ITEM 8.01 OTHER EVENTS.

On August 25, 2010, we announced financial results for our second quarter ended July 31, 2010. Net service revenues were \$35.7 million in the second quarter of fiscal year 2011, a decrease from the \$41.5 million in the same prior year period. Net technology revenues decreased to \$6.4 million in the second quarter ended July 31, 2010 from \$7.3 million in the second quarter ended July 31, 2009. The net loss for the quarter was (\$15.3) million or (\$0.13) per basic and diluted share, compared to a net loss of (\$2.7) million or (\$0.03) per basic share and diluted share, for the quarter ended July 31, 2009. We ended this quarter with approximately \$243 million in cash and short-term investments, compared to approximately \$255 million in cash and short-term investments in the prior quarter. Additionally, we continue to have no debt.

As of July 31, 2010 our total subscriptions were approximately 2.4 million. TiVo-Owned subscription gross additions were 32,000 for the quarter, compared to 31,000 in the second quarter fiscal year 2010. TiVo-Owned net subscription losses were 48,000 in the quarter ended July 31, 2010 as compared to 42,000 in the quarter ended July 31, 2009. Our monthly churn rate was 1.9% for the quarter ended July 31, 2010 and TiVo-Owned subscriptions were approximately 1.4 million compared to 1.6 million a year ago. The installed base of MSO/Broadcasters TiVo subscriptions was approximately 1.0 million compared to approximately 1.5 million a year ago.

Included in the 1,366,000 TiVo-Owned subscriptions are approximately 280,000 lifetime subscriptions that have reached the end of the period TiVo uses to recognize lifetime subscription revenue. These lifetime subscriptions no longer generate subscription revenue.

Subscriptions. Management reviews this metric, and believes it may be useful to investors, in order to evaluate our relative position in the marketplace and to forecast future potential service revenues. The TiVo-Owned lines refer to subscriptions sold directly or indirectly by TiVo to consumers who have TiVo-enabled DVRs and for which TiVo incurs acquisition costs. The MSOs/Broadcasters lines refer to subscriptions sold to consumers by MSOs/Broadcasters such as DIRECTV, Cablevision Mexico, Seven (Australia), and Comcast for which TiVo expects to incur little or no acquisition costs. Additionally, we provide a breakdown of the percent of TiVo-Owned subscriptions for which consumers pay recurring fees, including on a monthly and a prepaid one, two, or three year basis, as opposed to a one-time prepaid product lifetime fee.

We define a subscription as a contract referencing a TiVo-enabled DVR for which (i) a consumer has committed to pay for the TiVo service and (ii) service is not canceled. We count product lifetime subscriptions in our subscription base until both of the following conditions are met: (i) the period we use to recognize product lifetime subscription revenues ends; and (ii) the related DVR has not made contact to the TiVo service within the prior six month period. Product lifetime subscriptions past this period which have not called into the TiVo service for six months are not counted in this total. We amortize all product lifetime subscriptions over a 60 month period. We are not aware of any uniform standards for defining subscriptions and caution that our presentation may not be consistent with that of other companies. Additionally, the subscription fees that some of our MSOs/Broadcasters pay us may be based upon a specific contractual definition of a subscriber or subscription which may not be consistent with how we define a subscription for our reporting purposes.

Average TiVo-Owned subscriptions	1,390	1,604

TiVo-Owned Churn Rate per month	-1.9%	-1.5%

TiVo-Owned Churn Rate per Month. Management reviews this metric, and believes it may be useful to investors, in order to evaluate our ability to retain existing TiVo-Owned subscriptions (including both monthly and product lifetime subscriptions) by providing services that are competitive in the market. Management believes factors such as service enhancements, service commitments, higher customer satisfaction, and improved customer support may improve this metric. Conversely, management believes factors such as increased competition, lack of competitive service features such as high definition television recording capabilities in our older model DVRs or access to certain digital television channels or MSO Video on Demand services, as well as, increased price sensitivity may cause our TiVo-Owned Churn Rate per month to increase.

We define the TiVo-Owned Churn Rate per month as the total TiVo-Owned subscription cancellations in the period divided by the Average TiVo-Owned subscriptions for the period (including both monthly and product lifetime subscriptions), which then is divided by the number of months in the period. We calculate Average TiVo-Owned subscriptions for the period by adding the average TiVo-Owned subscriptions for each month and dividing by the number of months in the period. We calculate the average TiVo-Owned subscriptions for each month by adding the beginning and ending subscriptions for the month and dividing by two. We are not aware of any uniform standards for calculating churn and caution that our presentation may not be consistent with that of other companies.

Subscription Acquisition Cost or SAC. Management reviews this metric, and believes it may be useful to investors, in order to evaluate trends in the efficiency of our marketing programs and subscription acquisition strategies. We define SAC as our total TiVo-Owned acquisition costs for a given period divided by TiVo-Owned subscription gross additions for the same period. We define total acquisition costs as sales and marketing, subscription acquisition costs less net TiVo-Owned related hardware revenues (defined as TiVo-Owned related gross hardware revenues less rebates, revenue share and market development funds paid to retailers) plus TiVo-Owned related cost of hardware revenues. The sales and marketing, subscription acquisition costs line item includes advertising expenses and promotion-related expenses directly related to subscription acquisition activities, but does not include expenses related to advertising sales. We do not include third parties subscription gross additions, such as MSOs/Broadcasters gross additions with TiVo subscriptions, in our calculation of SAC because we typically incur limited or no acquisition costs for these new subscriptions, and so we also do not include MSOs/Broadcasters sales and marketing, subscription acquisition costs, hardware revenues, or cost of hardware revenues in our calculation of TiVo-Owned SAC. We are not aware of any uniform standards for calculating total acquisition costs or SAC and caution that our presentation may not be consistent with that of other companies.

Average MSOs/Broadcasters per month subscriptions	1,063	1,521
MSOs/Broadcasters ARPU per month	\$ 1.20	\$ 0.95

Average Revenue Per Subscription or ARPU. Management reviews this metric, and believes it may be useful to investors, in order to evaluate the potential of our subscription base to generate revenues from a variety of sources, including subscription fees, advertising, and audience research measurement. ARPU does not include rebates, revenue share, and other payments to channel that reduce our GAAP revenues. As a result, you should not use ARPU as a substitute for measures of financial performance calculated in accordance with GAAP. Management believes it is useful to consider this metric excluding the costs associated with rebates, revenue share, and other payments to channel because of the discretionary and varying nature of these expenses and because management believes these expenses, which are included in hardware revenues, net, are more appropriately monitored as part of SAC. We are not aware of any uniform standards for calculating ARPU and caution that our presentation may not be consistent with that of other companies.

We calculate ARPU per month for TiVo-Owned subscriptions by subtracting MSOs/Broadcaster-related service revenues (which includes MSOs/Broadcasters subscription service revenues and MSOs/Broadcasters -related advertising revenues) from our total reported net service revenues and dividing the result by the number of months in the period. We then divide by Average TiVo-Owned subscriptions for the period, calculated as described above for churn rate. The above table shows this calculation.

We calculate ARPU per month for MSOs/Broadcasters subscriptions by first subtracting TiVo-Owned-related service revenues (which includes TiVo-Owned subscription service revenues and TiVo-Owned related advertising revenues) from our total reported service revenues. Then we divide average revenues per month for MSOs/Broadcasters -related service revenues by the average MSOs/Broadcasters subscriptions for the period. The above table shows this calculation.

Forward-Looking Statements

This report contains forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. These statements relate to, among other things, TiVo's future business and growth strategies including TiVo's mass distribution strategy and the timing of additional mass distribution deals, profitability and financial guidance, nature and timing of distribution of the TiVo service domestically with Comcast, RCN, DIRECTV, and Cox and internationally in Australia, New Zealand, United Kingdom (with Virgin Media) and other regions, growth and innovation in TiVo's advertising and audience research measurement business, the timing and availability of broadband content and service offerings, the results of TiVo's litigation with EchoStar, how TiVo intends to exploit its intellectual property, TiVo's future marketing spend and related activities, and financial performance. Forward-looking statements generally can be identified by the use of forward-looking terminology such as, believe, expect, may, will, intend, estimate, continue, or similar expressions or the negative of those terms or expressions. Such statements involve risks and uncertainties, which could cause actual results to vary materially from those expressed in or indicated by the forward-looking statements. Factors that may cause actual results to differ materially include delays in development, competitive service offerings and lack of market acceptance, as well as the other potential factors described under "Risk Factors" in the Company's public reports filed with the Securities and Exchange Commission, including the Company's Annual Report on Form 10-K for the fiscal year ended January 31, 2010, Quarterly Reports on Form 10-Q since then, and Current Reports on Form 8-K. The Company cautions you not to place undue reliance on forward-looking statements, which reflect an analysis only and speak only as of the date hereof. TiVo disclaims any obligation to update these forward-looking statements.
