ITEM 8.01. Other Events.

During the three months ended March 31, 2006, the Company identified seven outpatient rehabilitation facilities and one other facility in our corporate segment (collectively, the closed facilities) that met the requirements of Financial Accounting Standards Board (FASB) *Statement No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets*. FASB Statement No. 144 requires us to present the account balances and activities of the closed facilities as discontinued operations. While account balances and activities are being reclassified, gains or losses arising from the actual discontinuance of the closed facilities will be recorded in 2006. We are therefore updating our previously issued annual financial statements and certain other financial information originally reported within our Annual Report on Form 10-K for the year ended December 31, 2005 (Annual Report) to present previously provided financial information on a basis that is comparable to the basis on which we prepared and reported similar information in our Quarterly Report on Form 10-Q for the quarter ended March 31, 2006, which treats the closed facilities as discontinued operations. This Current Report on Form 8-K updates Items 6, 7, 8 and 15 of our Annual Report and Exhibit 12.01 to our Annual Report to recast the account balances and activities of the aforementioned closed facilities as discontinued operations. The updates do not represent a restatement of previously issued financial statements.

Items 6, 7, 8 and 15 of our Annual Report and Exhibit 12 to our Annual Report are set forth on Exhibits 99.1, 99.2, 99.3, 99.4 and 99.5 hereto, respectively, and are incorporated by reference herein. We have not modified or updated any other disclosures presented in our 2005 Annual Report on Form 10-K. All other information in the Form 10-K remains unchanged.
