PROXY STATEMENT

FOR

ANNUAL MEETING OF STOCKHOLDERS

APRIL 27, 2007

INTRODUCTION

General

This proxy statement is furnished to our stockholders in connection with the solicitation of proxies for use at our annual meeting of stockholders to be held on April 27, 2007 at 3:00 p.m., Pacific time, for the purposes as set forth in the Notice of Annual Meeting of Stockholders .

A copy of our Annual Report on Form 10-K for the year ended December 31, 2006 and this proxy statement and accompanying proxy card will be first mailed to stockholders on or about March 15, 2007.

This solicitation is made on behalf of our Board of Directors and we will pay the costs of solicitation. Our directors, officers and employees may also solicit proxies by telephone, fax or personal interview. We will reimburse banks, brokerage firms and other custodians, nominees and fiduciaries for reasonable expenses incurred by them in sending proxy material to our stockholders. We have retained Computershare Trust Co. to assist in the solicitation of proxies with respect to shares of our common stock held of record by brokers, nominees and institutions for a customary fee.

Our principal executive offices are located at 1266 Kifer Road, Sunnyvale, California 94086, telephone (408) 523-2100.

Shares Entitled to Vote and Required Vote

Our outstanding common stock constitutes the only class of securities entitled to vote at the annual meeting. Stockholders of record of the common stock at the close of business on February 28, 2007 are entitled to notice of, and to vote at, the annual meeting. A list of our

Edgar Filing: INTUITIVE SURGICAL INC - Form DEF 14A

stockholders will be available for review at our principal executive offices during regular business hours for a period of 10 days prior to the annual meeting. As of February 28, 2007, 37,391,236 shares of our common stock were issued and outstanding. The presence at the meeting, in person or by proxy, of a majority of the shares of the common stock issued and outstanding on February 28, 2007 will constitute a quorum. Each share of common stock is entitled to one vote.

Voting Procedures

A proxy card is enclosed for your use. We ask that you complete, sign, date and return the proxy card in the accompanying envelope, which is postage prepaid if you mail it in the United States.

You have choices on the matter to be voted upon at the annual meeting. By checking the appropriate box on your proxy card you may:

vote for the director nominees listed in Proposal No. 1; or

withhold authority to vote for some or all of the director nominees.

Unless there are different instructions on the proxy, all shares represented by valid proxies (and not revoked before they are voted) will be voted at the meeting **FOR** the election of the director nominees listed in Proposal No. 1. With respect to any other business which may properly come before the annual meeting and be submitted to a vote of stockholders, proxies will be voted in accordance with the best judgment of the designated proxy holders.

Shares represented by proxies that reflect abstentions or broker non-votes (*i.e.*, shares held by a broker or nominee which are represented at the meeting, but with respect to which the broker or nominee is not empowered to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum. Broker non-votes are not deemed to be entitled to vote for purposes of determining whether stockholder approval of a matter has been obtained. As a result, broker non-votes are not included in the tabulation of voting results on any proposal. The director nominees listed in Proposal No. 1 will be elected by a plurality of the votes of the shares present or represented by proxy at the meeting and entitled to vote on the election of directors.

Stockholders of record may vote by either completing and returning the enclosed proxy card prior to the meeting, voting in person at the meeting, or submitting a signed proxy card at the meeting.

Your vote is important. Accordingly, please complete, sign, date and return the accompanying proxy card whether or not you plan to attend the annual meeting in person.

You may revoke your proxy at any time before it is actually voted at the meeting by:

delivering written notice of revocation to our Secretary at 1266 Kifer Road, Sunnyvale, California 94086;

submitting a later dated proxy; or

attending the meeting and voting in person.

Your attendance at the meeting will not, by itself, constitute revocation of your proxy. You may also be represented by another person present at the meeting by executing a form of proxy designating that person to act on your behalf. Shares may only be voted by or on behalf of the record holder of shares as indicated in our stock transfer records. If you are a beneficial stockholder but your shares are held of record by another person, such as a stock brokerage firm or bank, that person must vote the shares as the record holders in accordance with the beneficial holder's instructions.

All votes cast at the meeting will be tabulated by the persons appointed by us to act as inspectors of election for the meeting.

PROPOSAL NO. 1**ELECTION OF DIRECTORS****General Information**

The Board of Directors, divided into three classes, has eight authorized seats, of which one is vacant. Board Committees

Our board of directors has established an audit committee, a compensation committee and a nominating and corporate governance committee. Our board of directors and its committees set schedules to meet throughout the year and also can hold special meetings and act by written consent from time to time, as appropriate. Our board of directors has delegated various responsibilities and authority to its committees as generally described below. The committees will regularly report on their activities and actions to the full board of directors. Each committee of our board of directors has a written charter approved by our board of directors.

During 2006, our Board of Directors held four meetings and each director attended at least 75% of those meetings. Our Board of Directors has three standing committees: the Audit Committee, the Compensation Committee and the Governance and Nominating Committee.

Audit Committee

The Audit Committee assists the full Board of Directors in its general oversight of our financial reporting, internal controls, and audit functions, and is directly responsible for the appointment, compensation and

oversight of the work of our independent registered public accounting firm. The members of the Audit Committee are Richard J. Kramer, Eric H. Halvorson and D. Keith Grossman, each an independent director as defined by the listing standards of the Nasdaq Global Select Market relating to audit committee members. Mr. Grossman joined the Audit Committee during the fourth quarter of 2006. In 2006, the Audit Committee met eight times and each then-current member of the Audit Committee attended all of those meetings. The Board of Directors has adopted a written charter for the Audit Committee, a copy of which was attached as *Annex A* to the proxy statement for our 2004 Annual Meeting of Stockholders. This charter was amended in February 2007, a copy of which is included as *Annex A* to this proxy statement. The Board of Directors has determined that Mr. Kramer is an Audit Committee Financial Expert, as defined in Item 401(h) of Regulation S-K.

Compensation Committee

The Compensation Committee establishes our executive compensation policy, determines the salary and bonuses of our executive officers and recommends to the Board of Directors stock option grants for our executive officers. The members of the Compensation Committee are Alan J. Levy, Ph.D. and D. Keith Grossman, each an independent director as defined by the listing standards of the Nasdaq National Market. In 2006, the Compensation Committee met two times and both current members of the Compensation Committee attended both of those meetings. The Board of Directors has adopted a written charter for the Compensation Committee, a copy of which is attached as *Annex B* to this proxy statement.

Governance and Nominating Committee

The Governance and Nominating Committee is responsible for matters relating to the corporate governance of our company and the nomination of members of the board and committees thereof. The members of the Governance and Nominating Committee are Alan J. Levy, Ph.D., Eric H. Halvorson and Floyd Loop, M.D. each an independent director as defined by the listing standards of the Nasdaq National Market. In 2006, the Governance and Nominating Committee met two times and each current member of the Governance and Nominating Committee attended both of those meetings. A copy of the charter is attached as *Annex B* to the proxy statement for our 2004 Annual Meeting of Stockholders. The Governance and Nominating Committee operates under a charter that was amended during October 2006 and a copy of this charter is attached as *Annex C* to this proxy statement.

Annual Meeting Attendance

The policy of the Board of Directors is that all directors attend the annual meeting of stockholders, absent compelling circumstances that prevent attendance.

Nomination Process

The Governance and Nominating Committee identifies director nominees by first evaluating the current members of the Board of Directors willing to continue in service. Current members with skills and experience that are relevant to our business and are willing to continue in service are considered for re-nomination, balancing the value of continuity of service by existing members of the Board of Directors with that of obtaining a new perspective. If any member of the Board of Directors does not wish to continue in service or the Committee or Board of Directors decides not to re-nominate a member for re-election, the Committee identifies the desired skills and experience of a new nominee consistent with the Committee's criteria for Board of Directors service. Current members of the Board of Directors and management are polled for their recommendations. Research may also be performed or third parties retained to identify qualified individuals. To date, we have not engaged third parties to identify or evaluate potential nominees; however, we may in the future choose to do so.

The Governance and Nominating Committee will consider nominees recommended by stockholders, and any such recommendations should be forwarded to the Governance and Nominating Committee in writing at our executive offices as identified in this proxy statement. Such recommendations should include the following information:

such information as may be reasonably necessary to determine whether the recommended director candidate is independent from the security holder that has recommended the candidate;

such information as may be reasonably necessary to determine whether the director candidate is qualified to serve on the Audit Committee; and

such information as may be reasonably necessary to determine whether the director candidate meets the independence standards of the Nasdaq National Market.

We will also request such other information as may reasonably be required to determine whether each person recommended by a security holder meets the criteria listed below and to enable us to make appropriate disclosures to the security holders entitled to vote in the election of directors. Any recommendations received from stockholders will be evaluated in the same manner as potential nominees suggested by board members, management or other parties.

The Governance and Nominating Committee evaluates director candidates based upon a number of criteria, including:

commitment to promoting the long term interests of our security holders and independence from any particular constituency;

professional and personal reputations that are consistent with our values;

broad general business experience and acumen, which may include experience in management, finance, marketing and accounting, across a broad range of industries with particular emphasis on healthcare and medical device industries, along with experience operating at a policy-making level in an appropriate business, financial, governmental, educational, non-profit, technological or global field;

a high level of personal and professional integrity;

adequate time to devote attention to the affairs of our company;

such other attributes, including independence, relevant in constituting a board that also satisfies the requirements imposed by the Securities and Exchange Commission and the Nasdaq National Market; and

board balance in light of our company's current and anticipated needs and the attributes of the other directors and executives.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

During 2006, we believe that there has not been any transaction or series of similar transactions to which we were or are to be a party in which the amount involved exceeds \$120,000 and in which any director, executive officer or holder of more than 5% of our common stock, or members of any such person's immediate family, had or will have a direct or indirect material interest, other than compensation described in Executive Compensation. EXECUTIVE COMPENSATION

COMPENSATION DISCUSSION AND ANALYSIS

The following discussion and analysis of compensation arrangements of our named executive officers for 2006 should be read together with the compensation tables and related disclosures set forth below. This discussion contains forward looking statements that are based on our current plans, considerations, expectations and determinations regarding future compensation programs. Actual compensation programs that we adopt may differ materially from currently planned programs as summarized in this discussion.

Role of Compensation Committee

Our executive compensation program is administered by the Compensation Committee of the Board of Directors. The members of this Committee are D. Keith Grossman and Alan J. Levy, each an independent, non-employee director. In 2006, the Compensation Committee met twice and both members of the Compensation Committee were present during those meetings.

Under the terms of its Charter, the Compensation Committee is responsible for recommending to the Board of Directors the type and level of compensation to be granted to our executive officers. In fulfilling its role, the Compensation Committee (i) grants stock options under the Stock Option Plans, (ii) recommends to the Board the compensation levels, including annual salary, bonus and stock options, for executives and other employees, as necessary, and (iii) reviews on a periodic basis the operation and administration of our executive compensation programs.

The Compensation Committee has delegated the authority to make initial option grants to new employees (within an approved range) to the Chief Executive Officer (CEO). All new employee grants in excess of the CEO limit, subsequent grants to existing employees and any grant to executives are approved by the Compensation Committee. While management may use consultants to assist in the evaluation of CEO or executive officer compensation, the Compensation Committee has authority to retain its own compensation consultant, as it sees fit. The Compensation Committee also has the authority to obtain advice and assistance from internal or external legal, accounting or other advisors.

During 2006, the Compensation Committee relied on compensation information produced by Top Five Data Services, Inc. (Top Five), a consulting firm retained by management. The Compensation Committee received the compensation recommendations from management, relevant background information on our executives and officers and compensation studies conducted by Top Five. The Compensation Committee then reviewed the compensation recommendation with the CEO for all executives, except for the CEO. The CEO was not present during the discussion of his compensation. The final recommendation by the Compensation Committee was approved by the Board of Directors.

General Philosophy

Our overall compensation philosophy is to provide an executive compensation package that enable us to attract, retain and motivate executive officers to achieve our short-term and long-term business goals. Consistent with this philosophy, the following goals provide a framework for our executive compensation program:

Edgar Filing: INTUITIVE SURGICAL INC - Form DEF 14A

pay competitively to attract, retain and motivate executives who must operate in a high demand environment;

relate total compensation for each executive to overall company performance as well as individual performance;

the mix of total compensation elements will reflect competitive market requirements and strategic business needs;

a significant portion of each executive's compensation should be at risk, the degree of which will positively correlate to the level of the executive's responsibility; and

the interests of our executives will be aligned with those of our stockholders.

Compensation Program

In order to achieve the above goals, our total compensation packages include base salary, annual bonus and commissions, all paid in cash, as well as long-term compensation in the form of stock options. Our sales employees participate in the commissions plan and not the annual bonus plan. Under the commissions plan, the sales representatives are eligible to earn commissions based on a percentage of the total systems revenue and number of procedures performed. We believe that appropriately balancing the total compensation package and ensuring the viability of each component of the package is necessary in order to provide market-competitive compensation. The costs of our compensation programs are a significant determinant of our competitiveness. Accordingly, we are focused on ensuring that the balance of the various components of our compensation program is optimized to motivate employees to improve our results on a cost-effective basis.

Review of External Data

Each year, we survey the compensation practices of our peers in the United States in order to assess our competitiveness. We use data from general medical devices market group (general peer group). For 2006, we obtained this data from 2005 Top Five MEDIC Executive Compensation survey (MEDIC survey) data, which includes medical device companies with less than \$500 million in revenue. The MEDIC survey results were adjusted slightly to reflect potential increases during 2006.

In 2006, for executives, we generally targeted the aggregate value of our total cash compensation (base salary and bonus) at the 60th percentile of the general peer group. We strongly believe in engaging the best talent in critical functions, and this may entail negotiations with individual executives who may have significant retention packages in place with other employers. In order to attract such individuals to our company, we may determine that it is in our best interests to negotiate packages that deviate from the general principle of targeting total compensation at 60th percentile of our general peer group. Similarly, we may determine to provide compensation outside of the normal cycle to individuals to address retention issues.

For fiscal 2006, we retained Top Five to conduct assessments in three areas of compensation: 1) total direct compensation (base salary) for our executives; 2) target total cash compensation (salary and bonus); and 3) equity (stock option grants). Top Five analyzed compensation for most executive positions of the general peer group. We based the compensation levels during 2006 on the data from the general peer group.

Compensation Elements

Cash Compensation

Base Salary

Edgar Filing: INTUITIVE SURGICAL INC - Form DEF 14A

Base salary is primarily determined by competitive pay and individual job performance. Base salaries for executives are reviewed annually, or more frequently should there be significant changes in responsibilities. In each case, we take into account the results achieved by the executive, his or her future potential, scope of responsibilities and experience, and competitive salary practices. Approved increases in base salary were effective July 2006.

The Company's performance in fiscal 2005 was a reflection, to a certain extent, on our Chief Executive Officer's individual performance. During the annual review, the base salary of our Chief Executive Officer (CEO) was increased by approximately 9%, bringing it below the targeted 60th percentile of general peer group.

We believe this increase to our CEO's salary is modest given our company's exceptional performance during his tenure. Our fiscal 2005 revenue and operating income increased by approximately 64% and 225%, respectively, from fiscal 2004.

The base salary increases for all other Named Executive Officers (NEOs) during 2006 are as follows:

Mr. Mohr was not awarded any increase to his base salary since he had joined Intuitive in March 2006.

4% to Mr. Gong.

Mr. Guthart's base salary was increased by approximately 36% from 2005 reflecting his promotion to Executive Vice President and Chief Operating Officer.

Mr. Runkel was awarded a prorated increase of 2%, as he joined Intuitive in January 2006.

Mr. McNamara was awarded an increase of 18%.

The range of this distribution reflects gaps in compensation positioning and particular individual performance. Although the range in base pay adjustments is fairly broad, the final base salaries for the NEOs are within a reasonable range of the 60th percentile of the general peer group.

Bonuses

Our annual cash bonus plan is designed to reward employees for achieving stretch financial and operating goals that are key to the success of our business and aligned with the near and long term interests of our shareholders. Non-commissioned employees who are employed through the time of payout are eligible to participate in the bonus plan. The goal of our bonus plan is to reward, retain and provide a clear focus on what is most important to the near and long term success of our company. Management sets bonus targets for each eligible employee as a percentage of base salary based on their position. At the beginning of each fiscal year, the Compensation Committee, working with management, will set operating income goals for our company. The operating income goal is used to calculate the size of our incentive pool. The size of our incentive pool is solely determined by our achievement of our operating income goals. The incentive pool will receive no funding below a certain threshold amount of operating income and the maximum it can be funded is 125% of the total targeted bonus amount. The amount of our incentive pool that will be paid out as incentive bonuses (Pay-Out Pool) within each functional area is determined by an equal weighting of achievement of the operating income goal and team performance goals called WIN (What's Important Now) goals. The size of the Pay-Out Pool cannot exceed the size of the incentive pool. WIN goals are established for each functional group. The WIN goals for the executives are established at the corporate level and are comprised of procedural growth, revenue growth, customer training, product development, quality of production and information technology goals. The WIN goals are initially established by the head of the organization for each functional area and the CEO for the Corporate level. These are reviewed and approved by the Compensation Committee annually at the beginning of the year. We establish base, target (100%) and stretch levels for each WIN goal. The nature of WIN goals and the weighting assigned to each is subject to change annually. Generally goals are set at above prior year results and budgeted levels. Each individual's share of their functional area's or Corporate Pay-Out Pool will be based upon their individual performance and contribution to the achievement of their WIN goals.

The exception to this bonus structure is the Senior Vice President, Worldwide Sales (SVP of Sales) whose bonus is tied fully to the achievement of predetermined sales metrics, including revenue, surgical procedures completed and contribution margin. Under his bonus plan which is approved by the Board of Directors during the beginning of the year, the SVP of Sales is assigned a quota for each metric. For any achievements above each quota, a bonus is paid. The bonus is scaled to the over-achievement of each metric. During fiscal 2006, Mr. McNamara earned

Edgar Filing: INTUITIVE SURGICAL INC - Form DEF 14A

approximately \$596,000 in bonus which was paid in February 2007. This amount is a reflection of over achievement of targets relating revenue, surgical procedures completed and contribution margin.

The bonus targets for our NEOs except SVP of Sales are as follows: 60% of base salary for the CEO; 50% of base salary for Executive Vice Presidents (EVPs) and 40% of base salary for Senior Vice Presidents (SVPs) and Vice Presidents (VPs). Each year, the bonus and commissions structure are reviewed to ensure that the design and payment structure falls in line with our compensation philosophy and is competitive with our designated peer groups. For fiscal 2006, the bonus target for our NEOs falls slightly under the 60th percentile of the general peer group.

During fiscal 2006, we exceeded our goals established for operational income. As a result, the incentive pool was funded at 125% of the total targeted cash amount. The bonus amount for each NEO is a reflection of the achievement of the Corporate WIN goals. Refer to Non-Equity Incentive Compensation Plan Compensation column under Summary Compensation Table below for actual bonus amounts earned in fiscal 2006 and paid in fiscal 2007.

Total Cash Compensation

The total cash compensation for all NEOs, except the CEO is either at or slightly above the 60th percentile of general peer group. The CEO is below the targeted 60th percentile due to lower base salary level.

Long-term Compensation

Stock options

Based on our compensation philosophy, a substantial portion of our compensation rewards long-term performance of our company and promotes executive retention. This is delivered to our executives through stock options granted upon their initial hire and through ongoing annual focal grants. Similar to base salary increases, option grants are also granted to address promotions and significant changes in responsibility. Although the expense of stock options affect our financial statements negatively, we continue to believe that this is a strong element of compensation that focuses the employees on financial and operational performance to create value for the long-term. Stock options award are time based. In order to provide an incentive for continued employment, stock options granted under the Stock Option Plans generally vest 12.5% upon completion of 6 months service and 1/48 per month thereafter, and generally expire ten years from the date of the grant. This provides a reasonable time frame to align the executive officer compensation with the appreciation of our Company's stock price while managing potential dilution effectively.

Initial stock option grants and annual focal option grants for plan participants are generally determined within ranges established for each job level. Top Five updated this range for our executives during 2006. These ranges are established based on our Company's desired pay positioning relative to the competitive market. Specific recruitment needs are taken into account for establishing the levels of initial option grants. Annual focal option grants take into consideration a number of factors, including performance of the individual, job level, prior grants and competitive external levels. The goals of option grant guidelines are to ensure future grants remain competitive from a grant value perspective and to ensure option usage consistent with option pool forecasts. The following table shows a comparison of annual focal grants during 2006 and 2005 and initial grants made to new NEOs:

NEO	Annual Focal Grant		Initial Grant
	2006	2005	2006
Lonnie M. Smith	60,000	65,000	

Edgar Filing: INTUITIVE SURGICAL INC - Form DEF 14A

Marshall L. Mohr			50,000
Benjamin B. Gong	15,000	18,000	
Gary S. Guthart	50,000	35,000	
John F. Runkel			50,000
Jerome J. McNamara	25,000	30,000	

Based on the data provided by Top Five, we continue to grant options at above median levels compared with the general peer group. The higher level of grant to Mr. Guthart compared to other NEOs is due to his promotion as EVP during 2006. The initial grants to Mr. Mohr and Mr. Runkel are within the guidelines for SVPs approved by the Board of Directors and Compensation Committee.

Option grant practice

The Compensation Committee has delegated the authority to make initial option grants to new employees (within an approved range) to the Chief Executive Officer. During 2006, initial hire grants that were within the Chief Executive's approved range were granted on the Wednesday following the employees' start date. During the fourth quarter of 2006, we changed our practice, whereby initial hire grants that were within the Chief Executive Officer's approved range were made once a month on the fifth business day of each month for new hires in the previous month. Based on the definition of fair market value in our stock option plan, options are granted at 100% of the closing sales price of our stock on the last market trading date prior to the grant date.

Initial hire grants which were above the Chief Executive Officer's approved range were approved by the Compensation Committee with the grant date being the day after the first day of service and the exercise price being the closing sale price on the last market trading day prior to the grant date. For annual focal option grants to all employees, the Compensation Committee must review and submit its recommendation for approval by the Board of Directors. These grants are usually granted in February. In 2006, these grants were made on February 7, 2006. Beginning in 2007, annual focal grants will be made on February 15th or the next trading day. This timing enables management and the Compensation Committee to consider performance by both the Company and the individual and balance it against our expectations for the current year.

We do not time the granting of our options with any favorable or unfavorable news released by the Company. The initial grants are based on the timing of date of hire of our new employees. The Board of Directors meeting schedule, for approval of annual focal grants, is usually established several months in advance for the year. Proximity of any awards to an earnings announcement or other market events is coincidental.

Severance Agreements

We have not entered into employment agreements with any of the NEOs, except with Mr. Smith. Mr. Smith can terminate the employment agreement at any time upon written notice to the Board of Directors. Similarly, the Board of Directors may terminate Mr. Smith's employment at any time. Under the circumstances described below, Mr. Smith is entitled to receive severance benefits subject to his execution of a valid and binding release agreement.

If the Board of Directors terminates Mr. Smith other than for cause (which includes gross negligence, willful misconduct, fraud and certain criminal convictions) or if Mr. Smith terminates his employment for good reason (which includes relocation or a reduction in duties, title or compensation and benefits), Mr. Smith is entitled to severance pay equal to twelve months of his then-current salary, and health insurance continuation premiums for twelve months.

Based on a hypothetical termination date of December 31, 2006, the severance payments for our CEO would have been as follows:

Base salary	\$ 445,000
-------------	------------

Edgar Filing: INTUITIVE SURGICAL INC - Form DEF 14A

Health care benefits	<u>14,000</u>
TOTAL	<u>\$ 459,000</u>

The estimated future payouts under non-equity incentive plan columns refers to the potential payouts under our annual bonus plan. At their discretion, the Compensation Committee has the authority to pay any NEO in excess of or below their targeted bonus amount. The goals for 2006 were approved by the Compensation Committee in February 2006. The payout amounts for each NEO were reviewed and approved by the Compensation Committee and the Board of Directors in February 2007 upon completion of the consolidated financial statements for fiscal 2006. During fiscal 2006, we exceeded our goals established for operational income. As a result, the incentive pool was funded at 125% of the total targeted cash amount. The bonus amount for each NEO is a reflection of the achievement of the Corporate WIN goals and individual performance and contribution to the achievement of their WIN goals. Refer to SCT of the actual amounts paid in fiscal 2007.

As mentioned in the CD&A, we grant stock options to new employees. Following the initial hire, additional grants are made to participants pursuant to a periodic focal grant program or following a significant change in job responsibilities, scope, or title. Other than Mr. Mohr's and Mr. Runkel's grants, all other grants are the annual ongoing grants. According to the Stock Option Plan, fair market value that is used to determine the exercise price for option grants is defined as the NASDAQ closing price of the Company's stock on the last market trading day prior to the grant date. Options granted to NEOs during fiscal 2006 expire 10 years from the date of grant; vest 12.5% upon completion of 6 months service and 1/48 per month thereafter. We adopted SFAS 123(R) on January 1, 2006, see Note 7 under Item 8 of the 2006 Annual Report on Form 10-K. The grant date fair value of the option awards is calculated using the Black-Scholes valuation model using the following assumptions:

Assumptions	Rate
Average risk free interest rate	4.5%
Average expected term (years)	5.0
Average expected volatility	55%

In February 2007, the Compensation Committee approved annual stock option grants for certain eligible employees. The approved grants for the NEOS are as follows: Mr. Smith 70,000; Mr. Mohr 20,000; Mr. Gong 12,000; Mr. Guthart 35,000; Mr. McNamara 25,000.

**SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND
MANAGEMENT AND RELATED STOCKHOLDER MATTERS**

The information in the following table sets forth the ownership of our common stock, as of December 31, 2006, by: (i) each of the executive officers and individuals named in the Summary Compensation Table; (ii) each of our directors; and (iii) all such executive officers and directors as a group. To our knowledge, no person or entity holds more than 5% of our outstanding common stock.

Beneficial ownership is determined in accordance with the rules of the Securities and Exchange Commission and generally includes voting or investment power with respect to securities. For the purposes of calculating the percent ownership, as of December 31, 2006, approximately 37,093,263 shares were issued and outstanding, and, for any individual who beneficially owns shares represented by options exercisable within 60 days of December 31, 2006, these shares are treated as if outstanding for that person, but not for any other person.

The following table indicates those owners and their total number of beneficially owned shares, including shares subject to options exercisable within 60 days of December 31, 2006; however, unless otherwise indicated, these shares do not include any options awarded after December 31, 2006:

AUDIT COMMITTEE REPORT

Our Audit Committee is composed of independent directors, as determined in accordance with Rule 4200(a)(15) of the Nasdaq Stock Market's regulations and Rule 10A-3 of the Securities Exchange Act of 1934. The Audit Committee operated pursuant to a written charter adopted by the Board of Directors, a copy of which was attached as *Annex A* to the proxy statement for our 2004 annual meeting of stockholders.

As described more fully in its charter, the purpose of the Audit Committee is to assist the Board of Directors with its oversight responsibilities regarding the integrity of our company's financial statements, our compliance with legal and regulatory requirements, assessing the independent registered public accounting firm's qualifications and independence and the performance of the persons performing internal audit duties for our company and the independent registered public accounting firm. Management is responsible for preparation, presentation and integrity of our financial statements as well as our financial reporting process, accounting policies, internal audit function, internal accounting controls and disclosure controls and procedures. The independent registered public accounting firm is responsible for performing an independent audit of our consolidated financial statements in accordance with generally accepted auditing standards and to issue a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes. The following is the Audit Committee's report submitted to the Board of Directors for 2006.

The Audit Committee has:

reviewed and discussed our audited financial statements with management and Ernst & Young LLP, the independent accountants;

discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 61, *Communications with Audit Committees*, as may be modified or supplemented; and

**CHARTER FOR THE AUDIT COMMITTEE
OF THE BOARD OF DIRECTORS
OF
INTUITIVE SURGICAL, INC.**

Approved by the Board of Directors on February 9, 2007

I. Purpose

The Audit Committee (the *Committee*) of Intuitive Surgical, Inc. (the *Company*) is established by the Board of Directors (the *Board*) for the primary purpose of assisting the Board in:

Overseeing the integrity of the Company's financial statements, accounting and financial reporting processes and financial statement audits;

Overseeing the Company's compliance with legal and regulatory requirements related to financial reporting;

Overseeing the registered public accounting firm's (independent auditor's) qualifications and independence;

Overseeing the performance of the Company's independent auditor; and

Overseeing the Company's systems of disclosure controls and procedures and internal controls over financial reporting.

Consistent with this function, the Audit Committee should encourage continuous improvement of, and should foster adherence to, the Company's policies, procedures, and practices at all levels. The Audit Committee should also provide for open communication among the independent auditor, financial and senior management, and the Board of directors.

The Audit Committee has the authority to obtain advice and assistance from outside legal, accounting, or other advisors as necessary to perform its duties and responsibilities.

The Company will provide appropriate funding, as determined by the Audit Committee, for compensation to the independent auditor, to any advisors that the Audit Committee chooses to engage, and for payment of ordinary administrative expenses of the Audit Committee that are

necessary or appropriate in carrying out its duties.

The Audit Committee will primarily fulfill its responsibilities by carrying out the activities enumerated in Section III of this charter. The Audit Committee will report regularly to the Board regarding the execution of its duties and responsibilities.

II. Composition and Meetings

The Audit Committee will comprise three or more directors as determined by the Board. However, if at any time there is a vacancy on the Committee and the remaining members meet all membership requirements, then the Committee may consist of two members until the earlier of the Company's next annual stockholders meeting or one year from the occurrence of the vacancy.

Each Audit Committee member will meet the applicable standards of independence and the determination of independence will be made by the Board. However, if a member of the Committee ceases to be independent for reasons outside the member's reasonable control, then the member may remain on the Committee until the earlier of the Company's next annual stockholders meeting or one year from the occurrence of the event that caused the member to cease to be independent.

All members of the Committee must comply with all financial-literacy requirements of the securities exchange(s) on which the Company is listed. At least one member of the Committee shall have past employment experience in finance or accounting, requisite professional certification in accounting, or any other comparable experience or background which results in the individual's financial sophistication, including being or having been a chief executive officer, chief financial officer or other senior officer with financial oversight responsibilities. At least one member will qualify as an Audit Committee financial expert as defined by the SEC and determined by the Board.

The members of the Committee will be appointed by the Board at the annual organizational meeting of the Board to serve until their successors are elected. Unless a chairperson is elected by the full Board, the members of the Committee may designate a chairperson by majority vote.

The Committee will meet at least quarterly, or more frequently as circumstances dictate. The Committee chairperson will approve the agenda for the Committee's meetings and any member may suggest items for consideration. Briefing materials will be provided to the Committee as far in advance of meetings as practicable. Each regularly scheduled meeting will conclude with an executive session of the Committee absent members of management. As part of its responsibility to foster open communication, the Committee will meet periodically with management and the independent auditor in separate executive sessions. In addition, the Committee will meet with the independent auditor and management to discuss the annual audited financial statements and quarterly financial statements, including the Company's disclosures under Management's Discussion and Analysis of Financial Condition and Results of Operations.
