Notes:

1. The financial information relating to the consolidated results of operations of KEPCO for the fiscal year 2012 and the consolidated financial position of KEPCO as of December 31, 2012 as presented above (the Information) has been prepared by KEPCO based on preliminary estimates and in accordance with the International Financial Reporting Standard as adopted in Korea (Korean IFRS). The Information has been neither audited nor reviewed by KEPCO s independent accountants, Deloitte Anjin LLC., or any other independent public accountants. The Information may differ significantly from the actual results of operations of KEPCO for the fiscal year 2012 or the actual financial position of KEPCO as of December 31, 2012. Accordingly, investors should not place undue reliance on this Information.
2. The Information reflects amendments to Korean IFRS 1001 Presentation of Financial Statements. Pursuant to such amendment, KEPCO currently computes operating income (loss) by subtracting cost of goods sold and selling and administrative expenses from operating revenues. Such change has been applied retroactively to fiscal year 2011 and the foregoing preliminary consolidated statements of comprehensive income have been prepared based on such retroactive application.
3. The fuel cost pass through adjustment (FCPTA) amounts previously recognized as financial assets have been reclassified as other assets and the amounts previously recognized as sales have been reclassified as contra-cost of sales due to the government hold-order on the billing and collection of the FCPTA amounts. For the fiscal year 2011, as a result of such reclassification, sales and cost of sales were changed, but there was no impact on net income or total equity. At the end of the fiscal year 2012, in light of the prolonged nature of the hold-order, we concluded that we would not be able to bill and collect the outstanding FCPTA amounts for the foreseeable future and therefore recognized impairment losses for the entire accumulated FCPTA amount of Won 1,877 billion, which are reflected in the other loss item above (related additional information will be available at www.kepcoco.kr/eng).
