**Item 2.02. Results of Operations and Financial Condition.**

Wal-Mart Stores, Inc. is furnishing this Current Report on Form 8-K in order to furnish to the Securities and Exchange Commission a press release (the "Press Release") that we will issue on August 14, 2008. The Press Release will disclose information regarding our results of operations and financial condition for our fiscal quarter ended July 31, 2008.

The Press Release discusses our free cash flow for the six months ended July 31, 2008, which may be considered a non-GAAP financial measure under the rules of the Securities and Exchange Commission. Our management believes that free cash flow, which measures our ability to generate additional cash from our business operations, is an important financial measure for use in evaluating our financial performance. We believe our net cash provided by operating activities to be the financial measure calculated and presented in accordance with generally accepted accounting principles that is most directly comparable to free cash flow. A reconciliation of our free cash flow to our net cash provided by operating activities for the six months ended July 31, 2008 is being furnished as an exhibit to this Current Report on Form 8-K. The Press Release also includes information regarding our comparable store sales for our operations in the United States during the periods discussed in the Press Release excluding the fuel sales of our Sam's Club segment. This information is included to show the effect of such fuel sales on our comparable store sales for such periods.

**Item 9.01. Financial Statements and Exhibits.**

A copy of the Press Release being furnished pursuant to the foregoing Item 2.02 is included herewith as Exhibit 99.1. The reconciliation of our free cash flow to our net cash provided by operating activities for the six months ended July 31, 2008 being furnished pursuant to the foregoing Item 2.02 is included herewith as Exhibit 99.2.
