Annual Meeting attendance

All stockholders are invited to attend the meeting. Persons who are not stockholders may attend only if invited by Potlatch. If you own shares in street or nominee name, you must bring proof of ownership (e.g., a current broker's statement) in order to be admitted to the meeting.

Other matters presented at Annual Meeting

Potlatch's Bylaws specify the matters that may be presented to stockholders at an Annual Meeting as

matters specified in the notice of meeting given by or at the direction of the Board of Directors;
matters otherwise properly brought before the meeting by or at the direction of the Board of Directors; and
matters otherwise properly brought before the meeting by stockholders.

Under Potlatch's Bylaws, a stockholder must give written notice to the Corporate Secretary of a matter the stockholder wishes to present or a nomination for the election of Directors the stockholder wishes to make at that year's Annual Meeting no later than ninety (90) days nor more than one hundred twenty (120) days in advance of the same day and month that distribution of materials in connection with the prior year's Annual Meeting occurred. No stockholder provided notice of any matter to be presented or any nominee for Director at the 2006 Annual Meeting.

As the date that materials were initially distributed for the 2006 Annual Meeting occurred on April 5, 2006, to present a matter or to make a nomination for the election of Directors at the 2007 Annual Meeting, a stockholder must give written notice to the Corporate Secretary between December 6, 2006 and January 5, 2007. Table of Contents

CORPORATE GOVERNANCE

The Board of Directors and management of Potlatch operate within a comprehensive plan of corporate governance for the purpose of defining responsibilities, setting high standards of professional and personal conduct and monitoring compliance with such responsibilities and applicable legal standards. The Board has adopted Corporate Governance Guidelines that define standards and practices of corporate governance that are designed to contribute to the success of and public confidence in Potlatch. The Board has adopted Charters for each Committee of the Board that define their respective responsibilities and practices. The Board has also approved a Corporate Conduct and Ethics Policy that outlines Potlatch's policies on specific issues related to business conduct and reaffirms the commitment to integrity of the Directors and employees as our way of doing business. Copies of each of these documents are available for downloading or printing by going to Potlatch's web site at www.potlatchcorp.com, and clicking Corporate Governance.

The following sections describe certain of Potlatch's governance practices and procedures.

Director Independence

The role of the Board of Directors is to oversee and provide policy guidance on the business and affairs of Potlatch Corporation. The Board believes that it will best serve stockholders if the majority of the Directors are independent of Potlatch. As of March 1, 2006, the Board was comprised of eleven members, nine of whom are outside (non-employee) Directors. The Board of Directors has determined that all Directors, other than L. Pendleton Siegel, who serves as Chairman of the Board, and Michael J. Covey, who serves as President and Chief Executive Officer, have no material relationship with Potlatch (either directly or as a partner, shareholder or officer of an organization that has a relationship with Potlatch), and are independent within the meaning of the New York Stock Exchange listing standards and Potlatch's Director Independence Policy, a copy of which is attached to this proxy statement as Appendix A, and can also be found on Potlatch's web site by going to www.potlatchcorp.com, and clicking Corporate Governance, and then Board of Directors.

At each of its in-person meetings, the Board meets in executive session without members of management present and has elected Dr. William T. Weyerhaeuser as Vice Chair of the Board to preside at these executive sessions. Each Committee of the Board, except for the Finance Committee, also meets in executive session at every in-person meeting without members of management present.

During 2005, the Board met fourteen times. Each Director attended 75% or more of the meetings of the Board and its Committees, and the aggregate attendance at all Board and Committee meetings was 99%. The Board does not have a policy requiring Director attendance at annual meetings of the stockholders. One Director attended the 2005 Annual Meeting of Stockholders.

Communications with Directors

Potlatch has established procedures for stockholders and other interested parties to contact one or more of the non-management Directors by e-mail or mail. These procedures can be viewed by going to Potlatch's public web site at www.potlatchcorp.com, and clicking Corporate Governance, and then Board of Directors. All communications with a proper business purpose are forwarded to the intended non-management Director or Directors.

Edgar Filing: POTLATCH CORP - Form DEF 14A

The Audit Committee has established procedures to accommodate complaints and concerns about Potlatch's accounting, internal controls and auditing matters by two different groups: (1) employees, who are entitled to confidential and anonymous treatment; and (2) third parties (such as competitors, vendors and consumers), who are not entitled to confidential and anonymous treatment. All complaints and concerns are directed through an independent, third-party hotline provider and are routed directly to the Chair of the Audit Committee. The procedures and hotline number are available by going to Potlatch's public web site at www.potlatchcorp.com, and clicking Corporate Governance, and then Hotlines.

Table of Contents

Nominees for Director

The Board of Directors nominates Directors for election at each annual meeting of stockholders and elects new Directors to fill vacancies when they arise. The Nominating and Corporate Governance Committee has the responsibility to identify, evaluate, recruit and recommend qualified candidates to the Board of Directors for nomination or election.

It is an objective of the Board of Directors that its membership be composed of experienced and dedicated individuals with diverse backgrounds, perspectives and skills. Potlatch's Corporate Governance Guidelines contain membership criteria that call for candidates to be selected for their character, judgment, diversity of experience, business acumen and ability to act on behalf of all stockholders. In addition, each Director must be committed to enhancing stockholder value and must have sufficient time to effectively carry out his or her duties as a Director. The Committee also considers the requirement in the Corporate Governance Guidelines that a majority of the Board members be independent under New York Stock Exchange rules, as well as the Board's desire that at least one Board member meet the criteria for an audit committee financial expert under Securities and Exchange Commission rules.

Prior to each annual meeting of stockholders, the Committee identifies nominees first by evaluating the current Directors whose terms will expire at the annual meeting and who are willing to continue in service. These candidates are evaluated based on the criteria described above, the candidate's prior service as a Director, and the needs of the Board with respect to the particular talents and experience of its Directors. In the event that a Director does not wish to continue in service or the Committee determines not to re-nominate the Director or if a vacancy is created on the Board as a result of a resignation, an increase in the size of the Board or other event, then the Committee will consider various candidates for Board membership, including those suggested by the Committee members, by other Board members, by any director search firm engaged by the Committee and by stockholders. During 2003, the Committee retained the professional search firm TMP/Highland Partners to assist the Committee in the identification and evaluation of candidates for Director. The Committee did not utilize any third-party professional search firm services during 2004 or 2005 and does not anticipate utilizing any such services during 2006.

A stockholder who wishes to recommend a prospective nominee for the Board for consideration by the Committee should notify the Corporate Secretary in writing at Potlatch's principal office. Each notice must include the full name, age, business and residence addresses, principal occupation or employment of the nominee, the number of shares of Potlatch common stock beneficially owned by the nominee, and the skills, qualifications, background and other attributes of the nominee that the stockholder believes are pertinent in making the nomination. In addition, any other information about the nominee that must be disclosed in proxy solicitations under Rule 14(a) of the Securities Exchange Act of 1934, as amended, must be included, as well as the nominee's written consent to serve, if elected.

Table of Contents**Committees of the Board**

The Audit Committee

Under the terms of its Charter and in accordance with applicable regulations and requirements, the Audit Committee is responsible for assisting the Board in its oversight of Potlatch's accounting, financial reporting and internal control matters, and has the sole authority to retain, compensate and terminate the independent auditor and the Internal Audit Director. The Audit Committee Charter is attached to this proxy statement as Appendix B. The Committee has appointed KPMG LLP as Potlatch's independent auditor and pre-approved its audit fees and non-audit services and fees for 2006 in accordance with criteria adopted by the Committee. Representatives of KPMG LLP are not expected to be present at the Annual Meeting.

The Board of Directors has determined that all members of the Committee are independent of Potlatch within the meaning of the New York Stock Exchange listing standards and Potlatch's Director Independence Policy and are financially literate. The Board also has determined that Committee Chair Boh A. Dickey is an audit committee financial expert as defined by the rules of the Securities and Exchange Commission. The Committee met eight times in 2005. The section titled, "Audit Committee Report" in this proxy statement contains a description of the Committee's activities during 2005.

The Executive Compensation and Personnel Policies Committee

Under the terms of its Charter, the Executive Compensation and Personnel Policies Committee oversees compensation and benefits for Potlatch's senior officers, including salary, bonus, and incentive awards. The Committee also evaluates the performance of the Chief Executive Officer and reviews succession plans for key officer positions.

The Board of Directors has determined that all members of the Committee are independent of Potlatch within the meaning of the New York Stock Exchange listing standards and Potlatch's Director Independence Policy. The Committee met seven times in 2005. The section titled, "Executive Compensation and Personnel Policies Committee Report" in this proxy statement contains a description of the Committee's activities during 2005.

The Finance Committee

Under the terms of its Charter, the Finance Committee reviews and makes recommendations on financings and other financial matters.

Table of Contents

The Finance Committee met one time in 2005.

The Nominating and Corporate Governance Committee

Under the terms of its Charter, the Nominating and Corporate Governance Committee is responsible for identifying, evaluating, recruiting and recommending to the Board nominees for election as Directors and for developing and recommending to the Board a set of corporate governance principles and related policies.

The Board of Directors has determined that all members of the Committee are independent of Potlatch within the meaning of the New York Stock Exchange listing standards and Potlatch's Director Independence Policy. The Committee met four times in 2005.

Compensation of Directors

Two members of Potlatch's Board of Directors, L. Pendleton Siegel and Michael J. Covey, are employees. Neither Mr. Siegel, Chairman of the Board, nor Mr. Covey, President and Chief Executive Officer, receives compensation for his service as a Director.

Retainer and Fees. During 2005, Potlatch's outside Directors were paid cash compensation at the following rates:

Annual retainer fee	\$ 35,000
Supplemental annual retainer fee (Vice Chair only)	\$ 15,000
Attendance fee for each Board meeting	\$ 1,500
Attendance fee for each Committee meeting	\$ 1,500
Annual retainer fee for Chair of the Audit Committee	\$ 10,000
Annual retainer fee for Chair of each other Committee	\$ 5,000

During 2005, Potlatch paid to Directors, or deferred on their behalf, a total of \$695,500 in fees. Directors may defer receiving all or any portion of their fees. Under the terms of the Potlatch Corporation Deferred Compensation Plan for Directors, when a Director elects to defer fees, he or she elects to have those fees credited with interest at the higher of either 70% of the prime rate or the corporate A bond rate, or converted into common stock units. These common stock units are then credited with amounts in common stock units equal in value to the dividends that are paid on the same amount of common stock. During 2005 Potlatch also reimbursed Directors for their reasonable out-of-pocket expenses for attending Board and Committee meetings and educational seminars and conferences in accordance with the Potlatch Corporation Director Education Program, and for reasonable out-of-pocket expenses for their spouses to attend the September 2005 Board meeting retreat.

Long-Term Incentive Awards. In December 2005, each of the outside Directors was granted a discretionary award, consisting of a credit to an account established on behalf of each outside Director under the Potlatch Corporation Deferred Compensation Plan for Directors in the amount of \$30,000. Under the terms of the award, \$30,000 was credited to an account for each Director in common stock units, based on the price of the common stock on the date of the grant. These common stock units are then credited with amounts in common stock units equal in value to the dividends that are paid on the same amount of common stock. Upon separation from service as a Director, the common stock units held by the Director in the deferred account will be converted to cash based upon the then market price of the common stock and paid to the Director.

Edgar Filing: POTLATCH CORP - Form DEF 14A

Other Benefits. Potlatch provides coverage for Directors under its Director and Officer Liability Insurance Policy and its Accidental Death and Dismemberment Insurance Policy, and Directors may, at their own expense, purchase coverage for their spouses under the Accidental Death and

Table of Contents

Dismemberment Insurance Policy. Directors are eligible to participate in the Potlatch Corporation Matching Gifts to Education Program, which matches contributions of up to \$1,500 per year to eligible educational institutions. For contributions made through June 30, 2005, Directors were eligible to participate in the Potlatch Corporation Matching Gifts to Tsunami Relief Effort Program, and for contributions through December 31, 2005, Directors were eligible to participate in the Potlatch Corporation Matching Gifts to Katrina Relief Effort Program, both of which matched contributions of up to \$1,500 to eligible relief organizations. During 2005, no charitable donations were provided by Potlatch to organizations with which any Director was affiliated as an executive officer or director in excess of the amounts matched by Potlatch under these programs.

Stock Ownership Guidelines

In the interest of promoting and increasing equity ownership in Potlatch, in December 2003 the Board of Directors adopted stock ownership guidelines. Under the guidelines, each outside Director must beneficially own at least 3,000 shares by the later of January 1, 2009, or the fifth anniversary of their election as a Director. As of March 15, 2006, all outside Directors have met the guideline on an incremental basis; Messrs. Quesnel and Riordan have achieved more than 74 and 77 percent, respectively, of the overall guideline. In respect of the Special E&P Distribution to be paid on March 31, 2006, the Board of Directors has approved an amendment to the stock ownership guideline listed above to 3,750 shares.

A copy of the stock ownership guidelines is available by going to Potlatch's web site at www.potlatchcorp.com, and clicking Corporate Governance, then Board of Directors. Stock Ownership Guidelines for Potlatch senior management are discussed in the section of this proxy statement titled, Executive Compensation and Personnel Policies Committee Report.

EXECUTIVE COMPENSATION AND PERSONNEL POLICIES
COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Responsibilities and Independence

The Executive Compensation and Personnel Policies Committee (the Committee) administers Potlatch's executive compensation and benefits programs, general personnel policies and practices, the management succession plan and conducts an annual performance review of the Chief Executive Officer. The Committee's Charter reflects these responsibilities, and the Committee and the Board of Directors regularly review and revise the Charter as necessary. You may download or print a copy of the Charter by going to Potlatch's web site at www.potlatchcorp.com, and clicking Corporate Governance, and then Executive Compensation and Personnel Policies Committee.

Each member of the Committee is independent of Potlatch as determined by the Board of Directors, based on the New York Stock Exchange listing standards and Potlatch's Director Independence Policy. You may download or print a copy of the Director Independence Policy by going to Potlatch's web site at www.potlatchcorp.com, and clicking Corporate Governance, and then Board of Directors.

Compensation Philosophy

Potlatch's philosophy is to set target compensation levels for employees at the median of competitive practice, as described below, with such adjustments as management and the Committee deem necessary based upon the individual's performance and experience. This philosophy applies to all salaried employees. It is also our philosophy to compensate those employees with higher levels of responsibility with a higher proportion of at-risk compensation and to have a larger proportion of their compensation in equity, for the purpose of more closely aligning their interests with those of Potlatch's stockholders. The compensation package for our senior employees includes a mix of base salary and short- and long-term incentives, each of which is described in more detail in the following sections of this report.

From time to time, the Committee reviews and revises Potlatch's compensation philosophy. The Committee last reviewed and reaffirmed Potlatch's compensation philosophy in 2004.

Compensation Practices

Since 2004, the Committee has retained Deloitte Consulting LLP, an independent compensation consulting firm, which reports directly to the Committee. During 2004, the Committee directed Deloitte to conduct reviews of Potlatch's compensation programs and the competitiveness of the compensation components for senior employees, including base salary and short- and long-term incentives. As a result of these reviews, the Committee approved certain changes to Potlatch's incentive compensation programs, including, among other things, an expansion of the peer group used to measure relative performance for purposes of the short- and long-term incentive programs. We generally deem Potlatch's peer companies to be the 32 paper and forest products industry companies listed in the section titled, Performance Graph in this proxy statement, and general industry companies of similar size to Potlatch that operate in cyclical, commodity industries similar to the paper and forest products industry. The Committee includes general industry companies in its reviews because it believes that Potlatch competes for executive talent against a wider spectrum of companies than those in the paper and forest products industry.

Edgar Filing: POTLATCH CORP - Form DEF 14A

In late 2005, at the Committee's request, the compensation consultant reviewed management's recommendations to the Committee for long-term incentive awards to Potlatch's senior employees, other than the Chief Executive Officer, in the form of performance shares. In early 2006, at the Committee's request, the compensation consultant reviewed management's recommendations to the Committee for base salary merit increases for Potlatch's officer group, other than the Chief Executive Officer, as well as management's recommendations for short-term incentive awards to be paid to that

Table of Contents

group under the Management Performance Award Plan for performance during the prior fiscal year. With respect to the base salary, annual bonus awards and long-term incentive awards for the Chief Executive Officer, at the Committee's request, the compensation consultant provided competitive compensation data directly to the Committee without influence from management. The Committee's specific methodology for consideration of each of these awards, grants and merit increases is described in greater detail in the following sections.

Compensation Components

The following sections describe the three components of Potlatch's compensation program: base salary and the short- and long-term incentive plans. Under the terms of the Committee's Charter, the Committee administers these programs, periodically reviews the competitiveness of each program relative to Potlatch's compensation philosophy, and makes any necessary adjustments with input from the compensation consultant and management, as needed. As described in more detail below, the Committee reviews individual base salary increases and any awards and grants made under the short- and long-term incentive plans for the officer group, and reviews any grants made under the long-term incentive plans for approximately 130 senior employees, as recommended by management and with input from the compensation consultant. In the case of the Chief Executive Officer, we consider his base salary, annual bonus awards and long-term incentive grants upon reviewing competitive data provided by the compensation consultant and after the Committee's annual evaluation of his performance relative to his annual performance plan.

Section 162(m) of the Internal Revenue Code generally disallows a tax deduction to public companies for annual compensation in excess of \$1 million paid to the Chief Executive Officer and the other named executive officers; Potlatch may deduct compensation above \$1 million, however, if it is performance-based compensation within the meaning of the Code. While the Committee considers the impact of this rule in developing and implementing Potlatch's compensation program, in order to preserve the Committee's flexibility, Potlatch has not adopted a policy that all compensation must qualify as deductible under Section 162(m). Potlatch's long-term incentive programs are intended to qualify as performance-based compensation. The Committee believes that amounts paid under Potlatch's Management Performance Award Plan are deductible because a participant must defer any payment that causes the participant's compensation to exceed \$1 million. For more than the past five years, no executive officer has had compensation subject to Section 162(m).

Base Salary. Consistent with Potlatch's compensation philosophy, the Committee strives to provide base salaries at the median of competitive practice, with such adjustments as management and the Committee deem necessary based upon the individual employee's performance. The base salary ranges (minimum, midpoint and maximum) for all pay grades had been frozen for 2003 and 2004 following a review of competitive information, which indicated that the base salary midpoints were slightly above the median. Base salary ranges were increased by 2% for each of 2005 and 2006 based on a review of competitive information.

At the Committee's request, during 2004 the compensation consultant conducted a review of the competitiveness of the base salaries established for senior employees. This review consisted of analyzing job-specific compensation surveys that included paper and forest products industry and general industry companies. The consultant concluded that base salaries for Potlatch's officer group were slightly below the competitive median, and as a result, base salaries of certain individuals were increased in 2005 to more closely approximate the median for their respective positions. The Committee will direct the compensation consultant to conduct a similar review of the base salary ranges for senior employees during 2006 and to recommend changes as necessary.

The compensation consultant has also reviewed and confirmed management's proposed 3.5% guideline increase in base salaries applicable to all salaried employees in 2006 based upon similar

Table of Contents

competitive data. Individual base salaries may be further adjusted based upon the employee's placement in his or her base salary range and his or her performance relative to his or her performance plan. The performance plans contain operational, financial and customer-oriented objectives determined together with the employee's supervisor, and include behavior attributes expected of all employees.

Short-Term Incentives. Potlatch's Management Performance Award Plan provides the potential for annual incentive awards for approximately 130 senior employees that, if earned, are paid in cash. The Plan is designed to create an incentive for our senior employees, including the Chief Executive Officer and the other named executive officers, who are in a position to contribute to and therefore influence Potlatch's performance on the basis of return on equity (ROE) and return on invested capital (ROIC). Prior to 2004, awards earned had been paid in a mix of cash and stock. Beginning in 2004, recipients receive their awards in cash unless they elect to defer awards earned into either Potlatch common stock units or an account bearing interest at the higher of either 70% of the prime rate or the corporate A bond rate.

Awards to eligible corporate employees are determined based upon Potlatch's ROE performance relative to the 32-company peer group and are paid from the Corporate Performance Fund, one of the two bonus fund pools under the Management Performance Award Plan. Awards to eligible operating division employees, other than the four individuals who lead each of Potlatch's operating divisions, consist of two components: their respective operating division's ROIC (which accounts for 70% of the award and is paid from the Operating Division Performance Fund, the second bonus fund pool under the Management Performance Award Plan), and Potlatch's ROE performance (which accounts for 30% of the award and is paid from the Corporate Performance Fund). In the case of the four operating division leaders, their awards similarly consist of two components and are weighted at 50% for Potlatch's ROE performance and 50% for their respective operating division's ROIC.

Under the terms of the Plan and subject to the Committee's discretion, no awards can be paid from the Corporate Performance Fund to any employee if Potlatch does not achieve an ROE in excess of 5%. In 2005, Potlatch earned \$33.0 million, or \$1.13 per diluted share for an ROE of 4.9%. 2005 earnings reflected approximately \$5.9 million in expenses related to Potlatch's conversion to a real estate investment trust, which had the effect of reducing the ROE by 0.9%. Because these expenses were incurred in the course of executing a significant strategic decision for the long-term benefit of stockholders, the Committee chose to exercise its discretion and disregarded the real estate investment trust-related expenses for purposes of the 2005 ROE calculation. As a result, the Committee used an ROE of 5.8%, which ranked Potlatch 17th, or at the 50th percentile for ROE performance among the 32-company peer group for the most recently reported twelve months' financial results for each company, and therefore a standard bonus modifier of 0.79 was applied in the calculation.

Also under the terms of the Plan and subject to the Committee's discretion, no awards can be paid from the Operating Division Performance Fund to eligible operating division employees if the employees' respective operating division did not achieve an ROIC equal to or greater than 8%. Each year, the Committee approves an ROIC scale for each operating division based upon that division's operating budget for that year relative to that division's invested capital. At the end of the year, the ROIC is calculated and the result is compared to the Committee's pre-approved scale to determine a modifier, which may range from 0.1 (in the event of an ROIC of exactly 8.0%), up to a maximum modifier of 2.0. For 2005, the Committee approved scales establishing an ROIC target of 8.0% for all divisions except for the Consumer Products Division, for which an ROIC target was established at 7.28%. After taking into consideration the 2005 performance of each operating division, the Committee established the modifiers as follows: Resource Management Division, 1.36; Wood Products Division, 1.04; and Consumer Products Division, 0.33. As the Pulp and Paperboard Division did not achieve the 8.0% ROIC hurdle, no award was paid to eligible employees in that division from the Operating Division Performance Fund.

Table of Contents

Under the terms of the Plan applicable to awards for 2005, the aggregate pool of the Corporate Performance Fund and the Operating Division Performance Funds from which any awards are paid is generally capped at 6% of Potlatch's pre-tax income. No award has been paid to any employee under this plan that has exceeded 140% of that employee's base salary.

Upon the completion of the calculations for all eligible corporate and operating division employees as described in the preceding paragraphs, the Committee reserves the right under the Plan to modify individual short-term incentive awards, or awards to all eligible employees as a group, based upon its discretion after considering individual performance, operating division performance, or Potlatch's performance. In addition to the quantitative Plan measures described above, the Committee may also consider such qualitative and quantitative measures in determining awards, such as safety performance, environmental performance, or other factors.

The Committee considered the ROE and ROIC results as outlined in the preceding paragraphs, among other factors, in approving approximately \$2,961,000 in short-term incentive awards paid in March 2006 for performance in 2005 to approximately 130 senior employees.

In December 2005, upon the recommendation of the compensation consultant and in anticipation of the conversion of Potlatch to a real estate investment trust effective January 1, 2006, the Committee amended the rules and regulations governing the Management Performance Award Plan, to measure corporate performance for purposes of calculating awards based on pre-tax ROE rather than after-tax ROE effective with the 2006 award year. As real estate investment trusts generally are not subject to federal income tax like C corporations, Potlatch's pre-tax ROE will be a more comparable measure of Potlatch's performance against the pre-tax ROE of the 32 peer group companies, most of which are C corporations.

Long-Term Incentives. Through 2002, Potlatch's sole long-term incentive for senior employees was an annual grant of nonqualified stock options with an exercise price equal to the fair market value of Potlatch stock on the date of grant. In 2003, upon review of the median level of long-term incentives awarded to senior employees of the companies in Potlatch's peer groups described in the section above titled, Compensation Practices, the Committee chose to replace a portion of the grant of nonqualified stock options to senior employees with performance shares to further reinforce the importance of the Company's long-term return to shareholders. Under this revised program, in December 2003 and again in December 2004, the Committee granted a mix of stock options and performance shares as long-term incentive awards to approximately 130 senior employees.

Upon the recommendation of the compensation consultant and in anticipation of Potlatch's conversion to a real estate investment trust effective January 1, 2006, the Committee granted in December 2005 performance shares as the only form of long-term incentive to approximately 130 senior employees. The Committee believes that performance shares will provide a superior incentive compared to stock options for employees in a real estate investment trust. The target number of the 2005 performance share awards was the median award value for each pay grade based upon competitive data provided by the compensation consultant, divided by the 10-day average closing price for Potlatch common stock for such period prior to the award grant date. The actual target award of performance shares granted to each senior employee was further subject to an increase or decrease at the Committee's discretion based upon management's assessment of the individual employee's future potential performance and contributions to Potlatch.

The December 2005 award of performance shares was granted in accordance with the terms of Potlatch's stockholder-approved 2000 Stock Incentive Plan. The Stock Incentive Plan provides the opportunity for senior employees to benefit from the results of their efforts to increase stockholder

Table of Contents

value over the long term. The awards under the Plan are intended to focus managerial efforts on enhancing stockholder value relative to our industry peers and to align the participants' interests with those of our stockholders.

The following describes how the grant of the December 2, 2005, performance shares will be calculated and earned upon completion of the three-year performance period.

The performance shares the Committee granted have no value unless Potlatch's total shareholder return (stock price appreciation plus dividends) exceeds pre-determined levels relative to our 32 paper and forest products industry peer group over the three-year performance measurement period that began January 1, 2006. The peer group is listed in the section titled, "Performance Graph" in this proxy statement. Awards are earned only if Potlatch's total shareholder return is equal to or greater than the 32nd percentile of the industry peer group's total shareholder return at the end of the three-year performance measurement period (e.g., award is equal to 25% of the target award at the threshold level). The target number of shares is earned if Potlatch's performance is at the 55th percentile (e.g., award is equal to 100% of the target award); the maximum number of shares is earned if Potlatch's performance is equal to or greater than the 97th percentile (e.g., award is equal to 200% of the target award). The Committee reserves the right to reduce or eliminate any award that may become payable to an employee, or to all senior employees as a group, if we determine that the total shareholder return has been insufficient, or if the financial or operational performance of the Company has been inadequate. If awards are paid out at the end of the three-year performance measurement period, the recipients will receive dividend equivalents at the time of payment equal to the cash dividends that would have been paid on the shares earned had the recipient owned the shares during the three-year period. The award and the dividend equivalents are paid in the form of shares of common stock, and the shares and dividend equivalents have no voting rights unless and until they are paid at the end of the three-year performance period.

In February 2006, the Board of Directors approved, and Potlatch paid on March 31, 2006, a special distribution of \$15.15 per common share in cash and stock to all stockholders of record as of the close of business on February 13, 2006 in connection with Potlatch's required distribution of all historical accumulated earnings and profits earned as a C corporation (the "E&P Distribution"). Under the terms of the 1989, 1995 and 2000 Stock Incentive Plans, the E&P Distribution constituted a recapitalization, requiring an equitable adjustment to all options that had been awarded but not exercised by the record date to account for the effect of the E&P Distribution on the price of Potlatch's common stock. The Committee, as plan administrator, approved the adjustment, which increased the number of shares subject to outstanding options by approximately 43.2% and decreased the exercise price of outstanding options by approximately 43.2%. The adjustment was made in accordance with FASB No. 123R in order to maintain the same aggregate intrinsic value to all holders of Potlatch's outstanding stock options immediately before and after the ex-dividend date for the E&P Distribution and was not implemented for the purpose of providing any additional compensation to Potlatch's officers or directors.

At March 1, 2006, there were 1,155,133 nonqualified stock options outstanding, 24,401 restricted stock units previously granted but not yet vested and a maximum of 492,650 performance shares previously granted but not yet vested. There were 10,528 shares available for future use under the 2000 Stock Incentive Plan, 1.57 million shares available for future use under the 2005 Stock Incentive Plan, and no shares available under any prior plan.

Officer Stock Ownership Guidelines

In the interest of promoting and increasing equity ownership of Potlatch shares by senior officers, the Board of Directors adopted in December 2003 stock ownership guidelines for the senior officers who serve on Potlatch's Management Committee. Under the guidelines, each senior officer is required to

Table of Contents

acquire within five years a specified number of shares as shown in the table below and during such period must meet increasingly higher interim ownership guidelines each year. Any shares of Potlatch common stock beneficially owned by the senior officer, held in a brokerage account or in Potlatch's 401(k) Savings Plan, any common stock units owned that result from deferred awards paid under the short-term incentive program and any vested restricted stock units count toward the ownership guidelines. Shares subject to stock options and unearned performance shares do not count toward the ownership guidelines. In the event that the ownership guideline is not met in any of those years, or the guideline is not maintained after the initial guideline is met, awards under the Management Performance Award Plan will automatically be paid 50% in cash and 50% in stock and any performance share award that is earned must be retained to the extent necessary to meet this guideline.

Chief Executive Officer	60,000
Operating Division Vice President	12,000
Staff Vice President	7,500

The table in this proxy statement titled, "Stock Ownership" outlines the progress of the Chief Executive Officer and the named executive officers relative to their respective guidelines. As of March 15, 2006, all the named executive officers have met their respective guidelines. In respect of the Special E&P Distribution to be paid on March 31, 2006, the Board of Directors has approved amendments to the stock ownership guideline amounts listed above, increasing each by approximately 25 percent.

A copy of the stock ownership guidelines is available by going to Potlatch's web site at www.potlatchcorp.com, and clicking Corporate Governance, then Management.

Personal Benefits

Potlatch seeks to maintain an egalitarian culture in its facilities and offices. Officers and senior employees are not entitled to operate under different standards than other Potlatch employees. Potlatch does not provide officers and senior employees with reserved parking spaces, company cars, country club memberships or separate dining facilities. Nor does Potlatch provide personal benefit perquisites to officers and senior employees such as the use of aircraft (Potlatch does not own or routinely lease aircraft) or defray the cost of personal entertainment or family travel. Although Potlatch maintains a Supplemental Benefit Plan due to Internal Revenue Service limitations, we do not have a supplemental executive retirement program. We do, however, have a special agreement with Mr. Covey to provide him with retirement benefits equal to the retirement benefits at age 55 that he would have been entitled to at age 55 had he remained with his former employer. Our health care and other medical insurance programs are the same for all salaried employees, including officers, with the exception that highly compensated employees pay a larger percentage of their insurance premiums than other employees. The loan program, provided as a feature of participation in Potlatch's 401(k) savings plans, is not available to executive officers. There are no outstanding loans of any kind to any executive officer, and since 2002, federal law has prohibited any new company loans to executive officers for any reason. We expect our officers and senior employees to be role models under Potlatch's Corporate Conduct and Ethics Code, which is applicable equally to the members of the Board of Directors and all employees, including officers.

2005 Compensation of the Chief Executive Officer and the Named Executive Officers

The 2005 compensation of Potlatch's Chief Executive Officer, Mr. Siegel, and the named executive officers, Messrs. Kelly, Zuehlke, Olson and Seamans, consisted of three elements: base salary, a short-term incentive bonus award and a grant of performance shares.

Edgar Filing: POTLATCH CORP - Form DEF 14A

The Committee approved the compensation amounts, awards and grants to these individuals based upon a review and assessment of their performance relative to the objectives contained in their respective performance plans, Potlatch's financial performance as described in the section above

Table of Contents

titled, Short-term Incentive Plan, and, with the assistance of the compensation consultant, the Committee's review of competitive data for compensation paid to individuals in similar positions with Potlatch's peer companies, as described in the section above titled, Compensation Practices.

Chief Executive Officer. Based on our assessment of the factors described above, the Committee approved a 4.6% increase in Mr. Siegel's base salary in March 2005, to an annual rate of \$650,000, which approximated the median of competitive practice based upon competitive survey data. As Mr. Siegel retired as Chief Executive Officer effective February 6, 2006, and will remain as Chairman of the Board through 2006, the Committee and Mr. Siegel mutually agreed to maintain Mr. Siegel's base pay at \$650,000 until his retirement in December 2006. Based on Potlatch's 2005 financial performance as described in the section above titled, 2005 Company Performance, the Committee approved a short-term incentive bonus award to Mr. Siegel under the Management Performance Award Plan in February 2006 of \$397,500. Mr. Siegel chose to defer receipt of 50% of this award in the form of Potlatch common stock units until after he retires from employment with Potlatch. The Committee did not grant Mr. Siegel any long-term incentive award in December 2005 due to his scheduled retirement as CEO on February 6, 2006. In the case of each of the compensation components for Mr. Siegel approved by the Committee as outlined above, the Board of Directors ratified each decision. Mr. Siegel does not have an employment agreement with Potlatch.

Named Executive Officers. Based on our assessment of the factors described above, and upon recommendations made by the Chief Executive Officer that were reviewed by the compensation consultant, the Committee approved increases in base salaries for the named executive officers in March 2005, short-term incentive bonus awards under the Management Performance Award Plan in March 2006, and target awards of performance shares in December 2005. None of the named executive officers have an employment agreement with Potlatch.

2006 Compensation of the President and Chief Executive Officer

On December 5, 2005, Potlatch announced that Mike Covey had been appointed President and Chief Executive Officer and elected a Director effective February 6, 2006. The Committee approved and the Board of Directors ratified the material terms and conditions of Mr. Covey's employment as President and Chief Executive Officer.

Mr. Covey received an employment agreement with a three-year term commencing February 6, 2006, at an initial annual base salary of \$625,000, subject to increase in the discretion of the Board. On February 6, 2006, Mr. Covey received the following one-time payments and incentive awards in order to replace the value of compensation that would have been available to Mr. Covey at Mr. Covey's former employer: i) a cash payment of \$425,000, ii) an award of 24,401 restricted stock units, increased by the amount of dividends paid during the vesting period, such restricted stock units to vest 20% on the first and second anniversaries of the award and 60% on the third anniversary thereof, and iii) a performance share award for the period 2005 through 2007 of 15,528 shares, with a payment in shares of Company stock ranging from zero to two times the award amount depending on Potlatch's relative total shareholder return during such period compared to the 32-company peer group.

Mr. Covey will participate in the Management Performance Award Plan with a target annual bonus opportunity of \$406,250 in 2006 and 65% of base salary in future years. The actual bonus may range from zero to 200% of the target amount based on corporate performance criteria to be established by the Committee and will be subject to further modification ranging from 0 to 1.4 times the bonus amount based on the results of individual performance metrics for Mr. Covey to be established by the Committee. Mr. Covey will also participate in the long-term incentive award plan. Mr. Covey received a performance share award of 20,800 shares for the period 2006 through 2008, with a payment in shares of Company stock ranging from zero to two times the award amount depending on Potlatch's relative total shareholder return during such period compared to the 32-company peer group. Mr. Covey will participate in the long-term incentive plan after 2006 on terms to be established by the Committee.

Table of Contents

Mr. Covey will receive other benefits available to officers, including participation in the Potlatch Salaried Retirement Plan and the Potlatch Supplemental Retirement Plan. Mr. Covey's agreement with the Company also provides him with retirement benefits at age 55 equal to the retirement benefits that he would have been entitled to at age 55 had he remained with his former employer, offset by any retirement benefit paid by his former employer. If Mr. Covey voluntarily terminates his employment during the three-year term of his employment agreement, he will receive accrued salary and benefits and a pro-rated annual bonus for the year of termination and will forfeit all unvested performance shares and unvested restricted stock units. If Mr. Covey's employment is terminated by Potlatch during the three-year term of his employment agreement other than for cause, he will receive in addition, among other things, 24 months' salary and target bonus and accelerated vesting of the restricted stock units described above. If Mr. Covey's employment is terminated in connection with a change in control of Potlatch, he will receive, among other things, a lump sum payment equal to three times his base salary plus target bonus, a pro-rated portion of his performance share award and accelerated vesting of the restricted stock units described above, all grossed up for excise taxes. Mr. Covey is prohibited from competing, soliciting employees or affiliates, and disclosing confidential information for two years following his separation from Potlatch.

The Committee has also reviewed all components of Mr. Covey's compensation, including base salary, short-term incentive bonus awards and long-term incentive grants as described above, plus the cost to Potlatch of any other salaried employee benefits and the projected payout obligations of Potlatch under several potential severance and change-in-control scenarios. Based on this review, the Committee finds that Mr. Covey's total compensation (and in the case of the severance and the change-in-control scenarios, the potential payouts) in the aggregate to be reasonable and not excessive.

(1) This column represents the base salary paid to the named executive officers in the years shown. Salary increases for merit, if granted, occur on March 1 except in those years in which a promotion occurs. The named executive officers, except for Messrs. Kelly and Olson in 2004, received merit increases on March 1 in each of the three years shown. Messrs. Kelly and Olson received lump-sum payments of \$8,550 and \$8,530, respectively, on March 1, 2004, in lieu of merit increases as a result of their positioning in Potlatch's base salary structure.

(2) This column represents short-term incentive bonuses awarded to the named executive officers in the years shown under the Management Performance Award Plan. The totals shown in 2004 and 2005 for the named executive officers, except Mr. Siegel, were paid in cash. Mr. Siegel elected to defer receipt of his 2004 award and 50% of his 2005 award until he retires from Potlatch at the end of 2006. The totals shown in 2003 for the named executive officers, except Messrs. Siegel and Olson, were paid 50% in cash and 50% in common stock. For the 2003 award, Messrs. Siegel and Olson elected to defer receipt of their awards into

common stock units until they retire from Potlatch.

(3) No stock options were granted to the named executive officers in 2005.

(4) This column represents matching contributions by Potlatch under the Salaried Employees 401(k) Savings Plan. Mr. Seamans 2004 and 2003 amounts include \$2,715, and \$13,186, respectively, of relocation costs.

Under the Retirement Plan and the Supplemental Benefit Plan, remuneration includes: 1) base salary, and 2) bonus awards under the Management Performance Award Plan whether paid or deferred, and is set equal to the highest annual average of such amounts for any five-year period out of the last 10-year period prior to the termination of employment.

The plans recognize bonuses and incentives in the year paid. However, for participants required to retire no later than age 65, the plans calculate benefits as if the participant received a standard bonus award under the Management Performance Award Plan, even if the award was not paid. Benefits under the plans are computed as straight-life annuity amounts and are not subject to reduction by Social Security and other benefits.

or perquisites, or who resign rather than relocate at Potlatch's request will receive severance pay of up to 12 months' base salary and benefits for the same period under Potlatch's medical, dental, basic accidental death and dismemberment, and life insurance plans. As described in the Executive Compensation and Personnel Policies Committee Report on Executive Compensation, Mr. Covey has an agreement with the Company providing him with severance benefits of up to twenty-four months' base salary, target bonus, and benefits in the event of a termination of employment.

Depending upon their present position with Potlatch, participants who are terminated or resign under the circumstances described above after a change in control of Potlatch can receive severance pay of 2 to 3 times the sum of base salary and standard bonus. Participants are also entitled to receive benefits for 2 1/2 to 3 years under Potlatch's medical, dental, disability, basic accidental death and dismemberment, and life insurance plans, and the value of their unvested benefits, if any, in the Salaried Employees' Savings Plan, Retirement Plan and Supplemental Benefit Plan. AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is composed of four outside (non-employee) Directors, all of whom meet the New York Stock Exchange listing standards for Director independence. The Audit Committee is an audit committee for purposes of Section 3(a)(58) of the Securities Exchange Act of 1934. The Committee is governed by a Charter that is annually reviewed by the Committee and the Board of Directors. A copy of the Audit Committee Charter is attached to this proxy statement as Appendix B.

The Committee is responsible for providing oversight on matters relating to Potlatch's accounting, financial reporting and internal controls. In performing its functions, the Committee acts only in an oversight capacity and necessarily relies on the work and assurances of management, which has the primary responsibility for financial statements and reports, and of the independent auditor, who, in its report, expresses an opinion on the conformity of the company's annual financial statements to generally accepted accounting principles in the United States. During fiscal year 2005, the Committee met eight times, including four in-person meetings.

In connection with the audit process, the Committee obtained from the independent auditor, KPMG LLP, a formal written statement describing the non-audit relationships between KPMG LLP and Potlatch consistent with Independence Standards Board Standard No. 1, *Independence Discussions with Audit Committees*, and the Committee discussed with KPMG LLP whether any relationships may affect KPMG LLP's independence. The Committee also discussed the quality and adequacy of Potlatch's internal controls with management, the internal auditor and the independent auditor. The Committee reviewed with the independent auditor and the internal auditor their respective audit plans, audit scope, and identification of audit risks, and with the internal auditor reviewed and discussed the results of the internal audit examinations.

The Committee reviewed and discussed the audited consolidated financial statements for the fiscal year ended December 31, 2005, with management and with KPMG LLP outside the presence of management. The Committee also discussed with KPMG LLP the matters required to be discussed by the Statement on Auditing Standards No. 61, as amended, *Communication with Audit Committees*.

Based on these reviews and discussions with management, KPMG LLP and the internal auditor, the Committee recommended to the Board that Potlatch's audited consolidated financial statements be included in its Annual Report on Form 10-K for the fiscal year ended December 31, 2005, for filing with the Securities and Exchange Commission. The Board approved this recommendation.

Table of Contents**Fees Paid to Independent Auditor in 2005 and 2004**

The Audit Committee has considered and determined that the services provided by KPMG LLP in fiscal year 2005 are compatible with the auditor's independence. The following table shows fees for professional services rendered by KPMG LLP for the audit of Potlatch's financial statements for the years ended December 31, 2005, and 2004, and fees billed for other services rendered by KPMG LLP during each of these years.

	<u>Audit Fees (1)</u>	<u>Audit-Related Fees (2)</u>	<u>Tax Fees</u>	<u>All Other Fees</u>
2005	\$ 1,273,509	\$ 73,000	\$	\$
2004	1,225,500	81,500		

- (1) Audit fees represent fees for the audit of Potlatch's annual financial statements, the audit of internal controls over financial reporting and reviews of the quarterly financial statements. The 2005 fees also include an amount for services in connection with Potlatch's conversion to a real estate investment trust.
- (2) Audit-related fees represent fees for the audit of Potlatch's defined benefit plans, audit of the Annual Reports on Form 11-K and for 2004, implementation assistance for Potlatch's assessment of internal controls over financial reporting.

In connection with the sale of Potlatch's oriented strand board manufacturing facilities during 2004, fees for audit services in the amount of \$455,000 in 2004 and \$10,000 in 2005 were paid directly to KPMG LLP by the purchaser of such facilities, Ainsworth Lumber Co., Ltd. As the fees were not paid directly to KPMG LLP by Potlatch, the fees are not included in the table above.

All audit services, audit-related services and tax services for fiscal year 2005 were pre-approved by the Audit Committee. The Audit Committee Policy for Pre-approval of Independent Auditor Services and Fees provides for pre-approval of audit, audit-related, tax and other services specifically described by the Committee on an annual basis. A copy of the Policy can be found on Potlatch's web site by going to www.potlatchcorp.com, and clicking Corporate Governance, then Committee Composition, and then Audit Committee. Under the terms of the Policy, unless a type of service to be provided by the independent auditor has received general pre-approval, it will require specific pre-approval by the Audit Committee. In addition, any proposed services anticipated to exceed pre-approved cost levels must be separately approved. The policy authorizes the Audit Committee to delegate to one or more of its members pre-approval authority with respect to permitted services. The member or members to whom such authority has been delegated must report any pre-approval decisions to the Audit Committee at its next scheduled meeting.

PROPOSAL 1 ELECTION OF DIRECTORS

We recommend a vote FOR each nominee.

Potlatch's Board of Directors is divided into three classes serving staggered three-year terms. At the Annual Meeting, you and the other stockholders will elect four individuals to serve as Directors until the 2009 Annual Meeting. Each of the nominees listed below has been nominated by the Nominating and Corporate Governance Committee in accordance with the Committee's Director Nomination Policy. The Committee has carefully considered the fact that Mr. Driscoll would be absent from any meetings of the Board of Directors held during his overseas military deployment described below, the quality of his contributions as a Director and his business experiences and skills in nominating him for re-election to the Board of Directors.

The individuals named as proxies on the enclosed proxy card will vote **FOR** the election of all nominees unless you direct them to withhold your votes. Each of the nominees is now a member of the Board of Directors. If any nominee becomes unable to serve as a Director before the meeting (or decides not to serve), the individuals named as proxies may vote for a substitute nominee proposed by the Board or we may reduce the number of members of the Board. We recommend a vote **FOR** each nominee listed below.

Nominees for Election at This Meeting to a Term Expiring in 2009

Boh A. Dickey

Age 61, a Director since July 2000.

William L. Driscoll

Age 43, a Director since January 2004. In early 2006, Mr. Driscoll joined a United States Marine Corps reserve unit as an economics officer and has been deployed overseas for what is expected to be a seven month period. Mr. Driscoll is expected to be absent from those meetings of the Board of Directors that occur while he is overseas and will not be compensated by Potlatch during that time.

Ruth Ann M. Gillis

Age 51, a Director since November 2003.

Judith M. Runstad

Age 61, a Director since March 1999.

The affirmative vote of a majority of the common stock present in person or by proxy at the Annual Meeting is required to elect each of the nominees for Director listed in Proposal 1.

PROPOSAL 2 RATIFICATION OF THE APPOINTMENT OF INDEPENDENT AUDITOR

We recommend a vote FOR this proposal.

KPMG LLP, a registered public accounting firm, presently serves as Potlatch's independent auditor and conducted the audit of Potlatch's consolidated financial statements and internal controls over financial reporting for fiscal year 2005. A summary of the fees paid by Potlatch to KPMG LLP in connection with its audits for fiscal years 2005 and 2004 can be found in the section titled, "Fees Paid to Independent Auditor in 2005 and 2004" in this proxy statement.

Based upon its review of KPMG LLP's qualifications, independence and performance, the Audit Committee of the Board of Directors has appointed KPMG LLP to serve as Potlatch's independent auditor for fiscal year 2006.

The appointment of Potlatch's independent auditor is not required to be submitted for ratification by the stockholders. The listing standards of the New York Stock Exchange provide that the Audit Committee is solely responsible for the appointment, compensation, evaluation and oversight of the independent auditor. However, as a matter of good corporate governance, the Audit Committee is submitting its appointment of KPMG LLP as independent auditor for fiscal year 2006 for ratification by the stockholders.

If the stockholders fail to ratify the appointment of KPMG LLP, the Audit Committee may reconsider whether to retain KPMG LLP, and may continue to retain that firm or appoint another firm without resubmitting the matter to the stockholders. Even if the stockholders ratify the appointment of KPMG LLP, the Audit Committee may, in its discretion, appoint a different independent auditor for Potlatch if it determines that such a change would be in the best interests of Potlatch and its stockholders.

The affirmative vote of a majority of the shares present or represented by proxy and entitled to vote is required to ratify the appointment of the independent auditor.

DIRECTOR INDEPENDENCE POLICY

BOARD OF DIRECTORS

POTLATCH CORPORATION

Principles

It is the practice and expectation of the Board of Directors that all Directors will exercise their independent judgment diligently and in good faith and in the best interests of the Company and its stockholders. The Board of Directors will be comprised of a majority of independent Directors. No Director will qualify as independent until the Board of Directors affirmatively determines that the Director has no material relationship with the Company. Such determination will be made in accordance with the independence criteria described below. This Policy and the determination made by the Board of Directors will be disclosed in the Company's annual proxy statement.
