The restricted stock will vest in three equal installments on the first, second and third anniversaries of the date of grant, subject to Mr. Klausmeyer's continued service with the Company.

*(e) Employment Agreement with John C. Becker*

In connection with his appointment as Chief Executive Officer, the Company entered into an employment agreement with Mr. Becker, effective April 8, 2013. The employment agreement has an initial four-year term expiring on April 8, 2017, with automatic one-year extensions each year thereafter, unless either party provides at least 90 days' notice of its intention not to renew or the agreement is earlier terminated.

Mr. Becker's base salary under the employment agreement is initially \$460,000 per year, subject to increase, but not decrease, in the discretion of the Compensation Committee of the Company's Board of Directors (the Compensation Committee). Mr. Becker is eligible for a target annual bonus each fiscal year in an amount up to 100% of his annual base salary, in accordance with the Company's annual incentive compensation plan for its executive officers (the AIP). The actual amount earned, if any, may be more or less than the target annual bonus, depending on the level of attainment of applicable goals.

The target annual bonus amount is divided into four equal quarterly target progress payment amounts. For 2013, progress payments are payable quarterly based on the achievement of three performance measures for the quarter: (i) the Company's total revenue measured against its 2013 operating plan; (ii) the Company's adjusted operating margin measured against its 2013 operating plan; and (iii) the Company's total operating expenses measured against its 2013 operating plan. For 2013, the revenue performance component, the adjusted operating margin component and the operating expense performance component have weightings of 50%, 30% and 20%, respectively, of the total annual target bonus. Total annual target bonus payment amounts are calculated based on the achievement of the three performance measures for the full year 2013 measured against the Company's 2013 operating plan. The annual target bonus payment amount is reduced by the amount of quarterly progress payments paid for the year. In no event, however, may the actual quarterly payout for any quarter exceed 90% of the

quarterly target progress payment amount and in no event may the total of the quarterly progress payments and any additional year-end payment exceed 200% of the total annual target bonus. In addition, the Compensation Committee has the discretion to reduce or eliminate quarterly progress payments if it believes the annual performance objectives will not be met. Mr. Becker is not eligible for the progress payment for the first quarter of 2013. However, Mr. Becker's target annual bonus for 2013 is not subject to proration and the annual bonus amount earned will be calculated based on the period January 1, 2013 through December 31, 2013.

Pursuant to the employment agreement, Mr. Becker will receive a non-qualified stock option under the Company's 2007 Stock Incentive Plan (the 2007 Plan), exercisable for 140,000 shares of the Company's common stock (the Initial Performance-Based Option). The Initial Performance-Based Option will have a term of seven years and an exercise price equal to the closing price of the Company's common stock on the date of grant. Of the shares exercisable under the Initial Performance-Based Option, (a) with respect to 46,666 of the shares underlying the option, 25% of such shares will vest 12 months after the date that the fair market value per share of the Company's common stock equals or exceeds \$60.00 for 10 consecutive trading days, and 3/48ths of the shares underlying the option will vest every third month thereafter; (b) with respect to 46,667 of the shares underlying the option, 25% of such shares will vest 12 months after the date that the fair market value per share of the Company's common stock equals or exceeds \$65.00 for 10 consecutive trading days, and 3/48ths of the shares underlying the option will vest every third month thereafter; and (c) with respect to 46,667 of the shares underlying the option, 25% of such shares will vest 12 months after the date that the fair market value per share of the Company's common stock equals or exceeds \$70.00 for 10 consecutive trading days, and 3/48ths of the shares underlying the option will vest every third month thereafter. Vesting of the Initial Performance-Based Option is subject to Mr. Becker's continuous service with the Company as of the applicable vesting date.

Mr. Becker also will receive a non-qualified stock option under the 2007 Plan exercisable for 130,000 shares of the Company's common stock (the Initial Service-Based Option). The Initial Service-Based Option will have a term of seven years and an exercise price equal to the closing price of the Company's common stock on the date of grant. Of the shares exercisable under the Initial Service-Based Option, 25% of the shares will vest on the first anniversary of the date of grant, and 3/48ths of the shares will vest every third month thereafter, subject to Mr. Becker's continuous service with the Company as of the applicable vesting date.

Mr. Becker also will receive an award of restricted stock units (RSUs) relating to 70,000 shares of the Company's common stock (the Initial Performance-Based RSUs). The Initial Performance-Based RSUs are eligible for vesting in four equal annual installments beginning on the first anniversary of the date of grant. Subject to Mr. Becker's continuous service with the Company as of the applicable vesting date, the number of RSUs eligible for vesting on each vesting date will vest based upon the Company meeting or exceeding specified annual financial objectives set by the Compensation Committee for such year. In the event the financial objectives for a particular year are not achieved, then the shares that otherwise would have vested on such vesting date will vest on the fifth anniversary of the grant date, subject to Mr. Becker's continuous service with the Company as of such date.

Mr. Becker also will receive an award of RSUs relating to 60,000 shares of the Company's Common Stock (the Initial Service-Based RSUs). The Initial Service-Based RSUs will vest in four equal annual installments of 25% on each of the first, second, third and fourth anniversaries of the date of grant, subject to Mr. Becker's continuous service with the Company as of the applicable vesting date.

Mr. Becker is eligible to participate under the Company's equity incentive plans and other employee benefit plans as in effect from time to time on the same basis as are generally made available to other senior executives of the Company.

In addition, the Company has agreed to use commercially reasonable efforts to provide Mr. Becker with supplemental life insurance with a coverage amount equal to \$2,500,000 through a non-equity economic benefit regime split-dollar life insurance program, pursuant to which Mr. Becker can name the beneficiary under the policy under the terms and subject to the conditions set forth in the applicable split-dollar life insurance agreement.

In the event that Mr. Becker's employment is terminated by the Company without Cause or by Mr. Becker for Good Reason (in each case as defined in the employment agreement), other than during the period beginning one month prior to and ending 13 months following a Change in Control (as defined in the employment agreement) then, subject to Mr. Becker entering into and not revoking a release in the form attached to the employment agreement, Mr. Becker will be entitled to receive: (i) severance payments equal to his then applicable base salary for a period of 12 months; (ii) any earned but unpaid annual target bonus under the AIP; (iii) continued participation in the Company's health plan, or coverage at comparable cost, for 12 months either on a subsidized basis consistent with the level of subsidization prior to termination, or with the Company providing payments in an amount equal to the portion of the premiums that would otherwise be subsidized by the Company; and (iv) acceleration of 25% (or such lesser amount remaining unvested) of the number of options or shares originally subject to each outstanding stock option award, restricted stock award and restricted stock unit award made to Mr. Becker during his employment term.

In the event that Mr. Becker's employment is terminated by the Company without Cause or by Mr. Becker for Good Reason during the period beginning one month prior to and ending 13 months following the consummation of a Change in Control, then, subject to Mr. Becker entering into and not revoking a release in the form attached to the employment agreement, Mr. Becker will be entitled to receive: (i) a lump-sum severance payment equal to 1.5 times his then applicable base salary and target bonus; (ii) any earned but unpaid target bonus under the AIP; (iii) continued participation in the Company's health plan, or coverage at comparable cost, for 18 months either on a subsidized basis consistent with the level of subsidization prior to termination or with the Company providing payments in an amount equal to the portion of the premiums that would otherwise be subsidized by the Company; and (iv) full and immediate vesting of each outstanding stock option award, restricted stock award and restricted stock unit award made to Mr. Becker during his employment term.

The foregoing description of Mr. Becker's employment agreement is not complete and is qualified in its entirety by reference to the employment agreement, a copy of which is attached to this Current Report on Form 8-K as Exhibit 10.1 and incorporated herein by reference.

Following his appointment as Chief Executive Officer, Mr. Becker will continue as a member of the Board of Directors of the Company. Mr. Becker will no longer be separately compensated for his service as a director under the Company's director compensation policy. Mr. Becker will retain all equity awards previously granted in connection with his service as a director of the Company, and such awards will continue to vest in accordance with their original terms.
