Item 7.01 Regulation FD Disclosure
Exchange Offer and Consent Solicitation

On March 28, 2012, Verso Paper Holdings LLC (Verso Holdings), a wholly owned subsidiary of Verso Paper Corp. (together with Verso Holdings, the Registrants) and Verso Paper Inc., a subsidiary of Verso Holdings (together with Verso Holdings, the Issuers) (1) launched an offer (the Exchange Offer) to issue up to \$180.2 million aggregate principal amount of a new series of 9.75% secured notes due 2019 (the New Notes) in exchange for any and all of the Issuers' outstanding \$180.2 million aggregate principal amount of outstanding second priority senior secured floating-rate notes due 2014 (the Old Notes), and (2) in conjunction with the Exchange Offer and on the terms and subject to the conditions set forth in the Issuers' confidential offering memorandum and consent solicitation statement, dated March 28, 2012, commenced a simultaneous solicitation (the Consent Solicitation) of the consents (the Consents) from the holders of the Old Notes to waivers of, and proposed amendments to, certain covenants in the Indenture, dated as of August 1, 2006, by and among the Issuers, the guarantors named therein, and Wilmington Trust FSB, as trustee, pursuant to which the Old Notes were issued (the 2014 Indenture). A copy of the news release related to the Exchange Offer and Consent Solicitation is attached as Exhibit 99.1.

Holders of Old Notes who tender their Old Notes and give their Consents prior to 5:00 p.m., New York City Time, on April 10, 2012 (as may be extended, the Early Tender Date) will be entitled to receive total consideration of \$1,000.00 principal amount of New Notes in exchange for each \$1,000.00 principal amount of Old Notes. Such total consideration includes \$50.00 principal amount of New Notes per \$1,000.00 principal amount of Old Notes as an early tender fee (the Early Tender Fee). Holders of Old Notes who do not tender their Old Notes prior to the Early Tender Date will not be entitled to receive the Early Tender Fee and will only receive \$950.00 principal amount of New Notes as exchange consideration.

In the Consent Solicitation, the Issuers are seeking Consents to (i) eliminate or waive substantially all of the restrictive covenants contained in the 2014 Indenture and the Old Notes, (ii) eliminate certain events of default, (iii) modify covenants regarding mergers and consolidations, and (iv) modify or eliminate certain other provisions, including, in some cases, certain provisions relating to defeasance, contained in the 2014 Indenture and the Old Notes (the Proposed Amendments). In addition, the Issuers are separately seeking Consents to authorize release of the liens and security interests in the collateral securing the Old Notes as contemplated by the 2014 Indenture (the Collateral Release). In order to be adopted, the Proposed Amendments must be consented to by the holders of a majority of the outstanding principal amount of Old Notes then outstanding. In order to be adopted, the Collateral Release must be consented to by the holders of at least two-thirds in aggregate principal amount Old Notes then outstanding. Holders who tender their Old Notes in the Exchange Offer will be deemed to have given their Consents to both the Proposed Amendments and the Collateral Release with respect to those tendered Old Notes.

The Issuers intend to enter into a supplemental indenture to effectuate the Proposed Amendments promptly after the receipt of the requisite Consents for the Proposed Amendments. To the extent requisite Consents for the Collateral Release have also been received, such supplemental indenture will also include the Collateral Release. To the extent that the requisite Consents for the Collateral Release have not been obtained at the time such supplemental indenture is executed, such supplemental indenture will not include provisions effecting the Collateral Release, but if such requisite Consents for the Collateral Release are later obtained, the Issuers will execute another supplemental indenture providing for the Collateral Release, promptly after receipt of the requisite Consents for the Collateral Release. Each of the foregoing supplemental indentures will be effective immediately upon execution thereof, but the provisions thereof will not be operative until all of the Old Notes that have been tendered prior to the date of such supplemental indenture have been accepted for payment and paid for in accordance with the terms of the Exchange Offer and Consent Solicitation.

The Exchange Offer and Consent Solicitation and the effectiveness of any supplemental indentures entered into are conditioned on the tenders and associated Consents by holders of more than 50% of the Old Notes. The Issuers may terminate or withdraw the Exchange Offer and Consent Solicitation at any time and for any reason, including if certain other customary conditions are not satisfied, subject to applicable law.

The Exchange Offer and Consent Solicitation will expire at 11:59 p.m., New York City time, on April 24, 2012, unless extended or earlier terminated. Tendered Old Notes may be validly withdrawn prior to the earlier of (a) the date the Issuers receive the requisite Consents and execute the supplemental indenture providing for the Proposed Amendments and the Collateral Release and (b) 5:00 p.m., New York City time, on April 10, 2012 unless extended (such time and date described in (a) or (b), as the same may be extended, the Withdrawal Deadline). Prior to the Withdrawal Deadline, if a holder withdraws its tendered Old Notes, such holder will be deemed to have revoked its Consents to both the Proposed Amendments and the Collateral Release and may not deliver Consents without re-tendering its Old Notes. After the Withdrawal Deadline, Consents to the Proposed Amendments may be validly revoked prior to the execution of the supplemental indenture giving effect to the Proposed Amendments, which shall be prior to the Withdrawal Deadline. While tendered Old Notes may be withdrawn prior to the Withdrawal Deadline, if the supplemental indenture giving effect to the Proposed Amendments (but not the Collateral Release) has been executed, Consents to the Collateral Release may be validly revoked (but neither the relevant Old Notes may be withdrawn nor the Consents to the Proposed Amendments may be revoked) until the execution of the supplemental indenture giving effect to the Collateral Release, which in no event shall be prior to the Withdrawal Deadline.
