PROSPECTUS SUPPLEMENT

(To prospectus dated March 24, 2010)

4,030,855 Shares

Iridium Communications Inc.

Common Stock

The selling stockholder identified in this prospectus supplement is offering 4,030,855 shares of our common stock. We are not selling any shares in this offering and we will not receive any proceeds from the sale of common stock by the selling stockholder. Our common stock is traded on the NASDAQ Global Select Market under the symbol IRDM.

On March 29, 2011, the reported last sale price of our common stock on the NASDAQ Global Select Market was \$8.72 per share.

Investing in our common stock involves risks. See Risk Factors beginning on page 20 of our Annual Report on Form 10-K for the fiscal year ended December 31, 2010, which is incorporated herein by reference, for risks relating to an investment in our common stock.

Raymond James & Associates, Inc. acted as the sales agent on this transaction. The sales agent is not purchasing or selling any of these securities nor is it required to arrange for the sale of any specific number or dollar amount of securities, but has agreed to use its reasonable efforts to arrange for the sale of the securities offered by this prospectus supplement. The selling stockholder has agreed to pay the sales agent the sales agent fees set forth in the table below, which assumes that the selling stockholder sells all of the shares that it is offering.

	Per Share	Maximum Offering Amount
Public offering price	\$8.1500	\$ 32,851,468.25
Sales agent fees	\$0.4075	\$ 1,642,573.41
Proceeds to the selling stockholder, before expenses	\$7.7425	\$ 31,208,894.84

We estimate the total expenses of this offering, excluding the sales agent fees, will be approximately \$300,000, substantially all of which will be paid by us. Because there is no minimum offering amount required as a condition to closing in this offering, the actual offering amount, the sales agent fees and proceeds to the selling stockholder, if any, in this offering may be substantially less than the maximum offering amount set forth above.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or determined if this prospectus supplement or the accompanying prospectus is truthful or complete. Any representation to the contrary is a criminal offense.

Delivery of the shares is expected to be made on or before April 4, 2011.

We provide voice and data communications services to businesses, the U.S. and foreign governments, non-governmental organizations and consumers via our constellation of 66 in-orbit satellites, in-orbit spares and related ground infrastructure, including a primary commercial gateway. RISK FACTORS

Before you invest in our securities, in addition to the other information, documents or reports included or incorporated by reference in this prospectus and any prospectus supplement or other offering materials, you should carefully consider the risk factors in the section entitled "Risk Factors" in any prospectus supplement as well as in our Annual Report on Form 10-K for the year ended December 31, 2009, which is incorporated by reference into this prospectus and any prospectus supplement in its entirety, as the same may be amended, supplemented or superseded from time to time by other reports we file with the Securities and Exchange Commission, or the SEC, in the future. Each of the risks described below and in these sections and documents could materially and adversely affect our business, financial condition, results of operations and prospects, and could result in a partial or complete loss of your investment.

There is currently no market for the Founder's Warrants and a market for the Founder's Warrants will not develop.

The Founder's Warrants have no established trading market and will not be listed on any securities exchange. Since an active trading market will not develop and will not be maintained, holders of the Founder's Warrants may experience difficulty in reselling, or an inability to sell, the Founder's Warrants. Future selling prices for the Founder's Warrants may be adversely affected by many factors, including changes in our financial performance, changes in the overall market for similar securities and performance or prospects for companies in our industry.

USE OF PROCEEDS

This prospectus relates to the resale of shares of our common stock and the Founder's Warrants being offered and sold by the selling securityholders named in this prospectus. We will not receive any proceeds from the sale of common stock and the Founder's Warrants by the selling securityholders.

PLAN OF DISTRIBUTION

The selling securityholders and any of their pledgees, donees, assignees, transferees and successors-in-interest may, from time to time, sell any or all of their shares of our common stock or Founder's Warrants. These sales may be at fixed or negotiated prices. Subject to compliance with applicable law, the selling securityholders may use any one or more of the following methods when selling shares of common stock or Founder's Warrants:

ordinary brokerage transactions and transactions in which the broker-dealer solicits the purchaser;

block trades in which the broker-dealer will attempt to sell the shares of common stock or the Founder's Warrants as an agent but may position and resell a portion of the block as a principal to facilitate the transaction;

purchases by a broker-dealer as principal and resale by the broker-dealer for its account;

an exchange distribution in accordance with the rules of the applicable exchange;

privately negotiated transactions;

an underwritten offering;

settlement of short sales entered into after the date of this prospectus;

agreements with broker-dealers to sell a specified number of such shares of common stock or Founder's Warrants at a stipulated price per share or warrant;

through the writing or settlement of options or other hedging transactions, whether through an options exchange or otherwise;

a combination of any such methods of sale; or

any other method permitted pursuant to applicable law.

The selling securityholders may effect such transactions by selling their shares of common stock or Founder's Warrants covered by this prospectus directly to purchasers, to or through broker-dealers, which may act as agents for the seller and buyer or principals, or to underwriters who acquire common shares for their own account and resell them in one or more transactions. Such broker-dealers or underwriters may receive compensation in the form of discounts, concessions, or commissions from the selling shareholders and/or the purchasers of the shares of common stock or Founder's Warrants covered by this prospectus for whom such broker-dealers may act as agents or to whom they sell as principal, or both (which compensation as to a particular broker-dealer might be in excess of customary commissions) and such discounts, concessions, or commissions may be allowed or re-allowed or paid to dealers. Any public offering price and any discounts or concessions allowed or paid to dealers may be changed at different times.

The selling securityholders may also sell shares of our common stock or Founder's Warrants under Rule 144 under the Securities Act of 1933 (the Securities Act), if available, or in other transactions exempt from registration, rather than under this prospectus.

Edgar Filing: Iridium Communications Inc. - Form 424B5

The selling securityholders may pledge their shares of common stock or Founder's Warrants to their broker-dealers under the margin provisions of customer agreements. If a selling securityholder defaults on a margin loan, the broker-dealer may, from time to time, offer and sell the pledged shares of common stock or Founder's Warrants. The selling securityholders and any other persons participating in the sale or distribution of the shares of common stock or Founder's Warrants will be subject to applicable provisions of the Securities Act, the Securities Exchange Act of 1934, and the rules and regulations thereunder, including, without limitation, Regulation M. These provisions may restrict certain activities of, and limit the timing of purchases and sales of any of the shares of common stock or Founder's Warrants by, the selling securityholders or any other person, which limitations may affect the marketability of the shares of common stock or Founder's Warrants.

Upon our being notified in writing by a selling securityholder that any material arrangement has been entered into with an underwriter or broker-dealer for the sale of common stock or Founder's Warrants through a block trade, special offering, exchange distribution or secondary distribution or a purchase by a broker or dealer, a supplement to this prospectus will be filed, if required, pursuant to Rule 424(b) under the Securities Act, disclosing certain material information, including (i) the name of the selling securityholder and of the participating underwriter(s) or broker-dealer(s), (ii) the number of shares of common stock or

Founder s Warrants involved, (iii) the price at which such shares of common stock or Founder s Warrants were sold or the public offering price, as applicable, (iv) the discounts, commissions or other compensation paid to underwriters or broker-dealers and any discounts, commissions or concessions allowed or re-allowed or paid by any underwriters to dealers, where applicable, and other facts material to the transaction.

The selling securityholders also may transfer the shares of our common stock or Founder s Warrants in other circumstances, in which case the transferees, pledgees or other successors-in-interest will be the selling beneficial owners for purposes of this prospectus.

The selling securityholders and any broker-dealers or agents that are involved in selling the shares of common stock or Founder s Warrants may be deemed to be underwriters within the meaning of the Securities Act in connection with such sales. In such event, any commissions received by such broker-dealers or agents and any profit on the resale of the shares of common stock or Founder s Warrants purchased by them may be deemed to be underwriting commissions or discounts under the Securities Act. To our knowledge, no selling securityholder has entered into any agreement or understanding, directly or indirectly, with any person to distribute the shares of our common stock or Founder s Warrants.

We are required to pay all fees and expenses incident to the registration of shares of our common stock and Founder s Warrants. We have agreed to indemnify the selling securityholders against certain losses, claims, damages and liabilities, including liabilities under the Securities Act.

To the extent required, this prospectus may be amended and/or supplemented from time to time to describe a specific plan of distribution.
