**1. What is DepotDirect?**

DepotDirect is a convenient and low-cost stock purchase program available for new investors to make an initial investment in Home Depot common stock and for existing investors to increase their holdings. Participants will have their dividends automatically reinvested in Home Depot common stock. Participants may also elect to make optional cash investments through the Program Administrator, Computershare Trust Company, N.A.

Participation in DepotDirect is voluntary and we give no advice regarding your decision to join the program. However, if you decide to participate, an enrollment form and reply envelope are enclosed for your convenience. In addition, enrollment forms are also available, and may be completed, online. You can access these services through the shareholder services section of Home Depot's website, [ir.homedepot.com](http://ir.homedepot.com), or at Computershare's website, [www.computershare.com/investor](http://www.computershare.com/investor).

**7. I am not currently a Home Depot shareholder. How do I enroll in the program?**

If you do not currently own any Home Depot common stock and you wish to become a shareholder and a participant in DepotDirect, you may join the program by using one of the following methods.

*Internet*

Go to [www.computershare.com/investor](http://www.computershare.com/investor) and follow the instructions provided for opening a Home Depot shareholder account. You will be asked to complete an online enrollment form and to submit an initial investment. To make your initial investment, you may (a) authorize a one-time deduction from your U.S. bank account for at least \$500 up to a maximum of \$250,000, or (b) establish an automatic monthly deduction from your U.S. bank account for a minimum of \$50 for at least 10 consecutive months.

*Mail*

Complete the enclosed enrollment form and return it, along with your initial investment, to the address provided. To make your initial investment, you may (a) enclose a check for a minimum of \$500 up to a maximum of \$250,000, made payable to Computershare Home Depot, or (b) authorize an automatic monthly deduction from your U.S. bank account for a minimum of \$50 for at least 10 consecutive months (an automatic investment application is provided on the reverse side of the enrollment form).

All money must be in U.S. funds and drawn on a U.S. bank. Cash, money orders, traveler's checks and third party checks will not be accepted.

Additional enrollment materials can be obtained by calling 1-877-437-4273. Please note that a one-time initial investment fee of \$5 will be deducted from your initial investment amount. See Question 8 in this prospectus supplement for a complete summary of the fees associated with the program.

**8. Are there fees associated with participation?**

Computershare will deduct a service charge for each transaction made for you, whether the transaction is a reinvestment of dividends, a purchase of shares or a sale of shares held through DepotDirect. For subsequent purchases and dividend reinvestments, that service charge is 5% of the amount of your investment, up to a maximum of \$2.50 per transaction. In addition, you will be charged your proportionate share of processing fees on each purchase transaction. Such fees include the applicable brokerage commissions Computershare is required to pay. Your share of brokerage commissions on small transactions may be less than usual since Computershare will buy or sell shares in volume for all participants.

If you ask Computershare to sell some or all of your shares, you can choose to sell through a market order or batch order sale. For a batch order sale, you will be charged an administrative service charge of \$15, plus your share of processing fees which include the applicable brokerage commissions Computershare is required to pay. Alternately, if you ask Computershare to sell some or all of your shares through a market order sale, you will be charged an administrative service charge of \$25, plus your share of processing fees which include the applicable brokerage commissions Computershare is required to pay.

**Table of Contents**

The fees associated with enrollment and participation in the program are summarized in the chart below:

	Costs to the Participant		Processing Fees (including brokerage commissions)
	One Time Fee	Service Charge	
<b>Initial Investment Fee for First-Time Investors</b>	\$5, deducted directly from the initial investment received	None	\$0.05 per share

These fees are subject to change at any time upon written notification to you. Any change in fees applies to all transactions in your program account that occur after the effective date of the change.

**10. How do I make an additional investment?**

You may make optional cash investments by choosing among the following three options:

*Check Investment.* You may make optional cash investments by sending to Computershare, the Program Administrator, a check for the purchase of additional shares. The check must be made payable to Computershare Home Depot, drawn on a U.S. bank and payable in U.S. dollars. If you are not in the United States, contact your bank to verify that they can provide you with a check that clears through a U.S. bank and can print the dollar amount in U.S. funds. Due to the longer clearance period, we are unable to accept checks clearing through non-U.S. banks. All checks should be sent to Computershare at the address listed on the tear-off form attached to each statement you receive, or, if making an investment when enrolling, with the enrollment form to the address provided in Question 27 in this prospectus supplement. Computershare will not accept cash or third party checks.

*Automatic Investment from a Bank Account.* You may elect to have funds automatically withdrawn every month from your checking or savings account at a qualified financial institution. You may elect the automatic cash withdrawal option online at [www.computershare.com/investor](http://www.computershare.com/investor) or by completing and returning an automatic debit enrollment form, along with a voided blank check or a checking or savings account deposit slip. Please allow 4 to 6 weeks for the first investment to be initiated.

Once initiated, automatic monthly deductions will continue at the level you set until you change your instruction by notifying Computershare. You may change the amount of money or terminate the automatic monthly withdrawal of funds by going to [www.computershare.com/investor](http://www.computershare.com/investor), calling Computershare directly at 1-800-577-0177 or by completing and submitting a new automatic debit enrollment form. To be effective for a particular month, Computershare must receive your request at least seven business days prior to the applicable debit date.

*Online Investments.* You may make optional cash investments online through the shareholder services section of Home Depot's website, [www.homedepot.com](http://www.homedepot.com), or at Computershare's website, [www.computershare.com/investor](http://www.computershare.com/investor). In order to purchase shares online,

Edgar Filing: HOME DEPOT INC - Form 424B3

you must authorize the withdrawal of funds from your bank account.

**12. What transactions can I conduct through Computershare's online services?**

Computershare offers you a convenient way to invest online, without having to send in any forms or checks by mail. Through Computershare's online services, you may:

Enroll in DepotDirect;

Authorize a one-time withdrawal of funds from your U.S. bank account to make your initial investment or to purchase additional shares of Home Depot common stock;

Establish automatic monthly investments;

Change your dividend reinvestment election;

Review your transaction history and position summary;

Change or terminate automatic monthly investments;

Request certificates;

Arrange for online sales of some or all of your shares;

Download enrollment and other forms;

Update personal information;

Receive transaction confirmations via email; and

Arrange to receive Home Depot annual reports and other materials over the Internet.

You can access these services through the shareholder services section of Home Depot's website, [www.homedepot.com](http://www.homedepot.com), or at Computershare's website, [www.computershare.com/investor](http://www.computershare.com/investor). Participation in DepotDirect through the Internet is entirely voluntary.

If you are currently a Home Depot shareholder, you will need your account number, social security number and password to access your account online.

**14. When will shares be purchased under the program?**

*General.* Computershare will attempt to buy Home Depot common stock in the open market through a registered broker-dealer at least twice each week, typically each Tuesday and Thursday.

If you are investing by mail, Computershare must receive your physical check at least two business days prior to an investment date. Optional cash investments not received before the applicable investment date deadline will be applied to purchase shares on the following investment date.

If you are investing online, please refer to your confirmation page for the estimated debit and investment date for your one-time deduction.

Computershare will commingle all funds received from participants. If the Tuesday of Thursday is not a day on which the New York Stock Exchange is open, then the investment will occur on the next business day. Once you have placed your order, you may not request a cash refund or otherwise change your order. No interest will be paid on funds pending investment held by Computershare.

*Automatic Monthly Withdrawals.* If you elect to make monthly investments through automatic withdrawals from your bank account, your bank account will be debited on the 25th of each month. If the 25th of the month is not a business day, then your account will be debited on the next business day. Automatic investment funds will be held by Computershare for two business days before being invested on the first investment date thereafter. For example, assuming that each day in this example is business day, if the debit date is a Friday, then your investment date would be on Tuesday, the 29th.

*Dividend Reinvestments.* Computershare will combine the dividend funds of all program participants whose dividends are automatically reinvested and will generally invest such dividend funds on the dividend payment date (and any succeeding trading days necessary to complete the order). If the dividend payment date falls on a day the New York Stock Exchange is not open, then the investment will occur on the next business day. In addition, if the dividend is payable on a day that cash is to be invested, dividend funds may be commingled with any pending cash investments and a combined order may be executed.

**Table of Contents**

**20. How may I receive a stock certificate?**

You may obtain a certificate (at no cost) for some or all of your whole shares at any time by requesting Computershare to withdraw shares from your DepotDirect account. You may make such a request by going to [www.computershare.com/investor](http://www.computershare.com/investor), calling Computershare directly at 1-800-577-0177 or by using the tear-off form attached to the account statement.

Certificates are normally issued to participants within five business days after receipt of the request. Issuing a certificate for shares held in your DepotDirect account does not affect the automatic reinvestment of your dividends unless you withdraw all of the shares held in your DepotDirect account. Please refer to Question 26 in this prospectus supplement for instructions on closing your DepotDirect account. No certificates will be issued for fractional shares of common stock; instead, the then current market value of any fractional share sold, less any processing fee, will be paid in cash.

**23. How may I sell shares I hold through the program?**

You can sell some or all of the shares held in your DepotDirect account by contacting Computershare. You have two choices when making a sale, depending on how you submit your sale request, as follows:

**Market Order:** You will have the ability to sell your shares by market order effective June 19, 2008. A market order is a request to sell shares promptly at the current market price. Market order sales are only available at [www.computershare.com/investor](http://www.computershare.com/investor) through Investor Centre or by calling Computershare directly at 1-800-577-0177. Market order sale requests received at [www.computershare.com](http://www.computershare.com) through Investor Centre or by telephone will be placed promptly upon receipt during market hours (normally 9:30 a.m. to 4:00 p.m. Eastern Time). Any orders received after 4:00 p.m. Eastern Time will be placed promptly on the next day the market is open. The price shall be the market price of the sale obtained by Computershare's broker, less a service charge of \$25 and applicable processing fees.

**Batch Order:** A batch order is an accumulation of all sales requests for a security submitted together as a collective request. Batch orders are submitted on each market day, assuming there are sale requests to be processed. Sale instructions for batch orders received by Computershare will be processed no later than five business days after the date on which the order is received (except where deferral is required under applicable federal or state laws or regulations), assuming the applicable market is open for trading and sufficient market liquidity exists. Batch order sales are available at [www.computershare.com/investor](http://www.computershare.com/investor) through Investor Centre, by calling Computershare directly at 1-800-577-0177 or in writing. All sales requests received in writing will be submitted as batch order sales. Computershare will cause your shares to be sold on the open market within five business days of receipt of your request. To maximize cost savings for batch order sale requests, Computershare will seek to sell shares in round lot transactions. For this purpose Computershare may combine each selling program participant's shares with those of other selling program participants. In every case of a batch order sale, the price to each selling program participant shall be the weighted average sale price obtained by Computershare's broker for each aggregate order placed by Computershare and executed by the broker, less a service charge of \$15 and applicable processing fees. Proceeds are normally paid by check, which are distributed within 24 hours after your sale transaction has settled.

If the dollar value of the sale is expected to be equal to or less than \$100,000, you may contact Computershare online at [www.computershare.com/investor](http://www.computershare.com/investor) or you may call Computershare directly at 1-800-577-0177. If the dollar value of the sale is expected to exceed \$100,000, you must submit your request in writing. You can do this by completing and submitting the tear-off portion of the account statement.

Computershare reserves the right to decline to process a sale if it determines, in its sole discretion, that supporting legal documentation is required. In addition, no one will have any authority or power to direct the time or price at which shares for the program are sold and no one, other than Computershare, will select the broker(s) or dealer(s) through or from whom sales are to be made.

You should be aware that the price of Home Depot common stock may rise or fall during the period between a request for sale, its receipt by Computershare and the ultimate sale on the open market. Instructions sent to Computershare to sell shares are binding and may not be rescinded. If you prefer to have complete control as to the exact timing and sales prices, you can transfer the shares to a broker.

**24. Can I transfer shares that I hold in the program to someone else?**

Yes. You may transfer ownership of some or all of your shares held through DepotDirect. You may call Computershare at 1-800-577-0177 for complete transfer instructions or go to [www.computershare.com/investor](http://www.computershare.com/investor) to download the appropriate materials. You will be asked to send Computershare written transfer instructions and your signature must be Medallion Guaranteed by a

PS-5

financial institution. Most banks and brokers participate in the Medallion Guarantee Program. The Medallion Guarantee Program ensures that the individual signing is in fact the owner of the shares to be transferred. A notary is not sufficient.

You may transfer shares to new or existing Home Depot shareholders. However, a new DepotDirect account will not be opened for a transferee as a result of a transfer of less than one full share.

### **25. I've just moved. How can I request a change of address or update other personal data?**

It is important that our records contain your most up-to-date personal data. If you need to request a change of address or update other personal data, please call Computershare at 1-800-577-0177 or write to them at the address provided in Question 27 in this prospectus supplement. You can also update your personal data through Computershare's online services at [www.computershare.com/investor](http://www.computershare.com/investor).

### **26. How may I modify or close my DepotDirect account?**

#### *Changing your reinvestment option to Reinvest All Your Dividends.*

Program participants who previously elected not to reinvest their dividends may elect to begin reinvestment at any time. Such requests can be made online, over the telephone or in writing. By changing your option, Computershare will apply all of your dividends on Home Depot common stock toward the purchase of more shares of Home Depot common stock. In order to be effective for a particular dividend, Computershare must receive your request on or prior to the record date associated with such dividend. If your request is received after the record date, your dividend will not be reinvested. Instead, you will either receive your dividend by check or by a direct deposit into your bank account consistent with your previous election. Your election to fully reinvest your dividend will be effective for each dividend subsequently declared. Record dates are usually 10 business days prior to dividend payment dates.

#### *Closing your DepotDirect account.*

You may close your DepotDirect account by:

- (a) Requesting Computershare to move your whole shares in book-entry form into the Direct Registration System, or DRS. The DRS allows you to maintain your whole shares in book-entry form on the records of Home Depot. Shares held in book-entry have all the traditional rights and privileges as shares held in certificate form. If you move all of your shares into DRS, no fractional shares will be moved into DRS. Instead, a check will be issued for the then current market value of any fractional share, less any applicable processing fees.
- (b) Requesting Computershare to issue a stock certificate for all of your whole shares and a check for the value of any fractional share.
- (c) Requesting Computershare to sell the shares held in your program account on the open market through a batch order sale or a market order sale and remit you a check for the proceeds for all full and fractional shares, less a service charge of \$15 or \$25 respectively, and applicable processing fees. See Question 23 in this prospectus supplement for additional information on sales.

In order to be effective for a particular dividend, Computershare must receive a request to close your DepotDirect account at least five business days prior to the dividend payment date.

**27. Who administers DepotDirect? How do I contact them?**

Computershare Trust Company, N.A. is the Program Administrator. Computershare directs the purchase of Home Depot common stock acquired under DepotDirect, holds such shares of common stock, keeps records, sends statements of account activity to participants and performs other related duties.

**28. What reports will I receive?**

Easy to read statements of your calendar year-to-date account activity will be sent to you promptly after the settlement of each transaction, which will simplify your record keeping. Each statement will show the amount invested, the purchase or sale price, the number of shares purchased or sold and the applicable service charges, as well as any activity associated with share deposits, transfers or withdrawals. For market order sales, the time of the sale will be provided. These statements are a record of your program account activity and identify your cumulative share position. Please notify Computershare promptly if your address changes.

In addition, you will receive copies of the same communications sent to all other holders of Home Depot common stock, such as annual reports and proxy statements. You will also receive any Internal Revenue Service information returns, if required. If you prefer, you may consent to receive Home Depot materials electronically over the Internet. Instead of receiving materials by mail, you will receive an electronic notice to the e-mail address of record, notifying you of the availability of Home Depot materials and instructing you on how to view and act on them. In addition, you can review your current account status, program options and transaction history online at any time at [www.computershare.com/investor](http://www.computershare.com/investor).

Please retain all transaction statements for tax purposes as there may be a fee for reconstructing past history.

**5. How does a Home Depot shareholder enroll in DepotDirect?**

If you are already a Home Depot shareholder of record (that is, if you own shares that are registered in your name, not your broker's), you may join the program by accessing and completing an enrollment form online, calling Computershare directly at 1-800-577-0177 or completing and returning the enclosed enrollment form. See Question 12 for further information regarding online services.

**6. I already own shares, but they are held by my bank or broker and registered in street name. How can I participate in the program?**

If your shares of Home Depot common stock are registered in the name of a bank, broker or other nominee, you must arrange for that bank, broker or nominee to register at least one share directly in your name in order to be eligible to participate. Once shares are registered in your name, you can enroll in DepotDirect as described in Question 5. Please note that enrollment will only apply to the number of shares registered in your name. Alternatively, you may enroll in the program in the same manner as someone who is not currently a Home Depot shareholder, as described in Question 7.

**7. I am not currently a Home Depot shareholder. How do I enroll in the program?**

If you do not currently own any Home Depot common stock and you wish to become a shareholder and a participant in DepotDirect, you may join the program by using one of the following methods.

*Internet*

Go to [www.computershare.com/equishome](http://www.computershare.com/equishome) and follow the instructions provided for opening a Home Depot shareholder account. You will be asked to complete an online enrollment form and to submit an initial investment. To make your initial investment, you may (a) authorize a one-time deduction from your U.S. bank account for at least \$500 up to a maximum of \$250,000, or (b) establish an automatic monthly deduction from your U.S. bank account for a minimum of \$50 for at least 10 consecutive months.

*Mail*

Complete the enclosed enrollment form and return it, along with your initial investment, to the address provided. To make your initial investment, you may (a) enclose a check for a minimum of \$500 up to a maximum of \$250,000, made payable to Computershare Home Depot, or (b) authorize an automatic monthly deduction from your U.S. bank account for a minimum of \$50 for at least 10 consecutive months (an automatic investment application is provided on the reverse side of the enrollment form).

All money must be in U.S. funds and drawn on a U.S. bank. Cash, money orders, traveler's checks and third party checks will not be accepted.

Additional enrollment materials can be obtained by calling 1-877-437-4273. Please note that a one-time initial investment fee of \$5 will be deducted from your initial investment amount. See Question 8 in this prospectus for a complete summary of the fees associated with the program.

**8. Are there fees associated with participation?**

Computershare will deduct a service charge for each transaction made for you, whether the transaction is a reinvestment of dividends, a purchase of shares or a sale of shares held through DepotDirect. For subsequent purchases and dividend reinvestments, that service charge is 5% of the amount of your investment, up to a maximum of \$2.50 per transaction. In addition, you will be charged your proportionate share of processing fees on each purchase transaction. Such fees include the applicable brokerage commissions Computershare is required to pay. Your share of brokerage commissions on small transactions may be less than usual since Computershare will buy or sell shares in volume for all participants and that commission savings will be passed on to each participant.

**Table of Contents**

If you ask Computershare to sell some or all of your shares, you will be charged an administrative service charge of \$10, plus your share of processing fees which include the applicable brokerage commissions Computershare is required to pay.

The fees associated with enrollment and participation in the program are summarized in the chart below:

	Costs to the Participant		Processing Fees (including brokerage commissions)
	One Time Fee	Service Charge	
<b>Initial Investment Fee for First-Time Investors</b>	\$5, deducted directly from the initial investment received	None	Historically, \$0.05 per share
<b>Subsequent Purchases and Dividend Reinvestments</b>	None	5% of investment, up to a maximum of \$2.50	Historically, \$0.05 per share
<b>Sales</b>	None	\$10	Historically, \$0.15 per share
<b>Insufficient Funds</b>	\$25, see Question 17 for more information	None	None

These fees are subject to change at any time upon written notification to you. Any change in fees applies to all transactions in your program account that occur after the effective date of the change.

**9. What are the dividend payment options?**

Investors electing to participate in DepotDirect on or after February 1, 2006 will be automatically enrolled in full dividend reinvestment. In full dividend reinvestment, Computershare will apply all of your dividends on Home Depot common stock, less any applicable withholding taxes, toward the purchase of more shares of Home Depot common stock.

Computershare will begin to reinvest your dividends automatically on the next dividend payable date after Computershare receives your fully completed enrollment form and initial investment. If your completed enrollment form and initial investment arrive after the record date, reinvestment may not begin until the following dividend.

Investors who were program participants prior to February 1, 2006 will maintain their then current dividend reinvestment option. Program participants that previously elected not to have their dividends automatically reinvested may elect to begin having their dividends automatically reinvested at any time by completing and submitting a new enrollment form online or through the mail, or by contacting Computershare directly at 1-800-577-0177. Program participants whose dividends are currently automatically reinvested may not elect to receive their dividends in cash. If you notify Computershare of your election to automatically reinvest your dividends after the record date, reinvestment may not begin until the following dividend. See Question 26 for further information about changing your dividend reinvestment option.

**10. How do I make an additional investment?**

You may make optional cash investments by choosing among the following three options:

*Check Investment.* You may make optional cash investments in Home Depot common stock by sending to Computershare, the Program Administrator, a check for the purchase of additional shares. The check must be made payable to Computershare Home Depot, drawn on a U.S. bank and payable in U.S. dollars. If you are not in the United States, contact your bank to verify that they can

---

**Table of Contents**

provide you with a check that clears through a U.S. bank and can print the dollar amount in U.S. funds. Due to the longer clearance period, we are unable to accept checks clearing through non-U.S. banks. All checks should be sent to Computershare at the address listed on the tear-off form attached to each statement you receive, or, if making an investment when enrolling, with the enrollment form to the address provided in Question 27. Computershare will not accept cash or third party checks.

*Automatic Investment from a Bank Account.* You may elect to have funds automatically withdrawn every month from your checking or savings account at a qualified financial institution. You may elect the automatic cash withdrawal option online at [www.computershare.com/equishere](http://www.computershare.com/equishere) or by completing and returning an automatic debit enrollment form, along with a voided blank check or a checking or savings account deposit slip. Please allow 4 to 6 weeks for the first investment to be initiated.

Once initiated, automatic monthly deductions will continue at the level you set until you change your instruction by notifying Computershare. You may change the amount of money or terminate the automatic monthly withdrawal of funds by going to [www.computershare.com/equishere](http://www.computershare.com/equishere), calling Computershare directly at 1-800-577-0177 or by completing and submitting a new automatic debit enrollment form. To be effective for a particular month, Computershare must receive your request at least seven business days prior to the applicable debit date.

*Online Investments.* You may make optional cash investments online through the shareholder services section of Home Depot's website, [www.homedepot.com](http://www.homedepot.com), or at Computershare's website, [www.computershare.com/equishere](http://www.computershare.com/equishere). In order to purchase shares online, you must authorize the withdrawal of funds from your bank account.

See Question 14 for information regarding investment dates.

**11. What are the minimum and maximum amounts for optional cash investments?**

In addition to increasing your holdings of Home Depot common stock through the reinvestment of dividends, you may make optional cash investments in Home Depot common stock. Each additional investment must be for a minimum of \$50, subject to a maximum of \$250,000 per year. Whether participating through the use of a personal check, through the online investment feature or through automatic monthly investments, the \$50 minimum and \$250,000 annual maximum apply.

If you are not a registered shareholder and are a first-time investor in DepotDirect, your initial investment must be for at least \$500 and cannot exceed the \$250,000 annual maximum.

For purposes of applying the \$250,000 annual maximum, Computershare will combine all investments, including initial and additional optional cash and automatic monthly deductions, but will exclude dividend reinvestments. All optional cash must be payable in U.S. dollars and drawn on a U.S. bank.

**12. What transactions can I conduct through Computershare's online services?**

Computershare offers you a convenient way to invest in Home Depot common stock completely online, without having to send in any forms or checks by mail. Through Computershare's online services, you may:

Arrange for online sales of some or all of your shares;

Arrange to receive Home Depot annual reports and other materials over the Internet.

You can access these services through the shareholder services section of Home Depot's website, [www.homedepot.com](http://www.homedepot.com), or at Computershare's website, [www.computershare.com/equiserve](http://www.computershare.com/equiserve). Participation in DepotDirect through the Internet is entirely voluntary.

If you are currently a Home Depot shareholder, you will need your account number, social security number and password to access your account online.

**13. What is the source of Home Depot common stock purchased through the program?**

Shares are usually purchased in the open market through a registered broker-dealer; however, at Home Depot's option, newly issued or treasury shares may be purchased directly from Home Depot. Share purchases in the open market may be made on any stock exchange where Home Depot common stock is traded or by negotiated transactions on such terms as Computershare may reasonably determine. Neither Home Depot nor any participant will have any authority or power to direct the date, time or price at which shares may be purchased by Computershare and no one, other than Computershare, may select the broker or dealer through or from whom purchases are to be made.

**14. When will shares be purchased under the program?**

*General.* Computershare will attempt to buy Home Depot common stock in the open market through a registered broker-dealer at least twice each week, typically each Tuesday and Thursday.

If you are investing by mail, Computershare must receive your physical check at least two business days prior to an investment date. Optional cash investments not received before the applicable investment date deadline will be applied to purchase shares on the following investment date.

If you are investing online, please refer to your confirmation page for the estimated debit and investment date for your one-time deduction.

Computershare will commingle all funds received from participants. If the Tuesday or Thursday is not a day on which the New York Stock Exchange is open, then the investment will occur on the next business day. Once you have placed your order, you may not request a cash refund or otherwise change your order. No interest will be paid on funds pending investment held by Computershare.

## Edgar Filing: HOME DEPOT INC - Form 424B3

*Automatic Monthly Withdrawals.* If you elect to make monthly investments through automatic withdrawals from your bank account, those investments will be made only on the last Thursday of each month. If the last Thursday of a month is not a day on which the New York Stock Exchange is open, then the investment will occur the following business day. Your account will be debited two business days prior to the investment date. For example, assuming that each day in this example is a business day, if the last day of the month is Friday, the 30th, your account would be debited on Tuesday, the 27th, for an investment on Thursday, the 29th.

## **Table of Contents**

*Dividend Reinvestments.* Computershare will combine the dividend funds of all program participants whose dividends are automatically reinvested and will generally invest such dividend funds on the dividend payment date (and any succeeding trading days necessary to complete the order). If the dividend payment date falls on a day the New York Stock Exchange is not open, then the investment will occur on the next business day. In addition, if the dividend is payable on a day that cash is to be invested, dividend funds may be commingled with any pending cash investments and a combined order may be executed.

### **15. At what price will shares be purchased?**

If shares are acquired in the open market, the purchase price will be the weighted average price per share for all shares purchased under the program for a given investment, whether purchased with optional cash investments, dividends or both. In some instances, filling a purchase order may require the execution of multiple trades in the market and may take more than one trading day to complete.

If shares are acquired directly from Home Depot, the purchase price will be the average of the high and low prices of Home Depot common stock on a given investment date (based on the New York Stock Exchange Composite Transaction Listing).

Home Depot expects that shares will be purchased in the open market.

### **16. Will fractional shares be purchased?**

If any dividend or optional cash investment is not sufficient to purchase a whole share of Home Depot common stock, a fractional share equivalent will be credited to your account. Dividends will be paid on the fraction and will be reinvested or paid in cash in accordance with your standing instructions.

### **17. How are payments with insufficient funds handled?**

In the event that any check or other deposit is returned unpaid for any reason or your predesignated bank account does not have sufficient funds for an automatic debit, Computershare will consider the request for investment of that purchase null and void. Computershare will immediately remove from your account any shares already purchased in anticipation of receiving those funds and will sell such shares. If the net proceeds from the sale of those shares are insufficient to satisfy the balance of the uncollected amounts, Computershare may sell additional shares from your account as necessary to satisfy the uncollected balance. There is a \$25 charge for any check or other deposit that is returned unpaid by your bank. This fee will be collected by Computershare through the sale of the number of shares from your DepotDirect account necessary to satisfy the fee.

### **18. Will interest be paid on DepotDirect accounts?**

No. Interest will not be paid on amounts held pending investment.

### **19. Who will hold the additional shares purchased through DepotDirect?**

Shares purchased through DepotDirect are held in safekeeping in book-entry form on Computershare's records. The number of shares (including fractional interests) held for each participant will be shown on each account statement. Keeping shares in book-entry form protects against certificate loss, theft and destruction.

### **20. How may I receive a stock certificate?**

You may obtain a certificate (at no cost) for some or all of your whole shares at any time by requesting Computershare to withdraw shares from your DepotDirect account. You may make such a request by going to [www.computershare.com/equiserve](http://www.computershare.com/equiserve), calling Computershare directly at 1-800-577-0177 or by using the tear-off form attached to the account statement.

## **Table of Contents**

Certificates are normally issued to participants within five business days after receipt of the request. Issuing a certificate for shares held in your DepotDirect account does not affect the automatic reinvestment of your dividends unless you withdraw all of the shares held in your DepotDirect account. Please refer to Question 26 for instructions on closing your DepotDirect account. No certificates will be issued for fractional shares of common stock; instead, the then current market value of any fractional share sold, less any processing fee, will be paid in cash.

### **21. How do I replace a lost, stolen or destroyed stock certificate?**

If your stock certificate is lost, stolen or destroyed, you should notify Computershare immediately so that a stop transfer can be placed on the certificate. You should provide as much specific information about the certificate in question as possible in order to assist Computershare in identifying which certificate to place a stop against (ex. certificate number, number of shares, date issued, etc.). Computershare will send you the forms necessary for issuing a replacement certificate. Please note that there is a premium of approximately 3% of the market value of the shares (minimum of \$20.00) charged to purchase the replacement indemnity bond.

### **22. May I add my certificate shares of Home Depot common stock to my program account for safekeeping?**

At the time of enrollment in the program or at any later time, you may use the program's share certificate safekeeping service to deposit with Computershare any Home Depot common stock certificates in your possession and registered in your name. To combine shares held in certificate form with shares held through your DepotDirect account, you must complete the tear-off section of the account statement and submit it, or a letter of instruction, with your certificates to Computershare at the address provided in Question 27. You should not sign the certificate(s) or complete the assignment section. There is no charge for this service. Since you bear the risk of loss in transit, you should send your stock certificates by registered mail, return receipt requested and insured for 3% of the market value, or by some other form of traceable delivery.

Shares held through your DepotDirect account will be protected against certificate loss, theft and damage.

### **23. How may I sell shares I hold through the program?**

You can sell some or all of the shares held in your DepotDirect account by contacting Computershare. If the dollar value of the sale is expected to be equal to or less than \$100,000, you may contact Computershare online at [www.compuershare.com/equishere](http://www.compuershare.com/equishere) or you may call Computershare directly at 1-800-577-0177. If the dollar value of the sale is expected to exceed \$100,000, you must submit your request in writing. You can do this by completing and submitting the tear-off portion of the account statement. In addition, you must submit a written request to sell shares if you have changed your address within 30 days of the sale request. Computershare will cause your shares to be sold on the open market within five business days of receipt of your request. Computershare may combine your shares to be sold with those of other program participants selling shares at the same time. The sales price per share will be the weighted average price per share received by Computershare for all sales made for that day (and any succeeding days necessary to complete the sale order). Once sold, Computershare will send you the proceeds, less a service charge of \$10 and applicable processing fees. Proceeds are normally paid by check, which are distributed within 24 hours after your sale transaction has settled.

Computershare reserves the right to decline to process a sale if it determines, in its sole discretion, that supporting legal documentation is required. In addition, no one will have any authority or power to direct the time or price at which shares for the program are sold and no one, other than Computershare, will select the broker(s) or dealer(s) through or from whom sales are to be made.

You should be aware that the price of Home Depot common stock may rise or fall during the period between a request for sale, its receipt by Computershare and the ultimate sale on the open market. Instructions sent to Computershare to sell shares are binding and may not be rescinded. If you prefer to have complete control as to the exact timing and sales prices, you can transfer the shares to a broker of your own choosing and sell them through that broker.

**24. Can I transfer shares that I hold in the program to someone else?**

Yes. You may transfer ownership of some or all of your shares held through DepotDirect. You may call Computershare at 1-800-577-0177 for complete transfer instructions or go to [www.computershare.com/equishere](http://www.computershare.com/equishere) to download the appropriate materials. You will be asked to send Computershare written transfer instructions and your signature must be Medallion Guaranteed by a financial institution. Most banks and brokers participate in the Medallion Guarantee Program. The Medallion Guarantee Program ensures that the individual signing is in fact the owner of the shares to be transferred. A notary is not sufficient.

You may transfer shares to new or existing Home Depot shareholders. However, a new DepotDirect account will not be opened for a transferee as a result of a transfer of less than one full share.

**25. I've just moved. How can I request a change of address or update other personal data?**

It is important that our records contain your most up-to-date personal data. If you need to request a change of address or update other personal data, please call Computershare at 1-800-577-0177 or write to them at the address provided in Question 27. You can also update your personal data through Computershare's online services at [www.computershare.com/equishere](http://www.computershare.com/equishere).

**26. How may I modify or close my DepotDirect account?**

*Changing your reinvestment option to Reinvest All Your Dividends.*

Program participants who previously elected not to reinvest their dividends may elect to begin reinvestment at any time. Such requests can be made online, over the telephone or in writing. By changing your option, Computershare will apply all of your dividends on Home Depot common stock toward the purchase of more shares of Home Depot common stock. In order to be effective for a particular dividend, Computershare must receive your request on or prior to the record date associated with such dividend. If your request is received after the record date, your dividend will not be reinvested. Instead, you will either receive your dividend by check or by a direct deposit into your bank account consistent with your previous election. Your election to fully reinvest your dividend will be effective for each dividend subsequently declared. Record dates are usually 10 business days prior to dividend payment dates.

*Closing your DepotDirect account.*

You may close your DepotDirect account by:

- (d) Requesting Computershare to move your whole shares in book-entry form into the Direct Registration System, or DRS. The DRS allows you to maintain your whole shares in book-entry form on the records of Home Depot. Shares held in book-entry have all the traditional rights and privileges as shares held in certificate form. If you move all of your shares into DRS, no fractional shares will be moved into DRS. Instead, a check will be issued for the then current market value of any fractional share, less any applicable processing fees.
- (e) Requesting Computershare to issue a stock certificate for all of your whole shares and a check for the value of any fractional share.
- (f) Requesting Computershare to sell the shares held in your program account on the open market and remit you a check for the proceeds for all full and fractional shares, less a service charge of \$10 and applicable processing fees. See Question 23 for additional information on sales.

In order to be effective for a particular dividend, Computershare must receive a request to close your DepotDirect account at least five business days prior to the dividend payment date.

**27. Who administers DepotDirect? How do I contact them?**

Computershare Trust Company, N.A. is the Program Administrator. Computershare Shareholder Services, Inc. acts as service agent for Computershare Trust Company, N.A. Computershare directs the purchase of Home Depot common stock acquired under DepotDirect, holds such shares of common stock, keeps records, sends statements of account activity to participants and performs other related duties.

You may contact Computershare by:

Internet: [www.computershare.com/equiserve](http://www.computershare.com/equiserve)

Telephone: 1-800-577-0177

Mail: DepotDirect

Customer service representatives are available between the hours of 9:00 A.M. and 5:00 P.M. Eastern Time, Monday through Friday.

**28. What reports will I receive?**

Easy to read statements of your calendar year-to-date account activity will be sent to you promptly after the settlement of each transaction, which will simplify your record keeping. Each statement will show the amount invested, the purchase or sale price, the number of shares purchased or sold and the applicable service charges, as well as any activity associated with share deposits, transfers or withdrawals. These statements are a record of your program account activity and identify your cumulative share position. Please notify Computershare promptly if your address changes.

In addition, you will receive copies of the same communications sent to all other holders of Home Depot common stock, such as annual reports and proxy statements. You will also receive any Internal Revenue Service information returns, if required. If you prefer, you may consent to receive Home Depot materials electronically over the Internet. Instead of receiving materials by mail, you will receive an electronic notice to the e-mail address of record, notifying you of the availability of Home Depot materials and instructing you on how to view and act on them. In addition, you can review your current account status, program options and transaction history online at any time at [www.computershare.com/equiserve](http://www.computershare.com/equiserve).

Please retain all transaction statements for tax purposes as there may be a fee for reconstructing past history.

**29. What if Home Depot issues a stock dividend or declares a stock split or rights offering?**

Any stock dividends or split shares of common stock distributed by Home Depot to you will be based on both the shares of common stock registered in your name in certificate form and the shares (whole and fractional) credited to your program account. Such stock dividend or stock split shares will be added to your DepotDirect account in book-entry form. You will receive a statement indicating the number of shares or dividends earned as a result of the transaction. In the event of a rights offering, you will receive rights based upon the total number of whole shares you own, whether the shares are held in the form of a physical certificate or held in a DepotDirect account.

**30. How do I vote my DepotDirect shares at shareholders meetings?**

In connection with any meeting of Home Depot shareholders, you will receive proxy materials either online or by mail based on your preference. Such material will include a proxy card representing both the shares for which

---

**Table of Contents**

you hold physical certificates and the shares held in your DepotDirect account. Those shares will only be voted as you indicate on your executed proxy whether submitted by telephone, online or through the mail. Fractional shares will be voted. If you sign and return the proxy card and no voting instructions are given with respect to any item on the proxy card, all of your shares will be voted in accordance with the recommendations of Home Depot's management. This is the same procedure that is followed for all other shareholders who return signed proxy cards and do not provide instructions. If you do not return the proxy card, or if you do not sign it, none of your shares will be voted.

As an alternative to returning your proxy card, you may also vote all of your shares in person at the shareholders' meeting.

**31. Can the program be changed?**

Home Depot and Computershare may suspend, modify or terminate the program at any time. All participants will receive notice of any such suspension, modification or termination. Amendments may include an appointment by Home Depot of a successor program administrator, who will have full power and authority to deliver services pursuant to the program or any separate, replacement service program. If DepotDirect is terminated, whole shares will continue to be held in book-entry form in your program account or distributed in certificate form at the sole discretion of Home Depot. A cash payment will be made for any fraction of a share.

Computershare also may terminate your DepotDirect account if you do not own at least one whole share. In the event your DepotDirect account is terminated for this reason, a check for the cash value of the fractional share will be sent to you and your account will be closed.

**32. What are the responsibilities of Home Depot and Computershare under DepotDirect?**

Neither Home Depot nor Computershare will be liable for any act or omission to act, which was done in good faith, including any claim of liability (1) arising out of the failure to cease reinvestment of dividends for a participant's account upon the participant's death prior to receipt of notice in writing of the death along with a request to cease dividend reinvestment participation from a qualified representative of the deceased, and (2) with respect to the prices or times at which shares are purchased or sold for you. Computershare will have no liability for failed executions due to reasons beyond Computershare's control.

You should recognize that neither Home Depot nor Computershare can assure you of a profit or protect you against a loss on shares purchased through DepotDirect. You must make independent investment and participation decisions based on your own judgment and research as you alone bear the risk of fluctuations in the market value of Home Depot common stock. You bear the risk of loss in value and you enjoy the benefits of gains from market price changes with respect to all of your shares.

Although Home Depot currently contemplates the continuation of quarterly dividends, the payment of dividends is subject to the discretion of Home Depot's Board of Directors and will depend upon future earnings, the financial condition of Home Depot and other factors. Additionally, dividends may increase and decrease.

**33. What are the federal income tax consequences of participating in the program?**

**Participants in the program are advised to consult their own tax advisors with respect to the tax consequences of participation in DepotDirect (including federal, state, local and other tax laws and U.S. tax withholding laws) applicable to their particular situations.**

Cash dividends reinvested under the program will be taxable for U.S. federal income tax purposes as having been received by you even though you have not actually received them in cash. The total amount of dividends paid to you during the year, whether or not they are reinvested, will be reported to you and the U.S. Internal Revenue Service shortly after the close of each year.

---

**Table of Contents**

You will not realize gain or loss for U.S. federal income tax purposes upon a transfer of shares to your DepotDirect account or the withdrawal of whole shares from your account. You will, however, generally realize gain or loss upon the receipt of cash for fractional shares held in the program. You will also realize gain or loss when shares are sold. The amount of gain or loss will be the difference between the amount that you receive for the shares sold and your tax basis in the shares. Your tax basis will generally equal the amount you paid for the shares (i.e., the optional cash investment and/or cash dividend plus any service charges and processing fees paid by you). In order to determine the tax basis for shares in your account, you should retain all account transaction statements.

Program participants who are non-resident aliens or non-U.S. corporations, partnerships or other entities generally are subject to a withholding tax on dividends paid on shares held in the program. Where applicable, this withholding tax generally is imposed at the rate of 30%, but this rate may be reduced by treaty between the U.S. and the country in which the participant resides. Any amount withheld will reduce the amount of dividends that will be reinvested on your behalf.

Dividends paid on shares, and the proceeds of any sale of shares, in DepotDirect accounts may be subject to the backup withholding provisions of the Internal Revenue Code. If you fail to furnish a properly completed Form W-9 or its equivalent, unless you are exempt from the withholding requirements described in Section 3406 of the Internal Revenue Code, then Computershare must withhold 28% (or the current backup withholding rate) from the amount of dividends, the proceeds of the sale of a fractional share and the proceeds of any sale of whole shares. In the event that you are subject to backup withholding, the amount of dividends that will be reinvested on your behalf will be reduced by the amount of such backup withholding.
