Financial Instruments and Exchange Act. Therefore, the audit process has not been completed as of this disclosure in the

Consolidated Summary Report.

*Notes for using forecasted information etc.

1. This financial summary report contains forward-looking statements regarding estimations, forecasts, targets and plans in relation to the results of operations, financial conditions and other overall management of the company and/or the group as a whole (the forward-looking statements). The forward-looking statements are made based upon, among other things, the company's current estimations, perceptions and evaluations. In addition, in order for the company to adopt such estimations, forecasts, targets and plans regarding future events, certain assumptions have been made. Accordingly, due to various risks and uncertainties, the statements and assumptions are inherently not guarantees of future performance, may be considered differently from alternative perspectives and may result in material differences from the actual result. For the main factors that may effect the current forecasts, please see Consolidated Summary Report, Annual Securities Report, Disclosure Book, Annual Report, and other current disclosures that the company has announced.
2. The financial information included in this financial summary report is prepared and presented in accordance with accounting principles generally accepted in Japan (Japanese GAAP). Differences exist between Japanese GAAP and the accounting principles generally accepted in the United States (U.S. GAAP) in certain material respects. Such differences have resulted in the past, and are expected to continue to result for this period and future periods, in amounts for certain financial statement line items under U.S. GAAP to differ significantly from the amounts under Japanese GAAP. For example, differences in consolidation basis or accounting for business combinations, including but not limited to amortization and impairment of goodwill, could result in significant differences in our reported financial results between Japanese GAAP and U.S. GAAP. Readers should consult their own professional advisors for an understanding of the differences between Japanese GAAP and U.S. GAAP and how those differences might affect our reported financial results. We will publish U.S. GAAP financial results in a separate disclosure document when such information becomes available.

1. Results of Operations and Financial Condition

(1) Analysis of results of operations

(Results of operations for the fiscal year ended March 31, 2011)

The current financial and economic environment features robust growth among emerging and resource-producing countries, especially the BRICS (Brazil, Russia, India, China, and South Africa). Advanced countries in Europe and the United States, on the other hand, were facing deepening structural issues – ballooning fiscal deficits and stubbornly-high unemployment rates – although the US in particular appeared to be recovering more in the second half of fiscal 2010 on rising exports and with further financial and fiscal measures. Japan had slowed since fiscal 2010, with the economy in a holding pattern since autumn following the end of the Eco-car Subsidy program. Japan's economy had been showing signs of returning to a recovery path early this year as improving overseas economies had boosted Japan's exports and production. But the Great Eastern Japan Earthquake that struck on March 11 has caused greater uncertainty about the country's economy.

In the financial environment, while emerging and resource-producing countries with strong economies had embarked on a series of policy rate hikes, Europe and the US continued to maintain their low interest rate policies. The Bank of Japan had ventured further into the realm of unconventional monetary policy. The central bank expanded its fixed-rate funds-supplying operations introduced in fiscal 2009, in May decided to supply funds to support strengthening the foundations for economic growth, and in October agreed to buy risk assets and change the uncollateralized overnight call rate target level from around 0.1% to 0 to 0.1%. These moves had helped short-term interest rates decline, but long-term yields had fluctuated up and down, albeit at low levels, since the second half of fiscal 2010. The Japanese Yen continued to be susceptible to upward pressure against the U.S. Dollar on risk-averting yen buying, and the Japanese Yen hit a historical high against the U.S. Dollar in the days following the March 11 earthquake.

Under such business environment, consolidated gross profits for the fiscal year ended March 31, 2011 decreased by 77.8 billion yen from the previous fiscal year to 3,522.5 billion yen. This was mainly due to a decrease in net interest income such as income from deposit-lending spread caused by a decline in interest rate and loan balance and income from consumer-finance segment due to revisions of Money Lending Business Act, partially offset by an increase in income from market related product, including net gains on sales of debt securities. General and administrative expenses decreased by 63.9 billion yen from the previous fiscal year due to the progress on an intensive ongoing corporate-wide cost reduction. As a result, net business profits were 1,501.6 billion yen, remained almost unchanged from the previous fiscal year.

Total credit costs for the fiscal year ended March 31, 2011 decreased by 406.0 billion yen from the previous fiscal year to 354.1 billion yen, mainly due to a decrease in provision for credit losses and losses on loan write-off reflecting a decrease in number of bankruptcies. However, net gains on equity securities decreased by 89.6 billion yen from the previous fiscal year, primarily due to lower stock prices that resulted in reduced gains on sales of equity securities. Other non-recurring gains and losses decreased by 196.6 billion yen from the previous fiscal year, mainly as a result of additional expenses recorded at consumer finance subsidiaries due to the return of interest payments.

As a result, ordinary profits for the fiscal year ended March 31, 2011 was 646.4 billion yen, an increase of 100.7 billion yen from the previous fiscal year and consolidated net income for the fiscal year ended March 31, 2011 was 583.0 billion yen, an increase of 194.3 billion yen from the previous fiscal year.

(in billions of Japanese yen)	For the fiscal year ended March 31, 2011	For the fiscal year ended March 31, 2010	Increase (Decrease)

*1 Included gains on loans written-off
(Earnings Forecasts for the fiscal year ending March 31, 2012)

MUFG has set an earnings target of 600.0 billion yen of consolidated net income for the fiscal year ending March 31, 2012.

MUFG is engaged in financial service businesses such as banking business, trust banking business, securities business and credit card/loan businesses.

Because there are various uncertainties caused by economic situation, market environments and other factors in these businesses, MUFG discloses a target of its consolidated net income instead of a forecast of its performance.

Please see 3. Management Policy (4) Management Targets on page 10, for further information of these targets.

(2) Analysis of financial condition

Total assets as of March 31, 2011 increased by 2,120.1 billion yen from March 31, 2010 to 206,227.0 billion yen, and total net assets as of March 31, 2011 decreased by 485.0 billion yen from March 31, 2010 to 10,814.4 billion yen. The decrease in total net assets reflected a decrease in total accumulated other comprehensive income of 503.0 billion yen, which was primarily due to a decrease of net unrealized gains on other securities due to lower stock prices.

With regard to major items of assets, securities as of March 31, 2011 increased by 7,059.1 billion yen from March 31, 2010 to 71,023.6 billion yen and loans and bills discounted as of March 31, 2011 decreased by 4,885.5 billion yen from March 31, 2010 to 79,995.0 billion yen. With regard to major items of liabilities, deposits as of March 31, 2011 increased by 252.3 billion yen from March 31, 2010 to 124,144.3 billion yen.

MUFG's consolidated risk-adjusted capital ratio based on the Basel 2 Standards as of March 31, 2011 was 14.89%, an improvement of 0.02 percentage points from March 31, 2010.

(3) Basic policy regarding profit distribution and dividends for fiscal years 2010 and 2011

MUFG considers the return of earnings to shareholders to be one of the most important management priorities and makes it a basic policy to make efforts to continuously increase dividends while sustaining corporate value growth and further strengthening its corporate financial standing.

With respect to the year-end dividend for common stock for fiscal year 2010, MUFG plans to pay ¥6 per share in accordance with the previously announced dividend forecast. As a result, the annual dividend for fiscal year 2010, including the interim dividend of ¥6 per share, is expected to be ¥12 per share, which is the same amount as the annual dividend of ¥12 paid for the previous fiscal year. With respect to the year-end dividend for preferred stock for fiscal year 2010, MUFG plans to pay; for the first series of class 5 preferred stock, the prescribed amount of ¥57.50 per share (which, together with the interim dividend, is expected to result in the annual dividend being ¥115 per share for the fiscal year); and for class 11 preferred stock, the prescribed amount of ¥2.65 per share (which, together with the interim dividend, is expected to result in the annual dividend being ¥5.30 per share for the fiscal year).

The annual dividend forecast for common stock for fiscal year 2011 is ¥12 per share, which is the same amount as the annual dividend paid for fiscal year 2010. The annual dividend forecasts for preferred stock for fiscal year 2011 are: for the first series of class 5 preferred stock, the prescribed amount of ¥115 per share; and for class 11 preferred stock, the prescribed amount of ¥5.30 per share.

2. Information on Mitsubishi UFJ Financial Group (MUFG Group)

MUFG Group comprises the holding company, 232 subsidiaries (of which 231 are consolidated, and one is an equity-method accounted non-consolidated subsidiary), as well as 66 affiliates (of which 65 are equity-method accounted affiliates, and one is a non-equity-method accounted affiliate). The Group is engaged primarily in the banking business and also conducts trust banking business, securities business, credit card / loan business, leasing business and other businesses. The Group conducts reporting of its main entities (on a consolidated basis) on a segmental basis and the relationships between MUFG and its major related companies are as shown in the chart below.

*1 Consumer finance subsidiaries.

*2 On April 1, 2011 Mitsubishi UFJ Financial Group, Inc. transferred the shares it held in Mitsubishi UFJ Asset Management Co., Ltd. to Mitsubishi UFJ Trust & Banking Corporation and the Bank of Tokyo-Mitsubishi UFJ, Ltd. As a result, from the same date, Mitsubishi UFJ Asset Management Co., Ltd. became a consolidated subsidiary of Mitsubishi UFJ Trust & Banking Corporation.

The Group has a combined group organization through which it seeks as a unified group to meet the financial needs of its customers by providing financial products and services that transcend traditional business boundaries. A system of integrated business groups has been introduced under which the group formulates a unified strategy and pursues its business based on coordination between group companies.

Note: From July 1, 2011 MUFG plans to establish a new integrated business group, MUFG Global. Along with this change the Global Planning Division and the Corporate Governance Division for the United States will be transferred to MUFG Global, the Global Risk Management Division will be newly established, and the three divisions will operate under MUFG Global's umbrella.

3. Management Policy

(1) Principal management policy

The Group's management philosophy serves as the basic policy in conducting its business activities, and provides guidelines for all group activities.

The Group's management philosophy will also be the foundation for management decisions, including the formulation of management strategies and management plans, and will serve as the core values for all employees.

The details of the Group's management philosophy are set forth below. MUFG Group's holding company, commercial banks, trust banks and securities companies have adopted the Group's management philosophy as their own respective management philosophy, and the entire Group will strive to comply with this philosophy.

Group's Management Philosophy

1. We will respond promptly and accurately to the diverse needs of our customers around the world and seek to inspire their trust and confidence.
2. We will offer innovative and high-quality financial services by actively pursuing the cultivation of new business areas and developing new technologies.
3. We will comply strictly with all laws and regulations and conduct our business in a fair and transparent manner to gain the public's trust and confidence.
4. We will seek to inspire the trust of our shareholders by enhancing corporate value through continuous business development and appropriate risk management, and by disclosing corporate information in a timely and appropriate manner.
5. We will contribute to progress toward a sustainable society by assisting with development in the areas in which we operate and conducting our business activities with consideration for the environment.
6. We will provide the opportunities and work environment necessary for all employees to enhance their expertise and make full use of their abilities.

(2) Medium- and long-term management strategy

MUFG Group is a fully-fledged comprehensive financial group comprising commercial banks, trust banks, and securities companies, as well as credit card companies, leasing companies, consumer finance companies, investment trust companies and a U.S. bank (Union Bank). MUFG Group aims to unify these Group companies to deliver top quality products and services that meet diverse customer needs. We aim to be No. 1 in service, No.1 in reliability, and No.1 in global coverage and so gain the strong support of customers and society as a premier, comprehensive, global financial group.

No.1 in Service

MUFG Group will leverage its strengths as a comprehensive financial group to provide to its customers with an outstanding level of high-quality service that is matched to their individual needs.

MUFG Group will fully utilize our four integrated business groups Retail, Corporate, Global and Trust Assets (asset management and asset administration) and meet diverse customer needs rapidly and accurately as a unified group that transcends business boundaries.

No.1 in Reliability

MUFG Group aims to be a truly reliable financial group and will strive to further enhance its financial health, implement thorough legal and other compliance and strengthen internal controls. Moreover, we will fulfill our responsibilities to society through enhancing customer satisfaction (CS), and pursuing CSR activities that contribute to society and to environmental conservation.

No.1 in Global Coverage

MUFG Group aims to use its Group strengths to the maximum, leveraging the leading global network amongst Japanese banks and talented staff well-versed in the business of each country to swiftly and precisely meet the requirements of customers globally.

(3) Key issues

The Tohoku Pacific Coast Earthquake caused tremendous damage. As one of Japan's leading financial groups, MUFG Group will firmly support the recovery of affected areas financially through the smooth flows of funds, etc.

As the fiscal year 2011 is the last fiscal year of the Medium-term Business Plan that we started in the fiscal year 2009, MUFG Group has positioned this fiscal year to be a fiscal year for actualizing sustainable growth. In order to realize further earnings growth to enhance shareholder returns, MUFG Group will focus on the actions set forth below, which we consider to be the material issues.

(Promotion of growth strategies)

MUFG Group will establish or has established integrated business groups for Retail, Corporate, Global and Trust Assets, respectively, in the holding company. In order to exercise the comprehensive group strengths, MUFG Group will promote its growth strategies beyond the business boundaries.

In the Retail business, MUFG Group will offer products that meet various needs of customers, such as products pertaining to asset management, inheritance, real estate and loans according to the customers' life stages.

In the Corporate business, MUFG Group will aggressively promote the CIB (Corporate & Investment Banking) strategy, by, for example, aiming to further exercise the synergies generated by the integration of the domestic securities companies with Morgan Stanley.

In the Global business, while further enhancing its network, particularly in Asia where high growth potential is expected, MUFG Group will aim to expand its businesses and to raise its presence through promotion of the CIB strategy, the alliance with Morgan Stanley and the M&A strategy.

In the Trust Assets business, MUFG Group will seek to augment the balance of entrusted assets through the enhancement of cooperation within MUFG Group as well as that of product development, and will also endeavor to improve its presence as a global management institution.

Through the collective group strengths, MUFG Group will improve profitability.

(Strengthening of operating foundations)

MUFG Group will also strengthen its operating foundations.

MUFG Group will endeavor to make cost structure more efficient by reducing staff members in headquarters, upon realizing business efficiency, and then putting such staff members in the business offices or in the strategic area.

Additionally, MUFG Group will continue to reduce the amount of its holding of equity securities and will make efforts to control the credit risks on a group basis.

MUFG Group will make efforts to smoothly provide funds by working on the appropriate control and management of equity capital, in light of the trends of international reformation of regulations on equity capital.

For the financial results of the fiscal year ended March 31, 2011, Mitsubishi UFJ Morgan Stanley Securities, one of the Group's core entities, posted substantial losses from trading transactions. MUFG Group takes this situation very seriously and will endeavor to strengthen business management and risk management systems of Mitsubishi UFJ Morgan Stanley Securities.

(Promotion of CSR management and strengthening the MUFG brand)

MUFG Group will seek to enhance customer satisfaction through the provision of the distinct services of MUFG while also conducting management with a clear emphasis on its CSR (corporate social responsibilities). For these purposes, each officer and employee of MUFG Group will subjectively think and act with a customer-oriented approach and field-oriented approach.

MUFG Group has adopted Addressing Global Environmental Issues and Nurturing Society's Next Generation as the two priority themes for its CSR activities. Especially with respect to environmental issues, MUFG Group formulated the MUFG Environmental Action Policy and has been carrying out specific initiatives. MUFG Group will continue to leverage its unique capabilities as a comprehensive financial group to provide support so that necessary funds are supplied to companies and individuals. We will also continue to offer products and services responding to clients' needs.

With respect to responses to the earthquake disaster, MUFG Group will also exert all of its efforts to help people in the affected areas.

Looking ahead, based on our slogan "No.1 in service, No.1 in reliability, No.1 in global coverage" we endeavor to maintain and strengthen the MUFG brand as one that is broadly supported and appreciated by people in society.

(4) Management Targets

Significant Accounting Policies Applied in the Preparation of the Consolidated Financial Statements

1. Scope of Consolidation

(1) Number of Consolidated Subsidiaries: 231

Principal companies:

The Bank of Tokyo-Mitsubishi UFJ, Ltd.

Mitsubishi UFJ Securities Holdings Co., Ltd.

Mitsubishi UFJ Trust and Banking Corporation

Mitsubishi UFJ NICOS Co., Ltd.

In the current fiscal year, MM Partnership and 6 other companies were newly consolidated following their formations or other reasons.

In the current fiscal year, UFJ Preferred Capital 1 Limited and 11 other companies were excluded from the scope of consolidation due to liquidation, mergers or other reasons.

(2) Non-consolidated Subsidiaries:

MU Japan Fund PLC

MU Japan Fund PLC was excluded from the scope of consolidation, due to its insignificance in light of its assets, ordinary income, net income (to the extent of MUFG's equity position) and retained earnings (to the extent of MUFG's equity position), and other factors. Its exclusion from the scope of consolidation would not impede reasonable judgment as to the financial condition or performance of the MUFG Group.

(3) Entities not accounted for as subsidiaries even though MUFG Group Owns the Majority of Votes:

(A) Hygeia Co., Ltd.

This company was established as a property management agent for a land trust project as a passive investment without any intent to control.

(B) THCAP investment Limited Partnership

Shonan Sangakurenkei Fund Investment Limited Partnership

Gunma Challenge Fund Investment Limited Partnership

FOODSNET Corporation

Edgar Filing: MITSUBISHI UFJ FINANCIAL GROUP INC - Form 6-K

YAMAGATA FOODS Co., Ltd.

GREEN BELL Co., Ltd.

PATLITE Corporation

Dream Infinity Inc.

Nippon Computer Systems Corporation

MUFG's consolidated venture capital subsidiaries participated in the management of partnerships as unlimited liability partners or own the majority of votes as passive investments primarily to benefit from the appreciation of their investments resulting from growth or restructuring of the investee's businesses without any intent to control.

(4) Special Purpose Companies (SPCs):

One SPC was utilized by a consolidated domestic trust bank subsidiary to securitize its financial assets. Information about this SPC, such as an outline of the SPC and the amounts and other details of transactions with the SPC, however, is omitted due to its insignificance.

2. Application of Equity Method

(1) Number of Non-consolidated Subsidiaries Accounted for under the Equity Method: 1
MU Japan Fund PLC

(2) Number of Affiliates Accounted for under the Equity Method: 65
Principal companies:

Mitsubishi UFJ Lease & Finance Company Limited

In the current fiscal year, Morgan Stanley MUFG Securities Co., Ltd. and 4 other companies became companies accounted for under the equity method because MUFG acquired voting rights or for other reasons.

In the current fiscal year, The Senshu Bank, Ltd. and 1 other company were no longer accounted for under the equity method due to mergers or liquidation.

(3) Number of Non-consolidated Subsidiaries not Accounted for under the Equity Method: None

(4) Affiliates not Accounted for under the Equity Method
SCB Leasing Public Company Limited

This affiliate was not accounted for under the equity method due to its insignificance in light of its net income, retained earnings or deferred gains and losses on hedging instruments (to the extent of MUFG's equity position) and other factors. Its exclusion from the scope of application of the equity method would not impede reasonable judgment as to the financial condition or performance of the MUFG Group.

(5) Entities not Recognized as Affiliates in which MUFG Owns 20% to 50% of the Voting Rights:

(A) Kyoto Constella Technologies Co., Ltd.
two-five Co., Ltd.

Pasto Co., Ltd.

Japan Medical Information Research Institute, Inc.

Pharma Frontier Co., Ltd.

NSCore, Inc.

SuperIndex Inc.

SyncPower Corporation

Spring co., Ltd.

Beaunet Corporation Limited

REVO trading co., Ltd.

Centillion II Venture Capital Corporation

FirstLogic, Inc.

MUFG's consolidated venture capital subsidiaries owned 20% to 50% of votes as passive investments primarily to benefit from the appreciation of their investments resulting from growth or restructuring of the investees' businesses without any intent to control.

(B) RYOGOKU CITY CORE Co., Ltd.

It was established as a property management agent for a land trust project as a passive investment without any intent to control.

3. The Balance Sheet Dates of Consolidated Subsidiaries

(1) The balance sheet dates of consolidated subsidiaries were as follows:

June 30:	1 subsidiary
August 31:	1 subsidiary
September 1:	1 subsidiary
October 31:	1 subsidiary
December 31:	130 subsidiaries
January 24:	24 subsidiaries
January 31:	1 subsidiary
February 28:	3 subsidiaries
March 31:	69 subsidiaries

(2) A subsidiary whose balance sheet date is June 30 was consolidated based on its preliminary financial statements as of December 31. A subsidiary whose balance sheet date is August 31 was consolidated based on its preliminary financial statements as of March 31.

A subsidiary whose balance sheet date is September 1 was consolidated based on its preliminary financial statements as of March 31.

A subsidiary whose balance sheet date is October 31 was consolidated based on its preliminary financial statements as of January 31.

Subsidiaries other than specified above were consolidated based on the financial statements as of their balance sheet dates.

Adjustments were made in the consolidated financial statements to reflect the significant transactions occurred between the balance sheet dates of the subsidiaries and the consolidated balance sheet date.

(3) BTMU Financial Services, Inc., one of the consolidated subsidiaries, changed its balance sheet date from December 31 to March 31, from the current consolidated fiscal year. As a result, the period of its current consolidated fiscal year was 15 months from January 1, 2010 to March 31, 2011.

4. Accounting Policies

(1) Trading assets and trading liabilities; trading income and expenses

Transactions involving short-term fluctuations or arbitrage opportunities in interest rates, currency exchange rates, market prices of financial instruments or other market indices (Trading transactions) are presented in Trading assets and Trading liabilities in the consolidated balance sheet on a trade date basis, and gains and losses from trading transactions are presented in Trading income and Trading expenses in the consolidated statement of income on a trade date basis.

Trading assets and trading liabilities are stated at their fair values on the consolidated balance sheet date.

(2) Securities

(A) Debt securities being held to maturity are stated at amortized costs (using the straight-line method) computed under the moving average method. Investments in non-consolidated affiliates not accounted for under the equity method are stated at acquisition costs computed under the moving average method. Other securities with fair value are stated at their quoted market prices on the consolidated balance sheet date (cost of securities sold is calculated primarily under the moving average method), and other securities whose fair value is extremely difficult to estimate are stated at acquisition costs computed under the moving average method. Net unrealized gains (losses) on other securities are included directly in net assets, net of applicable income taxes, except in the case of securities with embedded derivatives, which are measured at fair value in their entirety with the change in fair value recognized in current earnings.

(B) Securities which are held as trust assets in money held in trust are accounted for under the same basis as noted above in Notes (1) and (2)(A). Unrealized gains and losses on securities in money held in trust, which are not held for trading purposes or held to maturity, are included directly in net assets, net of applicable income taxes.

(3) Derivatives

Derivatives transactions (other than trading transactions) are calculated primarily based on fair value.

(4) Depreciation

(A) Tangible Fixed Assets (except for Lease Assets)

Depreciation for tangible fixed assets of MUFG and its domestic consolidated banking subsidiaries and trust banking subsidiaries is computed under the declining-balance method.

The useful lives are primarily estimated as follows:

Buildings: 15 years to 50 years

Equipment: 2 years to 20 years

Depreciation for tangible fixed assets of other consolidated subsidiaries is computed primarily under the straight-line method based on their estimated useful lives.

(B) Intangible Fixed Assets (except for Lease Assets)

Amortization for intangible fixed assets is computed under the straight-line method. Development costs for internally used software are capitalized and amortized under the straight-line method over the estimated useful lives of primarily 3 to 10 years.

(C) Lease Assets

Depreciation or amortization for lease assets in Tangible fixed assets or Intangible fixed assets of the finance leases other than those that are deemed to transfer the ownership of leased property to the lessees is computed under the straight-line method over the lease term with zero residual value unless residual value is guaranteed by the corresponding lease contracts.

(5) Deferred Assets

Stock issuance costs and bond issuance costs are expensed as incurred.

Discount on bonds recognized prior to March 31, 2006 is amortized using the straight-line method over the life of corresponding bonds and the unamortized portion is deducted directly from bonds in accordance with ASBJ PITF No. 19 Tentative Solution on Accounting for Deferred Assets (August 11, 2006).

(6) Allowance for Credit Losses

Principal domestic consolidated subsidiaries provide allowance for credit losses in accordance with the internal standards for self-assessment of asset quality and the internal standards for write-offs and provisions.

For claims on borrowers that have entered into bankruptcy, special liquidation proceedings or similar legal proceedings or whose notes are dishonored and suspended from processing through clearing houses (bankrupt borrowers) or borrowers that are not legally or formally bankrupt but are regarded as substantially in a similar condition (substantially bankrupt borrowers), allowances are provided based on the amount of claims, after write-offs as stated below, net of expected amounts to be collected through the disposal of collateral and the execution of guarantees.

For claims on borrowers that are not yet legally or formally bankrupt but deemed to have a high possibility of becoming bankrupt (potentially bankrupt borrowers) excluding a portion of which principal and interest payment can be reasonably estimated from borrower's cash flows, allowances are provided based on an overall solvency assessment of the claims, net of expected amounts to be collected through the disposal of collateral and the execution of guarantees.

For claims on potentially bankrupt borrowers and claims on borrowers requiring close monitoring, of which principal and interest payment can be reasonably estimated from borrower's cash flows, allowances are provided in an amount equal to the difference between the book value of the claims and the relevant cash flows discounted by the initial contractual interest rates.

For other claims, allowances are provided based on historical credit loss experience.

For claims originated in specific foreign countries, additional allowances are provided based on an assessment of political and economic conditions of these countries.

All claims are assessed by branches and the credit supervision departments in accordance with the internal standards for self-assessment of asset quality. The credit review department, which is independent from those operating sections, subsequently audits these assessments. The allowances presented above reflect these internally audited assessments.

For claims on bankrupt borrowers and substantially bankrupt borrowers, the amount of claims exceeding the estimated value of collateral or guarantees, that is deemed uncollectible, were written-off. The total amount of write-offs was ¥912,112 million.

Consolidated subsidiaries, not adopting procedures stated above, provide allowances based on their historical credit loss experience for general claims and based on individual assessments of the possibility of collection for specific deteriorated claims.

(7) Reserve for Bonuses

Reserve for bonuses, which is prepared for future bonus payments to employees, reflects an estimated amount accrued on the consolidated balance sheet date.

(8) Reserve for Bonuses to Directors

Reserve for bonuses to directors, which is prepared for future bonus payments to directors, reflects an estimated accrued on the consolidated balance sheet date.

(9) Reserve for Retirement Benefits

Reserve for retirement benefits, which is provided for future pension payments to employees, is recorded in the amount deemed accrued at the consolidated balance sheet date based on the projected benefit obligation and the estimated plan asset amount at the end of each fiscal year.

Unrecognized prior service cost is amortized under the straight-line method for a period, primarily over 10 years, within the employees' average remaining service period, commencing on the fiscal year in which the cost is incurred.

Unrecognized net actuarial gains (losses) are amortized under the straight-line method for a period, primarily over 10 years, within the employees' average remaining service period, commencing on the fiscal year immediately following the fiscal year in which the gains (losses) are incurred.

(10) Reserve for Retirement Benefits to Directors

Reserve for retirement benefits to directors, which is provided for future payments of retirement benefits to directors of subsidiaries, is recorded in the amount deemed accrued at the consolidated balance sheet date based on the estimated amount of benefits.

(11) Reserve for Loyalty Award Credits

Reserve for loyalty award credits, which is provided to meet future use of credits granted to credit card (such as Super IC card) customers, is recorded in the amount deemed necessary based on the estimated future use of unused credits.

(12) Reserve for Contingent Losses

Reserve for contingent losses, which is provided for possible losses from contingent events related to off-balance sheet and other transactions, is calculated by estimating the impact of such contingent events and includes future claims for repayment of excess interest payments on consumer loans which are estimated based on the past and pending claims.

(Changes in Accounting Policies)

Some of the consolidated subsidiaries recorded part of their receivables allocated to offset future claims of repayment of interest, as part of allowance for credit losses, simply because of the technical difficulty in drawing distinction between such part of receivables and write-offs of loans. From the fiscal year under review, however, such part of receivables including allowances of similar nature at other consolidated subsidiaries started to be recorded appropriately as reserve for contingent losses, thanks to enough accumulation and development of actual repayment data to enable such distinction by the year end.

Such change from the hitherto applied recording practice had impact on neither Ordinary profits nor Income before income taxes and others. Naturally, however, at the end of the current fiscal year, Allowance for credit losses decreased by ¥107,893 million while Reserve for contingent losses increased by the same amount.

As the end of the interim period under review, some of the consolidated subsidiaries recorded part of their receivables allocated to cancel out the interest repayment as part of allowance for credit losses, because they had not yet accumulated and developed actual repayment for the purpose of distinguishing such part of receivables from write-offs of loans. Such part of receivables recorded as part of allowance for credit losses amounted to ¥117,392 million as at the end of the interim period, which, however, had impact on neither Ordinary profits nor Income before income taxes and minority interests.

(Additional Information)

The method for estimation including reasonable estimation period for the calculation of reserve for contingent losses was revised to more sophisticated method due to the sufficient accumulation and development of actual repayment data at some of the consolidated subsidiaries after the full enforcement in June 2010 of the revised Money Lending Business Act.

Edgar Filing: MITSUBISHI UFJ FINANCIAL GROUP INC - Form 6-K

As a result of this change in method for estimation, Ordinary profits and Income before income taxes and others decreased by ¥71,787 million, respectively.

(13) Reserves under Special Laws

Reserves under special laws represented the ¥2,235 million of reserve for contingent liabilities from financial instruments transactions set aside in accordance with Article 46-5-1 and Article 48-3-1 of the Financial Instruments and Exchange Law and Articles 175 and 189 of the Cabinet Office Ordinance on Financial Instruments Business.

(14) Assets and Liabilities Denominated in Foreign Currencies

Assets and liabilities denominated in foreign currencies or booked at overseas branches of domestic consolidated banking subsidiaries and domestic consolidated trust banking subsidiaries are translated into yen primarily at exchange rates in effect on the respective balance sheet date, except for investments in non-consolidated affiliates which are translated into yen at exchange rates in effect on the acquisition dates.

Assets and liabilities denominated in foreign currencies of other consolidated subsidiaries are translated into yen at the exchange rates in effect on the consolidated balance sheet date.

(15) Leasing Transactions

(As Lessees)

Domestic consolidated subsidiaries finance leases other than those that are deemed to transfer the ownership of leased property to the lessees, which commenced in fiscal years beginning on or after April 1, 2008, are accounted for in a similar way to purchases and depreciation for lease assets is computed under the straight-line method over the lease term with zero residual value unless residual value is guaranteed by the corresponding lease contracts.

Finance leases other than those that are deemed to transfer the ownership of leased property to the lessees, which commenced in fiscal years beginning prior to April 1, 2008, are accounted for in a similar way to operating leases.

(As Lessors)

Finance leases other than those that are deemed to transfer the ownership of leased property to the lessees are accounted for in a similar way to sales and income and expenses related to such leases are recognized by allocating interest equivalents to applicable fiscal periods instead of recording sales and costs of goods sold.

(16) Hedge Accounting

(A) Hedge Accounting for Interest Rate Risks

Domestic consolidated banking subsidiaries and domestic consolidated trust banking subsidiaries have adopted the deferred hedge accounting method for hedging transactions for interest rate risks arising from financial assets and liabilities. Individual hedging or portfolio hedging, as described in the Japanese Institute of Certified Public Accountants (JICPA) Industry Audit Committee Report No. 24, Treatment of Accounting and Auditing of Application of Accounting Standard for Financial Instruments in Banking Industry (February 13, 2002) and JICPA Accounting Committee Report No. 14, Practical Guidelines for Accounting for Financial Instruments (January 31, 2000), are primarily applied to determine hedged items.

With respect to hedging transactions to offset fluctuations in the fair value of fixed rate deposits, loans and other instruments, hedging instruments (e.g. interest rate swaps) are designated to hedged items individually or collectively by their maturities in accordance with Industry Audit Committee Report No. 24. With respect to hedging transactions to offset fluctuations in fair value of fixed rate bonds classified as other securities, hedging instruments (e.g. interest rate swaps) are designated to hedged items collectively by the type of bond. Since material terms related to hedged items and hedging instruments are substantially identical, and such hedging transactions are deemed highly effective, the assessment of effectiveness is based on the similarity of the terms.

Edgar Filing: MITSUBISHI UFJ FINANCIAL GROUP INC - Form 6-K

With respect to hedging transactions to fix the cash flows related to floating rate deposits and loans as well as forecasted transactions related to short-term fixed rate deposits, loans and other instruments, hedging instruments (e.g. interest rate swaps) are designated to hedged items collectively by interest rate indices and tenors in accordance with Industry Audit Committee Report No. 24. Since material terms related to hedged items and hedging instruments are substantially identical, and such hedging transactions are deemed highly effective, the assessment of effectiveness is based on the similarity of the terms. The effectiveness of hedging transactions is also assessed by verifying the correlation of interest rate movement factor between hedged items and hedging instruments.

As of March 31, 2003, deferred hedge losses and gains were recorded in the consolidated balance sheet as a result of the application of macro hedge accounting based on JICPA Industry Audit Committee Report No. 15 Tentative Treatment for Accounting and Auditing in Adoption of Accounting Standards for Banking Industry (February 15, 2000), under which the overall interest rate risks arising from numerous deposits, loans and other instruments are hedged collectively by derivative transactions. These losses and gains are amortized as expense or income over the remaining lives of the macro hedging instruments (for a maximum period of 15 years from April 1, 2003). Deferred hedge losses and gains attributable to macro hedge accounting at the end of the current fiscal year are ¥2,374 million (before tax effect adjustment) and ¥1,872 million (before tax effect adjustment), respectively.

(B) Hedge Accounting for Foreign Currency Risks

Domestic consolidated banking subsidiaries and domestic consolidated trust banking subsidiaries have adopted the deferred hedge accounting method for hedging foreign currency risks arising from financial assets and liabilities denominated in foreign currencies. Portfolio hedging is applied to determine hedged items as described in JICPA Industry Audit Committee Report No. 25 Treatment of Accounting and Auditing concerning Accounting for Foreign Currency Transactions in the Banking Industry (July 29, 2002). Hedging instruments (e.g. currency swaps and forward exchange contracts) are designated to hedged items collectively by currencies.

Domestic consolidated banking subsidiaries and domestic consolidated trust banking subsidiaries have adopted deferred hedge accounting method for hedging transactions for foreign currency risks arising from investments in subsidiaries denominated in foreign currencies, while adopting the fair value hedge accounting method for hedging transactions for foreign currency risks arising from foreign securities (other than bonds). Portfolio hedging and individual hedging are applied to determine hedged items. Liabilities denominated in foreign currencies and forward exchange contracts are used as hedging instruments.

(C) Transactions among Consolidated Subsidiaries

Derivative transactions including interest rate swaps and currency swaps which are designated as hedging instruments among consolidated subsidiaries or between trading accounts and other accounts (or among internal sections) are not eliminated from the consolidated statements of income or valuation difference, but are recognized as related gains or losses or deferred under hedge accounting because these derivative transactions are executed, meeting certain criteria under JICPA Industry Audit Committee Reports No. 24 and No. 25 and they are regarded as equivalent to external third party transactions.

(17) Amortization of Goodwill

Goodwill, and negative goodwill recognized on or before March 31, 2010 are amortized using the straight-line method over 20 years starting from the period of the consolidation. Goodwill with insignificant balances was expensed as incurred.

(18) Cash and Cash Equivalents in the Consolidated Statements of Cash Flows

Cash and cash equivalents in the consolidated statements of cash flows are defined as Cash and due from banks on the consolidated balance sheet, excluding time deposits and negotiable certificates of deposits in other banks.

(19) Consumption Taxes

National and local consumption taxes are excluded from transaction amounts. Non-deductible portions of consumption taxes on the purchases of tangible fixed assets are expensed when incurred.

(20) Accounting Standard for Foreign Subsidiaries

Financial statements of foreign subsidiaries are used for consolidated accounting as long as they are prepared in accordance with the International Financial Reporting Standards (IFRS) or U.S. GAAP.

If they are prepared in accordance with a generally accepted accounting principles in each domicile country and not with IFRS or U.S. GAAP, the financial statements of foreign subsidiaries are adjusted in accordance with U.S. GAAP and in the process of consolidation. They were also adjusted when necessary in the process of consolidation.

Changes in Significant Accounting Policies Applied in the Preparation of the Consolidated Financial Statements

1. Accounting Standard for Asset Retirement Obligations

Starting from the current fiscal year, we applied Accounting Standard for Asset Retirement Obligations (ASBJ Statement No. 18 issued on March 31, 2008) and Guidance on Accounting Standard for Asset Retirement Obligations (ASBJ Guidance No. 21 issued on March 31, 2008).

Following the implementation stated above, Ordinary profits and Income before income taxes and others decreased by ¥1,629 million and ¥25,808 million, respectively.

2. Accounting Standard for Business Combinations and Other Standards

Starting from the current fiscal year, we applied Accounting Standard for Business Combinations (ASBJ Statement No. 21 issued on December 26, 2008), Accounting Standard for Consolidated Financial Statements (ASBJ Statement No. 22 issued on December 26, 2008), Partial amendments to Accounting Standard for Research and Development Costs (ASBJ Statement No. 23 issued on December 26, 2008), Revised Accounting Standard for Business Divestitures (ASBJ Statement No. 7 issued on December 26, 2008), Revised Accounting Standard for Equity Method of Accounting for Investments (ASBJ Statement No. 16 issued on December 26, 2008), and Revised Guidance on Accounting Standard for Business Combinations and Accounting Standard for Business Divestitures (ASBJ Guidance No. 10 issued on December 26, 2008).

New Presentation Rule

1. Consolidated Statement of Income

As a result of the adoption of the format in the exhibit of the Enforcement Ordinance of the Banking Law (Ordinance of the Ministry of Finance No. 10 in 1982) following the revision by the Cabinet Office Ordinance for Partial Amendment to the Enforcement Ordinance of the Banking Law (Cabinet Office Ordinance No. 41, September 21, 2010), Income before minority interests started to be presented.

Additional Information

Starting from the current fiscal year, we applied ASBJ PITF No. 25 Practical Solution on Measurement of Fair Value for Financial Assets (June 30, 2010). As a result, amounts included under Valuation and translation adjustments and Total valuation and translation adjustments in the previous fiscal year are now presented as Accumulated other comprehensive income and Total accumulated other comprehensive income, respectively.

Notes to the Consolidated Financial Statements

(Consolidated Balance Sheet)

1. Securities include ¥600,893 million in stock and ¥24,849 million in investments of non-consolidated subsidiaries and affiliates.
2. For borrowed securities under securities borrowing transactions and securities purchased under resale agreements, which were permitted to sell or re-pledge without restrictions, ¥5,625,440 million of such securities was re-pledged, ¥417,301 million of such securities was re-loaned and ¥3,018,365 million was held by MUFG Group at the consolidated balance sheet date.

3. Loans to bankrupt borrowers: ¥53,116 million.
Non-accrual delinquent loans: ¥1,022,139 million.

Loans to bankrupt borrowers are loans, after write-offs, to bankrupt borrowers as defined in Article 96-1-3-1 to 5 and 96-1-4 of the Enforcement Ordinance of the Corporate Tax Law (No. 97 in 1965) on which accrued interest income is not recognized (Non-accrual loans) as there is substantial doubt as to the collection of principal and/or interest because of delinquencies in payment of principal and/or interest for a significant period of time or for some other reasons.

Non-accrual delinquent loans represent non-accrual loans other than loans to bankrupt borrowers and loans renegotiated at concessionary terms including reduction or deferral of interest due to borrowers' weakened financial condition.

4. Loans past due for 3 months or more: ¥142,789 million.
Loans past due for 3 months or more represent loans whose principal and/or interest payments have been past due for 3 months or more excluding loans to bankrupt borrowers and non-accrual delinquent loans.

5. Restructured loans: ¥574,503 million.
Restructured loans represent loans renegotiated at concessionary terms including reduction or deferral of interest or principal and waiver of the claims due to the borrower's weakened financial condition, excluding loans to bankrupt borrowers, non-accrual delinquent loans and loans past due for 3 months or more.

6. The total amount of loans to bankrupt borrowers, non-accrual delinquent loans, loans past due for 3 months or more and restructured loans was ¥1,792,549 million.
The amounts provided in Notes 3 to 6 represent gross amounts before the deduction of allowances for credit losses.

7. Bills discounted were accounted for as financial transactions in accordance with JICPA Industry Audit Committee Report No. 24. MUFG's banking subsidiaries and trust banking subsidiaries had rights to sell or pledge bank acceptances bought, commercial bills discounted, documentary bills and foreign exchanges bought without restrictions. The total face value of these bills was ¥821,448 million.

Edgar Filing: MITSUBISHI UFJ FINANCIAL GROUP INC - Form 6-K

8. Assets pledged as collateral were as follows:

Cash and due from banks:	¥4,015 million
Trading assets:	¥459,408 million
Securities:	¥2,934,348 million
Loans and bills discounted:	¥3,278,409 million
Other assets:	¥73,066 million

Liabilities related to pledged assets were as follows:

Deposits:	¥285,157 million
Call money and bills sold:	¥480,000 million
Trading liabilities:	¥62,999 million
Borrowed money:	¥5,872,950 million
Bonds payable:	¥69,380 million
Other liabilities:	¥56,200 million
Acceptances and guarantees:	¥597 million

In addition to the items listed above, ¥10,851 million of cash and due from banks, ¥116,977 million of monetary claims bought, ¥383,395 million of trading assets, ¥20,785,086 million of securities, and ¥4,485,623 million of loans and bills discounted were pledged as collateral for cash settlements and other transactions or as deposits for margin accounts of futures and other transactions. ¥2,304,454 million of trading assets and ¥7,578,750 million of securities were sold under repurchase agreements or loaned under secured lending transactions with cash collateral. Payables corresponding to the assets sold or loaned under repurchase agreements and under securities lending transactions were ¥8,138,544 million and ¥1,782,193 million, respectively.

Bills rediscounted were accounted for as financial transactions in accordance with Industry Audit Committee Report No. 24. The total face value of rediscounted bank acceptances bought, commercial bills discounted, documentary bills and bills of exchange rediscounted was ¥8,045 million.

9. Overdraft facilities and commitment lines of credit are binding contracts under which MUFG's consolidated subsidiaries have obligations to disburse funds up to predetermined limits upon the borrower's request as long as there have been no breach of contracts. The total amount of the unused portion of these facilities was ¥67,341,228 million.

The total amount of the unused portion does not necessarily represent actual future cash requirements because many of these contracts are expected to expire without being drawn upon. In addition, most of these contracts include clauses which allow MUFG's consolidated subsidiaries to decline the borrower's request for disbursement or decrease contracted limits for cause, such as changes in financial conditions or deterioration in the borrower's creditworthiness. MUFG's consolidated subsidiaries may request the borrowers to pledge real property and/or securities as collateral upon signing of the contract and will perform periodic monitoring on the borrower's business conditions in accordance with internal procedures, which may lead to renegotiation of the terms and conditions of the contracts and/or initiate the request for additional collateral and/or guarantees.

10. In accordance with the Law concerning Revaluation of Land (the Law) (No. 34, March 31, 1998), land used for business operations of domestic consolidated banking subsidiary and domestic consolidated trust banking subsidiary has been revalued as of the dates indicated below. The total excess from revaluation, net of income taxes corresponding to the excess which were recognized as Deferred tax liabilities for land revaluation, is stated as Land revaluation excess in net assets. Land revaluation excess includes MUFG's share of affiliated companies' land revaluation excess.

Dates of revaluation:

Domestic consolidated banking subsidiaries	March 31, 1998
--	----------------

Domestic consolidated trust banking subsidiaries	March 31, 1998, December 31, 2001 and March 31, 2002
--	--

The method of revaluation as set forth in Article 3, Paragraph 3 of the Law :

Fair values are determined based on (1) published land price under the Land Price Publication Law stipulated in Article 2-1 of the Enforcement Ordinance of the Law concerning Revaluation of Land (Ordinance) (No. 119, March 31, 1998), (2) standard land price determined on measurement spots under the Enforcement Ordinance of National Land Planning Law stipulated in Article 2-2 of the Ordinance, (3) land price determined by the method established and published by the Director General of the National Tax Agency in order to calculate land value which is used for determining taxable amounts subject to landholding tax articulated in Article 16 of the Landholding Tax Law stipulated in Article 2-4 of the Ordinance with price adjustments by shape and time and (4) appraisal by certified real estate appraisers stipulated in Article 2-5 of the Ordinance with price adjustments for time.

The difference between the fair value of land used for business operations revalued in accordance with Article 10 of the law as of the end of the current fiscal year and the book value of such land following the revaluation was ¥58,012 million.

In addition, some of our affiliates that were accounted under equity method did the revaluation for land used for business operations on March 31, 2002.

5. Securities Incurred Impairment Losses

Securities that have fair value (excluding those held for trading purposes) are subject to write-downs when their fair value has declined considerably and it is not probable that the value will recover to the acquisition cost as of the end of the current fiscal year. In such case, the fair value is recorded in the consolidated balance sheet and the difference between fair value and acquisition cost is recognized as a loss for the fiscal year (referred to as impairment losses).

For the current fiscal year, impairment losses were ¥68,861 million consisting of ¥57,550 million of impairment losses on equity securities and ¥11,311 million of impairment losses on bonds and other securities in which securities whose fair value was extremely difficult to estimate were included.

Considerable decline in market value was determined based on the classification of issuers in accordance with the internal standards for self-assessment of asset quality as follows:

Bankrupt, Substantially bankrupt or Potentially bankrupt issuers:

Fair value is lower than acquisition cost.

Issuers requiring close monitoring:

Market value has declined 30% or more from acquisition cost.

Other issuers:

Market value has declined 50% or more from acquisition cost.

Bankrupt issuer means issuer who has entered into bankruptcy, special liquidation proceedings or similar legal proceedings or whose notes have been dishonored and suspended from processing through clearing houses. Substantially bankrupt issuer means issuer who is not legally or formally bankrupt but regarded as substantially in a similar condition. Potentially bankrupt issuer means issuer who is not legally bankrupt but deemed to have high possibility of becoming bankrupt. Issuer requiring close monitoring means issuer who is financially weak and under close monitoring conducted by MUFG's subsidiaries.

Integration with Morgan Stanley Japan Securities

1. Summary of the Business Integration

After MUFG's investment in Morgan Stanley on October 13, 2008, MUFG and Morgan Stanley discussed specific implementation of the global strategic alliance between the two parties. In order to maximize the benefit of integration that utilizes, among other things, the networks and client bases of MUFG and Morgan Stanley, MUFG and Morgan Stanley entered into on March 30, 2010 definitive agreements regarding the integration of the Japanese businesses of Mitsubishi UFJ Securities Co., Ltd. (which company was renamed Mitsubishi UFJ Securities Holdings Co., Ltd. on April 1, 2010) (MUSHD) and the businesses of Morgan Stanley Japan Securities Co., Ltd. (MSJS). Based on such agreements, two securities companies jointly owned by MUFG and Morgan Stanley, Mitsubishi UFJ Morgan Stanley Securities Co., Ltd. (MUMSS) and Morgan Stanley MUFG Securities Co., Ltd. (MSMS), were established on May 1, 2010, as described below.

(1) Summary of the Event

(A) Securities Companies Established by the Integration

Company Name	Mitsubishi UFJ Morgan Stanley Securities Co., Ltd.	Morgan Stanley MUFG Securities Co., Ltd.
Principal Business	Financial instruments trading	Financial instruments trading
Voting interests	MUSHD: 60%	MSJHD: 51%
	Morgan Stanley Japan Holdings Co., Ltd. (MSJHD): 40%	MUSHD: 49%
Economic interests	MUSHD: 60%	MUSHD: 60%
	MSJHD: 40%	MSJHD: 40%

(B) Summary of Integration Structure

Using the scheme outlined below, MUSHD took economic interests of 60%, while MSJHD took economic interests of 40%, in the two securities companies that were established.

- a. MUSHD and MSJHD, while directly holding shares representing controlling voting interests in MUMSS and MSMS, respectively (with MUSHD holding a 60% voting interest in MUMSS and MSJHD holding a 51% voting interest in MSMS), contributed to MM Partnership, a partnership formed under the Civil Code of Japan, all other shares issued by MUMSS and MSMS. The economic interests in MUMSS and MSMS were allocated 60:40 between MUSHD and MSJHD as a result of their acquisitions of a 60% interest and a 40% interest in the MM Partnership, respectively. MM Partnership was formed for the purpose of allocating the economic interests.
- b. Pursuant to the partnership agreement regarding exercise of the voting rights attached to the MUMSS and MSMS shares held by MM Partnership, MUSHD acquired in effect 49% of the voting rights with respect to MSMS in addition to the rights to receive 60% of dividends distributed by MUMSS and MSMS, and MSJHD acquired in effect 40% of the

Edgar Filing: MITSUBISHI UFJ FINANCIAL GROUP INC - Form 6-K

voting rights with respect to MUMSS in addition to the rights to receive 40% of dividends to be distributed by MUMSS and MSMS.

- c. As of May 1, 2010, the investment banking business of MSJS was succeeded by MUMSS through an absorption-type company split.

2. Details of the Business Combination

(1) Establishment of and Contribution in kind to a Partnership (MM Partnership)

(A) Outline of the Contribution

MUSHD made a contribution in kind to MM Partnership of shares it holds in MUMSS except those which MUSHD holds directly. Meanwhile, MM Partnership also accepted a contribution in kind from MSJHD of shares it holds in MSMS except those which MSJHD holds directly.

In respect of the shares contributed in kind, adjustment in cash was done between MUSHD and MSJHD in proportion to the respective economic interest in the partnership (MUSHD: 60%, MSJHD: 40%), based on the estimated value as of May 1, 2010 as agreed beforehand between the parties. The estimated value was determined in consideration of the respective net assets of MUMSS and MSMS at the closing date.

(B) Outline of the Accounting Treatment Adopted

This investment was treated as transactions under common control, in accordance with Accounting Standard for Business Combinations (ASBJ Statement No. 21 issued on December 26, 2008), and Revised Guidance on Accounting Standard for Business Combinations and Accounting Standard for Business Divestitures (ASBJ Guidance No. 10 issued on December 26, 2008). Meanwhile, as a result of partial sales of subsidiaries equity and amortization of existing goodwill in association with a decrease in the equity interests in MUMSS following the contribution in kind of the shares in MUMSS, gains on changes in subsidiaries equity had accrued, which were included under Extraordinary gains in the consolidated statement of income. The amount of gains on changes in subsidiaries equity: ¥1,096 million

(C) Matters Concerning the Additional Acquisition of Subsidiaries Equity

Cost of acquisition and its description

Contribution into MM Partnership: ¥353,152 million

(2) MUSHD's Acquisition of Equity Interests in MSMS through a Partnership (MM Partnership)

(A) Financial Performance Period of the Investee as Included in the consolidated Financial Statements

From May 1, 2010 to March 31, 2011

(B) Acquisition Cost of the Investee and its Detail

Consideration for the acquisition	Fair value of the classified stock contributed to the partnership (MM Partnership)	¥ 291,139 million
Direct expenses for the acquisition	Advisory fees	¥ 2,582 million
Acquisition cost		¥ 293,721 million

Edgar Filing: MITSUBISHI UFJ FINANCIAL GROUP INC - Form 6-K

(C) Amount of Goodwill Recorded, Cause of Recognition, Method and Period of Amortization

a. Amount of Goodwill Recorded

¥106,764 million

b. Cause of Recognition

Due to the potential excess earnings power expected in the business development in the future

c. Method and Period of Amortization

Straight-line method over 20 years

- * As 100% of MSMS's dividend rights were owned by MM Partnership which is a consolidated subsidiary of MUSHD, capital and income of MSMS were wholly included by the equity method and then 40% of the amount equivalent to the equity interest of MSJHD which was not attributable to MUFG was treated as minority interests.

(3) Integration of the Investment Banking Business

(A) Financial performance period of the acquired business included in the consolidated financial statements

From May 1, 2010 to March 31, 2011

(B) Acquisition Cost of the Acquired Business and its Detail

As this was an absorption-type company split without involving consideration, no acquisition cost was incurred. Incidentally, consideration for this absorption-type company split was determined based on the agreement between the concerned parties.

(C) Amount of Goodwill Recorded, Cause of Recognition, Method and Period of Amortization

a. Amount of Goodwill Recorded

¥426 million

b. Cause of Recognition

As the net asset value at the time of the business combination was less than the acquisition cost, the difference was recognized as goodwill.

c. Method and Period of Amortization

As the amount of goodwill was insignificant, it was wholly treated as expenses.

(4) Amounts of Assets and Liabilities taken in on the Business Combination Date and their Detail

Other liabilities: ¥426 million

Agreement on Voluntary Conversion of Morgan Stanley Convertible Preferred Stock

Under their strategic alliance announced on September 29, 2008, Mitsubishi UFJ Financial Group, Inc. (MUFG) subscribed for Morgan Stanley preferred stock, and MUFG and Morgan Stanley have implemented their alliance strategy globally in a wide range of businesses, including corporate finance and investment banking, retail banking and asset management.

On 21 April, 2011, MUFG and Morgan Stanley have agreed to voluntarily convert all of MUFG 's holding of Morgan Stanley convertible preferred stock into common stock, at a conversion rate to be adjusted pursuant to the agreement with Morgan Stanley, and entered into an agreement on such conversion, to further strengthen their global alliance strategy and to enhance Morgan Stanley 's capital position.

Currently MUFG appoints one representative to the Morgan Stanley board of directors, and in conjunction with this conversion of preferred stock, MUFG and Morgan Stanley have agreed to increase the number of such representatives to two, as well as to make certain other amendments to the existing agreement between them.

Morgan Stanley is expected to become an affiliate accounted for under the equity method of MUFG.

Common stock to be acquired upon conversion of convertible preferred stock

It has been agreed with Morgan Stanley that MUFG will receive approximately 75 million shares in addition to the number of shares it will receive upon conversion of convertible preferred stock based on previously agreed terms and conditions. As a result, MUFG will receive 385,464,097 shares of common stock in total upon conversion of convertible preferred stock.

MUFG 's holdings of Morgan Stanley common stock following conversion of its convertible preferred stock, reflecting both its current holdings and the conversion, will represent approximately 22.4% of the voting rights of Morgan Stanley common stock.

This voluntary conversion of preferred stock remains subject to authorization of relevant authorities and the approval of Morgan Stanley shareholders.

In addition, the particulars and holding of Series C Non-Cumulative Non-Voting Perpetual Preferred Stock currently hold by MUFG remain the same.
