NOTICE OF ANNUAL MEETING OF SHAREHOLDERS

TO BE HELD ON WEDNESDAY, APRIL 22, 2009

TO OUR SHAREHOLDERS:

Notice is hereby given that the Annual Meeting of Shareholders of Bryn Mawr Bank Corporation (the Corporation) will be held at St. Davids Golf Club, 845 Radnor Street Road, Wayne, PA on Wednesday, April 22, 2009, at 9:00 A.M., for the following purposes:

1. To elect three Class III directors to serve a four-year term.
2. To consider a proposal to ratify the appointment of KPMG LLP as the independent registered public accounting firm for the fiscal year ended December 31, 2009.
3. To consider and vote upon the proposal to amend the Corporation's articles of incorporation to authorize the issuance of up to 1,000,000 shares of preferred stock.
4. Such other business as may properly come before the meeting or any adjournment thereof.

In their discretion, the proxies are authorized to act upon such other matters as may properly come before the meeting. See the accompanying Proxy Statement for details about these proposals. Only shareholders of record at the close of business on March 5, 2009, are entitled to notice of, and to vote at, the Annual Meeting and any adjournment or postponement of the meeting. Shareholders may vote in person or by proxy.

Our proxy statement and a form of proxy are included with this Notice.

By Order of the Board of Directors of Bryn
Mawr Bank Corporation

ROBERT J. RICCIARDI
Secretary

INFORMATION REGARDING THE ANNUAL MEETING

Matters to be Considered at the Annual Meeting of Shareholders

This Proxy Statement is being furnished to shareholders of Bryn Mawr Bank Corporation (called we, us, our or the Corporation) in connection with the solicitation of proxies by the Board of Directors of the Corporation for use at the Corporation's Annual Meeting of Shareholders to be held on Wednesday, April 22, 2009, at 9:00 A.M. at St. Davids Golf Club, 845 Radnor Street Road, Wayne, PA, or any adjournment or postponement of the meeting (the Annual Meeting). At the Annual Meeting, the shareholders will consider and vote upon the election of three Class III directors to serve a four-year term, the ratification of the appointment of KPMG LLP as the independent registered public accounting firm for the fiscal year ended December 31, 2009, and the amendment of the Corporation's articles of incorporation to authorize the issuance of up to 1,000,000 shares of preferred stock.

The proxies are authorized to transact such other business as may properly come before the Annual Meeting. This proxy statement and the proxy are being mailed to shareholders on or about March 18, 2009.

Important Notice Regarding the Availability of Proxy Materials

for the shareholder Meeting to be Held on April 22, 2009

This proxy statement and the Corporation's annual report to security holders are available at www.bmtc.com.

Record Date, Voting and Voting Procedures

Our Board has fixed the close of business on March 5, 2009, as the date for determining holders of record of our common stock, entitled to notice of, and to vote at, the Annual Meeting. Each shareholder is entitled to one vote per share on the matters to be considered at the Annual Meeting.

The holders of a majority of the outstanding shares of our common stock, present either in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting. As of March 5, 2009, there were 8,610,296 shares of our common stock outstanding.

Shares represented by properly executed proxies will be voted in accordance with the directions indicated in the proxies, unless those proxies have previously been revoked. If a properly executed proxy does not give any voting directions, then that proxy will be voted in favor of the adoption of the proposals recommended by the Board, and in the discretion of the proxy agents on any other matters which may properly come before the Annual Meeting. A shareholder may revoke a proxy at any time prior to its use for any purpose by giving written notice of revocation to Robert J. Ricciardi, our Secretary, at 801 Lancaster Avenue, Bryn Mawr, PA 19010-3396. A shareholder may also appear in person at the Annual Meeting and ask to withdraw the proxy prior to its use for any purpose and can vote in person. A later dated proxy revokes an earlier dated proxy.

Table of Contents

We do not know at this time of any business, other than that stated in this proxy statement, which will be presented for consideration at the Annual Meeting. If any unanticipated business is properly brought before the Annual Meeting, then the proxy agents will vote in accordance with their best judgment.

The shares for which shareholders abstain on one or more matters will be counted as present at the meeting for purposes of determining a quorum if the shareholder is physically present or if the shareholder has executed a valid proxy for the shares. Shares not voted by brokers on one or more matters will be counted as present at the meeting for purposes of determining a quorum so long as the shares are voted by the broker on at least one matter.

For purposes of the Annual Meeting, if a quorum is present, the Corporation's articles provide that each director shall be elected by a majority of the votes cast in person or by proxy for that position. Cumulative voting is not permitted. Abstentions and broker non-votes will not count in determining the number of votes required to elect a director, and they will not count in favor of or against a director's election.

The affirmative vote of a majority of the outstanding shares of capital stock of the Corporation entitled to vote is required for the approval of amendments to our articles of incorporation and bylaws. If a shareholder abstains from voting on this type of proposal, the abstentions are not votes for approval of the proposal, so they will have the same effect as votes cast against the proposal. Shares not voted by brokers on this type of proposal do not reduce the number of affirmative votes required to approve that proposal and, because they are not votes for approval of the proposal, they will have the same effect as votes cast against the proposal.

The Corporation's bylaws require the affirmative vote of a majority of the shares having voting powers and present in person or represented by proxy (or an apparent majority in case of a voice vote) to approve any proposals other than director election or amendment of the Corporation's bylaws or articles of incorporation. If a shareholder abstains from voting on this type of proposal, the shares are considered present at the meeting for purposes of determining the number of votes required to approve the proposal. However, abstentions are not votes for approval of the proposal, so they will have the same effect as votes cast against the proposal. Shares not voted by brokers on this type of proposal are considered not present at the meeting for purposes of approving that proposal. Consequently, they reduce the number of affirmative votes required to approve that proposal by reducing the total number of shares present or represented (from which a majority is calculated for these types of proposals).

Other Matters

We will bear the entire cost of soliciting proxies for the Annual Meeting. In addition to the use of the mails, proxies may be solicited by personal interview, telephone, telefax and e-mail, by our directors, officers and employees and those of our wholly-owned subsidiary The Bryn Mawr Trust Company (the Bank), and third parties. Arrangements have been made with brokerage houses and other custodians, nominees and fiduciaries for forwarding proxy materials to beneficial owners of our common stock held of record by such persons, and we will reimburse them for their expenses in doing so.

Table of Contents

PROPOSAL 1 - ELECTION OF DIRECTORS

One of the purposes of the Annual Meeting is the election of three directors to our Board. The following directors have been nominated by our Board for election as directors to serve as follows:

Class III Term to Expire in 2013:

- (1) Wendell F. Holland
- (2) David E. Lees
- (3) Frederick C. Peters II

The persons named as proxies in the accompanying form of proxy have advised us that, unless otherwise instructed, they intend at the Annual Meeting to vote the shares covered by proxies for the election of the nominees named in this Proxy Statement. The proxies cannot be voted for a greater number of persons than the number of nominees named above. If one or more of the nominees should, at the time of the Annual Meeting, be unavailable or unable to serve as a director, the shares represented by the proxies will be voted to elect any remaining nominee. The Board knows of no reason why the nominees will be unavailable or unable to serve as directors. We expect all nominees to be willing and able to serve as directors.

For each director position to be elected, a majority of the votes cast in person or by proxy for that position is required to elect a nominee. Proxies solicited by the Board will be voted for the nominees listed above, unless the shareholders specify a contrary choice in their proxies.

THE BOARD RECOMMENDS A VOTE FOR THE NOMINEES LISTED ABOVE.

(1) Certain of our directors have elected to defer their fees and stock awards through our Deferred Payment Plans for Directors. Among other options, under these plans, a director may elect to earn a yield on the deferred compensation based on changes in the price of our common stock (including dividends). Making this election creates phantom stock. Deferred fees which would otherwise be paid in the form of shares of our common stock are automatically converted to phantom stock units under the plans for at least one year. A share of phantom stock is economically equivalent to one share of common stock, but the directors do not have the right to receive an actual share of stock or to vote the phantom stock unit. As of December 31, 2008, a total of 69,156 shares of phantom stock were outstanding to our directors. Additionally, Mr. Peters holds 186 shares of phantom stock under our Deferred Bonus Plan for Executives. For additional information, see footnote 6 to the Director Compensation chart at page 13, the section entitled DIRECTOR COMPENSATION Directors Deferred Payment Plans at page 15, and NONQUALIFIED DEFERRED COMPENSATION Deferred Bonus Plan for Executives at page 31.

- (2) Stockownership information includes shares that the individual has the right to acquire within sixty days of March 5, 2009. Each executive officer holds sole investment power over shares held for such executive officer in our 401(k) Plan. Unless otherwise indicated, each person has sole voting and investment power over the shares listed. There are no pledged shares.
- (3) As of January 20, 2009, Mr. Leto became the Executive Vice President of the Bank's Wealth Management Division.
- (4) Includes 3,034 shares held for Mr. Peters in the 401(k) Plan, determined as of February 26, 2009.
- (5) Includes 6,476 shares held in trust for his children over which Mr. Taylor has sole voting and investment power, and 2,087 shares held in a trust over which Mr. Taylor as co-trustee has joint voting and investment power.
- (6) Includes 280 shares held for Mr. Smith in the 401(k) Plan, determined as of February 26, 2009.
- (7) All shares are held for Ms. Gers in the 401(k) Plan, determined as of February 26, 2009.
- (8) All shares are held for Mr. Keefer in the 401(k) Plan, determined as of February 26, 2009.
- (9) Includes 1,310 shares held for Mr. Waschull in the 401(k) Plan, determined as of February 26, 2009.
- (10) Includes, in addition to those shares held by the directors and named executive officers, all shares held by Mr. Robert Ricciardi, Executive Vice President of the Bank and Secretary of the Corporation, which shares are held in the 401(k) Plan, determined as of February 26, 2009.
- (11) Includes, in addition to the exercisable stock options held by the directors and named executive officers, all exercisable stock options held by Mr. Ricciardi.

CORPORATE GOVERNANCE

Introduction

Some or all of our directors also serve as directors of our subsidiaries, including the Bank, and serve on the same committees of each organization. Five of our directors also serve on the Bank's Wealth Management Committee.

Code of Business Conduct and Ethics

We have a Code of Business Conduct and Ethics (Code of Ethics). The Code of Ethics is available on our website at www.bmtc.com on the Investor Relations Governance Documents page under the *Code of Conduct and Ethics* heading. Printed copies are available to any shareholder upon request. The Code of Ethics meets the requirements for a code of ethics for our principal executive officer, principal financial officer or persons performing similar functions under Item 406 of Regulation S-K of the Securities and Exchange Commission (SEC).

Under our Code of Ethics, the Board is responsible for resolving any conflict of interest involving the directors, executive officers and senior financial officers. The president and the corporate secretary are responsible for resolving any conflict of interest involving any other officer or employee.

Director Independence

The Board has determined that all of its members during 2008 were independent and met the independence requirements of Nasdaq Global Market, except for Frederick C. Peters II. While the Board had determined that Francis J. Leto was independent during 2008, effective January 20, 2009, he became an Executive Vice President of the Bank and the acting head of the Wealth Management Division and as a result is no longer independent. In determining the independence of its directors other than Mr. Peters during 2008, the Board of Directors considered routine banking transactions between the Bank or its affiliates and each of the directors, their family members and businesses with whom they are associated, such as loans, deposit accounts, wealth management and fiduciary accounts, routine purchases of insurance or securities brokerage products, any overdrafts that may have occurred on deposit accounts, any contributions the Corporation made to non-profit organizations with whom any of the directors are associated, and any transactions described below in the section of this Proxy under the heading, *Transactions with Related Persons*. In each case, the Board of Directors determined that none of the transactions, relationships or arrangements impaired the independence of the director.

Lead Director

Our Board created the position of Lead Director. Francis J. Leto was appointed as the Board's Lead Director, to serve a one-year term expiring at our 2009 Annual Meeting. The Lead Director presides at Board meetings when the chairman is not present, including executive sessions of the independent directors, and acts as the liaison between the Board and the chief executive officer. The Lead Director oversees corporate governance procedures and committee charters and has the authority to call meetings of the independent directors. He also coordinates the evaluation of the effectiveness of the Board and their committees and consults with the Board and the chief executive officer regarding those evaluations. Mr. Leto was our Lead Director until January 20, 2009 when he became Executive Vice President and acting head of the Bank's Wealth Management Division. At the Board of Directors meeting on January 22, 2009, Britton H. Murdoch was appointed Lead Director.

Table of Contents

Communications with Directors

Our Board of Directors provides a process for security holders to send communications to the Board. Shareholders may communicate directly with any member or committee of our Board by mailing the written communications, first class mail, postage prepaid, to Bryn Mawr Bank Corporation, Board of Directors, P.O. Box 351, Bryn Mawr, PA, 19010-3396.

Policy for Attendance at Annual Meeting

We have adopted a policy requiring all of our directors to attend our annual meeting. All of our directors attended the annual meeting held on April 23, 2008.

Executive Sessions of Independent Directors

The independent members of our Board will continue their practice of holding scheduled executive sessions on a regular basis but, in any event, not less than twice a year. During 2008, four executive sessions were held.

Nominations for Directors

The Nominating and Corporate Governance Committee considers candidates for nominees for director from various sources including other directors, our clients and other relevant constituencies, and may also engage, if it deems appropriate, a professional search firm. For incumbent directors whose terms of office are set to expire, it reviews the directors' overall service to us during their terms, including the number of meetings attended, level of participation, quality of performance and their respective contributions towards advancing our interests and enhancing shareholder value. For a new director candidate, the committee reviews the candidate's biographical information and qualifications and may check the candidate's references, if applicable. The committee may obtain any additional information which it deems necessary. A qualified nominee is interviewed by all members of the committee, if practicable. Serious candidates may meet with all members of the Board. Using the input from the interviews and information obtained, the committee evaluates whether a prospective candidate is qualified to serve as a director and whether it should recommend to the Board that the Board nominate (or select to fill a vacancy) the prospective candidate.

The Nominating and Corporate Governance Committee will use a similar process to evaluate nominees recommended by shareholders, provided that the shareholder complies with the procedures set forth below. The committee will consider written proposals from shareholders for nominees for director. Any nomination should be addressed to the Chairman, Nominating and Corporate Governance Committee, Board of Directors, Bryn Mawr Bank Corporation, P.O. Box 351, Bryn Mawr, PA 19010 and must include the following information: (a) the name and address, as they appear on our books, of the shareholder nominating a candidate; (b) the number of our shares which are beneficially owned by the shareholder (and if the shares are held in street name, the name of the brokerage firm holding the shares); (c) the name, age, business address and residence address of each proposed nominee; (d) the principal occupation or employment of the proposed nominee; (e) the number of shares of our stock beneficially owned by the proposed nominee, if any; (f) a description of all arrangements or understandings between the shareholder and each proposed nominee and any other persons pursuant to which the shareholder is making the nomination, and (g) any other information required to be disclosed in solicitation of proxies for election of directors or other information required pursuant to Regulation

Table of Contents

14A under the Securities Exchange Act of 1934, as amended (which we call the Exchange Act), relating to any person that the shareholder proposes to nominate for election or re-election as a director, including the proposed nominee's written consent to being named in the proxy statement as a nominee and to serving as a director, if elected.

All shareholder nominations must be received not less than 120 days before the date our proxy statement was released to shareholders in connection with the previous year's annual meeting.

In evaluating candidates for nominees for director, the committee considers:

our need for particular talents and experience;

that at least a majority of the directors be independent under the Nasdaq Global Market rules, and

the requirement that our Audit Committee meet the financial literacy requirements under the Nasdaq Global Market rules and that at least one of them qualifies as an Audit Committee financial expert under the rules of the SEC.

In addition, members of the Board should also:

be of the highest ethical character;

share our values;

have reputations, both personal and professional, consistent with our image and our reputation;

be active or former leaders of organizations;

possess knowledge in the fields of financial services and wealth management;

have an understanding of the Bank's marketplace;

have relevant expertise and experience which will be useful in offering advice and guidance to the chief executive officer;

be independent of any particular constituency, and

be able to represent all of our shareholders.

Nominees for director must also be willing to commit the necessary time to devote to board activities and to enhance their knowledge of the financial services industry and be willing to assume broad fiduciary responsibility. Nominees for director should also have a commitment to enhancing shareholder value, including assisting in business development activities where appropriate. In considering nominees for director, the committee also considers our desire to be a diverse body with diversity reflecting gender, ethnic background and professional experience. A nominee for director must also be or become a shareholder upon joining the Board. Application of the above criteria may vary according to the particular areas of expertise desired to complement the existing composition of the Board.

Table of Contents

OUR BOARD OF DIRECTORS

Our By-Laws provide that our business will be managed by a Board of Directors of not less than eight and not more than thirteen directors, as fixed from time to time by the Board of Directors. Our Board, as provided in the By-Laws, is divided into four classes of directors, with each class being as nearly equal in number as possible. The Board has fixed the number of directors at nine. Currently, there are nine directors with two members in Class I, two members in Class II, three members in Class III, and two members in Class IV. If all of the nominees for director are elected at the Annual Meeting, there will be nine directors. The Corporation and the Bank have the same Board members.

Under our By-Laws, persons selected by the Board to fill a vacancy on the Board serve as directors for a term expiring with the next annual meeting of shareholders. If a director is selected by the Board on or after the record date for an annual meeting, then the new director serves as a director until the subsequent annual meeting of shareholders. The directors in each class serve terms of four years each, unless selected to fill a vacancy, and until their successors are elected and take office.

In 2008, our Board of Directors met five times. Each director attended at least 75% of the aggregate of the total number of Board meetings held during 2008 when he or she was a director and the total number of meetings that were held by each committee when he or she served on those committees.

Information About Committees of our Board of Directors

Our Board has five standing committees. They are the Executive, Nominating and Corporate Governance, Risk Management, Audit and Compensation Committees. The Corporation and the Bank have the same committees with the same members for each committee, except that the Bank also has a Wealth Management Committee.

The following shows the Board committee members for the Corporation and the Bank as of the printing of this Proxy Statement, including recent committee changes with respect to certain Board members.

Table of Contents

The Executive Committee meets to discuss and act upon matters which require action prior to the next meeting of our Board. The Executive Committee exercises the authority and powers of the Board at intervals between meetings of the full Board as permitted by law. During 2008, the committee held 8 meetings. The Bank's Executive Committee also meets to ratify certain of the Bank's loans to customers.

The Nominating and Corporate Governance Committee has responsibility for identifying and evaluating candidates for director and recommending the nomination of directors to the full Board. The committee also assists the Board in interpreting and applying corporate governance guidelines, reviews and assesses the adequacy of our corporate governance guidelines, our personal codes of conduct and related internal policies and guidelines and recommends any proposed changes to the Board for approval. The committee has a charter which is available on our website at www.bmtc.com on the Investor Relations Governance Documents page under the heading *BMBC Nominating and Corporate Governance Committee Charter*. Each member of the committee is independent as defined by Nasdaq Global Market rules. During 2008, the committee held 3 meetings.

The Risk Management Committee meets to review and manage the material business risks which confront us. The Risk Management Committee establishes and monitors policies and procedures designed to lead to an understanding of, and to identify, control, monitor and measure, our material business risks. Those risks include loan quality and concentration, interest rate and market risk, as well as liquidity risk. During 2008, the committee held 8 meetings.

The Audit Committee meets at least quarterly. It has general oversight responsibilities regarding our financial reporting process and internal controls. The committee has a charter that is attached to this Proxy Statement as Appendix A. The committee selects and evaluates the qualifications and performance of the independent registered public accounting firm. The committee meets with the internal auditor to review audit programs and the results of audits of specific areas, as well as other regulatory compliance issues. In addition, the committee meets with the independent registered public accountant to review the results of the annual audit and other related matters. Each member of the committee is independent and financially literate as those terms are defined by the Nasdaq Global Market. Our Board has determined that Scott M. Jenkins and Britton H. Murdoch are financial experts as defined by the regulations of the SEC. The committee held 5 meetings in 2008.

The Compensation Committee meets to discuss compensation matters. Each member of the committee is independent as defined by the Nasdaq Global Market. During 2008, the committee held 5 meetings. The committee has a charter which is available on our website at www.bmtc.com on the Investor Relations Governance Documents page under the heading *Compensation Committee Charter*.

Our Compensation Committee is responsible for recommending to the full Board our compensation policies and for administering those policies. They determine the salary and the incentive programs for our executive officers. It is responsible for setting and administering the policies for our equity incentive programs.

Among other responsibilities discussed in the charter, the committee has the responsibility to:

annually review and approve corporate goals and objectives for the compensation of the chief executive officer; evaluate the chief executive officer's performance; and determine and approve the compensation and benefits to be paid to the chief executive officer;

Table of Contents

annually review and discuss with the chief executive officer the performance of all other executive officers; evaluate their performance; and determine and approve the compensation and benefits to be paid to those other executive officers;

review and recommend to the full Board the compensation and benefits for non-employee directors;

administer equity incentive award programs and determine the awards to be distributed under those plans, and

review and provide, if appropriate, recommendations to the full Board regarding compensation and benefit policies, plans and programs.

In preparation for its compensation decisions at the beginning of each year, the committee assesses the individual performance of each executive officer for the prior year. The committee meets in executive session to conduct a performance review of the chief executive officer based upon established objectives, his contribution to the Corporation's performance and his leadership skills. It receives a performance evaluation of the other executive officers from the chief executive officer.

In the beginning of each year, the Compensation Committee considers salary decisions for executive officers for the coming year and bonus awards for executive officers for the prior year. In August, or at other times during the year, it may also consider distribution of equity compensation awards. As part of this process, the chief executive officer provides recommendations for salary, bonus awards and, where applicable, equity compensation for the other executive officers. When determining compensation, the committee bases each compensation decision on the factors described under the heading "COMPENSATION DISCUSSION AND ANALYSIS - Analysis of Executive Compensation Actions for 2008 - General Factors" at page 19 and any other information that the committee deems relevant. The committee also sets performance goals for executive officers for the coming year. It considers recommendations by the chief executive officer of goals for the other executive officers. Goals may include financial objectives, such as goals for net income, earnings per share, wealth revenue, average deposits, average loans, as well as non-financial objectives such as the opening of new branches.

The Compensation Committee normally will not grant equity plan awards except during a period when trading is open (not blacked-out) in the Corporation's common stock by our executive officers and directors under our Securities Trading Policy or the equity award schedule noted above. Under our current policies, that period begins on the fourth business day after quarterly earnings are released and ends thirty calendar days later. Only the committee, not management, determines the timing of equity plan awards.

The Compensation Committee has the authority to hire third party consultants for compensation matters and the authority to review and approve any third party consultants recommended or hired by management. In 2007 and 2008, the committee worked with two different compensation consultants. The first was Robert B. Jones of Innovative Compensation and Benefits Concepts, LLC (called Mr. Jones), who made a comparative study of the marketplace and peer institution practices. He gave the Compensation Committee recommendations which ultimately resulted in the decision to freeze the pension plan as well as other benefit plan amendments in February 2008, along with the related transition issues with regard to such changes. Mr. Jones was also engaged at the end of 2007 by the Bank's Wealth Management Division to review its incentive compensation plan for 2008. He was retained by the committee after a determination that he was independent. Proposals for this work were

Table of Contents

obtained from Innovative Compensation and Benefits Concepts, LLC, Bryn Mawr, PA, AON Consulting, Radnor, PA, and Smart & Associates Business Advisors, Devon, PA (called the Smart firm). In 2008, our Finance Division engaged Mr. Jones to conduct certain actuarial work. In June 2008, the Smart firm was hired to prepare an executive compensation analysis covering the top ten executive positions in our company, and a director compensation comparative study. The study was limited to assessing whether the compensation of these officers was competitive. The committee did not use this study in setting compensation for its executive officers in 2008, but will consider the results of this study along with other factors in making compensation decisions for periods after 2008. Proposals to do this work were obtained from Mr. Jones, AON Consulting, Radnor, PA, the Smart firm and Pearl, Meyer & Partners, Southborough, MA. Mr. James Smart, a former director of the Corporation and Bank, is no longer a principal of the Smart firm. The Smart firm was retained by the committee after a determination was made that it was independent.

The Bank's Wealth Management Committee meets at least quarterly and has general supervision over the Bank's Wealth Management Division and its investments. The committee held six meetings during 2008.

DIRECTOR COMPENSATION

The table below summarizes the compensation paid to non-employee directors for the fiscal year ended December 31, 2008.

- (1) Frederick C. Peters II is the Corporation's Chairman and Chief Executive Officer and is not included in this table as he is an employee of the Corporation and the Bank and thus receives no compensation for his service as a director.
- (2) The dollar amount represents 637 shares of common stock at the market price of \$19.60 on April 28, 2008 for all of the directors for their annual retainer. We do not issue fractional shares. We paid the difference between the directors' \$12,500 annual retainer and the value of the awarded stock to the directors in cash.
- (3) Reflects the dollar amount recognized for financial statement reporting purposes for the fiscal year ended December 31, 2008 in accordance with FAS 123R. As of December 31, 2008, our directors had options for the following respective numbers of shares, of which options for the following respective numbers of shares were unvested:

<i>Director</i>	<i>No. Shs</i>	<i>Unvested</i>
Mr. Bennett	7,000	6,300
Ms. Gilbert	16,250	6,300
Mr. Holland	16,000	6,300
Mr. Jenkins	9,625	7,175
Mr. Lees	13,125	6,300
Mr. Leto	23,764	8,064
Mr. Murdoch	8,750	6,883
Mr. Taylor	28,000	6,300

- (4) For the first and second quarters of 2008, Mr. Holland donated his fees to various charitable organizations and his stock award to the Zion Baptist Church.
- (5) Each of these directors elected to defer their fees and stock awards through our Deferred Payment Plans for Directors.
- (6) Our directors may elect to defer their director's fees under our Deferred Payment Plans for Directors. Among other options, a director may elect to earn a yield on the deferred compensation based on changes in the price of our common stock (including dividends). Making this election creates phantom stock. In addition, deferred fees which would otherwise be paid in the form of shares of our common stock will be automatically converted to phantom stock units under the plans for at least one year. A share of phantom stock is economically equivalent to one share of common stock, but the directors do not have the right to receive an actual share of stock or to vote the phantom stock unit. The following directors have the following phantom stock in the Deferred Payment Plans for Directors: Scott M. Jenkins, 5,152 share equivalents; David E. Lees, 5,579 share equivalents; B. Loyall Taylor, Jr., 58,425 share equivalents.
- (7) Includes the value of stock options granted to Mr. Leto in 2008 that were compensation for his additional services as Lead Director in 2008.

Directors Fees

At its first meeting after each annual meeting, the Compensation Committee reviews the components of director compensation and makes recommendations to the full Board of Directors regarding any changes that the committee believes should be made to director compensation. In May 2008, the Compensation Committee reviewed the components of director compensation and recommended, and the full Board approved, effective for the 2008-2009 board cycle, no changes in director compensation other than an increase in the Lead Director's fee from \$15,000 in cash to \$20,000 in cash and \$10,000 in value of stock options.

Each non-employee director was paid an annual retainer of \$12,500 in our common stock, at the market value of the stock on April 28, 2008. We have agreed to pay, and our non-employee independent directors have agreed to accept payment of, their annual \$12,500 retainer compensation in the form of our common stock, payable in April of each year at the market value of the stock on the day prior to the day of payment. If all of the Corporation's non-employee independent directors, including the directors elected at the Annual Meeting, continue this compensation arrangement for their 2009-2010 terms as directors, it is estimated, based on the \$20.10 per share market price of the stock on December 31, 2008, that each director will receive 621 shares of our common stock and that the directors, as a group, will receive 4,347 shares of our common stock, as retainer compensation in April 2009.

Each non-employee director was paid a fee of \$1,000 for attending each Board meeting, \$1,000 for attending the organization meeting, and \$1,000 for attending each Executive Committee and Risk Management Committee meeting. A separate fee is not paid to directors for attending a Corporation Board meeting held on a Bank Board meeting day. From time to time, directors may be reimbursed for travel expenses associated with attendance at Board or committee meetings. A \$7,500 fee was paid to the Audit Committee Chair in 2008 and a \$2,500 fee was paid to each committee chair. We paid the Lead Director additional fees of \$20,000 in cash and grants of options for 1,764 of our shares in 2008.

Table of Contents

The Corporation pays the directors the \$1,000 fee for attending the organization meeting held after the annual meeting. All other director fees are paid by the Bank.

Stock Options

Each non-employee director serving after our 2009 Annual Meeting is eligible to be granted options to purchase 3,500 shares of our common stock. The purchase price of the stock is the fair market value on the day before the day the option is granted. Directors who are elected or appointed to the Board at or before our annual meeting may participate in our existing 2007 Long-term Incentive Plan.

Directors' Deferred Payment Plans

Under our Deferred Payment Plan for Directors and an identical plan for the Bank (the Plans) a director may defer receipt of a portion or all of the fees paid for service as a director. The Plans are non-qualified plans and the Plans' funds are held in a trust administered by the Bank's Wealth Management Division. Under the Plans, a participating director may earn a yield on the deferred director's fees based on the yield on one or more different investment funds. The investment options include fourteen outside independent mutual funds, a Bryn Mawr Trust brokerage account through which the director may freely select his or her own investments, and an investment based on the change in value of our common stock. A director may change his or her investment options quarterly, except that any fees deferred which would otherwise have been paid in the form of shares of our common stock must remain invested under the Plans in units of phantom stock for one year following the deferral date. All distributions from the deferred account must be in cash or shares of our common stock, as selected by the director. The director's choice of distribution dates is limited to: (1) the date he or she ceases to serve as a director; (2) his or her sixty-fifth birthday, or (3) up to three years after the date the director ceases to serve as a member of the Board. Payments to the director may be made in annual installments payable for up to ten years or in a single lump sum payment. Upon a director's death prior to the distribution date, his or her beneficiary will be paid the balance in the director's account in a single lump sum payment. The Board may amend or terminate the Plans, in whole or in part, without the consent of any director who has deferred compensation into the Plans, but an amendment may not adversely affect the amounts credited to a director's account before the amendment. The right to receive future payments under our Plans is an unsecured claim against our general assets.

COMPENSATION DISCUSSION AND ANALYSIS

Compensation Objectives

The primary objectives of our compensation policy are:

To attract and retain highly qualified key executive officers essential to our long-term success;

To reward properly executive officers for consistent, successful management and for enhancement of shareholder value, and

To create a performance oriented environment that rewards executive officers on a short-term and long-term basis not only with respect to our goals, but also our performance relative to our peers.

Table of Contents

Compensation Philosophy

Our compensation philosophy is to compensate our executive officers for performance. We typically use discretionary bonus awards and equity compensation awards to reward exceptional performance by our executive officers. We also believe we should help our employees, including our executive officers, provide for their retirement security. We do this by providing a 401(k) plan and, for senior officers including named executive officers, supplemental employee retirement plans. These plans also assist us in recruiting and retaining qualified personnel.

The Committee's Processes

In the annual review of each executive officer's compensation package, the committee reviews all elements of total compensation for the preceding three years, as well as what the executive officer's termination compensation would have been under applicable retirement, severance and change in control agreements and the presumed value of unexercised options held by the executive officer. This information also includes gains from prior stock option awards. The committee focuses primarily on the executive officer's performance in the overall context of the Corporation's performance. In assessing performance, the committee considers various financial results, including net income, earnings per share, return on assets, and return on equity. In addition, other strategic goals are considered.

The committee also reviews information from other sources, including proxy statements and published reports on the compensation of executive officers of similar sized banks in our geographical area. In 2008, the committee engaged the Smart firm to review the extent to which our executive compensation and benefits are competitive. The committee expects to use the results of its study, along with other factors and considerations, in setting executive benefits and compensation for 2009. For further information on the engagement of the Smart firm, see the portion of the discussion about our Compensation Committee under, **OUR BOARD OF DIRECTORS Information About Committees of Our Board of Directors** that begins at page 9.

Components of Compensation for 2008

For 2008, the components of executive compensation were:

Salary;

Bonus awards;

Referral fee compensation under company or division incentive plans, in individual cases;

Long-term equity incentives such as stock options;

Benefits under retirement plans;

Term life, health, disability and dental insurance benefits;

Perquisites in limited cases only; and

Change in Control/Severance benefits.

Table of Contents

Salary

Salary provides the base compensation and is intended to be internally fair among executive officers at the same level of responsibility.

In determining compensation, the committee reviews the performance of each executive officer, including the chief executive officer. In determining salary it also reviews an executive officer's level of responsibility. The committee reviews the components described above. The committee also takes into account the effects of inflation. For the chief executive officer, the committee considers financial results, organizational development, marketing initiatives, board relations, management development, work on representing us to our customers, clients and the public, and results in developing, expanding and integrating our products and services.

The committee exercises discretion in setting executive officer salaries and may increase or decrease the salary of one or more executive officers based on overall performance factors, both financial and strategic.

Discretionary Annual Bonus

The committee has the authority to award discretionary annual bonuses to our executive officers from a corporate-wide bonus pool under the corporate incentive program. Upon completion of the financial statements at year end, the committee, in its sole discretion, determines the amount available for bonuses. The chief executive officer's bonus is limited to fifty percent of base salary. Bonuses for the other executive officers are limited to forty-five percent of base salary.

Long-term Equity Incentives

Under our 2004 Stock Option Plan and 2007 Long-Term Incentive Plan, the committee can award stock options, stock grants, performance units, performance shares and restricted stock units, which gives the committee flexibility to establish performance incentives aligned with the bank's goals. The committee bases its decisions on equity compensation awards to executive officers on its assessments of their individual performance, their expected future performance and a retention incentive. For additional information about the plans, see the discussion under the headings, EQUITY BASED COMPENSATION 2001, 2004 and 2007 Equity Compensation Plans beginning at page 24.

Retirement Plans

All employees have the opportunity to participate in the Bryn Mawr Bank Corporation 401(k) Plan. The 401(k) Plan is a defined contribution plan which provides a vehicle for retirement benefits. See page 28 for further description of the 401(k) Plan. All employees are entitled to participate in the 401(k) Plan after six months of employment with at least 500 hours of service.

Certain employees were entitled to participate in our Pension Plan, a defined benefit pension plan which was frozen effective March 31, 2008. No additional employees are permitted to participate in it after March 31, 2008 and none of the participating employees are credited with service or compensation received after March 31, 2008 in calculating their retirement benefits under the plan. For further information on the Pension Plan and the March 31, 2008 freeze, please refer to RETIREMENT BENEFITS Pension Plan beginning at page 29.

Table of Contents

We also maintain two supplemental employee retirement plans, called the Supplemental Plans. The combined benefits under these plans are intended to restore the level of retirement benefits that would be provided under our Pension Plan but for its freeze and limitations in the Internal Revenue Code. Our named executive officers are entitled to participate in both of these plans. See further description of these plans in the section titled, **RETIREMENT BENEFITS – Supplemental Employee Retirement Plans** beginning at page 29.

Deferred Bonus Plan for Executives

Under our Deferred Bonus Plan for Executives, our executive officers and other employees who earn in excess of \$100,000 annually can defer payment of any bonus which they receive. For additional information regarding this plan, see the discussion under the heading **NONQUALIFIED DEFERRED COMPENSATION – Deferred Bonus Plan for Executives** at page 31. We offer this benefit to attract and retain qualified executive officers.

Company and Division Incentive Plans

We maintain a variety of company-wide and division-specific incentive plans in which various employees are eligible to participate. Our incentive plans are designed to provide incentives to our employees to increase the business and profitability of our company. Named executive officers are eligible to participate in our Share the Client Plan and the Bank's Wealth Management Division Sales Incentive Plan. Joseph G. Keefer was eligible to participate in 2008 in our Commercial Lending Division Line of Sight Incentive Plan.

Perquisites

It is our general policy not to provide perquisites to executive officers. However, in isolated cases, and where appropriate to achieve our corporate goals, we may agree to give limited perquisites to specific executive officers. Examples of such perquisites could include the payment or reimbursement of moving expenses where required in connection with employment, and financial assistance toward expenses in joining a private club to be used to entertain clients or prospective clients.

Term Life, Health, Disability and Dental Insurance

We provide term life, health, disability and dental insurance to our named executive officers on terms similar to those we provide other employees generally, except as described below in the sections titled **POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL – Payments upon Death and Payments upon Disability**. We provide this benefit to attract and retain executive talent.

Severance Benefits/Severance Pay Policy

We provide severance benefits to our executive officers and other employees if their positions are eliminated or if they are terminated involuntarily without cause. We provide this benefit to assist us in recruiting qualified employees. To obtain severance benefits, a terminated employee must execute a release of all claims against us. This protects us from potential liability arising from the termination of employment.

Table of Contents

Executive Change in Control Severance Agreements

We also have change in control agreements with each of our named executive officers. The agreements provide for a cash payment of three times the executive's base salary at the time of a change in control. The agreements also provide for an additional cash payment equal to the difference between the price of our common stock on the date of the change in control and the exercise price of all options held by the executive officer. Upon a change in control, an executive officer is entitled to his or her discretionary bonus, a credit to his or her Supplemental Plan benefit equivalent to three years of additional credited service, and other benefits. See the discussion under the heading "POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL" in this Proxy Statement. The benefits payable under the change in control agreements are designed to be competitive with the market and the compensation committee believes that the amount of the benefits is appropriate.

Tax Implications

In evaluating its general strategies relating to equity compensation, severance, change in control benefits, deferred compensation and other executive compensation, the committee routinely considers the tax and accounting implications. Specifically, the committee recognizes the potential limitations Section 162(m) of the Internal Revenue Code can impose on these elements of compensation. Generally, the committee intends to structure our compensation programs, where feasible, to minimize or eliminate the impact of limitations or penalties such as those in Section 162(m). Otherwise, in 2008 the committee did not consider accounting or tax treatments of particular forms of compensation in making compensation decisions.

Analysis of Executive Compensation Actions for 2008

General Factors

In its compensation decisions for 2008, the committee reviewed and considered in determining base salary and bonus of each officer the following general factors: various components of compensation and total compensation received by each executive officer in 2007; results of Mr. Jones' comparative survey; market conditions; competitive factors within the industry; employee retention; as well as the performance levels of the individual and the Bank, including their role in the organization and scope of responsibility. For more information regarding Mr. Jones' comparative survey, see the description of the Compensation Committee earlier in this proxy statement.

2008 Salary Decisions

At a January 2008 meeting, the committee met to determine the salary for the chief executive officer for 2008. The committee decided to increase Mr. Peters' salary by 3.90% for 2008 and in doing so considered, in addition to those general factors set forth in the immediately preceding paragraph, the following material factors specific to Mr. Peters: increases in each of net income, wealth revenue, average loans, average deposits, the implementation of an open architecture investment platform, and his leadership and organizational skills.

In February 2008, Mr. Peters submitted his evaluation of the performance of the other named executive officers and gave his salary recommendations. Based on the general factors set forth above, Mr. Peter's salary recommendations, and the performance of each named executive officer (including specific accomplishments which are elaborated further below), the committee made the following changes to the salaries of the named executive officers. The committee increased Mr. Smith's salary by 3.75% and in doing so considered the following material factors specific to Mr. Smith: the

Table of Contents

Corporation's timely and accurate financial reporting, evaluation of the Finance Division, organizational skills, management of the Asset Liability Committee, the Bank's funding requirements, investor relations, his implementation of accounting development programs. The committee increased Ms. Gers' salary by 3.85% and in doing so considered the following material factors specific to Ms. Gers: increased new account growth on both consumer and business accounts, developed a marketing program for the open architecture investment platform, managed her division's expenses including reduction in overtime expense. The committee increased Mr. Keefer's salary by 3.75% and in doing so considered the following material factors specific to Mr. Keefer: met budget income and expense goals for the Credit Division, increased average loan assets on a year over year basis, maintained 2007 charge off and delinquency amounts at acceptable levels, integrated all aspects of the leasing subsidiary operations into the Bank, continued implementation of the West Chester loan production office, attracted and retained high performance credit professionals. The committee increased Mr. Waschull's salary by 4.10% and in doing so considered the following material factors specific to Mr. Waschull: selected and implemented an open architecture investment platform system, enhanced the Wealth Management Division sales and marketing program, increased Wealth Division revenue.

August 2008 Equity Compensation Grants

Consistent with our philosophy to reward our executive officers for performance, the committee awarded non-qualified stock options to our executive officers in August 2008. These options are described in the *Grants of Plan-Based Awards Table* below at page 25 and the accompanying narrative. The five year vesting schedule for these options was selected by the committee based on the future expense and budgetary considerations pursuant to FAS123R. The committee considered our overall financial performance for 2007, the performance of the individual named executive officers discussed above and their expected future performance, as well as the incentive for the named executive officer to remain with us in granting the stock option awards.

2009 Decisions on Bonuses for 2008 Performance

In January 2009, the committee approved a bonus pool for exempt employees, including the named executive officers, in the amount of \$461,000, which equates to 2% of the company's gross salary and benefits of \$23 million. The committee then met in February of 2009 to determine how the bonus pool funds should be allocated to the various executive officers. The committee has broad discretion in how it makes its bonus determinations, with no set criterion on which to base its decisions other than the goals that have been set for each individual executive officer's performance in the prior year.

In making bonus decisions at its February 2009 meeting, the committee took into account many factors including: accomplishments of the individual executive officers against their respective predetermined goals, their leadership and overall contributions to the Bank's performance, the Bank's net profit position and overall performance given the challenging economic environment, implementation of key strategic initiatives, favorable balance sheet results, strong regulatory and compliance results, the desired retention of key employees, the successful acquisition of a new corporate subsidiary, leadership and growth in loan portfolios, increases in core transaction accounts, successful branch opening and branch renovations, and the proactive management of the Bank's asset, liability and capital accounts. Additionally, in Mr. Waschull's case, the committee took into account the terms of Mr. Waschull's employment agreement which establishes a minimum bonus for 2008. In instances where an officer failed to meet a specific goal, the committee also took into account facts or circumstances affecting the officer's ability to reach such goals.

Executive Employment Agreement

We entered into an employment agreement with Frederick C. Peters II dated January 11, 2001, (with employment commencing on January 22, 2001) to serve as our President and Chief Executive Officer. The initial term of the employment agreement was three years. If the agreement is not terminated, the employment agreement renews on a rolling two-year basis, so that at all times prior to Mr. Peters attaining age sixty-three, the term of the employment agreement will be two full years. The employment agreement provides for a minimum annual base salary of \$225,000. Under his employment agreement, Mr. Peters is also entitled to participate in all of our employee benefit plans and arrangements made generally available to our executives and key management employees.

The employment agreement may be terminated by us upon the disability of Mr. Peters or for cause as defined in the employment agreement. Mr. Peters may voluntarily terminate his employment at any time by giving not less than thirty days prior written notice to us. If we terminate his employment due to his disability, we must continue to pay him his full salary for a period equal to the applicable elimination period under any group long term disability insurance provided by us (currently 180 days), or, if we cease to provide group long term disability insurance, we must pay him his full salary through the last day of the month after he receives a notice of termination in accordance with the agreement. If we terminate his employment for reasons other than his disability and other than for cause, Mr. Peters is entitled to receive his full salary, including incentive compensation, through the date of termination and we must pay Mr. Peters an additional amount equal to his annual salary in effect on the date of the termination in bi-weekly installments for two years or until his sixty-fifth birthday, whichever occurs first. If Mr. Peters terminates his employment, he is entitled to receive his full salary through the date of termination.

The employment agreement also contains non-disclosure, non-solicitation and non-competition provisions under which Mr. Peters agrees not to disclose any confidential information, not to solicit our employees or our clients, and agrees not to compete with us, subject to certain conditions in the employment agreement, for a period of two years following his termination of employment within a 100 mile radius of Bryn Mawr, PA.

Executive Bonus Agreement

From February 2007 until January 20, 2009, Matthew G. Washull served as the Bank's Executive Vice President - Wealth Management Division. Mr. Washull continues as an Executive Vice President of the Bank, but as of January 20, 2009, took on the role of President and Chief Operating Officer of our wholly owned subsidiary, The Bryn Mawr Trust Company of Delaware. Mr. Washull is an at will employee. However, the Bank agreed to award bonuses on a yearly basis to Mr. Washull of up to \$150,000 based on the performance of the Bank's Wealth Management Division and the overall performance of the Bank. Mr. Washull is entitled to a minimum bonus of \$50,000 payable in 2008 and 2009, respectively, for years 2007 and 2008. He also received a change in control severance agreement on the same terms as our other executive officers.

Company and Division Incentive Plans

We have incentive plans, open to participation among our officers or employees generally, in which one or more of our named executive officers are eligible to participate and earn additional referral or incentive compensation:

Share the Client Plan. This is our internal cross-selling program. It rewards a group or individual for their contribution to the success of other business units. The employees of our Community Banking, Consumer Lending, Mortgage, Brokerage and Insurance divisions are eligible to participate

Table of Contents

in this plan. Referral goals are set for each business team across all relevant product categories monthly. Payouts are made monthly to an individual if the individual or his or her business unit meets one of the goals.

Wealth Management Division Sales Incentive Plan. Any employee is eligible to participate in this plan. Participants received referral fees quarterly on new immediate fee business and future fee business of our Wealth Management Division if they are employed by us when the compensation is to be paid. No named executive officer received compensation under our Wealth Management Division Sales Incentive Plan in 2008.

Commercial and Real Estate Lending Incentive Plan. Employees in our commercial and real estate lending division are eligible to participate in this plan. This plan is based on growth in average earning assets and loan fees in our commercial and real estate lending division. The incentive plan is tied to the annual business plan in that there is a plan floor below which no incentive would fund. There is no ceiling. The size of the incentive pool is based on the achievement of the group and not the achievement of any one individual. However, individual performance is the determining factor when allocating the pool to employees of the division. Mr. Keefer shared in this incentive plan in 2008.

EQUITY BASED COMPENSATION

2001, 2004 and 2007 Equity Compensation Plans

Our Board adopted and our shareholders approved the Bryn Mawr Bank Corporation 2001 and 2004 Stock Option Plans (these are called the Plans). The Compensation Committee is authorized to grant stock options to our key employees, including our executive officers and our non-employee directors. The committee may grant either incentive stock options or non-qualified stock options. The options are granted in consideration for the services provided to us by the employees and directors. The committee determines when an option is exercisable in whole or in part. The maximum term of an option is ten years from the date the option is granted. The exercise price is the fair market value of a share of our stock. The fair market value is the last sales price as reported by the Nasdaq Global Market on the day preceding the day of the grant. Payment for an option may be made in cash or by the delivery of shares of our common stock with a fair market value as of the exercise date equal to the exercise price of the option being exercised.

Under our 2004 Stock Option Plan, in the event of a change in control, all options granted will immediately vest and become exercisable. This provision was included in our 2004 Stock Option Plan to be consistent with our prior plans and to be competitive in the marketplace.

In April 2007, our shareholders approved the 2007 Long-Term Incentive Plan which broadens the types of awards available from stock options only to stock options, stock appreciation rights, dividend equivalents, performance awards, restricted stock and restricted stock units.

The exercise price of stock options awarded by the committee is the fair market value of a share of our stock. The fair market value is the last sale price as reported by the Nasdaq Global Market on the day preceding the day of the grant. The day preceding the date of the grant is used for determining the exercise price because the committee normally meets early in the morning before the stock market opens. Under our 2007 long-term incentive plan, options become immediately exercisable in full if any of the following happen within two (2) years after the change in control:

The participant's employment is terminated without cause;

The participant terminates employment with good reason;

Table of Contents

The participant's employment terminates under circumstances that entitle the participant to benefit under the Participant's change in control agreement.

Under the 2007 long-term incentive plan, outstanding stock options or stock appreciation rights also become immediately exercisable in full:

if we are the surviving entity in a merger and do not make any adjustments necessary to preserve the value of participants' outstanding stock options or stock appreciation rights; or

if we are not the survivor and the surviving entity does not assume the obligations under the 2007 long-term incentive plan.

The committee may, in its sole discretion, determine that a cash payment may be made for any outstanding stock options and stock appreciation rights granted under this plan. The amount payable is equal to the excess of the fair market value of a share of common stock prior to the change in control over the exercise price of the stock option or stock appreciation right. If a cash payment is made, each stock option and stock appreciation right terminates and the participant has no further rights except the right to receive the cash payment.

As of December 31, 2008, there was an aggregate maximum of 180,671 shares of common stock available for the grant of options under the 2001 and 2004 Stock Option Plans and the 2007 Long-Term Incentive Plan.

Grants of Plan-Based Awards Table

The Compensation Committee awarded grants in 2008 as set forth in the table below:

401(k) Plan

An employee becomes eligible to participate in the 401(k) Plan on January 1, April 1, July 1 or October 1 following six months of service with at least 500 hours of service. A participant may elect to have his/her compensation reduced and contribute the amount of the reduction on his/her behalf to the 401(k) Plan in an amount from 1% to 16% of his/her compensation subject to applicable yearly dollar limitations (catch up contributions are also permitted). Quarterly, we make a dollar-for-dollar matching contribution of up to 3% of each participant's base compensation. In any 401(k) Plan year we may make contributions to the participants' discretionary accounts in the 401(k) Plan from our net profits. Employees may invest their account balances in up to fifteen outside independent mutual funds, two collective investment funds administered by the Bank, and an investment based on the change in value of our common stock.

As of December 31, 2008, the 401(k) Plan's related trust held 127,753 shares of our common stock for the benefit of 158 participants. Each participant may elect to receive payment in cash or our common stock.

On February 12, 2008, the Board authorized amendments to the plan to permit the Corporation, in its discretion, to make a special class of quarterly, immediately vested, nonforfeitable, non-matching

Table of Contents

contributions as a uniform percentage of each plan participant's Plan Compensation (as defined in the plan). The authorizing resolution calls these special contributions. The board action also permits management, in its discretion, to determine the amount of Special Contributions, if any, from time to time, up to 3% of employees' gross compensation. On February 12, 2008, the Board approved a special contribution to the 401(k) Plan equal to 3% of employees' gross compensation in 2008. The special contribution was made to the 401(k) plan on a quarterly basis beginning in July 2008 for each of the second, third and fourth quarters of 2008.

Pension Plan

Certain of our employees have participated in our Pension Plan, which is a defined benefit, qualified, non-contributory pension plan. The Pension Plan was frozen effective March 31, 2008. No employees can participate in the Pension Plan after March 31, 2008, and that compensation paid to and service completed by all Pension Plan participants after March 31, 2008 will be disregarded in computing accrued benefits under the plan. Benefits under the Pension Plan are paid from a trust and the Bank is the trustee. At retirement, benefits under the Pension Plan are paid monthly. The Pension Plan does not provide for any lump sum payment of benefits unless the present value of accumulated benefits is less than \$5,000. The Pension Plan remains adequately funded and while no contribution was required in 2008 based on ERISA funding requirements, a \$2 million contribution was made. The net periodic pension cost is computed on the basis of accepted actuarial methods which include the current year service cost and reported in accordance with Generally Accepted Accounting Principles.

Benefits paid by the Pension Plan are based on the participants highest average consecutive five-year annual compensation, in the ten years prior to a participant's retirement. Annual compensation is the basic rate of salary paid to a participant including bonus, overtime and commissions. The normal retirement age is 65. The participant may elect early retirement at age 55 with fifteen years of service. Under the Pension Plan, the normal retirement benefit at age 65 is equal to the sum of the participant's past service benefit and future service benefit under the Pension Plan. The past service benefit, for service before 1989 is equal to the greater of a participant's accrued benefit under the Pension Plan earned through December 31, 1988 or 1.3% of annual average compensation times the years of benefit service before 1989 (with no maximum number of years), plus 0.5% of average annual compensation in excess of covered compensation times the years of benefit service before 1989 (with a maximum of thirty-five years). The future service benefit is 1.3% of average annual compensation times years of benefit service, beginning with 1989 (with no maximum number of years), plus 0.5% of average annual compensation in excess of covered compensation times years of benefit service beginning with 1989 (with a maximum of thirty-five such years minus years of benefit service before 1989). Under the Pension Plan, covered compensation is the average of the taxable wage bases in effect under Section 230 of the Social Security Act for each calendar year in the thirty-five year period ending with the calendar year in which a participant reaches his social security retirement age.

If the participant retires between the ages of 55 and 62, the amount of the benefits is reduced on a sliding scale. For retirement at age 55, the participant is entitled to 62.3% of the accrued benefits. If a participant retires at age 62 the participant is entitled to 100% of the accrued benefit. Credited years of service under the Pension Plan cannot exceed the participant's actual years of service.

Supplemental Employee Retirement Plans

We maintain two non-qualified, defined benefit pension plans designed to supplement the benefits earned by certain participants under our qualified Pension Plan. These two plans are our Supplemental Employee Retirement Plan and our Supplemental Employee Retirement Plan for Select Executives.

Table of Contents

First Supplemental Plan. In January 1989, we adopted the Supplemental Employee Retirement Plan, also called the First Supplemental Plan, which we most recently amended effective January 1, 2009. Federal law places certain limitations on the amount of compensation which can be taken into account and the retirement income that can be paid under a pension plan qualified under the Internal Revenue Code, such as our Pension Plan. The First Supplemental Plan is a non-qualified plan which was adopted to provide the additional benefit to affected Pension Plan participants which would have been provided under the Pension Plan but for those limitations, as well as to take into account bonuses deferred by Pension Plan participants under the Deferred Bonus Plan for Executives, which amounts are not taken into account as compensation under the Pension Plan's benefit formula. However, the First Supplemental Plan was frozen effective March 31, 2008, consistent with the freeze of the Pension Plan as of that date.

Second Supplemental Plan. Our Board approved the Supplemental Employee Retirement Plan for Select Executives, also known as the Second Supplemental Plan, effective April 1, 2008, for the benefit of ten senior management level officers including our named executive officers. The purpose of the Second Supplemental Plan is to provide its participants with the full level of benefits which would have been provided to them had the qualified Pension Plan not been frozen, and without regard to the limitations on the amount of compensation which can be taken into account and the retirement income which can be provided under a qualified pension plan. The benefit payable to a participant at retirement under the Second Supplemental Plan will be computed under the Pension Plan formula, based on all service and compensation, without regard to the freeze or such limitations, and counting as compensation any bonuses deferred under the Deferred Bonus Plan for Executives, but reduced by the benefits actually accrued by the participant under the frozen Pension Plan and the frozen First Supplemental Plan, and the actuarial equivalent value of the Special Contributions of up to 3% of base salary allocated to the participant under the 401(k) Plan (plus or minus cumulative earnings or losses on those contributions).

None of the named executive officers is currently eligible for early retirement under the Pension Plan or these Supplemental Plans.

Deferred Bonus Plan for Executives

We provide the Deferred Bonus Plan for Executives to our executive officers and other employees who earn in excess of \$100,000 annually as an additional benefit to attract and retain qualified executive officers and employees. Under the Deferred Bonus Plan for Executives, our executive officers and other employees who earn in excess of \$100,000 annually can defer payment of any bonus which they receive. This plan is a non-qualified plan. The funds are held in a trust administered by the Bank's Wealth Management Division. Under the plan, the participating executives may earn yields on their deferred compensation based on the yields on one or more different investment funds. For this purpose, participants may select among up to fourteen outside independent mutual funds and an investment based on the change in value of our common stock. Choosing the latter creates phantom stock. The rates of return provided by the mutual funds for the investment options for the year 2008 ranged from a negative (47.3%) for the large cap value asset category to a positive 7.60% for the intermediate term government asset category. The rate of return on our stock was a negative (9.93%). The rate of return, positive or negative, on the investment options is based on the actual performance of the mutual funds or our common stock. Each executive officer who participates in the plan may defer the receipt of his deferred compensation until (i) January of the following year, (ii) retirement or other separation from employment, or (iii) age 65 if he or she retires at an earlier age under the Pension Plan or the Supplemental Plans. In certain very limited circumstances involving a hardship, as defined in the Deferred Bonus Plan, a participant may request withdrawal of his/her deferred compensation. The right to receive future payments under the plan is an unsecured claim against our general assets.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

The information below summarizes the compensation and benefits for each of our named executive officers in the event of a termination of the named executive officer's employment. Amounts shown are estimates and the actual amounts to be paid can only be determined at the time of the named executive officer's termination of employment.

Payments upon Termination for Cause

If we terminate a named executive officer for cause as defined in our incentive compensation plans, then the named executive officer forfeits all vested and unvested stock option awards. Cause means personal dishonesty, willful misconduct, breach of fiduciary duty, intentional failure to perform stated duties, the willful violation of any law, rule or regulation that results in a loss to us or violation of any judicial order or violation of any confidentiality, non-competition or non-solicitation provision in any agreement with us or any of our subsidiaries. Upon termination for cause, the named executive officer is entitled to receive the following amounts:

Salary through the date of termination.

Salary in lieu of unused paid time off.

Amounts contributed and accrued under our Deferred Bonus Plan for Executives.

Table of Contents

Payment upon Termination Other Than for Cause

If we terminate a named executive officer for reasons other than cause, or the named executive officer voluntarily terminates employment, then in addition to the amounts identified above under Payments Upon Termination for Cause, the named executive officer is entitled to:

Retain all vested stock options (but unvested options become null and void).

Severance benefits, if the executive's position has been eliminated or the executive is terminated without cause. Salary continuation benefits payable to the named executive officers are based on a formula of two weeks' severance pay for each year of employment, with a minimum of six months' salary continuation and a maximum of one-year salary continuation. We also continue medical benefits during the period when the salary continuation payments are made. The severance pay policy is not based on merit and does not apply if an executive is terminated for lack of performance. We retain discretion whether to pay these benefits.

If we terminate Mr. Peters' employment for reasons other than cause (absent a change in control), then he is entitled to receive an amount equal to his full salary in effect on the date of termination in bi-weekly installments for two years or until his 65th birthday, whichever occurs first.

Payments upon Retirement

When the named executive officer retires, in addition to the items identified above, the named executive officer is entitled to the following:

Vesting of all outstanding options issued pursuant to the 2001 and 2004 Plans, which need to be exercised within one year after retirement (or the expiration of the option period, if shorter). Currently, all outstanding options issued under the 2001 and 2004 Plans are fully vested.

Outstanding options issued under the 2007 Long Term Incentive Plan will vest pursuant to the respective grant and vesting schedule approved by the Compensation Committee.

Payments upon Death

If a named executive officer dies, then in addition to the benefits listed above under the headings Payments upon Termination other than for Cause and Payments upon Retirement, the named executive officer's beneficiary will receive a benefit payment under our life insurance plan equal to two times their salary or \$200,000, whichever is less.

Pension Plan and Supplemental Plans

If a named executive officer's employment is terminated, the named executive officer retains the amounts accrued and vested under our Pension Plan and would receive the same pension benefits as would any other employee. The Supplemental Plans provide that, if a named executive officer's employment is terminated before the earliest of his or her normal retirement date under the Pension Plan (age 65), early retirement date (age 55 with fifteen years of credited service), permanent disability or death, the named executive officer is not eligible for any payments under the Supplemental Plans. However, the change in control agreements we have entered into with our named executive officers may make the executive officer eligible for increased benefits under the Supplemental Plans if employment is terminated within two years after a change in control of the Corporation. Please refer to footnote 3 to the *Change in Control Benefits Table* below at page 35. The present value of the

accumulated benefits under our Pension Plan and Supplemental Plans for each named executive officer is set forth in the *Pension Benefits Table* above at page 28.

The following table shows the aggregate dollar amounts that would have been paid to each of the named executive officers if his or her employment were terminated as of December 31, 2008 for each of the following reasons (absent a change in control of the Corporation). The table assumes that each officer was also paid all salary and other benefits through the date of termination of employment.

(1) For cases other than termination due to death or disability.

(2) This column shows only the cash payments we are obligated to make to an executive on termination for death. Each executive is also entitled to a one-time \$200,000 death benefit payable by the insurance provider under term life insurance policies we have purchased for each executive, if he or she dies while employed by us.

(3) This column shows only the cash payments we are obligated to make to an executive on termination for disability. Each executive is also covered by a disability insurance policy that will pay a benefit of 70% of base monthly salary to a disabled executive. Please refer to the section titled *Payments Upon Disability* at page 34 below for a more complete description of the benefit, which is payable for an indeterminate period.

(4) This includes the aggregate dollar amount of Mr. Peters' annual salary in effect on the date of the termination, payable in bi-weekly installments for two years. This severance payment is provided for in Mr. Peters' employment contract. It also includes medical/dental payments for six months in accordance with our severance policy (see footnote 5).

(5) Severance and medical/dental payments are calculated in accordance with our policy on severance pay as in effect on December 31, 2008. The policy provides that a decision to pay severance is at our discretion. The amounts we may pay may change at any time, or we may terminate the severance policy at any time.

(6) Includes severance payments equal to six months of salary, and six months of medical and dental coverage expense (see footnote 5).

(7) Includes severance payments equal to 36 weeks of salary, and 36 weeks of medical and dental coverage expense (see footnote 5).

(8) In addition to the \$200,000 one-time death benefit described in footnote 2 above, Mr. Peters would be entitled to the listed amount in pension benefit payments that would become payable to Mr. Peters' wife upon the date Mr. Peters would have turned 65, assuming his wife survives to that date.

(9) In addition to the \$200,000 one-time death benefit described in footnote 2 above, Mr. Smith would be entitled to the listed amount in pension benefit payments that would become payable to Mr. Smith's wife upon the date Mr. Smith would have turned 65, assuming his

wife survives to that date.

- (10) In addition to the \$200,000 one-time death benefit described in footnote 2 above, Ms. Gers would be entitled to the listed amount in pension benefit payments that would become payable to Ms. Gers' husband upon the date Ms. Gers would have turned 65, assuming her husband survives to that date.

Table of Contents

- (11) In addition to the \$200,000 one-time death benefit described in footnote 2 above, Mr. Keefer would be entitled to the listed amount in pension benefit payments that would become payable to Mr. Keefer's wife upon the date Mr. Keefer would have turned 65, assuming his wife survives to that date.
- (12) In addition to the \$200,000 one-time death benefit described in footnote 2 above, were Mr. Waschull to be married upon his death, the then-accrued pension benefit amount (currently \$14,176) would become payable to Mr. Waschull's wife upon the date Mr. Waschull would have turned 65, assuming his wife survives to that date. As of December 31, 2008, Mr. Waschull was not married.
- (13) Represents the cash payment we are obligated to make, in addition to the disability insurance benefits indicated in footnote 3, equal to Mr. Peters' full salary for the 180-day elimination period under the disability insurance policy. If we cease to provide long-term group disability insurance, we are only obligated to pay his full salary through the last day of the month after his receipt of a notice of termination.
- (14) Represents the pension benefit payments due to Mr. Keefer, in addition to the disability insurance benefits indicated in footnote 3, upon his total and permanent disability. Mr. Keefer would be eligible to start drawing the pension at age 55, and would be credited with imputed service for purposes of the benefit formula until age 55 as if he had still been working (thereby increasing the benefit amount). Alternatively, Mr. Keefer could elect to defer the pension until age 65, and the imputed service would continue to grow until the earlier of age 65 or the date he ceased to be totally and permanently disabled.

Payments upon Disability

If a named executive officer becomes disabled, then in addition to the benefits listed under the headings Payments upon Termination other than for Cause and Payments upon Retirement, above, the named executive officer will be entitled to a periodic benefit for an indeterminate period equal to 70% of the officer's base monthly income. Pursuant to the terms of Mr. Peters' employment agreement, if his employment had terminated on December 31, 2008 due to his disability, he would have been entitled to the payment of his full salary for the 180-day elimination period under the disability insurance policy.

Table of Contents**Payments Upon Change in Control**

We have entered into change in control agreements with each named executive officer. The agreements contain a double trigger for payments. A change in control must occur and the executive officer must be terminated either (1) without cause by us or (2) by the executive officer for good reason at any time during the two years following the change in control. Change of control is defined under the agreements as (1) the acquisition by any person or group of twenty-five percent or more of our outstanding common stock, or (2) incumbent members of our Board cease to be at least a majority of the Board. Benefits under the change in control agreements are listed in the following table.
