Dear Fellow Stockholders:

I would like to invite you to attend the Annual Meeting of Stockholders of Humana Inc., to be held on Thursday, April 26, 2012, at 9:00 a.m., EDT, at the Company's headquarters, located at 500 West Main Street, 25th Floor Auditorium, in Louisville, Kentucky. The meeting will also be webcast via the Internet at the Investor Relations section of the Company's website, www.humana.com. This Proxy Statement contains information about our Company and the three proposals to be voted upon by stockholders at the meeting. Please give this information your careful attention.

This year, we will once again be taking advantage of Securities and Exchange Commission rules that allow us to furnish proxy materials to our stockholders on the Internet. These materials will be available on the Internet on or about March 5, 2012. We continue to believe that Internet delivery of our proxy materials allows us to provide our stockholders with the information they need, while lowering the costs of delivery and reducing the environmental impact of our Annual Meeting.

I hope you can attend the meeting. However, even if you are unable to join us, I urge you to still exercise your right as a stockholder and vote by telephone, mail or by using the Internet. The vote of every stockholder is important.

This Proxy Statement is being mailed or transmitted on or about March 5, 2011 to our stockholders of record as of February 27, 2012.

Sincerely,

Michael B. McCallister

Chairman of the Board and Chief Executive Officer,

and Significant Stockholder

FREQUENTLY ASKED QUESTIONS

Why am I receiving this Proxy Statement?

You are receiving a proxy statement because you owned shares of Humana common stock as of Monday, February 27, 2012, the record date, and that entitles you to vote at the Annual Meeting. Our Board of Directors has made these materials available to you on the Internet or, upon your request, has delivered printed versions of these materials to you by mail, in connection with the Board's solicitation of proxies on behalf of the Company for use at our 2012 Annual Meeting of Stockholders. Your proxy will authorize specified people (proxies) to vote on your behalf at the Annual Meeting. By use of a proxy, you can vote, whether or not you attend the meeting.

This proxy statement describes the matters on which the Company would like you to vote, provides information on those matters, and provides information about the Company that we must disclose when we solicit your proxy.

Why did I receive a one-page notice in the mail regarding the Internet availability of proxy materials instead of a full set of proxy materials?

Pursuant to rules adopted by the U.S. Securities and Exchange Commission, or the SEC, we have elected to provide access to our proxy materials over the Internet. We believe that Internet delivery of our proxy materials allows us to provide our stockholders with the information they need, while lowering the costs of delivery and reducing the environmental impact of our Annual Meeting. Accordingly, we are sending a Notice of Internet Availability of Proxy Materials, which we refer to as the Notice, to our stockholders and beneficial owners as of the Record Date. All stockholders will have the ability to access the proxy materials on a website referred to in the Notice or request to receive a printed set of the proxy materials. Instructions on how to access the proxy materials over the Internet or to request a printed copy may be found on the Notice. In addition, stockholders may request to receive proxy materials in printed form by mail or electronically by e-mail on an ongoing basis by calling Broadridge Financial Solutions, Inc., or Broadridge, at 1-800-579-1639.

How can I get electronic access to the proxy materials?

The Notice provides you with instructions regarding how to:

View our proxy materials for the Annual Meeting on the Internet; and

Instruct us to send our future proxy materials to you electronically by e-mail.

Choosing to receive your future proxy materials by e-mail will save us the cost of printing and mailing documents to you and will reduce the impact of our Annual Meetings on the environment. If you choose to receive future proxy materials by e-mail, you will receive an e-mail next year with instructions containing a link to those materials and a link to the proxy voting site. Your election to receive proxy materials by e-mail will remain in effect until you terminate it.

When and where is the Annual Meeting?

The Annual Meeting will be held on Thursday, April 26, 2012 at 9:00 a.m., EDT, at The Humana Building, 25th Floor Auditorium, 500 West Main Street, Louisville, Kentucky 40202.

Who is entitled to vote?

Anyone who owns Humana Inc. common stock, which we refer to as Shares, as of the close of business on February 27, 2012, which we refer to as the Record Date, is entitled to vote at the Annual Meeting or at any later meeting should the scheduled Annual Meeting be adjourned or postponed for any reason.

How many Shares are eligible to vote?

As of the Record Date, February 27, 2012, 163,912,075 Shares were outstanding and entitled to vote. Each Share is entitled to one vote on each of the matters to be considered at the Annual Meeting.

What will I be voting on?

Election of the ten (10) director nominees named in this proxy statement to serve on the Board of Directors of the Company;

Ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for 2012; and

A non-binding, advisory vote to approve the compensation of the Company's Named Executive Officers as disclosed in this proxy statement.

The Board of Directors is not aware of any other matters to be presented for action at the Annual Meeting. However, if other matters are presented for a vote, the proxies will be voted for these matters in accordance with the judgment of the persons acting under the proxies.

How does the Board recommend I vote on each proposal?

The Board recommends that you vote your Shares as follows:

Edgar Filing: HUMANA INC - Form DEF 14A

FOR the election of each of the ten (10) director nominees named in this proxy statement;

FOR the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for 2012; and

FOR the approval of the compensation of the Company's Named Executive Officers as disclosed in this proxy statement. All Shares that are represented at the Annual Meeting by properly executed proxies received before or at the Annual Meeting and not revoked will be voted at the Annual Meeting in accordance with the instructions indicated in the proxies.

How will my Shares be voted if I do not specify how they should be voted?

If you sign and return your proxy card without indicating how you want your Shares to be voted, our representatives will vote your Shares as follows:

FOR the election of each of the ten (10) director nominees named in this proxy statement;

Humana Inc. *2012 Notice of Annual Meeting of Stockholders and Proxy Statement* 2

Table of Contents

FOR the ratification of the appointment of PricewaterhouseCoopers LLP as the Company's independent registered public accounting firm for 2012; and

FOR the approval of the compensation of the Company's Named Executive Officers as disclosed in this proxy statement.

What if my Shares are not registered in my name?

If you own your Shares in street name, meaning that your bank, broker or other nominee is actually the record owner, you should receive the Notice from your bank, broker or other nominee. In addition, stockholders may request, by calling Broadridge at 1-800-579-1639, to receive proxy materials in printed form, by mail or electronically by e-mail on an ongoing basis. When you own your Shares in street name, you are deemed a beneficial owner or holder for voting purposes.

If you hold Shares through an account with a bank, broker or other nominee and you do not provide voting instructions on your instructions form, your Shares may not be voted by the nominee with respect to certain proposals, including:

the election of directors; or

the approval of the compensation of the Company's Named Executive Officers.

Banks, brokers and other nominees have the authority under the regulations of the New York Stock Exchange, or the NYSE, to vote shares for which their customers do not provide voting instructions only on certain routine matters, including the ratification of the appointment of the Company's independent registered public accounting firm. However, the proposals listed above are not considered routine matters, and therefore your Shares will not be voted with respect to such proposals if you do not provide voting instructions on your instruction form.

What is a broker non-vote ?

A broker non-vote occurs when a nominee holding Shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power with respect to that item and has not received voting instructions from the beneficial owner, but does have discretionary voting power over other items and submits votes for those matters. As discussed above, if you hold Shares through a bank, broker or other nominee and do not provide voting instructions to your bank, broker or other nominee, your Shares may not be voted with respect to certain proposals, such as the proposals listed above.

Table of Contents**How many votes are required to approve each proposal and what are the effects of abstentions, broker non-votes and unmarked proxy cards?**

- (1) Under the Company's Majority Vote Policy adopted in January 2007, following election to our Board of Directors, a director is required to submit his or her irrevocable resignation to our Board of Directors conditioned upon (1) the director not achieving the requisite stockholder vote at any future meeting at which they face re-election, and (2) acceptance of the resignation by the Board of Directors following that election. The Board of Directors has 90 days after a director fails to achieve the requisite stockholder votes to determine whether or not to accept the director's resignation and to report this information to our stockholders.
- (2) Pursuant to current NYSE regulations, brokers do not have discretionary voting power.

What is a quorum ?

A quorum is a majority of the outstanding Shares. Shares may be voted at the Annual Meeting by a signed proxy card, by telephone instruction, or electronically on the Internet. There must be a quorum for the Annual Meeting to be held. Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining whether a quorum exists.

How do I vote?

There are four ways that you can vote your Shares. Voting by any of these methods will supersede any prior vote you made regardless of how that vote was made. **PLEASE CHOOSE ONLY ONE OF THE FOLLOWING:**

- 1) **By Internet.** The website for voting is <http://www.ProxyVote.com>. In order to vote on the Internet, you need the control number on your proxy card. Each stockholder has a unique control number so we can ensure all voting instructions are

genuine and prevent duplicate voting. The Internet voting system is available 24 hours a day, seven days a week, until 11:59 p.m. Eastern Time on Wednesday, April 25, 2012. Once you are logged on the Internet voting system, you can record and confirm (or change) your voting instructions. If you use the Internet voting system, you do not need to return your proxy card.

- 2) **By telephone.** If you are a registered holder in the United States or Canada, you should call 1-800-690-6903. The telephone voting system is available 24 hours a day, seven days a week, until 11:59 p.m. Eastern Time on Wednesday, April 25, 2012. In order to vote by telephone,

you need the control number on your proxy card. Each stockholder has a unique control number so we can ensure all voting instructions are genuine and prevent duplicate voting. Once you are logged on the telephone voting system, a series of prompts will tell you how to record and confirm (or change) your voting instructions. If you use the telephone voting system, you do not need to return your proxy card.

- 3) **By mail.** Mark your voting instructions, sign and date the proxy card and then return it in the postage-paid envelope provided. If you mail your proxy card, we must receive it before 10:00 a.m. Eastern Time on Thursday, April 26, 2012, the day of the Annual Meeting. If you are returning your proxy card to Broadridge, they must receive it before 10:00 a.m. Eastern Time on Wednesday, April 25, 2012, the day before the Annual Meeting.

- 4) **In person.** Attend the Annual Meeting. Mark your voting instructions and deliver to the Inspectors of Election. However, you can vote by methods 1, 2 or 3 above prior to the meeting and still attend the Annual Meeting. In all cases, a vote at the Annual Meeting will revoke any prior votes. Please note that if your Shares are held through a bank, broker or other nominee, you will need to bring proof of ownership to the Annual Meeting in order to vote.

How do I vote the share equivalent units held in the Humana Common Stock Fund of the Humana Retirement Savings Plan or the Humana Puerto Rico Retirement Savings Plan?

If you have an interest in the Humana Common Stock Fund of the Humana Retirement Savings Plan or the Humana Puerto Rico Retirement Savings Plan on the Record Date, you may vote. Under the Humana Retirement Savings Plan and the Humana Puerto Rico Retirement Savings Plan, your voting rights are based on your interest in the amount of money you and the Company have invested in your Humana Common Stock Fund.

You may exercise these voting rights in almost the same way that stockholders may vote their Shares, but you have an earlier deadline, and you should provide your voting instructions to Broadridge. Broadridge will aggregate the votes of all participants and provide voting information to the Trustee for the applicable plan. If your voting instructions are received by 11:59 p.m. Eastern Time on Thursday, April 19, 2012, the Trustee will submit a proxy that reflects your instructions. If you do not give voting instructions (or give them late), the Trustee will vote your interest in the Humana Common Stock Fund in the same proportion as the Shares attributed to the Humana Retirement Savings Plan, or the Humana Puerto Rico Retirement Savings Plan, as applicable, are actually voted by the other participants in the applicable plan.

You should provide your instructions to Broadridge by using the Internet, registered holder telephone number (1-800-690-6903) or mail methods described above. **However, you cannot vote in person at the Annual Meeting.** Your voting instructions will be kept confidential under the terms of the Humana Retirement Savings Plan or the Humana Puerto Rico Retirement Savings Plan, as applicable.

Who will count the votes?

Broadridge will tabulate the votes cast by proxy, whether by proxy card, Internet or telephone. Additionally, the Company's Inspectors of Election will tabulate the votes cast at the Annual Meeting together with the votes cast by proxy.

Table of Contents

How do I revoke my proxy?

You have the right to revoke your proxy at any time before the meeting.

Your method of doing so will depend upon how you originally voted (a later vote will supersede any prior vote you made regardless of how that vote was made):

- 1) By Internet simply log in and resubmit your vote Broadridge will only count the last instructions;
- 2) By Telephone simply sign in and resubmit your vote Broadridge will only count the last instructions;
- 3) By Mail you must give written notice of revocation to Broadridge, 51 Mercedes Way, Edgewood, NY 11717 or by fax at 1-515-254-7733, submit another properly signed proxy with a more recent date, or vote in person at the Annual Meeting. For written and fax notices, you must include the control number that is printed on the upper portion of the proxy card.

What is the due date for stockholder proposals, including stockholder nominees for director, for inclusion in the Company's proxy materials for the 2013 Annual Meeting?

Stockholder proposals, including stockholder nominees for director, as permitted by SEC regulations for inclusion in our proxy materials relating to the 2013 Annual Meeting of Stockholders must be submitted to the Corporate Secretary in writing no later than November 12, 2012. Proposals should be submitted to Joan O. Lenahan, Vice President and Corporate Secretary, Humana Inc., 500 W. Main Street, 21st Floor, Louisville, Kentucky 40202.

May a stockholder present a proposal not included in our Proxy Statement at the April 26, 2012 Annual Meeting?

A stockholder can present a proposal at the Annual Meeting (a so-called "floor resolution") only if certain notice requirements are met. The SEC does not directly regulate meeting conduct. State law imposes only limited requirements, so meetings are governed by procedures set forth in our Bylaws. Humana's Bylaws require that a stockholder provide written notice of intent to bring a proposal no less than 60 days or more than 90 days prior to the scheduled date of the Annual Meeting of stockholders. If less than 70 days' notice of the Annual Meeting is given, written notice by a stockholder would be deemed timely if made no later than the 10th day following such notice of the Annual Meeting. A proposal must also meet other requirements as to form and content set forth in our Bylaws. Stockholder proposals should be sent to Joan O. Lenahan, Vice President and Corporate Secretary, Humana Inc., 500 West Main Street, 21st Floor, Louisville, Kentucky 40202. A copy of our Bylaws is available on our website. From the www.humana.com website, click on "Investor Relations," and then click on "Corporate Governance" on the left side of the page, and then click on the link entitled, "Bylaws" on the right side of the page.

How will Humana solicit votes and who pays for the solicitation?

Edgar Filing: HUMANA INC - Form DEF 14A

We have engaged D. F. King & Co., Inc. to assist in the distribution of proxy materials and solicitation of votes for approximately \$11,000 plus expenses. We have also engaged Broadridge to assist in the distribution of proxy

materials and the accumulation of votes through the Internet, telephone and coordination of mail votes for approximately \$180,000 plus expenses. We will reimburse stockbrokers, other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation material to our stockholders.

How can I obtain additional information about the Company?

Included with this Proxy Statement (either in printed form or on the Internet) is a copy of our Annual Report on Form 10-K for the year ended December 31, 2011, which also contains the information required in our Annual Report to Stockholders. Our Annual Report on Form 10-K and all our other filings with the SEC also may be accessed via the Investor Relations section on our website at www.humana.com. We encourage you to visit our website. From the www.humana.com website, click on Investor Relations, and then click on the report you wish to review under the SEC Filings & Financial Reports subcategory on the left side of the page.

Where can I find voting results for this Annual Meeting?

The voting results will be published in a current report on Form 8-K which will be filed with the SEC no later than four business days after the Annual Meeting. The voting results will also be published on our website at www.humana.com at the same time. From the www.humana.com website, click on Investor Relations, and then click on Corporate Governance on the left side of the page, and then click on the link entitled Voting Results of Annual Stockholders Meeting on the left side of the page.

What is householding ?

Householding occurs when a single copy of our Annual Report, Proxy Statement or Notice is sent to any household at which two or more stockholders reside if they appear to be members of the same family. Although we do not household for registered stockholders, a number of brokerage firms have instituted householding for Shares held in street name. This procedure reduces our printing and mailing costs and fees. Stockholders who participate in householding will continue to receive separate proxy cards, and householding will not affect the mailing of account statements or special notices in any way. If you wish to receive separate copies of our Annual Report, Proxy Statement or Notice in the future, please contact the bank, broker or other nominee through which you hold your Shares.

CORPORATE GOVERNANCE

Humana is committed to having sound corporate governance principles and operates within a comprehensive plan of corporate governance for the purpose of defining responsibilities, setting high standards of professional and personal conduct, and assuring compliance with such responsibilities and standards. Sound corporate governance is essential to running our business effectively and to maintaining our reputation of integrity in the marketplace. Our Board of Directors has adopted Corporate Governance Guidelines, which we refer to as the Guidelines, intended to comply with the requirements of Section 303A.09 of the NYSE Listed Company Manual. The Guidelines may be viewed on our website at www.humana.com. From the www.humana.com website, click on Investor Relations, then click on Corporate Governance on the left side of the page, and then click on the link entitled Corporate Governance Guidelines on the right side of the page.

Role of the Board and Board Leadership

Role of the Board

The business of the Company is managed under the direction of the Board, which is elected annually by the Company's stockholders. The basic responsibility of the Board is to lead the Company by exercising its business judgment to act in what each director reasonably believes to be the best interests of Humana and its stockholders, engaging in active and independent oversight of the management of the Company's business affairs and assets. In order to fulfill its responsibilities to the Company's stockholders, the Board, both directly and through its committees, regularly engages with management, ensures management accountability and reviews the most critical issues that face the Company, such as approval of the Company's strategy and mission, execution of the Company's financial and strategic goals, oversight of risk management, succession planning, and determination of executive compensation.

Board Oversight of Risk

While management is responsible for designing and implementing the Company's risk management process, controls and oversight, the Board, both as a whole and through its committees, has overall responsibility for oversight of the Company's risk management. The Board implements this risk oversight function both as a whole and through various committees. The full Board regularly reviews risks that may be material to the Company, including those detailed in the Audit Committee's reports and as disclosed in the Company's quarterly and annual reports filed with the SEC.

Audit Committee. Pursuant to its charter, and in compliance with applicable NYSE listed company rules, the Audit Committee is responsible for discussing the Company's policies with respect to overall risk assessment and risk management, with primary responsibility for monitoring risks with respect to the Company's accounting and financial reporting principles and policies and internal audit controls and procedures. To accomplish this, the Audit Committee regularly reviews with both internal Company personnel and independent auditors the risks that may be material to the Company, as well as major legislative and regulatory developments which could materially impact the Company's risks. The members of the Audit Committee meet separately with representatives of our independent audit firm and members of management in charge of internal controls and procedures with respect to financial reporting. The Company has also instituted a management Enterprise Risk Management Committee to assess the risks of the Company and coordinate with and report to the Audit Committee.

Table of Contents

Organization & Compensation Committee. The Board of Directors has delegated to the Organization & Compensation Committee the responsibility of assessing the risks associated with the Company's compensation practices and policies for employees, including a consideration of the counterbalance of risk-taking incentives and risk-mitigating factors in Company practices and policies.

The goal of these processes is to achieve serious and thoughtful board-level attention to the Company's risk management process and system, the nature of the material risks faced by the Company, and the adequacy of the Company's risk management process and system designed to respond to and mitigate these risks.

Board Leadership

Leadership of the Board is essential to facilitate the Board acting effectively as a working group to the benefit of the Company and its performance. The Board believes that the advisability of having a separate or combined chairman and chief executive officer positions is dependent upon the strengths of the individual or individuals that hold these positions and the most effective means of leveraging these strengths, in light of the challenges and circumstances facing the Company, which may change over time. At this time, given the composition of the Company's Board and the current challenges faced by the Company, the Board believes that the appropriate leadership structure for our Board is a combined Chairman and Chief Executive Officer, complemented by a strong independent Lead Director.

The role of the Chairman includes serving as Chair of regular sessions of the Board, running the Board process and ensuring effectiveness in all aspects of the Board's role, and leading the Board in anticipating and responding to crises.

The role of Lead Director is held by an independent director selected by the Board, and includes responsibility for:

coordinating the activities of the independent directors and acting as the principal liaison to the Chairman and Chief Executive Officer (although all directors continue to have access to management) for the view of, and any concerns and issues raised by, the independent directors;

convening, setting the agenda for, and presiding over all non-management executive sessions held by the Board;

presiding at all meetings of the Board when the Chairman is not present;

approving Board meeting agendas as well as the quality, quantity and timeliness of information sent to the Board;

approving Board meeting schedules to assure that there is sufficient time for discussion of all agenda items; and

leading the Board in its annual CEO evaluation (in conjunction with the recommendations of the Organization & Compensation Committee),

The Board believes that this separation of duties between a combined Chairman/Chief Executive Officer and independent Lead Director provides the right foundation to pursue the Company's strategic and operational objectives, while maintaining effective oversight and objective evaluation of the Company's performance.

Qualifications and Process for Nominating Directors

Director Qualifications

The Guidelines contain Board membership criteria that apply to nominees recommended by the Nominating & Corporate Governance Committee for a position on the Board. The Board has determined that each member of the Board (except Mr. McCallister, who is an employee of the Company) is independent according to criteria established in the Guidelines by the Board, and in accordance with requirements of the NYSE and the SEC. The members of the Organization & Compensation Committee must also meet the independence criteria of the Internal Revenue Code. The Nominating & Corporate Governance Committee reviews with the Board the requisite skills and characteristics for Board members. This assessment includes the desired experience, mix of skills and other qualities to assure appropriate Board composition, taking into account other Board members and the specific needs of the Company and the Board. Although the Board and the Nominating & Corporate Governance Committee do not have a policy with regard to the consideration of diversity in identifying director nominees, the director nomination process is designed to ensure that the Board includes members with diverse backgrounds, including race, ethnicity, gender, skills and experience, including appropriate financial and other expertise relevant to the Company's business. The goal of this process is to assemble a group of board members with deep, varied experience, sound judgment, and commitment to the Company's success. For a discussion of the individual experience and qualifications of our board members, please refer to the section entitled, "Proposal One: Election of Directors" in this proxy statement.

Identifying Nominees for Directors

The Board is responsible for selecting its own members and delegates the screening process for new directors to the Nominating & Corporate Governance Committee, with counsel from the Chairman and Chief Executive Officer, the Lead Director, and outside consultants as appropriate. The Committee utilizes a number of methods for identifying and evaluating nominees for Board membership. The Committee regularly assesses the appropriate size of the Board, and whether any vacancies are anticipated. The Committee considers potential candidates for director, which may come to the attention of the Committee through current Board members, professional search firms, stockholders, or other persons. The Nominating & Corporate Governance Committee selects candidates who possess a reputation and hold positions or affiliations befitting a director of a large publicly-held company, and are actively engaged in their occupations or professions or are otherwise regularly involved in the business, professional or academic community. In addition, from time to time, we engage a third-party search firm to assist the Board of Directors and the Nominating & Corporate Governance Committee in identifying and recruiting candidates for Board membership.

Stockholder Nominees

The policy of the Nominating & Corporate Governance Committee is to consider properly submitted stockholder nominations for candidates for membership on the Board as described below under "Identifying Nominees for Directors." In the course of evaluating nominations for Board membership, the Nominating & Corporate Governance Committee will look for individuals who have displayed high ethical standards, integrity, and sound business judgment, taking into account the current make-up of the Board and the specific needs of the Company and the Board. Stockholder nominations for election to the Board of Directors are governed by specific provisions in our Bylaws, a copy of which is available on our website at www.humana.com. From the www.humana.com website, click on "Investor Relations," and then click on "Corporate Governance" on the left.

side of the page, and then click on the link entitled, [Bylaws](#) on the right side of the page. The Bylaws require that a stockholder provide written notice of intent to nominate a candidate for director no less than 60 days or more than 90 days prior to the scheduled date of the Annual Meeting of stockholders. If less than 70 days' notice of the Annual Meeting is given, written notice by a stockholder would be deemed timely if made no later than the 10th day following such notice of the Annual Meeting. Any stockholder nominations proposed for consideration by the Nominating & Corporate Governance Committee should include, among other information required by the Bylaws, the nominee's name, qualifications for Board membership and compliance with our Director Resignation Policy discussed in this proxy statement and should be sent to: Joan O. Lenahan, Vice President and Corporate Secretary, Humana Inc., 500 West Main Street, 21st Floor, Louisville, Kentucky 40202.

Director Independence

The Guidelines contain independence standards to assist the Board in its determination of director independence. In addition, to qualify as independent under the Guidelines, the Board of Directors must affirmatively determine that a director has no material relationship with the Company, other than as a director.

Pursuant to the Guidelines, the Board undertakes an annual review of director independence. During this review, the Board considers transactions and relationships between each director or any member of his or her immediate family and the Company and its subsidiaries and affiliates, including transactions or relationships which could have been reported under [Certain Transactions with Management and Others](#) in this Proxy Statement. As provided in the Guidelines, the purpose of this review is to determine whether any such relationships or transactions are inconsistent with a determination that a director is independent.

In the course of this review for the current year, the Board specifically analyzed and discussed several matters:

- (1) a relationship between the Company and Pfizer Inc., or Pfizer, for which Frank A. D. Amelio, one of our current directors, serves as an executive officer;
- (2) a relationship between the Company and Endo Pharmaceuticals Inc., or Endo, for which Dr. David B. Nash, one of our current directors, serves as a director;
- (3) a relationship between the Company and Lexmark International, or Lexmark, for which W. Roy Dunbar, one of our current directors, serves as a director;
- (4) a relationship between the Company and JAPC, Inc., or JAPC, which is owned by the father of David A. Jones, Jr., one of our current directors;
- (5) a relationship between the Company and Chrysalis Ventures, LLC, or Chrysalis, for which David A. Jones, Jr., one of our current directors, serves as Chairman and Managing Director; and
- (6) a relationship between the Company and Main Street Realty, Inc., or Main Street Realty, which is owned by the father of David A. Jones, Jr., one of our current directors; and
- (7) business relationships between our subsidiary, Concentra Inc., and various companies for which our current directors serve as directors or executive officers.

Pfizer. The relationship between the Company and Pfizer consists of a negotiated rebate based on the volume of prescriptions of Pfizer drugs obtained by Humana members, an amount that includes Humana claims paid and the co-payments paid by our members for Pfizer drugs. These rebate amounts are significant. However, these payments to Humana from Pfizer result from activity with many intermediaries over whom

Edgar Filing: HUMANA INC - Form DEF 14A

Humana exercises no control (i.e. the providers who prescribe these medications, the distributors who sell to the retailers, and the retailers from which our members get prescriptions). In 2011, the rebate amounted to approximately \$132 million. We have also agreed to complete various research studies for Pfizer, for which we were paid an immaterial amount of fees by Pfizer in 2011.

Table of Contents

Endo. The relationship between the Company and Endo consists of a negotiated rebate similar to the volume rebate described above. In 2011, the rebate amounted to approximately \$9 million.

Lexmark. In 2011, the Company made payments to Lexmark for printing and imaging services. These payments were at a rate at least as favorable to the Company as market rates, and were in amounts that were not material. In addition, the Company received health care premium payments from Lexmark in an immaterial amount, and the premiums charged and benefits provided under these arrangements are comparable to those extended to our non-affiliated customers.

JAPC, Inc. In 2011, we provided hangar space, pilot services and maintenance for an airplane owned by JAPC, for which we were fully reimbursed by JAPC at a rate at least as favorable to the Company as market rates, which amounts were not material.

Chrysalis. In 2011, we received health care premium payments from Chrysalis in the aggregate amount of approximately \$150,000. The premiums charged and benefits provided under these arrangements are comparable to those extended to our other non-affiliated customers.

Main Street Realty. In 2011, we received health care premium payments from Main Street Realty in the aggregate amount of approximately \$271,000. The premiums charged and benefits provided under the arrangement are comparable to those extended to our other non-affiliated customers.

Concentra Relationships. In 2011, our subsidiary, Concentra Inc., received payments from various companies for which our current directors serve as directors or executive officers. In each case, the amounts charged and the occupational medicine, urgent care, physical therapy, and health and wellness services provided under the arrangements are comparable to those extended to other non-affiliated customers.

At the conclusion of its review, the Board affirmatively determined that in each case the relationship between the Company and Pfizer, the Company and Endo, the Company and Lexmark, the Company and JAPC, the Company and Chrysalis, the Company and Main Street Realty, and the Company's subsidiary Concentra Inc. and various director-related entities, was not material, was below the thresholds for independence prescribed by the NYSE, and did not impact the independence of any of our directors. Each director recused themselves from the independence assessment relative to himself or herself.

Consistent with these considerations, and based on its review of director independence in light of the standards contained in the Guidelines, the Board determined that each member of the Board of Directors (except Mr. McCallister, who is an employee of the Company) is independent.

discusses our policies with respect to risk assessment and risk management;

maintains free and open means of communication between the members of our Board of Directors, our independent registered public accounting firm, our internal audit department, our internal compliance department, and our financial management; and

annually evaluates its performance.

Corporate Governance Determinations

The Board of Directors has determined that each of the members of the Audit Committee at February 25, 2012 are independent according to SEC and NYSE requirements, and each are financially literate, as defined in the NYSE listing standards. The Board of Directors has determined further that Messrs. D Amelio, O Brien and Mitchell each meet the definition of audit committee financial expert.

The Report of the Audit Committee for the year ended December 31, 2011 is set forth in this Proxy Statement under the caption Audit Committee Report.

PricewaterhouseCoopers LLP, our independent registered public accounting firm, reports directly to the Audit Committee.

No member of the Board's Audit Committee serves on the audit committees of more than three publicly traded companies.

Organization & Compensation Committee

Committee Responsibilities

Pursuant to its charter, the Organization & Compensation Committee:

reviews and approves our goals and objectives relevant to the compensation of our Chief Executive Officer, or CEO, evaluates the CEO's performance in light of those goals and objectives, and, either as a Committee or together with the other independent directors, determines and approves the CEO's compensation level based on this evaluation;

makes recommendations to the Board with respect to the CEO's and other executive officers' base compensation, incentive-compensation plans and equity-based plans and approves programs for our executive officers;

approves equity-based grants to executive officers, and grants to other employees where Board approval is required under our applicable equity compensation program;

approves material elements of all employment, severance and Change in Control agreements for the executive officers;

reviews and discusses with management the Company's compensation plans and policies for all employees (including the Named Executive Officers) with respect to risk management and risk-inducing incentives;

ensures preparation of the Compensation Discussion and Analysis and the Compensation Committee Report as required by SEC regulations; and

annually evaluates its performance.

Scope of Authority, Processes and Procedures

The Organization & Compensation Committee acts on behalf of the Board of Directors to establish the compensation of our executive officers and provides oversight of our compensation philosophy, as described in this Proxy Statement under the caption "Compensation Discussion and Analysis." The role of the executive officers and the outside compensation consultant in establishing executive compensation is discussed in this Proxy Statement under the caption "Compensation Discussion and Analysis." Other than routine administrative matters, no executive compensation decisions are delegated to management.

Compensation Committee Interlocks and Insider Participation

No member of the Organization & Compensation Committee:

is or has ever been an officer or employee of the Company; or

is or was, during the last fiscal year, a participant in a related person transaction requiring disclosure under Item 404 of the SEC's regulations (see discussion in this Proxy Statement under the caption "Certain Transactions with Management and Others"); or

is an executive officer of another entity, at which one of our executive officers serves either as a director or on its compensation committee.

Compensation Risk Determination

In 2011, the Organization & Compensation Committee assessed the risks associated with the Company's compensation practices and policies for employees, including a consideration of the counterbalance of risk-taking incentives and risk-mitigating factors in Company practices and policies. Following this assessment, the Organization & Compensation Committee determined that the risks arising from the Company's compensation practices and policies are not reasonably likely to have a material adverse effect on the Company.

Nominating & Corporate Governance Committee

Pursuant to its charter, the Nominating & Corporate Governance Committee:

recommends to the full Board criteria for the selection and qualification of the members of the Board;

evaluates and recommends for nomination by the Board candidates to be proposed for election by the stockholders at each annual meeting;

seeks out and assists in the recruitment of highly qualified candidates to serve on the Board;

recommends for Board approval candidates to fill vacancies on the Board which occur between annual meetings;

develops, periodically reviews and recommends to the Board revisions to the Guidelines;

studies and reviews with management the overall effectiveness of the organization of the Board and the conduct of its business, and makes appropriate recommendations to the Board;

reviews the overall relationship of the Board and management;

reviews issues and developments pertaining to corporate governance; and

annually evaluates its performance.

Executive Committee

Pursuant to its charter, the Executive Committee possesses the authority to exercise all the powers of the Board of Directors except as otherwise provided by Delaware law and our Bylaws during intervals between meetings of the Board. The Executive Committee does not have the power, to, among other things, declare a dividend, issue stock, adopt a certificate of merger or sell substantially all of the Company's business.

Investment Committee

Pursuant to its charter, the Investment Committee:

establishes investment objectives and policies for our various investment portfolios and investment options available under various employee benefit plans;

reviews investment results; and

annually evaluates its performance.

Corporate Governance Policies

Majority Vote Policy

Under our Bylaws, a director nominee will be elected if the number of votes cast for the nominee exceeds the number of votes cast against the nominee. In contested elections, those in which a stockholder has nominated a person for election to the Board, the voting standard is a plurality of votes cast. The Board also adopted a policy to require the Board to nominate for election only nominees who agree that, if they are elected to the Board, they will tender an irrevocable resignation conditioned on, first, the failure to achieve the required vote for re-election at any future meeting at which they face re-election, and second, the Board's acceptance of their resignation following that election. In addition, the Board may fill director vacancies and new directorships only with candidates who agree to tender, promptly following their appointment to the Board, the same form of resignation tendered by other directors, as described above. The Nominating & Corporate Governance Committee will submit a recommendation for prompt consideration by the Board whether to accept the resignation. Any Director whose resignation is under consideration will abstain from participating in any decision regarding that resignation. The Board further amended the Bylaws to require stockholder nominees for director election to notify the Company whether or not such nominees intend to tender the same type of resignation required of the Board's director nominees.

Change in Director's Primary Position

The Board has adopted a policy requiring that a director whose primary position or affiliations change must promptly notify the Board and the Nominating & Corporate Governance Committee of the change so that a determination may be made as to the value of their continued service on the Board.

Director Stock Ownership Policy

The Board has adopted a retention policy requiring that any director compensation received in the form of Humana Inc. restricted stock or restricted stock units must be held until the director no longer serves as a member of the Board.

Director Attendance

The Board has developed a number of specific expectations of directors to define their responsibilities and to promote the efficient conduct of the Board's business. With respect to the level of commitment expected of directors and related attendance protocols, as part of the Guidelines, the Board formally adopted a policy that all directors should make every effort to attend all meetings of the Board and the Committees of which they are members, and the Company's Annual Meeting of Stockholders. Attendance by telephone or video conference may be used to facilitate a Director's attendance.

Edgar Filing: HUMANA INC - Form DEF 14A

During 2011, the Board of Directors met nine times. All directors attended at least 75% of the scheduled Board of Directors meetings and meetings held by Committees of which they were members. All director nominees who were directors in April 2011, attended the Annual Meeting of Stockholders held April 21, 2011, except Mr. D. Amelio, Chief Financial Officer for Pfizer, Inc., who had a conflict with the Pfizer, Inc. Annual Shareholders meeting.

Executive Sessions of Non-Management Directors

In 2011, our non-management directors held regularly scheduled, formal executive meetings, separate from management. Additional executive sessions of the Board are held as necessary or appropriate or upon the request of the Lead Director, the Nominating & Corporate Governance Committee or any two other non-management directors. In addition, our non-management directors who qualify as independent within the meaning of our director independence guidelines meet in executive session at least once annually, and, in fact, met in 2011 in connection with each regularly scheduled Board of Directors meeting. Executive sessions are led by the Lead Director, who is required by our Corporate Governance Guidelines to be an independent director.

Code of Ethics and Code of Business Conduct

The Company has adopted the Code of Ethics for the Chief Executive Officer and Senior Financial Officers, which we refer to as the Executive Code of Ethics, violations of which should be reported to the Audit Committee. The Executive Code of Ethics may be viewed on our website at www.humana.com. Any amendment to or waiver of the application of the Executive Code of Ethics will be disclosed within four days of the waiver on our website at www.humana.com. To see either the Executive Code of Ethics or any amendments or waivers, go to www.humana.com website, then click on Investor Relations, then click on Corporate Governance on the left side of the page, and then click on the relevant links on the right side of that page.

In addition, we operate under the omnibus Humana Inc. Principles of Business Ethics, which we refer to as the Principles of Business Ethics, which includes provisions ranging from restrictions on gifts to conflicts of interest and applies to all associates (including officers) and directors. The Humana Ethics Office is responsible for the design and enforcement of our ethics policies. The Humana Ethics Office has created an Ethics Plan, the goal of which is to create a workplace climate in which ethics is so integral to day-to-day operations that ethical behavior is self-enforcing. All employees are required annually to review and affirm in writing their acceptance of the Principles of Business Ethics. The Principles of Business Ethics may be viewed on our website at www.humana.com. Any waiver for directors or executive officers from the provisions of the Principles of Business Ethics must be made by the Board of Directors, and will be disclosed within four days of the waiver on our website at www.humana.com. To see either the Principles of Business Ethics or any waivers, go to www.humana.com, then click on Investor Relations, then click on Corporate Governance on the left side of the page, and then click on the relevant links on the right side of that page.

Policy Regarding Transactions in Company Securities

The Company has historically prohibited executive officers from engaging in hedging transactions using Company stock. In 2010, the Board adopted a policy prohibiting all associates (including executive officers) from: (1) engaging in short sales of Company securities; or (2) engaging in transactions in puts, calls or other derivative securities designed to hedge or offset any decrease in the market value of the Company's equity securities, on an exchange or in any other organized market. This policy also applies to all directors.

Director Skills & Qualifications

In evaluating a director candidate, the Committee considers factors that are in the best interests of the Company and its stockholders, including the knowledge, experience, integrity and judgment of each candidate, the potential contribution of each candidate to the diversity of backgrounds, experience and competencies which the Board desires to have represented, each candidate's ability to devote sufficient time and effort to his or her duties as a director, independence and willingness to consider all strategic proposals, and any core competencies or technical expertise necessary to staff Board committees. In addition, the Committee assesses whether a candidate possesses the integrity, business judgment, knowledge, experience, skills and expertise that are likely to enhance the Board's ability to manage and direct the affairs and business of the Company. We believe that the current Board members not only have and demonstrate these attributes, but also have a deep commitment to the Company's success, as evidenced by the key qualifications, skills and experiences of each director described below.

The information given in this Proxy Statement concerning the nominees is based upon statements made or confirmed to the Company by or on behalf of the nominees.

Director Nominees Biographies

Frank A. D Amelio was initially elected to the Board in September 2003. He is Executive Vice President, Chief Financial Officer and Business Operations of Pfizer Inc, having held this position since December 2010, and having served as Chief Financial Officer since September 2007. Prior to that, Mr. D Amelio was Senior Executive Vice President of Integration and Chief Administrative Officer at Alcatel-Lucent from December 2006 to August 2007, and Chief Operating Officer of Lucent Technologies Inc. from March 2006 to November 2006. From May 2001 until February 2006, he was Executive Vice President, Administration and Chief Financial Officer of Lucent. Mr. D Amelio also serves on the board of directors of the Independent College Fund of New Jersey.

The Board believes that Mr. D Amelio's skills, global experience and proven leadership in both financial and operational roles contribute greatly to the Board's composition. As a senior executive at various global companies undergoing the kind of rapid and complex changes that the Company has undertaken in response to the rapidly changing markets and regulatory environment, Mr. D Amelio has extensive knowledge of the capital markets as well as broad experience working with the investment community, regulatory bodies and rating agencies.

W. Roy Dunbar was initially elected to the Board in April 2005. Mr. Dunbar was the Chairman of the Board of NetworkSolutions, and was the Chief Executive Officer from January 2008 to November 2009. Mr. Dunbar also served as the President of Global Technology and Operations for MasterCard Incorporated from September 2004 until January 2008. Mr. Dunbar worked at Eli Lilly and Company for 14 years, latterly as President of Intercontinental Operations from 2003 until he joined MasterCard, and Chief Information Officer from 1999 to 2003. Mr. Dunbar also serves on the Board of Directors of iGate Corporation and the Board of Directors of Lexmark International.

The Board believes that Mr. Dunbar's innovative, consumer-focused approach to information technology at a variety of global companies brings a valuable advantage to the Board. The Board benefits from Mr. Dunbar's expertise in leading companies focused on the development of information systems that are easy for consumers to understand and use effectively, which is critical to the Company's extension of its position as a leader in health care information technology. Mr. Dunbar's extensive experience in health care over three decades further contributes to the strategic composition of the Board.

Kurt J. Hilzinger was initially elected to the Board in July 2003, and was elected as Lead Director in August 2010. Mr. Hilzinger is a Partner at Court Square Capital Partners, LP, having held this position since November 2007. Prior to that, he was a Director of AmerisourceBergen Corporation from March 2004 to November 2007; and was also President and Chief Operating Officer of AmerisourceBergen Corporation from October 2002 to November 2007, having previously served as Executive Vice President and Chief Operating Officer of AmerisourceBergen Corporation from August 2001 to October 2002.

Edgar Filing: HUMANA INC - Form DEF 14A

The Board believes that Mr. Hilzinger is a strong operating executive with a finance and strategic background, whose operational experience and financial expertise in the health care sector contributes valuable insight to the Board.

David A. Jones, Jr. was initially elected to the Board in May 1993 and served as Chairman of the Board of the Company from April 2005 through August 2010, and Vice Chairman of the Board from September 1996 through April 2005. He is Chairman and Managing Director of Chrysalis Ventures, LLC, headquartered in Louisville, Kentucky.

As a successful venture capitalist, the Board believes that Mr. Jones brings strategic insight and leadership and a wealth of experience in health care to the Board, both in the Company's core businesses as well as in emerging technologies and business models.

Michael B. McCallister was appointed Chief Executive Officer of the Company and to the Board of Directors of the Company in February 2000, and was elected Chairman of the Board of Directors in August 2010. Mr. McCallister joined the Company in June 1974. Since December 2011, Mr. McCallister has served on the Board of Directors of Fifth Third Bancorp. In 2008, Mr. McCallister also served on the Board of Directors of National City Corporation until its merger with PNC Financial Services Group on December 31, 2008.

As a 37-year veteran of the Company, the Board believes that Mr. McCallister brings an unparalleled depth of experience in the health care sector combined with an intimate knowledge of the operational, financial and strategic development of the Company.

William J. McDonald was initially elected to the Board in October 2007. Mr. McDonald is Executive Vice President, Brand Management of Capital One Financial Corporation, having held that position since 1998.

The Board believes that Mr. McDonald's service in various senior executive marketing positions contributes significant experience and expertise in marketing and related disciplines.

William E. Mitchell was initially elected to the Board in April 2009. Mr. Mitchell is the managing partner of Sequel Capital Management, LLC. Prior to that, Mr. Mitchell served as the Chairman of the Board of Directors of Arrow Electronics, Inc. from May 2006 until December 31, 2009, and also served as President and Chief Executive Officer of Arrow Electronics, Inc. from February 2003 to May 1, 2009. Mr. Mitchell also serves on the Board of Directors of Brown-Forman Corporation, Rogers Corporation, and Spansion, Inc.

The Board believes that Mr. Mitchell's insights and experience running a complex global public company, as well as his significant experience in the governance of large publicly-traded corporations, will be valuable in helping to guide the Company in the years ahead.

Table of Contents

David B. Nash, M.D. was initially elected to the Board in December 2009, effective January 1, 2010. He is the founding dean of the Jefferson School of Population Health, located on the campus of Thomas Jefferson University in Philadelphia, Pennsylvania, having taken that position in 2008. Previously, Dr. Nash was the Chairman of the Department of Health Policy of the Jefferson Medical College from 2003 until 2008. Dr. Nash also serves on the board of directors of Endo Pharmaceuticals Holdings, and previously served on the boards of Itrax Corporation and InforMedix.

The Board believes that Dr. Nash brings a unique and compelling set of attributes that enhance the Company's ability to help people achieve lifelong well-being. As a widely recognized innovator in an emerging medical discipline that unites population health, health policy, and individual health, Dr. Nash is internationally recognized for his work in outcomes management, medical staff development and quality-of-care improvement.

James J. O'Brien was initially elected to the Board in April 2006. Since 2002, Mr. O'Brien has been the Chairman of the Board and Chief Executive Officer of Ashland Inc. Prior to being named to this position, Mr. O'Brien was President and Chief Operating Officer of Ashland Inc., and before that, Senior Vice President and Group Operating Officer. He currently serves on the Board of Directors of Ashland Inc.

As a highly respected leader in the global business community with an extraordinary track record of success, the Board believes that Mr. O'Brien's breadth of management experience and international perspective adds valuable expertise and insight to the Board.

Marissa T. Peterson was initially elected to the Board in August 2008. Ms. Peterson was formerly Executive Vice President, Worldwide Operations, Services & Customer Advocacy for Sun Microsystems Inc. in Santa Clara, California, until her retirement in 2005 after 17 years with the company. She currently runs an executive coaching practice focused on helping grow and develop leaders in the high-technology space. Ms. Peterson currently serves on the board of directors for Ansell Limited, Oclaro Inc. and Quantros, and previously served on the board of directors of SUPERVALU INC., Lucile Packard Children's Hospital at Stanford, and the board of trustees of Kettering University.

The Board believes that Ms. Peterson's operating and consumer-focused leadership, and experience developing and managing programs designed to help companies reduce the time, cost and risk of transforming their businesses by leveraging technology to architect, implement and maintain customers network computing infrastructures, bring valuable insights to the Board. Her commitment to a customer first ethic at Sun Microsystems Inc. established an industry leadership position for high quality and cost-effective product execution to a global customer base, a commitment that aligns with the Company's focus on consumerism.

Vote Required and Recommendation of the Board of Directors

A director nominee will be elected if the number of votes cast for the nominee exceeds the number of votes cast against the nominee. Shares not present at the Annual Meeting and shares voting abstain or broker non-votes have no effect on the election of directors. Under the Company's Majority Vote Policy, following election to our Board of Directors, a director is required to submit his or her irrevocable resignation to our Board of Directors, conditioned upon (i) the director not achieving the requisite stockholder vote at any future meeting at which they face re-election, and (ii) acceptance of the resignation by the Board of Directors following that election. The Board of Directors has 90 days to determine whether or not to accept the director's resignation and to report this information to our stockholders.

FOR THE REASONS STATED ABOVE, THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS VOTE FOR ALL NOMINEES.

- (1) Under the Humana Inc. Deferred Compensation Plan for Non-Employee Directors, which we refer to as the Deferred Compensation Plan, non-employee directors may make an irrevocable election each year to defer compensation paid to them by the Company in the form of cash or stock for services rendered as Board members. Messrs. D. Amelio, Dunbar, Hilzinger, McDonald, Mitchell, O'Brien, Dr. Nash, and Ms. Peterson each deferred their stock compensation for 2011. Since January 1, 2009, a director electing to defer cash can choose any of the investment options offered in the Deferred Compensation Plan using Charles Schwab's Retirement Plan Services, including the Humana Common Stock Fund. Messrs. Jones, McDonald, and Dr. Nash elected to defer their cash compensation under the Schwab program in 2011.
- (2) On January 3, 2011, when the fair market value of our common stock was \$55.44 each director in office at that time, other than Mr. McCallister, was granted a stock award of 2,255 shares, representing the annual grant of \$125,000 in common stock. On August 26, 2011, the Board, upon the recommendation of the Organization & Compensation Committee, approved a revised schedule for director compensation that increased the annual retainer from \$75,000 and increased the directors' annual stock award from \$125,000, in each case effective September 30, 2011. On September 30, 2011, when the fair market value of our common stock was \$73.79 each director in office at that time, other than Mr. McCallister, was granted a stock award of 204 shares, representing the \$15,000 increase in annual stock compensation under the 2011 Directors Compensation Program. The amount shown in column (c) above is the grant-date fair market value less the par value of \$0.1667 per share times the number of shares awarded, as further discussed under Compensation Policies Based on Certain Tax and Accounting Rules, plus any dividends or dividend equivalent units accrued on such shares.
- (3) Vested RSUs with a payout deferral made by the director accrue quarterly dividends that are reinvested into the director's account as additional RSUs and will be included in the final RSU payment when the shares are issued in accordance with the director's payout

election. This column includes dividend equivalent units that have accrued through December 31, 2011.

- (4) Outside Directors did not receive any stock options as part of the 2011 Directors Compensation Program.
- (5) Outside Directors did not receive any non-equity incentive plan compensation as part of the 2011 Directors Compensation Program.
- (6) A director who is not an employee must retire at the annual meeting following his or her seventy-third birthday. Non-employee directors elected subsequent to 1997 do not receive any retirement benefits. As he was first elected to the board in 1993, David A. Jones, Jr. is the only director nominee that will have retirement benefits under this former retirement policy, including: (A) at the director's election, either: (x) an annual retirement benefit for the life of the director in the amount of \$38,000, the annual retainer fee in effect for 1997; or (y) in lieu thereof, an actuarially equivalent joint and survivor annuity payment; and (B) an annual matching charitable contribution benefit of \$19,000 for the life of the director. The Retirement Plan present values were determined based on a discount rate of 3.95% and a post-retirement mortality assumption using the RP-2000 Mortality Tables for males and females projected to 2012, with 100% white collar adjustment. No pre-retirement mortality is assumed.

- (7) We pay for or reimburse our directors travel, lodging and other reasonable out-of-pocket expenses in connection with attendance at board, committee and stockholder meetings. From time to time, we may transport one or more directors to and from such meetings or other Company business on company aircraft. We also reimburse the director for other reasonable expenses related to board service, such as director education, which amounts are not included in the table above. In addition, we paid certain local occupational taxes and life and accidental death insurance premiums per outside director, in each case as disclosed below, and provided a matching charitable gift program. Directors may elect to participate in the medical and dental benefit programs offered to all our employees at a comparable rate as paid by employees. In 2011, Messrs. Dunbar and Mitchell, and Ms. Peterson, elected to participate. The All Other Compensation amount above includes the following amounts:

Table of Contents**STOCK OWNERSHIP INFORMATION****Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Securities Exchange Act of 1934, or the Exchange Act, requires our directors and executive officers, and persons who beneficially own more than ten percent of a registered class of our equity securities, to file with the SEC and the NYSE reports of ownership and reports of changes in ownership of our common stock and our other equity securities. These reports generally are due within two business days of the transaction. Executive officers, directors, and greater than ten percent stockholders are required to furnish us with copies of all the forms they file.

During the year ended December 31, 2011, based upon our knowledge of stock transfers, a review of copies of these reports and written representations by persons subject to Section 16(a) as furnished to us, all executive officers, directors, and greater than ten percent beneficial owners of our common stock complied with Section 16(a) filing requirements applicable to us. We have a program to oversee the compliance of our executive officers and directors in their reporting obligations.

Security Ownership of Certain Beneficial Owners of Company Common Stock

We know of no person or entity that may be deemed to own beneficially more than 5% of our outstanding common stock except for:

COMPENSATION DISCUSSION AND ANALYSIS

This Compensation Discussion and Analysis discusses in detail our compensation policies and practices, describing each element of compensation and the decision-making process that supports it. It addresses how we compensate our Named Executive Officers, and how we uphold our compensation philosophy through a governance system that includes internal oversight as well as expert independent outside review. We believe that our compensation policies and practices achieve our compensation goals, and that the total mix of compensation provided to our Named Executive Officers is consistent with a philosophy of motivation and reward for actual achievements.

Executive Summary

Humana's Compensation Philosophy

The compensation program for our Named Executive Officers supports our philosophy that compensation should be market-based, competency-paced and contribution-driven. Our compensation programs are designed to challenge participants as well as reward them for superior performance for our Company and our stockholders. In furtherance of this philosophy, we believe that our compensation program must:

Be competitive to attract, motivate and retain highly qualified executives;

Provide appropriate rewards for outstanding financial and individual performance in support of our business strategy; and

Align executives' interests with those of our stockholders by including a significant portion of executive pay that is at risk in the form of both annual incentive awards that are paid, if at all, based on Company performance, and, in the case of longer term incentive awards, tied closely to increases in the Company's stock price.

Humana's 2011 Performance

Humana, one of the country's leading health care companies, offers a wide range of insurance products and health and wellness services that incorporate an integrated approach to lifelong well-being. By leveraging the strengths of our core businesses, we believe we can better explore opportunities for existing and emerging adjacencies in health care that can further enhance wellness opportunities for the millions of people across the nation with whom we have relationships.

Our 2011 earnings per share of \$8.46, compared with \$6.47 per share in 2010, reflected strength in key areas of strategic focus. Our operational discipline led to significant Medicare membership growth, further progress on our 15 percent solution (our commitment to provide Medicare medical benefits for at least 15 percent less than it costs the federal government for comparable benefits in traditional Medicare, with the same or better quality) and continued focus on prudent administrative spending. Revenues increased to \$36.8 billion from \$33.6 billion in 2010. Medical membership of 11.2 million at December 31, 2011 compared to 10.3 million a year earlier and included Medicare Advantage membership growth of 11 percent. Specialty membership of 7.3 million which includes members with dental, vision, and other supplemental benefits was slightly higher than the prior year, despite the continuation of a tight economic environment for many employers.

Table of Contents

Humana's Compensation Program: Strong Corporate Governance

Highlighted below are some of the key elements of our compensation program that the Board's Organization & Compensation Committee, which we refer to as the Committee, believes evidence strong corporate governance and prudent compensation decisions:

Pay for Performance. The key elements of direct executive compensation—salary, cash incentives, and equity awards—are designed to put a substantial portion of executive pay at risk to motivate and challenge our executives to achieve positive returns for our stockholders. In 2011, 74% of the direct compensation of our named executive officers was at risk, in the form of annual incentive and long-term incentive compensation. For the fiscal year ended December 31, 2011, our earnings per share increased to \$8.46, resulting in performance of approximately 146% of the target earnings per share goal of \$5.80 under our annual cash incentive program.

Internal and External Benchmarking. We benchmark our executive compensation both against other publicly traded companies that are comparable to us and within our company to ensure relativity of competitive pay between all executive officers.

Recoupment. Our clawback provision allows us to recoup cash-based incentives earned by an executive officer in the event of a material restatement of the Company's financials as a result of misconduct or fraud on the part of that executive officer.

Committee Independence. All members of the Committee are independent according to Securities and Exchange Commission and New York Stock Exchange independence standards. Our independent compensation consultant, Frederic W. Cook & Co., Inc., or Cook, is retained directly by and reports to the Committee, and provides no additional services to the Company.

Stock Ownership Guidelines. Our stock ownership guidelines for executive officers links a significant amount of each executive's current and potential future net worth to the Company's success, as reflected in the stock price, to give the executive a stake similar to that of our stockholders. According to the guidelines, any shares owned by an executive officer (or shares received upon the exercise of options or vesting of restricted stock, less an amount to cover current tax liabilities) must be held by the executive officer until the relevant ownership level is reached and thereafter maintained.

Hedging. The Company prohibits all associates, including executive officers, from: (1) engaging in short sales of Company securities; or (2) engaging in transactions in puts, calls or other derivative securities designed to hedge or offset any decrease in the market value of the Company's equity securities, on an exchange or in any other organized market.

Our Compensation Program

Compensation Philosophy

Edgar Filing: HUMANA INC - Form DEF 14A

Our Named Executive Officer compensation includes direct compensation that is:

Market-based Competitive with our peer group and general industry standards, with total compensation targeted on average at market medians, but typically ranging from the 25th to 75th percentiles, depending on the level of competency and contribution;

Competency-paced Flexible enough to match the progress of fast-rising performers but resistant to salary advancement for those whose competency level has remained static; and

Humana Inc. *2012 Notice of Annual Meeting of Stockholders and Proxy Statement* 33

Table of Contents

Contribution-driven Reward those who make a difference, creating meaningful compensation distinctions among different levels of performance and achievement, while avoiding annual compensation actions that foster an entitlement mentality. Named Executive Officer compensation also includes indirect compensation in the form of a mix of cost-effective benefit programs that promote security and well-being, including health benefits, life and disability coverage that provides income protection, retirement plans, and services accessed or purchased on a group basis to assist in the maintenance of an appropriate work/life balance.

In determining compensation for our Named Executive Officers, other than our Chief Executive Officer, the Committee solicits input from the Chief Executive Officer regarding the duties and responsibilities of the other Named Executive Officers and the results of his evaluations of their performance. The Chief Executive Officer, with guidance from the Chief Human Resources Officer, discusses with the Committee the Chief Executive Officer's recommendations for the compensation of his direct reports and the rationale for those recommendations. The Committee's independent consultant, Cook, provides guidance to the Committee when determining the compensation of the Chief Executive Officer and the other Named Executive Officers. The Committee independently makes all compensation decisions.

Compensation Risk Determination

In 2011, the Organization & Compensation Committee assessed the risks associated with the Company's compensation practices and policies for employees, including a consideration of the counterbalance of risk-taking incentives and risk-mitigating factors in Company practices and policies. Following this assessment, the Organization & Compensation Committee determined that the risks arising from the Company's compensation practices and policies are not reasonably likely to have a material adverse effect on the Company.

External Benchmarking

We benchmark our compensation practices to other publicly traded companies that are comparable to us in significant ways. For Named Executive Officers, we use comparisons from competitors within our peer group, based on revenue size and market capitalization, as well as our closest industry competitors. Using different screening criteria (e.g., line of business, industry, market cap, etc.) yields multiple perspectives that enrich our understanding of competitive executive pay practices. Company comparators are reviewed every year to ensure continued appropriateness of our compensation program. We believe benchmarking with reference to comparable companies provides the Company with the most comprehensive means of ensuring that our senior-level compensation is market-competitive.

For 2011, companies included in our peer group are those:

- (i) with whom we compete for talent; and
- (ii) whose revenues, market capitalization, and business focus are similar to the Company's.

Table of Contents

In June 2011, the Committee approved the following peer group of public companies to serve as our peer group:

Aetna Inc.	Express Scripts, Inc.	The Travelers Companies, Inc.
AFLAC Inc.	Genworth Financial Corp.	UnitedHealth Group, Inc.
Allstate Corp.	Health Net, Inc.	Unum Group
CIGNA Corporation	MedcoHealth Solutions, Inc.	Wellpoint, Inc.
CNA Financial Corporation	Principal Financial Group, Inc.	
Coventry Health Care, Inc.	Progressive Corp.	

We use this competitive market data and the overall performance of the Company as the starting points for our analysis, conducted with the assistance of the Committee’s independent consultant, Cook. In addition, the Committee takes into consideration an executive’s overall performance, his or her potential, the presence of any unique or hard-to-replace skills, as well as the executive’s judgment, leadership ability and competencies. The performance of the executive’s business function and his or her ability to build teams and develop talent are also important factors.

Internal Benchmarking

The total compensation of each Named Executive Officer is also determined based in part on an internal benchmarking that considers the relativity of pay between all the Named Executive Officers and the total compensation of the Chief Executive Officer. The Company and the Committee believe that appropriate internal pay equity:

- (i) leads to better employee relations and a stronger company, as it avoids a disconnect in compensation across a group of Named Executive Officers that must work together as a cohesive team;
- (ii) is economical, as it provides the Committee with a more balanced check of total compensation, rather than relying solely on external benchmarking data that may only compare each pay element independently; and
- (iii) mitigates market bias that may favor certain positions but does not reflect their relative importance to the Company.

The Company prepares tally sheets for all of its executive officers for consideration by the Committee as it determines whether executive compensation decisions are appropriate in the context of the Company’s compensation philosophy and performance. Tally sheets summarize current actual and target compensation, equity holdings (stock options and restricted stock), retirement and deferred compensation values, and potential payouts upon termination of employment.

Each year, our Chief Executive Officer conducts an informal analysis of internal pay equity, taking into account each Named Executive Officer’s individual contributions, performance, potential, skills, judgment, leadership ability and competencies, and makes a recommendation to the Committee regarding relativity of compensation. Although the Committee does not have established target ratios or a formula for calculating the relative compensation of the Chief Executive Officer as compared to each Named Executive Officer, or for each Named Executive Officer as compared to any other, the Committee does, in its discretion, review historical pay ratios to ensure that the compensation of one Named Executive Officer has not unintentionally risen in a disproportionate manner relative to the others. Following a subjective discussion among the Committee, the Chief Executive Officer and Cook, the Committee considers this informal analysis of internal pay equity in making executive compensation decisions. For 2011, the Committee concluded that the relative levels of compensation among the Named Executive Officers were appropriate.

Elements of Compensation

The discussion below provides information about the various elements of our 2011 compensation program for our Named Executive Officers, including base salary, annual cash incentives, equity awards, retirement plans, severance, and perquisites.

At a Glance Our Primary Compensation Elements

Compensation Element	Objective	Key Features
Base Salary	Ensure the attraction, development and retention of superior talent while also taking into account an individual executive's performance.	Represents the fixed portion of the total compensation package, determined based on: <ul style="list-style-type: none"> overall Company performance; individual Named Executive Officer performance; internal pay equity; changes in individual Named Executive Officer responsibilities; and relevant external benchmarking.
Annual Cash Incentive	Ensure that a portion of each Named Executive Officer's compensation is risk-linked by linking such portion of compensation to certain key performance objectives.	We use performance-based annual incentive awards to recognize the achievement of annual Company results and align our Named Executive Officers with the same incentives as our stockholders. The amounts paid are based on percentages of 2011 base earnings that: <ul style="list-style-type: none"> are paid at threshold, target and maximum levels based on the attainment of pre-established earnings per share objectives;
	Motivate and reward achievement of short-term financial, operational and strategic business goals.	

were established through a process of external benchmarking of total compensation against our external peer group; and

reflect our philosophy of targeting total compensation at the median, while recognizing that a significant percentage of total compensation should be performance-based.

Equity Awards

Provide a vital link between the long-term results achieved for our stockholders and the financial rewards provided to our Named Executive Officers.

We use a mix of stock options and restricted stock awards to compensate our Named Executive Officers, which we believe provides an appropriate balance between inducement, retention and motivation of executives and the creation of stockholder value.

The amounts and terms of equity awards are set by the Committee following a review of stock programs and competitive practices at peer companies, along with an analysis of equity cost.

Compensation of our President

As previously disclosed, on November 2, 2011, we entered into an employment agreement with Mr. Bruce D. Broussard, our President, which we refer to as the Broussard Employment Agreement. The Broussard Employment Agreement provides for the following compensation elements:

Annual base salary of not less than \$900,000

Target annual incentive equal to 150% of his base salary and a maximum annual incentive equal to 150% of his target incentive (i.e., 225% of his base salary)

An initial grant of 78,930 shares of restricted common stock of the Company and options to purchase 107,534 shares of common stock of the Company, with no current expectation of additional grants of equity until 2013

Participation in all benefit plans, including retirement plans and perquisites, made available by the Company to other senior executives

In assessing the reasonableness of the package offered to Mr. Broussard, the Committee took into account an evaluation of his responsibilities and experience, the compensation packages of companies experiencing executive leadership transitions similar to ours, compensation packages for new executive officers at peer and other public companies, amounts that Mr. Broussard was forfeiting at his prior employer, publicly-available executive compensation information of peer companies, internal pay equity, competitive market and retention objectives, severance package best practices, and incentives needed to continue to motivate and reward exceptional performance by our executive officers.

Base Salary

Base salary for our Named Executive Officers is determined by an assessment of:

overall Company performance;

individual Named Executive Officer performance;

internal pay equity;

changes in individual Named Executive Officer responsibilities; and

relevant external benchmarking.

While vital aspects of performance can be measured in financial terms, we also evaluate executive management in areas that must be assessed more subjectively. These areas include the development and execution of strategic plans, the exercise of leadership in the development of management talent, innovation and improvement in our products and processes, as well as the executive's involvement in industry groups and in the communities that we serve.

Base salary levels are established to ensure the attraction, development and retention of superior talent while also taking into account an individual executive's performance. For Messrs. McCallister, Broussard, Bloem, and Murray, base salaries were established, in conjunction with other components of total compensation, to approximate the market median. Mr. Rajamannar, who was hired in 2009, received an initial base salary above the market median percentile in order to secure his services in our highly competitive market.

As in prior years, the Committee reviewed base salary information developed by our human resources associates and Cook to establish market median data. We generally target the market median when establishing individual salaries, and they typically range from the 25th to the 75th percentile. The information reviewed by the

Committee suggested that the market median data for competitive base salaries in our peer group had increased by approximately 5.3% from 2010 to 2011, and by approximately 2-3% from 2011 to 2012. For 2011, the Committee awarded a base salary increase of 3% to our Named Executive Officers (with the exception of Mr. Broussard, whose employment commenced on December 1, 2011). Base salaries of the Named Executive Officers in 2011 (based upon actual amounts paid in 2011, with the exception of Mr. Broussard), and their relationship to market medians, are listed in the table below.

Named Executive Officer	2011 Base Salary ⁽¹⁾	2011 Market Median ⁽²⁾
Michael B. McCallister	\$1,056,875	\$1,100,000 ⁽³⁾
Bruce D. Broussard	\$900,000	\$1,100,000 ⁽³⁾
James H. Bloem	\$573,250	\$625,000
James E. Murray	\$702,478	\$725,000
V. Rajamannar Madabhushi	\$559,418	\$649,000

(1) As previously disclosed, on November 4, 2011, the Company announced that it had entered into an employment agreement with Mr. Broussard to serve as President of the Company with an annual base salary of not less than \$900,000, and that the base salaries of Messrs. Bloem and Murray for 2012 had increased to \$625,000 and \$750,000, respectively. For 2012, the Committee has awarded Messrs. McCallister and Rajamannar a base salary increase of 3%, to \$1,085,000 and \$575,500, respectively. For each Named Executive Officer, except for Mr. Broussard, the amounts disclosed represent the actual amounts paid in 2011. For Mr. Broussard, the amount disclosed is his annual base salary as of December 31, 2011.

(2) Based on relevant external benchmarking and the proxy statements of the peer group in December 2011.

(3) For 2011, the majority of our peer group against which we conducted our external benchmarking does not distinguish between the roles of chief executive officer and president. As previously disclosed, Mr. Broussard was hired as the President and as the eventual successor to Mr. McCallister as Chief Executive Officer, and therefore both the compensation package offered to Mr. Broussard and the benchmarking for his position reflect that level of responsibility.

Annual Cash Incentives*Incentive Plan Objectives*

Our annual incentive compensation plans ensure a portion of each Named Executive Officer's compensation is at risk by linking such portion of compensation to certain key performance objectives and rewarding them, when appropriate, for their efforts in optimizing our profitability and growth consistent with sound and ethical business practices and appropriate risk-taking.

Description of the Plan for Named Executive Officers

The Humana Inc. Executive Management Incentive Compensation Plan, which we refer to as the Management Incentive Plan, is administered by the Committee. The Committee annually selects those executive officers and other key executives eligible to participate in the Management Incentive Plan and establishes specific performance targets based on predetermined business goals, and an objective formula or standard to determine the minimum and maximum awards payable to each participating executive. The Committee has sole discretion to determine the form, amount and terms of each award, which need not be uniform among the persons eligible to receive awards. The Committee may determine at the time the performance targets are established that certain adjustments will be made in evaluating whether the performance targets have been met (e.g., disposition or acquisition of a business, gains or losses resulting from material litigation, or the effect of changes in accounting

principles during the performance period). During 2011, our Named Executive Officers participated in the Management Incentive Plan (with the exception of Mr. Broussard, who was not eligible to participate).

Humana Inc. *2012 Notice of Annual Meeting of Stockholders and Proxy Statement* 38

Table of Contents*2011 Management Incentive Plan Compensation*

For all Named Executive Officers, the 2011 performance target was based on the attainment of a pre-established earnings per share, or EPS, objective. The Committee selected this single performance target because it believed that those individuals with the greatest responsibility for the strategy, implementation and success of the organization should have a substantial portion of their compensation linked to the achievement of this financial goal. The Committee felt that attainment of an EPS goal was the best reflection of the success of our financial objectives and business plan, and the goal was therefore established to provide a direct link between executive compensation and this key performance objective of the Company.

For 2011 there were threshold, target and maximum achievement payout levels that impacted the final value of the award. The EPS target for 2011 of \$5.80 was based on our business plans and reflected the earnings per share guidance that we provided during the year to our stockholders. The target was considered a challenging goal, based on the prospects of our businesses, including the impact of health care reform and an uncertain economy. Performance below the threshold of \$5.22 EPS would yield no award. The maximum EPS of \$6.38 was set to encourage increased performance within a tolerable level of risk.

The percentages of 2011 base earnings paid at each of the threshold, target and maximum levels were established through a process of external benchmarking of total compensation against our external peer group. These percentages reflect our philosophy of targeting total compensation at the median, while recognizing that a significant percentage of total compensation should be performance-based.

The following summarizes the results of the Company's external benchmarking of the 16 companies comprising the Company's peer group with respect to annual incentive compensation:

	Target Bonus Opportunity (as a percentage of base salary)		Maximum Bonus Opportunity as a percentage of base salary	
	Humana ⁽¹⁾	Peers ⁽²⁾	Humana ⁽¹⁾	Peers ⁽²⁾
CEO	150%	150%	200%	300%
Other Named Executive Officers	100%	100%	150%	200%

(1) Percentages based on 2011 compensation, as reported in this proxy statement.

(2) Percentages based on 2010 compensation, as used by the Committee in external benchmarking to set 2011 compensation. The target and maximum bonus opportunities of the peer group were based upon the median percentage in each case.

The following table sets forth the potential range of payments our Named Executive Officers could have earned under the Management Incentive Plan, expressed in total dollars and as a percentage of 2011 base salary:

Table of Contents

Our EPS for 2011 increased to \$8.46, resulting in performance above the maximum level (approximately 146% of the target EPS of \$5.80). Payments for the Named Executive Officers consequently reached the maximum level and ranged from 150%-200% of annual base earnings, as provided in the table above. See the Summary Compensation Table in the Executive Compensation section of this proxy statement for the specific amounts paid to the Named Executive Officers.

Equity Awards

In 2011, we used a mix of stock options and restricted stock awards to compensate our Named Executive Officers, an equity compensation program which we believe provides an appropriate balance between inducement, retention and motivation of executives and the creation of stockholder value. Equity-based compensation provides a vital link between the long-term results achieved for our stockholders and the financial rewards provided to our Named Executive Officers. We use a mix of stock options and restricted stock awards to compensate our Named Executive Officers because we believe that each form of equity compensation provides us with different benefits.

Stock Options. The value recognized under our stock option grants reflects the economic performance of the Company over time. We use stock options to motivate and challenge our executives to achieve positive returns for our stockholders by placing key elements of executive compensation at risk, with a secondary benefit of retention derived from vesting conditions imposed on the stock options and a non-compete covenant embedded in our stock option agreements.

Restricted Stock. Restricted stock generally provides value regardless of whether our stock price increases from the date of grant. We use restricted stock grants for inducement and retention purposes and to motivate and challenge our executives. A secondary benefit is derived from the potential added appreciation opportunity as our stock price increases, as well as retention derived from vesting conditions imposed on the restricted stock and a non-compete covenant embedded in our restricted stock agreements.

All stock options and restricted stock awards are granted at regularly scheduled meetings of our Board of Directors, or of the Committee, although the Committee may also approve equity grants to newly-hired executive officers at the Committee meeting at which the appointment of the new executive officer is approved. The Committee may also approve equity grants in connection with the Company's mergers and acquisitions activity at the Committee meeting at which the proposed transaction is approved. The Committee, with the assistance of Cook and management, determines the aggregate amounts and terms of stock option and restricted stock awards for each Named Executive Officer following a review of stock programs and competitive practices at peer companies, along with an analysis of equity cost.

The grant value of each award reflects the executive's level of responsibility and contributions to the Company's performance. In making equity awards, the Committee reviews and approves the dollar value of an award to be granted to each Named Executive Officer, based on the internal and external benchmarking of total compensation discussed above. The number of shares subject to the award is then determined using the fair market value of the option on the grant date, which, in the case of stock options, is determined by the Black-Scholes methodology.

With respect to external benchmarking, the Committee uses competitive market data as a starting point for its analysis of the compensation of the Company's Named Executive Officers. The companies in our peer group utilize a mix of stock options, restricted stock, performance shares/units, and cash incentive plans for long-term

incentive compensation. The following summarizes the results of the Committee's external benchmarking with respect to long-term incentive compensation:

Named Executive Officer	Market (\$000) ⁽¹⁾			Humana ⁽²⁾ (\$000)
	25 th Percentile	Median	75 th Percentile	
Chief Executive Officer	5,473	6,932	10,640	3,500

Second Highest-Paid Executive	1,849	2,376	3,532	4,084 ⁽³⁾
Third Highest-Paid Executive	1,381	2,125	2,569	2,420 ⁽³⁾
Fourth Highest-Paid Executive	1,119	1,525	2,078	900

- (1) Represents the value of 2010 long-term equity incentive compensation, as used by the Committee in external benchmarking to set 2011 compensation.
- (2) Represents the value of actual 2011 long-term equity incentive compensation, as reported in this proxy statement.
- (3) As noted above, Mr. Broussard was hired as the President and as the eventual successor to Mr. McCallister as Chief Executive Officer, and therefore both the compensation package offered to Mr. Broussard and the benchmarking for his position reflect that level of responsibility. The amount disclosed represents the initial equity award granted in connection with commencement of his employment (with no expectation of additional grants until 2013) and includes certain amounts intended to compensate him for forfeited value. As previously announced, on December 2, 2011, Messrs. Bloem and Murray were awarded grants of restricted stock units for retention purposes and in connection with our succession planning process.

Our stockholder-approved equity incentive compensation plans, the 2003 Stock Incentive Plan and the 2011 Stock Incentive Plan, each provide that all stock options are granted at the average of the high and low stock trading price on the NYSE composite tape (fair market value) on the date of grant. For the last several years, the annual Company-wide option and restricted share awards have been made at the Committee meeting held in the first quarter of the year, following the announcement of our annual results for the prior year. The Board and Committee schedules are determined more than a year in advance. In addition to the annual grant, options and/or restricted stock are generally granted for promotions, new hires, retention purposes, or increases in responsibilities at the six regularly scheduled meetings of the Board or the Committee. As noted above, the Committee may approve equity grants in connection with new hires of executive officers and/or acquisitions by the Company at special meetings of the Board or Committee.

2011 Awards

In 2011, our Named Executive Officers were awarded stock options and restricted stock designed, in conjunction with other components of total compensation, to be competitive in relation to the market median, as described above.

The table that follows this report entitled, *Grants of Plan-Based Awards*, shows the number of stock options and restricted stock awarded to each Named Executive Officer and the aggregate grant date fair value for each award. The table that follows this report entitled, *Summary Compensation Table*, reports the aggregate grant date fair value of awards for each fiscal year, in accordance with Financial Accounting Standards Board Accounting Standards Codification Topic 718, *Compensation - Stock Compensation*.

The table that follows this report entitled, *Outstanding Equity Awards at Fiscal Year-End*, lists the options and restricted stock outstanding by grant date and price for each Named Executive Officer. These awards reflect the years of service of each Named Executive Officer and the frequency with which an individual exercises the options granted.

Table of Contents

The Committee routinely reviews the outstanding equity information for each executive officer to examine the value of prior compensation decisions. The value of outstanding equity awards may be taken into account in establishing the level of equity awards to be made.

Retirement Plans

During 2011, we had three retirement plans covering our Named Executive Officers:

The Humana Retirement Savings Plan, which we refer to as the HRSP, is a qualified, 401(k) plan providing for both participant and Company contributions, and is available to all associates;

The Humana Retirement Equalization Plan, which we refer to as the HREP, is a nonqualified plan that restores Company contributions to the Humana Retirement Savings Plan, which are restricted by Internal Revenue Code, or IRC, compensation limits; and

The Humana Inc. Deferred Compensation Plan, or the Deferred Compensation Plan, an unfunded plan maintained for the purpose of providing to a select group of highly compensated executives a vehicle to defer a portion of their annual performance-based cash income for purposes of personal savings and tax planning. There are no Company contributions to this plan. For 2011, none of the Named Executive Officers participated in the Deferred Compensation Plan.

For additional details on our retirement plans see the table entitled "Nonqualified Deferred Compensation" which covers the HREP and the Deferred Compensation Plan, and the section entitled "Potential Payments Upon Termination or Change in Control," which discusses all of our retirement plans.

We believe that our retirement programs will provide our executives with competitive levels of income replacement upon retirement, reflecting the executive's years of service with our Company, and provide us with a package that will both attract and retain key talent in the Company.

Severance/Change in Control

Mr. McCallister

On May 16, 2008, we entered into an amended and restated employment agreement with Michael B. McCallister, our Chairman of the Board and Chief Executive Officer, which we refer to as the McCallister Employment Agreement. The McCallister Employment Agreement was renewed on January 1, 2012 for a one year period, and will be automatically renewed for additional successive periods of one year unless terminated by either party upon sixty days written notice. Mr. McCallister is the only executive officer who would be entitled to a tax gross-up payment in the event he is subject to an excise tax pursuant to Section 4999 of the Internal Revenue Code on "parachute payments" to which he is entitled to receive in connection with a Change in Control. The effect of this gross-up would be to maintain Mr. McCallister in the same financial position that he would have been in had no tax under Section 4999 of the Code been imposed. Notwithstanding the above, in the event that a reduction of Mr. McCallister's Change in Control payments by 10% or less, but not more than \$200,000, would cause none of the payments to be considered "excess parachute payments," Mr. McCallister would not be entitled to a gross-up payment and the payments would be reduced to the extent necessary so that none of the payments would be considered "excess parachute payments."

Edgar Filing: HUMANA INC - Form DEF 14A

We believe that the excise tax gross-up provided for in the McCallister Employment Agreement is appropriate in order to avoid a possible discriminatory impact of the excise tax rules. We believe it appropriate for Mr. McCallister to retain the same payment that he would have retained had the excise tax not been imposed,

allowing him to recognize the full intended economic benefit of the severance provisions of the McCallister Employment Agreement. However, in March 2009, the Committee determined that the Company will not enter into any new or materially amended agreements with executive officers that include excise tax gross-up provisions with respect to payments contingent upon a change in control. This determination will have no effect on the McCallister Employment Agreement unless that agreement is materially modified or amended. Pursuant to this determination, the Broussard Employment Agreement does not have a gross-up provision.

For a more detailed discussion of the McCallister Employment Agreement and the benefits payable to Mr. McCallister in the event of a Change in Control of the Company, please refer to footnote 1 to the table entitled, Potential Payments Upon Termination or Change in Control of the Company.

Mr. Broussard

Pursuant to the Broussard Employment Agreement, for a two-year period following a Change in Control of the Company, certain benefits will be provided to Mr. Broussard upon termination (whether involuntary or due to a resignation as a result of a change in responsibilities, location, or compensation), including: (i) a lump-sum payment equal to 2 times the amount equal to the sum of (A) Mr. Broussard's then-current base salary plus (B) the maximum annual incentive that Mr. Broussard could have earned for the fiscal year in which termination occurs, (ii) a pro-rated incentive payment for that fiscal year, (iii) continuation, at the Company's expense, of all life, medical, dental, accidental death and dismemberment and disability insurance for Mr. Broussard and his dependents for 24 months following the termination date and (iv) accelerated vesting of the stock options and restricted stock awards granted by the Company in connection with his employment agreement. There are no excise or other tax gross-up provisions in the Broussard Employment Agreement.

Other Named Executive Officers

We operate in a highly competitive, complex and consolidating industry. Therefore, we have entered into Change in Control severance agreements, which we refer to as CIC Agreements, with all executive officers, including our Named Executive Officers (except for Messrs. McCallister and Broussard, whose severance is governed by the McCallister Employment Agreement and the Broussard Employment Agreement, respectively, in each case as described above). Pursuant to the CIC Agreements, for a two-year period following a Change in Control of the Company, certain benefits will be provided to these executives upon termination (whether involuntary or due to a resignation as a result of a change in responsibilities, location, or compensation).

Under the CIC Agreements, these individuals would be entitled to receive severance pay which generally is determined by multiplying the sum of each individual's annual base salary and the maximum target incentive compensation payable to him or her, by a multiple ranging from one to one and one-half. Each of the Named Executive Officers (except for Messrs. McCallister and Broussard, whose severance is governed by the McCallister Employment Agreement and the Broussard Employment Agreement, respectively, in each case as described above) would receive a payment in the amount of one and one-half times the sum of their base salary and maximum target incentive payment in the event of a qualified termination of employment within a two year period following a Change in Control. In addition, in the event of a Change in Control, generally all unvested Company options and all unvested restricted stock immediately vest. Health, life and disability insurance coverage would be provided, generally for a two-year period following termination unless the participant dies or is eligible for comparable coverage from another source.

All of the CIC Agreements (including the Change in Control provisions of the McCallister Employment Agreement and the Broussard Employment Agreement) provide for a double trigger (i.e., two events must occur before any severance payment is made: the executive officer must be terminated or constructively terminated as described in the CIC Agreement, and such termination must have occurred after the Company entered into a definitive agreement, the consummation of which would result in a Change in Control, or the Change in Control has occurred). The Committee opted for a double-trigger, rather than providing for payments solely on the basis of a Change in Control, because we believe this to be more consistent with the purpose of encouraging the continued employment of our Named Executive Officers following a Change in

Table of Contents

Control. In the health benefits industry, mergers and acquisitions resulting in a Change in Control are common. We believe that the CIC Agreements for our Named Executive Officers allow our executives to devote their time to the duties of running our Company without being distracted by a potential Change in Control. Furthermore, the CIC Agreements have a significant retention value to the Company with respect to our Named Executive Officers. We believe that the severance multiples provided for in the CIC Agreements are appropriate because they are comparable to similarly situated senior executives across U.S. industries. For a discussion of the payments each of our Named Executive Officers would receive in the event of a termination of employment in connection with a Change in Control or in the event of a termination of employment in other circumstances, see the section entitled Potential Payments Upon Termination or Change in Control of the Company in this proxy statement.

Perquisites

We also provide certain other benefits to our Named Executive Officers as part of our competitive compensation program. The amounts expended through these programs are explained in detail in the footnotes that follow the Summary Compensation Table. As noted, not all Named Executive Officers participate in each benefit. The benefits include limited personal use of Company aircraft for the Named Executive Officers, an annual physical, a matching charitable gift program, supplemental life insurance benefits, financial planning assistance, commuting and local housing allowances, and club memberships (used for business purposes; if from time to time used for personal reasons, the executive must reimburse the Company).

Other Compensation Considerations

Compensation Mix

The key elements of direct executive compensation—salary, cash incentives, and equity awards—are designed to place a substantial portion of executive pay at risk. While salaries are intended to be assured, the other two elements only have value if certain key performance results are achieved. Cash incentives are paid only upon the achievement of defined financial objectives. Grants of stock options only have value to executives if the value of the Company increases through common stock price appreciation and any applicable vesting conditions are satisfied, providing a retention benefit to the Company.

Table of Contents

We believe that having a larger measure of key pay elements at risk motivates and challenges our executives to achieve positive returns for our stockholders, reflecting our philosophy that, in addition to being market-based, the total compensation of our Named Executive Officers should be competency-paced and contribution-driven. The chart and table below illustrate the relative mix of pay at risk in 2011 for our Named Executive Officers, comprised of base salary, the potential value of the target annual cash incentive earned in 2011 though paid in 2012, and the aggregate grant date fair value of the 2011 grants of stock options (based on a Black-Scholes valuation at the time of grant) and restricted stock awards. See the tables entitled *Summary Compensation Table* and *Grants of Plan-Based Awards* that follow this report for greater detail.

Clawbacks

In 2009, the Committee adopted a clawback policy to supplement those provisions set forth in the Sarbanes-Oxley Act of 2002 and related regulations.

The clawback policy:

applies to all executive officers;

permits the recoupment of compensation in the event of a material restatement of the Company's financials as a result of the misconduct or fraud on the part of the executive officer;

Table of Contents

permits the recoupment of all cash-based incentives earned by the executive officer involved in the misconduct or fraud during the twelve month period following the first public issuance of the financials that are the subject of the restatement; and

grants discretion to the Committee with respect to the application of the clawback provision.

Stock Ownership Guidelines

The Board believes that linking a significant amount of an executive’s current and potential future net worth to the Company’s success, as reflected in the stock price, gives the executive a stake similar to that of our stockholders. Consistent with this philosophy, in 2005 the Board of Directors established stock ownership guidelines for the Company’s executive officers.

Expressed as a multiple of base salary, minimum levels of Humana common stock ownership, excluding shares held in retirement accounts and unexercised stock options, are:

Chief Executive Officer:	Five times base salary
Direct reports to the Chief Executive Officer (including all Named Executive Officers):	Three times base salary
All other Section 16 officers:	Two times base salary

In 2009, the Committee added a further condition to the stock ownership guidelines to provide that any shares owned by an executive officer (or shares received upon the exercise of options or vesting of restricted stock, less an amount to cover current tax liabilities) must be held by the executive officer until the relevant multiple is reached and thereafter maintained.

Compensation Policies Based on Certain Tax Rules

Section 162 (m) of the Internal Revenue Code includes potential limitations on the deductibility of compensation in excess of \$1 million paid to the Named Executive Officers (other than our Chief Financial Officer) serving on the last day of the year. Based on regulations issued by the IRS, we have taken the necessary actions to provide for the deductibility of payments under the Management Incentive Plan, including submitting the Management Incentive Plan to our stockholders for approval. The Management Incentive Plan was approved by our stockholders in April 2008, and became effective as of January 1, 2008, for awards earned during the five-year period ending December 31, 2012.

We view preserving tax deductibility as a contributing objective in establishing executive compensation. In specific instances we have authorized and may continue to authorize from time to time compensation arrangements that are not fully tax deductible, but which promote other important objectives of the Company. The Committee believes that all compensation paid for 2011 will be deductible for federal income tax purposes, except \$118,338.

The Patient Protection and Affordable Care Act amended Section 162(m) to provide that, in general, for compensation which is paid or would otherwise become deductible after 2012, no deduction will be allowed to the extent total compensation for an individual exceeds \$500,000 for the year. This limitation will apply to most individuals compensated by a health insurance provider such as Humana, and when effective will replace the limitation described above. This new rule includes compensation earned for services after 2009 but which is paid or would otherwise become deductible after 2012.

Edgar Filing: HUMANA INC - Form DEF 14A

The American Jobs Creation Act of 2004 materially changed the tax rules applicable to nonqualified deferred compensation arrangements, codified in Section 409A of the Internal Revenue Code (Section 409A).

Humana Inc. *2012 Notice of Annual Meeting of Stockholders and Proxy Statement* 46

Table of Contents

Section 409A provides that compensation deferrals under nonqualified deferred compensation plans, like the Company's Supplemental Plan, are currently counted as gross income for all taxable years to the extent that the amounts are not subject to a substantial risk of forfeiture and have not previously been included in gross income, unless certain requirements are met. We believe that the HREP, the CIC Agreements, the Management Incentive Plan, the Deferred Compensation Plan, and our severance program are in compliance with the statutory provisions currently in effect so that any compensation payable under the plans either is not considered deferred compensation under Section 409A or is deferred in a manner that complies with Section 409A.

Consideration of Advisory Votes

The Dodd-Frank Wall Street Reform and Consumer Protection Act, enacted on July 21, 2010 (which we refer to as the Dodd-Frank Act), required that we include in our proxy statement for the 2011 Annual Meeting of Stockholders a non-binding advisory stockholder vote to approve the compensation of our Named Executive Officers as described in the Compensation Discussion and Analysis section, the compensation tables and the accompanying narrative disclosure, set forth in the proxy statement for that meeting (commonly referred to as a Say-on-Pay vote).

At our 2011 Annual Meeting of Stockholders, our stockholders voted for approval of the compensation of our Named Executive Officers (95.5% of votes cast), and voted for approval of an annual frequency for future advisory votes with respect to our Named Executive Officer compensation (88.9% of votes cast).

The Committee has considered the results of this advisory vote in determining the Company's compensation policies and decisions for 2012, and has determined that these policies and decisions are and have been appropriate and in the best interests of the Company and its stockholders at this time.

In addition, the Company's Board of Directors has considered the stockholder vote and management's recommendation regarding the frequency of future stockholder advisory votes on the compensation of the Company's named executive officers and, at a meeting of the Board of Directors on June 30, 2011, adopted management's and the stockholders' recommendation of an annual advisory vote on the compensation of the Company's named executive officers until the next required vote on this matter, which will occur no later than the Company's Annual Meeting of Stockholders in 2017, or until the Board of Directors otherwise determines that a different frequency for such advisory votes is in the best interests of the stockholders of the Company.

Organization & Compensation Committee

All of the members of the Committee are independent, as defined by the NYSE and the SEC, and are considered "outside directors" under Section 162(m) of the Code. The current members of the Committee are William J. McDonald, Chairman, W. Roy Dunbar, and Marissa T. Peterson. During 2011, the Committee met eight times.

The Committee operates pursuant to a charter which is reviewed and approved each year. There were no changes to the Committee's charter during 2011. The full text of the Committee charter may be viewed on our corporate website. From the www.humana.com website, click on Investor Relations, then click on Corporate Governance on the left side of the page, and then you will see a link to the Committee Charters on the left side of the page.

Compensation Consultants

Since August 2004, the Committee has retained Cook as its independent compensation consultant. Cook's role is to ensure that the Committee has objective information needed to make informed decisions in the best interests of stockholders based on compensation trends and practices in public companies, and to provide assistance to the Committee in evaluating our executive compensation policy and programs. As the Committee's independent consultant, Cook advises on the interpretation of various rules and regulations impacting executive compensation, reviews with the Committee management's proposals and initiatives, provides certain data on competitive pay levels, and undertakes special projects on behalf of the Committee.

In 2011, a representative of Cook attended all of the Committee meetings, including, when invited, executive sessions. In accordance with the Committee's Charter, the Committee has the sole authority to determine the compensation for, and to terminate the services of, Cook. For services provided to the Committee in 2011, we paid Cook approximately \$236,000.

In accordance with our practices, Cook, as an independent compensation consultant, may not provide any other services to the Company without the prior authorization of the Committee. In 2011, Cook provided no additional services to the Company.

Table of Contents

- (4) On May 16, 2008, we entered into an amended and restated employment agreement with Mr. McCallister, which we refer to as the McCallister Employment Agreement, pursuant to which Mr. McCallister serves as our Chairman and Chief Executive Officer. The McCallister Employment Agreement was renewed on January 1, 2012, for a one-year period, and will be automatically renewed for additional successive periods of one year unless terminated by either party upon sixty days written notice prior to December 31 of each year. Pursuant to the McCallister Employment Agreement, Mr. McCallister will be paid an annual base salary of not less than \$1,025,000 and will be eligible to participate in all benefit plans and programs made available by us to our employees, including participation in bonus and incentive compensation plans and programs on terms determined by the Organization & Compensation Committee. The McCallister Employment Agreement also provides for payments in the event Mr. McCallister terminates his employment. For a description of these payment provisions see the section entitled "Potential Payments Upon Termination or Change in Control of the Company" in this proxy statement.
- (5) On November 2, 2011, we entered into an employment agreement with Mr. Broussard, which we refer to as the Broussard Employment Agreement, pursuant to which Mr. Broussard serves as our President. The Broussard Employment Agreement is for a two-year term. Pursuant to the Broussard Employment Agreement, Mr. Broussard will be paid an annual base salary of not less than \$900,000 and will be eligible to participate in all benefit plans and programs made available by us to our employees, including participation in bonus and incentive compensation plans and programs on terms determined by the Organization & Compensation Committee. The Broussard Employment Agreement also provides for payments in the event Mr. Broussard terminates his employment. For a description of these payment provisions see the section entitled "Potential Payments Upon Termination or Change in Control of the Company" in this proxy statement.

The actual payment of incentive compensation is shown in the Summary Compensation Table. For the EPS objective, there are threshold, target and maximum achievement payout levels that impact the final value of the award. Performance below the threshold yields no award. Eighty-six percent of the EPS goal must be achieved to reach its threshold payment; the threshold pays at approximately 50 percent of salary for all Named Executive Officers except Mr. McCallister whose threshold payment is 75 percent of salary. See the Compensation Discussion and Analysis contained herein for a discussion of incentive compensation for the Named Executive Officers. The Committee has sole discretion to determine whether to actually pay the entire permissible award, to decrease an award, or to defer payment of any award. The Committee is also authorized to establish additional conditions and terms of payment for awards, including the achievement of other or additional financial, strategic or individual goals, which may be objective or subjective, as it deems appropriate. The Committee may not waive the basic performance targets as to the business criteria chosen for any performance period. Mr. Broussard was not eligible to receive a payment for 2011 under the Management Incentive Plan.

- (2) The above restricted stock and restricted stock unit awards were all granted pursuant to the 2003 Stock Plan. Restricted stock units awarded to Messrs. McCallister, Bloem, Murray, and Rajamannar on February 17, 2011 fully vest three years from the date of grant. Restricted stock units awarded to Messrs. Bloem and Murray on November 7, 2011 fully vest two years from the date of grant. Restricted stock awarded to Mr. Broussard vests in equal annual one-half installments from the date of grant.

- (3) The above options were all granted pursuant to the 2003 Stock Plan. The options are incentive stock options to the extent allowed by regulation and the balance are nonqualified stock options. Stock options granted to Messrs. McCallister, Bloem, Murray and Rajamannar vest and become exercisable in equal annual one-third installments from the date of grant. Stock options granted to Mr. Broussard vest and become exercisable in equal annual one-half installments from the date of grant. The above options expire seven years from the date of grant. In the event of a Change in Control of the Company, as defined in the 2003 Stock Plan, all outstanding stock options become fully vested and immediately exercisable in their entirety. In addition, during the 60-day period following the Change in Control, any stock option (or portion thereof) may generally be surrendered for cancellation for a payment of the difference between the adjusted fair market value and option price as more fully described in the 2003 Stock Plan. (See the section entitled Potential Payments Upon Termination or Change in Control of the Company herein for a quantification of the acceleration of stock options upon a Change in Control.) The exercise price may be paid in cash or, at the discretion of the Organization & Compensation Committee, in Shares valued at the fair market value on the date of exercise or any combination thereof. Under the 2003 Stock Plan, the Board may not reduce the exercise price for options or stock appreciation rights by repricing or replacing any option award. The options were granted by the Organization & Compensation Committee at a regularly scheduled meeting thereof.
- (4) Options under the 2003 Stock Plan cannot be granted at less than the Fair Market Value. The Fair Market Value, as defined in the 2003 Stock Plan, is the average of the highest and lowest reported sales prices of our Shares in transactions reported on the NYSE composite tape on the grant date. The 2003 Stock Plan was approved by our Board of Directors and by our stockholders.

We have a 401(k) plan, the Humana Retirement Savings Plan, and a nonqualified, unfunded, defined contribution plan, the Humana Retirement Equalization Plan. The Internal Revenue Code imposes limitations on the contributions that may be made to a qualified plan, like our Humana Retirement Savings Plan. In 2011, once an individual is paid \$245,000 in compensation, both individual and Company contributions to the Pretax Savings Account of the Humana Retirement Savings Plan must cease. Any Company matching contributions that would have been made to the Pretax Savings Account of the Humana Retirement Savings Plan are credited to the Pretax Savings Account of the Humana Retirement Equalization Plan.

The benefits accrued under the Humana Retirement Equalization Plan are those Company contributions that cannot be made to the qualified Humana Retirement Savings Plan because of the IRS limitations. The maximum percentage of compensation (base salary and incentive compensation) that can be contributed by a highly compensated employee to the Humana Retirement Savings Plan is 35% for 2011. The Company matches 125% of the first 6% of employee salary deferrals. Accruals under the Humana Retirement Equalization Plan, which is unfunded, are deemed to be invested in the accounts selected by the participants. The Humana Retirement Equalization Plan allows daily rebalancing of funds and allows direction of investment elections. Benefits in the Humana Retirement Equalization Plan, as directed by the participants, are distributable upon termination of employment, death, total disability, retirement or a Change in Control of the Company. Distribution of benefits may take the form of a lump sum, periodic installments not to exceed twenty (20) years, or an annuity if the Humana Retirement Equalization Plan balance exceeds \$100,000.

All of the Named Executive Officers eligible for a contribution under the Humana Retirement Equalization Plan in 2011 will receive a lump sum payment upon termination. Since his employment commenced on December 1, 2011, Mr. Broussard was not eligible for a 2011 contribution to the Humana Retirement Equalization Plan.

Table of Contents**Potential Payments Upon Termination or Change in Control of the Company**

The Named Executive Officers would each receive certain payments upon termination from the Company which vary in amount depending on the reason for termination. Each Named Executive Officer would also receive a specified payment in connection with a Change in Control of the Company. The table below provides dollar amounts for all potential payments that would be paid by us to each Named Executive Officer under various scenarios involving either a termination or a Change in Control. The amounts disclosed assume the Named Executive Officer's termination under the various scenarios occurred on December 31, 2011. The payments to our Named Executive Officers are governed by the various agreements or arrangements described in the footnotes to the table (with the exception of Mr. McCallister and Mr. Broussard, whose payments are governed by the McCallister Employment Agreement and the Broussard Employment Agreement, respectively). The timing of the payments described below to the Named Executive Officers may also be subject to the provisions of Section 409A which may delay payment.
