**Item 2.02. Results of Operations and Financial Condition.**  
**and**

**Item 7.01. Regulation FD Disclosure.**

CDW Corporation ( CDW ) announced today that CDW LLC, a wholly owned subsidiary of CDW, is pursuing a debt refinancing with the objective of extending maturities, lowering debt costs and amending certain covenants and other provisions. The potential financing is expected to consist of a new \$1,350.0 million senior secured term loan facility, the proceeds of which are expected to be used to refinance CDW LLC's existing senior secured term loan facility (the Existing Term Loan Facility ) and pay certain fees and expenses. The proposed refinancing is subject to market and other conditions, and may not occur as described or at all.

In connection with the proposed refinancing, we will be disclosing to prospective lenders certain selected information about our preliminary quarterly results of operations for the three months ended March 31, 2013 and current indebtedness.

Based on preliminary financial results for the first quarter of 2013, we estimate that our total net sales for the first quarter of 2013 increased approximately 4% compared to the first quarter of 2012. On an average daily basis, we estimate that net sales increased approximately 5.6% for the first quarter of 2013 compared to the first quarter of 2012, as there was one less selling day in the first quarter of 2013 compared to the prior year period. We also estimate that for the first quarter of 2013, our Adjusted EBITDA margin, which is Adjusted EBITDA as a percentage of total net sales, was approximately 7.4% compared to 7.2% for the first quarter of 2012.

As of March 31, 2013, we estimate that our total debt, as defined by GAAP, net of cash and cash equivalents was approximately \$3.534 billion. Our senior credit facilities currently consist of our Existing Term Loan Facility and our senior secured asset-based revolving credit facility (the ABL Facility ). Our ABL Facility consists of a revolving credit facility of \$900.0 million and a \$400.0 million floorplan sub-facility. As of March 31, 2013, we had no outstanding borrowings under our ABL Facility, and we estimate we had \$1.7 million of undrawn letters of credit and \$249.7 million reserved under our floorplan sub-facility. On January 30, 2013, we made an optional prepayment of \$40.0 million aggregate principal amount of loans outstanding under our Existing Term Loan Facility. The prepayment was allocated on a pro rata basis between the extended and non-extended term loans. The optional prepayment satisfied the excess cash flow payment provision of our Term Loan Facility with respect to the year ended December 31, 2012. As of March 31, 2013, the outstanding principal amount of our Existing Term Loan Facility was \$1,299.5 million, consisting of \$408.7 million in term loans that mature on October 10, 2014 and \$890.8 million in term loans that mature on July 15, 2017.

As of December 31, 2012, there was \$621.5 million aggregate principal amount of outstanding senior subordinated exchange notes due 2017 (the Senior Subordinated Notes ). On March 8, 2013, we redeemed \$50.0 million aggregate principal amount of Senior Subordinated Notes outstanding at a redemption price of 106.268% of the principal amount redeemed, plus accrued and unpaid interest to the date of redemption. In connection with this redemption, we recognized a loss on extinguishment of long-term debt on a pre-tax basis of \$3.9 million in the first quarter of 2013. This loss represented the redemption premium and the write-off of a portion of the unamortized deferred financing costs related to our Senior Subordinated Notes.

All of our first quarter 2013 financial results are subject to finalization. This information is unaudited, preliminary in nature and based only upon preliminary information available to us as of the date of this report. Investors should exercise caution in relying on this information and should not draw any inferences from this information regarding financial or operating data not provided or our performance in future periods. We cannot assure you these preliminary results will not differ from the financial information reflected in our financial statements when they have been finalized. Adjusted EBITDA and Adjusted EBITDA margin are non-GAAP financial measures. For a reconciliation of net income to Adjusted EBITDA, see our Annual Report on Form 10-K for the year ended December 31, 2012. We expect to have the same types of adjustments between net income and Adjusted EBITDA for the first quarter ended March 31, 2013 as in the prior year.
