**ITEM 1.01 ENTRY INTO A MATERIAL DEFINITIVE AGREEMENT.**

Tenneco Inc. has amended and renewed its North American trade accounts receivable securitization program. The company extended the term of both facilities to April 30, 2017. The amount of financing provided by the first priority facility will be increased to \$130 million and the amount of financing provided by the second priority facility, which is subordinated to the first priority facility, will be increased to \$50 million. Both facilities monetize accounts receivable generated in the U.S. and Canada that meet certain eligibility requirements, and the second priority facility also monetizes certain additional receivables generated in the U.S. and Canada that would otherwise be ineligible under the first priority facility. The company's accounts receivable securitization programs, both in North America and in Europe, provide the company with financing at costs that are generally favorable to alternative sources of financing and allow the company to reduce borrowings under its revolving credit arrangements.

The above summary of the amendments to and renewal of Tenneco's North American trade accounts receivable securitization program is not complete and is qualified in its entirety by reference to the terms of the documents effecting the amendments and renewal, copies of which are filed as Exhibits 10.1 and 10.2 hereto and are incorporated by reference herein.
