THE COMPANY

We are a fully-integrated, self-advised and self-managed real estate investment trust, or REIT, that acquires, develops, owns and operates commercial properties. We are the sole general partner of our operating partnership, PS Business Parks, L.P., through which we conduct most of our activities. At September 30, 2006, we had interests in properties in eight states containing approximately 18.2 million net rentable square feet of commercial space.

RECENT DEVELOPMENTS

On December 8, 2006, our operating partnership acquired two multi-tenant flex parks totaling 398,000 square feet in Palm Beach County, Florida for a combined purchase price of \$46.5 million, including transaction costs. The properties include the Wellington Commerce Park, a 263,000 square foot multi-tenant flex park, located in Wellington, Florida and the Boca Commerce Park, a 135,000 square foot multi-tenant flex park, located in Boca Raton, Florida. In connection with the acquisitions, we assumed three mortgages with an aggregate principal balance of \$23.8 million. The mortgages, which mature in 2011 and 2013, have a weighted average fixed interest rate of 5.8%. The balance of the purchase was funded with cash.

On December 15, 2006, we called for redemption all of the outstanding depositary shares representing interests in our 8.750% Cumulative Preferred Stock, Series F. The redemption will occur on January 29, 2007. The aggregate redemption amount to be paid to all holders of the depositary shares, before payment of accrued dividends, is approximately \$50 million.

USE OF PROCEEDS

We estimate that the net proceeds from this offering will approximate \$121,449,862.50 after all anticipated issuance costs (\$139,609,237.50 if the underwriters' over-allotment option is exercised in full). We may contribute all or a portion of the net proceeds from this offering to our operating partnership in exchange for preferred units of limited partnership that have substantially identical economic terms as the Preferred Stock. We or our operating partnership intend to use the net proceeds from this offering for property acquisitions and general corporate purposes. We currently have no agreements or commitments with respect to any property acquisitions.

DESCRIPTION OF PREFERRED STOCK AND DEPOSITARY SHARES

General

Under our Articles of Incorporation, as amended, the Board of Directors is authorized without further shareholder action to provide for the issuance of up to 50,000,000 shares of preferred stock, in one or more series, with such dividend rights, dividend rate, conversion rights, voting rights, rights and terms of redemption, redemption price and liquidation preference as shall be set forth in resolutions providing for the issue of preferred stock adopted by the Board of Directors. At December 31, 2006, we had outstanding 24,900 shares of preferred stock (represented by 24,900,000 depositary shares) and had reserved for issuance an additional 3,310,000 shares of preferred stock represented by 3,310,000 preferred operating partnership units.

Prior to issuance, the Board of Directors will have adopted resolutions creating the 6.70% Cumulative Preferred Stock, Series P (the Preferred Stock). When issued, the Preferred Stock will have a liquidation preference of \$25,000 per share, will be fully paid and nonassessable, will not be subject to any sinking fund or other obligation of PS Business Parks, Inc. (the Company) to repurchase or retire the Preferred Stock, and will have no preemptive rights.

American Stock Transfer & Trust Company will be the transfer agent and dividend disbursing agent for the Preferred Stock.

Each Depositary Share represents 1/1,000 of a share of Preferred Stock (Depositary Share). The shares of the Preferred Stock will be deposited with American Stock Transfer & Trust Company, as Depositary (the Preferred Stock Depositary), under a Deposit Agreement among the Company, the Preferred Stock Depositary and the holders from time to time of the depositary receipts (the Depositary Receipts) issued by the Preferred Stock Depositary under the Deposit Agreement. The Depositary Receipts will evidence the Depositary Shares. Subject to the terms of the Deposit Agreement, each holder of a Depositary Receipt evidencing a Depositary Share will be entitled, proportionately, to all the rights and preferences of, and subject to all of the limitations of, the interest in the Preferred Stock represented by the Depositary Share (including dividend, voting, redemption and liquidation rights and preferences). See Description of the Depositary Shares in the accompanying Prospectus and Depositary Shares below.

Immediately following our issuance of the Preferred Stock, we will deposit the Preferred Stock with the Preferred Stock Depositary, which will then issue and deliver the Depositary Receipts to us. We will, in turn, deliver the Depositary Receipts to the underwriters. Depositary Receipts will be issued evidencing only whole Depositary Shares.

We intend to apply to have the Depositary Shares listed on the American Stock Exchange, or AMEX. The Preferred Stock will not be listed and we do not expect that there will be any trading market for the Preferred Stock except as represented by the Depositary Shares.

Ownership Restrictions

Edgar Filing: PS BUSINESS PARKS INC/CA - Form 424B5

For a discussion of ownership limitations that apply to the Preferred Stock and related Depositary Shares, see Description of Common Stock Ownership Limitations in the accompanying Prospectus.

Preferred Stock

The following is a brief description of the terms of the Preferred Stock which does not purport to be complete and is subject to and qualified in its entirety by reference to the Certificate of Determination of the Preferred Stock, the form of which is filed as an exhibit to, or incorporated by reference in, the Registration Statement of which this Prospectus Supplement constitutes a part.

S-5

Table of Contents

Ranking

With respect to the payment of dividends and amounts upon liquidation, the Preferred Stock will rank *pari passu* with our 8.750% Cumulative Preferred Stock, Series F, our 7.000% Cumulative Preferred Stock, Series H, our 6.875% Cumulative Preferred Stock, Series I, our 7.950% Cumulative Preferred Stock, Series K, our 7.60% Cumulative Preferred Stock, Series L, our 7.20% Cumulative Preferred Stock, Series M, our 7.375% Cumulative Preferred Stock, Series O (collectively, with the Preferred Stock, the Senior Preferred Stock) and any other shares of preferred stock issued by us, whether now or hereafter issued, ranking *pari passu* with the Senior Preferred Stock (including shares of preferred stock issued upon conversion of the 9¹/₄% Series E Cumulative Redeemable Preferred Units, the 7.95% Series G Cumulative Redeemable Preferred Units, the 7.50% Series J Cumulative Redeemable Preferred Units, and the 7¹/₈% Series N Cumulative Redeemable Preferred Units of our operating partnership), and will rank senior to the Common Stock and any other capital stock of the Company ranking junior to the Preferred Stock.

Dividends

Holders of shares of Preferred Stock, in preference to the holders of shares of the Common Stock, and of any other capital stock issued by us ranking junior to the Preferred Stock as to payment of dividends, will be entitled to receive, when, as and if declared by the Board of Directors out of assets of the Company legally available for payment, cash dividends payable quarterly at the rate of 6.70% of the liquidation preference per year (\$1,675.00 per year per share of Preferred Stock, equivalent to \$1.675 per year per Depositary Share). Dividends on the shares of Preferred Stock will be cumulative from the date of issuance and will be payable, when, as and if declared by the Board of Directors, quarterly on or before March 31, June 30, September 30 and December 31, commencing on or before March 31, 2007, to holders of record as they appear on the stock register of the Company on such record dates, not less than 15 or more than 45 days preceding the payment dates thereof, as shall be fixed by the Board of Directors. After full dividends on the Preferred Stock have been paid or declared and funds set aside for payment for all past dividend periods and for the then current quarter, the holders of shares of Preferred Stock will not be entitled to any further dividends with respect to that quarter.

When dividends are not paid in full upon the Preferred Stock and any other shares of preferred stock of the Company ranking on a parity as to dividends with the Preferred Stock (including the other series of Senior Preferred Stock), all dividends declared upon the Preferred Stock and any other preferred shares of the Company ranking on a parity as to dividends with the Preferred Stock shall be declared *pro rata* so that the amount of dividends declared per share on such Preferred Stock and such other shares shall in all cases bear to each other the same ratio that the accrued dividends per share on the Preferred Stock and such other preferred shares bear to each other. Except as set forth in the preceding sentence, unless full dividends on the Preferred Stock have been paid for all past dividend periods, no dividends (other than in Common Stock or other shares of capital stock issued by us ranking junior to the Preferred Stock as to dividends and upon liquidation) shall be declared or paid or set aside for payment, nor shall any other distribution be made on the Common Stock or on any other shares of capital stock issued by us ranking junior to or on a parity with the Preferred Stock as to dividends or upon liquidation.

Unless full dividends on the Preferred Stock have been paid for all past dividend periods, we and our subsidiaries may not redeem, repurchase or otherwise acquire for any consideration (nor may we or they pay or make available any moneys for a sinking fund for the redemption of) any shares of Common Stock or any other shares of capital stock issued by us ranking junior to or on a parity with the Preferred Stock as to dividends or upon liquidation except by conversion into or exchange for shares of capital stock issued by us ranking junior to the Preferred Stock as to dividends and upon liquidation.

If for any taxable year, we elect to designate as capital gain dividends (as defined in the Internal Revenue Code) any portion of the dividends paid or made available for the year to the holders of all classes and series of our stock, then the portion of the dividends designated as capital gain dividends that will be allocable to the holders of Preferred Stock will be an amount equal to the total capital gain dividends multiplied by a

fraction, the numerator of which will be the total dividends paid or made available to the holders of Preferred Stock for the

S-6

Table of Contents

year, and the denominator of which will be the total dividends paid or made available to holders of all classes and series of our outstanding stock for that year.

Our revolving credit facility with Wells Fargo restricts our ability to pay distributions in excess of 95% of our Funds from Operations for the prior four fiscal quarters. Funds from operations is defined in the loan agreement generally as net income before gain on sale of real estate, gain or loss from debt restructuring, and deductions for depreciation and amortization. Our management believes that this restriction will not impede our ability to pay the dividends on the Preferred Stock in full.

Dividends paid by regular C corporations to persons or entities that are taxed as individuals now are generally taxed at the rate applicable to long-term capital gains, which is a maximum of 15%, subject to certain limitations. Because we are a REIT, however, our dividends, including dividends paid on the Preferred Stock, generally will continue to be taxed at regular ordinary income tax rates, except to the extent that the special rules relating to qualified dividend income and capital gains dividends paid by a REIT apply. See Material U.S. Federal Income Tax Considerations Taxation of U.S. Shareholders in the accompanying Prospectus.

No Conversion Rights

The Preferred Stock will not be convertible into shares of any other class or series of capital stock of the Company.

Liquidation Rights

In the event of any voluntary or involuntary liquidation, dissolution or winding up of the Company, the holders of the Preferred Stock will be entitled to receive out of our assets available for distribution to stockholders, before any distribution of assets is made to holders of Common Stock or of any other shares of capital stock issued by us ranking as to such distribution junior to the Preferred Stock, liquidating distributions in the amount of \$25,000 per share (equivalent to \$25.00 per Depositary Share), plus all accrued and unpaid dividends (whether or not earned or declared) for the then current, and all prior, dividend periods. If upon any voluntary or involuntary liquidation, dissolution or winding up of the Company, the amounts payable with respect to the Preferred Stock and any other shares of stock issued by us ranking as to any such distribution on a parity with the Preferred Stock are not paid in full, the holders of the Preferred Stock and of such other shares will share ratably in any such distribution of assets of the Company in proportion to the full respective preferential amounts to which they are entitled. After payment of the full amount of the liquidating distribution to which they are entitled, the holders of the Preferred Stock will not be entitled to any further participation in any distribution of assets by us.

For purposes of liquidation rights, a consolidation or merger of the Company with or into any other corporation or corporations or a sale of all or substantially all of the assets of the Company is not a liquidation, dissolution or winding up of the Company.

Redemption

Edgar Filing: PS BUSINESS PARKS INC/CA - Form 424B5

Except in certain circumstances relating to our qualification as a REIT, we may not redeem the shares of Preferred Stock prior to January 17, 2012. On and after January 17, 2012, at any time or from time to time, we may redeem the shares of Preferred Stock in whole or in part at our option at a cash redemption price of \$25,000 per share of Preferred Stock (equivalent to \$25.00 per Depositary Share), plus all accrued and unpaid dividends to the date of redemption. If fewer than all the outstanding shares of Preferred Stock are to be redeemed, the shares to be redeemed will be determined by the Board of Directors of the Company, and such shares shall be redeemed pro rata from the holders of record of such shares in proportion to the number of such shares held by such holders (with adjustments to avoid redemption of fractional shares) or by lot in a manner determined by the Board of Directors of the Company.

S-7

Table of Contents

Notwithstanding the foregoing, if any dividends, including any accumulated dividends, on the Preferred Stock are in arrears, we may not redeem any Preferred Stock unless we redeem simultaneously all outstanding Preferred Stock, and we may not purchase or otherwise acquire, directly or indirectly, any Preferred Stock; provided, however, that this shall not prevent the purchase or acquisition of the Preferred Stock pursuant to a purchase or exchange offer if such offer is made on the same terms to all holders of the Preferred Stock.

Notice of redemption of the Preferred Stock will be given by publication in a newspaper of general circulation in the County of Los Angeles and the City of New York, such publication to be made once a week for two successive weeks commencing not less than 30 nor more than 60 days prior to the redemption date. A similar notice will be mailed by us, postage prepaid, not less than 30 or more than 60 days prior to the redemption date, addressed to the respective holders of record of shares of Preferred Stock to be redeemed at their respective addresses as they appear on the stock transfer records of the Company. Each notice shall state: (i) the redemption date; (ii) the number of shares of Preferred Stock to be redeemed; (iii) the redemption price per share of Preferred Stock; (iv) the place or places where certificates for the Preferred Stock are to be surrendered for payment of the redemption price; and (v) that dividends on the shares of Preferred Stock to be redeemed will cease to accrue on such redemption date. If fewer than all the shares of Preferred Stock held by any holder are to be redeemed, the notice mailed to such holder shall also specify the number of shares of Preferred Stock to be redeemed from such holder. In order to facilitate the redemption of shares of Preferred Stock, the Board of Directors may fix a record date for the determination of shares of Preferred Stock to be redeemed, such record date to be not less than 30 nor more than 60 days prior to the date fixed for such redemption.

Notice having been given as provided above, from and after the date specified therein as the date of redemption, unless we default in providing funds for the payment of the redemption price on such date, all dividends on the Preferred Stock called for redemption will cease. From and after the redemption date, unless we so default, all rights of the holders of the Preferred Stock as shareholders of the Company, except the right to receive the redemption price (but without interest), will cease. Upon surrender in accordance with such notice of the certificates representing any such shares (properly endorsed or assigned for transfer, if the Company shall so require and the notice shall so state), the redemption price set forth above shall be paid out of the funds provided by the Company. If fewer than all the shares represented by any such certificate are redeemed, a new certificate shall be issued representing the unredeemed shares without cost to the holder thereof.

Subject to applicable law and the limitation on purchases when dividends on the Preferred Stock are in arrears, we may, at any time and from time to time, purchase any shares of Preferred Stock in the open market, by tender or by private agreement.

Voting Rights

Except as indicated below, or except as expressly required by applicable law, holders of the Preferred Stock will not be entitled to vote.

If the equivalent of six quarterly dividends payable on the Preferred Stock or any other series of preferred stock are in default (whether or not declared or consecutive), holders of the Preferred Stock (voting as a class with all other shares of preferred stock, without regard to series) will be entitled to elect two additional directors until all dividends in default have been paid or declared and set apart for payment.

Such right to vote separately to elect directors shall, when vested, be subject, always, to the same provisions for vesting of such right to elect directors separately in the case of future dividend defaults. At any time when such right to elect directors separately shall have so vested, we may, and upon the written request of the holders of record of not less than 10% of the total number of shares of preferred stock of the Company then outstanding shall, call a special meeting of shareholders for the election of directors. In the case of such a written request, such special meeting shall be held within 90 days after the delivery of such request and, in either case, at the place and upon the notice provided by law and in our Bylaws, provided that we shall not be required to call such

Table of Contents

a special meeting if such request is received less than 120 days before the date fixed for the next ensuing annual meeting of shareholders, and the holders of all classes of outstanding preferred stock (in the case of dividend defaults) are offered the opportunity to elect such directors (or fill any vacancy) at such annual meeting of shareholders. Directors so elected shall serve until the next annual meeting of our shareholders or until their respective successors are elected and qualify. If, prior to the end of the term of any director so elected, a vacancy in the office of such director shall occur, during the continuance of a default in dividends on shares of preferred stock of the Company by reason of death, resignation, or disability, such vacancy shall be filled for the unexpired term of such former director by the appointment of a new director by the remaining director so elected.

The affirmative vote or consent of the holders of at least 66^{2/3}% of the outstanding shares of the Preferred Stock will be required to amend any provision of the Articles of Incorporation, including the Certificate of Determination, if such action would adversely alter or change the powers, preferences, privileges or rights of the Preferred Stock, except as set forth below. The affirmative vote or consent of the holders of at least 66^{2/3}% of the outstanding shares of the Preferred Stock and any other series of preferred stock ranking on a parity with the Preferred Stock as to dividends and upon liquidation, voting as a single class, will be required to authorize another class or series of shares senior to the Preferred Stock with respect to the payment of dividends or the distribution of assets on liquidation.

No consent or approval of the holders of shares of the Preferred Stock will be required for the issuance from the Company's authorized but unissued preferred stock of other shares of any series of preferred stock ranking on a parity with or junior to the Preferred Stock as to payment of dividends and distribution of assets, including other shares of Preferred Stock.

Depositary Shares

The following is a brief description of the terms of the Depositary Shares which does not purport to be complete and is subject to, and qualified in its entirety by reference to, the provisions of the Deposit Agreement (including the form of Depositary Receipt contained therein), which is filed as an exhibit to, or incorporated by reference in, the Registration Statement of which this Prospectus Supplement constitutes a part.

Dividends

The Depositary will distribute all cash dividends or other cash distributions received in respect of the Preferred Stock to the record holders of Depositary Receipts in proportion to the number of Depositary Shares owned by such holders on the relevant record date, which will be the same date as the record date fixed by us for the Preferred Stock. In the event that the calculation of such amount to be paid results in an amount which is a fraction of one cent, the amount the Depositary shall distribute to such record holder shall be rounded to the next highest whole cent if such fraction of one cent is equal to or greater than \$.005. Otherwise, the fractional interest shall be disregarded.

In the event of a distribution other than in cash, the Depositary will distribute property received by it to the record holders of Depositary Receipts entitled thereto, in proportion, as nearly as may be practicable, to the number of Depositary Shares owned by such holders on the relevant record date, unless the Depositary determines (after consultation with us) that it is not feasible to make such distribution, in which case the Depositary may (with our approval) adopt any other method for such distribution as it deems equitable and appropriate, including the sale of such property (at such place or places and upon such terms as it may deem equitable and appropriate) and distribution of the net proceeds from such sale to such holders.

Liquidation Preference

In the event of the liquidation, dissolution or winding up of the affairs of the Company, whether voluntary or involuntary, the holders of each Depositary Share will be entitled to 1/1000th of the liquidation preference accorded to each share of the Preferred Stock.

S-9

Table of Contents

Redemption

Whenever we redeem any Preferred Stock held by the Depositary, the Depositary will redeem as of the same redemption date the number of Depositary Shares representing the Preferred Stock so redeemed. The Depositary will publish a notice of redemption of the Depositary Shares containing the same type of information and in the same manner as our notice of redemption and will mail the notice of redemption promptly upon receipt of such notice from us and not less than 30 nor more than 60 days prior to the date fixed for redemption of the Preferred Stock and the Depositary Shares to the record holders of the Depositary Receipts. In case less than all the outstanding Depositary Shares are to be redeemed, the Depositary Shares to be so redeemed shall be determined pro rata or by lot in a manner determined by the Board of Directors.

Voting

Promptly upon receipt of notice of any meeting at which the holders of the Preferred Stock are entitled to vote, the Depositary will mail the information contained in such notice of meeting to the record holders of the Depositary Receipts as of the record date for such meeting. Each such record holder of Depositary Receipts will be entitled to instruct the Depositary as to the exercise of the voting rights pertaining to the number of shares of Preferred Stock represented by such record holder's Depositary Shares. The Depositary will endeavor, insofar as practicable, to vote such Preferred Stock represented by such Depositary Shares in accordance with such instructions, and we will agree to take all action which may be deemed necessary by the Depositary in order to enable the Depositary to do so. The Depositary will abstain from voting any of the Preferred Stock to the extent that it does not receive specific instructions from the holders of Depositary Receipts.

Withdrawal of Preferred Stock

Upon surrender of Depositary Receipts at the principal office of the Depositary, upon payment of any unpaid amount due the Depositary, and subject to the terms of the Deposit Agreement, the owner of the Depositary Shares evidenced thereby is entitled to delivery of the number of whole shares of Preferred Stock and all money and other property, if any, represented by such Depositary Shares. Partial shares of Preferred Stock will not be issued. If the Depositary Receipts delivered by the holder evidence a number of Depositary Shares in excess of the number of Depositary Shares representing the number of whole shares of Preferred Stock to be withdrawn, the Depositary will deliver to such holder at the same time a new Depositary Receipt evidencing such excess number of Depositary Shares. Holders of Preferred Stock thus withdrawn will not thereafter be entitled to deposit such shares under the Deposit Agreement or to receive Depositary Receipts evidencing Depositary Shares therefor.

Amendment and Termination of Deposit Agreement

The form of Depositary Receipt evidencing the Depositary Shares and any provision of the Deposit Agreement may at any time and from time to time be amended by agreement between us and the Depositary. However, any amendment which materially and adversely alters the rights of the holders (other than any change in fees) of Depositary Shares will not be effective unless such amendment has been approved by the holders of at least a majority of the Depositary Shares then outstanding. No such amendment may impair the right, subject to the terms of the Deposit Agreement, of any owner of any Depositary Shares to surrender the Depositary Receipt evidencing such Depositary Shares with instructions to the Depositary to deliver to the holder the Preferred Stock and all money and other property, if any, represented thereby, except in order to comply with mandatory provisions of applicable law. The Deposit Agreement may be terminated by us or the Depositary only if (i) all outstanding Depositary Shares have been redeemed or (ii) there has been a final distribution in respect of the Preferred Stock in connection with any liquidation, dissolution or winding up of the Company and such distribution has been made to all the holders of Depositary Shares.

Charges of Depositary

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will pay charges of the Depositary in connection with the initial deposit of the Preferred Stock and the initial issuance of the Depositary Shares, and redemption of the Preferred Stock and all withdrawals of Preferred Stock by owners of Depositary Shares. Holders of Depositary Receipts will pay transfer and other taxes and governmental charges and certain other charges as are provided in the Deposit Agreement to be for their accounts. In certain circumstances, the Depositary may refuse to transfer Depositary Shares, may withhold dividends and distributions and sell the Depositary Shares evidenced by such Depositary Receipt if such charges are not paid.

Miscellaneous

The Depositary will forward to the holders of Depositary Receipts all reports and communications from us which are delivered to the Depositary and which we are required to furnish to the holders of the Preferred Stock. In addition, the Depositary will make available for inspection by holders of Depositary Receipts at the principal office of the Depositary, and at such other places as it may from time to time deem advisable, any reports and communications received from the Company which are received by the Depositary as the holder of Preferred Stock.

Neither the Depositary nor any Depositary's Agent (as defined in the Deposit Agreement), nor the Registrar (as defined in the Deposit Agreement) nor the Company assumes any obligation or will be subject to any liability under the Deposit Agreement to holders of Depositary Receipts other than for its gross negligence, willful misconduct or bad faith. Neither the Depositary, any Depositary's Agent, the Registrar nor the Company will be liable if it is prevented or delayed by law or, in the case of the Depositary, any Depositary's Agent or the Registrar, any circumstance beyond its control, in performing its obligations under the Deposit Agreement. The Company and the Depositary are not obligated to prosecute or defend any legal proceeding in respect of any Depositary Shares, Depositary Receipts or Preferred Stock unless reasonably satisfactory indemnity is furnished. The Company and the Depositary may rely on written advice of counsel or accountants, on information provided by holders of Depositary Receipts or other persons believed in good faith to be competent to give such information and on documents believed to be genuine and to have been signed or presented by the proper party or parties.

Holders of Depositary Receipts may inspect the Depositary's transfer records for the Depositary Receipts at the Depositary's office during normal business hours, provided that such inspection is for a proper purpose.

Registration of Transfer of Receipts

The Depositary will register on its books transfers of Depositary Receipts upon surrender of the receipt by the holder, properly endorsed or accompanied by appropriate instruments of transfer, subject to certain restrictions and conditions set forth in the Deposit Agreement. Title to Depositary Shares represented by a Depositary Receipt, which is properly endorsed or accompanied by appropriate instruments of transfer, will be transferable by delivery with the same effect as in the case of a negotiable instrument.

Resignation and Removal of Depositary

Edgar Filing: PS BUSINESS PARKS INC/CA - Form 424B5

The Depositary may resign at any time by delivering to us notice of its election to do so, and we may at any time remove the Depositary, any such resignation or removal to take effect upon the appointment of a successor Depositary and its acceptance of such appointment. Such successor Depositary must be appointed within 60 days after delivery of the notice for resignation or removal and must be a bank or trust company having its principal office in the United States of America and having a combined capital and surplus of at least \$150,000,000.

ADDITIONAL MATERIAL U.S. FEDERAL INCOME TAX CONSEQUENCES

For a discussion of the taxation of the Company and the tax considerations relevant to shareholders generally, see *Material U.S. Federal Income Tax Considerations* in the accompanying Prospectus. The following is a summary of certain additional federal income tax considerations pertaining to the acquisition, ownership and disposition of the Depositary Shares and should be read in conjunction with the referenced sections in the accompanying Prospectus. This discussion of additional considerations is general in nature and is not exhaustive of all possible tax considerations, nor does the discussion address any state, local or foreign tax considerations. This discussion of additional considerations is based on current law and does not purport to deal with all aspects of federal income taxation that may be relevant to a prospective shareholder in light of its particular circumstances or to certain types of shareholders (including insurance companies, financial institutions, broker-dealers, tax exempt investors, foreign corporations and persons who are not citizens or residents of the United States) subject to special treatment under the federal income tax laws. We have not requested and will not request a ruling from the Internal Revenue Service with respect to any of the federal income tax issues discussed below or in the accompanying Prospectus. Prospective investors should consult, and must depend on, their own tax advisers regarding the federal, state, local, foreign and other tax consequences of holding and disposing of the Depositary Shares.

Taxation of Holders of Depositary Shares

General. Owners of the Depositary Shares will be treated for federal income tax purposes as if they were owners of the Preferred Stock represented by such Depositary Shares. Accordingly, such owners will take into account, for federal income tax purposes, income to which they would be entitled if they were holders of such Preferred Stock. See *Description of the Depositary Shares Federal Income Tax Considerations* in the accompanying Prospectus. Withdrawals of Preferred Stock for Depositary Shares are not taxable events for federal income tax purposes.

Dividends and Other Distributions; Backup Withholding. For a discussion of the taxation of the Company, the treatment of dividends and other distributions with respect to shares of the Company, and the backup withholding rules, see *Material U.S. Federal Income Tax Considerations Taxation of the Company as a REIT, Taxation of U.S. Shareholders and Information Reporting and Backup Withholding Tax Applicable to Shareholders* in the accompanying Prospectus. In determining the extent to which a distribution on the Depositary Shares constitutes a dividend for tax purposes, the earnings and profits of the Company will be allocated first to distributions with respect to the Preferred Stock and all other series of preferred stock that are equal in rank as to distributions and upon liquidation with the Preferred Stock, and second to distributions with respect to Common Stock of the Company.

Sale or Exchange of Depositary Shares. Upon the sale, exchange or other disposition of Depositary Shares to a party other than the Company, a holder of Depositary Shares will realize capital gain or loss measured by the difference between the amount realized on the sale, exchange or other disposition of the Depositary Shares and such shareholder's adjusted tax basis in the Depositary Shares (provided the Depositary Shares are held as a capital asset). For a discussion of capital gain taxation see *Material U.S. Federal Income Tax Considerations Taxation of U.S. Shareholders* in the accompanying Prospectus.

Redemption of Depositary Shares. Whenever the Company redeems any Preferred Stock held by the Depositary, the Depositary will redeem as of the same redemption date the number of Depositary Shares representing the Preferred Stock so redeemed. The treatment to a holder of Depositary Shares accorded to any redemption by the Company (as distinguished from a sale, exchange or other disposition) of Preferred Stock held by the Depositary and corresponding redemption of Depositary Shares can only be determined on the basis of particular facts as to the holder of Depositary Shares at the time of redemption. In general, a holder of Depositary Shares will recognize capital gain or loss measured by the difference between the amount received upon the

Table of Contents

redemption and the holder of the Depositary Shares' adjusted tax basis in the Depositary Shares redeemed (provided the Depositary Shares are held as a capital asset) if such redemption (i) results in a complete termination of a holder's interest in all classes of stock of the Company under Section 302(b)(3) of the Internal Revenue Code of 1986, as amended (the Code) or (ii) is not essentially equivalent to a dividend with respect to the holder under Section 302(b)(1) of the Code. In applying these tests, there must be taken into account not only any Depositary Shares owned by the holder, but also such holder's ownership of Common Stock, equity stock, other series of preferred stock and any options (including stock purchase rights) to acquire any of the foregoing. The holder also must take into account any such securities (including options) which are considered to be owned by such holder by reason of the constructive ownership rules set forth in Sections 318 and 302(c) of the Code.

If a particular holder of Depositary Shares owns (actually or constructively) no shares of Common Stock, equity stock or other series of preferred stock of the Company or an insubstantial percentage of the outstanding shares of Common Stock, equity stock or preferred stock of the Company, based upon current law, it is probable that the redemption of Depositary Shares from such a holder would be considered not essentially equivalent to a dividend. However, whether a distribution is not essentially equivalent to a dividend depends on all of the facts and circumstances, and a holder of Depositary Shares intending to rely on any of these tests at the time of redemption should consult its tax advisor to determine their application to its particular situation.

If the redemption does not meet any of the tests under Section 302 of the Code, then the redemption proceeds received from the Depositary Shares will be treated as a distribution on the Depositary Shares as described under Material U.S. Federal Income Tax Considerations Taxation of U.S. Shareholders in the accompanying Prospectus. If the redemption is taxed as a dividend, the holder of Depositary Shares' adjusted tax basis in the redeemed Depositary Shares will be transferred to any other stockholdings of the holder of Depositary Shares in the Company. If the holder of Depositary Shares owns no other stockholdings in the Company, under certain circumstances, such basis may be transferred to a related person, or it may be lost entirely.

Changes Effectuated By Legislation

The American Jobs Creation Act of 2004 (the Jobs Act) was enacted into law in late 2004. The Gulf Opportunity Zone Act of 2005 (the Gulf Act) was enacted into law in late 2005. The Tax Increase Prevention and Reconciliation Act of 2005 (TIPRA), and together with the Jobs Act and the Gulf Act, the Acts) was signed into law on May 17, 2006. The Acts include the following changes, among other things, that are relevant to us as a REIT:

As discussed in the accompanying Prospectus under Material U.S. Federal Income Tax Considerations Taxation of the Company as a REIT Asset Tests Applicable to REITs, beginning on page 30, we may not own more than 10% by vote or value of any one issuer's securities, and the value of any one issuer's securities owned by us may not exceed 5% of the value of our total assets. If we fail to meet any of these tests at the end of any quarter and such failure is not cured within 30 days thereafter, we would fail to qualify as a REIT. After the 30-day cure period, a REIT may dispose of sufficient assets or otherwise cure such a violation if the violation does not exceed the lesser of 1% of the REIT's assets at the end of the relevant quarter or \$10,000,000, provided that the disposition occurs within six months following the last day of the quarter in which the REIT first identified the violation. For violations due to reasonable cause that are larger than this amount and violations of the other asset test requirements, a REIT can avoid disqualification as a REIT after the 30 day cure period by taking certain steps, including the disposition of sufficient assets within the six-month period described above to meet the applicable asset test and filing a schedule with the IRS that describes the non-qualifying assets. The REIT will also be required to pay a tax equal to the greater of \$50,000 or the highest corporate tax rate multiplied by the net income generated by the non-qualifying assets during the period of time that the assets were held as non-qualifying assets.

Table of Contents

The Acts expand the straight debt safe harbor described in the accompanying Prospectus under Material U.S. Federal Income Tax Considerations Taxation of the Company as a REIT Asset Tests Applicable to REITs, beginning on page 30, and clarify that the following types of debt will not be taken into account as securities for purposes of the 10% value limitation discussed above: (1) securities that meet the straight debt safe harbor; (2) loans to individuals or estates; (3) obligations to pay rents from real property; (4) rental agreements described in Section 467 of the Code (other than such agreements with related parties); (5) securities issued by other REITs; (6) debt issued by partnerships that derive at least 75% of their gross income from sources that constitute qualifying income for purposes of the 75% gross income test; (7) any debt not otherwise described in this paragraph that is issued by a partnership, but only to the extent of our interest as a partner in the partnership; (8) certain securities issued by a state, the District of Columbia, a foreign government, or a political subdivision of any of the foregoing, or the Commonwealth of Puerto Rico; and (9) any other arrangement described in future Treasury regulations.

The formula for calculating the tax imposed for certain violations of the 75% and 95% gross income tests described in the accompanying Prospectus under Material U.S. Federal Income Tax Considerations Taxation of the Company as a REIT Income Tests Applicable to REITs, beginning on page 28 has been changed. Specifically, the tax imposed will equal the gross income attributable to the greater of either (1) the amount by which 75% of our gross income exceeds the amount of our income qualifying under the 75% test for the taxable year or (2) the amount by which 95% (formerly 90%) of our gross income exceeds the amount of our income qualifying for the 95% income test for the taxable year, multiplied by a fraction intended to reflect our profitability. The Acts also make certain changes to the requirements for availability of the applicable relief provisions for failure to meet such tests.

The Acts clarify a rule regarding our ability to enter into leases with a taxable REIT subsidiary.

As discussed in the accompanying Prospectus under Material U.S. Federal Income Tax Considerations U.S. Taxation of Non-U.S. Shareholders Distributions by the Company, beginning on page 36, we are required to withhold 35% of any distribution to non-U.S. shareholders (the term non-U.S. shareholders in this paragraph means a nonresident alien individual or a foreign corporation) that is designated as a capital gain dividend or, if greater, 35% of a distribution to non-U.S. shareholders that could have been designated as a capital gain dividend. The Acts eliminate this 35% withholding tax on any capital gain dividend with respect to any class of stock that is regularly traded on an established securities market if the non-U.S. shareholder did not own more than 5% of such class of stock at any time during the 1-year period ending on the date of distribution (the 5% Exception). Instead, any capital gain dividend will be treated as a distribution subject to the general rules discussed in Material U.S. Federal Income Tax Considerations U.S. Taxation of Non-U.S. Shareholders Distributions by the Company.

Further, it is not entirely clear whether distributions that are (i) otherwise treated as capital gain dividends, (ii) not attributable to the disposition of a U.S. real property interest, and (iii) paid to non-U.S. shareholders who meet the 5% Exception will be treated as (a) long-term capital gain to such non-U.S. shareholders or as (b) ordinary dividends taxable in the manner described above. If we were to pay a capital gain dividend, non-U.S. shareholders should consult their tax advisors regarding the taxation of such distribution in their particular circumstances.

There is additional relief in the event that we violate certain provisions of the Code that would result in our failure to qualify as a REIT if (i) the violation is due to reasonable cause and not due to willful neglect and (ii) we pay a penalty of \$50,000 for each failure to satisfy the provision.

As discussed in the accompanying Prospectus under Material U.S. Federal Income Tax Considerations Taxation of the Company as a REIT Income Tests Applicable to REITs, beginning on page 28, prior to January 1, 2005, any periodic income or gain from the disposition of a hedging instrument including interest rate swaps or cap agreements, options, futures contracts, or any similar

Table of Contents

financial instruments entered into to hedge any indebtedness incurred to acquire or carry real estate assets was generally qualifying income for the 95% gross income test, but not for the 75% gross income test. The Acts clarify that any income from a hedging transaction entered into on or after January 1, 2005 that is clearly and timely identified, including gain from the sale or disposition of such a financial instrument, will be disregarded for purposes of the 95% gross income test to the extent the financial instrument hedges indebtedness incurred or to be incurred to acquire or carry real estate assets.

TIPRA extends certain reduced tax rate provisions. As discussed in the accompanying Prospectus under Material U.S. Federal Income Tax Considerations Taxation of U.S. Shareholders Sunset of Reduced Tax Rate Provisions, the provisions of the federal income tax laws relating to the 15% rate of capital gain taxation and the applicability of capital gain rates for designated qualified dividend income of REITs were scheduled to sunset or revert back to provisions of prior law effective for taxable years beginning after December 31, 2008. As a result of TIPRA, these provisions will sunset effective for taxable years beginning after December 31, 2010.

The foregoing is a non-exhaustive list of changes applicable to REITs that are contained in the Acts.

Table of Contents**UNDERWRITING**

Subject to the terms and conditions stated in the underwriting agreement dated the date of this prospectus supplement, each underwriter named below has severally agreed to purchase from us, and we have agreed to sell to that underwriter, the number of Depositary Shares set forth opposite the underwriter's name.

<u>Underwriter</u>	<u>Number of Depositary Shares</u>
Wachovia Capital Markets, LLC	1,200,000
Morgan Stanley & Co. Incorporated	1,200,000
Citigroup Global Markets Inc.	1,200,000
Merrill Lynch, Pierce, Fenner & Smith Incorporated	1,200,000
Credit Suisse Securities (USA) LLC	100,000
RBC Dain Rauscher Inc.	100,000
Total	5,000,000

The underwriting agreement provides that the obligations of the several underwriters to purchase the Depositary Shares included in this offering are subject to approval of legal matters by counsel and to other conditions. The underwriters are obligated to purchase all of the Depositary Shares if they purchase any of the Depositary Shares.

The underwriters, for whom Wachovia Capital Markets, LLC and Morgan Stanley & Co. Incorporated are acting as representatives, propose to offer some of the Depositary Shares directly to the public at the public offering price set forth on the cover page of this prospectus supplement and some of the Depositary Shares to dealers at the public offering price less a concession not to exceed \$0.50 per Depositary Share for retail orders and \$0.30 per Depositary Share for institutional orders. The underwriters may allow, and dealers may reallow, a concession not to exceed \$0.45 per Depositary Share on sales to other dealers. If all of the Depositary Shares are not sold at the initial offering price, the representatives may change the public offering price and the other selling terms.

We have granted to the underwriters an option, exercisable for 30 days from the date of this prospectus supplement, to purchase up to 750,000 additional Depositary Shares at the public offering price less the underwriting discount plus accumulated dividends, if any. The underwriters may exercise the option solely for the purpose of covering over-allotments, if any, in connection with this offering. To the extent the option is exercised, each underwriter must purchase a number of additional Depositary Shares approximately proportionate to that underwriter's initial purchase commitment.

We intend to apply to have the Depositary Shares listed on the American Stock Exchange, or AMEX, under the symbol PSBPrP. If this application is approved, trading of the Depositary Shares on the AMEX is expected to begin within 30 days following initial delivery of the Depositary Shares.

Edgar Filing: PS BUSINESS PARKS INC/CA - Form 424B5

The following table shows the underwriting discounts and commissions that we are to pay to the underwriters in connection with this offering. These amounts are shown assuming both no exercise and full exercise of the underwriters' option to purchase additional Depositary Shares.

	<u>No Exercise</u>	<u>Full Exercise</u>
Per Depositary Share (Retail Orders)	\$ 0.7875	\$ 0.7875
Per Depositary Share (Institutional Orders)	\$ 0.5000	\$ 0.0000
Total	\$ 3,350,137.50	\$ 3,940,762.50

Table of Contents

In connection with the offering, Wachovia Capital Markets, LLC and Morgan Stanley & Co. Incorporated on behalf of the underwriters may purchase and sell Depositary Shares in the open market. These transactions may include short sales, syndicate covering transactions and stabilizing transactions. Short sales involve syndicate sales of Depositary Shares in excess of the number of Depositary Shares to be purchased by the underwriters in the offering, which creates a syndicate short position. Covered short sales are sales of Depositary Shares made in an amount up to the number of shares represented by the underwriters over-allotment option. In determining the source of Depositary Shares to close out the covered syndicate short position, the underwriters will consider, among other things, the price of Depositary Shares available for purchase in the open market as compared to the price at which they may purchase Depositary Shares through the over-allotment option. Transactions to close out the covered syndicate short position involve either purchases of the Depositary Shares in the open market after the distribution has been completed or the exercise of the over-allotment option. The underwriters may also make naked short sales of Depositary Shares in excess of the over-allotment option. The underwriters must close out any naked short position by purchasing Depositary Shares in the open market. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the Depositary Shares in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of bids for or purchases of Depositary Shares in the open market while the offering is in progress.

The underwriters also may impose a penalty bid. Penalty bids permit the underwriters to reclaim a selling concession from a syndicate member when Wachovia Capital Markets, LLC or Morgan Stanley & Co. Incorporated repurchase Depositary Shares originally sold by that syndicate member in order to cover syndicate short positions or make stabilizing purchases.

Any of these activities may have the effect of preventing or retarding a decline of the market price of the Depositary Shares. They may also cause the price of the Depositary Shares to be higher than the price that would otherwise exist in the open market in the absence of these transactions. The underwriters may conduct these transactions on the AMEX or in the over-the-counter market, or otherwise. If the underwriters commence any of these transactions, they may discontinue any of them at any time.

We estimate that our portion of the total expenses of this offering will be \$200,000.

Certain of the underwriters have performed investment banking and advisory services for us from time to time for which they have received customary fees and expenses. The underwriters may, from time to time, engage in transactions with and perform services for us in the ordinary course of their business.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act of 1933, or to contribute to payments the underwriters may be required to make because of any of those liabilities.

We expect that delivery of the Depositary Shares will be made against payment therefor on or about January 17, 2007, which is the fifth business day following the expected date of the Prospectus Supplement. Under Rule 15c6-1 of the Securities Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade the Depositary Shares on the expected date of the Prospectus Supplement or the next succeeding business day will be required, by virtue of the fact that the Depositary Shares initially will settle in T+ 5, to specify an alternative settlement cycle at the time of any such trade to prevent a failed settlement and should consult their own advisor.

Table of Contents

PS Business Parks, Inc. is a fully-integrated, self-advised and self-managed real estate investment trust, or REIT, that acquires, develops, owns and operates commercial properties, primarily multi-tenant flex, office and industrial space. As of December 31, 2003, PS Business Parks, Inc. owned approximately 75% of the common partnership units of PS Business Parks, L.P., which we refer to in this prospectus as the operating partnership. The remaining common partnership units were owned by Public Storage, Inc. and its affiliated entities. PS Business Parks, Inc., as the sole general partner of the operating partnership, has full, exclusive and complete responsibility and discretion in managing and controlling the operating partnership. Unless otherwise indicated or unless the context requires otherwise, all references in this prospectus to the company, we, us, our and similar references mean PS Business Parks, Inc. and its subsidiaries, including the operating partnership.

RISK FACTORS

Before investing in our securities, you should consider the following risks and detriments:

Public Storage has significant influence over us.

At December 31, 2003, Public Storage and its affiliates owned 25% of the outstanding shares of our common stock (44% upon conversion of its interest in our operating partnership) and 25% of the outstanding common units of our operating partnership (100% of the common units not owned by us). Also, Ronald L. Havner, Jr., our chairman of the board, is also vice-chairman, chief executive officer and a director of Public Storage and Harvey Lenkin, one of our directors, is president and a director of Public Storage. Consequently, Public Storage has the ability to significantly influence all matters submitted to a vote of our shareholders, including electing directors, changing our articles of incorporation, dissolving and approving other extraordinary transactions such as mergers, and all matters requiring the consent of the limited partners of the operating partnership. In addition, Public Storage's ownership may make it more difficult for another party to take over our company without Public Storage's approval.

Provisions in our organizational documents may prevent changes in control.

Our articles generally prohibit owning more than 7% of our shares. Our articles of incorporation restrict the number of shares that may be owned by any other person, and the partnership agreement of our operating partnership contains an anti-takeover provision. No shareholder (other than Public Storage and certain other specified shareholders) may own more than 7% of the outstanding shares of our common stock, unless our board of directors waives this limitation. We imposed this limitation to avoid, to the extent possible, a concentration of ownership that might jeopardize our ability to qualify as a REIT. This limitation, however, also makes a change of control much more difficult (if not impossible) even if it may be favorable to our public shareholders. These provisions will prevent future takeover attempts not approved by Public Storage even if a majority of our public shareholders consider it to be in their best interests because they would receive a premium for their shares over the shares' then market value or for other reasons.

Our board can set the terms of certain securities without shareholder approval. Our board of directors is authorized, without shareholder approval, to issue up to 50,000,000 shares of preferred stock and up to 100,000,000 shares of equity stock, in each case in one or more series. Our board has the right to set the terms of each of these series of stock. Consequently, the board could set the terms of a series of stock that could make it difficult (if not impossible) for another party to take over our company even if it might be favorable to our public shareholders. Our articles of incorporation also contain other provisions that could have the same effect. We can also cause our operating partnership to issue additional interests for cash or in exchange for property.

The partnership agreement of our operating partnership restricts mergers. The partnership agreement of our operating partnership generally provides that we may not merge or engage in a similar

Table of Contents

transaction unless the limited partners of our operating partnership are entitled to receive the same proportionate payments as our shareholders. In addition, we have agreed not to merge unless the merger would have been approved had the limited partners been able to vote together with our shareholders, which has the effect of increasing Public Storage's influence over us due to Public Storage's ownership of operating partnership units. These provisions may make it more difficult for us to merge with another entity.

Our operating partnership poses additional risks to us.

Limited partners of our operating partnership, including Public Storage, have the right to vote on certain changes to the partnership agreement. They may vote in a way that is against the interests of our shareholders. Also, as general partner of our operating partnership, we are required to protect the interests of the limited partners of the operating partnership. The interests of the limited partners and of our shareholders may differ.

We cannot sell certain properties without Public Storage's approval.

Before 2007, we may not sell 12 specified properties without Public Storage's approval. Since Public Storage would be taxed on a sale of these properties, the interests of Public Storage and our shareholders may differ as to the best time to sell.

We would incur adverse tax consequences if we fail to qualify as a REIT.

Our cash flow would be reduced if we fail to qualify as a REIT. While we believe that we have qualified since 1990 to be taxed as a REIT, and will continue to be so qualified, we cannot be certain. To continue to qualify as a REIT, we need to satisfy certain requirements under the federal income tax laws relating to our income, assets, distributions to shareholders and shareholder base. In this regard, the share ownership limits in our articles of incorporation do not necessarily ensure that our shareholder base is sufficiently diverse for us to qualify as a REIT. For any year we fail to qualify as a REIT, we would be taxed at regular corporate tax rates on our taxable income unless certain relief provisions apply. Taxes would reduce our cash available for distributions to shareholders or for reinvestment, which could adversely affect us and our shareholders. Also we would not be allowed to elect REIT status for five years after we fail to qualify unless certain relief provisions apply.

Our cash flow would be reduced if our predecessor failed to qualify as a REIT. For us to qualify to be taxed as a REIT, our predecessor, American Office Park Properties, also needed to qualify to be taxed as a REIT. We believe American Office Park Properties qualified as a REIT beginning in 1997 until its March 1998 merger with us. If it is determined that it did not qualify as a REIT, we could also lose our REIT qualification. Before 1997, our predecessor was a taxable corporation and, to qualify as a REIT, was required to distribute all of its profits before the end of 1996. While we believe American Office Park Properties qualified as a REIT since 1997, we did not obtain an opinion of an outside expert at the time of its merger with us.

We may need to borrow funds to meet our REIT distribution requirements. To qualify as a REIT, we must generally distribute to our shareholders 90% of our taxable income. Our income consists primarily of our share of our operating partnership's income. We intend to make sufficient distributions to qualify as a REIT and otherwise avoid corporate tax. However, differences in timing between income and expenses and the need to make nondeductible expenditures such as capital improvements and principal payments on debt could force us to borrow funds to make necessary shareholder distributions.

Since we buy and operate real estate, we are subject to the general real estate investment and operating risks.

Summary of real estate risks. We own and operate commercial properties and are subject to the risks of owning real estate generally and commercial properties in particular. These risks include:

- the national, state and local economic climate and real estate conditions, such as oversupply of or reduced demand for space and changes in market rental rates;

Table of Contents

- how prospective tenants perceive the attractiveness, convenience and safety of our properties;
- our ability to provide adequate management, maintenance and insurance;
- our ability to collect rent from tenants on a timely basis;
- the expense of periodically renovating, repairing and reletting spaces;
- environmental issues;
- compliance with the Americans with Disabilities Act and other federal, state and local laws and regulations;
- increasing operating costs, including real estate taxes, insurance and utilities, if these increased costs cannot be passed through to tenants;
- changes in tax, real estate and zoning laws;
- increase in new commercial properties in our market;
- tenant defaults and bankruptcies;
- tenants' right to sublease space; and
- concentration of properties leased to non-rated private companies.

Certain significant costs, such as mortgage payments, real estate taxes, insurance and maintenance, generally are not reduced even when a property's rental income is reduced. In addition, environmental and tax laws, interest rate levels, the availability of financing and other factors may affect real estate values and property income. Furthermore, the supply of commercial space fluctuates with market conditions.

If our properties do not generate sufficient income to meet operating expenses, including any debt service, tenant improvements, leasing commissions and other capital expenditures, we may have to borrow additional amounts to cover fixed costs, and we may have to reduce our distributions to shareholders.

We recently acquired a large property in a new market. In December 2003, we acquired an industrial park in Miami, Florida. This is our only property in this market and represents approximately 18% of our properties' aggregate net rentable square footage at December 31, 2003. As a result of our lack of experience with the Miami market and other factors, the operating performance of this property may be less than we anticipate, and we may have difficulty in integrating this property in our existing portfolio.

We may encounter significant delays and expense in reletting vacant space, or we may not be able to relet space at existing rates, in each case resulting in losses of income. When leases expire, we will incur expenses in retrofitting space and we may not be able to release the space on the same terms. Certain leases provide tenants with the right to terminate early if they pay a fee. Our properties as of December 31, 2003 generally have lower vacancy rates than the average for the markets in which they are located, and leases accounting for 18.5% of our annual rental income expire in 2004 and 25.4% in 2005 (leases accounting for 32.6% of our annual rental income from small tenants expire in 2004 and 26.7% in 2005). While we have estimated our cost of renewing leases that expire in 2004 and 2005, our estimates could be wrong. If we are unable to release space promptly, if the terms are significantly less favorable than anticipated or if the costs are higher, we may have to reduce our distributions to shareholders.

Tenant defaults and bankruptcies may reduce our cash flow and distributions. We may have difficulty in collecting from tenants in default, particularly if they declare bankruptcy. This could affect our cash flow and distributions to shareholders. Since many of our tenants are non-rated private companies, this risk may be enhanced.

Leases with Worldcom and a related Worldcom entity, both of which are in bankruptcy, generate approximately 0.5% of our revenues. Worldcom and its bankrupt related entity have rejected a lease representing

Table of Contents

approximately 0.2% of our revenues and have renegotiated another lease with us that will expire in December 2004. In addition, we believe that a second Worldcom related entity, although not in bankruptcy, may be in financial difficulty. A lease with this second Worldcom related entity generates approximately 0.5% of our revenues.

We may be adversely affected by significant competition among commercial properties. Many other commercial properties compete with our properties for tenants. Some of the competing properties may be newer and better located than our properties. We also expect that new properties will be built in our markets. Also, we compete with other buyers, many of whom are larger than us, for attractive commercial properties. Therefore, we may not be able to grow as rapidly as we would like.

We may be adversely affected if losses on our properties are not covered by insurance. We carry insurance on our properties that we believe is comparable to the insurance carried by other operators for similar properties. However, we could suffer uninsured losses or losses in excess of policy limits for such occurrences such as earthquakes that adversely affect us or even result in loss of the property. We might still remain liable on any mortgage debt or other unsatisfied obligations related to that property.

The illiquidity of our real estate investments may prevent us from adjusting our portfolio to respond to market changes. There may be delays and difficulties in selling real estate. Therefore, we cannot easily change our portfolio when economic conditions change. Also, tax laws limit a REIT's ability to sell properties held for less than four years.

We may be adversely affected by changes in laws. Increases in income and service taxes may reduce our cash flow and ability to make expected distributions to our shareholders. Our properties are also subject to various federal, state and local regulatory requirements, such as state and local fire and safety codes. If we fail to comply with these requirements, governmental authorities could fine us or courts could award damages against us. We believe our properties comply with all significant legal requirements. However, these requirements could change in a way that would reduce our cash flow and ability to make distributions to shareholders.

We may incur significant environmental remediation costs. Under various federal, state and local environmental laws, an owner or operator of real estate may have to clean spills or other releases of hazardous or toxic substances on or from a property. Certain environmental laws impose liability whether or not the owner knew of, or was responsible for, the presence of the hazardous or toxic substances. In some cases, liability may exceed the value of the property. The presence of toxic substances, or the failure to properly remedy any resulting contamination, may make it more difficult for the owner or operator to sell, lease or operate its property or to borrow money using its property as collateral. Future environmental laws may impose additional material liabilities on us.

We may be affected by the Americans with Disabilities Act. The Americans with Disabilities Act of 1990 requires that access and use by disabled persons of all public accommodations and commercial properties be facilitated. Existing commercial properties must be made accessible to disabled persons. While we have not estimated the cost of complying with this act, we do not believe the cost will be material. We have an ongoing program to bring our properties into what we believe is compliance with the American with Disabilities Act.

We depend on external sources of capital to grow our company.

We are generally required under the Internal Revenue Code to distribute at least 90% of our taxable income. Because of this distribution requirement, we may not be able to fund future capital needs, including any necessary building and tenant improvements, from operating cash

Edgar Filing: PS BUSINESS PARKS INC/CA - Form 424B5

flow. Consequently, we may need to rely on third-party sources of capital to fund our capital needs. We may not be able to obtain the financing on favorable terms or at all. Access to third-party sources of capital depends, in part, on general market conditions, the market's perception of our growth potential, our current and expected future earnings, our cash flow, and the

Table of Contents

market price per share of our common stock. If we cannot obtain capital from third-party sources, we may not be able to acquire properties when strategic opportunities exist, satisfy any debt service obligations, or make cash distributions to shareholders.

Our ability to control our properties may be adversely affected by ownership through partnerships and joint ventures.

We own most of our properties through our operating partnership. Our organizational documents do not prevent us from acquiring properties with others through partnerships or joint ventures. This type of investment may present additional risks. For example, our partners may have interests that differ from ours or that conflict with ours, or our partners may become bankrupt. During 2001, we entered into a joint venture arrangement that held property subject to debt. This joint venture has been liquidated and all debts paid; however, we may enter into similar arrangements with the same partner or other partners.

We can change our business policies and increase our level of debt without shareholder approval.

Our board of directors establishes our investment, financing, distribution and our other business policies and may change these policies without shareholder approval. Our organizational documents do not limit our level of debt. A change in our policies or an increase in our level of debt could adversely affect our operations or the price of our common stock.

We can issue additional securities without shareholder approval.

We can issue preferred, equity and common stock without shareholder approval. Holders of preferred stock have priority over holders of common stock, and the issuance of additional shares of stock reduces the interest of existing holders in our company.

Increases in interest rates may adversely affect the market price of our common stock.

One of the factors that influences the market price of our common stock is the annual rate of distributions that we pay on our common stock, as compared with interest rates. An increase in interest rates may lead purchasers of REIT shares to demand higher annual distribution rates, which could adversely affect the market price of our common stock.

Shares that become available for future sale may adversely affect the market price of our common stock.

Substantial sales of our common stock, or the perception that substantial sales may occur, could adversely affect the market price of our common stock. As of December 31, 2003, Public Storage owned 25% of the outstanding shares of our common stock (44% upon conversion of its interest in our operating partnership). These shares, as well as shares of common stock held by certain other significant stockholders, are eligible to be sold in the public market, subject to compliance with applicable securities laws.

We depend on key personnel.

We depend on our key personnel, including Ronald L. Havner, Jr., our chairman of the board, and Joseph D. Russell, Jr., our chief executive officer and president. The loss of Mr. Havner, Mr. Russell, or other key personnel could adversely affect our operations. We maintain no key person insurance on our key personnel.

Terrorist attacks and the possibility of wider armed conflict may have an adverse impact on our business and operating results and could decrease the value of our assets.

Terrorist attacks and other acts of violence or war, such as those that took place on September 11, 2001, could have a material adverse impact on our business and operating results. There can be no assurance that there

Table of Contents

will not be further terrorist attacks against the United States or its businesses or interests. Attacks or armed conflicts that directly impact one or more of our properties could significantly affect our ability to operate those properties and thereby impair our operating results. Further, we may not have insurance coverage for all losses caused by a terrorist attack. Such insurance may not be available, or if it is available and we decide to obtain such terrorist coverage, the cost for the insurance may be significant in relationship to the risk overall. In addition, the adverse effects that such violent acts and threats of future attacks could have on the U.S. economy could similarly have a material adverse effect on our business and results of operations. Finally, further terrorist acts could cause the United States to enter into a wider armed conflict which could further impact our business and operating results.

We may be affected by California's budget shortfall.

The California budget could affect our company in many ways, including the possible repeal of Proposition 13, which could result in higher property taxes. Reduced state and local government spending and the resulting effects on the state and local economies could have an adverse impact on demand for our space. The budget shortfall could impact our company in other ways that cannot be predicted. Approximately 35% of our properties' net operating income is generated in California.

Recent change in taxation of corporate dividends may adversely affect the value of our shares.

The Jobs and Growth Tax Relief Reconciliation Act of 2003, enacted on May 28, 2003, generally reduces to 15% the maximum marginal rate of federal tax payable by individuals on dividends received from a regular C corporation. This reduced tax rate, however, will not apply to dividends paid to individuals by a REIT on its shares except for certain limited amounts. The earnings of a REIT that are distributed to its shareholders still will generally be subject to less federal income taxation on an aggregate basis than earnings of a non-REIT C corporation that are distributed to its shareholders net of corporate-level income tax. The Jobs and Growth Tax Act, however, could cause individual investors to view stocks of regular C corporations as more attractive relative to shares of REITs than was the case prior to the enactment of the legislation because the dividends from regular C corporations, which previously were taxed at the same rate as REIT dividends, now will be taxed at a maximum marginal rate of 15% while REIT dividends will be taxed at a maximum marginal rate of 35%. We cannot predict what effect, if any, the enactment of this legislation may have on the value of our common stock, either in terms of price or relative to other investments.

THE COMPANY

We are a self-advised and self-managed real estate investment trust or REIT that acquires, develops, owns and operates commercial properties. We are the sole general partner of our operating partnership, PS Business Parks, L.P., through which we conduct most of our activities. At December 31, 2003, we had interests in properties in eight states containing approximately 18.4 million net rentable square feet of space.

In a March 1998 merger with American Office Park Properties, Inc., we acquired the commercial property business previously operated by Public Storage and were renamed PS Business Parks, Inc. We elected to be taxed as a REIT beginning with our 1990 taxable year. To the extent that we continue to qualify as a REIT, we will not be taxed, with certain limited exceptions, on the net income that we distribute currently to our shareholders. We were incorporated in California in 1990. Our principal executive offices are located at 701 Western Avenue, Glendale, California 91201-2397. Our telephone number is (818) 244-8080.

Table of Contents**USE OF PROCEEDS**

Unless otherwise described in the applicable prospectus supplement, we intend to use the net proceeds from the sale of the securities described in this prospectus for the acquisition of commercial properties, repayment of our outstanding debt, redemption of preferred securities and general business purposes. Pending their use, we may invest the net proceeds in short-term, interest bearing securities.

RATIO OF EARNINGS TO FIXED CHARGES

We compute our ratio of earnings to combined fixed charges and preferred stock distributions by dividing our earnings by our fixed charges. Earnings consists of net income before minority interest in income, loss on early extinguishment of debt and gain on disposition of real estate plus fixed charges less the portion of minority interest in income which does not contribute to fixed charges.

DESCRIPTION OF COMMON STOCK

We are authorized to issue 100,000,000 shares of common stock, par value \$.01 per share. At December 31, 2003, we had outstanding 21,565,528 shares of common stock (excluding shares issuable upon exchange of interests in our operating partnership and shares subject to options).

Common Stock

The following description of our common stock sets forth certain general terms and provisions of the common stock to which any prospectus supplement may relate, including a prospectus supplement providing that common stock will be issuable upon conversion of preferred stock or upon the exercise of warrants. The statements below describing our common stock are in all respects subject to and qualified in their entirety by reference to the applicable provisions of our articles of incorporation and bylaws.

Subject to any preference with respect to our preferred stock or equity stock, holders of our common stock will be entitled to receive distributions when, as and if declared by our board of directors, out of funds legally available therefor. Payment and declaration of dividends on our common stock and purchases of shares of common stock by us will be subject to certain restrictions if we fail to pay dividends on outstanding preferred stock. See Description of Preferred Stock. Upon any liquidation, dissolution or winding up of our company, holders of

Edgar Filing: PS BUSINESS PARKS INC/CA - Form 424B5

common stock will be entitled to share ratably in any assets available for distribution to them, after payment or provision for payment of the debts and our other liabilities and the preferential amounts owing with respect to any of our outstanding preferred stock. Holders of our common stock have no preemptive rights, except such as have been provided to certain of our shareholders by contract, which means public shareholders have no right to acquire any additional shares of common stock that we may issue at a later date.

Each outstanding share of our common stock entitles the holder to one vote on all matters presented to our stockholders for a vote, with the exception that they have cumulative voting rights with respect to the election of our board of directors, in accordance with California law. Cumulative voting means that each holder of our common stock is entitled to cast as many votes as there are directors to be elected multiplied by the number of shares

Table of Contents

registered in his or her name. A holder of our common stock may cumulate the votes for directors by casting all of the votes for one candidate or by distributing the votes among as many candidates as he or she chooses. Cumulative voting is intended to provide holders of smaller blocks of stock with more meaningful influence in the election of directors than they would have without cumulative voting. The outstanding shares of our common stock are, and additional shares of common stock will be, when issued, fully paid and nonassessable.

The partnership agreement of our operating partnership provides that we may not consummate a business combination in which we must have a vote of our stockholders unless the matter is also approved by the vote of the partners of the operating partnership. For this purpose, a business combination is any merger, consolidation or other combination with or into another person or sale of all or substantially all of our assets, or any reclassification, recapitalization or change of our existing common stock. These provisions have the effect of increasing Public Storage's influence over us, due to its ownership of operating partnership units, and also make it more difficult for us to consummate a business combination.

Our common stock is traded on the American Stock Exchange under the symbol PSB. The transfer agent and registrar of our common stock is American Stock Transfer & Trust Company.

The rights, preferences and privileges of holders of our common stock are subject to, and may be adversely affected by, the rights of the holders of shares of any series of our preferred stock or our equity stock which we may designate and issue in the future. See Description of Preferred Stock and Description of Equity Stock.

Ownership Limitations

For us to qualify as a REIT under the Internal Revenue Code of 1986, as amended (the Code), no more than 50% in value of our outstanding shares of capital stock may be owned, directly or constructively under the applicable attribution rules of the Code, by five or fewer individuals (as defined in the Code to include certain entities) during the last half of a taxable year. In order to maintain our qualification as a REIT, our articles of incorporation provide certain restrictions on the shares of capital stock that any shareholder may own.

Our articles of incorporation provide that, subject to certain exceptions, no holder may own, or be deemed to own by virtue of the attribution provisions of the Code, more than (A) 7.0% of the outstanding shares of our common stock and (B) 9.9% of the outstanding shares of each class or series of shares of our preferred stock or equity stock and that all shares of stock be imprinted with a legend setting forth that restriction. Our articles of incorporation provide, however, that no person shall be deemed to exceed the ownership limit solely by reason of the beneficial ownership of shares of any class of stock to the extent that such shares of stock were beneficially owned by such person (including Public Storage) upon completion of, and after giving effect to, the merger with American Office Park Properties. Thus, this limitation does not affect the ownership of common stock held by Public Storage and certain other shareholders at the time of the merger. Furthermore, the limitation does not apply with respect to shares of stock deemed to be owned by a person as a result of such person's ownership of shares of Public Storage (however, such ownership will be taken into account in determining whether a subsequent acquisition or transfer of our shares (but not Public Storage) violates the ownership limit). The ownership limitation is intended to assist in preserving our REIT status in view of Public Storage's substantial ownership interest in us and the Hughes family's substantial ownership interest in Public Storage. There can be no assurance, however, that such ownership limit will enable us to satisfy the requirement that a REIT not be closely held within the meaning of Section 856(h) of the Code for any given taxable year, in part as a result of the provision described above providing that the ownership limitation generally does not apply to our shares deemed to be owned as a result of a person's ownership of shares of Public Storage.

Edgar Filing: PS BUSINESS PARKS INC/CA - Form 424B5

Our articles of incorporation provide that our board of directors, in its sole and absolute discretion, may grant exceptions to the ownership limits, so long as (A) our board has determined that we would not be "closely held" within the meaning of Section 856(h) of the Code (without regard to whether the event in question takes place during the second half of a taxable year) and would not otherwise fail to qualify as a REIT, after giving effect to an acquisition by an excepted person of beneficial ownership of the maximum amount of capital stock

Table of Contents

permitted as a result of the exception to be granted, and taking into account the existing and permitted ownership by other persons of stock (taking into account any other exceptions granted) and (B) the excepted persons provide to our board such representations and undertakings as our board may require. In any case, no holder may own or acquire, either directly, indirectly or constructively under the applicable attribution rules of the Code, any shares of any class of capital stock if such ownership or acquisition (i) would cause more than 50% in value of outstanding capital stock to be owned, either directly or constructively, under the applicable attribution rules of the Code, by five or fewer individuals (as defined in the Code to include certain tax-exempt entities, other than, in general, qualified domestic pension funds), (ii) would result in the Company's stock being beneficially owned by less than 100 persons (determined without reference to any rules of attribution), or (iii) would otherwise result in our failing to qualify as a REIT.

Our articles of incorporation generally provide that if any holder of capital stock purports to transfer shares to a person or there is a change in our capital structure, and either the transfer or the change in capital structure would result in our failing to qualify as a REIT, or such transfer or the change in capital structure would cause the transferee to hold shares in excess of the applicable ownership limit, then the shares causing the violation will be automatically transferred to a trust for the benefit of a designated charitable beneficiary. The purported transferee of those shares will have no right to receive dividends or other distributions with respect to them and will have no right to vote the shares. Any dividends or other distributions paid to such purported transferee prior to the discovery by us that the shares have been transferred to a trust will be paid to the trustee of the trust for the benefit of the charitable beneficiary upon demand. The trustee will designate a transferee of those shares so long as the shares would not violate the restrictions on ownership in the articles of incorporation in the hands of the designated transferee. Upon the sale of such shares, the purported transferee will receive out of any proceeds remaining after payment of expenses of the charitable trust and us the lesser of (A)(i) the price per share such purported transferee paid for the stock in the purported transfer that resulted in the transfer of the shares to the trust, or (ii) if the transfer or other event that resulted in the transfer of the shares to the trust was not a transaction in which the purported transferee gave full value for such shares, a price per share equal to the market price on the date of the purported transfer or other event that resulted in the transfer of the shares to the trust and (B) the price per share received by the trustee from the sale or other disposition of the shares held in the trust. Each purported transferee shall be deemed to have waived any claims such purported transferee may have against the trustee and us arising from the disposition of the shares, except for claims arising from the trustee's or our gross negligence, willful misconduct, or failure to make payments when required by the articles of incorporation.

DESCRIPTION OF PREFERRED STOCK

We are authorized to issue 50,000,000 shares of preferred stock, par value \$.01 per share. At December 31, 2003, we had 6,746.9 outstanding shares of preferred stock (represented by 6,746,900 depository shares) and 8,710,000 shares reserved for issuance. In January 2004, we issued 6,900 shares of preferred stock (represented by 6,900,000 depository shares). Our articles of incorporation provide that the preferred stock may be issued from time to time in one or more series and give our board of directors broad authority to fix the dividend and distribution rights, conversion and voting rights, if any, redemption provisions and liquidation preferences of each series of preferred stock. Holders of preferred stock have no preemptive rights. The preferred stock will be, when issued, fully paid and nonassessable.

The issuance of preferred stock with special voting rights (or common stock) could be used to deter attempts to obtain control of us in transactions not approved by our board of directors. We have no present intention to issue stock for that purpose. For a discussion of provisions in the partnership agreement that restrict our ability to enter into business combinations, see [Description of Common Stock](#).

Outstanding Preferred Stock

At December 31, 2003, we had outstanding three series of preferred stock, and had reserved for issuance, upon conversion of preferred units in our operating partnership, an additional six series. Each series (1) has a

Table of Contents

stated value of \$25 per share or depositary share, (2) in preference to the holders of shares of our common stock and any other capital stock ranking junior to the preferred stock as to payment of dividends, provides for cumulative quarterly dividends calculated as a percentage of the stated value (ranging from 7 ¹⁹/₂₀% to 9 ¹/₂%) and (3) is subject to redemption, in whole or in part, at our option at a cash redemption price of \$25 per share or depositary share, plus accrued and unpaid dividends (on and after various dates between April 2004 and October 2007). The preferred stock issued in January 2004 provides for cumulative quarterly dividends of 7% of its stated value of \$25 per depositary share and is subject to redemption on or after January 30, 2009.

In the event of our voluntary or involuntary liquidation, dissolution or winding up, the holders of the preferred stock will be entitled to receive out of our assets available for distribution to shareholders, before any distribution of assets is made to holders of our common stock or any other shares of capital stock ranking as to such distributions junior to the preferred stock, liquidating distributions in the amount of \$25 per share or depositary share, plus all accumulated and unpaid dividends.

Except as expressly required by law and in certain other limited circumstances, holders of the preferred stock are not entitled to vote. The consent of holders of at least 66 ²/₃% of the outstanding shares of the preferred stock (and any other series of preferred stock ranking on a parity therewith), voting as a single class, is required to authorize another class of shares senior to the preferred stock.

We have reserved for issuance, upon conversion of preferred units in our operating partnership, six series of preferred stock. To the extent we issue any shares of any such series of preferred stock, we may not consolidate, merge into or with, or convey, transfer or lease our assets substantially as an entirety, to any corporation or other entity without the affirmative vote of the holders of a majority of the outstanding shares of such series, subject to certain exceptions or unless we are the surviving entity.

Future Series of Preferred Stock

The following description of preferred stock sets forth certain general terms and provisions of the preferred stock to which any prospectus supplement may relate. The statements below describing the preferred stock are in all respects subject to and qualified in their entirety by reference to the applicable provisions of our articles of incorporation (including the applicable form of certificate of determination) and bylaws.

Reference is made to the prospectus supplement relating to the preferred stock offered thereby for specific terms, including, where applicable, the following: (1) the title and stated value of such preferred stock; (2) the number of shares of such preferred stock offered, the liquidation preference per share and the offering price of such preferred stock; (3) the dividend rate(s), period(s) and/or payment date(s) or method(s) of calculation applicable to such preferred stock; (4) the date from which dividends on such preferred stock shall accumulate, if applicable; (5) the provision for a sinking fund, if any, for such preferred stock; (6) the provision for redemption, if applicable, of such preferred stock; (7) any listing of such preferred stock on any securities exchange; (8) the terms and conditions, if applicable, upon which such preferred stock will be convertible into common stock, including the conversion price (or manner of calculation); (9) the voting rights, if any, of such preferred stock; (10) any other specific terms, preferences, rights, limitations or restrictions of such preferred stock; (11) the relative ranking and preferences of such preferred stock as to dividend rights and rights upon liquidation, dissolution or winding up of our affairs; and (12) any limitations on

issuance of any series of preferred stock ranking senior to or on a parity with such series of preferred stock as to dividend rights and rights upon liquidation, dissolution or winding up of our affairs.

Ranking. The ranking of the preferred stock is set forth in the applicable prospectus supplement. Unless otherwise specified in the applicable prospectus supplement, such preferred stock will, with respect to dividend rights and rights upon liquidation, dissolution or winding up of our affairs, rank (i) senior to the common stock, any additional class of common stock and any series of preferred stock expressly made junior to such preferred stock; (ii) on a parity with all preferred stock previously issued by us the terms of which specifically provide that such preferred stock rank on a parity with the preferred stock offered hereby; and (iii) junior to all preferred stock previously issued by us the terms of which specifically provide that such preferred stock rank senior to the preferred stock offered hereby.

Dividends. Holders of shares of the preferred stock of each series offered hereby will be entitled to receive, when, as and if declared by our board of directors, out of our assets legally available for payment, cash dividends at such rates and on such dates as will be set forth in the applicable prospectus supplement. Each such dividend shall be payable to holders of record as they appear on the stock transfer books of our company on such record dates as shall be fixed by our board of directors.

Dividends on any series of the preferred stock offered hereby may be cumulative or non-cumulative, as provided in the applicable prospectus supplement. Dividends, if cumulative, will be cumulative from and after the date set forth in the applicable prospectus supplement. If our board of directors fails to declare a dividend payable on a dividend payment date on any series of the preferred stock for which dividends are noncumulative, then the holders of such series of the preferred stock will have no right to receive a dividend in respect of the dividend period ending on such dividend payment date, and we will have no obligation to pay the dividend accrued for such period, whether or not dividends on such series are declared payable on any future dividend payment date.

No dividends (other than in common stock or other capital stock ranking junior to the preferred stock of any series as to dividends and upon liquidation) will be declared or paid or set aside for payment (nor will any other distribution be declared or made upon the common stock, or any other capital stock ranking junior to or on a parity with the preferred stock of such series as to dividends or upon liquidation), nor will any common stock or any other capital stock ranking junior to or on a parity with the preferred stock of such series as to dividends or upon liquidation be redeemed, purchased or otherwise acquired for any consideration (or any moneys be paid to or made available for a sinking fund for the redemption of any shares of any such stock) by us (except by conversion into or exchange for other capital stock ranking junior to the preferred stock of such series as to dividends and upon liquidation) unless (i) if such series of preferred stock has a cumulative dividend, full cumulative dividends on the preferred stock of such series have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof set apart for payment for all past dividend periods and the then current dividend period, and (ii) if such series of preferred stock does not have a cumulative dividend, full dividends on the preferred stock of such series have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof set apart for payment for the then current dividend period.

If for any taxable year, we elect to designate as capital gain dividends (as defined in the Internal Revenue Code) any portion of the dividends paid or made available for the year to the holders of our stock, then the portion of the dividends designated as capital gain dividends that will be allocable to the holders of preferred stock will be an amount equal to the total capital gain dividends multiplied by a fraction, the numerator of which will be the total dividends, within the meaning of the Internal Revenue Code, paid or made available to the holders of preferred stock for the year, and the denominator of which will be the total dividends paid or made available to holders of all classes and series of our outstanding stock for that year.

Any dividend payment made on shares of a series of cumulative preferred stock offered hereby will first be credited against the earliest accrued but unpaid dividend due with respect to shares of such series which remains payable.

Redemption. If so provided in the applicable prospectus supplement, the shares of preferred stock will be subject to mandatory redemption or redemption at our option, in whole or in part, in each case upon the terms, at the times and at the redemption prices set forth in such prospectus supplement.

Table of Contents

The prospectus supplement relating to a series of preferred stock offered hereby that is subject to mandatory redemption will specify the number of shares of such preferred stock that will be redeemed by us in each year commencing after a date to be specified, at a redemption price per share to be specified, together with an amount equal to all accrued and unpaid dividends thereon (which will not, if such preferred stock does not have a cumulative dividend, include any accumulation in respect of unpaid dividends for prior dividend periods) to the date of redemption. The redemption price may be payable in cash, securities or other property, as specified in the applicable prospectus supplement.

Notwithstanding the foregoing, no shares of any series of preferred stock offered hereby will be redeemed and we will not purchase or otherwise acquire directly or indirectly any shares of preferred stock of such series (except by conversion into or exchange for capital stock of us ranking junior to the preferred stock of such series as to dividends and upon liquidation) unless all outstanding shares of preferred stock of such series are simultaneously redeemed unless, in each case, (i) if such series of preferred stock has a cumulative dividend, full cumulative dividends on the preferred stock of such series will have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof set apart for payment for all past dividend periods and the then current dividend period and (ii) if such series of preferred stock does not have a cumulative dividend, full dividends on the preferred stock of such series have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof set apart for payment for the then current dividend period; provided, however, that the foregoing shall not prevent the purchase or acquisition of shares of preferred stock of such series pursuant to a purchase or exchange offer made on the same terms to holders of all outstanding shares of preferred stock of such series.

If fewer than all of the outstanding shares of preferred stock of any series offered hereby are to be redeemed, the number of shares to be redeemed will be determined by us and such shares may be redeemed pro rata from the holders of record of such shares in proportion to the number of such shares held by such holders (with adjustments to avoid redemption of fractional shares) or by lot in a manner determined by us.

Notice of redemption will be mailed at least 30 days but not more than 60 days before the redemption date to each holder of record of preferred stock of any series to be redeemed at the address shown on our stock transfer books. Each notice will state: (i) the redemption date; (ii) the number of shares and series of the preferred stock to be redeemed; (iii) the redemption price; (iv) the place or places where certificates for such preferred stock are to be surrendered for payment of the redemption price; (v) that dividends on the shares to be redeemed will cease to accrue on such redemption date; and (vi) the date upon which the holder's conversion rights, if any, as to such shares shall terminate. If fewer than all the shares of preferred stock of any series are to be redeemed, the notice mailed to each such holder thereof shall also specify the number of shares of preferred stock to be redeemed from each such holder and, upon redemption, a new certificate shall be issued representing the unredeemed shares without cost to the holder thereof. In order to facilitate the redemption of shares of preferred stock, our board of directors may fix a record date for the determination of shares of preferred stock to be redeemed, such record date to be not less than 30 or more than 60 days prior to the date fixed for such redemption.

Notice having been given as provided above, from and after the date specified therein as the date of redemption, unless we default in providing funds for the payment of the redemption price on such date, all dividends on the preferred stock called for redemption will cease. From and after the redemption date, unless we so default, all rights of the holders of the preferred stock as our shareholders, except the right to receive the redemption price (but without interest), will cease.

Subject to applicable law and the limitation on purchases when dividends on preferred stock are in arrears, we may, at any time and from time to time, purchase any shares of preferred stock in the open market, by tender or by private agreement.

Liquidation Preference. Upon any voluntary or involuntary liquidation, dissolution or winding up of our affairs, then, before any distribution or payment shall be made to the holders of any common stock or any other

Table of Contents

class or series of our capital stock ranking junior to any series of the preferred stock in the distribution of assets upon our liquidation, dissolution or winding up, the holders of such series of preferred stock will be entitled to receive out of our assets legally available for distribution to shareholders liquidating distributions in the amount of the liquidation preference per share (set forth in the applicable prospectus supplement), plus an amount equal to all dividends accumulated and unpaid thereon (which shall not include any accumulation in respect of unpaid dividends for prior dividend periods if such preferred stock does not have a cumulative dividend). After payment of the full amount of the liquidating distributions to which they are entitled, the holders of preferred stock will have no right or claim to any of our remaining assets. In the event that, upon any such voluntary or involuntary liquidation, dissolution or winding up, our legally available assets are insufficient to pay the amount of the liquidating distributions on all outstanding shares of any series of preferred stock and the corresponding amounts payable on all shares of other classes or series of our capital stock ranking on a parity with the preferred stock in the distribution of assets upon liquidation, dissolution or winding up, then the holders of such series of preferred stock and all other such classes or series of capital stock shall share ratably in any such distribution of assets in proportion to the full liquidating distributions to which they would otherwise be respectively entitled.

If liquidating distributions shall have been made in full to all holders of preferred stock, our remaining assets will be distributed among the holders of any other classes or series of capital stock ranking junior to such series of preferred stock upon liquidation, dissolution or winding up, according to their respective rights and preferences and in each case according to their respective number of shares. For such purposes, our consolidation or merger with or into any other corporation, or the sale, lease, transfer or conveyance of all or substantially all of our property or assets will not be deemed to constitute a liquidation, dissolution or winding up.

Voting Rights. Holders of the preferred stock offered hereby will not have any voting rights, except as set forth below or as otherwise expressly required by law or as indicated in the applicable prospectus supplement.

If the equivalent of six quarterly dividends payable on any series of preferred stock are in default (whether or not declared or consecutive), the holders of all such series of preferred stock, voting as a single class with all other series of preferred stock upon which similar voting rights have been conferred and are exercisable, will be entitled to elect two additional directors until all dividends in default have been paid or declared and set apart for payment.

Such right to vote separately to elect directors shall, when vested, be subject, always, to the same provisions for vesting of such right to elect directors separately in the case of future dividend defaults. At any time when such right to elect directors separately shall have so vested, we may, and upon the written request of the holders of record of not less than 20% of our total number of preferred shares then outstanding shall, call a special meeting of shareholders for the election of directors. In the case of such a written request, such special meeting shall be held within 90 days after the delivery of such request and, in either case, at the place and upon the notice provided by law and in the bylaws, provided that we will not be required to call such a special meeting if such request is received less than 120 days before the date fixed for the next ensuing annual meeting of shareholders, and the holders of all classes of outstanding preferred stock are offered the opportunity to elect such directors (or fill any vacancy) at such annual meeting of shareholders. Directors so elected will serve until the next annual meeting of shareholders or until their respective successors are elected and qualify. If, prior to the end of the term of any director so elected, a vacancy in the office of such director shall occur, during the continuance of a default by reason of death, resignation, or disability, such vacancy shall be filled for the unexpired term of such former director by the appointment of a new director by the remaining director so elected.

The affirmative vote or consent of the holders of at least a majority of the outstanding shares of each of our series B, C, E, G, X and Y preferred stock (which may be issued upon conversion of preferred units in our operating partnership) will be required to amend or repeal any provision of or add any provision to, our articles of incorporation, including the certificate of determination, if such action would materially and adversely alter or change the rights, preferences or privileges of such series of preferred stock. The affirmative vote or consent of the holders of at least 66 2/3% of the outstanding shares of each of our series A, D, F and H preferred stock will be

required to amend or repeal any provision of or add any provision to, our articles of incorporation, including the certificate of determination, if such action would adversely alter or change the rights, preferences or privileges of such series of preferred stock.

No consent or approval of the holders of any series of preferred stock offered hereby will be required for the issuance from our authorized but unissued preferred stock of other shares of any series of preferred stock ranking on a parity with or junior to such series of preferred stock, or senior to a series of preferred stock expressly made junior to other series of preferred stock, as to payment of dividends and distribution of assets, including other shares of such series of preferred stock.

The foregoing voting provisions will not apply if, at or prior to the time when the act with respect to which such vote would otherwise be required shall be effected, all outstanding shares of such series of preferred stock had been redeemed or called for redemption upon proper notice and sufficient funds had been deposited in trust to effect such redemption.

We may designate additional series of preferred stock to be issued upon conversion of any additional series of preferred units in our operating partnership. To the extent we issue any shares of any such series of preferred stock, we will not be able to consolidate, merge into or with, or convey, transfer or lease our assets substantially as an entirety, to any corporation or other entity without the affirmative vote of the holders of a majority of the outstanding shares of such series, subject to certain exceptions or unless we are the surviving entity.

Conversion Rights. The terms and conditions, if any, upon which shares of any series of preferred stock offered hereby are convertible into common stock will be set forth in the applicable prospectus supplement relating thereto. Such terms will include the number of shares of common stock into which the preferred stock is convertible, the conversion price (or manner of calculation thereof), the conversion period, provisions as to whether conversion will be at our option or at the option of the holders of the preferred stock or automatically upon the occurrence of certain events, the events requiring an adjustment of the conversion price and provisions affecting conversion in the event of the redemption of such preferred stock.

DESCRIPTION OF EQUITY STOCK

We are authorized to issue 100,000,000 shares of equity stock, par value \$.01 per share. At December 31, 2003, we had no outstanding shares of equity stock. Our articles of incorporation provide that the equity stock may be issued from time to time in one or more series and give our board of directors broad authority to fix the dividend and distribution rights, conversion and voting rights, redemption provisions and liquidation rights of each series of equity stock. Holders of equity stock have no preemptive rights. The shares of equity stock will be, when issued, fully paid and nonassessable.

The issuance of equity stock with special voting rights (or common stock) could be used to deter attempts to obtain control of us in transactions not approved by our board of directors. We have no present intention to issue stock for that purpose. For a discussion of provisions in the partnership agreement that restrict our ability to enter into business combinations, see Description of Common Stock.
