Chairman's message

Welcome to our Summary financial statement & notice of meeting 2013. Our AGM will be held at the Edinburgh International Conference Centre, Edinburgh on Wednesday 17 July 2013.

<p>We are making long-term investments in our future, and that of the UK.</p>	<p>Our shareholders</p> <p>We have made good progress this year in a number of areas and delivered strong financial results. For 2012/13 the Board is proposing a final dividend of 6.5p, up 14%. This gives a full year dividend of 9.5p, also up 14% reflecting our performance this year. We continue to pursue a prudent financial strategy. As well as investing in the future of our business, we will continue to reduce net debt, support our pension fund and pay progressive dividends to you, our shareholders. We expect dividends to grow by 10%-15% per year for the next two years.</p>	<p>We played a vital role in making London 2012 the most connected Olympic and Paralympic Games ever and are supporting the British Paralympic team as they prepare for the next Games. During the year we also set ourselves three stretching Better Future goals to achieve by the end of 2020. By extending the reach of fibre broadband, helping our customers reduce their carbon footprint and using our skills and technology to help generate money for good causes, we will make a major contribution to both society and the environment.</p>
	<p>Our contribution</p> <p>In the current uncertain environment, it is tempting for companies to focus on short-term targets rather than the long-term health of their business. At BT, we have continued to make strategic investments that position us well for the future. In the last four years, we have invested over £10bn in our capital investment programmes, with much of this supporting the national infrastructure upon which the UK relies.</p> <p>Our fibre broadband network will bring significant economic benefits to the UK. The investments we are making in TV and mobile will bring new and innovative services for</p>	<p>Our global presence</p> <p>We aim to support our multinational customers wherever they are. But to do this most effectively we need fair access to telecoms networks around the world. We continue to lobby to reduce trade barriers and press for policy and regulatory change to ensure a more level competitive playing field. This includes working with the European Commission on current initiatives to complete the digital Single Market, and on bilateral trade liberalisation negotiations. We hope the EU-US trade talks will deepen transatlantic economic integration, reduce non-tariff barriers and ensure fair access to the US telecoms market. Truly competitive telecoms markets will boost trade in all business sectors and support growth, innovation and jobs.</p>

people to enjoy. We are creating jobs at the same time. This year we hired around 1,600 engineers to help with our fibre programme and we insourced around 4,000 jobs.

Our people

Our performance in the year reflects the expertise, hard work and commitment of our people. I am delighted that around 20,000 of them were able to benefit from employee share option plans, each making a gain of around £8,400 on average. We are investing more than ever in our people, making sure they have the skills and support they need to better serve our customers.

Your Board and voting at the AGM

The Board has a key role in setting the strategic direction of the Company and played a full part in assessing and approving the major investments we made this year.

We continue to keep the membership of our Board under review, ensuring we have the right mix of skills, experience and background. Following a review of the composition of our Board Committees, the Board implemented some changes recommended by the Nominating & Governance Committee. I met with each director individually during the year to review their performance and consider that each of them makes an effective contribution to the Board debate across a wide range of issues and continues to demonstrate commitment to the role. Patricia Hewitt, as the Senior Independent Director, reviewed my own performance during the year, taking into account feedback from the other Board members.

We are proposing 20 resolutions at the AGM. We provide further details about these resolutions in the Notice of meeting on pages 11 to 15. The resolutions include the re-election of all the directors

and these are recommended by the Board. The biographies of the directors are set out on pages 8 to 9.

Your vote is important to us. If you are not coming to the AGM, and you want to vote on any of the resolutions, this can be done online or by post.

You can find an online audio version of this document at www.bt.com/annualreport In addition there are online versions of our Annual Report & Form 20-F 2013, our full statutory accounts and other online shareholder information.

Our future

Our aim remains to drive profitable revenue growth. The investments we are making will support this ambition. We believe our strategy of improving customer service, transforming our cost base and investing for the future will continue to deliver long-term value for our shareholders.

Your Board is committed to operating in accordance with best practice in business integrity and ethics and maintaining the highest standards of financial reporting and corporate governance. The directors consider that BT has, throughout the year, complied with the provisions of the UK Corporate Governance Code (the Code) as currently in effect and applied the main principles of the Code.

Summary report on directors remuneration

This is a summary of the full Report on Directors Remuneration in the Annual Report, a copy of which is available on request or at www.bt.com/annualreport There will be a vote on the full report at the AGM.

The Remuneration Committee agrees the framework for the remuneration of the Chairman, the executive directors and certain senior executives. The Committee approves new executive share plans and any changes to them. It makes recommendations to the Board on matters which require shareholder approval and oversees their operation.

Our policy for executive pay is for base salaries to be below the median of our comparator group, while setting stretching goals for the annual bonus (including deferred shares) and the long-term incentive shares. A significant proportion of the total remuneration package is therefore variable and linked to corporate performance. Executive remuneration packages for 2013/14 comprise a mix of basic salary and performance-related remuneration as shown in the table below. The graph below shows the relative TSR performance of BT and the FTSE 100 over the past five years.

	Chief Executive	Executive Directors
Base salary	This is reviewed annually by the Remuneration Committee.	
Annual cash bonus	Target 125% salary; max 200% salary	Target 100% salary; max 150% salary
Deferred bonus (in shares)^a	Target 125% salary; max 200% salary	Target 75% salary; max 112.5% salary

Total bonus	Target 250% salary; max 400% salary	Target 175% salary; max 262.5% salary
Incentive shares^b	2.5 x salary	2 x salary

^a The shares vest after three years subject to continued employment and a clawback condition.

^b For awards granted in June 2010, 50% of awards are based on relative TSR, with the other 50% based on a three-year cumulative free cash flow measure. For awards granted in June 2011 and June 2012 a new measure of revenue growth (excluding transit) was added. 2011 and 2012 awards are therefore based 40% on relative TSR, 40% free cash flow, and 20% revenue growth.

Directors' service contracts and letters of appointment

The Chairman and executive directors have service contracts and the non-executive directors have letters of appointment with the Company.

The notice of termination for the Chairman's and executive directors' contracts is 12 months by the Company and six months by the director. Non-executive directors are appointed initially for three years terminable on three months notice. All Board appointments are subject to automatic termination in the event of a director not being elected or re-elected by the shareholders at the AGM.

Non-executive directors

Edgar Filing: BT GROUP PLC - Form 6-K

The total payment to non-executive directors in the year was £683,000 (2011/12: £805,000). At 1 April 2013, there were six non-executive directors. The basic fee for non-executive directors is £62,000 per year (2011/12: £62,000). There are additional fees for membership of and chairing a Board Committee, details of which are given in the table below:

Committee	Member's fee	Additional Chairman's fee
Audit & Risk	£15,000	£15,000
Remuneration	£10,000	£10,000
Nominating & Governance	£7,500	£5,000
Other Board Committees	£5,000	£5,000

Patricia Hewitt, as Senior Independent Director, chair of the Remuneration Committee, chair of the BT Pensions Committee and a member of the Audit & Risk Committee and Nominating & Governance Committee, receives total fees of £159,500 per year. Phil Hodgkinson receives an additional annual fee of £72,500 as chairman of the Equality of Access Board (a Board Committee).

Pensions payments made during the year

Sir Michael Rake and Ian Livingston are not members of any of the Company pension schemes. Ian Livingston received a cash payment of £270,000. Tony Chanmugam is a member of the BT Pension Scheme (BTPS) but has opted out of future pensionable service accrual. Tony Chanmugam received a cash payment of £160,500. Gavin Patterson is a member of the BTPS but has not made a contribution during 2012/13 and instead received a cash payment of £171,000.

Special business

The following resolution will be proposed as an ordinary resolution.

Resolution 16: Authority to allot shares

That:

(a) the authority and power conferred on the directors in relation to the Section 551 Amount by Article 71 of the Company's articles of association (Articles) be renewed until the end of the next Annual General Meeting (AGM) and for that period the Section 551 Amount will be £130 million; and

(b) the directors be authorised generally and without conditions under Section 551 of the Companies Act 2006 (2006 Act) to allot shares and to grant rights to subscribe for or to convert any security into shares in the Company up to a further nominal amount of £130 million in connection with a rights issue. This authority expires at the end of the next AGM. The Board can make offers and enter into agreements which would, or might, need shares to be allotted and rights to be granted after that expiry.

These authorities supersede any previous ones under section 551 of the 2006 Act and 'rights issue' is as defined in Article 71 of the Company's Articles.

The Company's Articles and paragraph (a) above give a general authority to the Board to allot new shares up to a nominal value of £130 million, which is equivalent to approximately 33% of the Company's issued share capital (excluding treasury shares) at the date of this Notice.

Paragraph (b) gives an authority to the directors to allot new shares only in connection with a rights issue up to a further face value of £130 million, which is equivalent to approximately 33% of the Company's issued share capital (excluding treasury shares) at the date of this Notice.

These authorities will expire at the end of the 2014 AGM. See the notes to Resolution 18 for more information on treasury shares.

The following three resolutions will be proposed as special resolutions.

Resolution 17: Authority to allot shares for cash

That subject to the passing of Resolution 16:

- (a) the authority and power conferred on the directors by Article 71 of the Company's Articles be renewed for the period referred to in Resolution 16 and for that period the Section 561 Amount will be £20 million; and
- (b) the directors have power to allot equity securities (within the meaning of section 560(1) of the 2006 Act) entirely paid for in cash under the authority given by paragraph (b) of Resolution 16 in connection with a rights issue as if section 561(1) of the 2006 Act did not apply to such allotment. This power expires at the end of the next AGM but the Company can make offers and enter into agreements which would, or might, need equity securities to be allotted after that expiry.

In this resolution words defined in Resolution 16 have the same meaning, and references to an allotment of equity securities include a sale of treasury shares.

This resolution renews the powers given to the Board to allot equity securities without needing to offer these shares to existing shareholders first: for cash up to an amount representing approximately 5% of the issued share capital (including treasury shares) at the date of this Notice, approximately 407 million shares; and in connection with a rights issue.

There are no current plans to undertake a rights issue or to allot shares except in connection with the Company's employee share plans. Resolutions 16 and 17 ensure that the directors retain the flexibility to act in the best interests of shareholders, when opportunities occur, by allotting shares. Over a three year rolling period, except in a rights issue or pre-emptive offer, this disapplication will not exceed 7.5% of issued share capital.

Resolution 18: Authority to purchase own shares

That the Company has general and unconditional authority to make market purchases (as defined in section 693(4) of the Companies Act 2006) of shares of 5p each in the Company, subject to the following conditions:

- (a) the maximum number of shares which may be purchased is 788 million shares;
- (b) the minimum price (excluding expenses) which may be paid for each share is 5p;
- (c) the maximum price (excluding expenses) which the Company may pay for each share cannot be more than the higher of:
 - (i) 105% of the average market value of a share in the Company for the five business days prior to the day the purchase is made; and

(ii) the value of a share in the Company calculated on the basis of the higher of the price quoted for: (a) the last independent trade of; or (b) the highest current independent bid for any number of shares in the Company on the trading venues where the purchase is carried out; and

(d) this authority expires at the end of the next AGM, except in relation to the purchase of shares, the contract for which was concluded before the expiry of this authority and which might be executed wholly or partly after that expiry.

This resolution renews the Company's authority to buy its own shares on similar terms to previous years' authorities. It would be limited to 788 million ordinary shares, representing 10% of the issued share capital (excluding treasury shares) at the date of this Notice. The directors would exercise this authority only after considering the effects on earnings per share and the benefits for shareholders generally. The purchase of shares by the Company under this authority would be a purchase in the market. It should not be confused with any share dealing facilities that may be offered to shareholders by the Company.

Shares purchased by the Company out of distributable profits could be held as treasury shares, which could then be cancelled, sold for cash or used to meet the Company's obligations under its employee share plans.

During the 2012/13 financial year, 87 million shares were purchased (1% of the share capital) for a consideration of £189 million at an average price of £2.16 per share, under this authority.

At 9 May 2013, 460 million treasury shares had been transferred to meet the Company's obligations under its employee share plans and at that date, the Company still held 268 million treasury shares which is equal to approximately 3.4% of the issued share capital (excluding treasury shares) at that date.

The Company's current intention is to hold any shares purchased under this authority as treasury shares but it retains the flexibility to cancel them or sell them for cash if it considers this to be in the best interests of the Company. The authority will expire at the end of the 2014 AGM although the directors intend to seek renewal of this power at each AGM.

At 9 May 2013, there were options outstanding over 501 million shares (of which options over 490 million shares were in respect of options granted under the savings-related share option plans), representing 6.35% of the Company's issued share capital (excluding treasury shares). If the authority given by this resolution were to be fully used, these would represent 7.06% of the Company's issued share capital (excluding treasury shares). There are no warrants outstanding.

Resolution 19: Authority to call a general meeting on 14 days' notice

That the Company may call a general meeting (but not an AGM) on at least 14 clear days' notice.

The Companies Act 2006 requires that general meetings are held on 21 days' notice unless shareholders have approved a shorter notice period. This resolution means we would give you two weeks or more notice of a general meeting. It will be effective until our next AGM, when we may propose a similar one. It is expected that the authority would be used only in exceptional circumstances.

The following resolution will be proposed as an ordinary resolution.

Resolution 20: Authority for political donations

That British Telecommunications plc, a wholly-owned subsidiary of the Company, be authorised to make political donations to political:

(a) parties and/or independent election candidates not exceeding £75,000 in total; and

(b) organisations other than political parties not exceeding £25,000 in total during the period beginning with the date of the 2013 AGM and ending at the end of the day on which the 2014 AGM is held.

The terms 'political donation', 'political parties', 'independent election candidates', and 'political organisation' have the meanings given by sections 363 to 365 of the Companies Act 2006 (2006 Act).

The Company's continuing policy is that no company in the group will make contributions in cash or kind (including loans) to any political party. However, the definition of political donations used in the 2006 Act is very much broader than the sense in which these words are ordinarily used. It may cover activities such as making Members of Parliament and others in the political world aware of key industry issues and matters affecting the Company, which make an important contribution to their understanding of BT. The authority

we are requesting in this resolution is not designed to change the above policy, but will ensure that the group continues to act within the provisions of the 2006 Act.

During the 2012/13 financial year, the Company's wholly-owned subsidiary, British Telecommunications plc, spent a total of £739 to cover the cost of a briefing meeting with the Scottish National Party.

Register of Members and proxies

Only shareholders on the BT Group Register of Members at 6pm on 15 July 2013 are entitled to attend, speak and vote at the AGM.

If you are unable to attend and vote, you can appoint another person as your proxy to exercise all or any of your rights to attend, speak and vote at the meeting. You may appoint more than one proxy in relation to the meeting, provided you appoint each proxy to exercise the rights attached to a different share or shares held by you. A proxy need not be a shareholder of the Company. On a poll, the number of shares you hold as a shareholder at 6pm on 15 July 2013 will decide the number of votes that you may cast. Changes after that time will not be taken into account.

An AGM admission card/proxy card accompanies this Notice of meeting.

Nominated persons

Unless you are a shareholder you do not have a right to appoint any proxies under the procedures set out above, or referred to under the heading "AGM information" on page 16.

You may nevertheless have a right under an agreement between you and a shareholder of the Company who has nominated you (Relevant Shareholder) to have information rights, to be appointed, or to have someone else appointed, as a proxy for the meeting; or to give instructions to the Relevant Shareholder on the exercise of voting rights.

If you are uncertain about your rights or about your investment you should contact the person or organisation that administers that investment.

Shareholders' rights

Shareholders at the AGM have the right to ask questions relating to its business. The Chairman need not answer if, for example, it would involve disclosing confidential information or is undesirable in the Company's interests or the good order of the AGM.

If enough shareholders act together to make requests under sections 527 and 528 of the Companies Act 2006 (all references are to this Act), the Company may have to publish on its website a statement setting out any matter relating

to the audit of its accounts or any circumstance connected with its auditors ceasing to hold office. The Company cannot make shareholders, requesting this, pay its expenses in complying with these sections. It has to forward the statement to its auditors before it publishes the statement. The business which may be dealt with at the AGM includes any such statement.

Shareholders meeting the threshold and time limit set out in sections 338 and 338A can make the Company give its members notice of a resolution and/or include in the business to be dealt with at the AGM any matter which may be properly included in that business.

Shares

The total number of issued and fully paid ordinary shares of 5p each at 9 May 2013, the latest practicable (business) date before the publication of this document, was 8,151,227,029, carrying one vote each. The total number of voting rights in the Company at that date was 7,882,904,006 (excluding treasury shares).

Documents

Copies of all service contracts and letters of appointment between the directors and the Company are available for inspection during business hours at the registered office of the Company on any weekday (but not on public holidays) and will also be available for inspection at the AGM venue from 10am on the day of the meeting until the end of the meeting.

Your directors believe that the proposals set out in Resolutions 1 to 20 are in the best interests of shareholders as a whole and unanimously recommend that you vote in favour of all these resolutions. They intend to do so in respect of their own beneficial holdings.
