If successful, the Offer will be followed by a merger of Purchaser with and into Ambit (the Merger ).

This Schedule 14D-9 filing consists of the following document relating to the proposed Offer and Merger:

- (i) Form of letter to certain collaborators, vendors and clinical investigators of Ambit first sent on September 29, 2014.

Dear xxxxx:

We issued a press release earlier today announcing that Ambit has entered into an agreement for the company to be acquired by Daiichi Sankyo Co. Ltd. Daiichi Sankyo is a global pharmaceutical company with corporate origins in Japan. They provide innovative products and services in more than 50 countries around the world. Key therapeutic areas for Daiichi Sankyo are oncology and cardiovascular and metabolic diseases. The Daiichi Sankyo oncology portfolio continues to grow and currently includes both small molecules and monoclonal antibodies with novel targets in both solid and hematologic cancers.

We believe Daiichi Sankyo is the ideal organization to take quizartinib to the next stage of development, and ultimately, to achieve our goal of making it available as quickly as possible to help as many AML patients as possible.

Ambit continues as a separate and independent company until the transaction closes, which is expected in the fourth quarter of this year. As we work toward the close of the transaction, we will work with Daiichi Sankyo to plan our integration and will share details with you as we are able. I thank you for your continued support of Ambit as we embark upon the next phase of our development.

Sincerely,

xxxxx
