CHURCH & DWIGHT CO., INC. AND SUBSIDIARIES**NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS****1. Basis of Presentation**

The condensed consolidated balance sheet as of March 30, 2007, the condensed consolidated statements of income and cash flow for the three months ended March 30, 2007 and March 31, 2006, and the stockholders' equity statement for the three months ended March 30, 2007 have been prepared by the Company without audit. In the opinion of management, all adjustments (which include only normal recurring adjustments) necessary to present fairly the financial position at March 30, 2007 and results of operations and cash flow for all periods presented have been made.

Certain information and footnote disclosures normally included in financial statements prepared in accordance with generally accepted accounting principles have been condensed or omitted. It is suggested that these condensed consolidated financial statements be read in conjunction with the financial statements and notes thereto included in the Company's annual report on Form 10-K for the year ended December 31, 2006. The results of operations for the periods ended March 30, 2007 are not necessarily indicative of the operating results for the full year.

The Company's fiscal year begins on January 1st and ends on December 31st. Quarterly periods are based on a 4 weeks / 4 weeks / 5 weeks methodology. As a result, the first quarter can include a partial or expanded week in the first four week period of the quarter. Similarly, the last five week period in the fourth quarter could include a partial or expanded week. Certain subsidiaries operating outside of North America are included for periods beginning and ending one month prior to the period presented.

The Company incurred research & development expenses in the first quarter of 2007 and 2006 of \$10.3 million and \$9.4 million, respectively. These expenses are included in selling, general and administrative expenses.

2. Recently Adopted Accounting Pronouncement

On July 13, 2006, the Financial Accounting Standards Board (FASB) issued Interpretation No. 48, Accounting for Uncertainty in Income Taxes An Interpretation of FASB Statement No. 109 (FIN 48). FIN 48 clarifies the accounting for uncertainty in income taxes recognized in an entity's financial statements in accordance with FASB Statement No. 109, Accounting for Income Taxes and prescribes a recognition threshold and measurement attributes for financial statement disclosure of tax positions taken or expected to be taken on a tax return. Under FIN 48, the impact of an uncertain income tax position on the income tax return must be recognized at the largest amount that is more-likely-than-not to be sustained upon audit by the relevant taxing authority. An uncertain income tax position will not be recognized if it has less than a 50% likelihood of being sustained. Additionally, FIN 48 provides guidance on derecognition, declassification, interest and penalties, accounting in interim periods, disclosure and transition. FIN 48 is effective for fiscal years beginning after December 15, 2006.

The Company has adopted the provisions of FIN 48 on January 1, 2007. The total amount of unrecognized tax benefits as of the date of adoption was \$18.4 million, which is recorded in other long-term liabilities. As a result of the implementation of FIN 48, the Company recognized an \$8.3 million increase in the liability for unrecognized tax benefits which was accounted for as follows:

(In millions)

Increase in net deferred tax assets	\$ 9.6
Increase in noncurrent receivables	2.4
Increase in retained earnings (cumulative effect)	(2.5)
Increase in noncurrent accrued interest payables	(1.2)
Increase in liability for unrecognized tax benefits	\$ 8.3

Included in the balance of unrecognized tax benefits at January 1, 2007, is \$6.9 million of tax benefits that, if recognized, would affect the effective tax rate. The Company does not anticipate that total unrecognized tax benefits will significantly change due to the settlement of audits and the expiration of statute of limitations prior to March 31, 2008.

The Company is subject to U.S. federal income tax as well as the income tax in multiple state and foreign jurisdictions. All U.S. federal income tax examinations of the Company for the years through 2003 have been effectively concluded. Presently, the Company has not been contacted

Edgar Filing: CHURCH & DWIGHT CO INC /DE/ - Form 10-Q

by the Internal Revenue Service for an examination of its income tax returns subsequent to this date. Substantially all material state, local and foreign income tax matters have been effectively concluded for years through 2000.

CHURCH & DWIGHT CO., INC. AND SUBSIDIARIES

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (Continued)

The Company changed its policy for recording interest on certain unrecognized tax benefits from tax expense to interest expense. During the three months ended March 30, 2007, the Company recognized approximately \$0.5 million in interest and tax expenses associated with uncertain tax positions.

Net Property, Plant and Equipment	\$ 337,025	\$ 340,484

Depreciation and amortization of property, plant and equipment amounted to \$9.4 million and \$9.0 million for the three months ended March 30, 2007 and March 31, 2006, respectively. Interest charges in the amount of \$0.2 million and \$0.1 million were capitalized in connection with construction projects for the three months ended March 30, 2007 and March 31, 2006, respectively. See Note 14 for changes to property, plant and equipment due to net assets held for sale in Canada.

5. Earnings Per Share

Basic EPS is calculated based on income available to common shareholders and the weighted-average number of shares outstanding during the reported period. Diluted EPS includes additional dilution from potential common stock issuable pursuant to the exercise of stock options outstanding and the dilutive effect of convertible debentures. The weighted average number of common shares outstanding used to calculate Basic EPS is reconciled to those shares used in calculating Diluted EPS as follows:

Exercisable at March 30, 2007	1,931	\$ 18.34	4.3	\$ 61,809

The total intrinsic value of options exercised during the first quarter of 2007 and 2006 was \$12.3 million and \$5.2 million, respectively. During the first quarter of 2007, there were no modifications made to any options outstanding. Stock compensation expense in the first quarter of 2007 was \$2.8 million as compared to \$2.1 million in the same period of 2006.

7. Acquisitions**Orange Glo International, Inc.**

On August 7, 2006, the Company acquired substantially all of the net assets of Orange Glo International, Inc. (OGI), including laundry and cleaning products such as OXICLEAN, a premium-priced laundry pre-wash additive, KABOOM bathroom cleaner and ORANGE GLO household cleaner. The purchase price was \$325.4 million, plus fees of approximately \$4.4 million, which was financed through a \$250.0 million addition to the Company's existing bank credit facility and available cash. Assets acquired at the purchase date include intellectual property, permits, contracts, equipment, and books and records. The Company allocated a significant portion of the purchase price to intangibles based upon a preliminary valuation. The Company expects to finalize the valuation in the second quarter of 2007. The Company has completed the order processing, logistics and accounting phases of integrating the business and will transfer the manufacturing of certain products to its existing plants during the second half of 2007.

<u>Unamortized intangible assets-carrying value</u>						
Tradenames	\$ 453,179			\$ 473,115		

Intangible amortization expense amounted to \$4.5 million for the first three months of 2007 and \$2.9 million for the same period of 2006. The Company's estimated intangible amortization will be approximately \$18.2 million in each of 2008 and 2009, approximately \$17.0 million in 2010 and 2011, and approximately \$16.5 in 2012.

As a result of an impairment test performed during the fourth quarter of 2006, the Company reassessed the estimated lives of certain Consumer Domestic personal care tradenames and determined that they should be re-characterized from indefinite lived to finite lived assets. The carrying values of these tradenames as of December 31, 2006 was approximately \$20.1 million and are being amortized over lives ranging from 3-15 years starting January 1, 2007.

The changes in the carrying amount of goodwill for the three months ended March 30, 2007 are as follows:

(In thousands)	Consumer Domestic	Consumer International	Specialty	Total
Balance December 31, 2006	\$ 630,489	\$ 33,224	\$ 22,588	\$ 686,301

Due by March 31, 2012	86,541
Due April 1, 2013 and subsequent	409,495
	\$ 791,532

During the first quarter of 2007, the Company paid approximately \$39.5 million of its Tranche A term loan, of which \$30.0 million were voluntary payments. Additionally, the securitization of accounts receivable was increased by \$15.0 million due to the accounts receivable activity generated from the OGI acquisition. The proceeds from this transaction were used to pay down the Company's long term debt as the interest rates under this loan agreement are favorable.

Edgar Filing: CHURCH & DWIGHT CO INC /DE/ - Form 10-Q

In April 2007, the accounts receivable securitization facility was renewed with similar terms to the facility previously in place and with a new maturity date of April 2008.

The Company made cash contributions of approximately \$2.1 million to its pension plans during the first quarter of 2007. The Company estimates it will be required to make total cash contributions to its pension plans of approximately \$9.2 million in 2007.

12. Commitments, contingencies and guarantees

- a. In December 1981, the Company formed a partnership with a supplier of raw materials which mines and processes sodium mineral deposits owned by each of the two partners in Wyoming. The Company purchases the majority of its sodium raw material requirements from the partnership. This agreement terminates upon two years' written notice by either company. The Company has an annual commitment to purchase 240,000 tons, at the prevailing market price. The Company is not engaged in any other material transactions with the partnership or the Company's partner.

- b. On October 26, 2005, a New Jersey state court jury rendered a \$15.0 million verdict against the Company. The verdict followed a trial involving a claim against the Company by Andes Trading de Mexico S.A., alleging that the Company breached a purported agreement granting the plaintiff exclusive distribution rights in Mexico with respect to the Company's consumer products. Shortly after the verdict was rendered, the Company filed a motion for a new trial and for remittitur of the verdict. On December 9, 2005, the court granted the motion in part and denied it in part. The court reduced the damages to \$9.8 million which was accrued for in 2005, but did not grant the Company's request for new trial. Subsequent to the court's ruling, the Company and the plaintiff each appealed the ruling. The New Jersey Superior Court, Appellate Division heard oral arguments on the appeal on December 6, 2006. In March 2007, the appeals court decided not to reverse the lower court's verdict. The Company chose not to appeal the decision of the appeals court and, on April 11, 2007, paid \$10.4 million to settle this claim, including accrued interest.
- c. The Company's distribution of condoms under the TROJAN and other trademarks is regulated by the U.S. Food and Drug Administration (FDA). Certain of the Company's condoms and similar condoms sold by its competitors contain the spermicide nonoxynol-9 (N-9). The World Health Organization and other interested groups have issued reports suggesting that N-9 should not be used rectally or for multiple daily acts of vaginal intercourse, given the ingredient's potential to cause irritation to human membranes. The FDA issued non-binding draft guidance concerning the labeling of condoms in general and those with N-9 in particular. The Company filed a response recommending alternative labeling to the FDA. While awaiting further FDA guidance, the Company has implemented an interim label statement change cautioning against rectal use and more-than-once-a-day vaginal use of condoms with N-9 and has launched a public information campaign to communicate these messages to the affected communities. The Company believes that its present labeling for condoms with N-9 is compliant with the overall objectives of the draft guidance and that condoms with N-9 will remain a viable contraceptive choice for those couples who wish to use them. However, the Company cannot predict the nature of the labeling that ultimately will be required by the FDA. If the FDA or state governments eventually promulgate rules which prohibit or restrict the use of N-9 in condoms (such as new labeling requirements), the Company could incur costs from obsolete products, packaging or raw materials, and sales of condoms could decline, which, in turn, could decrease the Company's operating income.
- d. The Company has commitments to acquire approximately \$90.3 million of raw material, packaging supplies and services from its vendors at market prices. The packaging supplies are in either a converted or non-converted status. These commitments enable the Company to respond quickly to changes in customer orders/requirements.
- e. The Company has \$6.6 million of outstanding letters of credit drawn on several banks which guarantee payment for such things as finished goods inventory, insurance claims and one year of rent on a warehouse in the event of the Company's insolvency.
- f. In connection with the acquisition of Unilever's oral care brands in the United States and Canada, the Company is required to make additional performance-based payments of a minimum of \$5.0 million and a maximum of \$12.0 million over the eight year period following the October 2003 acquisition. The Company made cash payments of \$0.4 million, and accrued a payment of \$0.3 million in the first quarter of 2007. The payment and accrual were accounted for as additional purchase price. The Company has paid approximately \$7.1 million in additional performance-based payments since the acquisition.
- g. During the fourth quarter of 2006, the Company sold its Chicago plant at a price equivalent to the plant's net book value. In conjunction with the sale, the Company entered into a seven year supply agreement with the purchaser for production of powder detergent at the plant. The supply agreement guarantees the purchaser a minimum annual production volume. If the annual production volume falls below the minimum, the Company is obligated to pay a shortfall penalty. This penalty is capped at \$2.0 million over the life of the contract. As a result, the Company recorded a \$1.3 million charge in the fourth quarter of 2006 which equates to the net present value of this penalty as the Company believes it is probable that it will not meet the minimum production levels in each year of the contract.

- h. The Company, in the ordinary course of its business, is the subject of, or a party to, various pending or threatened legal actions. The Company believes that any ultimate liability arising from these actions will not have a material adverse effect on its financial position.

The Company divested the USA Detergents non-laundry business and other non-core assets to former USA Detergents executives in connection with its acquisition of USA Detergents in 2001. The Company has a \$0.6 million ownership interest in the business operated by the former USA Detergents executives, known as USA Detergents (USAD) . The Company has been supplying USAD with certain laundry and cleaning products at cost plus a mark-up, and USAD had the exclusive rights to sell these products in Canada. In addition, the Company leases office and laboratory space to USAD under a separate agreement.

During the three months ended March 30, 2007 and March 31, 2006, the Company sold \$1.6 and \$4.4 million, respectively, of laundry and cleaning products to USAD. Furthermore, the Company billed USAD \$0.1 million for leased space. As of March 30, 2007 and March 31, 2006, the Company had outstanding accounts receivable from USAD of \$2.4 and \$3.3 million, respectively.

For the three months ended March 30, 2007 and March 31, 2006, the Company invoiced Armand Products Company (Armand) , which is 50% owned by the Company, \$0.4 and \$0.4 million, respectively, for administration and management oversight services (which was recorded as a reduction of selling, general and administrative expenses). Sales of Armand products to the Company over the same periods were \$1.9 and \$2.4 million, respectively. As of March 30, 2007 and March 31, 2006, the Company had outstanding accounts receivable from Armand of \$0.7 and \$1.1 million, respectively. Also, the Company had outstanding accounts payable to Armand of \$0.6 and \$0.8 million as of March 30, 2007 and March 31, 2006, respectively.

For the three months ended March 30, 2007 and March 31, 2006, the Company invoiced the ArmaKleen Company, (ArmaKleen), which is 50% owned by the Company, \$0.7 and \$0.7 million, respectively, for administration and management oversight services (which was recorded as a reduction of selling, general and administrative expenses). Sales of inventory to ArmaKleen over the same periods were \$1.4 and \$1.4 million, respectively. As of March 30, 2007 and March 31, 2006, the Company had outstanding accounts receivable from ArmaKleen of \$1.0 and \$1.1 million, respectively.

14. Net Assets Held for Sale

On March 2, 2007, the Company signed an agreement to sell certain property owned by its Canadian subsidiary that has a net book value of \$3.4 million. The value expected to be received for the property, net of costs to sell, is approximately \$6.4 million, which will be allocated to the Consumer International segment. The Company anticipates closing on the sale of this property in the third quarter of 2007.

15. Segment Information

The Company maintains three reportable segments. These segments are based on differences in the nature of products and organizational and ownership structures. Specifically, the Company has identified the following segments: Consumer Domestic, Consumer International and Specialty Products Division (SPD). The Company also has a Corporate segment.

Segment revenues are derived from the sale of the following products:

Segment	Products
Consumer Domestic	Household and personal care products
Consumer International	Primarily personal care products
SPD	Specialty chemical products

The Company had 50 percent ownership interests in Armand, ArmaKleen and Esseco U.K. LLP (Esseco) as of March 30, 2007. Since the Company did not control these entities as of March 30, 2007, they were accounted for under the equity method in the consolidated financial statements of the Company. The equity earnings of Armand, ArmaKleen and Esseco are included in Corporate.

Some of the subsidiaries that are included in the Consumer International segment manufacture and sell personal care products to the Consumer Domestic segment. These sales are eliminated from the Consumer International segment results.

Edgar Filing: CHURCH & DWIGHT CO INC /DE/ - Form 10-Q

The domestic results of operations for OGI are included in the Consumer Domestic segment. The results of operations for OGI's foreign operations are included in the Consumer International segment.

ITEM 2. MANAGEMENT'S DISCUSSION AND ANALYSIS

Results of Operations

Consolidated Results

Net Sales

Net Sales for the quarter ended March 30, 2007 were \$514.3 million, \$71.9 million or 16.3% above last year's first quarter. Included in the 2007 results are \$57.1 million associated with the business acquired by the Company from Orange Glo International, Inc. during the third quarter of 2006 (the OGI Business), and \$3.9 million resulting from favorable foreign exchange rates. The quarterly results were also higher compared to the first quarter of 2006 because SPINBRUSH business revenues were not included in net sales during the first quarter of 2006. Following the acquisition of the SPINBRUSH business and during the transition period prior to April 1, 2006, the seller of the SPINBRUSH business maintained responsibility for sales and other functions in the U.S., Canada and the U.K; therefore, the Company accounted for the net cash received as other revenue. The Company assumed responsibility for all SPINBRUSH functions in the U.S., Canada and the U.K. on April 1, 2006, and has recognized the gross amount of sales and expenses from the SPINBRUSH business for the U.S. and foreign locations since that date. Increases in net sales for the quarter ended March 30, 2007 were partially offset by higher slotting and consumer promotion costs.

Operating Costs

The Company's gross profit was \$199.9 million during the quarter ended March 30, 2007, a \$30.9 million increase as compared to the same period in 2006. The Company's gross margin increased 70 basis points to 38.9%. The increase in gross margin reflects the benefits of price increases taken in the first half of 2006, the higher margins of the acquired OGI business, and cost reduction programs which serve to offset continuing price increases for resins, corrugated paper, and certain other raw materials.

Marketing expenses in the first quarter of 2007 were \$45.9 million, an increase of \$12.5 million as compared to the same period last year. Contributing to the increase were expenses in support of the OGI business product lines and an increase in expenses for certain personal care products. The Company anticipates increasing its second quarter 2007 marketing expense as compared to the first quarter of 2007 in support of new product launches and continued support of its existing products.

Selling, general and administrative expenses (SG&A) of \$71.9 million in the first quarter of 2007 increased \$8.5 million or 13.5% as compared to last year. The increase is primarily due to costs associated with the OGI business, higher stock-based compensation expense, the effect of foreign exchange rates and an increase in legal expenses. SG&A in the first quarter of 2006 included the impact of a \$1.8 million intangible asset impairment charge.

Other Income and Expenses

Equity in earnings of affiliates increased by \$0.6 million in the first quarter of 2007 as compared to the same period in 2006 as a result of the inclusion of the Esseco joint venture, which was formed during the second quarter of 2006, and improved profitability of Armand Products due to higher sales and lower manufacturing costs.

Other income/expense in the first quarter of 2007 consists primarily of foreign exchange losses. Other income/expense in the first quarter of 2006 primarily includes the fair market value of common stock the Company received in connection with the demutualization of an insurance company in which the Company was the policyholder of a guaranteed annuity contract associated with a defined benefit plan, and foreign exchange gains related to intercompany loans between the Company's subsidiaries.

Interest expense in the first quarter of 2007 increased \$3.9 million as compared to the same period in 2006 as a result of the increase in debt to fund the OGI acquisition and higher interest rates. Investment earnings increased \$0.3 million as a result of higher interest rates and higher cash available for investment.

Taxation

The effective tax rate for the first quarter of 2007 was 36.0% as compared to 39.7% for the same period last year. Last year's tax rate was negatively impacted by approximately \$1.8 million as a result of the expiration of the research and development tax credit on December 31, 2005, which was reinstated in the fourth quarter of 2006.

Segment results

The Company maintains three reportable segments. These segments are based on differences in the nature of products and organizational and ownership structures. Specifically, the Company has identified the following segments: Consumer Domestic, Consumer International and Specialty Products Division (SPD). Segment revenues are derived from the sale of the following products:

Segment	Products
Consumer Domestic	Household and personal care products
Consumer International	Primarily personal care products
SPD	Specialty chemical products

The Company had 50 percent ownership interests in Armand Products Company (Armand), The ArmaKleen Company (ArmaKleen), and Esseco U.K. LLP (Esseco) as of December 31, 2006. Since the Company did not control these entities as of December 31, 2006, they were accounted for under the equity method in the consolidated financial statements of the Company. The equity earnings of Armand, ArmaKleen and Esseco are included in Corporate.

Some of the subsidiaries that are included in the Consumer International segment manufacture and sell personal care products to the Consumer Domestic segment. These sales are eliminated from the Consumer International segment results. The domestic results of operations for OGI are included in the Consumer Domestic segment. The results of operations for OGI's foreign operations are included in the Consumer International segment.

Segment sales and income before taxes and minority interest for the first quarter of 2007 and 2006 are as follows:

(in thousands)	Consumer Domestic	Consumer International	SPD	Corporate	Total
Net Sales					
First Quarter 2007	\$ 372,358	\$ 84,215	\$ 57,762	\$	\$ 514,335

(1) In determining Income before Minority Interest and Income Taxes, interest expense, investment earnings, and other income (expense) were allocated to the segments based upon each segment's relative operating profit.

Product line revenues for external customers for the three months ended March 30, 2007 and March 31, 2006 were as follows:

(In thousands)	Three Months Ended March 30, 2007	March 31, 2006
Household Products	\$ 238,902	\$ 183,820
Personal Care Products	133,456	130,215
Total Consumer Domestic	372,358	314,035
Total Consumer International	84,215	72,803
Total SPD	57,762	55,553
Total Consolidated Net Sales	\$ 514,335	\$ 442,391

Consumer Domestic

Consumer Domestic net sales in the first quarter were \$372.4 million, a \$58.3 million or 19% increase over the first quarter of 2006 net sales of \$314.0 million, primarily due to the addition of the OGI business. Sales of XTRA liquid laundry detergent, ARM & HAMMER SUPER SCOOP cat litter, and ARM & HAMMER baking soda were all higher than last year. These increases were offset by lower ARM & HAMMER laundry detergent, toothpaste and antiperspirant sales.

Consumer Domestic Income before Minority Interest and Income Taxes for the first quarter decreased by \$0.2 million to \$53.1 million. Profits resulting from the acquisition of the OGI business were offset by higher marketing costs on pre-existing products, higher SG&A expenses, and higher interest expenses resulting from the acquisition of the OGI business.

Consumer International

Consumer International net sales were \$84.2 million in the first quarter of 2007, an increase of \$11.4 million or 15.7% as compared to the first quarter of 2006. Of the 15.7% increase, approximately 10% is associated with the OGI and SPINBRUSH acquisitions, 5% is associated with favorable foreign exchange rates and the balance is associated with higher sales of oral care products in the UK, skin care products in Australia, and personal care products in Canada.

Consumer International Income before Minority Interest and Income Taxes was \$10.5 million in the first quarter of 2007, a \$3.3 million increase as compared to the first quarter of 2006. The increase is a result of higher profits associated with the sales in the UK and Australia, and a favorable product mix in Canada (including more personal care product sales and less laundry sales), and the contribution from the acquired OGI business. Also contributing to the higher income in 2007 was an intangible asset impairment charge in the first quarter of 2006.

Specialty Products (SPD)

Specialty Products net sales were \$57.8 million in the first quarter of 2007, an increase of \$2.2 million or 4.0% as compared to the first quarter of 2006. The increase is primarily due to higher sales in Brazil, higher sales of specialty chemical products and favorable foreign exchange rates, partially offset by lower animal nutrition product sales.

Specialty Products Income before Minority Interest and Income Taxes was \$4.5 million in the first quarter of 2007, an increase of \$0.5 million as compared to the first quarter of 2006, principally due to the profits on higher net sales, partially offset by higher raw material costs for certain animal nutrition products.

Liquidity and Capital Resources

Net Debt

The Company had outstanding total debt of \$906.9 million and cash of \$107.7 million (of which approximately \$47.6 million resides in foreign subsidiaries) at March 30, 2007. Total debt less cash (net debt) was \$799.2 million at March 30, 2007. This compares to total debt of \$933.3 million and cash of \$110.5 million, resulting in net debt of \$822.8 million at December 31, 2006.

The Company entered into two cash flow hedge agreements, one effective as of September 29, 2006, and the other effective as of December 29, 2006, to reduce the impact of interest rate fluctuations on its Tranche A term loan debt. Each hedge covers \$100.0 million of zero-cost collars for 5 and 3 years, respectively, with a cap of 6.50% and a floor of 3.57%. There was no income statement impact as a result of these agreements as all changes in the hedging options fair value are recorded in Accumulated Other Comprehensive Income on the balance sheet.

Net Cash Used in Financing Activities	(20,767)	(6,312)

Net Cash Provided by Operating Activities The Company's net cash provided by operations in the first three months of 2007 increased \$16.0 million to \$29.6 million as compared to the same period in 2006. The increase was primarily due to higher net income, an increase in non cash expenses and an increase in income taxes payable. Operating cash flows are expected to be sufficient to meet the anticipated operating cash requirements for the remainder of the year.

For the three months ending March 30, 2007, the components of working capital that significantly impacted operating cash flow are as follows:

Inventories increased by \$20.2 million primarily due to the transitioning of OGI product manufacturing to the Company's manufacturing plants and an increase in liquid laundry detergent to support the Company's concentration initiative as well as promotional activities.

Accounts payable and other accrued expenses decreased \$30.6 million primarily due to payments associated with incentive compensation and profit sharing plans and the timing of payments related to the increased payables at December 31, 2006.

Net cash Used in Investing Activities Net cash used in investing activities during the first three months of 2007 was \$11.5 million, reflecting \$11.2 million of additions for property, plant and equipment.

Net cash Used in Financing Activities Net cash used in financing activities during the first three months of 2007 was \$20.8 million. This represents an increase of \$15.0 million in short-term borrowings related to the Company's accounts receivable securitization, and proceeds of and tax benefits from stock option exercises of \$10.3 million. Offsetting these transactions were payments on the Tranche A term loan of \$39.5 million and the payment of cash dividends of \$4.6 million.

Adjusted EBITDA is a required component of the financial covenants contained in the Company's primary credit facility. Management believes that the presentation of Adjusted EBITDA is useful to investors as a financial indicator of the Company's ability to service its indebtedness. Adjusted EBITDA may not be comparable to similarly titled measures used by other entities and should not be considered as an alternative to cash flows from operating activities, which is determined in accordance with accounting principles generally accepted in the United States. Financial covenants include a total debt to Adjusted EBITDA leverage ratio and an interest coverage ratio, which if not met, could result in an event of default and trigger the early termination of the credit facility, if not remedied within a certain period of time. Adjusted EBITDA was \$100.7 million for the first three months of 2007. The leverage ratio (total debt to Adjusted EBITDA) for the 12 months ended March 30, 2007 was 2.57 which is below the maximum of 4.00 permitted under the agreement, and the interest coverage ratio (Adjusted EBITDA to total interest expense) for the twelve months ended March 30, 2007 was 6.08 which is above the minimum of 3.0 permitted under the agreement. This credit facility is secured by the assets of Church & Dwight Co., Inc. and one of its domestic subsidiaries. The reconciliation of Net Cash Provided by Operating Activities (the most directly comparable GAAP financial measure) to Adjusted EBITDA for the three months ended March 30, 2007 is as follows (in millions):

Net Cash Provided by Operating Activities	\$ 29.6
Interest Expense	15.2
Current Portion Of Income Tax Provision	21.2
Tax Benefit On Stock Options Exercised	3.8
Change in Working Capital and Other Liabilities	33.2
Investment Income	(1.6)
Other	(0.7)
Adjusted EBITDA (per loan agreement)	\$ 100.7

Recent Accounting Pronouncements

On July 13, 2006, the Financial Accounting Standards Board (FASB) issued Interpretation No. 48, Accounting for Uncertainty in Income Taxes An Interpretation of FASB Statement No. 109 (FIN 48). FIN 48 clarifies the accounting for uncertainty in income taxes recognized in an entity's financial statements in accordance with FASB Statement No. 109, Accounting for Income Taxes and prescribes a recognition threshold and measurement attributes for financial statement disclosure of tax positions taken or expected to be taken on a tax return. Under FIN 48, the impact of an uncertain income tax position on the income tax return must be recognized at the largest amount that is more-likely-than-not to be sustained upon audit by the relevant taxing authority. An uncertain income tax position will not be recognized if it has less than a 50% likelihood of being sustained. Additionally, FIN 48 provides guidance on derecognition, declassification, interest and penalties, accounting in interim periods, disclosure and transition. FIN 48 is effective for fiscal years beginning after December 15, 2006.

The Company has adopted the provisions of FIN 48 on January 1, 2007. The total amount of unrecognized tax benefits as of the date of adoption was \$18.4 million, which is recorded in other long-term liabilities. As a result of the implementation of FIN 48, the Company recognized an \$8.3 million increase in the liability for unrecognized tax benefits which was accounted for as follows:

(In millions)

Increase in net deferred tax assets	\$ 9.6
Increase in noncurrent receivables	2.4
Increase in retained earnings (cumulative effect)	(2.5)
Increase in noncurrent accrued interest payables	(1.2)
 Increase in liability for unrecognized tax benefits	 \$ 8.3

Included in the balance of unrecognized tax benefits at January 1, 2007, is \$6.9 million of tax benefits that, if recognized, would affect the effective tax rate. The Company does not anticipate that total unrecognized tax benefits will significantly change due to the settlement of audits and the expiration of statute of limitations prior to March 31, 2008.

The Company is subject to U.S. federal income tax as well as the income tax in multiple state and foreign jurisdictions. All U.S. federal income tax examinations of the Company for the years through 2003 have been effectively concluded. Presently, the Company has not been contacted by the Internal Revenue Service for an examination of its income tax returns subsequent to this date. Substantially all material state, local and foreign income tax matters have been effectively concluded for years through 2000.

The Company changed its policy for recording interest on certain unrecognized tax benefits from tax expense to interest expense.

During the three months ended March 30, 2007, the Company recognized approximately \$0.5 million in interest expense and tax associated with uncertain tax positions.

ITEM 3. QUANTITATIVE AND QUALITATIVE DISCLOSURE ABOUT MARKET RISK

Interest Rate Risk

The Company has short and long-term debt that are floating rate obligations. If the floating rate were to change by 10% from the March 30, 2007 level, additional annual interest expense associated with the floating rate debt would be approximately \$3.1 million.

Foreign Currency

The Company is subject to exposure from fluctuations in foreign currency exchange rates, primarily U.S. Dollar/Euro, U.S. Dollar/British Pound, U.S. Dollar/Canadian Dollar, U.S. Dollar/Mexican Peso, U.S. Dollar/Australian Dollar and U.S. Dollar/Brazilian Real.

The Company is also subject to foreign exchange translation exposure as a result of its foreign operations. A 10% change in the exchange rates for the U.S. Dollar to the currencies noted above at March 30, 2007 would result in a first quarter 2007 currency gain or loss of approximately \$0.9 million in 2007.

ITEM 4. CONTROLS AND PROCEDURES

a. Evaluation of Disclosure Controls and Procedures

The Company's management, with the participation of the Company's Chief Executive Officer and Chief Financial Officer, evaluated the effectiveness of the Company's disclosure controls and procedures as of the end of the period covered by this report. Based on that evaluation, the Chief Executive Officer and Chief Financial Officer concluded that the Company's disclosure controls and procedures as of the end of the period covered by this report are functioning effectively to provide reasonable assurance that the information required to be disclosed by the Company in reports filed under the Securities Exchange Act of 1934 is (i) recorded, processed, summarized and reported within the time periods specified

Edgar Filing: CHURCH & DWIGHT CO INC /DE/ - Form 10-Q

in the SEC's rules and forms, and (ii) accumulated and communicated to our management, including the Chief Executive Officer and Chief Financial Officer, as appropriate to allow timely decisions regarding disclosure.

b. **Change in Internal Control over Financial Reporting**

No change in the Company's internal control over financial reporting occurred during the Company's most recent fiscal quarter that has materially affected, or is reasonably likely to materially affect, the Company's internal control over financial reporting.

Cautionary Note on Forward-Looking Statements

This report contains forward-looking statements relating, among others, to short- and long-term financial objectives, sales and earnings growth, margin improvement, marketing and advertising spending, and the effect of the SPINBRUSH and Orange Glo International, Inc. (OGI) net asset acquisitions and the operational transition of these businesses with the Company. These statements represent the intentions, plans, expectations and beliefs of the Company, and are subject to risks, uncertainties and other factors, many of which are outside the Company's control and could cause actual results to differ materially from such forward-looking statements. The uncertainties include assumptions as to market growth and consumer demand (including the effect of political and economic events and price increases on consumer demand), raw material and energy prices, the financial condition of major customers, the integration of the OGI business and the effect on marketing spending of product introduction timelines. Other factors, which could materially affect the results, include the outcome of contingencies, including litigation, pending regulatory proceedings, environmental remediation and the divestiture of assets. For a description of additional factors that could cause actual results to differ materially from the forward looking statements, see the Company's annual report on Form 10-K for the fiscal year ended December 31, 2006, including the information in Item 1A, Risk Factors.

The Company undertakes no obligation to publicly update any forward-looking statements. You are advised, however, to consult any further disclosures the Company makes on related subjects in our filings with the U.S. Securities and Exchange Commission.

PART II OTHER INFORMATION

ITEM 1. LEGAL PROCEEDINGS

- a. On October 26, 2005, a New Jersey state court jury rendered a \$15.0 million verdict against the Company. The verdict followed a trial involving a claim against the Company by Andes Trading de Mexico S.A., alleging that the Company breached a purported agreement granting the plaintiff exclusive distribution rights in Mexico with respect to the Company's consumer products. Shortly after the verdict was rendered, the Company filed a motion for a new trial and for remittitur of the verdict. On December 9, 2005, the court granted the motion in part and denied it in part. The court reduced the damages to \$9.8 million which was accrued for in 2005, but did not grant the Company's request for new trial. Subsequent to the court's ruling, the Company and the plaintiff each appealed the ruling. The New Jersey Superior Court, Appellate Division heard oral arguments on the appeal on December 6, 2006. In March 2007, the appeals court decided not to reverse the lower court's verdict. The Company chose not to appeal the decision of the appeals court and, on April 11, 2007, paid \$10.4 million to settle this claim, including accrued interest.
- b. The Company, in the ordinary course of its business, is the subject of, or party to, various pending or threatened legal actions. The Company believes that any ultimate liability arising from these actions will not have a material adverse effect on its financial position or results of operation.

ITEM 1A. RISK FACTORS
