REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Administrators of  
the Savings Plan of Carpenter Technology Corporation  
Reading, Pennsylvania

We have audited the accompanying statements of net assets available for benefits of the Savings Plan of Carpenter Technology Corporation (Plan) as of December 31, 2005 and 2004, and the related statements of changes in net assets available for benefits for the years then ended. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. The Plan is not required to have, nor were we engaged to perform, an audit of its internal control over financial reporting. Our audits included consideration of internal control over financial reporting as a basis for designing audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Plan's internal control over financial reporting. Accordingly, we express no such opinion. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Savings Plan of Carpenter Technology Corporation as of December 31, 2005 and 2004, and the changes in net assets available for benefits for the years then ended in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplementary schedule of assets (held at end of year) as of December 31, 2005 is presented for the purpose of additional analysis and is not a required part of the basic financial statements, but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. This supplementary schedule is the responsibility of the Plan's management. The supplementary schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

**SAVINGS PLAN OF  
CARPENTER TECHNOLOGY CORPORATION  
NOTES TO FINANCIAL STATEMENTS**

**1. Description of Plan:**

The following description of the Savings Plan of Carpenter Technology Corporation (the Plan) provides only general information. A more comprehensive description of the Plan's provisions can be found in the Plan document, which is available to participants upon request from Carpenter Technology Corporation or any participating affiliate (collectively referred to as the Company).

**General:**

The Plan is a profit-sharing and stock bonus plan which covers substantially all domestic employees of the Company. It is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA), as amended.

Effective January 1, 2005, The Vanguard Group replaced Mellon Trust and Mellon HR Solutions as Trustee and Recordkeeper, respectively, of the Plan.

**Plan Transfer:**

One of the Company's subsidiaries, Carpenter Specialty Products Corporation, was sold effective June 30, 2005. Pursuant to the sale, the assets of the participants, having a fair market value of \$7,058,000, were transferred to a successor trustee in 2005.

**Contributions:**

Each year, participants may contribute up to 35 percent of annual compensation on a pretax basis (known as salary deferral contributions), and up to 35 percent of annual compensation on an after-tax basis (known as participant contributions), as defined in the Plan. The combined contributions cannot exceed 35 percent of total compensation. Participants who are age 50 or older may make catch-up contributions, which are additional pretax contributions. Participants may also contribute amounts representing distributions from other qualified defined contribution plans (known as rollovers). The Company contributes an amount equal to three percent of each employee's base pay (known as company basic contributions). Contributions are subject to certain limitations.

**Participant's Accounts:**

Several accounts are maintained for each participant which are credited with contributions and Plan net earnings on funds invested within the respective accounts, as follows:

CARPENTER TECHNOLOGY CORPORATION  
NOTES TO FINANCIAL STATEMENTS, Continued**

**1. Description of Plan, continued:  
Participant s Accounts, continued:**

Employee pretax salary deferral account - credited with salary deferral contributions on a before tax basis, which are participant directed;

Employee after tax account - credited with participant contributions after tax, which are participant directed;

Company basic contribution account - Company contributions which are participant directed;

Rollover contribution account - credited with rollover contributions, which are participant directed;

Inter-plan transfer accounts - transfers from other Carpenter Plans, which are participant directed;

Profit sharing account - credited with Company contributions prior to 1988, which were non-participant directed. No further contributions may be made to this account, and participants are able to transfer amounts to other investment funds.

Prior plan money purchase plan account - transferred from the Retirement Plan of Talley Metals and are participant directed and not eligible for loan or withdrawal.

**Vesting:**

All contributions and Plan earnings thereon are 100 percent vested and nonforfeitable.

**Investment Funds:**

The Plan maintains twenty-one investment funds. Each participant may designate separately the investment fund or funds in which their monies are to be invested.

**Participant Loans:**

Loans are available from various participant accounts in a particular hierarchy for active employees of the Company. Participants are subject to certain restrictions on their number of loans, amount and terms of repayment. Interest is charged at the prime rate for commercial lenders at the time the loan is initiated, plus one percent. Loan repayments are required with each

Participant Loans, continued:**

pay, and payment in full is required at the time of the participant's separation.

**Benefits Paid to Participants:**

Benefits paid to participants include participant distributions and withdrawals. Participants are entitled to a lump sum distribution upon separation from service. Upon separation, a participant may elect to defer such distribution, provided the account balance is at least \$5,000. The total distribution of benefits to all separated participants must occur by December 31st of the year in which the participant attains age 70 1/2. Hardship and non-hardship in-service withdrawals are permitted subject to certain restrictions. Upon reaching age 59 1/2, the following hierarchy applies to withdrawals: 1) Rollover account, 2) Profit sharing account, 3) Employee pre-tax account, 4) Company basic contribution account, 5) Inter-plan transfer accounts. The Money purchase plan account is not available for withdrawal until retirement. Benefits paid to participants are in cash, except that distribution of accounts which consist of investments in the Carpenter Technology Stock Fund shall be made in shares of the Company's common stock or cash, at the participant's option.

**Administrative Expenses:**

Investment management fees and trustee fees are paid by the Plan. A portion of these fees are netted against investment income. All other fees are paid by the Company.

**Plan Termination:**

The Company has the right under the Plan to discontinue or change its contributions at any time and to terminate the Plan subject to the provisions of ERISA and any contractual obligations.

**2. Summary of Significant Accounting Policies:**

A. The financial statements of the Plan are prepared under the accrual method of accounting.

**Table of Contents**

**SAVINGS PLAN OF  
CARPENTER TECHNOLOGY CORPORATION  
NOTES TO FINANCIAL STATEMENTS, Continued**

2. **Summary of Significant Accounting Policies, continued:**

- B. The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, and changes therein, and disclosure of contingent assets and liabilities. Actual results could differ from those estimates.
  
- C. The Plan's investments in registered investment companies are stated at fair value, by reference to quoted market prices. The common collective trust and other investments are valued at the net value of participation units held by the Plan at year end. The value of these units is determined by the trustee based on current market values of the underlying assets of the trust. Therefore, the value of the common collective trust is deemed to be at estimated fair value. Participant loans are valued at their outstanding balances, which approximates fair value. Purchases and sales of investments are recorded on a trade-date basis. Gain or loss on sales of investments is based on average cost. Dividend income is recorded on the ex-dividend date. Income from other investments is recorded as earned on an accrual basis.
  
- D. The net appreciation or depreciation in the fair value of investments in the statements of changes in net assets available for benefits consists of realized gains or losses and unrealized appreciation or depreciation on investments.
  
- E. Benefits are recorded when paid.
  
- F. Investments are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investments and the level of uncertainty related to changes in the value of investments, it is reasonably possible that changes in these risks in the near term could materially affect the amounts reported in the statements of net assets available for benefits and the statements of changes in net assets available for benefits.
  
- G. Certain reclassifications were made to the 2004 financial statement presentation format in order to conform to the 2005 financial statement presentation format. These reclassifications had no impact to the net assets available for benefits.

**4. Tax Status:**

The Internal Revenue Service has determined and informed the Company by letter dated March 21, 2003, that the Plan and related trust as of February 20, 2002 are designed in accordance with applicable sections of the Internal Revenue Code (IRC). Although the Plan has been amended since receiving the determination letter, the Plan administrator believes that the Plan is designed and is currently being operated in compliance with the applicable requirements of the IRC.

**5. Related Party and Party-in-Interest Transactions:**

Certain Plan investments in 2005 and 2004 were shares of registered investment companies managed by Vanguard Fiduciary Trust Company ( VFTC ), an affiliate of The Vanguard Group, and Mellon Bank, respectively. VFTC was trustee in 2005, and Mellon Bank was trustee in 2004, as defined by the Plan and, therefore, these transactions qualify as party-in-interest. Fees paid by the Plan in 2005 and 2004 for investment management services amounted to \$42,000 and \$61,000, respectively.

Participants may elect to invest in the common stock of the Plan Sponsor. These transactions qualify as related party and party-in-interest transactions. Total purchases at market value related to the stock for 2005 and 2004 were \$33,674,000 and \$19,517,000 respectively. Total sales at market value related to the stock for 2005 and 2004 were \$48,804,000 and \$40,453,000 respectively.

**6. Refundable Contributions**

Contributions received from participants are net of payments made to certain active participants to return to them excess contributions as required to satisfy the relevant nondiscrimination provisions of the Plan. The amount of excess contributions for 2004 was \$86,000. This amount is reflected as a refundable contribution in the Statement of Net Assets Available for Benefits.

Effective with plan year 2005, a safe-harbor plan design for discrimination testing was adopted.
