PROXY STATEMENT

MAY 3, 2011

This proxy statement contains information about the 2011 Annual Meeting of Stockholders of Agenus Inc. (the 2011 Annual Meeting), including any postponements or adjournments of the meeting. The 2011 Annual Meeting will be held at Agenus Inc., 3 Forbes Road, Lexington, Massachusetts 02421 on June 15, 2011 at 5:00 P.M., Eastern Time.

In this proxy statement, we refer to Agenus Inc. as Agenus, us , we or the Company.

In accordance with the e-proxy rules approved by the Securities and Exchange Commission (SEC) and in connection with the solicitation of proxies by our Board of Directors, we first sent a Notice of Internet Availability of Proxy Materials on or about May 3, 2011 and provided access to our proxy materials (consisting of this proxy statement, our Annual Report on Form 10-K for the year ended December 31, 2010 and a form of proxy) over the internet, beginning on May 3, 2011, to each stockholder entitled to vote at the 2011 Annual Meeting. We intend to mail to requesting stockholders full sets of our proxy materials (consisting of this proxy statement, our Annual Report on Form 10-K for the year ended December 31, 2010 and a form of proxy) on or about May 3, 2011.

Our Annual Report on Form 10-K for the year ended December 31, 2010 is also available on the Investors section of our corporate website at <http://www.agenusbio.com/investors> and through the SEC s EDGAR system at <http://www.sec.gov>. To request a printed copy of our Annual Report on Form 10-K, which we will provide to you without charge, write to Investor Relations, Agenus Inc., 3 Forbes Road, Lexington, MA 02421. No material on our website is part of this proxy statement.

VOTING PROCEDURES

YOUR VOTE IS IMPORTANT. PLEASE TAKE THE TIME TO VOTE. Stockholders have a choice of voting over the internet, by telephone, by mail using a proxy card, or in person at the 2011 Annual Meeting. Please refer to the proxy card or other voting instructions included with these proxy materials for information on the voting methods available to you. **If you vote over the internet, by telephone, or in person at the 2011 Annual Meeting, you do not need to return your proxy card.**

Who can vote?

Each share of our common stock that you owned as of the close of business on April 18, 2011, the record date, entitles you to one vote on each matter to be voted upon at the 2011 Annual Meeting. On the record date, there were 113,337,624 shares of Agenesis common stock issued, outstanding, and entitled to vote.

Why did I receive a one- page notice in the mail regarding the internet availability of proxy materials instead of a full set of printed proxy materials?

Pursuant to the notice and access rules adopted by the SEC, we provide stockholders access to our proxy materials over the internet. Accordingly, we sent a Notice of Internet Availability of Proxy Materials (Notice) to all of our stockholders as of the record date. The Notice includes instructions on how to access our proxy materials over the internet and how to request a printed copy of these materials. In addition, by following the instructions in the Notice, stockholders may request to receive proxy materials in printed form by mail or electronically by email on an ongoing basis.

Choosing to receive your future proxy materials by email will save us the cost of printing and mailing documents to you and will reduce the impact of our annual meetings of stockholders on the environment. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by email will remain in effect until you terminate it.

How do I vote?

If your shares are registered directly in your name, you may vote:

Over the internet. Go to the website of our tabulator, Broadridge Financial Solutions, Inc. (Broadridge), at <http://www.proxyvote.com> and follow the instructions you will find there. You must specify how you want your shares voted or your internet vote cannot be completed and you will receive an error message. Your shares will be voted according to your instructions. If you vote over the internet, your vote must be received by 11:59 P.M. Eastern Time on June 14, 2011.

By telephone. Dial 1-800-690-6903 using any touch-tone telephone and follow the instructions. Your shares will be voted according to your instructions. If you vote over the telephone, your vote must be received by 11:59 P.M. Eastern Time on June 14, 2011.

By mail. Complete and sign the enclosed proxy and mail it in the enclosed postage prepaid envelope to Vote Processing, c/o Broadridge, 51 Mercedes Way, Edgewood, NY, 11717. Your shares will be voted according to your instructions. If you do not specify how you want your shares voted, they will be voted as recommended by our Board of Directors.

Edgar Filing: AGENUS INC - Form 424B3

In person at the 2011 Annual Meeting. If you attend the 2011 Annual Meeting in person, you may deliver your completed proxy card in person or you may vote by completing a ballot, which will be available at the meeting.

Table of Contents

What is the difference between holding shares directly in my name and holding shares in street name ? If your shares are registered directly in your name with our transfer agent, American Stock Transfer & Trust Company, you are considered the stockholder of record. The Notice was sent directly to you by Broadridge on behalf of Agenesis.

If your shares are held for you in an account by a broker, bank, or other nominee, you are considered the beneficial owner of shares held in street name. As the beneficial owner, you have the right to direct your broker, bank, or nominee how to vote your shares by using the voting instruction card included in the mailing, or by following their instructions for voting over the internet or by telephone.

How can I change my vote? **If your shares are registered directly in your name,** you may revoke your proxy and change your vote at any time before the 2011 Annual Meeting. To do this, you must do one of the following:

Vote over the internet as instructed above. Only your latest internet vote is counted.

Vote by telephone as instructed above. Only your latest telephonic vote is counted.

Sign a new proxy and submit it as instructed above.

Attend the 2011 Annual Meeting and vote in person. **Attending the meeting will not revoke your proxy unless you specifically request it.**

If your shares are held in street name, you may submit new voting instructions by contacting your broker, bank, or nominee. You may also vote in person at the 2011 Annual Meeting if you deliver a legal proxy as described in the answer to the How do I vote? question above.

Will my shares be voted if I do not return my proxy? **If your shares are registered directly in your name,** your shares will not be voted if you do not vote over the internet, vote by telephone, return your proxy, or vote by ballot at the 2011 Annual Meeting.

If your shares are held in street name, your brokerage firm, under certain circumstances, may vote your shares for you if you do not return your proxy. Brokerage firms have authority to vote customers' unvoted shares on some routine matters. If you do not give a proxy to your brokerage firm to vote your shares, your brokerage firm may either vote your shares on routine matters, or leave your shares unvoted. Proposal 4 (to ratify the appointment of KPMG LLP as our independent registered public accounting firm) is the only proposal that is considered a routine matter for this purpose. Your brokerage firm cannot vote your shares with respect to non-routine matters unless they receive your voting instructions. We encourage you to provide voting instructions to your brokerage firm by giving them your proxy. This ensures your shares will be voted at the 2011 Annual Meeting according to your instructions. You should receive directions from your brokerage firm about how to submit your proxy to them at the time you receive this proxy statement.

Edgar Filing: AGENUS INC - Form 424B3

What does it mean if I receive more than one proxy card?

It means that you have more than one account, which may be at the transfer agent or brokers. Please vote over the internet or by telephone, or complete and return all proxies for each account to ensure that all of your shares are voted.

Table of Contents

How many shares must be present to hold the 2011 Annual Meeting?

A majority of our outstanding shares of common stock as of the record date must be present at the 2011 Annual Meeting to hold the meeting and conduct business. This is called a quorum. Shares are counted as present at the meeting if the shares are voted in person or by proxy at the meeting. Shares that are present that vote to abstain or do not vote on one or more of the matters to be voted upon are counted as present for establishing a quorum.

If a quorum is not present, we expect that the 2011 Annual Meeting will be adjourned until we obtain a quorum.

What vote is required to approve each matter and how are votes counted?

Proposal 1 To elect three Class II directors, each for a term of three years.

The three nominees for director receiving the highest number of votes FOR election will be elected as directors. This is called a plurality. Abstentions and broker non-votes are not counted for purposes of electing directors. If your shares are held by your broker in street name and if you do not vote your shares or instruct your broker how to vote with respect to this item, your unvoted shares will be counted as broker non-votes. You may vote FOR all of the nominees, WITHHOLD your vote from all of the nominees or WITHHOLD your vote from any one of the nominees. Votes that are withheld will not be included in the vote tally for the election of directors and will have no effect on the results of the vote.

Proposal 2 To reapprove the Reverse Stock Split.

To approve Proposal 2, stockholders holding a majority of the outstanding shares of Agenus common stock must vote FOR Proposal 2. Abstentions and broker non-votes will have the same effect as a vote AGAINST the proposal.

Proposal 3 To approve an amendment to our Directors Deferred Compensation Plan (as amended) to increase the number of shares authorized for issuance under such plan.

To approve Proposal 3, stockholders holding a majority of Agenus common stock present or represented by proxy at the 2011 Annual Meeting and voting on the matter must vote FOR Proposal 3. Abstentions and broker non-votes will not be counted as votes cast or shares voting on Proposal 3 and will have no effect on the vote.

Proposal 4 To ratify the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011.

To approve Proposal 4, a majority of the votes cast by stockholders present in person or by proxy and voting on the matter must vote FOR Proposal 4. If your shares are held by your broker in street name, and you do not vote your shares, your brokerage firm has authority to vote your unvoted shares on Proposal 4. If the broker does not vote your unvoted shares, there will be no effect on the vote because these broker non-votes are not considered to be voting on the matter. Abstentions and broker non-votes will not be counted as votes cast or shares voting on Proposal 4 and will have no effect on the vote.

Table of Contents

Proposal 5 To approve, in a non-binding advisory vote, the compensation of the Company's named executive officers.

To approve Proposal 5, stockholders holding a majority of Agenesis common stock present or represented by proxy at the 2011 Annual Meeting and voting on the matter must vote FOR Proposal 5. Abstentions and broker non-votes will not be counted as votes cast or shares voting on Proposal 5 and will have no effect on the vote.

Proposal 6 To hold an advisory vote on the frequency of future advisory votes on the compensation of the Company's named executive officers.

For Proposal 6, the option of one year, two years, or three years that receives the highest number of votes cast by stockholders will be considered by the Board of Directors when determining the frequency of future advisory votes on executive compensation. Abstentions and broker non-votes will not be counted as votes cast or shares voting on Proposal 6 and will have no effect on the vote.

How does the Board of Directors recommend that I vote?

Our Board of Directors recommends that you vote:

FOR Proposal 1 To elect the three nominated Class II directors, each for a term of three years.

FOR Proposal 2 To reapprove an amendment to our Amended and Restated Certificate of Incorporation to effect a reverse stock split of the Company's common stock at the discretion of the Board of Directors.

FOR Proposal 3 To approve an amendment to our Directors Deferred Compensation Plan (as amended) to increase the number of shares authorized for issuance under such plan.

FOR Proposal 4 To ratify the appointment of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011.

FOR Proposal 5 To approve, in a non-binding advisory vote, the compensation of the Company's named executive officers.

Proposal 6 To vote in favor of future advisory votes on the compensation of the Company's named executive officers every three years.

Are there other matters to be voted on at the 2011 Annual Meeting?

We do not know of any other matters that may come before the 2011 Annual Meeting. If any other matters are properly presented to the meeting, the persons named in the accompanying proxy intend to

Edgar Filing: AGENUS INC - Form 424B3

vote, or otherwise act, in accordance with their judgment.

Where do I find the voting results of the 2011 Annual Meeting?

We will report the voting results in a Form 8-K within four business days after the end of the 2011 Annual Meeting.

Who bears the costs of soliciting these proxies?

We will bear the costs of soliciting proxies. In addition to the mailing of these proxy materials, our directors, officers, and employees may solicit proxies by telephone, e-mail, and in person, without additional compensation. We reserve the right to retain other outside agencies for the purpose of soliciting proxies. Upon request, we will also reimburse brokerage houses and other custodians, nominees, and fiduciaries for their reasonable out-of-pocket expenses for distributing proxy materials to stockholders.

How can I receive future proxy statements and annual reports over the internet instead of receiving printed copies in the mail?

This proxy statement and our Annual Report on Form 10-K for the year ended December 31, 2010 are available on our website at <http://www.agenusbio.com/investors>. Most stockholders can elect to view future proxy statements and annual reports over the internet instead of receiving printed copies in the mail. If you are a stockholder of record, you can choose this option when you vote over the internet and save us the cost of producing and mailing these documents. If you are a stockholder of record and choose to view future proxy statements and annual reports over the internet, you will receive a proxy card in the mail next year with instructions containing the internet address to access those documents. Your election to receive proxy materials by email will remain in effect until you terminate it. If you choose to receive future proxy materials by email, you will receive an email next year with instructions containing a link to those materials and a link to the proxy voting site. If your shares are held through a broker or other nominee, you should check the information provided by them for instructions on how to elect to view future proxy statements and annual reports over the internet. No material on our website is part of this proxy statement.

PROPOSAL 1 ELECTION OF DIRECTORS

The Board of Directors, upon recommendation of our Corporate Governance and Nominating Committee, has nominated the three people listed below for election as Class II directors. Each nominee currently serves as a Class II director.

Our Board of Directors (the Board) is divided into three classes. One class is elected each year and members of each class hold office for three-year terms. The Board currently is fixed at eight members and consists of eight members. Three current members are Class II directors, with terms expiring at the 2011 Annual Meeting. Two current members are Class III directors, with terms expiring at the 2012 Annual Meeting of Stockholders. Three current members are Class I directors, with terms expiring at the 2013 Annual Meeting of Stockholders. The Board, upon the recommendation of our Corporate Governance and Nominating Committee, has nominated Garo H. Armen, PhD, Tom Dechaene, and John Hatsopoulos, all current Class II directors, for re-election to a term expiring at the 2014 Annual Meeting of Stockholders.

For more information on nomination of directors, see Corporate Governance and Nominating Committee below in the section entitled Our Corporate Governance Committees of the Board.

Your vote is requested in favor of Garo H. Armen, PhD, Tom Dechaene, and John Hatsopoulos, the three nominees listed below, as Class II directors. All of the nominees have indicated their willingness to serve, if elected, but if any of them should be unable or unwilling to serve, proxies may be voted for a substitute nominee designated by the Board.

There are no family relationships between or among any of our executive officers, directors, or nominees for directors.

Below are the names and certain information about each member of the Board, including the nominees for election as Class II directors:

Mr. Jordan is President of NearEast Pharma, a company marketing pharmaceuticals in Near East markets, including Lebanon, Turkey, Saudi Arabia, Egypt, and the Gulf countries, and has served in such position since 1996. From 1993 to 1995, Mr. Jordan served as a Vice President of Cyanamid International, a research-based life sciences company, and from 1976 to 1993, Mr. Jordan served as a Managing Director within Cyanamid International. Since December 2005, Mr. Jordan has served as a member of the Board of Directors at Pollex S.A.L., a company that specializes in the distribution and marketing of BASF products in the Middle East and North Africa. Since December 2003, Mr. Jordan has been a trustee of the Board of Directors of the Lebanese American University, located in Beirut, Lebanon, and incorporated under the Board of Regents in New York State. Mr. Jordan received a bachelor's degree in agriculture at the American University of Beirut, Lebanon, and a certificate in international business from Columbia University. Mr. Jordan brings to our Board of Directors years of expertise in both the biotechnology/pharmaceutical and international arenas.

As a practicing and teaching doctor in the Oncology field, Dr. Levitsky brings to our Board of Directors valuable scientific and medical experience and guidance. Dr. Levitsky is Professor of Oncology, Medicine & Urology at The Sidney Kimmel Comprehensive Cancer Center at Johns Hopkins. Dr. Levitsky has been a professor at Johns Hopkins since 1991, and his laboratory research has focused on basic studies of antigen processing and presentation, T-cell co-stimulation,

T-cell priming versus tolerance, and the evolution of tumor-specific immunity during immune reconstitution. Dr. Levitsky's work has been translated into the creation of novel therapeutic agents that are being tested in patients with multiple myeloma, acute and chronic myelogenous leukemia, B cell lymphomas, prostate cancer, and lung cancer. His work on manipulating immune reconstitution has led to pivotal trials of tumor vaccines in the context of autologous stem cell transplantation, and he has served as scientific director of the George Santos Bone Marrow Transplant Program at Johns Hopkins. Dr. Levitsky received his undergraduate degree in engineering from the University of Pennsylvania in 1980, and his medical degree from the Johns Hopkins University School of Medicine in 1984. He did his internship and residency in internal medicine at Johns Hopkins Hospital, and his fellowship at the Johns Hopkins Oncology Center.

The three nominees for director receiving the highest number of votes FOR election will be elected as directors. This is called a plurality. Abstentions and broker non-votes are not counted for purposes of electing directors. If your shares are held by your broker in street name and if you do not vote your shares or instruct your broker how to vote with respect to this item, your unvoted shares will be counted as broker non-votes. You may vote FOR all of the nominees, WITHHOLD your vote from all of the nominees, or WITHHOLD your vote from any one of the nominees. Votes that are withheld will not be included in the vote tally for the election of directors and will have no effect on the results of the vote.

The Board of Directors recommends a vote FOR Proposal 1.

OUR CORPORATE GOVERNANCE

Our Commitment to Good Corporate Governance

We believe that good corporate governance and an environment of high ethical standards are important for Agenus to achieve business success and to create value for our stockholders. Our Board of Directors is committed to high governance standards and to continually working to improve them. We continue to review our corporate governance practices in light of ongoing changes in applicable law and evolving best practices.

Role of Our Board of Directors

Our Board of Directors is currently fixed at eight members. There have been no changes in the Board since the 2010 Annual Meeting of Stockholders.

The Board monitors overall corporate performance, the integrity of our financial controls, risk management, and legal compliance procedures. It elects senior management and oversees succession planning and senior management's performance and compensation. The Board also oversees our short- and long-term strategic and business planning, and reviews with management its business plan, financing plans, budget, and other key financial and business objectives.

Members of the Board keep informed about our business through discussions with the Chief Executive Officer and other members of our senior management team, by reviewing materials provided to them by the Company on a regular basis and in preparation for Board and committee meetings, and by participating in meetings of the Board and its committees. We regularly review key portions of our business with the Board. These practices afford the Board members the opportunity to actively participate in risk management assessment and raise questions and engage in discussions with management regarding areas of potential risk. The Audit and Finance Committee of the Board reviews the risk management practices of the Company and both the Corporate Governance and Nominating Committee and the Audit and Finance Committee receives a report at least annually from the Company's Chief Compliance Officer outlining areas of compliance focus and proposed recommendations. Additionally, the Compensation Committee reviews the Company's executive compensation program and the incentives created by the executive compensation program, to assess whether our compensation arrangements encourage excessive risk taking by our executives.

We introduce our executives and other employees to the Board so that the Board can become familiar with our key talent. Timothy R. Wright, our Lead Director, engages with each new Board member to introduce each new member to our Corporate Governance policies and their responsibilities to the Company as a director. Each Board member receives a Board of Directors handbook that provides them with a summary of these practices and policies.

In 2010, the Board met six times, and acted by written consent four times. During 2010, each of our directors, except for Mr. Hatsopoulos and Dr. Levitsky, attended at least 75% of the total number of meetings of the Board held during the period during which the director served, and all meetings of committees of the Board on which the director served during the periods the director served. We expect our Board members to attend our annual meetings of stockholders; in 2010 all of our then current Board members attended our annual meeting of stockholders.

Governance Guidelines

The Board is guided by our Guidelines on Significant Corporate Governance (our Governance Guidelines). We believe our Governance Guidelines demonstrate our continuing commitment to good corporate governance. The Board reviews these Governance Guidelines from time to time, as needed. The Governance Guidelines are posted on the corporate governance section of our website at <http://www.agenusbio.com/investors/corporate>. No material on our website is part of this proxy statement.

Table of Contents

Performance of Our Board

We consider it important to continually evaluate and improve the effectiveness of the Board, its committees and its individual members. We do this in various ways. Each year, the Lead Director surveys the Board members to assess the effectiveness of the Board and its committees. Using these surveys, the Lead Director assesses the Board's performance and the performance of individual members, and reports his conclusions to the full Board. The assessment also evaluates the Board's effectiveness in reviewing executive management, conducting appropriate oversight and adding value to Agenus. Each of the Board's standing committees also conducts annual self-evaluations.

At each Board meeting, each Board member has the opportunity to assess the effectiveness of the materials presented and the conduct of the meeting, and to offer suggestions for improvement at future meetings.

Code of Business Conduct and Ethics

The Board originally adopted our Code of Business Conduct and Ethics (the Code of Ethics) in 2003. The Board reviewed, revised, and updated the Code of Ethics most recently in January 2011. The Code of Ethics applies to all members of the Board and all employees of Agenus, including our Chief Executive Officer, Chief Financial Officer, Principal Accounting Officer or controller, or persons performing similar functions. Our Code of Ethics prohibits the members of the Board and all employees of Agenus from buying or selling our securities while in possession of material, non-public information about the Company. Our Code of Ethics is posted on the corporate governance section of our website at <http://www.agenusbio.com/investors/corporate>. No material on our website is part of this proxy statement. We intend to post on our website all disclosures that are required by law or NASDAQ stock market listing standards concerning any amendments to, or waivers from, our Code of Ethics. Stockholders may request a free copy of our Code of Ethics by writing to Investor Relations, Agenus Inc., 3 Forbes Road, Lexington, MA 02421.

Independence of Directors

Our Governance Guidelines provide that a majority of the Board should be composed of independent directors. The Corporate Governance and Nominating Committee annually reviews the independence of the directors and reports to the Board which directors it recommends that the Board determine are independent. The Board then makes the final determination. The Board takes into account NASDAQ stock market listing standards, applicable laws and regulations, and other factors in making its determinations including potential conflicts of interest, transactions, and other relationships that would reasonably be expected to compromise a director's independence. The Board has determined that Mr. Corvese, Mr. Dechaene, Mr. Hatsopoulos, Mr. Jordan, Dr. Levitsky, Mr. Rothwell, and Mr. Wright are currently independent directors. Dr. Armen is currently not an independent director because he is employed as Chief Executive Officer. In making independence determinations with regard to other directors, the Board considered transactions between us and a director or a director's affiliates and any positions a director holds with entities with commercial relationships with us. In particular, with respect to Dr. Levitsky, the Board considered his roles as a consultant and member of the Company's Medical Advisory Committee, and with respect to Mr. Wright, the Board considered his services assisting the Company's business development and partnering efforts as described below.

Executive Sessions of Independent Directors

Our independent directors typically meet in executive session without management present immediately prior to regularly scheduled Board meetings. Five such meetings were held during 2010.

Leadership Structure of the Board

Mr. Wright, an independent director, serves as the Lead Director of the Board and as Chair of the Corporate Governance and Nominating Committee. Mr. Wright also serves on the Compensation Committee and the Research and Development Committee. In addition to the duties of all directors, the specific responsibilities of

Table of Contents

the Lead Director include: (i) acting as chair of the Corporate Governance and Nominating Committee; (ii) developing the agenda for and presiding over all executive sessions of the independent directors; (iii) acting as principal liaison between the independent directors and the Chief Executive Officer on sensitive issues and raising at any meeting of the Board of Directors items that are not appropriately or best put forward by the Chief Executive Officer; and (iv) communicating to the Chief Executive Officer the independent directors' annual evaluation of the Chief Executive Officer. In addition to the above, we expanded the role of Mr. Wright on an interim basis with respect to providing services to assist the management of the Company with business development and partnering efforts. The Company's Chief Executive Officer serves as the Chairman of the Board. We believe that the Company's Chief Executive Officer is best situated to serve as Chairman because he is the director most familiar with the Company's business, and most capable of effectively identifying strategic priorities and leading the discussion and execution of our Company's strategy. Our independent directors and management have different perspectives and roles in strategy development. The Company's independent directors bring experience, oversight, and expertise from outside the Company and from inside and outside the Company's industry, while the Chief Executive Officer brings Company-specific experience and expertise. To assure effective independent oversight, the Company has adopted a number of governance practices, including:

a strong, independent, clearly-defined lead director role (as described above);

executive sessions of the independent directors held prior to quarterly board meetings; and

an annual performance evaluation of the Chairman/Chief Executive Officer by the independent directors.

While there may be circumstances in the future that would lead the Company to separate the offices of Chairman and Chief Executive Officer, we do not believe this is currently necessary due to the nature and size of the operations for our early-stage biotechnology company, the overall independence of the Board of Directors from management, and the strength of the Lead Director's role on the Board.

Committees of the Board

The Board currently has four standing committees: the Audit and Finance Committee, the Compensation Committee, the Corporate Governance and Nominating Committee, and the Research and Development Committee. The Board also appoints from time to time ad hoc committees to address specific matters.

Audit and Finance Committee

Members:

Meetings in 2010: 9

Brian Corvese, Chair

Tom Dechaene

John Hatsopoulos

The Audit and Finance Committee consists entirely of independent directors within the meaning of the NASDAQ stock market listing standards and the requirements contemplated by Rule 10A-3 of the Securities Exchange Act of 1934, as amended (the "1934 Act"). The Board has determined that Brian Corvese, Chair of the Committee, Tom Dechaene, and John Hatsopoulos each qualify as audit committee financial experts. For the entirety of 2010, the Audit and Finance Committee consisted of Mr. Corvese (Chair), Mr. Dechaene, and Mr. Hatsopoulos.

The Audit and Finance Committee's primary function is to assist the Board in monitoring the integrity of our consolidated financial statements and our system of internal control. The Audit and Finance Committee has direct responsibility for the appointment, independence, and monitoring of the performance of our independent registered public accounting firm. The committee is responsible for pre-approving any engagements of our independent registered public accounting firm. The committee also reviews our risk management practices, strategic tax planning, preparation of quarterly and annual financial reports, and compliance processes.

Table of Contents

The Audit and Finance Committee members meet regularly with our independent registered public accounting firm without management present and with members of management in separate private sessions, to discuss any matters that the committee or these individuals believe should be discussed privately with the committee, including any significant issues or disagreements concerning our accounting practices or consolidated financial statements. The committee also reviews the Code of Ethics annually, and periodically meets with our Chief Compliance Officer. The committee conducts a meeting each quarter to review the consolidated financial statements prior to the public release of earnings. The committee has the authority to engage special legal, accounting or other consultants to advise the committee. The Audit and Finance Committee charter is posted on the corporate governance section of our website at <http://www.agenusbio.com/investors/corporate>. No material on our website is part of this proxy statement. Please also see the Report of the Audit and Finance Committee on page 57.

Compensation Committee

Members:

Meetings in 2010: 8

Wadih Jordan, Chair

Brian Corvese

Timothy R. Wright

During the entirety of 2010, Mr. Jordan and Mr. Wright were members of our Compensation Committee. Mr. Corvese joined the Compensation Committee on March 10, 2010. Our Compensation Committee consists entirely of independent directors within the meaning of applicable NASDAQ stock market listing standards. The committee's primary responsibilities are to address our executive officers' and key employees' development, retention, and performance and to oversee compensation and benefit matters. It reviews and approves compensation policies for Agenus to ensure that our compensation strategy supports organizational objectives and stockholder interests and does not create incentives for inappropriate risk-taking. The committee determines the compensation of the Chief Executive Officer, and reviews and approves the compensation of all other executive officers and certain key employees. It also reviews and recommends compensation for members of the Board. Additionally, the committee approves and recommends, and suggests material changes to, any employee incentive compensation or retirement plans and any director compensation plans.

The Compensation Committee considers appropriate companies for compensation comparison purposes and retains an outside compensation consultant, Oyster Pond Associates, to provide market reference information for compensation and benefits. The committee has the authority to retain special legal, accounting, or other consultants to advise the committee. The committee also has the authority to delegate to subcommittees any responsibilities of the full committee. The Compensation Committee charter is posted on the corporate governance section of our website at <http://www.agenusbio.com/investors/corporate>. No material on our website is part of this proxy statement. Corporate Governance and Nominating Committee

Members:

Meetings in 2010: 4

Timothy R. Wright, Chair

Tom Dechaene

Hyam Levitsky, MD

The Corporate Governance and Nominating Committee consists entirely of independent directors within the meaning of applicable NASDAQ stock market listing standards. The Corporate Governance and Nominating Committee is responsible for recommending to the Board policies relating to the conduct of Board affairs, the process for annual evaluation of the Board and the Chief Executive Officer, and issues of corporate public responsibility, and oversees the Company's succession planning. It periodically evaluates the composition of the Board, the contribution of individual directors, and the Board's effectiveness as a whole. The committee reviews

Table of Contents

the Company's ethics and compliance activities under the Code of Ethics and meets periodically with our Chief Compliance Officer, including meeting, as needed, for a separate private session with the Chief Compliance Officer without management present.

The Corporate Governance and Nominating Committee recommends to our full Board individuals to serve as directors. The committee recommends to the Board guidelines and criteria for Board membership and reviews with the Board, on a periodic basis, the appropriate skills and characteristics required of Board members in the context of the then current needs of Agenus. The committee is responsible for reviewing with the Board the appropriate personal characteristics and professional competencies preferred of Board members, who are expected to work together as a team to properly oversee our strategies and operations. In general, all directors are expected to possess certain personal characteristics necessary to create a highly functional and collegial Board, which include personal and professional integrity, practical wisdom and mature judgment, an inquisitive and objective perspective, and time availability for performing the duties of a director.

The Board, as a group, is expected to encompass a range of talents, ages, skills, diversity, and expertise sufficient to provide sound and prudent guidance with respect to the operations and interests of our business. Examples of desired professional competencies include accounting and financial literacy, industry knowledge, medical or scientific knowledge, and management experience. Candidates should also be enthusiastic about service on our Board and working collaboratively with existing Board members to create value for all of our stockholders.

The Corporate Governance and Nominating Committee does not have a formal policy with regard to the consideration of director candidates recommended by stockholders because it does not believe such a policy is necessary given that no unaffiliated stockholder has ever recommended a director candidate. When considering director candidates, the Corporate Governance and Nominating Committee, in consultation with the Chief Executive Officer and full Board of Directors, considers the current strengths on the existing Board, the current needs of the organization, and anticipated future activities and requirements of both the Board and the organization as a whole. Historically, director candidates have been identified primarily through referrals and the executive network pool of the Board and senior executives. If the committee were to receive a recommendation for a director candidate from a stockholder, the committee expects that it would evaluate such a candidate using the criteria described above. The committee will consider a recommendation only if appropriate biographical information and background material is provided on a timely basis, accompanied by a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of our common stock for at least one year as of the date that the recommendation is made. To submit a recommendation for a nomination, a stockholder may write to the Lead Director, Agenus Inc., 162 5th Avenue, 9th Floor, New York, NY 10010, Attention: Lead Director.

In addition, our by-laws permit stockholders to nominate individuals, without any action or recommendation by the committee or the Board, for election as directors at an annual meeting of stockholders. For a description of this by-law provision, see Additional Information on page 58 of this proxy statement. The charter of the Corporate Governance and Nominating Committee is posted on the corporate governance section of our website at <http://www.agenusbio.com/investors/corporate>. No material on our website is part of this proxy statement.

Research and Development Committee

Members:

Meetings in 2010: 1

Hyam Levitsky, M.D., Chair

Timothy Rothwell

Timothy R. Wright

For the entirety of 2010, Dr. Levitsky and Mr. Wright were members of our Research and Development Committee. Mr. Rothwell joined the Research and Development Committee on May 12, 2010. The committee reviews important matters involving research and development strategies and the acquisition and protection of

the Company's intellectual property rights and assets, and provides its perspective on such matters to the full Board of Directors. The charter of the Research and Development Committee is posted on the corporate governance section of our website at <http://www.agenusbio.com/investors/corporate>. No material on our website is part of this proxy statement.

Communications with the Board

You may contact the Board or any committee of the Board by writing to Board of Directors (or specified committee), Agenesis Inc., 162 5th Avenue, 9th Floor, New York, NY 10010, Attn: Lead Director. You should indicate on your correspondence that you are an Agenesis stockholder. Communications will be distributed to the Lead Director, the appropriate committee chairman, or other members of the Board or executive management, as appropriate, depending on the facts and circumstances stated in the communication received. Executive management will generally determine the proper response to inquiries of a commercial nature, which generally will not be forwarded to the Lead Director. Inquiries regarding accounting, internal accounting controls, or auditing matters will be forwarded to the Chair of the Audit and Finance Committee, and inquiries involving matters governed by the Code of Ethics will be forwarded to the Chair of the Corporate Governance and Nominating Committee and the Chief Compliance Officer.

Compensation Committee Interlocks and Insider Participation

The members of the Compensation Committee for the year ended December 31, 2010 were Mr. Jordan (Chair), Mr. Corvese, and Mr. Wright. No member of the Compensation Committee was at any time during 2010, or formerly, an officer or employee of Agenesis or any subsidiary of Agenesis. No executive officer of Agenesis has served as a director or member of a compensation committee (or other committee serving an equivalent function) of any other entity while an executive officer of that other entity served as a director of Agenesis or member of our Compensation Committee.

COMPENSATION DISCUSSION AND ANALYSIS

Overview

Our executive compensation and benefits program is designed to effectively attract and retain the highest caliber executives and reward and motivate them to pursue our strategic opportunities while effectively managing the risks and challenges inherent to a development-stage biotechnology company. We have created a compensation package that combines short- and long-term components, cash and equity, and fixed and contingent payments, in the proportions we believe are most appropriate to incent and reward our senior management to achieve the following goals:

Build a creative and high performance team whose participants understand and share our business objectives and ethical and cultural values.

Demonstrate leadership and innovation in the identification, development, and commercialization of product candidates that fit our strategic objectives.

Effectively manage the multiple dimensions of our business, from research and development, through clinical trials, manufacturing, strategic alliances, and all aspects of operations in order to maximize the value of each dollar deployed.

Identify and address our short- and long-term financing requirements in a highly strategic and creative manner, and deploy available funds for maximum benefit to our stockholders.

Our executive compensation strategy not only aims to be competitive in our industry, but also to be fair relative to other professionals within our organization. We seek to foster a performance-oriented culture, where individual performance is aligned with organizational objectives and is tied to the value we deliver to our stockholders. Our executives' base salary, target annual bonus levels, and target annual long-term incentive award values are set at competitive levels. Executives have the opportunity to earn above-market pay only for above-market performance as measured against our peer group of companies.

We continually review our compensation approach in order to ensure our programs reward executives for achieving our goals and objectives in a manner consistent with other development-stage biotechnology companies. At the same time, in designing our compensation package we seek to align the consequences to our executives with those to our stockholders if an executive's decisions result in our goals and objectives not being achieved. We evaluate and reward our executives based on their contribution to the achievement of short- and long-term goals and objectives and their capability to take advantage of unique opportunities and overcome difficult challenges within our business. We believe that our approach to setting goals and objectives, our mix of short-term and long-term incentives, and our evaluation of performance results assist us in managing any risk taking that may result from our compensation program and aligning our employees' behavior with our overall business plan and the interests of our stockholders.

Role of Our Compensation Committee

Our Compensation Committee approves, administers, and interprets our executive compensation and benefit policies, including our 2009 Equity Incentive Plan (the "2009 EIP"). Our Compensation Committee is appointed by our Board of Directors, and consists entirely of directors who are outside directors for purposes of Section 162(m) of the Internal Revenue Code of 1986, as amended (the "Code") and non-employee directors for purposes of Rule 16b-3 under the 1934 Act. Our Compensation Committee is comprised of Mr. Jordan (Chair), Mr. Corvese and Mr. Wright.

Our Compensation Committee ensures that our executive compensation and benefit program is consistent with our compensation philosophy and our Governance Guidelines, and determines the executive compensation packages offered to our officers.

Table of Contents

Executive Compensation Program

Components of our Compensation Program

Our performance-linked compensation program consists of the four components listed below:

1. Short-term compensation
 - a. Base salary
 - b. Annual incentive bonuses
2. Long-term incentives
3. Benefits
4. Severance compensation and termination protection

We have established a goal deployment program to operationalize our strategic priorities, to set and refine Company objectives, and to cascade those objectives throughout the organization. To determine levels of overall executive compensation, the Compensation Committee balances individual, functional area, and company-wide goals and achievements. On an individual level, each member of our executive team sets goals, focusing on the categories mentioned above, with an emphasis on measurable and achievable goals. Our goal setting process is participatory. Each executive participates in establishing the objectives of our Company as a whole, and offers his or her views as to the goals of each other's functional area, insofar as those goals impact the individual executive's own functional area. We also ask our executives to provide feedback not only on their own performance and that of their particular area, but also of other functional areas and our entire organization. We see this process both as the optimal means of assembling accurate information regarding the expectation and realization of performance, as well as an integral part of our culture of collaborative, team-oriented management. Final goals and objectives are approved by the Board of Directors.

In 2010, our Company goals included:

Prophage

Test/validate Russian import/export process.

Bring additional treatment centers on line in Russia.

Determine registrational strategy for renal cell carcinoma (RCC) in Europe.

Complete the analysis of the survival registry for the RCC trial and publish results.

Edgar Filing: AGENUS INC - Form 424B3

QS-21

Advance clinical development in glioma at minimal expense to the company.

Support and optimize existing partnerships and monitor use by third parties to maximize proprietary position

Raise the external profile of programs and assets to increase stockholder value.

General Finance and Administration

Reduce our net cash burn rate and optimize our existing financial and human resources.

Generate sufficient cash to fund operations through 2011.

Maintain NASDAQ listing qualification standards.

Strategically and cost effectively advance our intellectual property position for Prophage, our HSP technology, QS-21 and other assets.

Table of Contents

Each year we evaluate the achievement of Company goals and objectives, functional area goals and individual executive performance. At the end of the year, we review final performance results versus our goals and objectives and begin discussions regarding goals and objectives for the next fiscal year. Incentive compensation, based on the achievement of goals and objectives, may be awarded in the form of an annual cash bonus and equity-based awards. Equity-based awards are used to align the interests of our executives with those of our stockholders and to promote a long-term performance perspective and progress toward achieving our long-term strategy.

Our senior executives' total compensation may vary significantly year to year based on Company and individual performance. Further, the value to our senior executives of equity awards will vary based on our stock price performance.

1. Short-term Compensation.

Our short-term compensation program consists of base salary and annual incentive bonuses. Base salary will typically be used to recognize the experience, skills, knowledge, and responsibilities required of each officer, as well as competitive market conditions.

- a. **Base Salary:** Base salaries for our executives are generally positioned at or around the 60th percentile versus our peer group (see **Competitive Market Review** for further information on the peer group). In establishing the base salaries of the executive officers, our Compensation Committee and management take into account a number of factors, including the executive's seniority, position and functional role, and level of responsibility.

We also consider the following factors when determining base salary:

For newly hired personnel, we consider the base salary of the individual at his or her prior employment and any unique personal circumstances that motivated the executive to leave that prior position and join our Company. In addition, we consider the competitive market for corresponding positions within comparable companies of similar size and stage of development.

For individuals newly promoted to a position, we also consider the competitive market and their prior salary and experience. Where these individuals may not have the same level of experience at the time of promotion as a counterpart hired from outside the Company, we may define a multi-step approach to bringing their salaries in line with targeted levels. Salary increases at each of these steps will be contingent on the continued good performance of the individual.

The base salary of our named executive group is reviewed on an annual basis, and adjustments are made to reflect performance-based factors, as well as competitive conditions. Increases are considered within the context of our overall annual financial constraints before more specific individual and market competitive factors are considered. We do not apply specific formulas to determine increases. Generally, executive salaries are reviewed in the fourth quarter and any adjustments are made effective January 1 of the following year. For 2010, the Board of Directors approved a pay increase of 6%, payable in two increments and dependent upon continued employment, for each of our named executive officers and excluding Dr. Armen. The first 3% was effective on May 24, 2010 and the remaining 3% was effective December 20, 2010. In January 2011, the Board of Directors approved an increase of 6% for Dr. Armen effective as of January 1, 2011.

- b. **Annual Incentive Bonuses:** Annual incentive bonuses for our executive officers are based on achievement of the Company's goals and objectives as well as individual performance as outlined in our 2004 Executive Incentive Plan, as amended (the **Executive Incentive Plan**). An individual executive is eligible to receive an award ranging from 0-200% of his or her target bonus based on the Compensation Committee's evaluation of the results and at their discretion. The Company's annual goals and objectives are set at the beginning of each fiscal year and are reviewed and approved by the Board of Directors. At the end of the fiscal year, our executive management prepares a report outlining

Table of Contents

the extent to which the goals and objectives were achieved and presents that to the Compensation Committee along with a recommendation on the percentage funding level for the executive officers' target bonus awards. The Compensation Committee evaluates the report, along with any relevant supporting documentation and considers it in the context of any change in facts or circumstances that could have impacted goal attainment throughout the year. From time to time, the Compensation Committee may request supplemental information from management to support its evaluation. Based on this evaluation, as well as the Company's available financial resources, the Compensation Committee determines the appropriate funding level for the executive officers' target bonus payout. There is no quantifiable formula or weighting of goals. As a result, the Compensation Committee exercises discretion in establishing the funding level of the executive officers' target bonus payout, taking into account the level of achievement of the Company goals as a whole. Once determined, the recommended bonus payout level is applied to each executive officer's target bonus percentage to establish the individual target award. The Compensation Committee may exercise further discretion to adjust the actual bonus paid to the individual executive officer to recognize an extraordinary personal contribution or performance disappointment that impacted the Company's overall performance. When exercising discretion to establish overall funding levels and individual awards, the Compensation Committee members apply the same standards of good faith and fiduciary duty they apply to their general responsibilities as a committee of the Board of Directors and as individual directors.

For the 2009 and 2010 performance years, the target bonuses as a percentage of base salary were as follows:

Named Executive Officer	Target Bonus	
	2009	2010
Dr. Armen	50%	50%
Ms. Sharp	40%	40%
Ms. Valentine	30%	30%
Ms. Wentworth	40%	40%
Ms. Klaskin	30%	30%

For the 2009 and 2010 performance years, the annual incentive awards granted to our executive officers and other members of key management were based largely on total Company performance with limited adjustments for the executive's individual performance. This approach was taken to acknowledge and reinforce the importance of teamwork in addressing the unique set of performance challenges facing the Company in this cycle, which included the reduction of staff and resources, the consolidation of priorities and the attendant need to optimize cross-functional cooperation.

In determining the annual incentive awards granted to our executive officers for the 2010 performance year, our Compensation Committee noted the following key accomplishments:

Prophage

Successfully exported tumor and imported vaccine for commercial patients in Russia.

Completed analysis of RCC survival registry.

Expanded phase 2 investigator sponsored trial in newly diagnosed glioma with funding through government grants and patient advocacy groups.

QS-21

Raised profile of QS-21 with advancement of Glaxo Smith Kline's shingles program.

Awarded Therapeutic Discovery Project Grant.

Table of Contents

General Finance and Administration

Successfully regained compliance with NASDAQ's \$1.00 per share bid price requirement.

Reduced annual cash burn rate by 14%.

Raised \$ 8.6 million through ATM facility and \$3.7 million from partnerships and grant programs providing sufficient cash to fund operations through 2011.

Our Compensation Committee gave weight to the fact that these accomplishments were made in a challenging economic environment in which the management team was under severe resource constraints when determining the annual incentive award.

The incentive awards for 2009 performance were paid in shares of unrestricted, fully vested stock, with the exception of an additional cash payment made to Ms. Wentworth to reward her for her extraordinary contributions in connection with our European filing for Oncophage. The incentive awards for 2010 performance were delivered partially in cash and partially in shares of unrestricted stock.

The total payout in stock and cash for 2010 performance was approximately 100% of target, each measured as of the date that the Compensation Committee approved the awards.

For 2011, the Compensation Committee approved certain amendments to the Executive Incentive Plan to allow payment of required taxes related to the vesting of restricted stock grants to be made by the Company as a prepayment of an anticipated bonus. At the time of bonus payout, the total amount paid in taxes by the Company for each executive will be deducted from the final bonus payout. The Compensation Committee feels that amendment will encourage executives to hold vested shares of stock instead of selling shares to cover taxes.

2. Long-term Incentives.

Our long-term incentives consist of stock options and restricted stock grants. Our stock options and restricted stock grants are designed to align management's performance objectives with the interests of our stockholders. Our Compensation Committee grants options and restricted stock to key executives to enable them to participate in long-term appreciation of our stockholder value, as well as to share the impact of any business setbacks, whether Company-specific or industry-based. Additionally, through each grant's vesting schedule, stock options and restricted stock provide a means of encouraging the retention of key executives.

On January 19, 2010, in connection with the 2009 annual incentive bonus plan, the Compensation Committee issued an unrestricted stock grant to named executive officers and other key members of management to provide the executive officers with liquidity in consideration of the fact that this award was in lieu of a cash incentive bonus.

On April 9, 2010, in conjunction with the 2010 annual incentive bonus plan, the Compensation Committee issued cash payments equal to 30% of target bonus to named executive officers and other key members of management, with the exception of Dr. Armen. Subsequently, in January 2011, the Compensation Committee issued a combination of cash and unrestricted stock which vested shortly after being awarded to named executives and other key members of management for the remaining 70% of their target bonus. At that time, Dr. Armen was issued an unrestricted stock grant equal to 110% of his target bonus which vested shortly after being awarded.

Also in January 2011, the Compensation Committee approved a grant of restricted shares for Agenus executives that vests only on the achievement of key milestones. The Compensation Committee believes the issuance of these performance shares enhances the pay-for-performance characteristics of its long-term incentive strategy and provides even closer alignment with stockholder interests.

Table of Contents

For the January 2011 grant, the milestones and weightings are:

Completion of a major collaboration or acquisition which advances the development of our HSP products or expands our product and/or technology portfolio: 40%

Completion of enrollment in the Prophage G-100, Phase 2 trial in newly diagnosed glioma: 40%

Completion of the restructuring of our 2005 and 2006 convertible notes: 20%

The Performance Shares have a term of 2.5 years. Any portion of the grant not earned in that timeframe will be forfeited. Details of each executive's grant is included under Compensation Actions for 2011.

The details of all stock options and restricted stock grants made to named executive officers in 2010 are outlined in the section entitled Compensation Actions for our Chief Executive Officer and our other Named Executive Officers and are also reflected in the Summary Compensation Table.

Initial and Promotional Long-Term Incentive Grants:

The size of the initial long-term incentive grant made to executives upon joining the Company or to current employees being promoted to executive positions is primarily based on competitive conditions applicable to the executive's specific position. In addition, the Compensation Committee considers the number of options and restricted shares owned by other executives in comparable positions within our Company and has, with the assistance of our independent compensation consultant, Oyster Pond Associates, established long-term incentive guidelines for specified categories of executives. We believe this strategy is consistent with the approach of other development-stage companies in our industry and, in our Compensation Committee's view, is appropriate for aligning the interests of our executives with those of our stockholders over the long term.

Market Comparisons:

We use a number of methodologies to make external comparisons when we set the number of options and restricted shares to be granted to each executive. On an individual basis, we compare:

the fair value of the grant, determined using methods that are consistent with the guidance in Accounting Standards Codification 718, *Compensation - Stock Compensation* (ASC 718),

the face value of the grant by position,

the face value of the grant as a multiple of base salary,

the number of options and restricted shares granted by position,

the number of options and restricted shares, in total, granted, and still held, by position as a percentage of total shares granted and of total common shares outstanding, and

Edgar Filing: AGENUS INC - Form 424B3

the proportion of exercisable to non-exercisable shares held, in total.
On a total Company basis, when it is appropriate, we analyze:

total annual equity burn rates,

total number of shares remaining in the approved pool under the 2009 EIP, and

equity overhang.

We believe these comparisons provide important additional context for comparing the competitive level of our equity-based compensation practices versus the market.

Table of Contents

Ultimately, awards to senior executives are driven by their performance over time, their ability to impact our results that drive stockholder value, their level within the organization, their potential to take on roles of increasing responsibility in our Company, and competitive equity award levels for similar positions and organization levels in our peer companies. Equity awards are not granted automatically to our executives on an annual basis.

We expect our senior executives to hold a meaningful equity position in the company and our Board of Directors has set stock retention guidelines for our executives to encourage and facilitate this principle. Directors, executive officers, and all other employees of our Company are required to sign our Company's Policy Statement on Securities Trades. This policy prohibits trading on, or disclosing, material non-public information, and also establishes black-out periods for directors, officers, and certain other members of key management to avoid even the appearance of impropriety.

3. Benefits.

We provide the following benefits to our senior executives generally on the same basis as the benefits provided to all employees:

Health and dental insurance,

Life insurance,

Short- and long-term disability,

401(k) plan, and

Employee Stock Purchase Plan.

We believe that these benefits are consistent with those offered by other companies and specifically with those companies with which we compete for employees.

4. Severance Compensation and Termination Protection.

We have entered into employment and change of control arrangements with Dr. Armen, Ms. Sharp, Ms. Valentine, and Ms. Wentworth and Ms. Klaskin participates in our executive change of control plan. These arrangements provide for severance compensation to be paid if the executives are terminated under certain conditions, such as a change of control of the Company or a termination without cause by us, each as is defined in the respective agreements or plan.

The employment and change of control arrangements between our Company and our senior executives and the related severance compensation provisions are designed to meet the following objectives:

Change of Control: As part of our normal course of business, we engage in discussions with other biotechnology and pharmaceutical companies about possible collaborations, licensing and/or other ways in which the companies may work together to further our respective long-term objectives. In addition, many larger established pharmaceutical companies consider companies at similar stages of development to ours as potential acquisition targets. In certain scenarios, a merger or sale of the Company may be in the best interests of our stockholders. We provide severance compensation if an executive is terminated as a result of a change of control transaction in order to maintain management continuity in the event a potential transaction is announced and to promote the ability of our senior executives to act in the best interests of our stockholders even though they could be terminated as a result of the transaction.

Edgar Filing: AGENUS INC - Form 424B3

Termination without Cause: If we terminate the employment of a senior executive without cause, or the executive resigns for good reason as defined in the applicable agreement, we are obligated to continue to pay the base salary, bonus, and medical and dental benefits for a defined period, as well as to

Table of Contents

provide outplacement services. We believe this is appropriate because the terminated executive is bound by confidentiality, non-solicitation and non-compete provisions covering one year after termination and because we and the executive have mutually agreed to a severance package that is in place prior to any termination event. This provides us with more flexibility to make a change in senior management if we consider such a change to be in our and our stockholders' best interests.

The payments provided under these arrangements are as follows:

Change of Control: Upon a change of control, 50% of the executives' unvested stock options and restricted shares immediately vest. If the executive is terminated other than for cause or resigns for good reason as a result of the change of control, the remaining 50% vests.

If Dr. Armen is terminated other than for cause or resigns for good reason upon a change of control, he is entitled to receive from the Company:

his base salary for a period of 24 months, bonus, and medical and dental benefits continuation,

outplacement services, and

a gross-up payment to cover any excise taxes required under Section 280G of the Code.

Other named executive officers with executive employment and change of control arrangements are entitled to receive from the Company 18 months base salary, bonus, and medical and dental benefits continuation, outplacement services and Section 280G gross-up payments under the same circumstances.

Termination without Cause:

If we terminate Dr. Armen's employment without cause or he resigns for good reason not involving a change of control, he is entitled to 18 months base salary, bonus, and medical and dental benefits continuation, and outplacement services.

Other named executive officers with executive employment agreements are entitled to 12 months base salary, bonus, and medical and dental benefits continuation, and outplacement services under the same circumstances.

Executive employment and change of control arrangements are covered in greater detail in the section entitled "Potential Payments Upon Termination or Change of Control."

Compensation Actions for our Chief Executive Officer and our other Named Executive Officers

Compensation actions for 2010 and 2011 reflect our management's and our Compensation Committee's assessments of performance relative to Company goals and objectives and individual performance objectives, and comparisons against market references described above.

Dr. Armen, our Chief Executive Officer, makes recommendations to our Compensation Committee as to individual compensation actions for the senior executives, including the named executive officers but excluding himself. Using the same criteria outlined above, our Compensation Committee works with the Vice President of Human Resources and the independent compensation consultant engaged by the Compensation Committee to determine the specific compensation actions for our named executive officers.

Edgar Filing: AGENUS INC - Form 424B3

Our compensation actions for our Chief Executive Officer and our other named executive officers are summarized as follows:

Competitive Market Review

The market for top tier executive talent is highly competitive. Our objective is to attract and retain a superior leadership team. In doing so, we aim to draw upon a pool of talent that is highly sought after by both large and established pharmaceutical and biotechnology companies in and outside our geographic area and by other life science companies.

We believe we have competitive advantages in our ability to offer significant upside potential through stock options and other equity instruments. Nonetheless, we must recognize market cash compensation levels and satisfy the day-to-day financial requirements of our candidates through competitive base salaries and cash bonuses. We also compete on the basis of our vision of future success, our culture and values, the cohesiveness and productivity of our teams, and the excellence of our scientists and management personnel.

In order to succeed in attracting highly talented executives, we continuously monitor market trends and draw upon surveys prepared by the Radford Surveys division of AON Hewitt, custom research developed by our compensation consultants, Oyster Pond Associates, and other nationally recognized surveys. Our Compensation Committee reviews data that analyzes various cross-sections of our industry as well as

relevant geographical areas.

Table of Contents

Market References: How We Define Market and How We Use Market Compensation Data. Since 2003, we have worked with Oyster Pond Associates, an independent compensation consultant, to evaluate our total compensation program and compare it to levels in the market. Oyster Pond Associates provides services at the direction of the Compensation Committee, through the Company's Vice President of Human Resources, who acts as the management liaison to the Compensation Committee, and the primary contact with the consultant. Our consultant works with our Vice President of Human Resources and the Compensation Committee to interpret results, make certain specific and general recommendations, and assist in the determination of next steps.

Defining the Market. For 2010, we used two market references to compare our executive total compensation practices and levels to those in the market:

1. Radford Global Life Sciences Survey conducted by the Radford unit of AON Hewitt: A national survey of executive compensation levels and practices that covers approximately 1,300 positions in more than 560 life science organizations. We focus primarily on a predetermined subset of companies with between 50 and 149 employees.
2. Proxy data derived from a select peer group of biotech companies of a similar size, market capitalization, development stage and therapeutic focus. The composition of this group is reassessed on an annual basis with guidance from our compensation consultants, Oyster Pond Associates. The select peer group was updated in January 2008, and was comprised of the following fourteen (14) companies: ArQule, Biocryst Pharmaceuticals, Cell Genesys, Cell Therapeutics, CombinatoRx, Cytokinetics, Dendreon, Immunogen, Micromet, Onyx Pharmaceuticals, Poniard Pharmaceuticals, Sunesis, Supergen, and Vical.

Given the changes to the competitive and financial landscape of the last two years and the effect of these changes on the measures that the Compensation Committee considers in determining comparability, in May 2010 the Committee requested that Oyster Pond Associates present recommendations for reconstituting the peer group to ensure continued parity with Agenesis. In September 2010, the Committee approved changing the group to include twenty-five (25) companies as follows: ARIAD Pharmaceuticals; ArQule, Inc; Array BioPharma; AVEO Pharmaceuticals; BioCryst Pharmaceuticals; Cell Therapeutics; Curis, Inc; Cytokinetics; Dyax; GTx, Inc; Idera Pharmaceuticals; ImmunoGen, Inc; Immunomedics, Inc; Infinity Pharmaceuticals; Ligand Pharmaceuticals; Omeros; Pain Therapeutics; Peregrine Pharmaceuticals; Sangamo BioSciences; Sunesis Pharmaceuticals; Synta Pharmaceuticals; Trubion Pharmaceuticals; Vical, Inc; Zalicus (formerly CombinatoRx, Inc); and ZIOPHARM Oncology.

Determining Market Levels and Specific Comparisons. We compare our practices and levels by each compensation component, by total annual compensation (including target annual incentive opportunity) and by total compensation including equity compensation components. The competitive comparisons made in this process are used to determine our approximate position relative to the appropriate market reference by compensation component and in total.

Total Compensation

We intend to continue our strategy of compensating our named executive officers at competitive levels, with the opportunity to earn above-market pay for above-market performance. We will continue to emphasize long-term equity incentives and performance-based incentive compensation delivered in the form of equity to maintain our competitive pay philosophy.

For 2010, the total compensation paid to the named executive officers generally fell between the 40th and 60th percentile of total compensation paid to executives holding equivalent positions in our peer group of companies. We believe that the total compensation was reasonable in the aggregate and under our financial circumstances. Further, in light of our compensation philosophy, we believe that the total compensation package for our executives should continue to consist of base salary, annual incentive awards (bonus), long-term equity-based incentive compensation, and certain other benefits.

Table of Contents

The competitive posture of our total annual compensation versus the market references will vary year to year based on Company and individual performance, as well as the performance of the peer group companies and their respective level of annual performance bonus awards made to their executives. We will continue to target total annual direct compensation at approximately the 50th to 60th percentile, with an emphasis on performance-based variable compensation.

Evolution of our Compensation Strategy

Our compensation strategy is necessarily tied to our stage of development. Accordingly, the specific direction, emphasis, and components of our executive compensation program continue to evolve in parallel with the evolution of our business strategy. For example, we expect that if we become a fully integrated commercial company, our executive compensation program, in particular our Executive Incentive Plan, will focus more on quantitative performance metrics. Our Compensation Discussion and Analysis would, in the future, reflect these evolutionary changes.

COMPENSATION COMMITTEE REPORT

The Compensation Committee of the Board consists entirely of independent directors who are not officers or employees of Agenus. The Compensation Committee charter is posted on the corporate governance section of our website at <http://www.agenusbio.com/investors/corporate>. No material on our website is part of this proxy statement.

The Compensation Committee of the Board has reviewed and discussed with management the foregoing Compensation Discussion and Analysis, and based on such review and discussion, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement on Schedule 14A for filing with the SEC.

(1) The restricted stock and stock options vest quarterly over three years beginning on April 26, 2010.

(2) The restricted stock vested on March 10, 2010.

(3) The restricted stock vested on January 19, 2010.

(4) We use the Black-Scholes option pricing model to value the options granted. Please see the notes to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2010 as filed on March 16, 2011 for assumptions applied.

Dr. Armen, Ms. Sharp, Ms. Valentine, and Ms. Wentworth each currently have an employment and change of control agreement providing a minimum base salary. The employment and change of control agreements for our current and former executive officers entitle them to participate in employee benefit and fringe benefit plans and programs made available to executives generally. Additionally, the employment and change of control agreements provide for the reimbursement of reasonable, customary and necessary business expenses, subject to our travel policy. For our executives, all other compensation items, including perquisites, comprise a small portion of overall total compensation.

The exercise price for all stock options granted in 2010 equaled the fair market value of the Company's common stock on the date of the grant. Fair market value on the date of grant was determined as the closing market price of the Company's common stock on the date of the grant.

Potential Payments Upon Termination or Change of Control

We have entered into certain agreements and maintain certain plans that may require us to make certain payments and/or provide certain benefits to the executive officers named in the Summary Compensation Table in the event of a termination of employment or a change of control. Dr. Armen, Ms. Sharp, Ms. Valentine, and Ms. Wentworth are each currently party to employment and change of control agreements providing for

Table of Contents

payments in connection with such officers' termination or a change of control. Ms. Klaskin is party to a change of control plan providing for payments in connection with a change of control. A "change of control" or "change in control" is defined in each of the agreements and plan generally as (i) the acquisition by any individual, entity or group of 50% or more of the common stock of the Company, (ii) a change in the incumbent Board of Directors such that incumbent directors cease to constitute at least a majority of our Board of Directors, (iii) a sale or other disposition of all or substantially all of the assets of the Company, or (iv) approval by the stockholders of the Company of a complete liquidation or dissolution of the Company. The following text and tables summarize the potential payments to each applicable named executive officer assuming that the triggering event occurred on December 31, 2010, the last day of our fiscal year.

Our Chief Executive Officer

Under Dr. Armen's employment and change in control agreement, if we terminate Dr. Armen's employment without cause or if he terminates his employment for good reason (as defined), he is entitled to receive from the Company:

his base salary for a period of 18 months, plus a lump sum payment of 150% of the higher of his target incentive bonus for that year or his last actual incentive bonus,

coverage under our medical and dental plans for 18 months following the date of termination,

a lump sum payment of \$15,000 for outplacement assistance,

a gross-up for any taxes with respect to such outplacement assistance payment,

a gross-up payment for any taxes, interest and penalties imposed by Section 4999 of the Code, and

at the Compensation Committee's discretion, the acceleration of vesting of any unvested stock options.

Under Dr. Armen's employment and change in control agreement, "good reason" means the occurrence of any of the following events:

- (i) failure to continue Dr. Armen in the position of Chief Executive Officer,
- (ii) a material and substantial diminution in the nature or scope of his responsibilities,
- (iii) a material reduction in base salary or benefits, or

- (iv) relocation of Dr. Armen's principal office, without his prior consent, to a location more than 30 miles away.

Upon a change of control, (i) 50% of any of Dr. Armen's outstanding unvested stock options and shares of unvested restricted stock as of the change of control date become vested and exercisable and, in the case of shares of restricted stock, no longer subject to forfeiture, except that (ii) the restriction lapses on 100% of the unvested restricted stock granted on September 10, 2008. If a change of control occurs and, within 24 months, we terminate Dr. Armen's employment without cause or if he terminates his employment for good reason, he is entitled to receive from the Company:

Edgar Filing: AGENUS INC - Form 424B3

a lump sum payment of 24 months of base salary plus two times the higher of his target incentive bonus for that year or his last actual incentive bonus,

coverage under our medical and dental plans for 24 months following the date of termination,

a lump sum payment of \$15,000 for outplacement assistance,

a gross-up for any taxes with respect to such outplacement assistance payment,

a gross-up payment for any taxes, interest and penalties imposed by Section 4999 of the Code, and

acceleration of vesting for all unvested stock options and unvested restricted stock as of the date of termination.

Table of Contents

Additionally, under Dr. Armen's employment and change in control agreement, he is subject to a non-competition and non-solicitation period for the greater of 18 months post-termination or the period during which he is receiving post-termination payments from us.

Executive Benefits and Payments Upon Termination or	Termination in Connection with a	Termination without Cause or

Gross-up Payments for Change of Control Excise Taxes	N/A	N/A
<i>Total:</i>	1,492,804	1,031,958

* We used the following assumptions to calculate these payments:

We valued stock options accelerated using the closing price of our common stock on The NASDAQ Capital Market on December 31, 2010, which was \$1.01 per share, utilizing the same assumptions that we utilize under ASC 718 for our financial reporting. Upon a change of control without termination, the acceleration of vested equity would be valued at \$68,879.

We assumed in each case that termination is not for cause, the executive does not violate his non-competition or non-solicitation agreements with us following termination, the executive does not receive medical and dental insurance coverage from another employer within two years of termination or change of control, and the executive does not incur legal fees requiring reimbursement from us.

We used the same assumptions for health care benefits that we used for our financial reporting under generally accepted accounting principles.

Gross-up payments assume a December 31, 2010 change of control and termination date. For purposes of these payments, the following are included as parachute payments: cash severance payable upon termination in connection with a change of control, the value of any outplacement services and benefits continuation due in the event of such a termination, and the value of the acceleration of outstanding equity awards, all determined in accordance with applicable tax regulations. We have assumed that all outstanding options are cashed out in the assumed transaction for an amount equal to the excess, if any, of \$1.01 (the closing price of our common stock on December 31, 2010, the last business day of the year) over the exercise price per share under the option, multiplied by the number of shares subject to the option. Finally, these figures assume that none of the parachute payments will be discounted as attributable to reasonable compensation and no value is attributed to the executive executing a non-competition agreement in connection with the assumed termination of employment.

Other Named Executive Officers

Under the employment and change in control agreements for Ms. Sharp, Ms. Valentine, and Ms. Wentworth, if we terminate each officer's employment without cause or if each officer terminates her employment for good reason, each officer is entitled to receive from the Company:

her base salary for a period of 12 months plus a lump sum payment of the higher of the officer's target incentive bonus for that year or their last actual incentive bonus,

coverage under our medical and dental plans for 12 months following the date of termination,

a lump sum payment of \$15,000 for outplacement assistance,

a gross-up for any taxes with respect to such outplacement assistance payment,

Table of Contents

a gross-up payment for any taxes, interest and penalties imposed by Section 4999 of the Code, and

at the Compensation Committee's discretion, the acceleration of vesting of any unvested stock options.

Under the employment and change in control agreements for the various named executives, *good reason* means the occurrence of any of the following events:

Good Reason	Ms. Sharp	Ms. Valentine	Ms. Wentworth
Material and substantial diminution in nature of scope of responsibilities ⁽¹⁾	X	X	X
Material reduction in base salary or benefits	X	X	X
Relocation of office by more than 30 miles (without prior consent) ⁽¹⁾	X	X	X
Change of principal place of business from California ⁽²⁾	X		

(1) For purposes of change of control.

(2) Termination benefit at reduced level in comparison with other good reason.

Under the employment and change in control agreements for Ms. Sharp, Ms. Valentine, and Ms. Wentworth, upon a change of control:

(i) 50% of any of each officer's outstanding unvested stock options and shares of unvested restricted stock as of the change of control date become vested and exercisable, and in the case of restricted stock, no longer subject to forfeiture, except that (ii) the restriction lapses on 100% of the unvested restricted stock granted on September 10, 2008 as of the change of control date, and

If a change of control occurs and, within 18 months, we terminate the officer's employment without cause or if the officer terminates her employment for good reason, the officer is entitled to receive from the Company:

a lump sum payment of 18 months of base salary plus 150% of the higher of their target incentive bonus for that year or their last actual incentive bonus,

coverage under our medical and dental plans for 18 months following the date of termination,

a lump sum payment of \$15,000 for outplacement assistance,

a gross-up for any taxes with respect to such outplacement assistance payment,

a gross-up payment for any taxes, interest and penalties imposed by Section 4999 of the Code, and

the acceleration of vesting for all unvested stock options and unvested restricted stock as of the date of termination.

Edgar Filing: AGENUS INC - Form 424B3

Under Ms. Sharp's employment and change in control agreement, her principal place of business is in California. If Ms. Sharp is asked to relocate to the Company's New York or Massachusetts locations, she has the right to terminate the agreement, and upon such termination, Ms. Sharp is entitled to receive from the Company:

her base salary for a period of 6 months plus a lump sum payment of the higher of one-half of her target incentive bonus for that year or one-half of her actual incentive bonus,

coverage under our medical and dental plans for six months following the date of termination,

a lump sum payment of \$7,500 for outplacement assistance,

Table of Contents

a gross-up for any taxes with respect to such outplacement assistance payment, and

at the Compensation Committee's discretion, the acceleration of vesting of any unvested stock options.

Under the change of control plan for Ms. Klaskin, upon a change of control:

(i) 50% of any of each Ms. Klaskin's outstanding unvested stock options and shares of unvested restricted stock as of the change of control date become vested and exercisable, and in the case of restricted stock, no longer subject to forfeiture, except that (ii) the restriction lapses on 100% of the unvested restricted stock granted on September 10, 2008 as of the change of control date, and

If a change of control occurs and, within 18 months, we terminate Ms. Klaskin's employment without cause or if Ms. Klaskin terminates her employment for good reason, she is entitled to receive from the Company:

a lump sum payment of 12 months of base salary plus the higher of her target incentive bonus for that year or her last actual incentive bonus,

coverage under our medical and dental plans for 12 months following the date of termination,

a lump sum payment of \$10,000 for outplacement assistance,

a gross-up for any taxes with respect to such outplacement assistance payment, and

the acceleration of vesting of all unvested stock options and unvested restricted stock as of the date of the change in control.

Additionally, under the officers' employment and change of control arrangements, they are each subject to a non-competition and non-solicitation period for the greater of 12 months post-termination or the period during which the officer is receiving post-termination payments from us.

* We used the following assumptions to calculate these payments:

We valued stock options accelerated using the closing price of our common stock on The NASDAQ Capital Market on December 31, 2010, which was \$1.01 per share, utilizing the same assumptions that we utilize under ASC 718 for our financial reporting. Upon a change of control without termination the acceleration of vested equity would be valued at \$18,072, \$18,073, \$27,645, and \$30,625 for Ms. Klaskin, Ms. Valentine, Ms. Sharp, and Ms. Wentworth respectively.

We assumed in each case that termination is not for cause, the executive does not violate her non-competition or non-solicitation agreements with us following termination, the executive does not receive medical and dental insurance coverage from another employer within eighteen months of termination or change of control, and the executive does not incur legal fees requiring reimbursement from us.

Table of Contents

We used the same assumptions for health care benefits that we used for our financial reporting under generally accepted accounting principles.

Gross-up payments assume a December 31, 2010 change of control and termination date. For purposes of these payments, the following are included as parachute payments: cash severance payable upon termination in connection with a change of control, the value of any outplacement services and benefits continuation due in the event of such a termination, and the value of the acceleration of outstanding equity awards, all determined in accordance with applicable tax regulations. We have assumed that all outstanding options are cashed out in the assumed transaction for an amount equal to the excess, if any, of \$1.01 (the closing price of our common stock on December 31, 2010, the last business day of the year) over the exercise price per share under the option, multiplied by the number of shares subject to the option. Finally, these figures assume that none of the parachute payments will be discounted as attributable to reasonable compensation and no value is attributed to the executive executing a non-competition agreement in connection with the assumed termination of employment.

Change of Control Arrangements Under Our 2009 EIP

Under our 2009 EIP, in the event of a change of control (as determined by the Board), the Board may make a provision for the continuation, acceleration or assumption or substitution of unvested options and restricted stock, or provide for a cash-out of outstanding awards.

(1) Includes fees earned in 2010 but deferred pursuant to our Directors' Deferred Compensation Plan (as amended).

(2) We use the Black-Scholes option pricing model to value the options granted. Please see the notes to our consolidated financial statements included in our Annual Report on Form 10-K for the year ended December 31, 2010 as filed on March 16, 2011 for assumptions applied. Each director was granted 30,000 options during 2010.

(3) Represents consulting fees earned.

Employee directors do not receive any additional compensation for their service as a director. Each year, the Compensation Committee reviews the compensation we pay to our non-employee directors. The committee compares our Board compensation to compensation paid to non-employee directors by similarly sized public companies in similar businesses. The committee also considers the responsibilities that we ask our Board members to assume and the amount of time required to perform those responsibilities.

Agenus also reimburses non-employee directors for reasonable travel and out-of-pocket expenses in connection with their service as directors.

Table of Contents

Our Directors' Deferred Compensation Plan (as amended) (the "DDCP") permits each non-employee director to defer all or a portion of his or her cash compensation until his or her service ends or until a specified date. A director may credit his or her deferred cash into an interest bearing account, an equity account, or a combination of both. As a matter of policy, directors are encouraged to elect to defer twenty-five percent of their cash compensation in the form of equity under the DDCP.

The Board has adopted a policy guideline that encourages directors to hold 37,500 shares of equity within a reasonable period of time following their election or appointment to the Board. In addition to purchasing shares in the open market, directors may utilize the DDCP or the Agenesis Board Compensation Policy, which allows directors to receive their compensation in stock, to acquire these shares. In accordance with the requirements of the DDCP, elections to defer compensation thereunder must be made prior to the end of the third quarter of the prior calendar year. In some cases, a director, due to securities law restrictions, may be unable to purchase such shares until such election takes effect.

According to SEC rules, we have included in the column Number of Issued Shares all shares of common stock over which the person has sole or shared voting or investment power as of April 18, 2011, and we have included in the column Number of Shares Issuable all shares of common stock that the person has the right to acquire within 60 days after April 18, 2011 through the exercise of any stock options, the vesting of restricted shares, or in the case of directors, any shares to be distributed under the DDCP. All shares that a person has a right to acquire within 60 days of April 18, 2011 are deemed outstanding for the purpose of computing the percentage beneficially owned by the person, but are not deemed outstanding for the purpose of computing the percentage beneficially owned by any other person.

Unless otherwise indicated, each person has the sole power (or shares the power with a spouse) to invest and vote the shares listed opposite the person's name. Where applicable, ownership is subject to community property laws. Our inclusion of shares in this table as beneficially owned is not an admission of beneficial ownership of those shares by the person listed in the table. SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Our executive officers, directors, and 10% stockholders are required under Section 16(a) of the 1934 Act, to file reports of ownership and changes in ownership of our securities with the SEC.

Based solely on a review of the copies of reports furnished to us, we believe that during our 2010 fiscal year, our directors, executive officers, and 10% stockholders complied with all applicable Section 16(a) filing requirements.

Related Party Transaction Policies and Procedures

The Audit and Finance Committee of the Board is responsible for reviewing and approving all material transactions with any related party on a continuing basis. Related parties can include any of our directors or executive officers, certain of our stockholders, and their immediate family members. This obligation is set forth in writing in our Audit and Finance Committee Charter. A copy of the Audit and Finance Committee Charter is posted on the corporate governance section of our website at <http://www.agenusbio.com/investors/corporate>. No material on our website is part of this proxy statement. In evaluating related party transactions, our Audit and Finance Committee members apply the same standards of good faith and fiduciary duty they apply to their general responsibilities as a committee of the Board and as individual directors. The Audit and Finance Committee will approve a related party transaction when, in its good faith judgment, the transaction is in the best interest of Agenus.

To identify related party transactions each year, we submit and require our directors and executive officers to complete Director and Officer Questionnaires identifying any transactions with us in which the officer or director or their family members have an interest. We also review related party transactions due to the potential for a conflict of interest. A conflict of interest occurs when an individual's private interest interferes, or appears to interfere, in any way with our interests. Our Code of Ethics requires all directors, officers, and employees who may have a potential or apparent conflict of interest to immediately notify our Chief Compliance Officer for review and approval by management and our Corporate Governance and Nominating Committee. A copy of our Code of Ethics is posted on the corporate governance section of our website at <http://www.agenusbio.com/investors/corporate>. **PROPOSAL 2 TO APPROVE AN AMENDMENT TO OUR AMENDED AND RESTATED CERTIFICATE OF INCORPORATION
TO EFFECT A REVERSE STOCK SPLIT OF COMPANY COMMON STOCK AT THE DISCRETION OF THE BOARD OF
DIRECTORS**

Summary

We are seeking stockholder approval to grant our Board of Directors discretionary authority to amend our Amended and Restated Certificate of Incorporation, as amended, to effect a reverse stock split of the shares of common stock at an exchange ratio of not less than 1-for-2 and not more than 1-for 10 at any time prior to our 2012 Annual Meeting of Stockholders. The Board of Directors believes that providing the flexibility for the Board to choose an exact split ratio based on then current market conditions, and to effect such reverse stock split at any time prior to the 2012 Annual Meeting of Stockholders, will better enable us to act in the best interests of the Company and its stockholders.

The form of proposed amendment to our restated certificate of incorporation to effect a reverse stock split is attached to this proxy statement as Appendix A (the "Reverse Stock Split Amendment"). We are seeking your approval of the Reverse Stock Split Amendment.

If this proposal is approved, the Board will have the authority, but not the obligation, in its sole discretion and without any further action on the part of the stockholders, to effect the reverse stock split, at any time it believes to be most advantageous to the Company and its stockholders. This proposal would give the Board the authority to implement one, but not more than one, reverse stock split. A reverse stock split would be effected by the filing of the Reverse Stock Split Amendment with the Secretary of State of the State of Delaware. The Board will retain the authority not to effect the Reverse Stock Split Amendment even if we receive stockholder approval. Thus, subject to stockholder approval, the Board may, at its discretion, file the amendment to effect a reverse stock split or abandon it and effect no reverse stock split if it determines that such action is not in the best interests of the Company and its stockholders. If the Reverse Stock Split Amendment is not filed with the Secretary of State of the State of Delaware prior to the Company's 2012 Annual Meeting of Stockholders, the Reverse Stock Split Amendment will be deemed abandoned, without any further effect.

The Board's decision as to whether and when to effect the reverse stock split will be based, in part, on prevailing market conditions, existing and expected trading prices for our common stock, and the Company's compliance with the minimum bid price continued listing requirements of The NASDAQ Capital Market.

Reasons for the Reverse Stock Split

Our Board of Directors believes that the goal of increasing the per-share price of our common stock through a reverse stock split may be in the best interests of the Company for a number of reasons as discussed below. In 2009 and 2010 the Company sought and received stockholder approval to initiate a reverse stock split, however the Board of Directors has not chosen to exercise its discretion to date.

Implementing the reverse stock split could help maintain the Company's listing on The NASDAQ Capital Market. In April 2009, we moved from the NASDAQ Global Market to the NASDAQ Capital Market as part of our plan to regain compliance with minimum market value requirements. On March 3, 2011 we were notified by the Listing Qualification Staff of NASDAQ (the "Staff") that we were out of compliance with NASDAQ Marketplace Rule 5550(a)(2) (the "Bid Price Requirement") because the bid price for our common stock closed below the minimum \$1.00 per share requirement for thirty consecutive business days. To date, we have been unable to regain compliance with the Bid Price Requirement, and on April 18, 2011, our common stock closed at \$.89 per share. This is the third time we have been in non-compliance with the Bid Price Requirement since our move to the NASDAQ Capital Market. The Board of Directors approved the reverse stock split proposal in part as a potential means of increasing the share price of our common stock to a price above the \$1.00 per share requirement. If the Board decides to effect the reverse stock split, it will seek to set the applicable ratio to

Table of Contents

increase our stock price sufficiently above the \$1.00 minimum required for the continued listing on The NASDAQ Capital Market so that we would not be faced in the future with delisting for failure to meet this requirement absent a significant percentage decrease in our common stock.

If our common stock were delisted, the stock would then be eligible for quotation on the Over-The-Counter (OTC) Bulletin Board maintained by NASDAQ, on another over-the-counter quotation system or on the pink sheets. If that occurs, the liquidity and marketability of shares of our common stock would decrease. As a result, an investor might find it more difficult to dispose of, or to obtain accurate quotations as to the market value of our common stock. In addition, if our common stock were to be delisted and the trading price of the common stock were to continue to be less than \$1.00 per share, trading in our common stock would be subject to certain rules under the 1934 Act which require additional disclosure by broker-dealers in connection with any trades involving a stock defined as a penny stock involving persons other than established customers and accredited investors. The additional burdens imposed upon broker-dealers might discourage broker-dealers from effecting transactions in our common stock, which might further affect the liquidity of our common stock. For the above reasons, we believe that current and prospective investors will view an investment in our common stock more favorably if the shares remain listed on The NASDAQ Capital Market than if our common stock trades on the OTC Bulletin Board or similar trading systems.

If our common stock's closing bid price satisfies the minimum closing bid price rule prior to approval of this proposal, we may still effect the reverse stock split if stockholders approve this proposal and if our Board of Directors determines that effecting the reverse stock split would be in the best interests of our Company and our stockholders for the following reasons:

It could heighten the interest of the financial community in the Company and potentially broaden the pool of investors that may consider investing, or be able to invest, in the Company by increasing the trading price of our common stock and decreasing the number of outstanding shares of our common stock.

It could help to attract institutional investors who have internal policies that either prohibit them from purchasing stocks below a certain minimum price or tend to discourage individual brokers from recommending such stocks to their customers.

It may also encourage investors who had previously been dissuaded from purchasing our Company's common stock because commissions on lower-priced stocks generally represent a higher percentage of the stock price than commissions on higher-priced stocks.

For the foregoing reasons, we are asking our stockholders to approve the Reverse Stock Split Amendment authorizing a reverse stock split and to grant the Board the discretion to determine the exchange ratio and effect the reverse stock split at any time prior to the Company's 2012 Annual Meeting of Stockholders.

Possible Effects of the Reverse Stock Split

Below are a number of possible effects of the reverse stock split, among others, that our Board of Directors has considered in adopting the resolution approving the Reverse Stock Split Amendment. There may be other effects of the reverse stock split in addition to those described below.

Immediately after the reverse stock split is implemented, Company common stockholders will own fewer shares than they currently own. By reducing the number of shares outstanding without a corresponding reduction in the number of shares authorized but unissued common stock, the reverse stock split will have the effect of increasing the number of authorized but unissued shares. The Company does not currently have any plans to issue any of the authorized but unissued shares of common stock that would become available for issuance if the reverse stock split of our outstanding shares of common stock is approved by our stockholders and subsequently effected by the Board. Any

outstanding options or warrants would also be adjusted by the same split ratio. The following table shows the number of shares that would be (a) issued and outstanding, (b) authorized and reserved for issuance upon the exercise of outstanding capital stock options and warrants, vesting of nonvested shares, issuance of shares under the Directors' Deferred Compensation Plan, and conversion of convertible notes and preferred stock, and (c) authorized and unreserved for issuance, in each case upon the implementation of the reverse stock split at each ratio from 1-for-2 to 1-for-10 based on our capitalization at December 31, 2010.

If 1-for -10 stock split enacted	11,188,576	4,218,275	234,593,149	250,000,000

- (1) Shares which are authorized and reserved for issuance upon the exercise of outstanding options and warrants, vesting of nonvested shares, issuance of shares under the Directors' Deferred Compensation Plan, and conversion of convertible notes and preferred stock.

Although the Board expects that the reduction in outstanding shares of common stock will result in an increase in the per share price of the Company's common stock, there is no assurance that such a result will occur. Similarly there is no assurance that if the per share price of the Company's common stock increases as a result of the reverse stock split, such increase in the per share price will be permanent, which will be dependent on several factors.

Should the per share price of our common stock decline after implementation of the reverse stock split, the percentage decline may be greater than would occur in the absence of the reverse stock split.

The anticipated resulting increase in per share price of the Company's common stock due to the reverse stock split is expected to encourage interest in the Company's common stock and possibly promote greater liquidity for our stockholders. However, such liquidity could also be adversely affected by the reduced number of shares that would be outstanding after the reverse stock split.

The reverse stock split could be viewed negatively by the market and, consequently, could lead to a decrease in our overall market capitalization. It is often the case that the reverse-split adjusted stock price and market capitalization of companies that effect a reverse stock split decline.

One of the purposes for the proposed reverse stock split is to comply with the continued listing standards for The NASDAQ Capital Market. However, there can be no assurance that the reverse stock split alone will guarantee or even help our continued listing on The NASDAQ Capital Market. If we are unable to continue to list our common stock on The NASDAQ Capital Market, our liquidity and stock price may be negatively affected.

The number of shares held by each individual stockholder will be reduced if the reverse stock split is implemented. This will increase the number of stockholders who hold less than a round lot, or 100 shares. Typically, the transaction costs to stockholders selling odd

Edgar Filing: AGENUS INC - Form 424B3

lots are higher on a per share basis. Consequently, the reverse stock split could increase the transaction costs to existing stockholders in the event they wish to sell all or a portion of their shares.

Procedures for Effecting the Reverse Stock Split and Filing the Reverse Stock Split Amendment

If the stockholders approve the Reverse Stock Split Amendment and the Board subsequently determines that it is in the Company's and the stockholders' best interests to effect a reverse stock split, our Board will then determine the ratio of the reverse stock split to be implemented. Any such split will become effective upon the filing of the Reverse Stock Split Amendment with the Secretary of State of the State of Delaware. The actual timing of any such filing will be made by the Board at such time as the Board believes to be most advantageous to the Company and its stockholders.

Fractional Shares

No fractional shares of common stock would be issued as a result of the reverse stock split, if any. Each holder of common stock at the effective time of the reverse stock split, if any, who would otherwise be entitled to a fractional share shall, in lieu thereof, receive a cash payment equal to x) the fractional share amount multiplied by y) the product of (i) the average of the high and low trading prices of the common stock as reported on The NASDAQ Capital Market or other principal market of the common stock, as applicable, during each of the ten (10) trading days immediately preceding the date of the reverse stock split and (ii) the reverse stock split ratio, as determined by our Board. Except for the right to receive the cash payment in lieu of fractional shares, stockholders will not have any voting, dividend or other rights with respect to the fractional shares they would otherwise be entitled to receive.

Exchange of Pre-Reverse Stock Split Shares with Post-Reverse Stock Split Shares

If we implement a reverse stock split, our transfer agent will act as our exchange agent to act for holders of common stock in implementing the exchange of their pre-reverse stock split shares for post-reverse stock split shares.

Registered Book Entry Stockholder. Holders of common stock holding all of their shares electronically in book-entry form with the Company's transfer agent do not need to take any action (the exchange will be automatic) to receive post-reverse stock split shares.

Registered Certificated Stockholder. Some of our stockholders hold their shares in certificate form or a combination of certificate and book-entry form. If any of your shares are held in certificate form, you will receive a transmittal letter from the Company's transfer agent as soon as practicable after the effective date of the reverse stock split. The letter of transmittal will contain instructions on how to surrender your certificate(s) representing your pre-reverse stock split shares to the transfer agent. Upon receipt of your pre-reverse stock split certificate(s), you will be issued the appropriate number of shares electronically in book-entry form under the Direct Registration System (DRS). No new shares in book-entry form will be reflected until you surrender your outstanding pre-reverse stock split certificate(s), together with the properly completed and executed letter of transmittal, to the transfer agent. At any time after receipt of your DRS statement, you may request a stock certificate representing your ownership interest.

STOCKHOLDERS SHOULD NOT DESTROY ANY STOCK CERTIFICATES AND SHOULD NOT SUBMIT ANY CERTIFICATES UNTIL REQUESTED TO DO SO.

Accounting Matters

The reverse stock split is not expected to affect total stockholders' deficit on our consolidated balance sheet. However, because the par value of our common stock will remain unchanged on the effective date of the reverse stock split, the components that make up total stockholders' deficit will change by offsetting amounts. The stated common stock component will be reduced, and the additional paid-in capital component will be increased by the

Table of Contents

amount by which the stated common stock component is reduced. The per share net loss and net book value of our common stock will be increased because there will be fewer shares of our common stock outstanding. Net loss per share amounts in prior periods will be restated to reflect the reverse stock split. The Company does not anticipate that any other accounting consequences would arise as result of the reverse stock split.

Documents Incorporated By Reference

The financial statements in our Annual Report on Form 10-K for the year ended December 31, 2010 are incorporated herein by reference for purposes of stockholder consideration of this Proposal 2.

Potential Anti-Takeover Effect; Possible Dilution

The increase in the number of unissued authorized shares available to be issued could, under certain circumstances, have an anti-takeover effect. For example, shares could be issued that would dilute the stock ownership of a person seeking to effect a change in the composition of our Board of Directors or contemplating a tender offer or other transaction for the combination of the Company with another company. The reverse stock split proposal is not being proposed in response to any effort of which we are aware to accumulate shares of our common stock or obtain control of us, nor is it part of a plan by management to recommend a series of similar amendments to our Board of Directors and stockholders.

The holders of our common stock do not have preemptive rights to subscribe for additional securities that may be issued by the Company, which means that current stockholders do not have a prior right to purchase any additional shares from time to time issued by the Company. Accordingly, if our Board of Directors elects to issue additional shares of common stock, such issuance could have a dilutive effect on the earnings per share, voting power and equity ownership of current stockholders.

No Appraisal Rights

Under Delaware law, our stockholders are not entitled to appraisal rights with respect to the reverse stock split, and we will not independently provide stockholders with any such right.

Board Discretion to Implement the Reverse Stock Split

If the proposed reverse stock split is approved at the 2011 Annual Meeting, our Board of Directors may, in its sole discretion, at any time prior to the 2012 Annual Meeting of Stockholders, determine the ratio for the split based on the parameters in this proposal, and authorize the filing of the Reverse Stock Split Amendment with the Secretary of State of the State of Delaware. Notwithstanding the approval of the form of the Reverse Stock Split Amendment at the 2011 Annual Meeting, our Board of Directors may, in its sole discretion, determine not to implement the reverse stock split.

Vote Required

To approve Proposal 2, stockholders holding a majority of the outstanding shares of Agenesis common stock must vote FOR Proposal 2. Abstentions and broker non-votes will have the same effect as a vote AGAINST Proposal 2.

The Board of Directors recommends a vote FOR Proposal 2.

PROPOSAL 3 TO AMEND OUR DIRECTORS' DEFERRED COMPENSATION PLAN (AS AMENDED) TO INCREASE THE NUMBER OF SHARES AUTHORIZED FOR ISSUANCE UNDER SUCH PLAN

The Board has adopted, subject to stockholder approval, an amendment to our DDCP, to increase the number of shares of our common stock available for issuance under the DDCP from 450,000 shares to 750,000 shares. The current amount of shares available for issuance under the DDCP is insufficient to enable the Company to continue operation of the DDCP. We believe the DDCP is beneficial to the Company and stockholders in enabling us to preserve our cash flow.

The following summary of the DDCP is qualified in its entirety by reference to the full text of the DDCP and the proposed amendment to the DDCP. The DDCP, as amended, is filed as Exhibit 10.1 to our Current Report on Form 8-K (File No. 0-29089 filed on June 11, 2007). The Third Amendment to the DDCP is filed as Appendix E to our Definitive Proxy Statement on Schedule 14A filed on April 27, 2009. The Fourth Amendment to the DDCP is filed as Exhibit 10.1 to our Current Report on Form 8-K (File No. 0-29089 filed on December 14, 2010). The proposed amendment to our DDCP is included as Appendix B to this proxy statement.

The DDCP allows each member of the Board who is not also an officer or employee of the Company to defer receipt of all or a portion of the cash compensation payable to him or her for service on our Board. Compensation may be deferred until termination of service as a director or, subject to certain restrictions, such other date as may be specified by the director. All of our current directors, except Dr. Garo H. Armen, Ph.D., are eligible to participate in the DDCP. The DDCP is currently administered by the Company's Chief Financial Officer, who has sole responsibility for interpreting the plan.

A director may elect to participate in the DDCP no later than September 30 of the year before the calendar year in which the deferral of compensation will begin and will designate to defer 25, 50, 75 or 100 percent of his or her total cash compensation. A deferral account is established for each participating director, which consists of a subaccount for amounts earning interest, denominated on a dollar basis (the "cash account"), and a subaccount for amounts invested in hypothetical shares of our common stock, which is denominated on a share basis (the "stock account"). Pursuant to the deferral agreement, each participant indicates the percentage of future deferrals to be invested in the cash account and the stock account, which investments occur on a quarterly basis. Amounts deferred to the cash account bear interest at the rate paid on one-year Treasury bills. Amounts deferred to the stock account are converted on a quarterly basis into a number of units representing shares of our common stock equal to the amount of compensation which the participant has elected to defer to the stock account divided by the applicable stock price for our common stock (the average closing price of our common stock for all trading days during the applicable calendar quarter as reported by The NASDAQ Capital Market or as reported by another system or organization selected by the administrator of the DDCP). A participant with amounts held in the stock account will be eligible for cash and stock dividends in the form of stock units on the date we pay any such dividends on shares of our common stock. Upon a stock dividend, recapitalization, merger, consolidation, or other change affecting common stock, an appropriate adjustment shall be made to each participant's stock account. The stock account is maintained for bookkeeping purposes only. Prior to receiving a distribution of the stock account, units representing shares distributed to a participant's stock account are not considered actual shares of our common stock for any purpose, and a participant will have no right as a stockholder with respect to such units.

Distributions from the deferral account will be paid in a lump sum or in annual installments for a period of up to five years and commence in the calendar year following a participant's termination of service as a director or, subject to certain restrictions, such other calendar year as may be specified by the participant. Distributions consist of (a) cash in the amount credited to the participant's account (prorated, if paid in installments) and (b) the number of shares of our common stock equal to the number of units credited to his or her stock account (prorated, if paid in installments). Prior to distribution, units representing shares credited to a participant's stock account are only considered outstanding in calculating our earnings per share and a participant has no rights as a stockholder with respect to such shares.

Table of Contents

The DDCP is unfunded, and the Company has no obligation to set aside, segregate, or deposit any funds or assets of any kind to meet its obligations under the plan. The rights of any participant, beneficiary, or other person under the DDCP will be solely those of a general unsecured creditor of our Company. If a participant would receive a payment from his or her stock account in excess of the number of shares remaining under the DDCP, the participant shall receive cash. The Company may, without the consent of any participant, beneficiary, or other person amend the DDCP at any time, but no amendment may reduce the amount previously credited to a participant's deferral account. The Company may terminate the DDCP at any time, and the Company may, in its discretion, distribute amounts according to the participant's deferral election or in a lump sum as soon as practicable after the plan's termination date.

Vote Required

To approve Proposal 3, stockholders holding a majority of Agenesis common stock present or represented by proxy at the 2011 Annual Meeting and voting on the matter must vote FOR Proposal 3. Abstentions and broker non-votes will not be counted as votes cast or shares voting on Proposal 3 and will have no effect on the vote.

PROPOSAL 4 TO RATIFY THE APPOINTMENT OF KPMG LLP AS OUR INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM FOR THE FISCAL YEAR ENDING DECEMBER 31, 2011

Our Audit and Finance Committee has selected KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011. Although stockholder approval of the selection of KPMG LLP is not required by law, our Board of Directors believes that it is advisable to give stockholders an opportunity to ratify this selection.

If stockholders do not approve this proposal at the 2011 Annual Meeting, our Audit and Finance Committee will reconsider their selection of KPMG LLP. If stockholders do ratify this appointment, the Audit and Finance Committee, which has direct authority to engage our independent registered public accounting firm, may appoint a different independent registered public accounting firm at any time during the year if the Audit and Finance Committee determines that the change would be in the best interests of Agenus and our stockholders.

The Audit and Finance Committee has approved all services provided to Agenus by KPMG LLP during 2010. Representatives of KPMG LLP are expected to be present at the 2011 Annual Meeting. They will have the opportunity to make a statement if they desire to do so and will also be available to respond to appropriate questions from stockholders.

Audit Fees

Fees incurred by us for professional services rendered by KPMG LLP for the audit of the annual consolidated financial statements and of the effective operation of internal control over financial reporting, included in our Annual Report on Form 10-K, for the reviews of the consolidated financial statements included in our Forms 10-Q and for comfort letters, consents and review of registration statements were \$342,100 for 2010 and \$445,300 for 2009.

Audit-Related Fees

Fees paid to KPMG LLP for the audit of our 401(k) Retirement Plan were \$25,800 in 2010 and \$25,800 in 2009.

Tax Fees

Fees paid to KPMG LLP associated with tax compliance and tax consultation services for Antigenics Therapeutics Ltd. were 1,000 Euros in 2010 and \$0 in 2009.

All Other Fees

We paid no other fees to KPMG LLP for 2010 or 2009.

Pre-Approval of Audit and Non-Audit Services

All of the KPMG LLP fees for 2009 and 2010 shown above were pre-approved by the Audit and Finance Committee. The Audit and Finance Committee pre-approves all audit and other permitted non-audit services provided by our independent registered public accounting firm. Pre-approval is generally provided for up to one year, is detailed as to the particular category of services and is subject to a monetary limit. Our independent registered public accounting firm and senior management periodically report to the Audit and Finance Committee the extent of services provided by the independent registered public accounting firm in accordance with the pre-approval, and the fees for the services performed to date. The Audit and Finance Committee may also pre-approve particular services on a case-by-case basis.

Vote Required

To approve Proposal 4, a majority of the votes cast by stockholders present in person or by proxy and voting on the matter must vote FOR Proposal 4. If your shares are held by your broker in street name, and you do not vote your shares, your brokerage firm has authority to vote your unvoted shares on Proposal 4. If the broker does not vote your unvoted shares, there will be no effect on the vote because these broker non-votes are not considered to be voting on the matter. Abstentions and broker non-votes will not be counted as votes cast or shares voting on Proposal 4, and will have no effect on the vote.

PROPOSAL 5 TO HOLD AN ADVISORY VOTE ON THE COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS

The Company is providing stockholders with the opportunity at the 2011 Annual Meeting to vote on the following advisory resolution, commonly known as Say-on-Pay :

RESOLVED, that the stockholders of the Company approve, in a non-binding, advisory vote, the compensation of the Company's named executive officers as disclosed in the Company's proxy statement under the headings Compensation Discussion and Analysis and Executive Compensation Tables .

As described above in the Compensation Discussion and Analysis section of this proxy statement, the Compensation Committee has structured our executive compensation program to provide an overall compensation package that enables us to attract and retain talented employees, provide incentives for performance and create long-term value for our stockholders. The Company's executive compensation programs have a number of features designed to promote these objectives.

The Board urges stockholders to read the Compensation Discussion and Analysis beginning on page 17 of this proxy statement, which describes in more detail how the Company's executive compensation policies and procedures operate and are designed to achieve our compensation objectives, as well as the Summary Compensation Table and other related compensation tables and narrative, appearing on pages 30 through 40 of this proxy statement, which provide detailed information on the compensation of our named executive officers. The Compensation Committee and the Board believe that the policies and procedures articulated in the Compensation Discussion and Analysis are effective in achieving our goals and that the compensation of our named executive officers reported in this proxy statement reflects and supports these compensation policies and procedures.

While the vote is advisory, the Board and the Compensation Committee will consider the outcome of the vote when considering future executive compensation arrangements.

Vote Required

To approve Proposal 5, stockholders holding a majority of Agenesis common stock present or represented by proxy at the 2011 Annual Meeting and voting on the matter must vote FOR Proposal 5. Abstentions and broker non-votes will not be counted as votes cast or shares voting on Proposal 5 and will have no effect on the vote.

**PROPOSAL 6 TO HOLD AN ADVISORY VOTE ON THE FREQUENCY OF FUTURE ADVISORY VOTES ON THE
COMPENSATION OF THE COMPANY'S NAMED EXECUTIVE OFFICERS**

The Company is providing stockholders with the opportunity at the 2011 Annual Meeting to vote on the following advisory resolution, commonly known as Say-on-Frequency :

RESOLVED, that the stockholders of the Company approve, in a non-binding, advisory vote, that the frequency with which the stockholders of the Company shall have an advisory vote on the compensation of the Company's named executive officers set forth in the Company's proxy statement is:

Choice 1 Every year;

Choice 2 Every two years;

Choice 3 Every three years; or

Choice 4 Abstain.

The Board believes that voting every three years on say-on-pay would be the choice best suited for the Company. The reasons for the Board's recommendation include the following:

A triennial vote will give the Company's stockholders the opportunity to more fully assess the success or failure of the Company's long-term compensation strategies and the related business outcomes with the hindsight of three years of corporate performance;

A three-year vote cycle allows sufficient time for our Board to review and respond to stockholders' views on executive compensation and to implement changes, if necessary, to our executive compensation program;

As a practical matter, any changes to our executive compensation program that were responsive to stockholder concerns would not be fully disclosed and reflected in the Compensation Discussion and Analysis and Executive Compensation sections of the Proxy Statement until the second year following an unfavorable Say-on-Pay vote;

A triennial vote is consistent with the three year vesting schedule of the Company's equity awards; and

A triennial vote, while less frequent than Choices 1 or 2, would still provide a regular, consistent means for the Company's stockholders to provide feedback to the Board regarding the Company's executive compensation programs.

While the vote is advisory, the Board and the Compensation Committee will consider the outcome of the vote when considering how frequently to hold say-on-pay advisory votes in the future.

Vote Required

For Proposal 6, the option of one year, two years, or three years that receives the highest number of votes cast by stockholders will be considered by the Board of Directors when determining the frequency of future advisory votes on executive compensation. Abstentions and broker non-votes will not be counted as votes cast or shares voting on Proposal 6 and will have no effect on the vote.

The Board of Directors recommends a vote FOR holding an advisory vote on executive compensation every THREE years.

REPORT OF THE AUDIT AND FINANCE COMMITTEE

The Audit and Finance Committee of the Board consists entirely of independent directors who are not officers or employees of Agenus. The Board has adopted a written charter for the Audit and Finance Committee, the current version of which is available on our website at <http://www.agenusbio.com/investors/corporate>. No material on our website is part of this proxy statement.

In the course of its oversight of the Company's reporting process, the Audit and Finance Committee of the Board has (1) reviewed and discussed with management the Company's audited consolidated financial statements and management's assessment of the effectiveness of internal control over financial reporting for the fiscal year ended December 31, 2010, (2) discussed with KPMG LLP, our independent registered public accounting firm, the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees, and (3) received the written disclosures from the auditors required by the Public Company Accounting Oversight Board independence and ethics rule, Rule 3526, Communication with Audit Committees Concerning Independence, discussed with the auditors their independence, and considered whether the provision of permissible non-audit services by the auditors is compatible with maintaining their independence.

Based on the foregoing review and discussions, the Audit and Finance Committee recommended to the Board that the audited consolidated financial statements be included in the Company's Annual Report on Form 10-K for the year ended December 31, 2010 for filing with the SEC.

ADDITIONAL INFORMATION

Stockholder Proposals for 2012 Annual Meeting of Stockholders

Proposals to be included in the proxy statement. Under SEC rules, if a stockholder wants us to include a proposal in our proxy statement and form of proxy for presentation at our 2012 Annual Meeting of Stockholders, the proposal must be received by us, attention: Corporate Secretary, at our principal offices by December 31, 2011.

Other proposals (not to be included in the proxy statement). Under our by-laws, a stockholder must follow certain procedures to nominate persons for election as directors or to introduce an item of business at an annual meeting of stockholders. Among other requirements, these procedures require any nomination or proposed item of business to be submitted in writing to our Chairman of the Board or Corporate Secretary at our principal executive offices. Assuming our 2012 Annual Meeting of Stockholders is not more than 30 days before or 30 days after June 15, 2012, if you wish to bring business before the 2011 Annual Meeting of Stockholders, you must give us written notice by April 2, 2012.

However, if at least 60 days' notice or prior public disclosure of the date of the 2012 Annual Meeting of Stockholders is given or made and the date of the 2012 Annual Meeting of Stockholders is not within 30 days before or after June 15, 2012, notice by the stockholder must be received 45 days prior to the date of the 2012 Annual Meeting of Stockholders. If less than 60 days' notice or prior public disclosure of the date of the 2012 Annual Meeting of Stockholders is given or made and the date of the 2012 Annual Meeting of Stockholders is not within 30 days before or after June 15, 2012, notice by the stockholder must be received no later than 15 days after the date Agenesis sends notice of the 2012 Annual Meeting of Stockholders. If a stockholder fails to provide timely notice of a proposal to be presented at the 2012 Annual Meeting of Stockholders, the proxies designated by the Board will have discretionary authority to vote on the proposal.

Householding of Meeting Materials

Some banks, brokers, and other nominee record holders may be participating in the practice of "householding" proxy statements and annual reports. This means that only one copy of our proxy statement or annual report may have been sent to multiple stockholders in your household. We will promptly provide a separate copy of either document to you if you contact Investor Relations at Agenesis Inc., 3 Forbes Road, Lexington, MA 02421, or telephone or e-mail Investor Relations at 800-962-2436 or IR@agenusbio.com. If you want to receive separate copies of the annual report and proxy statement in the future or if you are receiving multiple copies and would like to receive only one copy for your household, you should contact your bank, broker or other nominee record holders, or you may contact us.

Documents Incorporated by Reference

The financial statements from our Annual Report on Form 10-K for the year ended December 31, 2010 are herein incorporated by reference for the limited purpose of furnishing such financial statements in connection with the consideration by the stockholders of Proposal 2.

APPENDIX A

REVERSE STOCK SPLIT AMENDMENT

CERTIFICATE OF SECOND AMENDMENT

TO THE

AMENDED AND RESTATED CERTIFICATE OF INCORPORATION

AGENUS INC., a corporation organized and existing under the laws of the State of Delaware, hereby certifies as follows:

1. The name of the corporation is Agenesis Inc. (the "Corporation"). The Corporation's original Certificate of Incorporation was filed with the Secretary of State of the State of Delaware on November 10, 1999 (the "Certificate of Incorporation"). The Certificate of Incorporation was amended and restated on June 7, 2002 (the "Restated Certificate"), which was further amended on June 15, 2007 by a Certificate of Amendment (the "First Amendment,") and on January 6, 2011 by a Certificate of Ownership and Merger (the "Name Change Amendment," and the Restated Certificate, as amended by the First Amendment and the Name Change Amendment, the "Amended Certificate"). This Certificate of Second Amendment (the "Second Amendment") amends certain provisions of the Amended Certificate, and has been duly adopted in accordance with the provisions of Section 242 of the General Corporation Law of the State of Delaware.
2. The Board of Directors of the Corporation has duly adopted a resolution, pursuant to Section 242 of the General Corporation Law of the State of Delaware, setting forth the following amendments to the Amended Certificate, and declaring the Second Amendment to be advisable.
3. This Second Amendment was duly adopted by the vote of the stockholders holding the requisite number of shares of outstanding stock of the Corporation entitled to vote thereon in accordance with the provisions of Sections 216 and 242 of the General Corporation Law of the State of Delaware.
4. The Amended Certificate is hereby amended by adding the following provision to the end of Article Fourth:

REVERSE STOCK SPLIT

As of 12:01 A.M. (Eastern Time) on [DATE] (the "Effective Time"), each issued and outstanding share of the Corporation's Common Stock (including each share of treasury stock, collectively, the "Pre-Split Stock") shall automatically and without any action on the part of the holder thereof be reclassified as and reduced to [_____] ¹ of a share of Common Stock (such reduction of shares designated as the "Reverse Stock Split"). The par value of the Corporation's Common Stock following the Reverse Stock Split shall remain \$0.01 per share. Each holder of a certificate or certificates of Pre-Split Stock shall be entitled to receive, upon surrender of such certificates to the Corporation's transfer agent for cancellation, a new certificate or certificates for a number of shares equal to such holder's Pre-Split Stock divided by [_____] ¹, with any fraction resulting from such division rounded down to the nearest whole number (in each case, such fraction, if any, being a "Fractional Share"). No Fractional Shares will be issued for Pre-Split Stock in connection with the Reverse Stock Split. Each holder of Pre-Split Stock at the Effective Time who would otherwise be entitled to a Fractional Share shall, in lieu thereof, receive a cash payment equal to x) the Fractional Share multiplied by y) the product of (i) the average of the high and low trading prices of the Common Stock as reported on The NASDAQ Capital Market or other principal market of the Common Stock, as applicable, during each of the ten (10) trading days immediately preceding the date of the Effective Time and (ii) [_____] ¹

5. This Second Amendment shall be effective as of 12:01 A.M. (Eastern Time) on [DATE] in accordance with the provisions of section 103(d) of the General Corporation Law of the State of Delaware.

¹ The ratio for the reverse stock split will be selected by our Board within the range approved by our stockholders.
