Item 1.01. Entry into a Material Definitive Agreement.

On August 5, 2013, Spectra Energy Partners, LP (the Partnership) entered into a Contribution Agreement (the Contribution Agreement) with Spectra Energy Corp (SE Corp), pursuant to which SE Corp has agreed to contribute to the Partnership substantially all of its interests in its subsidiaries that own U.S. transmission and storage and liquids assets and to assign to the Partnership its interests in certain related contracts (the Contribution). The Contribution will be in exchange for aggregate consideration of: (i) an aggregate of 175,510,204 of the Partnership's common units and general partner units (collectively, the Total Unit Consideration) issued to certain subsidiaries of Spectra Energy and to Spectra Energy Partners (DE) GP, LP, the general partner of the Partnership (the General Partner), respectively, subject to adjustment as provided in the Contribution Agreement, (ii) approximately \$70.4 million in cash paid to a subsidiary of SE Corp in respect of certain intercompany indebtedness being assigned to the Partnership, (iii) approximately \$2.1 billion in cash paid to the General Partner, subject to adjustment as provided in the Contribution Agreement, and (iv) the assumption (indirectly by acquisition of the contributed entities) of approximately \$2.5 billion of third-party indebtedness of the contributed entities. The Total Unit Consideration will be allocated between common units and general partner units with the intention of maintaining the General Partner's 2% general partner interest in the Partnership.

The Contribution Agreement includes customary representations, warranties and covenants by the parties. The closing of substantially all of the initial portion of the Contribution (the First Closing) is expected to occur during the fourth quarter of 2013, subject to regulatory approval and the satisfaction of customary closing conditions. The remaining portions of the Contribution will be completed in two subsequent closings that will occur at least 12 months following the First Closing and at least 12 months following such second closing, respectively. The Total Unit Consideration attributable to each closing will be allocated among the respective contributors at each closing in amounts as determined immediately prior to each closing.

Each party has agreed to indemnify the other for breaches of representations and warranties, breaches of covenants and certain other matters, subject to certain exceptions. The Contribution Agreement contains certain termination rights for both the Partnership and SE Corp, including if the First Closing does not occur by December 31, 2013.

SE Corp currently directly or indirectly owns (i) 100% of the General Partner and (ii) 100% of Spectra Energy Partners GP, LLC, the general partner of the General Partner (SEP GP, LLC). The conflicts committee of the board of directors of SEP GP, LLC recommended approval of the Contribution. The conflicts committee, comprised of independent members of the board of directors of SEP GP, LLC, retained independent legal and financial advisors to assist it in evaluating and negotiating the Contribution.

SE Corp currently directly or indirectly owns approximately 59% of the ownership interests in the Partnership in the form of common units and, through the General Partner, a 2% general partner interest in the Partnership. Following the completion of the transactions contemplated by the Contribution Agreement, SE Corp is expected to own directly or indirectly approximately 82% of the ownership interests in the Partnership in the form of common units and a 2% general partner interest.

The foregoing description of the Contribution Agreement is not complete and is qualified in its entirety by reference to the full and complete terms of the Contribution Agreement, which is attached as Exhibit 2.1 to this Current Report on Form 8-K.
