This prospectus relates to 8,996,631 shares of Class A common stock, par value \$0.01 per share, which we refer to as our Class A common stock, of BGC Partners, Inc., which we refer to as BGC Partners, we, us, or the Company, that have been or may be distributed pursuant to distribution rights that were granted by Cantor Fitzgerald, L.P., which we refer to as Cantor, on April 1, 2008 to certain current and former Cantor partners in connection with the separation of the BGC businesses from Cantor and the merger of BGC Partners, LLC with eSpeed, Inc., or that may be donated by Cantor to charitable organizations. Of these 8,996,631 shares of Class A common stock, an aggregate of 3,315,728 shares have already been distributed by Cantor to partners, and the remaining 5,680,903 shares may in the future be distributed by Cantor to partners or donated by Cantor to charitable organizations. The 3,315,728 shares already distributed by Cantor to partners may be offered and sold through this prospectus by such distribute partners, and the remaining 5,680,903 shares may be offered and sold under the registration statement of which this prospectus forms a part (1) either by Cantor at the direction and for the account of the partners holding the related distribution rights, or by such partners as distributes of the shares from Cantor or the partners respective pledgees, donees, transferees or other successors in interest, which we refer to collectively as the Individual Selling Stockholders, or (2) by such charitable organizations, or their pledgees, donees, transferees or other successors in interest, which we refer to collectively as the Charitable Organizations.

FORWARD-LOOKING STATEMENTS

This prospectus and the documents incorporated by reference into this prospectus contain forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, which we refer to as the Securities Act, and Section 21E of the Securities Exchange Act of 1934, as amended, which we refer to as the Exchange Act. Such statements are based upon current expectations that involve risks and uncertainties. Any statements contained herein or in documents incorporated by reference that are not statements of historical fact may be deemed to be forward-looking statements. For example, words such as may, will, should, estimates, predicts, potential, continue, believes, anticipates, plans, expects, intends and similar expressions are intended to identify forward-looking statements.

Our actual results and the outcome and timing of certain events may differ significantly from the expectations discussed in the forward-looking statements. Factors that might cause or contribute to such a discrepancy include, but are not limited to:

pricing and commissions and market position with respect to any of our products and services and those of our competitors;

the effect of industry concentration and reorganization, reduction of customers and consolidation;

liquidity, regulatory and clearing capital requirements and the impact of credit market events;

market conditions, including trading volume and volatility, and potential deterioration of the equity and debt capital markets;

our relationships with Cantor and its affiliates, including Cantor Fitzgerald & Co., which we refer to as CF&Co, any related conflicts of interest, competition for and retention of brokers and other managers and key employees, support for liquidity and capital and other relationships, including Cantor s holding of our 8.75% convertible notes, CF&Co s acting as our sales agent under our controlled equity or other future offerings, and CF&Co s acting as our financial advisor in connection with one or more business combination or other transactions;

economic or geopolitical conditions or uncertainties;

extensive regulation of our businesses, changes in regulations relating to the financial services and other industries, and risks relating to compliance matters, including regulatory examinations, inspections, investigations and enforcement actions, and any resulting costs, fines, penalties, sanctions, enhanced oversight, increased financial and capital requirements, and changes to or restrictions or limitations on specific activities, operations, compensatory arrangements, and growth opportunities, including acquisitions, hiring, and new business, products, or services;

factors related to specific transactions or series of transactions, including credit, performance and unmatched principal risk, counterparty failure, and the impact of fraud and unauthorized trading;

costs and expenses of developing, maintaining and protecting our intellectual property, as well as employment and other litigation and their related costs, including judgments or settlements paid or received;

certain financial risks, including the possibility of future losses and negative cash flows from operations, potential liquidity and other risks relating to our ability to obtain financing or refinancing of existing debt on terms acceptable to us, if at all, and risks of the

resulting leverage, including potentially causing a reduction in our credit ratings and/or the associated outlooks given by the rating agencies to those credit ratings, as well as interest and currency rate fluctuations;

our ability to enter new markets or develop new products, trading desks, marketplaces or services and to induce customers to use these products, trading desks, marketplaces or services and to secure and maintain market share;

our ability to enter into marketing and strategic alliances and business combination or other transactions in the financial services and other industries, including acquisitions, dispositions, reorganizations, partnering opportunities and joint ventures, and the integration of any completed transaction;

our ability to hire and retain personnel;

iii

our ability to expand the use of technology for hybrid and fully electronic trading;

our ability to effectively manage any growth that may be achieved, while ensuring compliance with all applicable regulatory requirements;

our ability to identify and remediate any material weaknesses in our internal controls that could affect our ability to prepare financial statements and reports in a timely manner, control our policies, procedures, operations and assets, and assess and manage our operational, regulatory, and financial risks;

the effectiveness of our risk management policies and procedures, and the impact of unexpected market moves and similar events;

the fact that the prices at which shares of our Class A common stock are sold in one or more of our controlled equity offerings or in other offerings or other transactions may vary significantly, and purchasers of shares in such offerings or transactions, as well as existing stockholders, may suffer significant dilution if the price they paid for their shares is higher than the price paid by other purchasers in such offerings or transactions;

our ability to meet expectations with respect to payments of dividends and distributions and repurchases of shares of our Class A common stock and purchases of limited partnership interests of BGC Holdings, L.P., which we refer to as BGC Holdings, or other equity interests of our subsidiaries, including from Cantor, our executive officers, other employees, partners, and others, and the net proceeds to be realized by us from offerings of our shares of Class A common stock;

the effect on the market for and trading price of our Class A common stock of various offerings and other transactions, including our controlled equity and other offerings of Class A common stock and convertible securities, our repurchase of shares of Class A common stock and purchases of BGC Holdings limited partnership interests or other equity interests in our subsidiaries, our payment of dividends on Class A common stock and distributions on BGC Holdings limited partnership interests, convertible arbitrage, hedging, and other transactions engaged in by holders of our 4.50% convertible notes and counterparties to our capped call transactions, and resales of shares of Class A common stock acquired from us or Cantor, including pursuant to our employee benefit plans, conversion of our convertible notes, and distributions from Cantor pursuant to Cantor s distribution rights obligations; and

the risk factors described in our latest Annual Report on Form 10-K and any updates to those risk factors or new risk factors contained in our subsequent Quarterly Reports on Form 10-Q and Current Reports on Form 8-K filed with the SEC, all of which we incorporate by reference herein.

SUMMARY

This summary highlights selected information from this prospectus, but may not contain all information that may be important to you. The following summary is qualified in its entirety by the more detailed information included in or incorporated by reference into this prospectus. For a more complete understanding of the terms of our Class A common stock, and before making your investment decision, you should carefully read this entire prospectus and the documents referred to in Where You Can Find More Information and Documents Incorporated by Reference. See the Certain Defined Terms section beginning on page v of this prospectus for the definition of certain terms used in this prospectus.

When we use the words BGC Partners, we, us, our or the Company, we are referring to BGC Partners, Inc. and its consolidated subsidiaries.

The Company

We are a leading global brokerage company servicing the wholesale financial markets, specializing in the brokering of a broad range of financial products globally, including fixed income securities, interest rate swaps, foreign exchange, equities, equity derivatives, credit derivatives, commodities, futures, structured products and other instruments. We also provide a full range of services, including trade execution, broker-dealer services, clearing, processing, information, and other back-office services to a broad range of financial and non-financial institutions. Through our eSpeed and BGC Trader brands, we also offer financial technology solutions and market data and analytics related to select financial instruments and markets. Our customers include many of the world s largest banks, broker-dealers, investment banks, trading firms, hedge funds, governments and investment firms. Our integrated platform is designed to provide flexibility to customers with regard to price discovery, execution and processing of transactions, and enables them to use voice, hybrid, or, where available, fully electronic brokerage services in connection with transactions executed either over-the-counter, which we refer to as OTC, or through an exchange.

We have offices in 25 cities, including New York and London, as well as in Aspen, Beijing, Chicago, Copenhagen, Dubai, Garden City (New York), Hong Kong, Istanbul, Johannesburg, Mexico City, Moscow, Nyon, Paris, Rio de Janeiro, São Paulo, Sarasota, Seoul, Singapore, Sydney, Tokyo, Toronto, West Palm Beach and Zurich.

As of June 30, 2011, we had 1,780 brokers and salespeople across approximately 200 desks and products (more than triple the number we had in October 2004). In 2010, we processed approximately 21.3 million transactions, totaling almost \$171 trillion notional on our hybrid and fully electronic platforms. During the first half of 2011, we processed approximately 13.7 million such transactions, totaling almost \$107.1 trillion notional.

Our Organizational Structure

On April 1, 2008, BGC Partners OldCo and eSpeed merged to form BGC Partners. Immediately prior to the merger, pursuant to a separation agreement, Cantor transferred certain assets and liabilities to BGC Partners OldCo and/or its subsidiaries.

We are a holding company, and our businesses are operated through two operating partnerships: BGC U.S., which holds our U.S. businesses, and BGC Global, which holds our non-U.S. businesses. In connection with the separation, Maxcor Financial Group Inc. was contributed to BGC Partners OldCo in exchange for BGC Partners OldCo units that became shares of our common stock in the merger, and certain businesses were contributed to the OpCos in exchange for limited partnership interests of the OpCos. In connection with the merger, eSpeed contributed certain businesses to the OpCos in exchange for limited partnership interests of the OpCos.

The limited partnership interests of the OpCos are held by us and BGC Holdings, and the limited partnership interests of BGC Holdings are currently held by Cantor, the founding/working partners and holders of limited partnership units. We hold the BGC Holdings general partnership interest and the BGC Holdings special voting limited partnership interest, which entitle us to remove and appoint the general partner of BGC Holdings, and serve as the general partner of BGC Holdings, which entitles us to control BGC Holdings. BGC Holdings, in turn, holds the BGC U.S. general partnership interest and the BGC U.S. special voting limited partnership interest, which entitle the holder thereof to remove and appoint the general partner of BGC U.S., and the BGC Global general partnership

1

interest and the BGC Global special voting limited partnership interest, which entitle the holder thereof to remove and appoint the general partner of BGC Global, and serves as the general partner of BGC U.S. and BGC Global, all of which entitle BGC Holdings (and thereby us) to control each of BGC U.S. and BGC Global. BGC Holdings holds its BGC Global general partnership interest through a company incorporated in the Cayman Islands, BGC Global Holdings GP Limited.

The following diagram illustrates our ownership structure as of August 3, 2011. The following diagram does not reflect the various subsidiaries of us, BGC U.S., BGC Global, BGC Holdings or Cantor, or, to the extent applicable, outstanding RSUs.

2

Shares of our Class B common stock are convertible into shares of our Class A common stock at any time in the discretion of the holder on a one-for-one basis, Accordingly, if Cantor converted all of its Class B common stock into Class A common stock, Cantor would hold 33.9% of the voting power and the public stockholders would hold 66.1% of the voting power (and the indirect economic interests in BGC U.S. and BGC Global would remain unchanged). The diagram reflects the exchange by Cantor on May 5, 2011 of 9,000,000 Cantor units for 9,000,000 shares of Class A common stock and the subsequent distribution by Cantor of 3,319,097 of such shares pursuant to distribution rights. These 9,000,000 shares of Class A common stock, less 3,369 shares that were distributed by Cantor to one of our executive officers, are included in this prospectus. The diagram also reflects the exchange by Cantor on May 6, 2011 of 9,000,000 Cantor units for 9,000,000 shares of our Class B common stock. In addition, the diagram reflects the donation of 443,686 shares of Class A common stock by us to The Cantor Fitzgerald Relief Fund on May 9, 2011 in connection with our 2010 Charity Day, which shares are included in this prospectus, and Cantor s donation of 42,527 shares of Class A common stock to a charity on May 31, 2011, which shares are not being sold under the registration statement. The diagram does not reflect Cantor s economic interest in the 8.75% convertible notes or the 22,074,423 shares of Class A common stock acquirable by Cantor upon conversion thereof. If Cantor converted all of the 8.75% convertible notes into shares of Class A common stock, Cantor would hold 82.3% of the voting power and the public stockholders would hold 17.7% of the voting power (and its indirect economic interests in each of BGC U.S. and BGC Global would be 41.9%). Further, the diagram does not reflect (i) the 10,000,000 shares of Class A common stock that may be sold under the BGC Partners, Inc. Dividend Reinvestment and Stock Purchase Plan pursuant to our shelf Registration Statement on Form S-3 (Registration No. 333-173109); (ii) the 1,736,090 shares of Class A common stock that may be sold pursuant to the September 2010 sales agreement, and any shares of Class A common stock remaining after the sale of such 1,736,090 shares, pursuant to our shelf Registration Statement on Form S-3 (Registration No. 333-166564); (iii) the 20,000,000 shares of Class A common stock that may be sold pursuant to our acquisition shelf Registration Statement on Form S-4 (Registration No. 333-169232); or (iv) the 16,260,160 shares of Class A common stock that may be issued upon conversion of the 4.50% convertible notes. For purposes of the diagram and this paragraph, Cantor s percentage ownership also includes CFGM s percentage ownership.

An investment in shares of our Class A common stock involves risks. You should consider carefully the Risk Factors section of our latest Annual Report on Form 10-K filed with the SEC, and any updates to those risk factors or new risk factors contained in our subsequent Quarterly Reports on Form 10-Q and Current Reports on Form 8-K filed with the SEC, all of which we incorporate by reference herein, as well as the other information included in this prospectus before making an investment decision. Any of the risk factors could significantly and negatively affect our businesses, financial condition, results of operations, cash flows, and prospects and the trading price of Class A common stock. You could lose all or part of your investment.

We do not expect to receive any of the proceeds from the sale of shares of our Class A common stock by the Selling Stockholders. The Individual Selling Stockholders who are current or former partners of Cantor will be expected to use the proceeds from such sales to repay any outstanding loans to, or credit enhanced by, Cantor before receipt of any net proceeds.

6

DIVIDEND POLICY

Our board of directors has authorized a dividend policy which provides that we expect to pay not less than 75% of our post-tax distributable earnings per fully diluted share as cash dividends to our common stockholders, with the balance of such distributable earnings to be available to repurchase shares of our Class A common stock or purchase BGC Holdings limited partnership interests or other equity interests in our subsidiaries, including from Cantor, our executive officers, other employees, partners and others. Please see below for a detailed definition of post-tax distributable earnings per fully diluted share.

Our board of directors and our audit committee have authorized repurchases of shares of our Class A common stock and purchases of BGC Holdings limited partnership interests or other equity interests in our subsidiaries as part of this policy, including those held by Cantor, our executive officers, other employees, partners and others, at the volume weighted average price, to the extent available, of such securities on the date on which such repurchase or purchase is made. As of August 3, 2011, we had approximately \$59.2 million remaining under this authorization and may continue to actively make repurchases or purchases, or cease to make such repurchases or purchases, from time to time.

We expect to pay such dividends, if and when declared by our board of directors, on a quarterly basis. The dividend to our common stockholders is expected to be calculated based on post-tax distributable earnings allocated to BGC Partners, Inc. and generated over the fiscal quarter ending prior to the record date for the dividend. No assurance can be made, however, that a dividend will be paid each quarter.

The declaration, payment, timing and amount of any future dividends payable by us will be at the sole discretion of our board of directors. We are a holding company, with no direct operations, and therefore we are able to pay dividends only from our available cash on hand and funds received from distributions from BGC U.S. and BGC Global. Our ability to pay dividends may also be limited by regulatory considerations as well as by covenants contained in financing or other agreements. In addition, under Delaware law, dividends may be payable only out of surplus, which is our net assets minus our liabilities and our capital, or, if we have no surplus, out of our net profits for the fiscal year in which the dividend is declared and/or the preceding fiscal year. Accordingly, any unanticipated accounting, tax, regulatory or other charges against net income may adversely affect our ability to declare dividends. While we intend to declare and pay dividends quarterly, there can be no assurance that our board of directors will declare dividends at all or on a regular basis or that the amount of our dividends will not change.

Certain Definitions

Revenues for distributable earnings, pre-tax distributable earnings and post-tax distributable earnings are supplemental measures of operating performance that are used by our management to evaluate the financial performance of us and our subsidiaries. We believe that distributable earnings best reflects the operating earnings generated by the Company on a consolidated basis and are the earnings which management considers available for distribution to BGC Partners and its common stockholders, as well as to holders of BGC Holdings limited partnership interests, during any period.

As compared with income (loss) from operations before income taxes, net income (loss) for fully diluted shares, and fully diluted earnings (loss) per share, all prepared in accordance with GAAP, distributable earnings calculations primarily exclude certain non-cash compensation and other expenses which generally do not involve the receipt or outlay of cash by us, which do not dilute existing stockholders, and which do not have economic consequences, as described below. In addition, distributable earnings calculations exclude certain gains and charges that management believes do not best reflect our ordinary operating results.

Revenues for distributable earnings are defined as GAAP revenues excluding the impact of our non-cash earnings or losses related to our equity investments, such as in Aqua Securities, L.P. and ELX Futures, L.P., and its holding company general partner, ELX Futures Holdings LLC.

7

Pre-tax distributable earnings are defined as GAAP income (loss) from operations before income taxes excluding items that are primarily non-cash, non-dilutive, and non-economic, such as:

Non-cash stock-based equity compensation charges for REUs granted or issued prior to the merger of BGC Partners OldCo with and into eSpeed, as well as post-merger non-cash, non-dilutive equity-based compensation related to partnership unit exchange or conversion:

Allocations of net income to founding/working partner and other limited partnership units, including REUs, RPUs, PSUs and PSIs; and

Non-cash asset impairment charges, if any.

Distributable earnings calculations also exclude charges related to purchases, cancellations or redemptions of limited partnership interests and certain one-time or non-recurring items, if any.

Beginning with the first quarter of 2011, our definition of distributable earnings has been revised to also exclude certain gains and charges with respect to acquisitions, dispositions and resolutions of litigation. This change in the definition of distributable earnings is not reflected in, nor does it affect, our presentation of prior periods. Our management believes that excluding these gains and charges best reflects our operating performance.

Since distributable earnings are calculated on a pre-tax basis, management intends to also report post-tax distributable earnings and post-tax distributable earnings per fully diluted share:

Post-tax distributable earnings are defined as pre-tax distributable earnings adjusted to assume that all pre-tax distributable earnings were taxed at the same effective rate.

Post-tax distributable earnings per fully diluted share are defined as post-tax distributable earnings divided by the weighted-average number of fully diluted shares for the period.

In the event that there is a GAAP loss but positive distributable earnings, the post-tax distributable earnings per fully diluted share calculation will include all fully diluted shares that would be excluded under GAAP to avoid anti-dilution, but will exclude quarterly interest expense, net of tax, associated with the convertible notes.

Each quarter, the dividend to common stockholders is expected to be determined by our board of directors with reference to post-tax distributable earnings per fully diluted share. In addition to the quarterly dividend to our common stockholders, we expect to pay a pro rata distribution of net income to BGC Holdings founding/working partner and other limited partnership units, including REUs, RPUs, PSUs and PSIs, and to Cantor for its noncontrolling interest. The amount of all of these payments is expected to be determined using the above definition of post-tax distributable earnings per fully diluted share.

Certain employees who are holders of RSUs are granted pro rata payments equivalent to the amount of dividends paid to common stockholders. Under GAAP, a portion of the dividend equivalents on RSUs is required to be taken as a compensation charge in the period paid. However, to the extent that they represent cash payments made from the prior period s distributable earnings, they do not dilute existing stockholders and are therefore excluded from the calculation of distributable earnings.

Distributable earnings is not meant to be an exact measure of cash generated by operations and available for distribution, nor should it be considered in isolation or as an alternative to cash flows from operations or income (loss) for fully diluted shares. We view distributable earnings as a metric that is not necessarily indicative of liquidity or the cash available to fund our operations.

Pre- and post-tax distributable earnings are not intended to replace the presentation of our GAAP financial results. However, management believes that they help provide investors with a clearer understanding of our financial performance and offer useful information to both management and investors regarding certain financial and business trends related to our financial condition and results of operations. Management believes that distributable earnings and the GAAP measures of our financial performance should be considered together.
