GENERAL QUESTIONS

Why did I receive these proxy materials?

You are receiving these materials in connection with the solicitation of proxies on behalf of the Board of Directors of Unum Group to be voted at the Annual Meeting of Stockholders (the Meeting) on Thursday, May 22, 2008, or any adjournment or postponement of the Meeting. The materials are being provided by Internet, email, or by delivery of printed versions by mail if you have requested this method. This proxy statement and form of proxy are first being made available to stockholders on or about April 7, 2008.

What is included in these materials?

These materials include Unum's proxy statement for the Meeting and 2007 Annual Report to Stockholders, which includes the Company's audited consolidated financial statements. Those who requested printed versions of these materials by mail will, in addition to the above, also receive a proxy card for the Meeting.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials this year instead of a full printed set?

As outlined in the new rules adopted by the Securities and Exchange Commission, Unum has elected to provide access to its proxy materials over the Internet. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials (Notice) to stockholders of record and beneficial owners. All stockholders will have the ability to access the proxy materials on a website referred to in the Notice or request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found on the Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis.

How can I get electronic access to the proxy materials?

The Notice you received provides you with instructions on how to:

View proxy materials for the Meeting on the Internet; and

Instruct Unum to send future proxy materials to you by email.

If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it.

Where are Unum's principal executive offices located, and what is the Company's main telephone number?

Unum's principal executive offices are located at 1 Fountain Square, Chattanooga, Tennessee 37402. The Company's main telephone number is 423-294-1011.

When and where is the Meeting?

The Meeting will be held on Thursday, May 22, 2008 at 10:00 a.m. Eastern Daylight Time, at Unum's headquarters offices at 1 Fountain Square, Chattanooga, Tennessee, 37402. There will be signs on the campus directing you to parking and the meeting site. Directions to our headquarters offices are available on our website at www.unum.com/directions, or by calling the Office of the Corporate Secretary at 800-718-8824.

Will I need a ticket to attend the Meeting?

You will need an admission ticket or proof of ownership of the Company's common stock as of March 24, 2008, and valid picture identification (such as a driver's license or passport) to enter the Meeting. An admission ticket is attached to your proxy card. In addition, the Notice can also substitute for an admission ticket. Please bring the ticket or the Notice with you to the Meeting.

Table of Contents

If your shares are held beneficially in the name of a bank, broker or other holder of record and you plan to attend the Meeting, a recent brokerage statement or letter from a bank or broker is an example of proof of ownership. If you arrive at the Meeting without an admission ticket, you will be admitted only after the Company can verify that you are a stockholder.

No cameras, recording equipment, electronic devices, large bags, briefcases, or packages will be permitted in the Meeting. For your safety and that of other stockholders, Unum reserves the right to inspect all personal items prior to admission to the Meeting.

Will the Meeting be webcast?

The Meeting will be audio webcast on May 22, 2008. You are invited to access the webcast on the Company's website at www.unum.com, under the Investor Information tab, at 10:00 a.m. Eastern Daylight Time. Registration for the webcast is required. The webcast will be archived on this website through June 5, 2008.

Who can vote at the Meeting?

Holders of Unum common stock at the close of business on March 24, 2008, are entitled to receive this notice and vote their shares. On that date there were approximately 346,796,025 shares of Unum common stock outstanding. The common stock is the only class of equity securities entitled to be voted at the Meeting. Each share of common stock is entitled to one vote on each matter properly brought before the Meeting.

Who is the Holder of Record?

You may own stock either (1) directly in your name as the stockholder of record, in which case you are the Holder of Record, or (2) indirectly through a bank, broker or other nominee. If your shares are registered directly in your name, you are the Holder of Record and these proxy materials are being sent directly to you by the Company.

If you own your shares in a stock brokerage account or through a bank or other Holder of Record, you are the beneficial owner of shares held in street name. As a result, these proxy materials have been forwarded to you by your broker, bank or other holder of record, who is considered to be the Holder of Record with respect to those shares. As the beneficial owner, you have the right to direct the Holder of Record how to vote your shares. You must follow the instructions provided to you by the Holder of Record in order to have your vote counted.

How do I vote?

You may vote by using any of the following methods:

By Internet

The website for Holders of Record to vote by Internet is www.envisionreports.com/unum. Internet voting is available 24 hours a day. You will need your control numbers from the enclosed proxy card. Your vote by Internet must be received by 1:00 a.m. Eastern Daylight Time, May 22, 2008. If you vote by Internet, you do not have to return your proxy card or voting instruction card. If you hold your shares in street name, please refer to the ballot provided to you by your broker, bank or other holder of record for Internet voting instructions.

The Internet and telephone voting procedures are designed to authenticate stockholders' identities, allow stockholders to give their voting instructions and confirm that stockholders' instructions have been recorded properly. Unum has been advised that the Internet and telephone voting procedures that have been made available to you are consistent with the requirements of applicable law. Stockholders voting via the Internet and

Table of Contents

by telephone should understand that there may be costs associated with voting in these manners. Examples of such costs include usage charges from Internet access providers and telephone companies. These charges must be borne by the stockholder.

By Telephone

If you are the Holder of Record, you can vote by calling 800-652-VOTE (8683). This toll free number is also on the proxy card. Telephone voting is available 24 hours a day. Your vote by phone must be received by 1:00 a.m. Eastern Daylight Time, May 22, 2008. If you vote by telephone, you do not have to return your proxy card or voting instruction card. If you hold your shares in street name, please refer to the ballot provided to you by your broker, bank or other holder of record for telephone voting instructions.

By Mail

If you requested that a printed copy of the proxy materials be mailed to you, you should complete, sign, and date the proxy card or voting instruction card and return it in the enclosed self-addressed, stamped envelope. Your vote by mail must be received by our tabulator, Computershare Investor Services, at the below address by the close of business on May 21, 2008.

Proxy Services

c/o Computershare Investor Services

P.O. Box 43126

Providence, RI 02940-5138

In Person at the Meeting

You may also vote in person at the Meeting. If you are a beneficial owner of shares, you must obtain a legal proxy from your broker, bank or other holder of record and present it to the inspectors of election with your ballot to be able to vote at the meeting. If you intend to vote in person at the Meeting, please notify the tellers prior to the beginning of the Meeting.

How are votes counted?

All shares that have been properly voted, and not revoked, will be voted at the Meeting in accordance with your instructions. If you sign and return your proxy card, but do not indicate how you want your shares to be voted, the shares represented by that proxy will be voted as follows based on the recommendation of the Board of Directors:

FOR all the nominees for Director;

FOR approval of the Management Incentive Compensation Plan of 2008;

FOR approval of the Unum Limited Savings-Related Share Option Scheme 2008;

FOR approval of the Unum Ireland Limited Savings-Related Share Option Scheme 2008; and

FOR ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for 2008.

Proxies that are not signed or returned, including those not returned by banks, brokers, or other holders of record, will not be counted for quorum or voting purposes.

Directors are elected by a majority of the votes cast at the Meeting. For this purpose, our Bylaws provide that a majority of the votes cast means the number of votes for a director must exceed 50 percent of the votes cast with respect to that director. Each vote against will count as a vote cast with respect to that director, but an abstention will not count as a vote cast with respect to that director. If a director is not elected, our Bylaws provide that the director shall offer to tender his or her resignation to the Board. The Governance Committee will

Table of Contents

make a recommendation to the Board whether to accept or reject the resignation, or whether other action should be taken. If the director who tenders his or her resignation is a member of the Governance Committee, that director will not participate in the Governance Committee's recommendation to the Board. The Board will act on the Governance Committee's recommendation and publicly disclose its decisions and the rationale behind it within 90 days from the date of the certification of the election results.

A New York Stock Exchange (NYSE) member broker who holds shares in street name for a customer has the authority to vote on certain items if the broker does not receive instructions from the customer. The NYSE rules permit member brokers who do not receive instructions to vote on the election of directors and the proposal to ratify the appointment of our independent registered public accounting firm. The NYSE rules do not permit member brokers who do not receive instructions to vote on the Management Incentive Compensation Plan of 2008, the Unum Limited Savings-Related Share Option Scheme 2008 or the Unum Ireland Limited Savings-Related Share Option Scheme 2008, because these are non-discretionary items. In tabulating the voting results for these plans, shares that constitute broker non-votes (1) are not considered entitled to vote on that proposal; (2) are counted for quorum purposes; and (3) are considered entitled to vote at the Meeting. Since approval of these plans will require the affirmative vote of at least a majority of the votes of the stockholders represented and entitled to vote at the Meeting, broker non-votes will have the same effect as votes Against the matter.

How can I revoke my proxy or change my vote?

If you are a Holder of Record, you can revoke your proxy before it is exercised by giving written notice to our Corporate Secretary; timely delivering a valid later-dated proxy or a later-dated vote by telephone or on the Internet; or voting by ballot at the Meeting.

If you are a beneficial owner of shares, you may submit new voting instructions by contacting your broker, bank or other Holder of Record. You may also vote in person at the Meeting if you obtain a legal proxy from your broker, bank or other Holder of Record and present it to the inspectors of election with your ballot at the Meeting.

What vote is required?

A quorum is required to transact business at the Meeting. A quorum is reached if the holders of at least a majority of the shares entitled to vote are present at the Meeting, either in person or by proxy.

If a quorum is present, the affirmative vote of a majority of the votes cast at the Meeting is required to elect each of the directors. Ratification of the following items requires the affirmative vote of at least a majority of the votes entitled to be cast by the stockholders represented and entitled to vote at the Meeting:

Approval of the Management Incentive Compensation Plan of 2008;

Approval of the Unum Limited Savings-Related Share Option Scheme 2008;

Approval of the Unum Ireland Limited Savings-Related Share Option Scheme 2008; and

Appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for 2008.

Who will count the votes?

Representatives of the Company's transfer agent, Computershare Investor Services, tabulate the votes and act as inspectors of the election.

How can I find the voting results of the Annual Meeting?

We will include the voting results in Quarterly Report on Form 10-Q for the quarter ending June 30, 2008 which we expect to file with the SEC in August 2008.

Table of Contents

How can I access the Company's Annual Report on Form 10-K on the Internet or obtain a written copy?

You can access Unum's Annual Report on Form 10-K for the fiscal year ended December 31, 2007 (the 2007 Annual Report on Form 10-K) via the Internet by going to the investor relations section of the Company's website at www.unum.com, under the Investor Information tab. The 2007 Annual Report on Form 10-K is not incorporated into this proxy statement and is not considered proxy soliciting material.

Upon written request to the following address, or by calling toll-free 800-718-8824, we will provide without charge to each person solicited a copy of the 2007 Annual Report on Form 10-K, including the financial statements and financial statement schedules filed therewith.

Who pays for the cost of this proxy solicitation?

Unum pays the cost of soliciting proxies from its stockholders. Proxies are solicited by mail, e-mail, and may also be solicited personally or by telephone by our directors, officers and employees. We have also retained the services of Innisfree M&A Incorporated, a proxy soliciting firm, to assist in distributing and soliciting the proxies for the Meeting, and Computershare Investor Services, to provide certain administrative services in connection with distributing the proxies for the Meeting. Unum pays Innisfree a fee of \$20,000 and reasonable out-of-pocket expenses. Unum also makes appropriate arrangements with brokerage houses, banks and other custodians, nominees and fiduciaries, to help solicit proxies from the beneficial owners of shares held of record by such persons.

Will other business be conducted at the Meeting?

At the time this proxy was printed, there are no other matters that the Board intends to present, or has reason to believe others will present, at the Meeting. If other matters come before the Meeting, the persons named in the accompanying form of proxy will vote in accordance with their best judgment with respect to such matters.

How can stockholders include proposals for presentation at Unum's Annual Meeting?

SEC rules and the Company's Bylaws allow for the submission of proposals by stockholders for presentation at the Annual Meeting, although they also make clear that simply submitting a proposal does not guarantee its inclusion. While it is too late for proposals to be submitted for presentation at this year's Annual Meeting, if a stockholder wants to include a proposal in the Proxy Statement and form of proxy for presentation at the Company's 2009 Annual Meeting of Stockholders, the proposal must be received at the below address by December 8, 2008.

Are you "householding" for stockholders sharing the same address?

The SEC's rules for delivery of proxy materials to stockholders permit Unum to deliver a single copy of these documents to an address shared by two or more of our stockholders. This method of delivery is called "householding," and its use can significantly reduce the volume of mail you

receive. This year, we are delivering

only one set of proxy materials to multiple stockholders sharing a single address unless we receive instructions to the contrary from one or more of those stockholders. We will still be required, however, to send you and each other Unum stockholder at your address an individual proxy voting card. If you would like to receive more than one set of proxy materials, copies are available by writing the address below or calling toll-free 800-446-2617:

Table of Contents**BOARD AND COMMITTEE INFORMATION AND MEMBERSHIP*****How often does the Board meet?***

During 2007, Unum's Board of Directors met 10 times. Each incumbent director attended at least 75 percent of the total of full Board and Committee meetings (held during the period for which each was a director and/or served on a Committee). Committee Support

The Executive Compensation group in Unum's Human Resources Department supports the Human Capital Committee in its work. The Human Capital Committee has used Towers, Perrin, Forster & Crosby, Inc. (Towers Perrin) as its independent compensation consultant since 2003 for advice on the principal aspects of executive compensation, including the competitiveness of program design and award values. Human Capital Committee meetings are generally attended by Towers Perrin, which also participates in executive sessions without members of management in attendance, and communicates with members of the Human Capital Committee outside of meetings. Towers Perrin reports directly to the Committee, although the consultants may meet with management of the Company from time to time to gather information on proposals management may make to the Human Capital Committee. In addition to the services for which the Human Capital Committee uses Towers Perrin, management has also used the firm for compensation survey administration; employee engagement surveys; sourcing of market data for job evaluations and competitive market assessments of salary ranges.

Human Capital Committee Interlocks and Insider Participation

None of the members of the Human Capital Committee were officers or employees of the Company or any of its subsidiaries during the last fiscal year, or at any other time. AUDIT COMMITTEE REPORT

The primary purpose of the Audit Committee is to oversee our financial reporting process on behalf of the Board of Directors and is more fully described in its charter, which is available on the Company's website www.unum.com under the Investors Information and Corporate Governance tabs. Management has the primary responsibility for our financial statements and the reporting process, including the establishment and effectiveness of our systems of internal controls over financial reporting. In fulfilling its oversight responsibilities, the Audit Committee reviewed the audited financial statements with management, including a discussion of the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures in the financial statements. Our independent registered public accounting firm (independent auditor) is responsible for performing an independent audit of the financial statements and expressing an opinion on whether they conform to generally accepted accounting principles. The firm also is responsible for auditing management's assessment of the effectiveness of financial reporting's internal controls. The auditors report directly to the Audit Committee and the Audit Committee is responsible for the appointment, compensation and oversight of the work performed by the auditors.

The Audit Committee reviewed with the independent auditors their judgments of the quality and acceptability of our accounting principles and other matters required to be discussed with the Audit Committee under generally accepted auditing standards, including Statement on Auditing Standards No. 61 (as amended). The Audit Committee also has discussed the auditor's independence from management and the Company, including the matters in the written disclosures required by the Independence Standards Board Standard No. 1, and considered the compatibility of non-audit services with the auditors' independence.

The Audit Committee and the Company's internal and independent auditors discussed the overall scope and plans for their respective audits. The Audit Committee meets with the internal and independent auditors, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting. The Audit Committee held 10 meetings during 2007.

In reliance on the reviews and discussions referred to above, the Audit Committee recommended to the Board of Directors (and the Board approved) that our audited financial statements for 2007 be included in our Annual Report on Form 10-K for filing with the Securities and Exchange Commission.

REPORT OF THE GOVERNANCE COMMITTEE

Selection of Nominees for the Board

The Governance Committee considers candidates for Board membership suggested by Board members, management and stockholders. The Committee retains a national executive search firm to help it identify candidates for the Board, obtain information about prospective candidates backgrounds and experience, determine the candidates' levels of interest in becoming a director of our Company, and make arrangements for meetings with prospective candidates. A stockholder who wishes to recommend a prospective nominee for the Board should notify the Company's Corporate Secretary in writing at:

Office of the Corporate Secretary

Unum Group

1 Fountain Square

Chattanooga, Tennessee, 37402

The nominee recommendation should include information required by the Company's bylaws regarding stockholder nominations. Those requirements can be found in this document under "Governance-Related Items: How are nominations for election to the Board made?", or on our website at www.unum.com under the "Investor Information" and "Corporate Governance" tabs.

Once the Governance Committee has identified a prospective nominee, a decision is made on whether to conduct a full evaluation of the candidate. This decision is based on information provided to the Committee as well as its own knowledge of the prospective candidate. This may be supplemented by information from the search firm assisting the Committee, or by inquiries to the person making the recommendation, or others. The preliminary determination to proceed further is based primarily on the need for additional Board members and the likelihood that the prospective nominee fulfills the Board's requirements. The Committee evaluates the prospective nominee against criteria in the Company's *Corporate Governance Guidelines*, which include:

- Evidence of high ethical conduct, integrity, sound judgment and accountability for one's decisions and actions;
- Current knowledge and experience that fulfill skills needed on the Board;
- A willingness to commit time to the Board in order to fulfill its responsibilities;
- A fit with other directors to build a Board that is effective and responsive to the needs of the Company;
- Embracing a diversity of viewpoints, gender, ethnic background, age, professional experience and other demographics; and
- Fulfillment of the requirements of independence (if the person is being considered for a position as an independent director).

The Governance Committee also considers the number of other public company boards and audit committees on which a prospective nominee serves. The *Corporate Governance Guidelines* limit the number of public company boards on which a director of the Company serves to no more than three in addition to Unum's Board. The *Corporate Governance Guidelines* further limit members of the Audit Committee of the Board to serving on no more than two other audit committees of public companies.

The Governance Committee also considers other experience or qualifications from time to time, including:

- The current composition of the Board;
- Any needs of the Board; and
- The need for additional members to satisfy Audit Committee requirements.

The Governance Committee then compares prospective nominees and determines whether to interview a nominee, either in person or by telephone. After completing the evaluation and interview, the Committee makes a recommendation to the full Board as to whom, if anyone should be nominated. The Board determines whether

Table of Contents

to accept the nominee after considering the recommendation of the Committee. In accordance with regulatory requirements, the Board may counsel with, or obtain approval of, certain state insurance regulators in connection with the qualifications of individuals asked to become directors.

As outlined in its charter and the *Corporate Governance Guidelines*, the Governance Committee reviewed the continuation on the Board of those directors whose terms expire at this Meeting, taking into account the director's interest in continuing to serve, contributions to the Board, and the needs of the Board in terms of special areas of experience or other traits or skills. Following this review, the Committee recommended the re-election of the four nominees identified in this proxy statement: Jon S. Fossel, Gloria C. Larson, William J. Ryan and Thomas R. Watjen.

Determination of Independence of Directors

In February 2004, the Board adopted *Corporate Governance Guidelines*, which were amended in May 2007. These guidelines meet or exceed the listing standards of the NYSE. The portion of the *Corporate Governance Guidelines* addressing director independence is included in this proxy statement under Governance-Related Items: Independence of Directors. The full text of the *Corporate Governance Guidelines* can be found on Unum's website at www.unum.com under the Investor Information and Corporate Governance tabs. A copy of the Corporate Governance Guidelines is also available from the below address or by calling toll-free 800-718-8824.

Effective March 16, 2006, the Board approved a process for handling letters received by the Company and addressed to non-management members of the Board. Under this process, the Corporate Secretary reviews all such correspondence and regularly provides a log and copies of the correspondence to the lead independent director, who determines whether further distribution of correspondence is appropriate and to whom it should be sent. Any director may at any time review this log and request copies of correspondence. Concerns received relating to accounting, internal controls or auditing matters are promptly brought to the attention of the internal auditor and handled in accordance with procedures established by the Audit Committee. The Board has requested that certain items that are unrelated to the duties and responsibilities of the Board should be excluded from the process, including mass mailings, resumes and other forms of job inquiries, surveys, business solicitations or advertisements, and matters related to claims.

GOVERNANCE-RELATED ITEMS

Independence of Directors

The Board presently has one inside director, and the Board believes that there should not be more than two. Inside directors generally include current officers and any person who has been an officer within the past five years. All others are regarded as independent, outside or non-management directors. A substantial majority of the full Board must have no material relationship with Unum and must otherwise meet the criteria for independence required by the NYSE. The Board has determined that the following current directors are independent: E. Michael Caulfield, Jon S. Fossel, Pamela H. Godwin, Ronald E. Goldsberry, Thomas Kinser, Gloria C. Larson, A.S. (Pat) MacMillan, Jr., Edward J. Muhl, Michael J. Passarella, and William J. Ryan. There is only one member of our Board who is not independent, Thomas R. Watjen, who is employed by Unum as its President and Chief Executive Officer. Hugh O. Maclellan, Jr., who retired from the Board in May 2007, was determined not to be independent during his service in 2007 because of the business relationship between one of his sons and the Company. This relationship is described later in this proxy statement under the caption Transactions With Related Persons. In reaching these determinations regarding director independence, the Board applied the standards set forth below which are required by the *Corporate Governance Guidelines* and include certain categorical standards as to immateriality.

Under NYSE standards, a director is not independent if:

He or she is, or has been within the last three years, an employee of Unum, or an immediate family member is, or has been within the last three years, an executive officer of the Company;

The director has received, or has an immediate family member who has received, during any 12-month period within the past three years, more than \$100,000 in direct compensation from Unum, other than director and Committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

(A) The director or an immediate family member is a current partner of a firm that is Unum's internal or external auditor; (B) the director is a current employee of such a firm; (C) the director has an immediate family member who is a current employee of such a firm and who participates in the firm's audit, assurance or tax compliance (but not tax planning) practice; or (D) the director or an immediate family member was within the last three years (but is no longer) a partner or employee of such a firm and worked on the Company's audit within that time;

The director or an immediate family member is, or has been employed as an executive officer of another company within the last three years, where any of Unum's present executive officers at the same time serves or served on that company's compensation committee; and

The director is a current employee, or an immediate family member is a current executive officer of a company that has made payments to, or received payments from, Unum for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or two percent of such other company's consolidated gross revenues.

In accordance with listing standards of the NYSE, the Board has determined that the following categorical standards will be used to determine whether a relationship between a director and Unum is immaterial and requires no further analysis of the relationship in determining independence :

If a director is a current employee, or an immediate family member is a current executive officer, of another company that has made payments to, or received payments from, Unum for property or services in an amount which in any of the last three fiscal years, does not exceed the greater of \$1 million or two percent of such other company's consolidated gross revenues and, where there are comparable transactions, the relationship is in the ordinary course of business of Unum and is on substantially the same terms as those prevailing under competitive circumstances at the time for comparable transactions with non-affiliated parties.

Contributions to a charity in which a director of Unum serves as an officer, director or trustee that do not annually exceed a combined two percent of the charity's goal for the year (or other comparable goal as determined by the Governance Committee) or two percent of Unum's annual charitable contribution budget; provided, however, that this limitation shall not apply to annual United Way

Table of Contents

contributions by Unum that have traditionally been made in communities in which the Company has operation centers with more than 500 employees and do not materially exceed the amount of the contribution in the prior year.

Our Related Party Transaction Policy

Former Policy

Under our former written policy concerning transactions with related persons, related party transactions occur when the director is in a position to make or influence decisions pertaining to a proposed business relationship or transaction between the Company and:

- a) The director or a family member;
- b) A party in which the director or a family member has a direct or indirect financial interest;
- c) A party from which the director or a family member may derive a benefit; or
- d) A party where the director or a family member is employed (in each case, a related party).

Family members covered by this policy include parents, children, brothers, sisters, spouses, spouses' parents, and any persons sharing the same household with the director. Under the policy, the Company means Unum Group and its subsidiaries.

Before the Company enters into a related party transaction, the director must disclose to the General Counsel the nature and extent of the director's relationship with the related party. As a general matter, if the only financial interest is ownership of less than 1% of the outstanding common stock of a publicly held company, then the transaction may proceed.

If feasible, any goods or services sought from the related entity will be subject to a competitive bidding process. Generally, before the related party is asked to submit a bid, there must be written authorization to proceed from the General Counsel. All bids will be evaluated and either accepted or rejected by a group comprised of designated senior officers including the senior officer from the area responsible for the transaction, unless such officer is a related party, in which case the Chief Executive Officer will serve in lieu of such senior officer. If, in the opinion of the General Counsel, competitive bids are not feasible, the General Counsel will determine whether the proposed transaction is on terms no less favorable to the Company than could be obtained from an unrelated third party. In either case, the decision must be based on the conclusion that the terms of the proposed transaction are fair to, and in the best interest of, the Company and the transaction is not a conflict of interest under our code of business practices and ethics. If a director is involved in a potential related party transaction within the scope of this policy, the director also must disclose his or her relationship with the related party to the Audit Committee. If the designated senior officers decide the related party has made the most favorable bid or, if the General Counsel determines the transaction is no less favorable to us than a third-party offer, and that it is fair and in the best interest of the Company, the audit Committee will decide whether we should enter into the proposed transaction or make a recommendation to the board of directors for its determination. Once the director has disclosed his or her relationship with the related party, the director should not participate in the decision, influence any person participating in the decision, or attend the meeting of the Audit Committee or Board while the related party transaction is being discussed.

For related party transactions that would be reportable under Item 404(a) of Regulation S-K of the Securities Exchange Act of 1934, regardless of a director's or an executive officer's ability to make or influence a decision, the above procedures are followed and the Audit Committee or the Board will have authority to approve the transaction or ratify the transaction as it deems appropriate.

When a related party is allowed to proceed with a transaction, appropriate controls are utilized with respect to payment for, and evaluation of the entity's performance.

Table of Contents

Current Policy

Our current written policy concerning related party transactions, which was approved by the Board in May 2007, defines "related party transaction" as any transaction in which we were or are to be a participant and the amount involved exceeds \$120,000, and in which any related party had or will have a direct or indirect material interest. "Related party" includes any director, director nominee, executive officer of the Company, any person who beneficially owns more than 5% of the Company's stock, and any member of any of their immediate family or any company or other entity in which they have at least a 10% interest or other material financial interest. Immediate family members covered under this policy include any child, stepchild, parent, stepparent, spouse, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law and any other person (other than a tenant or employee) sharing the household with the nominee, director, executive officer, or 5% beneficial owner.

Prior to entering into the transaction, the related party must notify our General Counsel of the facts and circumstances of the transaction. The General Counsel determines whether the proposed transaction is a related party transaction. If the transaction is determined to be a related party transaction, it is submitted to the disinterested members of the Audit Committee for consideration at the next Audit Committee meeting (or to the Chair of the Committee if it is not practical to wait until the next meeting and the Chair is not a related party to the transaction). The Audit Committee considers all relevant facts and circumstances, including the benefits to the Company, benefits to the related party, and if the related party is an independent director or nominee, the potential effect on the director's or nominee's independence of entering into the transaction, any improper conflict of interest that may exist, the availability of other sources for the products and services, the terms of the transaction, and the terms available from or to unrelated third parties generally. The transaction may be approved if it is determined in good faith not to be inconsistent with the best interests of the Company and its stockholders. Certain types of transactions are deemed to be pre-approved by the Audit Committee, including executive officer and director compensation arrangements approved by the Board of Directors or the Human Capital Committee, any transaction between the Company and any entity in which a related party has a relationship solely as a director, less than 10% equity holder, or an employee (other than an executive officer) or all of these relationships.

Transactions with Related Persons

In 2007, we paid broker commissions totaling approximately \$512,000 to Daniel O. Maclellan, the son of former director Hugh O. Maclellan, Jr., and his enrollment firm, Cornerstone Enrollment Services. These commissions related to sales of our products—primarily voluntary workplace benefits products and enrollment services. Whether a broker is chosen to place business with us or selected to provide enrollment services depends on the decision of the customer purchasing a policy and/or another broker who may be involved in the transaction, not on a decision by the Company. The commissions were paid in the ordinary course of business and on the same terms and conditions as those paid to other brokers. The amount of commissions paid to Daniel O. Maclellan (and the thousands of other brokers with whom we do business) are based on a schedule of commissions determined by the product sold, the amount of premium collected, and any other services provided. Hugh O. Maclellan, Jr. retired from our Board in May 2007. Under the policy relating to related party transactions at the time Daniel Maclellan became a broker for us, because our director, Hugh O. Maclellan, Jr., was not in a position to make or influence decisions pertaining to the relationship or transactions between us and his son, it was not required to be approved by the Board. However, the Board was informed of the relationship, was advised by management that it was on an arms-length basis and was beneficial to us, and in the course of approving of the relationship in accordance with our then in effect policy, determined that Hugh O. Maclellan, Jr. was not "independent" because of the relationship, as discussed in "Governance-Related Items—Independence of Directors" above. Subsequently, the Board ratified the relationship under our former Related Party Transaction Policy that existed at the time, which is described above.

On March 31, 2008, E. Liston Bishop, III, Interim General Counsel, became an executive officer of the Company. Mr. Bishop is an equity member in Miller & Martin PLLC. As an equity member, he is entitled to a

Table of Contents

percentage of the firm's distributable net profits. That percentage is 1.55%. The percentage is computed without regard to revenues from a particular client but on all revenues of the firm. Fees for his services and those of other attorneys and paralegals in the firm will be paid by us for services they perform on our behalf. These fees will be based on hourly rates negotiated between us and the firm, which rates are at least as favorable as any rates regularly charged by the firm to any of its other clients. The approximate dollar value to be paid in connection with the services to be provided will depend on the number of hours worked on our behalf and cannot be accurately estimated at this time, but is expected to exceed \$120,000. Mr. Bishop will not engage other members of his firm to provide services to us, and will not review or approve any invoices for payments to the firm. Pursuant to our current Related Party Transactions Policy (as described above), the proposed transaction was reviewed and approved by our Audit Committee.

ELECTION OF DIRECTORS

(Item 1 on the Proxy Card)

Our Board of Directors currently has 11 members. The Board is divided into three classes. Generally, at each annual meeting, one class of directors, or approximately one-third of the total number of directors, will be elected and the term of that class is three years. The term of the Class III directors expires with this Meeting.

The Board of Directors proposes the election of Jon S. Fossel, Gloria C. Larson, William J. Ryan, and Thomas R. Watjen as Class III directors, each to hold office for a term of three years expiring at the Annual Meeting of Stockholders to be held in 2011 and until their successors are elected and qualified or until his or her earlier death, resignation or retirement. Each nominee is currently serving as a member of the Board of Directors of the Company.

We expect each nominee for election as a director to be able to serve if elected. If any nominee becomes unable to serve, the persons named as proxies on the proxy card will vote for a substitute nominee the Board of Directors recommends, if any.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE ELECTION OF THESE NOMINEES AS DIRECTORS.

Proxies solicited by the Board of Directors will be voted FOR this proposal unless you specify otherwise in your proxy.

COMPENSATION DISCUSSION AND ANALYSIS

Summary

In this section, Unum is providing information on its executive compensation practices, including how and why executive compensation decisions are made as well as how the different pieces of compensation fit together. The primary objective of this section is to give stockholders an understanding of the basis and context for granting different types and amounts of executive compensation.

Our compensation programs are designed to reward achievement of corporate objectives through both competitive base pay and incentive opportunities. Because they are tied to corporate objectives, these compensation programs will change as corporate objectives change. For 2007, there were a number of changes to our compensation programs, including: a revision to the peer group used for benchmarking executive pay; the elimination of most perquisites; the introduction of new stock ownership guidelines; a change in the long-term incentive program; and a one-time equity performance grant for certain individuals. Information about these changes, including the rationale for each, is discussed in detail throughout this section, along with a general overview of our compensation programs. This year's proxy statement also includes disclosure of performance targets for both annual incentive and long-term incentive awards.

In addition to the required disclosure and tables, we have included information and supplemental tables that specifically address the following:

Total compensation earned for 2007 by our named executives

Targeted 2008 compensation and the basis of this compensation

Each named executive's stock ownership as of December 31, 2007

Our highest paid executives, including the Chief Executive Officer, Chief Financial Officer and the other individuals included in the Summary Compensation Table on page 50, are the named executives.

Compensation Philosophy and Administration

What are Unum's primary compensation objectives?

Our compensation programs are designed to reward the achievement of corporate objectives. We believe stockholder value is enhanced through compensation that (1) rewards performance that enables us to achieve our corporate objectives and (2) is competitive enough to attract and retain talented executives and employees. Our core compensation objectives are as follows:

Provide a base salary that reflects the competitive market as well as the roles, skills, abilities, experience and performance of employees;

Table of Contents

Create a culture of performance by providing all employees with incentive opportunities in addition to their base salary; and Align the long-term interests of management and stockholders and promote a culture of ownership in the Company by (1) offering key managers equity-based compensation opportunities and (2) requiring senior executive officers to retain equity awards for a specified period of time.

Who is responsible for evaluating and administering executive compensation?

The Human Capital Committee, an appointed Committee of the Board consisting solely of independent directors, is responsible for evaluating, designing and administering a compensation program for executive officers and directors that ensures a link exists between pay, Company performance, individual performance, and the creation of stockholder value.

The Committee is directly responsible for evaluating the performance of the CEO as well as for determining the elements of his compensation. The CEO does not participate in any process related to the establishment of his own pay, nor does he have any decision-making authority with regard to his compensation. All decisions with respect to CEO compensation are made by the Committee.

In determining the compensation for the other named executives, the Committee receives a performance assessment and compensation recommendations from Mr. Watjen for those executives who report to him. While the Committee considers Mr. Watjen's recommendations, it also uses its judgment in determining compensation for the named executives based on the Board's interactions with these individuals.

Does the Human Capital Committee use an outside consultant for advice?

The Committee has engaged Towers Perrin as its independent compensation consultant. In this capacity, Towers Perrin provides the Committee with objective and expert analyses, advice and information with respect to the CEO and other executive compensation. Additional information about services provided by Towers Perrin may be found on page 12.

Towers Perrin received total compensation of \$450,042 for services to the Human Capital Committee in 2007.

How do members of management support the Human Capital Committee?

Members of our finance, human resources and legal staff support the Committee in its work by providing information and responding to questions. Additionally, employees from these departments discuss various forms of executive compensation with the Committee's outside consultant, including how the compensation fits with other programs and business strategy. While this group may make recommendations about forms of executive compensation, the final decision on all executive compensation issues rests with the Committee.

Benchmarking and Peer Group Design

Does Unum use any external data to compare executive compensation?

Yes. When making compensation decisions, we look at the compensation of our CEO and the other named executives relative to the compensation paid to similarly-situated executives at companies considered to be peers. This is often referred to as benchmarking. We believe, however, that a benchmark should be just that—a point of reference for measurement—but not the only determining factor for executive compensation. It does not take the place of internal analyses, nor of the performance of the Company and individual.

We use two sources for benchmarking executive compensation. The primary source for benchmarking the pay of named executives other than the CEO is the Towers Perrin Diversified Insurance Study, which is a private study of approximately 30 large insurance companies (see the table on page 34), most of which are key competitors for

Table of Contents

executive talent. We use this data source for our named executives because we believe it is a relevant comparison, it represents an unbiased selection of companies, and it remains relatively constant.

The primary source for benchmarking pay practices for the CEO is a proxy peer group (see the table on page 34), which includes a mix of insurance and financial services companies that, like the Towers Perrin Diversified Insurance Study companies, are competitors for executive talent. Prior to 2008, before changes were made to the proxy peer group as described below, the Towers Perrin Diversified Insurance Study was the primary source for benchmarking CEO pay practices and the proxy peer group was used as a secondary source.

Why does Unum use separate benchmarking sources for the named executives and the CEO?

We use the proxy peer group for benchmarking CEO pay because the CEO role is generally consistent across companies. The proxy peer group is not used for other named executives because non-CEO roles, particularly heads of subsidiaries and other business units, tend not to be directly comparable across other companies. Additionally, certain individuals who may be in comparable positions at other companies may not be named executives for proxy statement purposes at those companies, in which case their compensation data would not be available.

How often are peer groups reviewed and how are they selected?

The Committee reviews the proxy peer group list periodically, and companies are added and deleted from this list as either industry consolidation occurs or our corporate objectives change. In 2007, using guidance provided by Towers Perrin, the Committee revised the proxy peer group that is utilized to benchmark compensation for the CEO. The proxy peer group was developed using the following protocols. First, companies within the same industry sector were identified (as determined by the Standard & Poor's Global Industry Classification Standards). Because Unum is a niche player, the list was broadened to include both property and casualty as well as life and health insurers. Second, the peer list was adjusted to include both larger and smaller companies, with Unum being about median within the peer group in terms of assets, revenue, and market capitalization. Third, the peer group was reviewed to confirm that the companies represented a comparable labor market (organizations that have recruited from us in the past and who are themselves potential sources of talent for us) and similar financial performance levels. This process expanded the peer group from eight to 18 companies, which provided more robust and meaningful statistics.

The table below shows the companies included in the Towers Perrin Diversified Insurance Study for 2007.

Table of Contents

Does Unum set targets for how its executive compensation should compare to other companies?

Each element of our executive compensation is generally targeted at the 50th percentile of the market (this means that 50 percent of the companies fall below this point and 50 percent are above it). Additionally, the targeted total cash (base salary plus annual incentive) and total direct compensation (base salary plus both targeted annual and long-term incentive) elements are compared to the 50th percentile of the peer group. The 50th percentile is selected as a point of comparison in order to ensure that we are able to compete in the market for executive talent.

With respect to the CEO, the Human Capital Committee compares each of the compensation elements to the proxy peer group as well as to the 50th percentile of the Towers Perrin Diversified Insurance Study companies.

Does the Human Capital Committee rely solely on peer group data when making decisions?

No. In fact, while peer group data is important, it is secondary to the primary factors considered by the Committee: Company performance, individual performance, the executive's level of responsibility and the creation of stockholder value.

Elements of Pay (2007 Performance)

What are the elements of compensation for executive officers?

The elements of compensation for Unum's named executive officers are: (1) an annual base salary, (2) an annual incentive award, (3) long-term incentive awards, (4) a benefits package and (5) certain limited perquisites, each of which is described later in this section. The annual and long-term incentives make up the majority of the named executives' total compensation.

Unum provides a base salary and benefits package that management and the Human Capital Committee believe is consistent with market practice for our industry and allows us to attract and retain talented executives and employees. The annual incentive provides a focus on short-term performance, while the long-term incentive encourages the achievement of corporate goals and growth of stockholder value over the longer term. The limited perquisites we provide may be part of a negotiated employment package or may satisfy a business need. Effective January 2007, Mr. Watjen voluntarily gave up the majority of his perquisites, and in January 2008 we replaced nearly all of the perquisites of our other named executives with additional equivalent salary. More information about this change can be found later in this section.

During 2007, our Board of Directors approved a one-time, performance-based grant of restricted stock units to approximately 50 key officers of the Company (the Equity Performance Grant). This 2007 Equity Performance Grant is designed to more closely align the senior leadership group with both corporate and stockholder objectives. More information about this grant can be found beginning on page 44.

How is incentive compensation determined?

Annual incentives are based on (1) our performance against pre-determined targets, (2) the performance of the respective business unit against pre-determined targets and (3) the performance of the individual.

Long-term incentives are equity-based, and as a result their value is determined by share price performance over a longer period. Additionally, long-term incentives are based on our achievement of certain annual goals in the prior year.

Is there a policy for allocating the mix of pay?

Consistent with our philosophy of creating a culture of performance, a majority of total compensation is allocated to annual and long-term incentives and as a result is considered at risk. We do not have a pre-determined policy for allocating cash and non-cash, or short-term and long-term incentive compensation. Instead, the Human

Table of Contents

Capital Committee periodically reviews the Diversified Insurance Study analysis described earlier to ensure an appropriate level and mix of compensation based on competitive practices.

Base Salary

How often are base salaries reviewed?

The Human Capital Committee reviews base salaries for executive officers on an annual basis, as well as at the time of a promotion or other change in responsibilities. Increases in base salaries, if any, are determined after an evaluation of several factors, including Company performance, individual performance and the individual's level of responsibility. Base salaries are also compared to those within the appropriate peer group and to other executives in the Company.

How is the base salary for the CEO determined?

Mr. Watjen's base salary is determined by his employment agreement, his individual performance, his overall level of responsibility and the performance of the Company since he became Chief Executive Officer in 2003.

Mr. Watjen's individual performance is evaluated annually by the Board of Directors based on two primary factors. The first is a set of individual goals agreed upon by Mr. Watjen and the Board. For 2006, those goals included: improving the performance of the U.S. Brokerage unit (now Unum US); successfully meeting the obligations contained in the California and multistate regulatory settlements; improving the balance sheet to create long-term customer and stockholder value; and developing deeper leadership at all levels of the Company.

The second is an assessment by each Board member of Mr. Watjen's performance, taking into account the following criteria:

- Strategic planning
- Financial results
- Operating efficiency
- Succession and leadership planning
- Employee relations
- Communications
- Ethics
- Regulatory compliance
- Investor relations
- Board relations
- Relationships with other constituents

As part of this process, Board members provide Towers Perrin with their confidential performance evaluations of the CEO. Towers Perrin reviews these evaluations and provides a summary to the Human Capital Committee prior to its February meeting at which CEO compensation is determined.

Effective March 1, 2007, after considering all of these factors, the Committee raised Mr. Watjen's annual base salary to \$1,050,000 from his previous salary of \$1,000,000, an increase of five percent.

How are the base salaries of other named executives determined?

As with the CEO, the primary factor for determining base salaries for the other named executives is individual performance. Each individual is assessed against the following criteria:

- Company financial results
- Performance against individual performance goals
- Ethics
- Regulatory compliance

Table of Contents

Results of a 360 survey, which is focused on:

- personal results orientation
- partnering
- expertise and competence
- customer focus
- leadership
- judgment and decision making
- professional integrity

Mr. Watjen makes recommendations to the Human Capital Committee for those executives reporting directly to him, including the named executives. In addition to evaluating individual performance, the Committee analyzes the base salaries of named executives at companies in the Towers Perrin Diversified Insurance Study. After taking all of these factors into consideration, the Committee approved the following increases effective March 1, 2007: Mr. Greving's salary was increased from \$380,000 to \$390,000 based on merit; Mr. McCarthy's base salary increased from \$440,000 to \$525,000 based on the above and to reflect the additional obligations associated with his promotion to President and Chief Executive Officer of Unum US; Mr. Best's salary was increased from \$440,000 to \$480,000 based on merit and in recognition of the additional responsibilities associated with his promotion to Chief Operating Officer of Unum US; and Mr. Horn's salary increased from \$400,000 to \$440,000, based on the above and to reflect the significant improvement in Colonial's financial performance. Mr. Horn appears as a named executive in the proxy statement for the first time.

Base salary earnings of the named executives for 2007 are reflected in column (c) of the Summary Compensation Table on page 50.

Annual Incentive

What is the purpose of an annual incentive?

The purpose of the annual incentive is to reward performance based on the achievement of both Company and individual goals. The Management Incentive Compensation Plan of 2004 is the primary plan we used for annual incentive compensation in 2007.

How are targets for annual incentives determined?

The Human Capital Committee sets annual incentive targets as a percentage of each named executive's base salary. The target is established based on the individual's position and responsibilities, including the relative contribution of that position to the overall success of the Company, as well as on market data from the Towers Perrin Diversified Insurance Study. For 2007, the annual incentive targets (as a percentage of base salary) for the named executives were: 150% for Mr. Watjen; 65% for Mr. Greving; 80% for Mr. McCarthy; 70% for Mr. Best; and 65% for Mr. Horn.

Are there corporate performance thresholds that must be met in order for an annual incentive to be paid?

Yes. Each year, the Committee establishes a financial threshold that must be achieved as a condition to any payments under the annual incentive plan. The threshold is two times the amount of operating earnings needed to pay dividends and cover interest on our debt.

Once the threshold is met, how is the amount of payment determined?

In February of each year, the Committee sets performance measures with the levels or ranges of payment for each target. Measures and targets are established for the enterprise as a whole (Unum Group) as well as for each of the subsidiary or business units (Unum US, Colonial Life & Accident, and Unum UK), and weightings are

Table of Contents

assigned to each performance measure based on its relative importance to the Company or business unit as well as on its potential impact on stockholder returns. At the end of each year, the Committee evaluates our performance against each corporate performance measure, comparing the actual results to the targets established for each performance measure.

What are the performance measures for the respective incentive plans?

The 2007 performance measures and their weightings are as follows:

2007 Performance Measures and Weightings

Performance Measure	Unum Group	Unum US	Colonial Life	Unum UK
Pre-tax operating income	40%	40%	40%	40%
Return on equity	25%			
Revenue	25%			
Operating expenses	10%	10%	10%	10%
Earned premium		25%	10%	15%
Sales		15%	25%	15%
Service ⁽¹⁾		10%	15%	20%

(1) The Service measure is based on a combination of how the Company scores on external customer satisfaction surveys as well as internal measures such as call center speed of answering calls, how quickly we can issue a policy once a case is sold, how long it takes to make STD claims decisions, etc. These are non-GAAP measures and cannot be calculated using the audited financial statements. However, given the small weighting on the Service measure, it is not material to an understanding of the compensation disclosed.

Are all of the named executives' incentive awards based on the Unum Group performance measures?

Yes, although the portion of each named executive's annual incentive award based on Unum Group performance differs. Mr. Watjen's and Mr. Greving's incentive awards for 2007 results were based solely on the Unum Group plan. For Mr. McCarthy and Mr. Best, 25% of their awards were based on the Unum Group plan, and 75% was based on the Unum US plan. For Mr. Horn, 25% of his award was based on the Unum Group plan, and the remaining 75% was based on Colonial Life's plan.

Does the Human Capital Committee take into consideration any exceptions or unusual items when determining Unum's performance?

When the Committee set the performance measures and weightings for the year, it established a list of adjustments that, if they occurred, would be excluded from the calculation of our performance for purposes of the incentive plan. Among these items were reserve adjustments resulting from accounting or legal changes that were not included in the financial plan, implementation costs associated with the Regulatory Settlement Agreement and California Settlement Agreement, and debt retirement costs that were not included in the plan. Additionally, the Committee considers a qualitative assessment of the results for the year.

Did the Human Capital Committee exclude any of these items for 2007?

Yes. In measuring financial results for 2007, the Committee excluded certain unusual items, including the costs of the claims reassessment concluded in the fourth quarter of 2007 and the costs related to the retirement of debt.

Table of Contents***What was the total annual incentive cash payment made to each named executive for 2007?***

Based on our performance against the above targets, each named executive received the amounts shown in the table below. These amounts can also be found in column (g) of the Summary Compensation Table on page 50.

2007 Annual Incentive ⁽¹⁾

Executive	Annual Incentive Target (% of Salary)	Annual Incentive Target (\$)	2007 Annual Incentive Paid (\$)	As a % of Target

Mr. Best	70%	336,000	407,970	121%
Mr. Horn	65%	286,000	366,730	128%

(1) Total compensation paid for 2007 performance is outlined in the table on page 44.

(2) Although the actual results were higher, Mr. Watjen's payment was capped at \$2,000,000, the maximum individual award allowed under the Management Incentive Compensation Plan of 2004.

Long-Term Incentive Awards***What form of long-term incentives does Unum provide its executives?***

Prior to February 2008, our primary form of long-term incentive was restricted stock awarded under the Amended and Restated Stock Plan of 1999 based on performance over a one-year period. Once granted, the performance-based shares of restricted stock vest over three years.

During 2007, the Human Capital Committee felt it was appropriate to reassess the long-term incentive program to ensure alignment with stockholder interests and peer practices. The Committee's review found that all of our proxy peer group use options in their long-term incentive programs, mostly in combination with restricted stock units (defined below) or similar plans. When the Committee considered this prevalent market practice and the positive stockholder views of companies who compensate executives for an increase in stock price over the long term, it reconfigured the long-term incentive program so that 75% of the award is granted as restricted stock units and 25% is granted as stock options. This change is effective with the February 2008 grant for a number of senior officers, including Messrs. McCarthy, Best and Horn. For Mr. Watjen, the mix of 75% restricted stock units and 25% stock options went into effect with his February 2007 grant.

We believe one-year performance goals, coupled with a long-term-vesting equity component, are significant drivers of long-term growth. At the same time, the retention of key executives is an important corporate objective. For this reason, while we utilize one-year performance goals to establish the awards, the awards vest over a three-year period.

What are restricted stock units?

Restricted stock units, granted on the basis of the performance of the Company and the individual, are valued in terms of Company stock but no actual stock is issued at the time of grant. Instead, Company stock is only issued when the grant actually vests. These differ from restricted stock in two ways: dividends are not paid in the form of cash on a quarterly basis but rather are deemed to be reinvested in additional restricted stock units; and there are no stockholder voting rights until the award actually vests. We believe this form of long-term compensation is closely aligned with stockholder interests.

Table of Contents***How did the Human Capital Committee determine the number of restricted stock units?***

The Committee first measures the performance against the targets set for the Company and the individual to arrive at a cash award amount. The cash amount is then divided by the closing price of the stock on the grant date to determine the number of restricted stock units.

What are the performance measures for long-term incentive awards granted in 2007?

Each year at its February meeting, the Committee establishes corporate performance measures for the long-term incentive award program. Much like the annual incentive plan, each factor is then weighted based on its relative importance to the Company or business unit as well as on its potential impact on stockholder returns.

The table below shows the long-term incentive performance targets for 2006 (for grants in 2007):

Long-Term Incentive Performance Measures and Weighting

(2006 Performance Goals)

Performance Measure	Component Weighting	Target
Unum Group		
Pre-tax Operating Income ⁽¹⁾	40%	\$930.6 million
Unum Group

Unum Group		
Revenue ⁽²⁾	20%	\$10,516.9 million

(1) Pre-tax Operating Income excludes realized investment gains and losses.

(2) Revenue excludes realized investment gains and losses.

How are individual long-term incentive award grants determined?

At its February meeting, the Human Capital Committee sets individual target levels for each named executive. These targets are communicated to the named executives as a dollar amount based on a percentage of base salary, generally in March of each year (see table below for awards granted in February 2007.)

After the end of each year, the Committee assesses our performance and compares the actual results to the targets established for each performance measure. In February 2007, based on 2006 performance, the Committee approved the following grants of restricted stock (and options in the case of Mr. Watjen) as outlined in the following table:

Retirement and Workplace Benefits

What employee benefits does Unum provide its executives and other employees?

We provide a benefits package for employees and their dependents, portions of which are paid by the employee. Benefits include: life, health, dental, vision, and disability insurance; pension; 401(k); dependent and healthcare reimbursement accounts; tuition reimbursement; an employee stock purchase plan; paid time off; holidays; and a matching gifts program for charitable contributions. Named executives have the same benefits package as other employees.

What type of retirement plans does Unum offer?

We sponsor a tax-qualified, defined benefit pension plan. We also provide a non-qualified pension plan for employees whose benefits under the tax-qualified plans are limited by the Internal Revenue Code. Base pay and regular annual incentive awards are counted toward the defined benefit pension plans, although long-term incentives are not.

Mr. Watjen also has a supplemental retirement plan under the terms of his employment agreement. For a complete description of pension benefits for the named executives, please see the Pension Benefits section beginning on page 57.

Perquisites and Other Personal Benefits

What perquisites does Unum offer its executives?

As stated earlier, Mr. Watjen voluntarily gave up most of his perquisites effective January 1, 2007. In light of recent market trends and how perquisites are potentially viewed by stockholders, the Human Capital Committee asked Towers Perrin in 2007 to review the perquisites provided to other named executives. Those perquisites included: financial counseling and tax preparation (senior vice presidents and above); club memberships for business entertainment; an executive health program (executive vice presidents and above); legal fees (CEO); personal use of corporate aircraft (CEO); and tax gross-up for perquisites (all executives).

Although these perquisites were reasonable and consistent with our overall compensation program and were not a significant part of executives' total pay packages, based on the Towers Perrin review and the factors mentioned above, our management proposed several changes to the perquisite program, all of which were adopted at the Committee's August 2007 meeting and became effective January 1, 2008.

What changes were made to executive perquisites?

Three changes were made to the perquisites offered to named executives.

First, the financial counseling and tax preparation, club membership, executive health program and legal fees perquisites were eliminated and replaced with a salary increase of equivalent value. (Mr. Watjen did not utilize the club membership or executive health program and had voluntarily given up financial counseling services effective January 1, 2007.) In place of the eliminated perquisites, effective January 1, 2008, Mr. Watjen received a salary increase of equivalent value of \$19,400 and the other named executives each received \$12,400. Because this amount is salary, we place no requirements or restrictions on its use.

Second, tax gross-ups related to all perquisites listed above were eliminated, including for personal aircraft travel. Mr. Watjen volunteered to relinquish the tax gross-up payment related to personal aircraft usage effective January 1, 2008. He volunteered to forego all other perquisite-related tax gross-ups on January 1, 2007.

Tax gross-ups related to non-resident state taxes and attendance at Company business functions for the executive (and spouse or guest) were continued since these events are related to conducting Company business.

Table of Contents

Third, an aircraft time-sharing agreement for personal use of Company-owned aircraft was reached with Mr. Watjen. The Committee has encouraged Mr. Watjen to use Company-owned aircraft for both business and personal travel because it is a more efficient use of his time. Under Mr. Watjen's employment agreement, he is allowed 40 hours of personal use of Company aircraft per year. Under the Time-Sharing arrangement Mr. Watjen will reimburse the costs incurred by Unum for personal use beyond the 40 hours at the maximum rate allowed by Federal Aviation Administration regulations. This rate includes the variable costs associated with these flights (i.e. fuel, trip-related maintenance, crew travel expenses, hangar and tie-down costs, and landing fees). During 2007 Mr. Watjen reimbursed the Company \$31,748 under the Time-Sharing arrangement.

A detailed table of executive perquisites, including the aircraft timeshare arrangement described above, is included as a footnote to the Summary Compensation Table.

Total Compensation***What is the total compensation earned for 2007 by each named executive?***

The Summary Compensation Table on page 50 provides an overview of executive compensation as required by the Securities and Exchange Commission. However, because the Summary Compensation Table takes into consideration items such as the actuarial increase of the present value of pension benefits and the accounting cost of equity grants (versus their fair value at grant), we have included below a supplemental table that provides an overview of executive pay as the Human Capital Committee considers it when making compensation decisions. *Please note that the following table is not a substitute for the required Summary Compensation Table.*

(2) These amounts reflect actual LTI awards granted in 2008 based on 2007 performance. This award includes the value of the stock options granted in February 2008 in recognition of the individual performances of Messrs. Watjen, McCarthy, Best and Horn. (Please refer to the 2008 Long-Term Incentive table and related footnotes on page 42 for additional details.) These amounts will be reported in the Grants of Plan-Based Awards table for the 2009 proxy statement. The value shown is the fair market value of this grant on the grant date.

(3) These amounts are the actual amounts as reported in the All Other Compensation Table on page 52.

Equity Performance Grant***What is the rationale for creating an equity performance grant?***

As stated earlier, in 2007 our Board of Directors approved a special grant of performance-based restricted stock units for approximately 50 key officers who, through their performance and leadership, can truly impact our ability to achieve our corporate objectives. The purpose of the one-time grant is to promote the continuity of the current leadership team, while at the same time better aligning this leadership group with corporate and stockholder objectives.

How does the plan work?

Generally speaking, participants receive restricted stock units that will vest based on performance between now and December 31, 2011, based on two factors: (1) We must first achieve thresholds for financial plan

Table of Contents

performance, risk-based capital, assessments by rating agencies, and regulatory compliance (see Table 1 below); and (2) once these thresholds are achieved, vesting is based on a schedule of stock price appreciation. Full vesting of the grant will occur when Unum's stock price meets or exceeds \$50 per share (see Table 2 below).

The Human Capital Committee will review plan performance three times between now and the second quarter of 2012. For the period being evaluated, they will first determine if we meet the four thresholds described above. If so, the restricted stock units will vest according to the stock price appreciation schedule and will be paid to individuals in the form of shares of Unum stock.

Table of Contents**Elements of Pay (2008)****Base Salaries*****What base salary increases were awarded in 2008?***

For 2008, the Human Capital Committee considered our performance in 2007 as well as Mr. Watjen's individual performance, responsibilities and tenure and, as a result, increased his base salary to \$1,100,000 effective March 1, 2008. For the remaining named executives, the Committee approved the following base salaries, also effective March 1, 2008: Mr. Greving \$420,000; Mr. McCarthy \$565,000; Mr. Best \$515,000; and Mr. Horn \$475,000.

What are the annual and long-term incentive targets for named executives in 2008?

The 2008 incentive targets are found in the following table:

2008 Compensation and Incentive Targets

Executive	Salary ⁽¹⁾	Annual Incentive Target ⁽²⁾	Long-Term Incentive Target ⁽³⁾
Mr. Watjen	\$ 1,100,000	150%	400%

Mr. Best	515,000	90%	125%
Mr. Horn	475,000	80%	100%

(1) Base salaries for the named executives are effective March 1, 2008.

(2) The annual incentive target for Mr. McCarthy increased from 80% to 100%; Mr. Best increased from 70% to 90%; and Mr. Horn increased from 65% to 80%.

Edgar Filing: Unum Group - Form DEF 14A

- (3) The long-term incentive target for Mr. Watjen increased from 350% to 400%; Mr. McCarthy increased from 125% to 150%; Mr. Best increased from 100% to 125%; and Mr. Horn increased from 90% to 100%.

Table of Contents**Policies and Practices****Equity Grant Practices*****How does Unum set the dates for equity grants?***

Equity grants are approved at a regularly scheduled meeting of the Human Capital Committee, and the date of this meeting is typically set a year in advance. The date the equity grant is approved is considered the grant date, and as a result it is also the date upon which the stock price is based.

For new hires at the Senior Vice President and above level, equity grants are approved by the Committee in advance and are effective on the hire date or are approved and dated at the next Committee meeting. For other employees, the CEO is authorized to make equity grants collectively totaling up to \$300,000 per year, and the grants are reported to the Committee annually. Mr. Watjen made grants totaling \$176,600 in 2007.

Prior to 2007, Mr. Watjen was authorized to make equity grants of up to \$100,000 total per year. The Committee increased Mr. Watjen's authority during the year to give him more flexibility in independently rewarding employees' performance.

Stock Ownership, Retention and Sale***What are Unum's policies regarding the retention of stock by its executives?***

In order to further align the long-term interests of management and stockholders and to promote a culture of ownership, we believe our senior executives should have a significant ownership stake in the Company. With this in mind, certain senior executives are required to retain a fixed percentage of the net shares received for a specified period of time (see table below). Both the percentage and time period are determined by the individual's position with the Company. Exceptions to this requirement may only be made by the Board of Directors.

Were any changes made in 2007 to the retention guidelines?

At its August 2007 meeting, the Human Capital Committee compared our retention guidelines with peer companies. In light of this review and the creation of the new Equity Performance Grant described above, the Committee modified the stock retention ratios to more closely align them with competitive market practices. At the same time, the Committee added ownership guidelines to encourage significant stock ownership.

Below is a table that shows, by position, the new stock ownership guidelines as a multiple of salary as well as the retention guidelines for percentage of stock and time required to be held. Common and restricted shares count toward ownership, but Equity Performance Grants and stock options do not. Newly-promoted or newly-hired executives have five years to achieve the guideline, while current executives have three. Our management provides a report annually to the Committee that shows how each named executive's ownership compares to the guidelines. Not meeting the guidelines could have an impact on the size of future equity grants. All of our named executives presently meet the new guidelines.

Retention and Ownership Requirements

<i>Executive Level</i>	Retention Requirements		Ownership Guidelines
	<i>Retention %⁽¹⁾</i>	<i>Holding Period⁽²⁾</i>	<i>Ownership as % of Salary</i>
CEO	75%	3 years	5x
EVP	60%	1 year	3x
SVP	50%	1 year	1x

(1) Retention percentage is the net percentage of shares to be held after the payment of taxes.

(2) After this holding period, the executive would then be able to sell the shares as long as their ownership guideline is met or would be reached in the time period allotted.

Table of Contents***Are there policies in place that prohibit the sale of stock by executives?***

We have established a policy that no executive officer or director (or any member of the individual's family sharing the household) may purchase or sell options, puts, calls, straddles, equity swaps or other derivatives that are directly linked to Unum's common stock. In addition, these individuals may not engage in transactions involving short sales of Unum stock or in any hedging transactions on Unum stock.

Are there any other restrictions in place?

Our current policy imposes limits on the timing and types of transactions in Unum stock permitted by named executives and certain other officers. Among other restrictions, the policy allows officers to trade Unum common stock only during pre-determined window periods (following earnings releases) and only after they have pre-cleared transactions with our General Counsel or Corporate Secretary.

What is the total amount of Unum stock owned by each named executive?

Each individual's stock ownership is included in the following table:

Stock Ownership

(as of December 31, 2007)

Executive	Common Stock ⁽¹⁾	Unvested Restricted Stock ⁽²⁾	Total Current Ownership	Current Ownership as Multiple of Salary

Mr. Horn	359,681	927,453	1,287,134	3x

(1) Amount includes shares held in certificate form, brokerage accounts and the 401(k) account. Shares were valued using a closing stock price of \$23.79 on 12/31/07.

(2) Shares were valued using a closing stock price of \$23.79 on 12/31/07. These shares will vest over the next three years (see Vesting Schedule for Unvested Restricted Shares table on page 56 for vesting schedule).

Tax and Accounting Considerations***Is executive compensation a deductible expense?***

Section 162(m) of the Internal Revenue Code places a limit of \$1,000,000 on the amount of compensation paid to the CEO and the other named executives that can be deducted by us as a business expense in any year, unless the compensation is performance-based and has been approved by stockholders. We have designed elements of our executive compensation program, including the annual incentives under the Executive Officer Incentive section of the Management Incentive Compensation Plan of 2004 and the long-term incentive awards under the Stock Incentive Plan of 2007, intending them to be fully deductible for federal income tax purposes. While the Human Capital Committee takes into account the deductibility of executive compensation, it reserves the right to pay executives in a manner consistent with their performance and the competitive market, even though the deductibility requirements may not be satisfied.

Since Mr. Watjen's 2007 base salary exceeded deductibility limits by \$50,000, that amount is not deductible under Section 162(m) of the IRS Code. However, the entire base salary of all other named executives is fully deductible. Additionally, we will deduct the amounts paid under the annual and long-term programs for 2007 performance. We will also take a deduction for the additional stock options granted to Messrs. Watjen, McCarthy, Best and Horn. There are some additional amounts which were not deductible in 2007 related to the vesting of prior years' restricted stock grants. However, the Committee took steps in 2007 which are intended to have future grants be deductible under 162(m).

What assumptions does Unum make in accounting for stock awards?

On January 1, 2006, we began accounting for stock-based payments under the requirements of SFAS 123(R). A complete discussion of the assumptions made as well as the financial impact of this type of compensation can be found in Notes 1 and 2 of the Consolidated Financial Statements in Part II, Item 8 of our annual report on Form 10-K for the year ended December 31, 2007. Additionally, the footnotes to the Summary Compensation Table and the Grants of Plan Based Awards Table detail the assumptions for awards listed in those tables. Implementation of SFAS 123(R) has not impacted the design of our compensation programs.

Has Unum made changes to comply with new Nonqualified Deferred Compensation regulations?

Yes, in 2007 we worked with external legal advisors to identify necessary amendments to existing compensation and benefit plans in order to comply with Internal Revenue Code Section 409A. We believe we are in compliance with these statutory provisions.

- (2) The amount in this column reflects the amount recognized for financial statement reporting for the fiscal year ended December 31, 2007, in accordance with SFAS No. 123(R) of the stock option award of 166,100 options granted to Mr. Watjen on February 23, 2007. Additionally, the assumptions made in the valuation of this award are included in footnote (7) to the Grants of Plan Based Awards Table on page 53.
- (3) These amounts reflect the annual incentive awards to the named executives. These are discussed in further detail beginning on page 37 under the heading Annual Incentive.
- (4) The amounts shown reflect the actuarial increase in the present value since December 31, 2006 of the named executive's benefits under all pension plans established by the Company. The amounts were determined using interest rate and mortality rate assumptions consistent with those used in the Company's financial statements (see Note 10 of our Consolidated Financial Statements in Part II, Item 8 of our annual report on Form 10-K for the year ended December 31, 2007, for these assumptions) and include amounts which the named executive may not currently be entitled to receive because such amounts are not vested. The amount reported for Mr. McCarthy also includes the amount of above-market interest that exceeds 120% of the rate prescribed under section 1274(d) of the Internal Revenue Code.

- (a) The amounts shown in this row represent tax payments made by Unum on behalf of each named executive relating to other items in this table.
- (b) Financial Counseling represents fees paid on behalf of the executive for financial planning and tax services. Unum provided gross up payments to cover taxes which are included under the Tax Reimbursement Payments. This perquisite was discontinued for 2008.
- (c) Club memberships were held in 2007 by those who had a need to entertain customers or vendors as part of their role. Unum provided gross up payments to cover taxes which are included under Tax Reimbursement Payments. This perquisite was discontinued in 2008.
- (d) The Executive Health Program was available to the named executives during 2007. This perquisite was discontinued for 2008.
- (e) Mr. Watjen's Employment Agreement with the Company provides for a maximum 40 hours of personal use of the Company aircraft. For purposes of compensation disclosure, the personal use of the Company aircraft is valued using an incremental cost that takes into account fuel costs, landing fees, parking, weather monitoring, maintenance fees and on-board catering per hour of flight. Crew travel expenses are included based on the actual amount incurred for a particular trip. Fixed costs that do not change based on usage, such as pilot salaries and depreciation of the aircraft, are excluded.
- (f) These expenses are related to the named executive's attendance at Company business functions. If gross up payments were calculated on these expenses, it has been included under Tax Reimbursement Payments. These amounts also include travel expenses related to Messrs. Watjen's, McCarthy's and Best's spouses or guests attending certain business functions where spousal/guest attendance was expected. Mr. Horn's travel expenses are related to his attending certain business functions such as the annual sales recognition conference. Mr. Horn is required to attend the conference to

host and conduct the meetings. Some of these trips included travel on the corporate aircraft. When the aircraft was used, we have computed the amounts using the incremental cost valuation described above under Personal Use of Company Aircraft (footnote e.)

- (g) Amounts represent matching gifts made on behalf of the named executive to qualified non-profit organizations and educational institutions. The Matching Gifts Program is available to all full-time employees and non-employee directors and will match eligible gifts from a minimum of \$50 to an aggregate maximum gift of \$7,500 per employee/non-employee director, per calendar year.
- (h) Many of our employees are required to travel to other Company locations outside of their primary state of employment. While working in a state other than their primary state of employment, employees may be required to pay state income taxes to that state if days worked or earnings exceed an amount specified in state law. When this happens, we pay the state income tax on behalf of the employee and gross up the income amount for FICA and Medicare taxes. Given that the primary purpose for the employee working in another state is for the benefit of the Company, we do not believe that they should have to bear the cost of the taxes.

(1) This amount reflects the minimum level under the annual incentive plan which is 25% of the target amount shown in the Target column (column d). The maximum (shown in column e) is 200% of such target. The target amounts are based on the individual's earnings for 2007 and their annual incentive target.

(2) The 2007 Equity Performance Grant was granted under the Stock Incentive Plan of 2007. The amount shown in column (g) of the table has been calculated using the maximum amount available for payout under the plan multiplied by 50%. The amount shown in column (h) is the maximum amount that will be paid out under this plan based on the achievement of pre-established financial goals and share price achieved (see Tables 1 and 2 on page 45) as described in the Compensation Discussion and Analysis section on page 31. This maximum amount payable under the plan does not include shares accrued as a result of dividends earned on these shares.

(3) This grant of restricted stock was made on February 23, 2007 based on 2006 financial and individual performance and vests ratably over three years. This award was granted under the Stock Plan of 1999 which was terminated on May 18, 2007.

(4) These options were granted to Mr. Watjen on February 23, 2007 based on 2006 financial and individual performance and vest over three years.

(5) This is the grant price of the 166,100 options granted to Mr. Watjen on February 23, 2007 based on the average of the high and low price on this date.

(6) The amount shown is the closing market price for February 23, 2007.

Edgar Filing: Unum Group - Form DEF 14A

- (7) The grant date fair value of options granted to Mr. Watjen on February 23, 2007 was \$8.61. The fair value on the date of grant was estimated using the Black-Scholes valuation model. The following assumptions were used to value the 2007 grant:
- Expected volatility of 44 percent, based on our historical daily stock prices.
 - Expected life of 5.0 years, based on the simplified method allowed under supplemental application guidance issued by the SEC in Staff Accounting Bulletin No. 107, *Share-Based Payment*.
 - Expected dividend yield of 1.57 percent, based on the dividend rate at the date of grant.
 - Risk-free interest rate of 4.67 percent, based on the yield of treasury bonds at the date of grant.
- (8) The grant date fair value of stock awards for restricted stock (column i) was calculated as the number of shares multiplied by the average of the high and low stock price on the grant date.

Table of Contents

- (9) The grant date fair value of the Equity Performance Grant (column h) was \$15.99. Vesting for this grant is contingent upon meeting various company threshold performance and stock price conditions. Dividend equivalents on these performance restricted stock units are accrued in the form of additional restricted stock units. The PRSU expense assumes the performance goals are attained at 100 percent. Actual performance may result in zero to 100 percent of the units ultimately being earned. We used the accelerated method of amortization for recognizing compensation expense, which treats each of the three vesting tranches as a separate award over the expected life of the unit. Based on the Monte-Carlo model, the following assumptions were used to value the 2007 grant:

Expected volatility of 29 percent, based on our historical daily stock prices.

Expected life of 4.4 years, which equals the maximum term.

Expected dividend yield of 1.24 percent, based on the dividend rate at the date of grant.

Risk-free interest rate of 3.97 percent, based on the yield of treasury bonds at the date of grant.

(2) Mr. Watjen's grant was made on February 23, 2007 under the Stock Plan of 1999 and vests ratably over three years.

(3) The amounts reported for the Equity Performance Grant made on September 11, 2007 are zero based on the year-end stock price. This grant does not begin to vest until the stock price reaches and maintains a minimum of \$26 per share for twenty consecutive trading days. Therefore, since the Company's price had not reached this level prior to December 31, 2007, the threshold performance level was not met and there are no unearned units or value to report. This grant and the performance criteria are discussed in detail beginning on page 44 under the heading Equity Performance Grant.

POST-EMPLOYMENT COMPENSATION

2007 Pension Benefits

Does Unum offer a defined benefit pension plan?

Yes, we maintain three defined benefit plans in the United States. The first is the Unum Group Pension Plan (Qualified Plan), which provides funded, tax-qualified benefits up to the limits on compensation and benefits under the Internal Revenue Code. The second is the Unum Group Supplemental Pension Plan (Excess Plan), which provides unfunded, non-qualified benefits for compensation that exceeds the IRS limits in the Qualified Plan. And the third is the Unum Group Senior Executive Retirement Plan (SERP), which provides unfunded, non-qualified benefits that are offset by benefits under the Qualified Plan and the Excess Plan. The Qualified Plan was designed to provide tax-qualified pension benefits for most employees. The SERP supplements the pension benefits that are provided under the Qualified and Excess Plans and was designed to provide competitive retirement benefits for Mr. Watjen.

How are benefits determined under the plan?

Under the Qualified Plan, retirement benefits include a Basic Benefit based upon retirement age, years of Credited Service , Highest Average Earnings and Social Security Covered Compensation. Each of these terms are defined as follows:

Credited Service one year of Credited Service is granted for each plan year in which 1,000 hours of employment are completed.
Highest Average Earnings The average of the highest 5 years of compensation (whether or not consecutive) during the last 10 years of employment.
Social Security Covered Compensation The average of the taxable wage bases in effect for each calendar year during the 35-year period ending with the last day of the calendar year in which an employee attains or will attain his or her Social Security retirement age.

As an annual single life annuity, the Basic Benefit for participants is equal to:

A percentage of Highest Average Earnings (this can range from 3%, if the sum of an employee's age and years of Credited Service is less than 30, to 8% if the sum equals or exceeds 95), multiplied by years of Credited Service;
3.5% of Highest Average Earnings in excess of Social Security Covered Compensation, multiplied by years of Credited Service; all divided by
A conversion factor based on the individual's retirement commencement age (equal to 9.0 for retirement at age 65 and increased by 0.2 for each whole year retirement occurs prior to age 65).

All benefits are indexed on the first day of each plan year following the participant's date of termination using the National Average Wage rate of increase published by the Social Security Administration in the preceding year (minimum of 2.75% and maximum of 5.0%).

Benefits provided under the Qualified Plan are based on pensionable earnings (which are described below under What are the elements of compensation included in applying the payment and benefit formula?) up to a compensation limit of \$225,000 under the Internal Revenue Code. In addition, benefits provided under the Qualified Plan may not exceed \$180,000 (payable as a single life annuity beginning at any age from 62 through Social Security Normal Retirement Age) under the Internal Revenue Code.

Mr. McCarthy accrues an additional benefit for his 21 years of service prior to 2000. Mr. Best was a member of the Colonial Pension Plan under which he has a deferred vested monthly single life annuity benefit of \$4,896 payable at age 66 and an additional 22 years of Vesting Service.

Table of Contents

The Excess Plan provides a benefit that is equal to the benefit that would be provided under the Qualified Plan if the IRS compensation and benefit limits outlined above did not exist, minus the benefit actually provided under the Qualified Plan.

The benefit provided under the SERP is payable as an annuity beginning on the first day of the month following retirement. The SERP benefit for Mr. Watjen, expressed as an annual single life annuity, is equal to (1) 2.5% of Highest Average Earnings times years of service up to 20, minus (2) the annual single life annuity provided under the Qualified Plan and the Excess Plan beginning on benefit commencement. Mr. Watjen is presently the only named executive covered under the SERP benefit.

Are named executives eligible for pensions before normal retirement age?

Under the Qualified and Excess plans, participants may retire early at age 55 with five years of vesting service. However, pension benefits under those plans are reduced for commencement prior to normal retirement age (age 65 except for the Colonial portion of Mr. Best's benefit which is reduced from age 66).

Under the SERP, Mr. Watjen is eligible for an unreduced pension at age 60. If he terminates employment prior to age 60, the single life annuity will be reduced by 5% per year.

What are the elements of compensation included in applying the payment and benefit formula?

The elements of compensation included in applying the payment and benefit formula include base pay received in each plan year during which the employee accrues Credited Service, as well as payments received from the regular annual incentive plan and any field or sales compensation plan. These elements do not include other bonuses, long-term incentive awards, commissions, prize awards or allowances for incidentals.

Additional years of Credited Service are generally not granted to participants in any of the three plans. Other than service under prior plans, no extra years of service have been granted to the named executives. Their respective years of Credited Service are included in the Pension Benefits Table.

Are lump sum distributions available under the plan?

Lump sum distributions are generally only available on very small amounts. Based on current benefit levels, the named executives' benefits are only payable in the form of an annuity with monthly benefit payments. However, some benefits are available as lump sums under the SERP for Termination Without Cause, Resignation for Good Reason or Change-in-Control for Mr. Watjen.

(1) The Present Value of Accumulated Benefits is based upon a measurement date of December 31, 2007. Accordingly, all calculations utilize Credited Service and Pensionable Earnings as of the same date. The results shown are estimates only and actual benefits will be based upon data, pay, service, form of benefit elected and age at the time of retirement. The primary assumptions used in the calculations are based on the measurement date SFAS No. 87 assumptions. Specifically, the accumulated benefit value calculations utilize a rate of 6.1% to discount expected future plan benefit payments to the measurement date, an annual increase in Social Security Wage Base of 3.5% to index the Qualified and Excess Plan benefits from the measurement date to commencement date and a post-commencement life expectancy assumption based upon the 2007 Optional Combined Current Liability Mortality Table. Other assumptions used in the calculations are based on our understanding of the disclosure regulations. In particular, participants are assumed to commence benefits at their unreduced retirement age in each of the plans. That is age 65 in the Qualified and Excess plans and, under the SERP, age 60 for Mr. Watjen. Also, no turnover (e.g., death, disability, termination, retirement) is assumed prior to retirement age.

(2) Amounts include the Colonial Pension plan deferred vested monthly benefit of \$4,895.94. Pension benefit is based on Post-Colonial Benefit Service and all (Colonial + Unum) Vesting Service.

Non-Qualified Deferred Compensation

Does Unum have any non-qualified programs that allow named executives to defer compensation?

We do not have an active non-qualified program that allows for deferrals of compensation. However, Mr. McCarthy does have a balance under an inactive plan, and his amounts are shown in the table below.

Nonqualified Deferred Compensation

Name (a)	Executive Contributions In Last FY (\$) (b)	Registrant Contributions In Last FY (\$) (c)	Aggregate Earnings In Last FY (\$) (d)	Aggregate Withdrawals/ Distributions (\$) (e)	Aggregate Balance At Last FYE (\$) (f)

Mr. Greving					
Mr. McCarthy ⁽¹⁾			\$ 4,617		\$ 74,781
Mr. Best					
Mr. Horn					

Edgar Filing: Unum Group - Form DEF 14A

- (1) Mr. McCarthy has a balance under an inactive Unum deferred compensation program that earned interest at a rate of 6.58%. The interest rate for this plan is set once each year at the rate which is equivalent to the interest rate Unum receives on the Unum America Consolidated Portfolio (consisting of bonds, mortgage loans and preferred stocks). The amount of above-market interest that exceeds 120% of the rate prescribed under section 1274(d) of the Internal Revenue Code has been included in column (h) of the Summary Compensation Table on page 50.

Table of Contents**OTHER POTENTIAL POST- EMPLOYMENT PAYMENTS**

The amounts in the tables that follow outline estimated payments under various termination scenarios. The tables exclude amounts received as an annuity under our retirement plans and the intrinsic value of vested options. The pension information is shown in the previous Pension Benefits table.

Termination As a Result of Death

What benefits would named executives' beneficiaries receive in the event of termination as a result of death?

The named executives' beneficiaries would receive the following benefits:

Termination as a Result of Death ⁽¹⁾

Name	Prorated Annual Incentive ⁽²⁾	Early Vesting of Equity ⁽³⁾	Group Life Insurance Benefit ⁽⁴⁾	Corporate Owned Life Insurance Proceeds ⁽⁵⁾	Total
Mr. Watjen	\$ 1,071,633	\$ 6,041,919	\$ 50,000	\$ 200,000	\$ 7,363,552
Mr. Greving	380,103	862,246	50,000	200,000	1,492,349
Mr. McCarthy	502,660	986,500	50,000	200,000	1,739,160
Mr. Best	407,970	1,008,958	50,000	200,000	1,666,928
Mr. Horn	366,730	927,453	50,000	n/a	1,344,183

(1) All amounts in the table assume that the death occurred on December 31, 2007.

(2) Per the terms of the employment agreement for Mr. Watjen, upon death, his beneficiaries would receive a prorated annual incentive based on the date of death. The amount is calculated based on the average of the bonuses paid for the three completed calendar years prior to death. For the other named executives, the Management Incentive Compensation Plan of 2004 provides a prorated annual incentive payment in the event of death. Under this Plan, the payment is adjusted based on corporate performance. Therefore, the amounts for Messrs. Greving, McCarthy and Best represent a payment based on the corporate achievement for 2007.

(3) Per the terms of the Amended and Restated Stock Plan of 1999 under which the equity awards are granted, all stock options would remain exercisable for a period of three years after the date of death and all unvested restricted stock with the exception of the Equity Performance Grant would accelerate vesting as of the date of death.

Vesting of Equity Performance Grant: Upon termination as a result of death:

No performance restricted stock units will be settled until performance is certified by the Board

If Threshold performance hurdles are not achieved, no PRSUs are earned

If Threshold performance hurdles are achieved, earned PRSUs will be prorated based on the number of months of employment during the relevant performance period and the stock price upon the date of death

(4) We provide all full-time employees, including our named executives, with \$50,000 of life insurance coverage at no cost to the employee.

(5) In April 2000, we purchased Corporate Owned Life Insurance on all officers of the Company who gave their approval. In the event of death while still employed, the Company provides a death benefit to the named executive's beneficiary in the amount of \$200,000. Mr. Horn was not our employee at the time so there is no amount shown for him.

Table of Contents**Termination As a Result of Disability**

What benefits would the named executives receive in the event of termination as a result of disability?

The named executives would receive the benefits shown in the below table.

Termination as a Result of Disability ⁽¹⁾

Name	Prorated Annual Incentive ⁽²⁾	Early Vesting of Restricted Stock ⁽³⁾	Disability Benefits ⁽⁴⁾	Total
Mr. Watjen	\$ 1,071,633	\$ 6,041,919	\$ 249,167	\$ 7,362,719

Mr. McCarthy	502,660	986,500	260,780	1,749,940
Mr. Best	407,970	1,008,958	164,275	1,581,203
Mr. Horn	366,730	927,453	213,338	1,507,521

(1) All amounts in the table assume that the termination as a result of disability occurred on December 31, 2007.

(2) Per the terms of the Employment Agreement for Mr. Watjen, upon termination as a result of disability, he would receive a prorated annual incentive based on the date of termination. The amount is calculated based on the average of the bonuses paid for the three completed calendar years prior to termination. For the other named executives, the Management Incentive Compensation Plan of 2004 provides a prorated annual incentive payment in the event of termination as a result of disability. Under this Plan, the payment is adjusted based on corporate performance. Therefore, the amounts for Messrs. Greving, McCarthy and Best represent a payment based on the corporate achievement for 2007.

(3) Per the terms of the Amended and Restated Stock Plan of 1999 under which the equity awards are granted, all stock options would remain exercisable for a period of three years after the date of disability and all unvested restricted stock with the exception of the Equity Performance Grant would accelerate vesting as of the date of disability.

Vesting of Equity Performance Grant: Upon termination as a result of disability:

No performance restricted stock units will be settled until performance is certified by the Board

If Threshold performance hurdles are not achieved, no PRSUs are earned

If Threshold performance hurdles are achieved, earned PRSUs will be prorated based on the number of months of employment during the relevant performance period and the stock price upon the date of termination as a result of disability

(4) Amounts shown represent the estimated lump-sum present value of all future payments which the named executive would be entitled to receive under our Long-term Disability program. Each named executive would be entitled to receive such benefits until he reaches age 65.

Termination for Cause or Resignation Without Good Reason

What benefits would named executives receive in the event of termination for cause or resignation without good reason?

In the event of termination for cause or resignation without good reason at any time, named executives would not receive severance or other benefits from us other than benefits that had been accrued under the retirement plan. Termination for cause includes termination due to (1) the continued failure of the executive to substantially perform his or her duties (unless due to illness) after the Board delivers a written demand specifically identifying the manner in which the executive is failing to substantially perform his or her duties; (2) willful illegal or gross misconduct that is harmful to the Company; or (3) conviction of a felony or a guilty or no contest plea by the executive relating to a felony.

An executive may terminate his or her employment for good reason if (1) assigned to duties inconsistent with his or her position, authority, duties or responsibilities, or any other action by us which diminishes any of these (except isolated, insubstantial or inadvertent action not in bad

faith which is promptly remedied); (2) we fail comply with the terms of employment in the executive s employment agreement; (3) we terminate the executive s employment except as expressly permitted in the employment agreement; (4) we fail to require a

successor to assume the terms of the employment agreement; (5) we require the executive to relocate to an office other than the Company's headquarters; or (6) we require the executive to relocate anywhere during a change-in-control period.

Termination Without Cause or Resignation With Good Reason (absent a change in control)

What benefits would named executives receive in the event of termination without cause or resignation with good reason?

In the event of termination without cause or resignation with good reason (absent a change in control), Mr. Watjen would be eligible for the estimated payments outlined in the table below per the terms of his employment agreement.

For the other named executives, in the event of (1) involuntary termination due to poor performance, other than for misconduct or cause (as defined above), (2) job elimination or (3) a decision to fill the position with a different resource consistent with corporate direction, they would be eligible for severance under the Severance Pay Plan for Executive Vice Presidents. This plan provides a severance benefit of 18 months of base salary. The payment is made as a lump sum after a seven-day revocation period following the signing of an agreement and general release. Participants are not entitled to continued coverage under the medical and dental benefit insurance plans (other than as may be required by the federal COBRA health care continuation requirements). Participants who are entitled to receive a severance payment under the plan are also provided with outplacement benefits within reasonable limitations (currently the lesser of 20% of base salary or \$50,000).

Mr. Horn ⁽³⁾	660,000	0	0	0	50,000	0	710,000

(1) All amounts in the table assume a termination date of December 31, 2007. The in-the-money value of vested, unexercised stock options held by the named executive are not included in the table because the value is not impacted by a termination.

(2) For Mr. Watjen, in the event of Termination without Cause or Resignation with Good Reason and the date of termination occurs other than within two years following a Change in Control or within 12 months of a Potential Change in Control (i.e., within 12 months of the Company entering into an agreement for a transaction that would constitute a Change in Control if consummated), he would be entitled to:

Severance Three times the sum of his annual base salary and the average annual incentive paid to him in the three years prior to the date of termination. See column (b). Additional details related to his employment agreement are provided below.

Prorated Annual Incentive A prorated annual incentive through the termination date based on a three-year average of his annual incentive awards. See column (c).

Early Vesting of Restricted Stock stock options, restricted stock and other equity based awards granted after July 1, 1999 with the exception of the Equity Performance Grant will vest as of the date of termination to the extent such awards would have vested if he had remained continuously employed by the Company through the expiration of the Agreement term. Thus, the amount in the table represents the value of all awards which would have vested through December 16, 2009 at a market price of \$23.79 (December 31, 2007 close price). See column (d).

Vesting of the Equity Performance Grant Upon a voluntary resignation or Company initiated termination other than job elimination, unvested performance restricted stock units are forfeited.

Table of Contents

Benefit Continuation Provision of health and welfare benefits at the same level, terms and conditions that existed prior to termination for a period of thirty-six months. The amounts shown reflect the estimated present value cost of programs currently in place for the average Company employee, and are not specific to Mr. Watjen. See column (e).

Outplacement Benefits In the event that a named executive terminates and is eligible for severance, he or she is also eligible for outplacement benefits, which are paid directly to the provider. The Company policy for all named executives is the lesser of 20% of base salary or \$50,000. See column (f).

Pension Enhancement A lump sum payment representing the increase in present value of his retirement benefits as if he had accumulated three additional years of age and service. The amount in the table reflects this lump-sum payment which would be due under this termination scenario. See column (g).

- (3) In the event of Termination without Cause or Resignation with Good Reason (other than within the context of a Change in Control or Potential Change in Control) which involves a job elimination, other named executives are eligible for the following:

Severance Each named executive would receive 18 months based salary.

Prorated Annual Incentive Only in the event of job elimination would the named executive receive a prorated annual incentive through the date of termination, which is adjusted for corporate performance. In the event of job elimination as of 12/31/2007, the prorated annual incentive amounts would be as follows: Mr. Greving \$380,103; Mr. McCarthy \$502,660; Mr. Best \$407,970; Mr. Horn \$366,730.

Early Vesting of Equity Only in the event of job elimination would the named executive receive early vesting of outstanding equity and it would be prorated. In the event of job elimination as of 12/31/2007, the prorated early vesting of equity awards would be as follows: Mr. Greving \$527,829; Mr. McCarthy \$588,184; Mr. Best \$605,337; Mr. Horn \$558,113.

Outplacement Benefits In the event that a named executive terminates and is eligible for severance under the Severance Pay Plan for Executive Vice Presidents, he or she is also eligible for outplacement benefits, which are paid directly to the provider. The Company policy for all named executives is the lesser of 20% of base salary or \$50,000. See column (f).

Termination Related to a Change in Control

What constitutes a change in control?

A change in control occurs if (1) during any period of two consecutive years the individuals serving as directors at the beginning of the period (the incumbent directors) cease for any reason to make up a majority of the Board (unless a new director is approved by the vote of at least 2/3 of the incumbent directors, in which case that director will also be an incumbent director, except that no director initially elected or nominated as a director of the Company as a result of an actual or threatened election contest will be an incumbent director); (2) any person beneficially owns more than 20% of the shares of the Company's common stock (unless the person is a subsidiary of the Company, employee benefit plan maintained by the Company or a subsidiary, an underwriter temporarily holding the Company's shares pursuant to an offering of shares, or the person's ownership is the result of a reorganization or sale that is a non-qualifying transaction); (3) the consummation of a merger, consolidation, statutory share exchange or similar corporate transaction involving us or any of our subsidiaries that requires approval of our stockholders, or sale or other disposition of all or substantially all of our assets to an entity that is not an affiliate of the Company, or other specified transactions where essentially the ultimate control as it existed immediately prior to the transaction has not changed, and at least a majority of the directors of the surviving parent corporation were incumbent directors of the Company prior to the transaction; and (4) the stockholders of the Company approve a plan of complete liquidation or dissolution of the Company.

Are any executives covered under change-in-control agreements?

Unum offers change-in-control severance agreements to certain senior officers, including Mr. Best, Mr. Greving, Mr. McCarthy and Mr. Horn, as determined by the Human Capital Committee. Mr. Watjen's employment agreement outlines his change-in-control severance agreements and is discussed in more detail beginning on page 66.

What benefits are provided under these agreements?

These agreements provide a number of benefits in the event we terminate a senior officer's employment without cause or the officer resigns for good reason (as described above) within a two-year period following a change in

Table of Contents

control. The agreements also provide benefits prior to a change in control (1) for reasons that would have constituted a Good Reason or Without Cause termination if they had occurred following a change in control, (2) at the request of a third party who had indicated an intention or taken steps to effect a change in control and a change in control involving the third party does occur. The severance benefits include:

Payment of two times base salary and annual incentive (based on higher of pre-change-in-control salary and actual annual incentive or current salary and annual incentive target);

Pro rata annual incentive for the year of termination, based on assumed performance at the target level;

Two years additional age and service credit towards pension benefit accrual, including both qualified and supplemental plans;

Continued medical and dental coverage for two years (secondary to coverage obtained from subsequent employer);

Vesting of all equity-based awards, which, in the case of options, shall remain exercisable for ninety days from the date of termination;

Vesting of accrued pension benefits, including both qualified and supplemental retirement plans; and

Payment of all deferred compensation and outplacement services in accordance with our policies.

If any payments under the agreement would be subject to any excise tax under Section 4999 of the Internal Revenue Code, we will provide an additional payment so that these individuals retain a net amount equal to the payments each would have retained if the excise tax had not been applied, unless a reduction in the payments by no more than 10% would result in no excise tax being owed.

(1) All amounts in the table assume a termination date of December 31, 2007. Our Change-in-Control arrangements require both a Change-in-Control and a termination in order for the benefits to be payable. The in-the-money value of vested, unexercised stock options held by the named executive are not included in the tables because their value is not impacted by a termination.

(2) For Mr. Watjen, Termination related to a Change in Control in the event of termination without Cause or Resignation with Good Reason within two years following a Change in Control or within 12 months of a Potential Change in Control (i.e., within 12 months of the Company entering into an agreement for a transaction that would constitute a Change in Control if consummated). In either event, he would be entitled to:

Severance Three times the sum of his annual base salary and the average annual incentive paid to him in the three years prior to the date of termination. See column (b). Additional details related to his employment agreement are provided below.

Prorated Annual Incentive A prorated annual incentive based on a three-year average of his annual incentive awards. See column (c).

Early Vesting of Restricted Stock Accelerated vesting of Mr. Watjen's stock options, restricted stock and other equity based awards granted after July 1, 1999. Thus, the amount in the table represents the value of all outstanding unvested restricted stock awards for Mr. Watjen at a market price of \$23.79 (December 31, 2007, close price). See column (d).

Benefit Continuation Provision of health and welfare benefits at the same level, terms and conditions that existed prior to termination for a period of thirty-six months. The amounts shown reflect the estimated present value cost of programs currently in place for the average Company employee, and are not specific to Mr. Watjen. See column (e).

Outplacement Benefits In the event that a named executive terminates and is eligible for severance, he or she is also eligible for outplacement benefits, which are paid directly to the provider. The Company policy for all named executives is the lesser of 20% of base salary or \$50,000. See column (f).
Pension Enhancement A lump sum payment representing the increase in present value of his retirement benefits as if he had accumulated three additional years of age and service. The amount in the table reflects this lump-sum payment which would be due under this termination scenario. See column (g).

Estimated Tax Gross Up If any payments pursuant to Mr. Watjen's employment agreement or otherwise would be subject to any excise tax under Section 4999 of the Internal Revenue Code, the Company will provide an additional payment such that he retain a net amount equal to the payments he would have retained if such excise tax had not applied. If the value of the benefits (calculated in accordance with the IRS rules) exceeds the IRS limit by 10% or less, then the benefits would be reduced to avoid the excise tax. Mr. Watjen's payments would exceed the IRS limit by more than 10%, and as a result, an additional payment is made. See column (h).

Reduction in CIC benefits As indicated above, in the event the payment is within 10% of the IRS limit which results in no excise tax, the payment is reduced. See column (i).

- (3) In the event of a termination without Cause or Resignation for Good Reason within two years following a Change in Control or Potential Change in Control (as defined below under Change in Control Severance Agreements), Messrs. Greiving, McCarthy and Best would be entitled to:

Severance A severance payment in the amount of two times base salary and annual incentive (based on higher of pre-change-in-control salary and actual annual incentive or current salary and annual incentive target). See column (b).

Prorated Annual Incentive A prorated annual incentive (higher of pre-change-in-control actual annual incentive or current annual incentive target) in the event of termination within a 24 month period following a Change in Control. See column (c).

Early Vesting of Restricted Stock Immediate vesting of all unvested equity grants with the exception of the Equity Performance Grant. See column (d).

Vesting of Equity Performance Grant Upon CIC,

of PRSUs earned are based on stock appreciation curve, and paid at consummation of CIC

Remaining unearned PRSUs:

50% convert to restricted stock units and would be settled at the earlier of involuntary termination without cause, termination for good reason or 12/31/2011.

Remaining 50% are forfeited

Benefit Continuation Provision of health and welfare benefits at the same level, terms and conditions that existed prior to termination for a period of twenty-four months following the date of termination. The amounts shown reflect the estimated present value cost of programs currently in place for the average Company employee, and are not specific to each named executive. See column (e).

Outplacement Benefits In the event that a named executive terminates and is eligible for severance, he or she is also eligible for outplacement benefits, which are paid directly to the provider. The Company policy for all named executives is the lesser of 20% of base salary or \$50,000. See column (f).

Pension Enhancement A lump sum payment representing the increase in present value of the named executive's retirement benefits as if he had accumulated two additional years of age and service. The amounts in the table reflect these lump-sum payments which would be due under this termination scenario. See column (g).

Estimated Tax Gross Up If any payments pursuant to the agreement or otherwise would be subject to any excise tax under Section 4999 of the Internal Revenue Code, an additional payment such that the named executive retains a net amount equal to the payments each would have retained if such excise tax had not applied. If the value of the benefits (calculated in accordance with the IRS rules) exceeds the IRS limit by 10% or less, then the benefits would be reduced to avoid the excise tax. Each of the named executive's payments would exceed the IRS limit by more than 10%, and as a result, an additional payment is made. See column (h).

Reduction in CIC benefits As indicated above, in the event the payment is within 10% of the IRS limit which results in no excise tax, the payment is reduced. None of the executive's payments are within the 10% limit and therefore, are not reduced. See column (i).

EMPLOYMENT AGREEMENTS

What are employment agreements?

Employment agreements are negotiated contracts under which the terms of an executive's employment are outlined. The terms are intended to represent the competitive market while at the same time serve to attract and retain the contracted executive.

Which named executives are covered under an employment agreement?

Mr. Watjen is the only named executive covered under an employment agreement.

What are the terms of Mr. Watjen's employment agreement?

Mr. Watjen's employment agreement, which was originally effective January 1, 2002, and amended on December 16, 2005, currently extends through December 16, 2009, and is subject to automatic one-year extensions unless either party elects not to renew. Under the terms of his agreement, Mr. Watjen is paid a salary of \$1,050,000 and is eligible for a target annual incentive of not less than 120% of his base salary, excluding any special or supplemental bonuses that may be awarded. He is also eligible to participate in all incentive, saving, retirement, health, welfare and fringe benefit plans and programs generally available to our other senior executive officers.

Is Mr. Watjen entitled to receive retirement benefits?

Yes, Mr. Watjen's employment agreement provides for retirement benefits. He is entitled to a minimum annual retirement benefit equal to 2.5% of his final average earnings multiplied by his years of service (as defined in his employment agreement) up to 20 years. If he retires after age 55, but prior to age 60, his benefit will be reduced by 5% for each year under 60. The minimum annual retirement benefit in the employment agreement will be reduced by any benefits payable to him under our Qualified Pension Plan and Excess Plan. In addition, Mr. Watjen is entitled to post-retirement welfare benefit coverage under the terms of our applicable plans to the extent that it provides such coverage. He will receive full credit for all his years of service with us for all purposes except for the post-retirement medical plan. Service credit for this plan will be awarded based on the terms of the plan.

Does Mr. Watjen's agreement include a severance package?

In the event Mr. Watjen's employment is terminated without cause or he resigns for good reason (as described above), he will receive the following severance benefits:

An amount equal to three times the sum of his annual base salary and the average annual incentive paid to him in the three years prior to the date of termination;

Accrued obligations for salary and a pro-rata annual incentive for the portion of the year preceding termination;

A lump sum payment representing the increase in present value of his retirement benefit as if he had accumulated three additional years of age and service;

Continuation of health and welfare benefits for a period of up to three years; and

Vesting of all equity awards granted after July 1, 1999, to the extent these awards would have vested if he had remained employed through the expiration of the term of his agreement. Additionally, any options will remain exercisable through the later of (i) the post-termination expiration date specified in the original option agreement, (ii) December 31 of the year in which his termination of employment occurs, or (iii) the 15th day of the third month following his date of termination, but not exceeding the expiration of their initial term.

If we terminate Mr. Watjen's employment without cause or he resigns for good reason within the 12-month period following a potential change in control, as described above, or within the two-year period following an actual change in control, also described above, all of his equity awards granted after July 1, 1999, would fully vest other than the Equity Performance Grant.

If we terminate Mr. Watjen's employment for cause or he resigns without good reason, he would not receive severance or other benefits from us other than benefits accrued under the paid-time off program and the retirement plans.

If any payments under this agreement would be subject to any excise tax under Section 4999 of the Internal Revenue Code, we will provide an additional payment so that Mr. Watjen would retain a net amount equal to the payments he would have retained if the excise tax had not applied, unless a reduction in the payments by no more than 10% would result in no excise tax being owed.

Is Mr. Watjen under a non-compete agreement if he leaves Unum?

Yes. His employment agreement prohibits Mr. Watjen from using or divulging confidential information and from competing with us or soliciting our employees for a period of 18 months after his employment terminates. These non-competition and non-solicitation covenants would expire if a change in control occurs.

COMPENSATION OF DIRECTORS

Who is responsible for determining the compensation of directors?

The Human Capital Committee is responsible for determining the compensation of directors. In doing so, the Human Capital Committee sought advice from Towers Perrin. The retainer and fee arrangements for non-employee directors are contained in the Non-Employee Director Compensation Plan of 2004 (Director Plan).

How are directors compensated?

Non-employee directors are paid an annual retainer of \$80,000. In addition to the annual retainer, each Director receives an annual restricted stock grant of \$50,000. The Chairman of the Board received a retainer of \$40,000 per quarter in 2007 in addition to the annual retainer. The chairs of the standing Committees (other than the Audit Committee) receive an additional retainer of \$7,500 annually. In March 2007, the Board approved an annual retainer of \$15,000 for the Audit Committee chair given the increased demands of that position. Retainers are prorated for a director who joins the Board or becomes the chair of a Committee after the Annual Meeting. In addition to the annual retainer, non-employee directors are paid \$2,000 for each meeting they attend in person and \$500 for each conference call meeting of the Board and of the Committees on which they participate. Non-employee directors can elect to receive all or a portion of their cash compensation in deferred share rights (the right to receive one share of common stock on the payment date) under the terms of the Company's Director Plan.

We also pay directors' expenses for attending meetings of the Board and Committees or other meetings relating to Company business.

The table below provides details of the compensation for each person who served as a non-employee director during 2007.

The amount of the annual compensation that was deferred into deferred share rights was: Mr. Caulfield \$146,875, Mr. Fossel \$40,000, Ms. Godwin \$111,500, Dr. Goldsberry \$124,000, Mr. Kinser \$97,750, Ms. Larson \$110,500, Mr. MacMillan \$21,875, Mr. Passarella \$33,000, and Mr. Ryan \$55,250. As of December 31, 2007, the aggregate deferred shares rights of our non-employee directors is as follows:

Mr. Caulfield	5,285	Mr. Kinser	13,405	Mr. Muhl	0
Mr. Fossel	7,768	Ms. Larson	18,166	Mr. Passarella	1,903

Dr. Goldsberry	17,629	Mr. MacMillan	5,226		

For those directors who elect deferred share rights for meeting fees, the amounts shown above do not include shares earned during 4th quarter 2007 since these are paid in arrears and were converted on the first business day of 2008.

- (2) As part of their annual retainer, the Board of Directors were paid an additional \$50,000 of which was converted into restricted stock on May 18, 2007. They were each granted 1,840 shares under the Unum Group Stock Incentive Plan of 2007. The amounts shown are the FAS123R expense taken during 2007 for these shares. Due to Mr. Maclellan's retirement, he did not receive restricted stock.
- (3) Two of our current directors and one retired director have outstanding stock options. The aggregate number of option awards outstanding at fiscal year end for each are as follows:

Dr. Goldsberry	9,533
Mr. Maclellan (retired)	38,179

Edgar Filing: Unum Group - Form DEF 14A

Mr. MacMillan

8,331

- (4) The amounts shown here represent dividend reinvestment earnings on the deferred share rights in each Director's account.
- (5) Amounts represent matching gifts made on behalf of the named director, to qualified non-profit organizations and educational institutions. The Matching Gifts Program is available to employees and non-employee directors, and will match eligible gifts to qualified charities from a minimum of \$50 to an aggregate maximum gift of \$7,500 per non-employee director, per calendar year. Unum inadvertently paid an additional \$1,000 in gifts on behalf of Dr. Goldsberry and decided not to request a return of the gift from the charity.
- (6) Mr. Maclellan retired from the Board of Directors effective May 18, 2007.

Table of Contents

Is Mr. Watjen paid for his services as a director?

No. Employees of Unum are not compensated for their services as directors of the Company or any of its subsidiaries.

How often is director compensation reviewed?

Compensation for outside directors is reviewed on an annual basis. Based on a competitive assessment of non-employee director compensation conducted by Towers Perrin, the Board increased director compensation in March 2007 to be more consistent with the competitive market and to recognize the growing demands placed on the Board by the Sarbanes-Oxley Act of 2002 and other regulatory requirements. The increase was in the form of an annual restricted stock grant of \$50,000 per outside director to better align directors' interests with that of stockholders. This grant became effective with the annual meeting in May 2007 and is made through the Stock Incentive Plan of 2007 which was approved by stockholders at that meeting. The change moves Unum directors to market median compensation levels and shifts the cash/stock mix of compensation closer to market practice.

What benchmarking or research is done with regard to director pay?

Director compensation is compared to both the proxy peer group as described in the Compensation Discussion and Analysis and a general industry peer group consisting of 65 companies in Towers Perrin's outside director database with market caps ranging from \$5 to \$12 billion. As with executive pay, this peer group data is used for determining market practices with respect to director compensation. Unum targets the 50th percentile of this peer group in order to ensure that we can attract and retain directors with the appropriate leadership experience and skills. In addition to market data, workload is considered when setting director compensation.

Are there stock ownership guidelines for directors?

Yes. Prior to 2008, each director had a stock ownership goal of 20,000 shares of Unum common stock. That goal had to be achieved within five years of the adoption of the goal in December 2003, or, for new directors, within five years of initial election to the Board. As part of the annual review of director compensation practices in 2007, the decision was made to change the ownership goal to a multiple of the annual retainer. Effective January 2008, we adopted an ownership requirement of 3 times a director's annual cash retainer of \$80,000. The directors' ownership requirement of having shares with a value of \$240,000 is at a competitive level. Directors continue to have five years from their date of election to reach the requirement. Unum's management provides the Human Capital Committee with an ownership summary for each director on an annual basis. The Human Capital Committee will make a subjective assessment of the appropriate action to take for any director who is not reaching the ownership goal in a timely manner. As of December 31, 2007, six of the 10 non-employee directors have met the ownership goal.

Under the *Corporate Governance Guidelines*, each director is expected to retain stock received as a result of director compensation for at least three years from the time the stock vests and should retain at least the number of shares in the ownership goal until retirement from the Board.

Do directors receive any other benefits?

Directors are eligible to participate in our employee matching gifts program, under which individual charitable contributions are matched by us. This program is an important way us to directly support non-profit organizations and educational institutions. Under this program, eligible gifts from a minimum of \$50 to an aggregate maximum gift of \$7,500 are matched on a \$1 for \$1 basis per year. Gifts to accredited colleges, universities, graduate schools, and secondary and elementary schools within the United States are matched on a \$2 for \$1 basis.

Table of Contents

Are directors eligible for retirement pay?

No. Directors of the former Provident Companies participating in the director retirement program were required in 1998 to convert their accrued account balance on a net present value basis to either stock options or deferred share rights issued under the Non-Employee Director Compensation Plan. Mr. Goldsberry, as a director of the former UNUM, is entitled under a former UNUM plan to receive an annual consulting fee fixed at \$27,500 for the number of full years served as of May 31, 1997.

APPROVAL OF THE MANAGEMENT INCENTIVE COMPENSATION PLAN OF 2008

(Item 2 on the Proxy Card)

On February 21, 2008, the Board of Directors adopted the Unum Group Management Incentive Compensation Plan of 2008 (the 2008 MICP) to be effective as of January 1, 2008. Stockholder approval is sought to qualify the plan for purposes of Section 162(m) of the Code. If stockholder approval is not received, the Human Capital Committee (the Committee) will determine whether to adopt a non-qualified annual incentive compensation plan, and what the terms and conditions of such a plan would be.

Unum Group previously maintained the UnumProvident Corporation Management Incentive Compensation Plan of 2004 (the 2004 MICP), which provided for the grant of annual incentive awards to officers and key employees and the possible deferral of such awards. This plan expires in 2008.

A summary of the 2008 MICP is set forth below. The summary is qualified in its entirety by reference to the full text of the 2008 MICP, which is included in this Proxy Statement as Exhibit A.

Summary of the 2008 MICP

Purpose and Design. The purpose of the 2008 MICP is to motivate participants to perform in a way that will enable Unum Group to reach or exceed its goals. The Plan is a cash-based annual incentive plan, consisting of two subparts: (i) the Executive Officer Incentive Plan, under which incentive awards to designated executive officers are based upon the achievement of objectively determinable corporate performance goals measured over a period of up to twelve months; and (ii) the Employee Incentive Plan, under which incentive awards to employees or officers who are not participants in the Executive Officer Incentive Plan are based upon the achievement of corporate and/or individual performance goals measured over a period of up to twelve months.

Executive Officer Incentive Plan. Awards under the Executive Officer Incentive Plan are intended to be compliant with the requirements of Section 162(m) of the Internal Revenue Code (the Code) and fully deductible by Unum Group. The Human Capital Committee may not increase the maximum amount payable to any individual as established under the Plan or with respect to an incentive award, but retains the discretionary authority to reduce the amount. The plan establishes a threshold criteria of two times the after tax amount required to cover interest on corporate debt and stockholder dividends for the prior fiscal year ending on December 31 (for this purpose, operating earnings includes both GAAP and statutory operating income from Unum Group's subsidiaries which is available to the holding company) to permit any awards to be made under the Plan. The Committee may establish other factors to take into consideration in implementing its discretion, including, but not limited to, corporate or business unit performance against budgeted financial goals (e.g., operating income or revenue), achievement of non-financial goals, economic and relative performance considerations and assessments of individual performance. The Committee also may adjust any performance goals during or after a plan year to mitigate the unbudgeted impact of unusual or non-recurring gains and losses, accounting changes, acquisitions, divestitures or extraordinary items within the meaning of generally accepted accounting principles and that were not foreseen at the time such performance goals were established; provided that such adjustments would not, in the reasonable judgment of the Committee, prevent the award from qualifying for the performance-based exemption from Section 162(m) of the Code.

Employee Incentive Plan. The Human Capital Committee may designate any officer or employee, or any category of employees, of Unum Group or its subsidiaries for participation in the Employee Incentive Plan for a given year, but no person may participate in both the Executive Officer Incentive Plan and the Employee Incentive Plan in the same year. Incentive Awards payable under the Employee Incentive Plan will be subject to the deduction limits imposed under Section 162(m) of the Code, to the extent applicable. Awards under the Employee Incentive Plan are based on an individual's contribution to the business of Unum Group, as determined by the Committee, which contribution may be assessed on subjective as well as objective measures. Performance

Table of Contents

goals may, but need not, be the same as the performance goals under the Executive Officer Incentive Plan, and may be different for different Participants within the Employee Incentive Plan. The Committee may choose to increase or decrease an award under the Employee Incentive Plan, regardless of the attainment a performance goal.

Eligibility. Participation in the 2008 MICP is limited to employees of Unum Group and its subsidiaries at job levels approved by the Human Capital Committee, which, as of December 31, 2007, included approximately five (5) people in the Executive Officer Incentive Plan and approximately 9,700 people in the Employee Incentive Plan.

Plan Administration. The 2008 MICP will be administered by the Human Capital Committee of the Board of Directors. The Committee has the authority and discretion to:

- Designate participants;
- Establish the goals and target incentive awards for each year and determine whether or to what extent performance goals were achieved in a given year;
- Determine the amount of actual awards under the Executive Officer Incentive Plan for each year, or determine amount of actual awards or the methodology for determination and the aggregate amount of awards under the Employee Incentive Plan, subject to the terms of the plan;
- Increase, reduce or eliminate any incentive award payable under the Employee Incentive Plan, regardless of the achievement of performance goals;
- Reduce or eliminate (but not increase) any incentive award payable under the Executive Officer Incentive Plan, regardless of the achievement of performance goals;
- Decide all other matters that must be determined in connection with an incentive award;
- Establish, adopt or revise any rules or procedures as it may deem necessary or advisable to administer the 2008 MICP;
- Make all other decisions and determinations that may be required under the 2008 MICP or as the Human Capital Committee deems necessary or advisable to administer the 2008 MICP;
- Amend, modify or terminate the 2008 MICP; and
- Adopt such modifications, procedures, and subplans as may be necessary or desirable to effectuate the compensation incentive objectives of Unum Group or to comply with provisions of the laws of non-U.S. jurisdictions in which Unum Group or any affiliate may operate, in order to assure the viability of the benefits of awards granted to participants located in such other jurisdictions and to meet the objectives of the 2008 MICP; provided, however, that any such modifications, procedures and subplans shall not apply with respect to participation in the Executive Officer Incentive Plan if they would cause incentive awards thereunder to fail to qualify as performance-based compensation as defined in Code Section 162(m).

The Human Capital Committee may expressly delegate to the Chief Executive Officer or the Chair of the Human Capital Committee some or all of the Committee's authority under the first four items in the preceding list with respect to the Employee Incentive Plan, pursuant to guidelines approved by the Committee.

Termination and Amendment

The Human Capital Committee may at any time and from time to time alter, amend, suspend or terminate the 2008 MICP in whole or in part, but no amendment that requires stockholder approval in order for the Executive Officer Incentive Plan to continue to comply with the performance-based compensation exemption from Section 162(m) of the Code will be effective unless it is approved by the Committee and the requisite vote of the stockholders of Unum Group.

Certain Federal Income Tax Effects

Under current United States federal income tax regulations, when a participant receives payment of a cash incentive award under either the Executive Officer Incentive Plan or the Employee Incentive Plan, the amount of

Table of Contents

cash will be ordinary income to the participant and will be allowed as a deduction for federal income tax purposes to Unum Group.

Benefits to Named Executives and Others

In February 2008, the Human Capital Committee established the performance goals and target awards under the Executive Officer Incentive Plan and Employee Incentive Plan under the 2008 MICP for performance during calendar year 2008. Actual awards will depend on whether and to what degree the performance goals are met, which cannot currently be determined.

Approval.

Approval of the 2008 MICP requires the affirmative vote of at least a majority of the votes entitled to be cast by stockholders represented and entitled to vote at the Meeting.

THE BOARD UNANIMOUSLY RECOMMENDS THAT YOU VOTE FOR THE APPROVAL OF THE MANAGEMENT INCENTIVE COMPENSATION PLAN OF 2008.

Proxies solicited by the Board of Directors will be voted FOR this proposal, unless you specify otherwise in your proxy.

**APPROVAL OF THE UNUM LIMITED
SAVINGS-RELATED SHARE OPTION SCHEME 2008**

(Item 3 on the Proxy Card)

Unum Limited (the Company) is a wholly-owned, indirect subsidiary of Unum Group (Unum), and the Company is incorporated in England and Wales. On February 21, 2008, the Board of Directors of the Company adopted the Unum Limited Savings-Related Share Option Scheme 2008 (the Plan) to be effective upon its approval by Unum stockholders. The basic principles of this Plan are similar to those of plans known in the United States as employee stock purchase plans.

We have maintained a Savings-Related Share Option Scheme for our employees which allowed employees to purchase shares of Unum common stock. That plan had designated a certain number of shares to be available for use in the Plan. With the grants being made for 2008, we estimate that there will not be enough shares remaining in the Plan to make any subsequent awards.

A summary of the Plan is set forth below. The summary is qualified in its entirety by the full text of the Plan which is included in this Proxy Statement as Exhibit B.

Summary of the Plan

Purpose and Design

The purpose of the Plan is to permit an employee to acquire ownership of shares of Unum common stock at a discount of 15% to the closing quote on the New York Stock Exchange on the day the eligible employee is invited to participate in the Plan. The Plan is solely a stock-based plan and no cash awards will be made.

Description of Material Terms and Conditions

The board of the Company may, in its discretion, invite all eligible employees in writing to apply for the grant of Options. Under this plan an Option is a right to acquire shares of the Unum common stock by purchase or subscription granted pursuant to the Plan. The terms of the invitations shall be the same for all eligible employees. The invitations state the price at which the shares may be acquired on the exercise of the Option granted in response to the application. The letter of invitation sets forth the choices to be made by the eligible employee in his or her application to participate in the Plan. The invited employee must choose whether to save his or her contributions to the plan for a three or five year period. He or she also must set forth the amount to be saved each month, an amount between £10 or, in multiples of £1, up to a maximum of the greater of £250 or the maximum permitted by law. The contributions to savings are made through payroll deduction and deposited into that employee's account/contract with the bank selected by us to be the savings institution for the Plan. As a part of the process the participant will establish a bank account with this institution.

The number of shares to be granted in the Option is determined from the acquisition price (set forth in the invitation), the amount to be saved (set by the invited employee) each month and the length of the Option contract (also set by the employee.) The length of the Option can be either three years or five years. At the end of the selected contract period, the participant may acquire the number of shares set forth in the Option at the acquisition price as defined above or may elect to forego that purchase and retain the funds saved.

If the applicant/eligible employee is still an employee on the date the Option is granted, the Board will grant an Option for the number of shares in the application and issue an Option Certificate for that number of shares. In addition, if any interest is payable on the savings in the account, those monies may also be used to augment the savings in order to purchase shares up to the number set forth in the Option. A partially exercised Option results in the lapse of the remainder of that Option.

Table of Contents

A total of 200,000 shares of Unum common stock are to be made available for use in the Plan. Shares which are already in issue when placed under Option and any Shares comprised in any Option which has been exercised, shall be included for the purpose of calculating the number of Shares under option as well as the number of Shares available for placing under Option. Any Shares granted under an option that has lapsed without exercise shall be excluded for the purpose of calculating the number of Shares under Option as well as the number of Shares available for placing under Option.

Eligibility

A person is an eligible employee if he or she meets the criteria set forth in the Plan, primarily that the person has been an employee for at least six (6) weeks as of the day prior to the issuance of invitations to participate and who is taxable as an employee under the Income Tax (Earnings and Pensions) Act of 2003 (English law). An Option may be granted only to a person who is an employee at the time of invitation and the time of the grant. An Option can be exercised to purchase shares only if the person seeking to acquire shares is an employee of the Company at that time. The Option holder has six months after the first date on which the Option may be exercised to effect such exercise. Failure to exercise within this time period results in the lapse of the Option. The Plan also contains provisions for the exercise or lapse of the Option in the event of death, disability, pregnancy, end of employment other than by retirement, retirement at the usual age, early retirement, or the merger or termination of the Company or its parent corporations for any reason. As of December 31, 2007 there were approximately 1,050 persons eligible to participate in the Plan.

Plan Administration

The board of Unum Group has sole discretion to make and vary such regulations (not being inconsistent with the Plan) for the implementation and administration of the Plan. The decision of the board of Unum Group shall be final and binding in all matters relating to the Plan (other than in the case of matters to be determined or confirmed by the Auditors in accordance with the Plan). The costs of establishing and administering the Plan shall be borne by Unum Limited.

Termination and Amendment

The board of directors of Unum may at any time, by resolution, terminate the Plan. Absent any such action, the Plan will expire five (5) years from the later of the date of approval by the stockholders of Unum or the date of approval of the Plan by Her Majesty's Revenue and Customs (the HMRC). **APPROVAL OF THE UNUM IRELAND LIMITED
SAVINGS-RELATED SHARE OPTION SCHEME 2008**

(Item 4 on the Proxy Card)

Unum Ireland Limited (the Company) is a wholly-owned, indirect subsidiary of Unum Group (Unum), and the Company is incorporated in Ireland. On February 21, 2008, the Board of Directors of the Company adopted the Unum Ireland Limited Savings-Related Share Option Scheme 2008 (the Plan) to be effective upon its approval by Unum stockholders. The basic principles of this Plan are similar to those of plans known in the United States as employee stock purchase plans.

We have had no prior similar plan.

A summary of the Plan is set forth below. The summary is qualified in its entirety by the full text of the Plan which is included in this Proxy Statement as Exhibit C.

Summary of the Plan

Purpose and Design

The purpose of the Plan is to permit an employee of the Company to acquire ownership of shares of the common stock of Unum at a discount of 15% to the closing quote on the New York Stock Exchange on the day the eligible employee is invited to participate in the Plan. The Plan is solely a stock-based plan and no cash awards will be made.

Description of Material Terms and Conditions

The board of the Company may, in its discretion, invite all eligible employees in writing to apply for the grant of Options. Under this plan an Option is a right to acquire shares of the Unum common stock by purchase or subscription granted pursuant to the Plan. The terms of the invitations shall be the same for all eligible employees. The invitations state the price at which the shares may be acquired on the exercise of the Option granted in response to the application. The letter of invitation sets forth the choices to be made by the eligible employee in his or her application to participate in the Plan. The invited employee must choose whether to save his or her contributions to the plan for a three or five year period. He or she also must set forth the amount to be saved each month, an amount between \$12 or, in multiples of \$1, up to a maximum of the greater of \$320 or the maximum permitted by law. The contributions to savings are made through payroll deduction by the Company and deposited into that employee's account/contract with the bank selected by the Company to be the savings institution for the Plan. As a part of the process the participant will establish a bank account with this institution.

The number of shares to be granted in the Option is determined from the acquisition price (set forth in the invitation), the amount to be saved (set by the invited employee) each month and the length of the Option contract (also set by the employee). The length of the Option can be either three years or five years, provided that the Board of Directors of the Company permits the invitees to select between the two periods. At the end of the selected contract period, the participant may acquire the number of shares set forth in the Option at the acquisition price as defined above or may elect to forego that purchase and retain the funds saved.

If the applicant/eligible employee is still an employee on the date the Option is granted, the Board will grant an Option for the number of shares in the application and issue an Option Certificate for that number of shares. In addition, if any interest is payable on the savings in the account, those monies may also be used to augment the savings in order to purchase shares up to the number set forth in the Option. A partially exercised Option result in the lapse of the remainder of that Option.

A total of 75,000 shares of Unum common stock are to be made available for use in the Plan. Shares which are already in issue when placed under Option and any Shares comprised in any Option which has been exercised,

Table of Contents

shall be included for the purpose of calculating the number of Shares under option as well as the number of Shares available for placing under Option. Any Shares granted under an option that has lapsed without exercise shall be excluded for the purpose of calculating the number of Shares under Option as well as the number of Shares available for placing under Option.

Eligibility

A person is an eligible employee if he or she meets the criteria set forth in the Plan, primarily that the person has been an employee for at least six (6) weeks as of the day prior to the issuance of invitations to participate and who is taxable as an employee under Schedule E (Irish law). An Option may be granted only to a person who is an employee at the time of invitation and the time of the grant. An Option can be exercised to purchase shares only if the person seeking to acquire shares is an employee of the Company at that time. The Option holder has six months after the first date on which the Option may be exercised to effect such exercise. Failure to exercise within this time period results in the lapse of the Option. The Plan also contains provisions for the exercise or lapse of the Option in the event of death, disability, pregnancy, end of employment other than by retirement, retirement at the usual age, early retirement, or the merger or termination of the Company or its parent corporations for any reason. Approximately 300 persons will eligible to participate in the Plan once the Company is fully staffed over the next three years. For 2008, it is expected that there will 50 employees eligible to participate.

Plan Administration

The board of Unum Group has sole discretion to make and vary such regulations (not being inconsistent with the Plan) for the implementation and administration of the Plan. The decision of the board of Unum Group shall be final and binding in all matters relating to the Plan (other than in the case of matters to be determined or confirmed by the Auditors in accordance with the Plan). The costs of establishing and administering the Plan shall be borne by Unum Ireland Limited.

Termination and Amendment

The board of directors of Unum may at any time, by resolution, terminate the Plan. Absent any such action, the Plan will expire five (5) years from the later of the date of approval by the stockholders of Unum or the date of approval of the Plan by the Revenue Commissioners. Upon any termination no further Options may be granted but such termination shall be without prejudice to any accrued rights in existence as of the date of termination.

The board of Unum Group may, prior to approval of the Plan by the Revenue Commissioners amend, alter or otherwise modify the terms and conditions of the Plan as may be necessary in order to obtain such approval. After the date on which the Plan is approved by the Revenue Commissioners, the terms and conditions may be amended in any respect by resolution of the board of Unum Group provided that stockholder approval shall be required for any of the following:

Any such change which would materially increase the benefits to the eligible employees and optionholders or would increase the number of shares to be made available to the Plan; and

Any amendment which would abrogate or adversely affect the then current rights of optionholders.

For so long as the board of Unum Group determines that the Plan is to continue to be approved by the Revenue Commissioners, no amendment to a feature required by law shall have effect until approved by the Revenue Commissioners.

Notwithstanding the foregoing, the Plan provides that any amendment or addition which the board of Unum Group considers necessary or desirable in order to benefit the administration of the Plan, comply with or take account of the provisions or any proposed or existing legislation, take account of any changes to the capital structure of Unum, obtain or maintain favorable tax or regulatory treatment (by, from or with respect to any

Written notice of any material amendments to the Plan shall be given to all optionholders by Unum Ireland Limited within a reasonable time after any such amendment is approved.

Current Federal Income Tax Effects

None of the participants are citizens of the United States and therefore are not expected to be subject to taxation under Federal income tax laws and regulations. We do not expect to take any deductions on its U.S. federal taxes with respect to activity under the Plan.

**RATIFICATION OF SELECTION OF INDEPENDENT REGISTERED PUBLIC
ACCOUNTING FIRM**

(Item 5 on the Proxy Card)

The Audit Committee of the Board of Directors has selected Ernst & Young LLP as independent registered public accounting firm (independent auditors) to audit our financial statements for the current fiscal year and is recommending their selection for ratification by the stockholders. Representatives of Ernst & Young LLP are expected to be present at the Meeting to respond to appropriate questions and to make a statement if they so desire. Although ratification is not legally required, we are bringing the appointment of Ernst & Young LLP before our stockholders in the interest of good corporate governance. In the event this appointment is not ratified, the Audit Committee will reconsider the decision of selecting Ernst & Young LLP.

What fees were charged by Ernst & Young?

The fees charged by Ernst & Young as our independent registered public accounting firm are described below.

Audit Fees

The aggregate fees and expenses related to professional services rendered by Ernst & Young LLP were \$7,648,203 and \$7,591,449, respectively, for fiscal years 2007 and 2006. Services rendered by the firm were:

- the fiscal year audit of our annual financial statements;
- the interim reviews of the financial statements and internal control over financial reporting;

- services provided in connection with statutory and regulatory filings.

All Other Fees

There were no fees billed during fiscal years 2007 or 2006 for products or services other than those reported above for audit, audit-related and tax services.

Who is responsible for retaining the independent auditor?

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the independent auditors.

Does the Committee have a policy of pre-approving services performed by the independent auditor?

Yes it does. As part of its responsibility, the Audit Committee has adopted a policy that requires advance approval of all audit, audit-related, tax services and other services performed by the independent auditor. The

Table of Contents

policy provides for setting pre-approval limits for specifically defined audit and non-audit services. In pre-approving the services, the Audit Committee considers whether such services are consistent with SEC rules on auditor independence. Specific approval by the Audit Committee will be required if fees for any particular service or aggregate fees for services of a similar nature exceed the pre-approved limits.

The Audit Committee has delegated to the Chair of the Audit Committee authority to approve permitted services provided that the Chair reports any decisions to the Audit Committee at its next scheduled meeting. Under the pre-approval policies established by the Company, in 2007 100 percent of the non-audit services provided by Ernst & Young LLP were pre-approved by the Audit Committee. The Audit Committee has pre-approved certain services that may be provided by Ernst & Young LLP related to fiscal year 2008 up to specific fee limits. The pre-approved fee limits are \$100,000 for the specified audit-related services and \$55,000 for the specified tax services. The audit fees will be determined and approved after the nature, timing, and scope of the 2008 audit is validated.

What is required for ratification of the independent auditor appointment?

Ratification of the appointment of Ernst & Young LLP as our registered independent accounting public accounting firm requires the affirmative vote of at least a majority of the votes entitled to be cast by stockholders represented and entitled to vote at the Meeting.

- (1) During any period of two consecutive years, individuals who, at the beginning of such period, constitute the Board (the Incumbent Directors) cease for any reason to constitute at least a majority of the Board, provided that any person becoming a director and whose election or nomination for election was approved by a vote of at least two-thirds of the Incumbent Directors then on the Board (either by a specific vote or by approval of the proxy statement of the Company in which such person is named as a nominee for director, without written objection to such nomination) shall be an Incumbent Director; provided, however, that no individual initially elected or nominated as a director of the Company as a result of an actual or threatened election contest (as described in Rule 14a-11 under the Act) (Election Contest) or other actual or threatened solicitation of proxies or consents by or on behalf of any person (as such term is defined in Section 3(a)(9) of the Act and as used in Sections 13(d)(3) and 14(d)(2) of the Act) other than the Board (Proxy Contest), including by reason of any agreement intended to avoid or settle any Election or Contest or Proxy Contest, shall be deemed an Incumbent Director;
- (2) Any person is or becomes a beneficial owner (as defined in Rule 13d-3 under the Act), directly or indirectly, of securities of the Company representing 20% (30% with respect to deferred compensation subject to Internal Revenue Code Section 409A) or more of the combined voting power of the Company's then outstanding securities eligible to vote for the election of the Board (the Company Voting Securities); provided, however, that the event described in this paragraph (2) shall not be deemed to be a Change in Control of the Company by virtue of any of the following acquisitions: (A) by the Company or any Subsidiary, (B) by any employee benefit plan (or related trust) sponsored or maintained by the Company or any Subsidiary, (C) by an underwriter temporarily holding securities pursuant to an offering of such securities, (D) pursuant to a Non-Qualifying Transaction (as defined in paragraph (3)), or (E) a transaction (other than one described in paragraph (3) below) in which Company Voting Securities are acquired from the Company, if a majority of the Incumbent Directors approve a resolution providing expressly that the acquisition pursuant to this clause (E) does not constitute a Change in Control of the Company under this paragraph (2);
- (3) The consummation of a merger, consolidation, statutory share exchange or similar form of corporate transaction involving the Company or any of its Subsidiaries that requires the approval of the our stockholders, whether for such transaction or the issuance of securities in the transaction (a Reorganization), or sale or other disposition of all or substantially all of the Company's assets to an entity that is not an affiliate of the Company (a Sale), unless immediately following such Reorganization or Sale: (A) more than 50% of the total voting power of (x) the corporation resulting from such Reorganization or the corporation which has acquired all or substantially all of the assets of the Company (in either case, the Surviving Corporation), or (y) if applicable, the ultimate parent corporation that directly or indirectly has beneficial ownership of 100% of the voting securities eligible to elect directors of the Surviving Corporation (the Parent Corporation), is represented by the Company Voting Securities that were outstanding immediately prior to such Reorganization or Sale (or, if applicable, is represented by shares into which such Company Voting Securities were converted pursuant to such Reorganization or Sale),

and such voting power among the holders thereof is in substantially the same proportion as the voting power of such Company Voting Securities among the holders thereof immediately prior to the Reorganization or Sale, (B) no person (other than any employee benefit plan (or related trust) sponsored or maintained by the Surviving Corporation or the Parent Corporation) is or becomes the beneficial owner, directly or indirectly, of 20% (30% with respect to deferred compensation subject to Internal Revenue Code Section 409A) or more of the total voting power of the outstanding voting securities eligible to elect directors of the Parent Corporation (or, if there is no Parent Corporation, the Surviving Corporation) and (C) at least a majority of the members of the board of directors of the Parent Corporation (or, if there is no Parent Corporation, the Surviving Corporation) following the consummation of the Reorganization or Sale were Incumbent Directors at the time of the Board's approval of the execution of the initial agreement providing for such Reorganization or Sale (any Reorganization or Sale which satisfies all of the criteria specified in (A), (B) and (C) above shall be deemed to be a Non-Qualifying Transaction); or

(4) The stockholders of the Company approve a plan of complete liquidation or dissolution of the Company.

Notwithstanding the foregoing, a Change in Control of the Company shall not be deemed to occur solely because any person acquires beneficial ownership of more than 20% (30% with respect to deferred compensation subject to Internal Revenue Code Section 409A) of the Company Voting Securities as a result of the acquisition of Company Voting Securities by the Company which reduces the number of Company Voting Securities outstanding; provided, that if after such acquisition by the Company such person becomes the beneficial owner of additional Company Voting Securities that increases the percentage of outstanding Company Voting Securities beneficially owned by such person, a Change in Control of the Company shall then occur.

The Committee's interpretation of the Plan, any awards granted under the Plan, and all decisions and determinations by the Committee with respect to the Plan are and shall be final, binding, and conclusive on all parties. Each member of the Committee is entitled to, in good faith, rely or act upon any report or other information furnished to that member by any officer or other employee of the Company, the Company's independent certified public accountants, Company counsel or any executive compensation consultant or other professional retained by the Company or the Committee to assist in the administration of the Plan. - (j) Adopt such modifications, procedures, and subplans as may be necessary or desirable (i) to effectuate the compensation incentive objectives of the Company or (ii) to comply with provisions of the laws of non-U.S. jurisdictions in which the Company or any affiliate may operate, in order to assure the viability of the benefits of awards granted to Participants located in such other jurisdictions and to meet the objectives of the Plan; provided, however, that any such modifications, procedures and subplans shall not apply with respect to participation in the Executive Officer Incentive Plan if they would cause Incentive Awards thereunder to fail to qualify as performance-based compensation as defined in Code Section 162(m).

ARTICLE 4

Eligibility and Participation; Change in Control

- 4.1. **General.** Participation in the Plan is limited to such officers or employees, or categories of employees, of the Company as may be designated by the Committee from time to time. Participation in one Plan Year does not guarantee participation in any subsequent Plan Year.
- 4.2. **New Hires.** If a person is hired on or before September 30 of a Plan Year and is selected for participation in the Plan, then, unless the Committee provides otherwise, he or she will become a Participant in the Plan as of the date of hire and the Incentive Award will be prorated based on the number of days he or she participated in the Plan during the Plan Year. If the date of hire occurs after September 30 and is selected for participation in the Plan, the person will not be eligible to participate in the Plan until the following Plan Year.
- 4.3. **Promotions.** If a Participant is promoted on or before November 30 of a Plan Year from one level of employment to a higher level, his or her Incentive Award will be prorated based on the levels of his or her employment during each day of the Plan Year (rounded to the nearest pay period to the date of the promotion). If such promotion occurs after November 30, the Incentive Award for the whole Plan Year will be based on the Participant's level of employment prior to the promotion. If a person is promoted on or before November 30 of a Plan Year and is selected to participate in the Plan as a result of such promotion, then, unless the Committee provides otherwise, he or she will become a Participant in the Plan as of the date of the promotion and the Incentive Award will be prorated based on the number of days (beginning as of the day following the end of the last pay period) he or she participated in the Plan during the Plan Year. If such promotion occurs after November 30 and is selected for participation in the Plan, the person will not be eligible to participate in the Plan until the following Plan Year.

Table of Contents

- 4.4. **Demotions.** If a Participant is demoted during the Plan Year, the Committee may determine whether Plan participation ends at that time, or is continued, perhaps at a reduced level. If participation ends, his or her Incentive Award for such Plan Year will be prorated based on the number of days (beginning as of the day following the end of the last pay period) he or she participated in the Plan during the Plan Year, and such Incentive Award will be paid only if the Participant is still an employee at the time Incentive Awards are approved for that Plan Year. If a Participant is demoted but remains a Participant in the Plan, the Participant's Incentive Award will be prorated based on the levels of his or her employment during each day of the Plan Year.
- 4.5. **Death, Disability and Retirement.** Except as provided in Section 4.8, in the event of a Participant's termination of employment by reason of death, Disability or Retirement on or after March 1 of a Plan Year, the Incentive Award will be prorated based on the number of days in the Plan Year preceding the date of termination. Performance criteria will be based on full-year performance. Incentive Awards in these situations will be calculated and paid after the end of the Plan Year, the same as for other Participants. Amounts paid on behalf of a deceased Participant will be paid to the Participant's Beneficiary. In the event of a Participant's termination of employment by reason of death, Disability or Retirement before March 1 of a Plan Year, the Participant will forfeit any right to an Incentive Award for that Plan Year.
- 4.6. **Elimination of Position.**
- (a) Except as provided in Section 4.8, in the event of a Participant's termination of employment by the Company due to the elimination of the Participant's position on or after March 1 of a Plan Year, the Incentive Award will be prorated based on the number of days in the Plan Year preceding the date of termination, and the Participant will be entitled to one-half of such prorated amount. Performance criteria will be based on full-year performance. Incentive Awards in these situations will be calculated and paid after the end of the Plan Year, the same as for other Participants. In the event of a Participant's termination of employment by reason of elimination of his or her position before March 1 of a Plan Year, the Participant will forfeit any right to an Incentive Award for that Plan Year.
 - (b) In the event of a Participant's termination of employment by the Company due to the elimination of the Participant's position on or after the last business day of a Plan Year and before the time the Committee has approved the Incentive Awards for such Plan Year just ended, the Participant will be entitled to the full Incentive Award earned for such prior Plan Year. Incentive Awards in these situations will be calculated and paid after the end of the Plan Year, the same as for other Participants.
- 4.7. **Other Terminations of Employment.** Except as provided in Section 4.8, in the event of a Participant's termination of employment during a Plan Year (or after the end of a Plan Year and before the time the Committee has approved the Incentive Awards for such Plan Year) other than by reason of death, Disability or Retirement or elimination of position, the Participant will forfeit any right to an Incentive Award for that Plan Year. For terminations that occur after the time the Committee approves the Incentive Awards for a Plan Year, but before payout from the Plan for such Plan Year, payout will be made as though the termination of employment had not occurred. Solely for purposes of the Plan, the employment relationship shall be treated as continuing while the Participant is on military leave, sick leave, or other bona fide leave of absence if the period of such leave does not exceed 6 months, or if longer, so long as the individual retains a right to reemployment, or is otherwise protected, with the service recipient under an applicable statute or by contract. A termination of employment shall not occur in a circumstance in which a Participant transfers employment from the Company to employment with one of its Subsidiaries, transfers employment from a Subsidiary to the Company, or transfers employment from one Subsidiary to another Subsidiary.

Table of Contents

- 4.8. **Change in Control.** In the event of a Change in Control, the Committee will determine the Incentive Awards for each Participant that would have been earned if the Plan Year had ended as of the end of the month immediately preceding the end of the month in which the Change in Control occurs, based on actual performance through the date of the Change in Control (the "CIC Vested Awards"). Thereafter:
- (a) Each Participant who is in active employment at the end of the Plan Year shall be entitled to the greater of his or her CIC Vested Award or an Incentive Award based on actual performance for the entire Plan Year.
 - (b) If the Plan is terminated during a Plan Year upon or after the Change in Control occurs, each Participant who is in active employment at the time of such Plan termination shall be entitled to the greater of his or her CIC Vested Award or an Incentive Award based on actual performance through the date of termination of the Plan.
 - (c) If a Participant's employment is terminated by the Company without Cause during a Plan Year upon or after a Change in Control occurs, such Participant shall be entitled to the greater of his or her CIC Vested Award or an Incentive Award based on actual performance through the date of termination of employment.

ARTICLE 5

Executive Officer Incentive Plan

- 5.1. **Eligibility.** Only the CEO and such other executive officers of the Company, if any, as shall be designated by the Committee are eligible to participate in the Executive Officer Incentive Plan. The Executive Officer Incentive Plan is designed with the intent that Incentive Awards earned hereunder will be fully deductible by us without regard to the deduction limits of Section 162(m) of the Code.
- 5.2. **Incentive Awards.** Subject to Section 5.3 below, each Participant in the Executive Officer Incentive Plan shall be eligible to receive an Incentive Award not to exceed \$8 million in the event that we attain operating earnings at least equal to the product of (a) two and (b) the after tax amount required to cover interest on corporate debt and stockholder dividends for the prior fiscal year ending on December 31. For this purpose, operating earnings includes both GAAP and statutory operating income from our subsidiaries which is available to the holding company.
- 5.3. **Negative Discretion.** The Committee may not increase the amount payable under the Plan or with respect to an Incentive Award pursuant to Section 5.2, but retains the discretionary authority to reduce the amount. The Committee may establish factors to take into consideration in implementing its discretion, including, but not limited to, corporate or business unit performance against budgeted financial goals (*e.g.*, operating income or revenue), achievement of non-financial goals, economic and relative performance considerations and assessments of individual performance.
- 5.5. **Certification of Results and Payout.** As soon as possible after the audited results for the Company are available for the Plan Year, the Committee will certify the performance against the performance goals and calculate the resulting Incentive Awards under the Executive Officer Incentive Plan. The Committee shall adjust any performance goals during or after the Plan Year to mitigate the unbudgeted impact of unusual or non-recurring gains and losses, accounting changes, acquisitions, divestitures or extraordinary items within the meaning of generally accepted accounting principles and that were not foreseen at the time such performance goals were established, provided that such adjustments would not, in the reasonable judgment of the Committee, prevent the award from qualifying from the performance-based exemption from Section 162(m) of the Code. Incentive Awards earned by Participants under the Executive Officer Incentive Plan will be paid in cash within thirty (30) days after the amount has been approved by the Committee and no later than March 15 of the year following the year in which the Incentive Award is earned.

ARTICLE 6

Employee Incentive Plan

- 6.1. **Eligibility.** The Committee may designate any officer or employee, or any category of employees, of the Company or its Subsidiaries for participation in the Employee Incentive Plan for a Plan Year; provided that no person who is a participant in the Executive Officer Incentive Plan for a Plan Year is eligible to participate in the Employee Incentive Plan for that same Plan Year. Incentive Awards payable under the Employee Incentive Plan will be subject to the deduction limits imposed under Section 162(m) of the Code, to the extent applicable.
- 6.2. **Incentive Awards.** Each Participant in the Employee Incentive Plan shall be eligible to receive an Incentive Award in connection with a particular Plan Year based on an individual's contribution to the business of the Company, as determined by the Committee, which contribution may be assessed on nonobjective as well as objective measures.
- 6.3. **Establishment of Performance Goals.** Within ninety (90) days after the commencement of any Plan Year (or such later date as the Committee shall determine), the Committee will set performance goals for the Employee Incentive Plan for such Plan Year. Such performance goals may, but need not, be the same as the performance goals under the Executive Officer Incentive Plan, and may be different for different Participants within the Employee Incentive Plan. For example, the Committee may choose to use corporate performance goals in conjunction with individual performance goals, and may set different performance goals for different Participants or classes of Participants in the Employee Incentive Plan.
- 6.4. **Establishment of Incentive Award Targets.** Within ninety (90) days after the commencement of any Plan Year (or such later date as the Committee shall determine), the Committee will establish target awards under the Employee Incentive Plan and limits on payouts in excess of targets, if any. Target awards under the Employee Incentive Plan may be set as either (i) percentages of base salary, or (ii) a range of dollar amounts based on the achievement of specified performance measures, which targets may differ from Participant to Participant and from year to year. The Committee may, but is not required to, establish the weightings for each Participant for performance within any category of the performance goals. If established, the weightings would be expressed as a percent of the target award that can be earned by the Participant from performance in each category.
- 6.5. **Determination of Awards and Payout.** As soon as possible after the completion of the Plan Year, the Committee will determine the amount of Incentive Awards earned under the Employee Incentive Plan. The Committee shall have the right for any reason to increase, reduce or eliminate any Incentive Award earned under the Employee Incentive Plan, notwithstanding the achievement of (or failure to achieve) a specified performance goal. Incentive Awards earned by Participants under the Employee Incentive Plan will be paid in cash within thirty (30) days after the amount has been approved by the Committee and no later than March 15 of the year following the year in which the Incentive Award is earned.

ARTICLE 7

Amendment, Modification and Termination

- 7.1. **Amendment, Modification and Termination.** The Committee may at any time and from time to time alter, amend, suspend, or terminate the Plan in whole or in part; provided, however that no amendment that requires stockholder approval in order for the Executive Officer Incentive Plan to continue to comply with the performance-based compensation exemption from Section 162(m) of the Code shall be effective unless the same shall be approved by the Committee and the requisite vote of our stockholders.

ARTICLE 8

General Provisions

- 8.1. **Payment Recipient.** All amounts payable under the Plan shall be paid to the appropriate Participant; provided, however, that a Participant may, by written instruction during the Participant's lifetime on a form prescribed by Executive Compensation, designate one or more primary Beneficiaries to receive the amount payable hereunder following the Participant's death, and may designate the proportions in which such Beneficiaries are to receive such payments. A Participant may change such designations from time to time, and the last written designation filed with the Committee prior to the Participant's death shall control. A Beneficiary designation shall not be considered effective unless made on a form prescribed by Executive Compensation and which is delivered to Executive Compensation. If any Participant shall fail to designate a Beneficiary or shall designate a Beneficiary who shall fail to survive the Participant, the Beneficiary shall be the Participant's surviving spouse, or, if none, the Participant's surviving descendants (who shall take per stirpes) and if there are no surviving descendants, the Beneficiary shall be the Participant's estate.
- 8.2. **Non-Assignability.** None of the rights under the Plan shall be subject to the claim of any creditor of any Participant or Beneficiary, or to any legal process by any creditor of such Participant or Beneficiary, and none of them shall have any right to alienate, commute, anticipate, pledge, assign or encumber any of the rights under the Plan except to the extent expressly provided herein to the contrary.
- 8.3. **No Right to Continued Employment.** Participation in the Plan shall not give any employee any right to remain in our employ. The Plan is not to be construed as a contract of employment for any period and does not alter the at-will status of any Participant.
- 8.4. **Participant's Rights Unsecured; Waiver and Release.** The benefits payable under the Plan shall be paid by the Company each year out of its general assets. To the extent a Participant acquires the right to receive a payment under the Plan, such right shall be no greater than that of an unsecured general creditor of the Company. In consideration of the granting of the award, Participants may be required to execute an agreement which, among other things, waives and releases all claims, whether known or unknown that Participant may have against the Company, its affiliates, directors, officers, agents or employees arising out of or related to Participant's employment, except for those claims against the benefit plans of the Company. The waiver shall include such terms and conditions as shall be determined by the Committee in its discretion, provided that any such waiver and release shall comply with applicable laws and regulations, and further provided that the Committee may direct that no waiver and release shall be obtained.
- 8.5. **Income Tax Withholding.** The Company shall have the authority and the right to deduct or withhold, or require a Participant to remit to the Company, an amount sufficient to satisfy federal, state, and local taxes (including the Participant's FICA obligation) required by law to be withheld with respect to any taxable event arising as a result of the Plan.
- 8.6. **Governing Law.** This Plan, and the rights and obligations of the parties thereunder, will be governed by and construed in accordance with the laws of the State of Delaware.
- 8.7. **Titles and Headings.** The titles and headings of the Sections in the Plan are for convenience of reference only, and in the event of any conflict, the text of the Plan, rather than such titles or headings, shall control.
- 8.8. **Gender and Number.** Except where otherwise indicated by the context, any masculine term used herein also shall include the feminine; the plural shall include the singular and the singular shall include the plural.

The foregoing is hereby acknowledged as being the Unum Group Management Incentive Compensation Plan of 2008 as adopted by the Board of Directors of the Company on February 21, 2008, subject to the approval by the stockholders at the 2008 annual meeting.
