Item 1.01 Entry into a Material Definitive Agreement.

On June 6, 2006, we issued a press release announcing that J. Ray McDermott, S.A. (J. Ray) completed a cash tender offer for all of its 11% senior secured notes due 2013 and entered into a \$500 million senior secured credit facility with a syndicate of lenders arranged by Credit Suisse Securities (USA) LLC (the Credit Facility). The Credit Facility includes a five-year \$400 million revolving credit and letter of credit subfacility (with a limit of \$250 million for revolving borrowings) and a six-year \$100 million synthetic letter of credit subfacility. The Credit Facility may be used for the issuance of letters of credit and general corporate purposes.

J. Ray s obligations under the Credit Facility are unconditionally guaranteed by substantially all of J. Ray s wholly-owned subsidiaries and secured by liens on substantially all of J. Ray s and these subsidiaries assets.

Amounts outstanding under the revolving credit and letter of credit subfacility bear interest at either the Eurodollar rate or the base prime rate plus an applicable margin, which margin varies depending on J. Ray s credit rating. The applicable margin for revolving loans that are Eurodollar rate loans ranges from 2.25% to 2.50% per annum, and the applicable margin for revolving loans that are base prime rate loans ranges from 1.25% to 2.25% per annum. J. Ray is charged a commitment fee on the unused portions of the \$400 million revolving credit and letter of credit subfacility, which fee varies between 0.375% and 0.50% per annum depending on J. Ray s then applicable credit rating; a letter of credit fee of between 2.25% and 2.50% per annum with respect to the undrawn amount of each letter of credit issued under the revolving credit and letter of credit subfacility; and a fee of 2.60% per annum on the full amount of the synthetic letter of credit subfacility.

Other than mandatory prepayments on certain contingent events, the Credit Facility requires only interest payments on a quarterly basis until maturity (which is June 6, 2011 for the revolving credit and letter of credit subfacility and June 6, 2012 for the synthetic letter of credit subfacility). J. Ray may prepay amounts outstanding under the Credit Facility at any time without penalty.

The Credit Facility contains customary financial covenants, including maintenance of a maximum leverage ratio and a minimum interest coverage ratio, and covenants that, among other things, restrict J. Ray s ability to incur debt, create liens, make investments and acquisitions, sell assets, pay dividends, prepay subordinated debt, merge with other entities, engage in transactions with affiliates, and make capital expenditures. The Credit Facility also contains customary events of default.

We have included copies of the Credit Facility and the related pledge and security agreement as exhibits 10.1 and 10.2, respectively, to this report.

Item 9.01 Financial Statements and Exhibits.
