## Section 2. Financial Information

### Item 2.02. Results of Operations and Financial Condition.

On October 23, 2007, State Auto Financial Corporation (the **Company**) issued a press release disclosing the Company's results of operations for its three- and nine-month periods ended September 30, 2007 (the **Release**). The full text of the Release is furnished as Exhibit 99.1 to this Current Report on Form 8-K.

The Release included a non-GAAP financial measure, net income from operations per diluted share. Net income from operations differs from GAAP net income only by the exclusion of realized capital gains and (losses), net of applicable taxes, on investment activity for the periods being reported. For the three-month periods ended September 30, 2007 and 2006, GAAP net income was \$0.55 per diluted share and \$0.75 per diluted share, respectively, while net income from operations was \$0.45 per diluted share and \$0.72 per diluted share for these same respective periods. For the three-month periods ended September 30, 2007 and 2006, the difference between GAAP net income per diluted share and net income from operations per diluted share was \$0.10 and \$0.03, respectively, of realized capital gains or losses, net of applicable taxes.

Management uses net income from operations because it believes this calculation better indicates the Company's operating performance than GAAP net income because net income from operations excludes the sometimes volatile realized capital gains/losses, net of applicable federal income taxes, that can produce inconsistent results. Net income from operations provides a more consistent measure on which to predict future earnings of the Company.

## Section 7. Regulation FD

### Item 7.01. Regulation FD Disclosure.

The Company's management conducted a conference call on October 23, 2007, at approximately 10:00 a.m., EDT, to review the Company's financial results for the three- and ninth-month periods ended September 30, 2007, and to respond to questions from interested investors and financial analysts. A copy of the transcript of the conference call is furnished as Exhibit 99.2 to this Current Report on Form 8-K.

There is one correction to such transcript. During the conference call it was reported that the Company's direct written premium for the three-month period ended September 30, 2007 was \$277 million. The correct amount for such period is \$267.2 million.
