Thereafter, on the date of each annual meeting of the Company's stockholders, each nonemployee director is granted an additional option to purchase 10,000 shares of common stock if, on such date, he or she has served on the Board for at least six months (the "Annual Option"). Therefore, Felix Baker, Marc E. Lippman, Douglas G. Southern, Franklin M. Berger, Srinivas Akkaraju and David W. Gyska will receive an Annual Option under the 2000 Directors' Stock Option Plan on the date of the Annual Meeting. Daniel F. Hoth who recently joined our Board of Directors in March 2006 will not receive an Annual Option at the Annual Meeting.

Both Initial Options and Annual Options have ten year terms and are subject to adjustment to reflect any stock splits, stock dividends, combinations or similar transactions. The Annual Options become fully exercisable on the day before the anniversary of the date of grant of the Annual Option and the Initial Options become exercisable as to 1/4th of the shares subject to the Initial Option on the first anniversary of the date of grant of the Initial Option and as to 1/36th of the remaining shares subject to the Initial Option ratably each month thereafter. The exercise price of the options is equal to the fair market value of our common stock on the Nasdaq National Market on the date the option is granted. The options remain exercisable for up to ninety days following the optionee's termination of service as a member of the Board of Directors, unless such termination is a result of death or disability, in which case the options remain exercisable for up to a twelve-month period (or such lesser period as is determined by the Board).

Douglas G. Southern, Marc E. Lippman, Srinivas Akkaraju, Felix Baker and Franklin M. Berger each received a stock option grant of 10,000 shares on May 13, 2005, the date of our 2005 Annual Meeting.

Employee directors receive no additional compensation for serving on the Board of Directors.

ENDING DECEMBER 31, 2006.**

PROPOSAL NO. 3

APPROVAL OF THE ISSUANCE OF SHARES IN CONNECTION

WITH A FINANCING TRANSACTION

On March 29, 2006, the Company entered into an underwriting agreement (the **Underwriting Agreement**) with Banc of America Securities LLC and CIBC World Markets Corp. (together, the **Underwriters**), relating to the public offering, issuance and sale of 7,300,000 shares of the Company's common stock, \$0.001 par value per share (the **Offering**). The Underwriters agreed to purchase the shares from the Company pursuant to the Underwriting Agreement at a price of \$5.13 per share. The Underwriters may offer the common stock from time to time in one or more transactions on the Nasdaq National Market, in over-the-counter market or through negotiated transactions at market prices or at negotiated prices. The Offering is being made pursuant to the Company's effective shelf registration statement on Form S-3 previously filed with the SEC and a prospectus supplement. The Underwriting Agreement was filed with the SEC on March 30, 2006 as Exhibit 1.1 to a current report on Form 8-K.

On March 28, 2006, the Company also entered into a stock purchase agreement (the **Stock Purchase Agreement**) with entities affiliated with Baker Brothers Investments, which are managed by Baker Bros. Advisors, LLC. Felix Baker, Ph.D., one of our directors, is a Managing Member of Baker Brothers Advisors. The Stock Purchase Agreement provides that, subject to stockholder approval and customary closing conditions, these entities will purchase 1,129,015 shares of our common stock (the **Shares**) to be issued pursuant to our currently effective shelf registration statement on Form S-3 (the **Financing**). The purchase price per share for such sale is \$5.25 per share. This price equals the greater of (a) the volume weighted average price at which underwritten shares were sold by the Underwriters in one or more transactions through 4 p.m. Eastern time on Wednesday, March 29, 2006, and (b) the price at which the underwritten shares were sold to the Underwriters by the Company pursuant to the Underwriting Agreement. The Company agreed to use commercially reasonable efforts to seek stockholder approval for this issuance within 75 days of March 28, 2006 and is seeking stockholder approval pursuant to this Proposal No. 3. If we do not receive such approval, the transaction pursuant to the Stock Purchase Agreement will not be consummated. The Stock Purchase Agreement was filed with the SEC on March 30, 2006 as Exhibit 10.1 to a current report on Form 8-K. You are encouraged to review the full text of the Stock Purchase Agreement. The following summary is qualified in its entirety by reference to the more detailed terms set forth in the Stock Purchase Agreement.

BACKGROUND OF THE FINANCING

From time to time, our management and the Board of Directors consider undertaking public offerings of our common stock to raise additional funds to support our clinical trials and research and development activities and to fund continued operations. Baker Brothers Investments has previously expressed an interest in participating in such offerings. Due to the rules described below under the heading titled **Stockholder Approval Required under NASD Rules**, entities affiliated with Baker Brothers Investments are not able to purchase shares directly from the Underwriters in the Offering. Therefore, the Company has structured the sale and issuance of shares of common stock to entities affiliated with Baker Brothers Investments to occur directly pursuant to the Stock Purchase Agreement, subject to the receipt of the requisite level of stockholder approval for the Financing. To ensure that Baker Brothers Investments pays a price approximating the price paid by investors in the Offering, the price per share of the Shares issued in the Financing is to equal the greater of (a) the volume weighted average price at which underwritten shares were sold by the Underwriters in one or more transactions through 4 p.m. Eastern time on Wednesday, March 29, 2006, and (b) the price at which the underwritten shares were sold to the Underwriters by the Company pursuant to the Underwriting Agreement. This formulation resulted in a price per share for the shares of common stock sold in the Financing of \$5.25.

TERMS OF THE FINANCING AND SHARES

The terms of the Financing are summarized below.

THE FOLLOWING SUMMARY BELOW IS INTENDED TO PROVIDE YOU WITH CERTAIN INFORMATION CONCERNING THE FINANCING; HOWEVER, IT IS NOT A SUBSTITUTE FOR REVIEWING THE STOCK PURCHASE AGREEMENT, WHICH WAS FILED WITH THE SEC ON MARCH 30, 2006 AS EXHIBIT 10.1 TO A CURRENT REPORT ON FORM 8-K.

Purchase Price

The price per share for the shares of common stock sold in the Financing is \$5.25.

Rights Associated with the Shares

The holders of the Shares will have the same rights as the holders of our outstanding common stock.

Closing Date

The Stock Purchase Agreement provides that the completion of the purchase and sale of the Shares shall occur on the third business day after receipt of stockholder approval for this Proposal No. 3.

Closing Conditions

On or before the closing of the Financing, the Company also shall deliver to the purchasers and file with the SEC a prospectus supplement reflecting the offering of the Shares in conformity with the Securities Act of 1933, as amended, pursuant to our currently effective shelf registration statement on Form S-3. Certain customary closings conditions also apply to the closing of the Financing.

INTERESTS OF CERTAIN PERSONS IN THE FINANCING

Felix Baker, Ph.D. has served as one of our directors since July 2003 and as our Lead Director since February 2005. He is a Managing Member of Baker Bros. Advisors, LLC, which he and his brother, Julian Baker, founded in 2000. Dr. Baker's firm manages Baker Brothers Investments, a family of long-term investment funds for major university endowments and foundations, which are focused on publicly traded life science companies. Please see the table titled "Common Stock Ownership of Certain Beneficial Owners and Management" contained in this Proxy Statement for detailed information on the stock ownership of entities affiliated with Baker Brothers Investments in the Company. Entities affiliated with Baker Brothers Investments propose to purchase 1,129,015 shares of our common stock in the Financing.

STOCKHOLDER APPROVAL REQUIRED UNDER NASD RULES

The issuance of the Shares by the Company is subject to stockholder approval pursuant to the Rules of the National Association of Securities Dealers, Inc. ("NASD") applicable to companies whose securities are traded on the Nasdaq Capital Market ("Nasdaq"). Rule 4350 of the NASD rules (the "Insider Rule") requires companies that are listed on Nasdaq to obtain stockholder approval when a stock purchase plan is to be established pursuant to which stock may be acquired by officers, directors, employees, or consultants, subject to certain exceptions. Nasdaq's interpretation of the Insider Rule applies to any offering that could possibly result in the issuance of securities at a price below the closing price on the date of sale to an officer, director, employee or consultant in a

private placement, subject to certain exceptions inapplicable to the Financing. While the Offering involved the sale and issuance of underwritten shares, NASDAQ interpreted the Offering and the Financing taken together as a whole to not constitute a public offering under the NASD rules. As such, we are seeking stockholder approval of the issuance of the Shares prior to and as a condition to completion of the Financing.

CONSEQUENCES OF NON-APPROVAL

Because stockholder approval is a condition to completion of the Financing, the Company will not complete the Financing if stockholder approval is not obtained.

FINANCIAL AND OTHER INFORMATION

The financial and other information required pursuant to the SEC's proxy rules is incorporated by reference to our Annual Report on Form 10-K which is being delivered to our stockholders with this Proxy Statement.

VOTE REQUIRED

The approval of the Financing will require the affirmative vote of a majority of the voting power of the shares of common stock and Series A convertible preferred stock, voting together as a single class, present in person or represented by proxy at the Annual Meeting.

REASONS FOR THE FINANCING

The Board of Directors has determined that obtaining additional funds is important to the Company's ability to execute on its current business plan. The Board of Directors has also determined, based on current market conditions and the pricing of the Shares at the volume weighted average price at which the shares purchased by the Underwriters in the Offering were sold by the Underwriters through 4 p.m. Eastern time on Wednesday, March 29, 2006, that the Shares being sold in the Financing are being issued and sold for fair value as of the date of the Stock Purchase Agreement.

BOARD RECOMMENDATION

Although the issuance of the Shares in the Financing will have a dilutive effect on our current stockholders, the Board of Directors believes that stockholder approval of the Financing is in our best interest because additional capital will strengthen our ability to continue our business operations.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THIS PROPOSAL.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is currently comprised of three independent directors and operates under a written charter originally adopted by the Board of Directors in March 2001, and reviewed on an annual basis and amended as necessary by the Audit Committee and Board of Directors.

The Audit Committee discussed with the independent registered public accounting firm the matters required to be discussed by United States Generally Accepted Auditing Standards, including Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended.

- (1) Beneficial ownership is determined in accordance with SEC rules. In computing the beneficial ownership we have included shares for which the named person has sole or shared power over voting or investment decisions. The number of shares of common stock beneficially owned includes common stock which the named person has the right to acquire, through conversion, option or warrant exercise or otherwise, within 60 days after March 17, 2006, including conversion of the Series A convertible preferred stock on an as-converted to common stock basis.

However, such shares shall not be deemed outstanding with respect to the calculation of ownership percentage for any other person. In some cases, beneficial ownership calculations for five percent or greater stockholders are based solely on publicly-filed Schedule 13D's or 13G's, which five percent or greater stockholders are required to file with the SEC, and which generally set forth ownership interests as of December 31, 2005.

- (1) No stock appreciation rights (SARs) were granted during 2005.
- (2) Options vest at a rate of 25 percent on the first anniversary of the vesting commencement date and ratably each month thereafter over the remaining 36-month period. The options have a ten-year term, but are subject to earlier termination in connection with termination of employment.
- (3) We granted options to purchase a total of 1,059,125 shares of common stock to employees during 2005.
- (4) The exercise price may be paid in cash, in shares of common stock valued at fair market value on the exercise date or by a same-day sale of the purchased shares.
- (5) The potential realizable value illustrates value that might be realized upon exercise of the options immediately prior to the expiration of their terms, assuming the specified compounded rates of appreciation of the market price per share from the date of grant to the end of the option term. Actual gains, if any, on stock option exercise are dependent upon a number of factors, including the future performance of the common stock and the timing of option exercises, as well as the optionees' continued employment throughout the vesting period. There can be no assurance that the amounts reflected in this table will be achieved.

- (1) The 1998 Stock Option Plan includes an evergreen feature, which provides for an automatic annual increase in the number of shares available under the plan on the first day of each of our fiscal years through 2008, equal to the lesser of (i) 1,200,000 shares, (ii) four percent of our outstanding common stock on the last day of the immediately preceding fiscal year or (iii) such lesser number of shares as is determined by the Board of Directors.
- (2) Assumes that employees will purchase the remaining 832,773 shares of common stock available for issuance under the 2000 Employee Stock Purchase Plan (ESPP) in July 2006 at a purchase price of \$4.55 per share, which would be the purchase price if the purchase period ended March 17, 2006. Under the terms of the ESPP, shares are purchased at 85 percent of the fair market value of our common stock on either the first day of an offering period or the last day of a purchase period, whichever is lower. Therefore, the purchase price is not fixed until the July 2006 purchase date and employees may purchase the shares at a lower price per share, which could affect the weighted-average exercise price.
- (3) Assumes that employees will purchase the remaining 832,773 shares of common stock available for issuance under the ESPP in July 2006. The ESPP, designed to comply with Internal Revenue Code Section 423, includes an evergreen feature, which provides for an automatic annual increase in the number of shares available under the plan on the first day of each of our fiscal years through 2010 equal to the lesser of (i) 300,000 shares, (ii) one percent of our outstanding common stock on the last day of the immediately preceding fiscal year or (iii) such lesser number of shares as is determined by the Board of Directors.

Notwithstanding anything to the contrary set forth in any of the Company's filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 that might incorporate future filings, including this proxy statement, in whole or in part, the Compensation Committee Report and the Stock Performance Graph shall not be deemed to be incorporated by reference into any such filings.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors is currently comprised of four independent directors and operates under a written charter originally adopted by the Board of Directors in April 2000, and reviewed and amended as necessary by the Compensation Committee and Board of Directors.

The members of the Compensation Committee are currently Felix Baker (Chairman), Marc E. Lippman, David W. Gyska and Srinivas Akkaraju. Each of the members of the Compensation Committee is an independent director as currently defined in Rules 4200 and 4350 of the National Marketplace Rules of the NASD.

The following is a report of the Compensation Committee describing the compensation policies applicable to our executive officers, directors and employees during the fiscal year ended December 31, 2005. The Compensation Committee is responsible for establishing and monitoring our general compensation policies and compensation plans, as well as the specific compensation levels for executive officers. It also approves grants of options under our 1998 Stock Option Plan to executive officers. Executive officers who are also directors have not participated in deliberations or decisions involving their own compensation.

GENERAL COMPENSATION POLICY

Under the supervision of the Board of Directors, our compensation policy is designed to attract and retain qualified key executives critical to our growth and long-term success. It is the objective of the Board of Directors to have a portion of each executive officer's compensation contingent upon our performance as well as upon the individual's personal performance. Accordingly, each executive officer's compensation package is comprised of three elements: (i) base salary that reflects individual performance and expertise, (ii) year-end bonus awards payable in cash and tied to the achievement of certain individual and corporate performance goals and (iii) long-term stock-based incentive awards designed to strengthen the mutuality of interests between the executive officers and our stockholders.

In addition to the expertise of its individual members, the Compensation Committee periodically hires an independent compensation consultant to assist in making specific compensation decisions for executive officers. The independent consultant provides the Compensation Committee with market data for each executive position which consists of survey data for life science and biotechnology companies and a peer group of comparable companies with which the Company competes for executive talent. The summary below describes in more detail the factors that the Compensation Committee considers in establishing each of the three primary components of the compensation package provided to the executive officers.

BASE SALARY

The level of base salary is established primarily on the basis of the individual's qualifications and relevant experience, the strategic goals for which he or she has responsibility, the compensation levels at similar companies and the incentives necessary to attract and retain qualified management. Base salary is adjusted each year to take into account the individual's performance and to maintain a competitive salary structure.

CASH-BASED INCENTIVE COMPENSATION

Year-end cash bonuses are awarded to executive officers based on the Company's performance in relation to predetermined corporate-wide goals established by the Compensation Committee, such as product development milestones, clinical trial progress and collaboration objectives, and individual executive officer performance for the year then ended.

LONG-TERM INCENTIVE COMPENSATION

We utilize our 1998 Stock Option Plan to provide executives and other key employees with incentives to maximize long-term stockholder values. Awards under this plan take the form of stock options designed to give the recipient a significant equity stake and thereby closely align his or her interests with those of our stockholders. Factors considered in making such awards include the individual's position, his or her performance and responsibilities, and internal comparability considerations.

Each option grant allows the recipient to acquire shares of common stock at a fixed price per share (the fair market value on the date of grant) over a specified period of time (up to ten years). The options typically vest in periodic installments over a four-year period, contingent upon the executive officer's continued employment with us. Accordingly, the option will provide a return to the recipient only if he or she remains in our service, and then only if the market price of our common stock appreciates over the option term.

COMPENSATION OF THE CHIEF EXECUTIVE OFFICER

Dr. Siegall, who has served as our Chief Executive Officer since November 2002, had a base salary during 2005 of \$418,333. His bonus for the year 2005 was \$151,200. In addition, he was granted an option to purchase 75,000 shares of common stock.

The factors discussed above in *Base Salaries*, *Cash-Based Incentive Compensation*, and *Long-Term Incentive Compensation* were applied in establishing the amount of Dr. Siegall's salary, bonus and stock option grants. Significant factors in establishing Dr. Siegall's compensation were his contributions toward achievement of the Company's operating and financial goals.

DEDUCTIBILITY OF EXECUTIVE COMPENSATION

In making compensation decisions affecting our executive officers, the Compensation Committee considers and, to the extent practicable and to the extent permitted by applicable law, intends to maximize the Company's ability to deduct under applicable federal corporate income tax law compensation payments made to executive officers. Specifically, the Compensation Committee considers the requirements and the impact of Section 162(m) of the Internal Revenue Code adopted under the Omnibus Budget Reconciliation Act of 1993, which generally disallows a deduction for any publicly held corporation for individual compensation exceeding \$1 million in any taxable year for the CEO and four other most highly compensated executive officers, respectively, unless such compensation meets the requirements for the performance-based exception to Section 162(m). As the cash compensation paid by the Company to each of its executive officers is expected to be below \$1 million and the committee believes that options granted under the Company's 1998 Stock Option Plan to such officers will meet the requirements for qualifying as performance-based compensation, the Compensation Committee believes that Section 162(m) will not affect the tax deductions available to the Company with respect to the compensation of its executive officers. It is the Compensation Committee's policy to qualify, to the extent reasonable, its executive officers' compensation for deductibility under applicable tax law. However, the Company may from time to time pay compensation to its executive officers that may not be deductible.

STOCK PERFORMANCE GRAPH

The following graph compares the cumulative total stockholder return data for our common stock since March 6, 2001 (the date on which our common stock was first registered under Section 12 of the Securities Exchange Act of 1934, as amended) to the cumulative return over such period of (a) the Nasdaq Stock Market (U.S.) Index, (b) the Nasdaq Biotechnology Index and (c) the Nasdaq Pharmaceutical Index. The graph assumes that \$100 was invested on March 6, 2001, the date on which we completed our initial public offering, in our common stock and in each of the comparative indices. The graph further assumes that such amount was initially invested in our common stock at a per share price of \$7.00, the price at which such stock was first offered to the public in our initial public offering, and reinvestment of any dividends. The stock price performance on the following graph is not necessarily indicative of future stock price performance.

SECTION 16 BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our directors, our executive officers and persons who own more than ten percent of our common stock (collectively, Reporting Persons) to file initial reports of ownership and changes in ownership of our common stock. Reporting Persons are required by SEC regulations to furnish us with copies of all Section 16 reports they file. To our knowledge, based solely on our review of the copies of such reports received or written representations from certain Reporting Persons that no other reports were required, we believe that during the fiscal year ended December 31, 2005 all Reporting Persons complied with all applicable filing requirements, except for late filings on Form 4 by Felix Baker and Srin Akkaraju reporting the grant of stock options in May 2005.

OTHER MATTERS

The Board of Directors knows of no other business that will be presented to the Annual Meeting. If any other business is properly brought before the Annual Meeting, proxies in the enclosed form will be voted in respect thereof as the proxy holders deem advisable.

It is important that the proxies be returned promptly and that your shares be represented. Stockholders are urged to vote by Internet, by telephone or by marking, dating, signing and returning the enclosed proxy card as promptly as possible in the postage-prepaid envelope provided.

STOCKHOLDERS SHARING THE SAME ADDRESS

In accordance with notices previously sent to many stockholders who hold their shares through a bank, broker or other holder of record (a street name stockholder) and share a single address, only one annual report and proxy statement is being delivered to that address unless contrary instructions from any stockholder at that address were received. This practice, known as householding, is intended to reduce the Company's printing and postage costs. However, any such street name stockholder residing at the same address who wishes to receive a separate copy of this Proxy Statement or accompanying Annual Report to Stockholders may request a copy by contacting the bank, broker or other holder of record, or the Company's Investor Relations Department at (425) 527-4000. The voting instructions sent to a street name stockholder should provide information on how to request (1) householding of future Company materials or (2) separate materials if only one set of documents is being sent to a household. If it does not, a stockholder who would like to make one of these requests should contact the Company as described above.
