2014 was a significant year for the Company with the successful name change to Anthem, Inc. We believe that the name change is an important component of our strategic plan to create better alignment between our corporate and product brands and better reflect our purpose and strategy to help transform health care.

2014 was also significant due to our strong operating results. We believe we have made, and continue to make, the needed investments to support improvements in healthcare affordability and accessibility for all our customers, across both our Commercial and Government segments. The substantial groundwork we have laid positions us well to capitalize on market opportunities in the future, and to serve a growing number of members and their families.

If you are unable to attend, it is still important that your shares be represented and voted. Therefore, regardless of the number of shares you own, PLEASE VOTE THROUGH THE INTERNET, BY TELEPHONE OR BY MAIL. Any shareholder who attends the meeting may vote in person, even if he or she has voted through the Internet, by telephone or by mail, provided that if your shares are registered in the name of a bank or your broker or other nominee, you must obtain a legal proxy from your bank, broker or other nominee and bring it with you to the Annual Meeting.

Executive sessions of the independent directors are held at each in-person board meeting.

Shareholder Engagement

We believe that building positive relationships with our shareholders is critical to Anthem's long-term success. For this reason, we spend significant time meeting with our shareholders, listening to their concerns and responding to their feedback. In 2014, management reached out to our largest shareholders, representing in aggregate approximately 50% of our outstanding shares, offering to discuss our corporate governance practices and our executive compensation programs, as well as any other topics requested by these shareholders. In addition, our management team regularly offers shareholders the opportunity to discuss the Company's quarterly results and other topics of interest to shareholders. We value our relationship with our shareholders and believe that we strengthen our ability to lead the Company by constructively discussing our business and strategy.

Edgar Filing: Anthem, Inc. - Form DEF 14A

We were pleased that our shareholders overwhelmingly approved the non-binding advisory vote on our executive compensation in 2014 as approximately 94% of votes cast for or against the proposal were voted in favor of the proposal. Nevertheless, we continue to examine our executive compensation program to assure alignment between the interests of our executive officers and our shareholders.

Annual Meeting of Shareholders

May 13, 2015

Purpose

This proxy statement is being made available to shareholders on or about April 1, 2015 in connection with a solicitation by the Board of Directors of Anthem, Inc. (Anthem, the Company, we, us or our) of proxies to be voted at the annual meeting of shareholders and any adjournments or postponements, to be held at 8:00 a.m., Eastern Daylight Time, Wednesday, May 13, 2015, at the Indiana History Center, at 450 West Ohio Street, Indianapolis, Indiana, for the purposes set forth in the accompanying Notice of Annual Meeting of Shareholders. Shareholders will be admitted to the annual meeting beginning at 7:30 a.m., Eastern Daylight Time.

Internet Availability of Proxy Materials

We are using the e-proxy rules adopted by the Securities and Exchange Commission (the SEC) to furnish proxy materials to shareholders through a notice only model using the Internet. This allows us to reduce costs by delivering to shareholders a Notice of Internet Availability of Proxy Materials (the E-Proxy Notice) and providing online access to the documents.

If you received an E-Proxy Notice by mail, you will not receive a printed copy of our proxy materials unless you specifically request one as set forth below. The E-Proxy Notice instructs you on how to access and review all of the important information contained in the proxy statement and our 2014 Annual Report on Form 10-K as well as how to submit your proxy through the Internet. On or about April 1, 2015, we mailed the E-Proxy Notice to the majority of our shareholders of record and a printed copy of these proxy materials to our other shareholders who had requested it.

This proxy statement, the form of proxy and voting instructions are being made available to shareholders on or about April 1, 2015, at www.envisionreports.com/antm. If you received the E-Proxy Notice and would still like to receive a printed copy of the proxy materials, you may request a printed copy of this proxy statement and the form of proxy by any of the following methods: (a) telephone at 1-866-641-4276 in the United States, Canada or Puerto Rico or at 781-575-2300 from outside the United States, Canada or Puerto Rico; (b) Internet at www.envisionreports.com/antm; or (c) e-mail at investorvote@computershare.com.

Record Date, Quorum and Vote Required

Record Date At the close of business on March 19, 2015, the record date for the annual meeting, there were 265,985,143 shares of our common stock outstanding and entitled to vote at the annual meeting.

Quorum In order for business to be conducted at the annual meeting, 25% of the votes entitled to be cast on a matter, represented in person or by proxy, must be present.

Vote Required You will have one vote for each share held. Shares of our common stock represented by properly executed proxies will be voted at the annual meeting in accordance with the choices indicated on the proxy. Abstentions on a specific proposal will be considered as present at the annual meeting and will be counted for purposes of determining whether a quorum is present, but will have no effect in the outcome of any proposal.

Edgar Filing: Anthem, Inc. - Form DEF 14A

Each proposal at the annual meeting will be approved only if the proposal receives more votes for than against. If your shares of our common stock are held in street name, and you do not provide your broker with voting instructions, your broker has the discretion to vote your shares of common stock for or against only Proposal 2, the ratification of the appointment of our independent registered public accounting firm, and not any of the other proposals. If your broker does not have discretion to vote your common stock without your instructions, this is referred to as a broker non-vote. Broker non-votes will not be considered as votes cast on Proposals 1, 3, 4 and 5.

Shareholders

Shares of our common stock may be held directly in your own name or may be held beneficially through a broker, bank or other nominee in street name. Summarized below are some distinctions between shares held of record and those owned beneficially.

Shareholder of Record If your shares are registered directly in your name with our transfer agent, Computershare Trust Company, N.A., you are considered the shareholder of record with respect to those shares and we are providing proxy materials directly to you. As the shareholder of record, you have the right to vote in person at the annual meeting or to grant your voting proxy to the persons designated by us.

Beneficial Owner If your shares are held in a stock brokerage account or by a bank or other nominee, you are considered the beneficial owner of the shares held in street name, and you have been provided proxy materials from your broker, bank or other nominee who is considered the shareholder of record with respect to the shares. As the beneficial owner, you have the right to direct the broker, bank or nominee on how to vote your shares and are also invited to attend the annual meeting. Your broker, bank or nominee is obligated to provide you with a voting instruction card for you to use. However, since you are not the shareholder of record, you may not vote these shares in person at the annual meeting unless you bring with you to the annual meeting a legal proxy, executed in your favor, from the shareholder of record.

Employee Shareholder If you participate in the Anthem 401(k) Retirement Savings Plan (the 401(k) Plan) and you are invested in our common stock fund in your account, you may give voting instructions to the plan trustee as to the number of shares of common stock equivalent to the interest in our common stock fund credited to your account as of the most recent valuation date coincident with or preceding the record date. The trustee will vote your shares in accordance with your instructions received by May 11, 2015 at 11:59 p.m., Eastern Daylight Time. You may also revoke previously given voting instructions by May 11, 2015 at 11:59 p.m., Eastern Daylight Time, by filing with the trustee either written notice of revocation or a properly completed and signed voting instruction card bearing a later date. Your voting instructions will be kept confidential by the trustee. If you do not send instructions for a proposal, the trustee will vote the number of shares equal to the share equivalents credited to your account in the same proportion that it votes shares for which it did receive timely instructions.

Voting

Whether you hold shares as a shareholder of record or as a beneficial owner, you may vote before the annual meeting by granting a proxy or, for shares held in street name, by submitting voting instructions to your bank, broker or nominee. Most shareholders will have a choice of voting through the Internet or by telephone or, if you received a printed copy of the proxy materials, by completing a proxy card or voting instruction card and returning it in a postage-prepaid envelope. Please refer to the instructions below and in the E-Proxy Notice.

Through the Internet You may vote through the Internet by going to www.envisionreports.com/antm and following the instructions. You will need to have the E-Proxy Notice, or if you received a printed copy of the proxy materials, your proxy card or voting instruction card, available when voting through the Internet. If you want to vote through the Internet, you must do so before 11:59 p.m., Eastern Daylight Time, on May 12, 2015. **If you vote through the Internet, you do not need to return a proxy card.**

By Telephone You may vote by touchtone telephone by calling (800) 652-8683. You will need to have your E-Proxy Notice, or if you received a printed copy of the proxy materials, your proxy card or voting instruction card, available when voting by telephone. If you want to vote by telephone, you must do so before 11:59 p.m., Eastern Daylight Time, on May 12, 2015. **If you vote by telephone, you do not need to return a proxy card.**

By Mail If you are a beneficial owner, you may vote by mail by signing and dating your proxy card or voting instruction card provided by your broker, bank or nominee and mailing it in a postage-prepaid envelope. If you are a shareholder of record and you received a printed copy of our proxy materials, you may vote by signing and dating your proxy card or voting instruction card and mailing it in a postage-prepaid envelope. If you are a shareholder of record and received the E-Proxy Notice, in order to obtain a proxy card, please follow the instructions on the E-Proxy Notice.

Table of Contents

Proxy Statement (continued)

If you provide specific voting instructions, your shares will be voted as you instruct. **If you sign and date your proxy card, but do not provide instructions, your shares will be voted:**

**FOR the election of each of our nominee directors,
FOR the ratification of the appointment of the independent registered public accounting firm for 2015,
FOR the approval of the compensation of our Named Executive Officers,
As the Board has adopted a policy to eliminate our classified board structure when we are no longer contractually obligated to maintain a classified board, the Board has made no recommendation on Shareholder Proposal No. 4, and therefore, your shares will not be voted on Shareholder Proposal No. 4 and will be treated as an abstention, and
AGAINST Shareholder Proposal No. 5.**

Changing Your Vote You may revoke your proxy at any time prior to the annual meeting. If you provide more than one proxy, the proxy having the latest date will revoke any earlier proxy. If you attend the annual meeting and you are a shareholder of record, you will be given the opportunity to revoke your proxy and vote in person. **If you are a beneficial owner, you must have a legal proxy from your bank, broker or nominee in order to vote in person.**

Inspector of Elections Computershare Trust Company, N.A. has been appointed Inspector of Election for the annual meeting. The Inspector will determine the number of shares outstanding, the shares represented at the annual meeting, the existence of a quorum, and the validity of proxies and ballots, and will count all votes and ballots.

Confidentiality of Votes The vote of each shareholder is held in confidence, except (a) as necessary to meet applicable legal requirements and to assert or defend claims for or against the Company; (b) if there is a contested proxy solicitation; (c) if a shareholder makes a written comment on the proxy card or otherwise communicates his or her vote to management; or (d) as necessary to allow the Inspector of Election to resolve any dispute about the authenticity or accuracy of a proxy card, consent, ballot, authorization or vote and to allow the Inspector of Election to certify the results of the vote.

Householding

Shareholders who share the same last name and address may receive only one copy of the E-Proxy Notice unless we receive contrary instructions from any shareholder at that address. This is referred to as householding. If you prefer to receive multiple copies of the E-Proxy Notice at the same address, additional copies will be provided to you promptly upon written or oral request, and if you are receiving multiple copies of the E-Proxy Notice, you may request that you receive only one copy. Please address requests for a copy of the E-Proxy Notice to our Secretary, Anthem, Inc., 120 Monument Circle, Mail No. IN0102-B381, Indianapolis, Indiana 46204 or telephone (800) 985-0999.

We will bear the cost of the solicitation of proxies and have engaged Alliance Advisors, LLC to assist in the solicitation of proxies. Alliance Advisors, LLC will receive a fee of approximately \$8,500 plus reasonable out-of-pocket expenses for this work. We also will reimburse banks, brokers or other custodians, nominees and fiduciaries for their expenses in forwarding the proxy materials to beneficial owners and seeking instruction with respect thereto. In addition, our directors, officers or other associates, without additional compensation, may solicit proxies from shareholders in person, or by telephone, facsimile transmission or other electronic means of communication.

Governance of the Company

Our business is managed under the direction of the Board. The Board has responsibility for establishing broad corporate policies and for our overall performance. We believe that the only results worth achieving are those achieved with integrity and a commitment to excellence. Accordingly, we have long recognized the importance of and have always placed a high priority upon having good corporate governance measures in place.

Board Leadership Structure

The Board believes that it should have the flexibility to establish a leadership structure that works best for the Company at a particular time and reviews that structure from time to time. Historically, the positions of our Chair of the Board and Chief Executive Officer (CEO) have, at different times, been separately held by two people or combined and held by the same person. Currently, the roles of Chair and CEO are separate and the positions will remain separate until changed by a decision of the Board of Directors. Any decision to change the structure in the future will be based on what the Board believes is the most effective and efficient structure for the Company, taking into account the experience and expertise of the CEO, the skills, experience and expertise of the directors and the Company's circumstances and needs at that time.

The current independent Chair of the Board is George A. Schaefer, Jr., and he has served in that role since May 2013. Our President and CEO is Joseph R. Swedish, who was also appointed by the Board to be a director, effective March 2013, and was elected by our shareholders at the 2013 annual meeting for a term to expire at the 2016 annual meeting. The Board believes that the current leadership structure allows Mr. Swedish to concentrate on overseeing the management of our business, while Mr. Schaefer oversees the functioning of the Board and our corporate governance.

If the position of Chair and CEO are filled by the same person or if the Chair is not an independent director, the independent directors will elect a Lead Director, as required by our Corporate Governance Guidelines. The Lead Director presides at meetings of the Board and shareholders in the Chair's absence, presides at all meetings of the independent directors (which are scheduled at each in-person Board meeting), serves as a liaison between the Chair and the independent directors, approves information sent to the Board, approves Board schedules and meeting agendas, has the authority to call additional meetings of the Board and the independent directors and is available for consultation and direct communication, if requested, with major shareholders. The Board also recognizes the important leadership roles played by the chairpersons of each of the committees of the Board. The Board evaluates its leadership structure from time to time and changes it as circumstances warrant.

Board Role in Risk Oversight

Our Board of Directors oversees the risk management processes that have been designed, and are implemented by our executives, to determine whether those processes are functioning as intended and are consistent with our business and strategy. The Board oversees our exposure to major enterprise risks and, with the assistance of the Audit Committee, oversees the processes by which we assess, monitor and manage our exposure to major risks. The Board reviews and approves certain risk tolerance levels and action plans regarding major risks. In addition to the responsibilities delegated to the Audit Committee, the Board delegates to the Board committees the responsibility for assisting in the oversight of categories of risk within their areas of responsibility. See also Executive Compensation Assessment of Compensation-Related Risks in this proxy statement for a description of the Compensation Committee's role in overseeing compensation-related risks. A description of the enterprise risks facing us is included in Item I, Part IA Risk Factors in our 2014 Annual Report on Form 10-K.

In addition to its oversight of certain risks as delegated by the Board of Directors, the Audit Committee is specifically tasked with the following as it relates to enterprise risk management activities:

- Review the appointment, promotion or dismissal of the Chief Risk Officer, who serves as the head of the internal enterprise risk management function;
- Review and discuss our enterprise risk management framework, processes and governance structure;

Edgar Filing: Anthem, Inc. - Form DEF 14A

Review and discuss our major financial risk exposures, and any other categories of risk delegated by the Board to the Audit Committee from time to time, and the steps management has taken to assess, monitor and manage such exposures; and
Discuss the responsibilities, budget and staffing of our enterprise risk management function.

Table of Contents

Governance of the Company (continued)

We have formed an Enterprise Risk Council to oversee our enterprise risk management activities. The Enterprise Risk Council is comprised of members of our executive leadership team and the Chief Risk Officer. Roles and responsibilities of the Enterprise Risk Council include:

- Drive an effective enterprise risk management culture;
- Continually evaluate and bring forward emerging risk insight;
- Review and approve risk tolerance levels (subject to Board review and approval where appropriate);
- Act on risk tolerance breaches;
- Engage with the Chief Audit Executive to ensure appropriate two-way communication regarding our enterprise risks;
- Review the Master Audit Plan to ensure there is appropriate coverage of the highest risk areas;
- Review and approve the evaluation and prioritization of enterprise risks;
- Review enterprise action plans against risks;
- Review and approve the policies and procedures for monitoring and mitigating enterprise risks, as well as any required regulatory filings; and
- Review and support resource requirements (subject to Board review where appropriate).

The Chief Risk Officer provides quarterly updates of enterprise risk management activities conducted through the Enterprise Risk Council to the Board of Directors and/or the Audit Committee, including separate executive sessions with the Audit Committee.

Policies on Corporate Governance

Over the past several years, we have enhanced our corporate governance practices in a number of meaningful ways, and we continually seek best practices to promote a high level of performance from the Board and management. We believe our corporate governance practices promote the long-term interests of our shareholders and strengthen Board and management accountability.

Among the practices we adhere to are the following:

- We review annually our corporate governance documents, including our Articles of Incorporation, By-Laws, Corporate Governance Guidelines and committee charters, for compliance with their terms and for enhancements to improve corporate governance;
- We have adopted majority voting for the election of directors in uncontested elections, and directors who fail to receive the required majority vote in uncontested elections must tender their resignation for consideration by the Board;
- We have eliminated all supermajority voting requirements in our Articles of Incorporation and have opted out of the Indiana Control Share Acquisitions Statute;
- Nine of our ten current directors are independent under all applicable standards;
- Only independent directors serve on the Audit, Compensation and Governance Committees;
- Non-employee directors meet in executive session without management present at every in-person Board meeting;
- We currently have an independent Chair of the Board; when the positions of the Chair of the Board and CEO are held by the same person, or if the Chair of the Board is not an independent director, a Lead Director presides at the executive sessions of independent directors and performs various other duties; the Lead Director position, if any, is elected annually by the independent directors;
- The lead partner of our independent registered public accounting firm is rotated at least every five years;
- The Board, and each committee of the Board, has the authority to engage consultants and advisors at our expense;
- The Board and each standing committee annually conduct evaluations of their performance and director peer evaluations are conducted periodically;
- Individuals cannot stand for election as a director if 72 years of age or older, and directors cannot serve on more than three other public company boards;
- We provide several avenues for shareholders to communicate with the Board and management, including periodic investor days and earnings release conference calls and webcasts, dedicated email addresses for the Board

and for Committee chairs, and specific outreach to shareholders initiated by us or in response to engagement requests from shareholders; one of the duties of our independent Chair is to be available upon request for consultation and direct communication with major shareholders; The Board encourages directors to participate in continuing education programs and reimburses directors for the expenses of such participation;

Our average director tenure was approximately 6 years at December 31, 2014 and our Board's composition is diverse in gender, race, age, geographic location, experience and skills;

We have a recoupment policy to recover incentive compensation payments from our executive officers in the event of a restatement of our financial statements due to misconduct;

We do not provide tax gross-ups on payments made in connection with a change in control or on perquisites, subject only to honoring contractual requirements when assuming agreements upon a merger or other business combination;

We prohibit short sales, hedging transactions and pledges of Company stock by our executive officers, associates and the Board;

The Board and our executive officers and associates are governed by our Standards of Ethical Business Conduct; and

We have significant stock ownership guidelines that align our executives' interests with those of shareholders.

Due to existing contractual obligations with the Blue Cross and Blue Shield Association (BCBSA), we are required to maintain a classified board structure. However, the Board has adopted a policy that, if the BCBSA requirement for a classified board structure is eliminated or is no longer applicable to us, the Board will submit amendments to our Articles of Incorporation recommending approval by the shareholders at the next annual shareholder meeting occurring after the elimination of the requirement, which amendments would eliminate the classified board structure and phase in the annual election of all Directors over a three-year period. If the shareholders approve the amendments to our Articles of Incorporation to eliminate the classified board structure as set forth above, the Board will thereafter amend our By-Laws and other governing documents to implement the elimination of our classified board structure as provided in the Board policy. As a result of this policy, the Board is making no recommendation on Shareholder Proposal No. 4 regarding the election of each Director annually.

Current versions of our Articles of Incorporation, By-Laws, Corporate Governance Guidelines, Standards of Ethical Business Conduct, and the charter of each standing committee of the Board are available on our website at www.antheminc.com under Investors Corporate Governance Governance & Corporate Documents.

We will continue to assess and refine our corporate governance practices and share them with you.

Table of Contents**Board and Committee Membership**

As reflected in our Corporate Governance Guidelines, our business, property and affairs are managed under the direction of our Board. Members of our Board stay informed of our business through discussions with our CEO and other officers, by reviewing materials provided to them, by visiting our offices, by participating in meetings of the Board and its committees and through their own industry knowledge and inquiries.

Director Independence

Our Board has adopted standards to assist it in making determinations of independence and whether or not a director or director nominee has a material relationship with us. These standards are available on our website at www.antheminc.com under Investors Corporate Governance Governance & Corporate Documents. Our Board has determined that all of our directors and director nominees, other than Mr. Swedish, meet these standards, have no material relationship with us and are independent as defined by the New York Stock Exchange (NYSE) listing standards and the SEC s rules.

Meetings and Committees of the Board

During 2014, the Board held nine meetings. The non-employee directors were given the opportunity to meet in executive session without management at all in-person meetings. Our Board committees also conduct executive sessions that are presided over by the Chairperson of the respective committee. Each director attended at least 75% of the total meetings of the Board and each committee on which he or she served.

There are four standing committees of the Board. From time to time, the Board, in its discretion, may form other committees. The following table provides membership information for each of the Board standing committees as of March 1, 2015.

Set forth below are the primary responsibilities of each of the standing committees as described more fully in their charters, which are available on our website at www.antheminc.com under Investors Corporate Governance Governance & Corporate Documents.

The Audit Committee

The Audit Committee represents and assists the Board in its oversight of our accounting, financial reporting and internal audit controls and procedures. In its oversight of our financial statements and the independent audit thereof, the Audit Committee is responsible for the selection, evaluation and, where deemed appropriate, replacement of the independent registered public accounting firm, and for the evaluation of the independence of the independent registered public accounting firm. The Audit Committee also evaluates and selects the lead engagement partner of the independent registered public accounting firm by discussing proposed partners with the independent public accounting firm and management, reviewing resumes of proposed partners, interviewing and then approving a partner.

Edgar Filing: Anthem, Inc. - Form DEF 14A

The Audit Committee is also responsible for the oversight of our Compliance Program and Standards of Ethical Business Conduct, as well as assisting the Board in overseeing the processes by which we assess, monitor and

manage our exposure to major risks. The Chief Compliance Officer facilitates our compliance program and reports independently to the Audit Committee. The Audit Committee regularly receives a detailed report from the Chief Compliance Officer regarding our compliance program activities. See [Audit Committee Matters](#), [Audit Committee Report](#) and [Governance of the Company](#) [Board Role in Risk Oversight](#). The Audit Committee also is responsible for reviewing, at least annually, our political strategy, contributions and activities and overseeing compliance with our policies and procedures regarding political contributions and activities.

The Audit Committee met eight times during 2014. The Audit Committee met separately, generally at each in-person meeting, with executive management (including the General Counsel), the head of internal audit, the Chief Risk Officer, the Chief Compliance Officer and the independent registered public accounting firm during 2014. The Board has determined that each of the members of the Audit Committee is independent as defined by the rules of the SEC and the NYSE listing standards and that each of the members is an audit committee financial expert as defined by the SEC's rules.

The Compensation Committee

The Compensation Committee assists the Board in discharging its responsibilities relating to compensation and benefits provided to our executive officers (which are determined by the Compensation Committee in its sole discretion), including conducting an assessment of the risks related to our compensation policies and practices. See [Executive Compensation](#) [Assessment of Compensation-Related Risks](#). The Compensation Committee sets the compensation level of our CEO and other executive officers based on an evaluation of the executive's performance in light of our goals and objectives. The Compensation Committee may take into consideration when setting the compensation levels of the executive officers (other than the CEO) any recommendations of the CEO with respect to the other executive officers.

In addition, the Compensation Committee has directly engaged an outside compensation consultant to assist in the evaluation of CEO and executive officer compensation, as authorized under its charter. The Compensation Committee has engaged Semler Brossy Consulting Group, LLC (Semler Brossy) to provide executive compensation consulting services. Semler Brossy reports directly to the Compensation Committee, regularly participates in Committee meetings and advises the Committee with respect to compensation trends and best practices, plan design and the reasonableness of individual compensation awards. Semler Brossy does not provide any other services to the Company. The Compensation Committee has assessed the independence of Semler Brossy pursuant to, and based on the factors set forth in, the SEC's and NYSE's rules and concluded that no conflict of interest exists that would prevent Semler Brossy from independently representing the Compensation Committee.

The Compensation Committee met five times during 2014. All members of the Compensation Committee are outside directors within the meaning of Section 162(m) of the Internal Revenue Code of 1986, as amended (the Tax Code), non-employee directors within the meaning of Section 16b-3 of the Exchange Act and independent within the meaning of the NYSE listing standards.

Compensation Committee Interlocks and Insider Participation

None of the Compensation Committee members is or has been an officer or employee of the Company or was involved in a relationship requiring disclosure as an interlocking director or under Item 404 of Regulation S-K.

The Governance Committee

The Governance Committee assists the Board in discharging its responsibilities relating to Board composition, director compensation and corporate governance by identifying and recommending individuals for nomination as members of the Board, recommending to the Board the overall director compensation policy and developing and recommending to the Board a set of corporate governance guidelines. The Governance Committee has directly engaged Compensation Advisory Partners, LLC (CAP), an outside compensation consultant, to assist in the evaluation of director compensation, as authorized under its charter. CAP reports directly to the Governance Committee. During 2014, CAP advised the Committee with respect to director compensation trends and best practices, plan design and the reasonableness of director compensation. The CAP consultants do not provide any other

services to the Company. The Governance Committee has assessed the independence of CAP pursuant to, and based on the factors set forth in, the SEC's and NYSE's rules and concluded that no conflict of interest exists that would prevent CAP from independently representing the Governance Committee.

The Governance Committee met four times during 2014. The Board has determined that each of the members of the Governance Committee is independent as defined by the NYSE listing standards.

Shareholder Recommendations

The policy of the Governance Committee is to consider properly submitted shareholder recommendations for candidates for membership on the Board as described below under Identifying and Evaluating Nominees for Directors. In evaluating such recommendations, the Governance Committee seeks to achieve a balance of knowledge, experience and capability on the Board and to address the membership criteria set forth under Director Qualifications. Any shareholder recommendations proposed for consideration by the Governance Committee must include the nominee's name and qualifications for Board membership and must be addressed to our Secretary at Anthem, Inc., 120 Monument Circle, Mail No. IN0102-B381, Indianapolis, Indiana 46204. Following verification of the shareholder status of persons proposing candidates, recommendations are aggregated and considered by the Governance Committee at a regularly scheduled meeting. If any materials are provided by shareholders in connection with the recommendation of a director candidate, such materials are forwarded to the Governance Committee.

For a description of the requirements regarding shareholder nominations and other proposals at annual meetings, see Shareholder Proposals and Nominations for Next Year's Annual Meeting.

Identifying and Evaluating Nominees for Directors

The Governance Committee utilizes a variety of methods for identifying and evaluating nominees for director. The Governance Committee assesses the appropriate size of the Board and whether any vacancies on the Board are expected due to retirement or otherwise. In the event that vacancies are anticipated, or otherwise arise, the Governance Committee considers, subject to the restrictions in our By-Laws, whether the vacancy should be filled and if so, various potential candidates for director. Candidates may come to the attention of the Governance Committee through current Board members, management, professional search firms, shareholders or other persons. These candidates are evaluated at regular or special meetings of the Governance Committee, and may be considered at any point during the year.

Director Qualifications

The Governance Committee periodically evaluates the size and composition of the Board to assess the skills and qualifications of Board members, and compares them with those skills and qualifications that might prove valuable in the future, considering the circumstances of the Company and the then-current Board membership. This assessment enables the Board to consider whether the skills and qualifications described below continue to be appropriate as the Company's needs evolve over time. On an ongoing basis, the Governance Committee, assisted by outside consultants, will look for candidates who possess qualifications that meet our strategic needs and have diverse experiences in key business, financial and other challenges that face a publicly held health benefits company.

In general, all directors must exhibit integrity and accountability, informed judgment, financial literacy, mature confidence and high performance standards. The candidates should be committed to enhancing shareholder value, should have sufficient time and energy to diligently perform their duties and should be able to provide insight and practical wisdom based on experience to represent the interests of all shareholders. The candidates should also have the manifest ability to work in a collegial and constructive manner with the other members of the Board. Their service on other boards of public companies should be limited to a number that permits them, given their individual circumstances, to perform all director duties responsibly. The foregoing qualifications will be applied by the Governance Committee to all candidates, including candidates submitted by shareholders.

Edgar Filing: Anthem, Inc. - Form DEF 14A

Our Corporate Governance Guidelines provide that our Governance Committee is to take into account the overall diversity of the Board when identifying possible nominees for director, including gender, race, age and geographic location. The Committee implements that policy, and assesses its effectiveness, by examining the diversity of all of

the directors on the Board when it selects nominees for directors. Currently, the Board has two female directors, one African-American director and one Hispanic director. The directors range in age from late 50s to early 70s and reside in 9 different states. The diversity of directors is one of the factors that the Governance Committee considers, along with the other selection criteria described above.

Below we identify and describe a few of the important skills and experiences that the Governance Committee looks for in a director candidate. Each of our directors' specific skills and experiences, as determined in the annual evaluation of each director, are included in the table below and more fully described in their individual biographies. However, the fact that we do not list a particular skill or experience for a director does not mean that the director does not possess that particular skill or experience.

Current or Retired CEO/COO experience. Directors who are current or former Chief Executive Officers or Chief Operating Officers provide practical understanding of how large organizations operate and have experience in strategic thinking, risk management and operations oversight. They also possess significant leadership qualities and are able to identify and develop such qualities in others.

Insurance Industry experience. Directors with experience in the insurance industry bring an understanding of the unique nature of the business, including an understanding and appreciation of the regulatory requirements and restrictions with which they must comply. They can provide effective oversight of our regulatory compliance and risk management efforts.

Finance experience. Directors with an understanding of finance and financial reporting processes, particularly as they relate to large, complex, highly regulated businesses, provide an important oversight role of our financial measures and processes. We use several financial targets for measuring performance, and accurate financial reporting is critical to our success.

Health Care Industry experience. Directors with experience in the health care industry bring valuable insight into the activities and requirements of the providers of health care services and products that receive payments directly or indirectly from our insurance products. These directors bring knowledge of current system operations and experience with medical best practices that are valuable not only for current operations, but also for future strategic initiatives.

Marketing and Public Relations experience. Directors with experience in these areas provide important skills and information to us as we deal with increased public disclosure requirements and media attention on health care and other public policy issues. They can assist us in focusing our communications to effectively present our positions. Also, directors with experience dealing with consumers, particularly in the areas of developing, marketing and selling products and services to consumers, provide significant direction and information to us as we identify changing market conditions and consumer trends and buying habits, because they understand consumer needs.

Technology experience. Directors with an understanding of technology can help us focus our efforts in this important area. They are able to provide oversight of our efforts to improve efficiency and productivity through the use of new technologies in providing our products and services.

Regulatory and Government experience. Directors with regulatory or government experience, whether as members of government or through extensive interactions with state or federal governmental agencies, are able to recognize, identify and understand the key issues facing us as a highly regulated entity.

Environmental, Social and Governance (ESG) experience. Directors who have worked with non-profit entities or have led projects designed to benefit society bring to us an understanding of the need to conduct business without harm to society, which could in turn, harm our reputation and decrease our long-term sustainability. They are able to provide insights to assist us in achieving our purpose of transforming health care with trusted and caring solutions. Directors with governance experience can help us focus our efforts on maintaining strong corporate governance practices.

Diversity. Directors who are diverse in gender or race bring different perspectives, backgrounds and life experiences that can foster innovative ideas to meet the needs of our customers, providers, shareholders and the communities we serve.

The Governance Committee, in recommending the nominees for election as directors and in concluding that the continuing directors should serve as directors, considered the items set forth above. The Governance Committee believes that each of the directors and nominees for director possesses the judgment and integrity necessary to make independent decisions and a willingness to devote adequate time to Board duties. In addition, the Governance Committee believes that each of the directors and nominees for director brings his or her own particular experiences and set of skills, giving the Board, as a whole, competence and experience in a wide variety of areas. Additional biographical and other information concerning the qualifications, skills and experience of the directors and nominees for director can be found under **Nominees for Director** and **Directors Continuing in Office**.

The Executive Committee

Between meetings of the Board, the Executive Committee has and may exercise the powers and authority of the full Board. The Executive Committee assists the Board in discharging its responsibilities related to an emergency and long-term succession plan for our President and CEO and executive officers. The Executive Committee met two times during 2014.

Communications with the Board

Individuals may communicate with the Board by submitting an e-mail to our Board at this address: boardofdirectors@anthem.com. Communications that are intended specifically for non-management directors or any individual director should be sent to the e-mail address above to the attention of the Chair of the Board. Individuals may also communicate with the Board by submitting a letter to our Secretary at Anthem, Inc., 120 Monument Circle, Mail No. IN0102-B381, Indianapolis, Indiana 46204.

In addition, individuals may communicate with the Chairperson of the following committees by submitting an e-mail to:

Chairperson of the Audit Committee: auditchair@anthem.com

Chairperson of the Compensation Committee: compensationchair@anthem.com

Chairperson of the Governance Committee: governancechair@anthem.com

The process for collecting and organizing communications, as well as similar or related activities, has been approved by our independent directors. Communications are distributed to the Board, or to any individual directors as appropriate, depending on the facts and circumstances outlined in the communication. In that regard, the Board has requested that certain items which are unrelated to the duties and responsibilities of the Board should be excluded, such as spam, junk mail and mass mailings, medical claims inquiries, new product suggestions, resumes and other forms of job inquiries, surveys, and business solicitations or advertisements. In addition, material that is unduly hostile, threatening, illegal or similarly unsuitable will be excluded, with the provision that any such unsuitable communication is made available to any non-management director upon request.

Board Attendance at Annual Meeting of Shareholders

Our policy is that Board members are expected to attend each annual meeting of shareholders. All members of the Board then in office attended the 2014 annual meeting of shareholders.

Review and Approval of Transactions With Related Persons

Policy

The Board has adopted a written policy and procedures for review, approval and monitoring of transactions involving us and related persons (directors and executive officers or shareholders owning five percent or greater of our outstanding common stock or their immediate family members). The policy covers any transaction in which we are a participant that involves amounts exceeding \$120,000 in any calendar year and in which a related person has or will have a direct or indirect interest (other than solely as a result of being a director or a less than ten percent beneficial owner of another entity).

Related person transactions must be approved or ratified by the Governance Committee of the Board. In considering the transaction, the Governance Committee will take into account, among other factors it deems appropriate, whether the transaction is on terms no less favorable than terms generally available to an unaffiliated third party under the same or similar circumstances and the extent of the related person's interest in the transaction. The policy includes several categories of standing pre-approved transactions, including, but not limited to, transactions involving competitive bids, certain banking-related services and certain transactions involving amounts not in excess of the greater of \$1 million or 2% of the other company's total annual gross revenues. The Governance Committee periodically reviews and assesses on-going transactions to confirm that the transactions comply with the Governance Committee's guidelines and remain appropriate.

Current Transactions

Other than standing pre-approved transactions discussed above, there were no transactions in 2014, and none are currently proposed, in which we were or are a participant, the amount exceeded \$120,000, a related person had or will have a direct or indirect material interest and disclosure was required under Item 404(a) of Regulation S-K. In the ordinary course of business, we may, from time to time, engage in transactions with other companies whose officers or directors are also our directors. Transactions with such companies are conducted on an arm's length basis, and in 2014, all of these transactions came within the pre-approval procedures of the Governance Committee consistent with the above policy.

Standards of Ethical Business Conduct

We have adopted Standards of Ethical Business Conduct (the Code) for our directors, executive officers and other associates. The purpose of the Code is to focus on areas of ethical risk, provide guidance in recognizing and dealing with ethical issues, provide mechanisms to report unethical conduct and help foster a culture of honesty and integrity. The Code is posted on our website at www.antheminc.com under Investors Corporate Governance Governance & Corporate Documents.

Everyone is required to act in accordance with the requirements of the Code. Waivers of the Code for any director, our President and Chief Executive Officer, our Chief Financial Officer and our other executive officers may only be made by the Board or by a Board committee composed of independent directors. Any such waiver and any amendment to the Code will be posted on our website at www.antheminc.com under Investors Corporate Governance Governance & Corporate Documents and otherwise disclosed as required by law. During 2014, there were no waivers of the Code for any of our directors, our President and Chief Executive Officer, our Chief Financial Officer or any of our other executive officers.

- (3) The amounts in this column reflect the grant date fair value of stock awards issued to each non-employee director during the year ended December 31, 2014, in accordance with Accounting Standards Codification Topic 718, Compensation - Stock Compensation (ASC 718). Also includes dividend equivalents paid on directors' deferred shares that vested in 2014 as follows: \$64,218 for Mr. Jobe, and \$21,958 each to Messrs. Peru, Ryan and Schaefer. This column does not include perquisites received by a director to the extent the amount of all such perquisites received by such director was less than \$10,000.
- (5) All of Mr. Clark's 2014 compensation was deferred by him pursuant to the Board Deferred Compensation Plan, other than the \$10.48 paid in cash in lieu of a fractional share.

Anthem Board of Directors Deferred Compensation Plan

Cash fees paid to directors may be deferred under the Board Deferred Compensation Plan, which provides a method of deferring payment until a date selected by the director. Deferred cash fees accrue interest at a declared interest rate, which is determined on January 1 of each year and is the average of the 10-year U.S. Treasury Note monthly average rates for the 12-month period ending on September 30 of the previous year, plus 150 basis points, but not to exceed 120% of the applicable federal long-term rate, with compounding. Fees paid to non-employee directors in our common stock may also be deferred under the Board Deferred Compensation Plan, with the cash dividends accruing during the deferral period and paid in cash at the end of the deferral period. Fees paid in stock and deferred under the Board Deferred Compensation Plan are distributed in stock pursuant to their election under the plan.

Board Equity Compensation and Stock Ownership Guidelines

For 2014, each non-employee director then serving or elected at the annual meeting of shareholders received, subject to the deferral described below, an annual grant, on the date of our annual meeting of shareholders, of the number of shares of our common stock equal to \$175,000 with the amount of any fractional share paid in cash. In 2014, each such non-employee director received 1,656 deferred shares based on the market price of \$105.67 per share pursuant to this grant. Each annual grant of common stock is deferred for a minimum of five years from the date of grant (or in the case of grants made after the annual meeting of shareholders, five years from the date of the annual meeting of shareholders that immediately precedes the date of grant). The shares of common stock, along with the cash dividends accrued thereon, will not be distributed until the earlier of the expiration of such deferral period or the date on which a director ceases to be a member of the Board.

In addition, each non-employee director has an obligation to own at least \$500,000 of our common stock by no later than the fifth anniversary of the date such director became a member of the Board. Other than Messrs. Hay and Short and Ms. Tallett, who joined the Board in 2013, and Mr. Clark who was elected to the Board in 2014, each non-employee director owns stock in excess of the stock ownership requirements.

Matching Gift Program

Directors are eligible to participate in the Anthem Foundation matching gift program. Under this program, the foundation matches 100% of charitable donations to qualified entities up to a maximum of \$10,000 per year for each director.

Proposal No. 1 Election of Directors

The Board currently consists of 10 directors divided into three classes, with two classes containing three directors and one class containing four directors. This classified Board structure is one of the specific requirements imposed by the Blue Cross Blue Shield Association (BCBSA) in license agreements with all Blue Cross Blue Shield licensees, including us. The term of one class of directors expires each year. Generally, each director serves until the annual meeting of shareholders held in the year that is three years after such director's election and until such director's successor is elected and has qualified. In addition, directors are no longer eligible for election after reaching 72 years of age.

Three directors are to be elected at the annual meeting, each to hold office for a term to expire at the 2018 annual meeting of shareholders and until his or her successor is elected and qualified. It is the intention of the persons named in the accompanying form of proxy to vote such proxy for the election to the Board of Julie A. Hill, Ramiro G. Peru and John H. Short. Each of the nominees for director is presently a director and each has consented to being named as a nominee in this proxy statement and has indicated a willingness to serve if elected. However, if any such person is unable or unwilling to accept nomination or election, it is the intention of the persons named in the accompanying form of proxy to nominate such other person as director as they may in their discretion determine, in which event the shares will be voted for such other person. Each of the nominees for director, other than Mr. Short, was previously elected by our shareholders to serve on our Board. Mr. Short was appointed to the Board in September 2013.

The election of directors will be determined by the vote of a majority of the votes cast on such election, which means that the number of shares voted for a director nominee must exceed the number of shares voted against such nominee.

Recommendation

The Board of Directors recommends a vote FOR the election as directors of Julie A. Hill, Ramiro G. Peru and John H. Short.

The biographies of each of the nominees and continuing directors contain information regarding the person's service as a director, business experience, director positions at publicly held corporations or investment companies registered under the Investment Company Act of 1940 held currently or at any time during the last five years, and the experiences, qualifications, attributes or skills that caused the Governance Committee and the Board to recommend each of the director nominees and to conclude that the continuing directors should serve as members of our Board. Unless otherwise indicated below, the principal occupation of each director or nominee has been the same for the last five years. There is no family relationship between any of our directors or executive officers. The ages listed below for each director or nominee are as of April 1, 2015.

Proposal No. 2 Ratification of the Appointment of Independent Registered Public Accounting Firm

Appointment

The firm of Ernst & Young LLP served as our independent registered public accounting firm for the year ended December 31, 2014. The Audit Committee has reviewed the quality of the services and the sufficiency of the resources provided by Ernst & Young LLP during their tenure as our independent registered public accounting firm and believes that the continuance of Ernst & Young LLP as our independent registered public accounting firm is in the best interests of the Company and the shareholders. As a result, the Audit Committee has selected Ernst & Young LLP to continue in that capacity for 2015 and is submitting this matter to shareholders for their ratification as a matter of good corporate governance. In the event this proposal is not approved, the Audit Committee will consider whether to select another independent registered public accounting firm. Ernst & Young LLP has served as our independent registered public accounting firm since 2001. A representative of Ernst & Young LLP is expected to be present at the annual meeting, will be given an opportunity to make a statement if he or she desires and is expected to be available to respond to appropriate questions. Notwithstanding ratification by the shareholders, the Audit Committee reserves the right to replace our independent registered public accounting firm at any time.

The ratification of the appointment of the Independent Registered Public Accounting Firm will be determined by the vote of a majority of the votes cast on the proposal (excluding abstentions), which means that the number of shares voted for the proposal must exceed the number of shares voted against the proposal for ratification of the appointment.

Recommendation

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our executive officers, directors and persons who own more than 10% of our common stock, to file reports of ownership with the SEC. Such persons also are required to furnish us with copies of all Section 16(a) forms they file.

Based solely on our review of copies of such forms received by us, or written representations from certain reporting persons, we believe that during 2014, our executive officers, directors, and greater than 10% shareholders complied with all applicable filing requirements relating to our common stock.

Table of Contents**Proposal No. 3 Advisory Vote to Approve the Compensation of Our Named Executive Officers**

Section 14A of the Exchange Act enables our shareholders to vote to approve, on an advisory (nonbinding) basis, the compensation of our Named Executive Officers (NEOs) (Say-on-Pay) as disclosed in this proxy statement in accordance with the SEC's compensation disclosure rules. At our annual meetings of shareholders held in May 2012, May 2013 and May 2014, approximately 96%, 96% and 94%, respectively, of the votes cast for or against the Say-on-Pay proposal at those meetings were voted in favor of the proposal. The Compensation Committee believes this affirms our shareholders' support of our approach to executive compensation, and no significant changes were made to this approach for 2014 as a result of the vote. The Board of Directors has considered the prior vote of the shareholders expressing a preference for an annual advisory vote on executive compensation and intends to hold an annual Say-on-Pay vote until the next advisory vote on frequency.

Our executive compensation program (the Total Rewards program) is designed to attract, engage, motivate and retain a talented team of executive officers and to appropriately reward those executive officers for their contribution to our business, our members and our shareholders. Our Total Rewards program emphasizes performance-based compensation in the form of our Annual Incentive Plan (AIP) and equity grant programs under our shareholder approved Incentive Compensation Plan (Incentive Plan). In 2014, fixed compensation (salary and benefits) made up a small percentage of target total compensation for our executives, with 11% for Mr. Swedish as President and CEO, and a range of approximately 18% to 26% for the other NEOs. The majority of the CEO's and other NEOs' compensation is variable based on both individual and overall Company performance. Our Total Rewards program contains specific annual, financial and strategic goals and the value of equity based awards will depend on our long-term stock price performance. Please read the Compensation Discussion and Analysis, along with the tables and narrative discussion, beginning on page 33 for additional details about our executive compensation program, including information about the fiscal year 2014 compensation of our NEOs.

We are asking our shareholders to indicate their support for our NEOs' compensation as described in this proxy statement. This proposal gives our shareholders the opportunity to express their views on our NEOs' compensation. This vote is not intended to approve any specific item of compensation but rather the overall compensation of our NEOs and the philosophy, policies and practices described in this proxy statement. Accordingly, we recommend that our shareholders vote for the following resolution at the annual meeting:

RESOLVED, that the Company's shareholders approve, on an advisory basis, the compensation of the Named Executive Officers, as disclosed in the Company's Proxy Statement for the 2015 Annual Meeting of Shareholders pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the Compensation Discussion and Analysis, the compensation tables and the other related disclosures.

The Say-on-Pay vote is advisory, and therefore not binding on the Company, our Compensation Committee or our Board of Directors. Our Board of Directors and our Compensation Committee value the opinions of our shareholders and to the extent that there is any significant vote against the NEOs' compensation as disclosed in this proxy statement, we will consider our shareholders' concerns and the Compensation Committee will evaluate whether any actions are necessary to address those concerns.

The approval or disapproval of the Say-on-Pay proposal will be determined by the vote of a majority of the votes cast on such proposal (excluding abstentions), which means that the number of shares voted for the proposal must exceed the number of shares voted against the proposal for approval of the executive compensation proposal.

Recommendation

The Board of Directors recommends a vote FOR approval of the compensation of our Named Executive Officers.

Executive Summary

Our Total Rewards compensation program is designed to attract, engage, motivate and retain a talented team of executive officers and to appropriately reward those executive officers for their contributions to our business, our members and our shareholders. We seek to accomplish this goal in a way that is closely aligned with the long-term interests of our shareholders and the expectations of our members.

The Compensation Committee of our Board of Directors (the Committee) oversees our Total Rewards compensation program for our executive officers, including the persons identified in the Summary Compensation Table as NEOs, and determines their compensation. This program emphasizes performance-based compensation based on both individual and Company performance results.

2014 Business Results

We believe that the pay-for-performance philosophy of our Total Rewards compensation program, described in more detail below, played an important role in our achieving the following financial and operational performance highlights in 2014:

Our 2014 net income increased to \$8.99 per share from \$8.20 per share in 2013. Adjusted net income per share grew by 3.9% to \$8.85 in 2014 from \$8.52 per share in 2013 (Refer to the GAAP Reconciliation table on page A-1).

Medical enrollment totaled approximately 37.5 million members at December 31, 2014, an increase of over 1.8 million from December 31, 2013.

Our operating cash flow was approximately \$3.4 billion or 1.3 times net income.

Total operating revenue in 2014 increased 4% to approximately \$73.0 billion from \$70.2 billion in 2013.

Beginning in the first quarter of 2014, the Board of Directors increased the quarterly cash dividend per share on our common stock from \$0.375 in 2013 to \$0.4375 in 2014. For the full year 2014, cash dividend payments totaled \$480.7 million. In January 2015, the Board increased the dividend by nearly 43% to \$0.625 per share for the first quarter of 2015.

We repurchased 30.4 million shares of our common stock in 2014 at a total cost of nearly \$3 billion, and our closing stock price increased by 36%, from \$92.39 on December 31, 2013 to \$125.67 on December 31, 2014.

Impact of Historical Business Results on Executive Compensation Decisions

Consistent with our pay-for-performance philosophy, and based on our financial and operational results in relation to our annual business plan, performance-based variable compensation has fluctuated over the years and was paid well below target during 2008, below target in 2009 and 2012, and above target in 2010, 2011, 2013 and 2014 as follows:

Impact of Business Results, Stock Price and Shareholder Returns on Executive Compensation

The compensation value received by our executives is highly dependent on shareholder returns. Mr. Swedish joined Anthem as CEO on March 25, 2013, when the stock price was \$64.11. By the end of 2013, the stock price increased 44% to \$92.39. During 2014, Anthem's closing stock price increased 36%, from \$92.39 on December 31, 2013 to \$125.67 on December 31, 2014. Our CEO and four current NEOs were awarded stock-based grants on March 3, 2014 that were priced at \$89.44 per share. One NEO was awarded a promotional stock-based grant on May 1, 2014 that was priced at \$100.77.

Our long-term compensation, comprised of performance stock units, stock options and time-based restricted stock units, represents 75% and 65% of the target compensation for our CEO and other NEOs, respectively.

Stock options gain value when our stock price rises over the grant price, which is set at the closing price on the New York Stock Exchange on each grant date.

Performance and restricted stock units more closely replicate shareholder return as they earn dividend-equivalents equal to the cash dividend per share amount, are paid to participants without interest upon vesting and gain or lose value as our stock price changes. Based on the December 31, 2014 closing price, the cumulative price appreciation for stock options and performance and restricted stock units granted since 2006 ranges from 25% to 317% and averages approximately 85%.

Impact of Shareholder Advisory Votes on Executive Compensation Decisions

The last three annual shareholder advisory votes on the compensation of our NEOs, commonly referred to as “say-on-pay” votes, had the following results, based on shares voted either for or against the proposal:

Shareholders who approved of the Compensation of NEOs

At its meeting in September 2013, the Committee reviewed a presentation from our independent compensation consultant with respect to our Total Rewards program, shareholder say-on-pay voting results and trends in executive compensation. The Committee determined that our Total Rewards program is fundamentally sound, supports the needs of our business, is aligned with the trends in the market and, as demonstrated by our say-on-pay voting results, is strongly supported by our shareholders.

As a result, at its December 2013 meeting, the Committee decided to retain our 2013 executive compensation philosophy, components, component mix, competitive positioning targets and most of our 2013 performance metrics for 2014 compensation.

For the AIP, the Committee adjusted the plan to fund total awards based on company, Commercial and Specialty Business Division (CSBD) and Government Business Division (GBD) operating gain plus an additional funding amount to recognize individual performance. Individual awards for the CEO and NEOs are based on the results of their performance scorecard and the Committee’s assessment of their individual performance and contribution. For our performance stock unit grants, the Committee retained the 2013 metrics and weightings, such that 50% of each award was based on adjusted net income per share (EPS) performance and 50% of each award was based on membership performance.

The performance targets and scales for our AIP awards and performance stock units were also updated to conform to our 2014 business plan. Additionally, the Committee increased the performance levels needed to reach threshold as a percent of plan and maximum as a percent of plan on the corporate and business unit operating gain scales used in the AIP and the EPS scale used for performance stock units.

Table of Contents**Executive Compensation** (continued)

The Committee believes the changes that it made to the AIP and performance stock unit programs further strengthened our focus on financial results and aligned with our business strategy in 2014. The shareholder vote in 2014 approving the 2013 compensation by a significant amount was further support for our decisions not to make major changes to executive compensation for 2014.

The Company received comments from certain of our large shareholders that requested that we consider adjusting our performance stock plan to change from annual performance measures to multi-year measures. The Committee changed the 2015 performance stock unit awards to be based on cumulative 2015-2017 EPS and cumulative 2015-2017 total operating revenue, defined as the total of premiums, administrative fees and other revenue (Revenue), in alignment with the long-term financial plan that management communicated to investors.

Measure	Weighting
Adjusted Earnings Per Share	
2015-2017 Cumulative EPS	75%
Operating Revenue	
2015-2017 Cumulative Revenue	25%

When determining how often to hold a shareholder advisory vote on executive compensation, the Board took into account the strong preference for an annual vote expressed by our shareholders at our 2011 annual meeting. Accordingly, the Board determined that we will hold an annual advisory shareholder vote on the compensation of our NEOs until the next say-on-pay frequency vote, which will be held no later than our 2017 annual meeting.

2014 Changes in Executive Leadership

Richard C. Zoretic retired in May 2014. He was replaced by Mr. Haytaian as Executive Vice President and President of the Government Business Division. Information concerning Mr. Zoretic's compensation is not included in the tables in this Compensation Discussion and Analysis but is included in the required tables following this section.

Pay for-Performance Philosophy and Pay Mix

To align NEO interests and rewards with the long-term interests of our shareholders and drive the achievement of our purpose and vision, our Total Rewards program emphasizes performance-based compensation in the form of our AIP and equity grant programs under our Incentive Plan.

A significant portion of the compensation of each of our NEOs is delivered through performance-based programs. As shown in the chart below, most of the total target compensation opportunity available to our NEOs is in the form of variable performance-based pay that is tied to our business results, including:

- AIP awards, the value of which depends on the extent to which we meet or exceed metrics in our annual business plan.
- Stock options, which are only valuable to the extent that the price of our stock increases.
- Performance stock units that were earned in 2014 based on our 2014 EPS and total monthly membership, which become more or less valuable based on our stock price performance.
- Time-based restricted stock units, which encourage retention and become more or less valuable based on our stock price performance.

Primary Components of 2014 Target Compensation

(data for Other NEOs is an average for current NEOs)

⁽¹⁾ Annual and Long Term Incentive Plan percentages are based on achievement of targeted performance.

Our executive compensation program has four available compensation levers to recognize and reward individual performance:

- Adjusting base salary to recognize both performance and changes in the scope of an executive's responsibilities;
 - Setting an executive's AIP target as a percentage of salary within a competitive target range;
 - Adjusting the AIP award payout based on individual achievements and contributions; and
 - Adjusting the size of stock option, restricted stock unit and performance stock unit grants within a competitive range.
- Additionally, individual performance is rewarded by providing executives with career growth through challenging assignments and, as positions become available, promotional opportunities.

Elements of Total Rewards

Overview

Our 2014 Total Rewards program for our business leaders, including the NEOs, includes the following financial elements:

equity awards in the form of performance stock units, time-based restricted stock units and stock options under the Incentive Plan; broad-based employee benefits; and executive benefits and perquisites.

Each year management sets the broad-based employee salary and benefits programs and budgets, and the Committee reviews and approves the executive merit salary increase budget, broad-based AIP design, measures and scales, equity awards plan, executive perquisites and executive stock ownership guidelines. The Committee bases these decisions on our business needs, best practice information, competitive market data and operating budget constraints.

The Committee reviews the business and individual performance of each executive officer and sets (1) the AIP award payouts for the prior year pursuant to the formulas previously established, (2) prospective base salary adjustments, (3) prospective adjustments to target AIP award percentages of base salary and (4) the size and type of equity awards granted to each executive officer.

All Board members evaluate the CEO's individual performance on numerous factors, including: leadership, strategic planning, getting results, external and internal relations and interaction with the Board. The Committee's 2014 compensation decisions were based on its evaluation of each executive's performance (including performance assessments by the CEO for the other executive officers), as well as our 2013 and 2014 achievements, all of which reflect the NEOs' individual performance. There is no formulaic or target-based assessment for such adjustments, but rather such determinations are based on the Committee's subjective assessments after consideration of management recommendations, market based compensation information and advice of the Committee's independent compensation consultant. The assessments represent the Committee's view of how the NEO's performance contributed to our performance and achievements, as well as other leadership accomplishments, including the challenges associated with implementing health care reform.

These decisions are made as part of a unified process so that all components of pay are reviewed in concert with each other, and, as appropriate, decisions about one component can affect decisions regarding the other components of pay. This is intended to ensure that the Total Rewards package for the NEOs fits with our compensation objectives as described above.

The Committee does not have a specific target for allocating the amount of compensation among the pay elements (base salary, annual incentive and equity grants), but seeks to apply a higher weighting to performance-based variable pay than to fixed pay. In addition, the Committee has weighted the equity grants more heavily toward performance stock units than stock options or restricted stock units. Each NEO's total compensation opportunity is targeted to the level the Committee considers market competitive and reflective of individual performance.

When setting compensation for 2014, the Committee reviewed prior year compensation and compensation actions to compare year-over-year pay actions relative to year-over-year performance and internal equity factors (how the compensation of the particular executive relates to the other executives).

In February 2014, the Committee reviewed comprehensive tally sheets for each NEO, other than Mr. Haytaian, who was not yet an executive officer, covering five years of Total Rewards data and realized equity, in addition to then current levels of unrealized vested and unvested equity. Tally sheets are only one of a number of information resources and tools made available to the Committee for its reference and use. Although tally sheets provide good background information for the Committee, the Committee did not base any specific awards for 2014 or any modifications to our compensation program on them. In 2014, the Committee did not take into account realized compensation in setting future compensation. The Committee does review unvested compensation in setting future compensation to determine its likely impact on retention of our executives.

Table of Contents**Executive Compensation** (continued)*Base Salary*

Base salary provides competitive annual compensation that reflects the scope and nature of job responsibilities of our NEOs. The Committee grants merit-based salary increases to our NEOs based on the Committee's assessment of an individual's performance, whether the current salary is competitive compared to the median of the market relative to executives in comparable positions at comparator group companies, and our overall merit increase budget for the year. The Committee also grants promotional salary increases to recognize increased job responsibilities.

In March 2014, the Committee did not adjust the base salaries of the NEOs, with the exception of Ms. McCarthy, who was awarded an increase of 5.5% from \$640,000 to \$675,000 to recognize her increasing responsibilities. In April 2014, the Committee awarded a 27.9% salary increase from \$469,200 to \$600,000 to Mr. Haytaian to recognize his promotion to Executive Vice President and President of the Government Business Division.

AIP

Generally, all of our associates are eligible for performance-based incentives or sales incentives. This plan is designed to motivate and reward the successful completion of our annual performance goals. AIP awards are earned to the extent we meet or exceed annual financial targets and business unit and individual performance goals. In excess of 31,000 associates, including all of our NEOs, earned awards under the AIP in 2014.

Each participating associate is eligible for a target award, denominated as a percentage of base salary paid during the year. The maximum award payable under the AIP is 200% of the target award. In setting the target award percentages for the NEOs, the Committee considers the competitive data in the comparator group studies (as described under "Determination of Compensation" beginning on page 44), individual performance evaluations and internal equity factors.

After consideration of the factors described above, in March 2014, the Committee did not increase the target AIP award as a percentage of base salary for the NEOs. In April 2014, the Committee did increase the target AIP from 75% to 100% of base salary for Mr. Haytaian in recognition of his promotion to Executive Vice President and President of the Government Business Division. The target AIP award percentage is 150% for Mr. Swedish, 100% for Messrs. DeVeydt and Goulet, and 90% for Ms. McCarthy.

2014 AIP Funding

The Committee sets specific targets for the AIP performance measures based on goals set during our annual business planning process to fund the aggregate AIP payout. The business plan is developed based on the business environment, which takes into consideration our performance relative to our direct peers. The AIP targets are set to be congruent with business plan targets. Specifically, the AIP is funded based on Consolidated Operating Gain and Business Unit Operating Gain relative to the Operating Gain goals established as part of our business planning process. Our Operating Gain performance funded the AIP at 114% of target. Additionally, the Committee may fund up to an additional 20% of target to recognize performance on non-financial goals. In 2015, the Committee funded 5% of target for non-financial achievements.

Table of Contents**Executive Compensation** (continued)*2014 AIP Awards*

The award calculation for each participant, including all of our NEOs, is based on the results of various performance scorecards tailored to each business unit and individual performance. The corporate scorecard is based on corporate performance and a weighted average of the business unit scorecards, which totaled 114% of target. Fifty percent of each scorecard is based on adjusted operating gain, which the Committee believes is an important measure of Company performance. The remaining fifty percent is based on other key scorecard measures including medical membership, specialty revenue and penetration, selling, general and administrative expenses, cost of care initiatives, medical provider quality pay for performance programs, customer service and quality ratings.

After calculation of the aggregate AIP payout fund at 119% of target, the Committee determined to reserve 23% of the target AIP to be used to recognize individual performance results. The Committee set the individual performance award for Messrs. Swedish, DeVeydt and Haytaian, and Ms. McCarthy at 23% of their respective target AIP for their individual performance contributions. In determining Mr. Goulet's individual performance award at 44% of his target AIP, the Committee took into account that Mr. Goulet had been an instrumental leader in successfully establishing the Company's presence in insurance exchanges in 14 states, delivering the scale benefits of the Company's provider network in order to drive better pricing for its members, growing its commercial membership by 1.1 million members and helping the entire Company navigate the uncertainties and complexities of the implementation of the Affordable Care Act.

The following table shows the resulting calculation of the 2014 AIP awards applicable to each of the current NEOs. The amounts paid to these NEOs for 2014 performance were approved by the Committee on March 2, 2015 and are set forth in the Summary Compensation Table on page 51.

Named Executive Officer	Scorecard	Scorecard	Individual	Total
		Award	Performance	Award
Mr. Swedish	Corporate	91%	23%	114%
Mr. DeVeydt	Corporate	91%	23%	114%
Mr. Goulet	CSBD	70%	44%	114%
Mr. Haytaian	GBD and Medicaid	150%	23%	173%
Ms. McCarthy	Corporate	91%	23%	114%

As a result, Messrs. Swedish, DeVeydt and Goulet and Ms. McCarthy earned 114% of target, consistent with the funded amount determined by the financial goals for the overall corporate scorecard result, and Mr. Haytaian earned 173% of target, consistent with the funded amount determined by the financial and non-financial goals for his business units' scorecards. The Committee has the discretion to reduce AIP awards when it determines that such adjustments would be appropriate based on the Company's interests and the interests of its shareholders. The Committee did not reduce any 2014 AIP awards.

Equity Awards

The Committee granted regular equity awards on March 3, 2014 to coincide with the Committee's Total Rewards review of our NEOs compensation. The date of the Committee meeting is set in advance and is the first business day of March every year. The Committee awarded stock options, performance stock units and time-based restricted stock units to more than 3,000 associates including NEOs. In accordance with our policy of granting equity only on the first business day of any month, promotional equity awards to Mr. Haytaian were granted on May 1, 2014, following his promotion in April 2014. All of these awards were granted to encourage retention, reward performance, promote a long-term business focus and align the interests of associates and shareholders.

For the 2014 performance stock units, we retained the EPS and member-months metrics. The purpose of retaining these two metrics was to continue to position us to succeed in the marketplace by utilizing performance measures that are key components of our profitable growth strategy.

Table of Contents**Executive Compensation** (continued)

For 2014, the Committee adjusted the equity award structure mix for our executives, including our NEOs. One half of the total award continues to be structured as performance stock units, and we shifted 5% from restricted stock units to stock options to better balance rewards for retention and stock price growth. The weightings below are based on the grant date fair value, calculated in accordance ASC Topic 718.

Performance Stock Units Measures and Results

The performance measures for the 2014 performance stock unit grants and the weight and purpose for each performance measure are as follows:

Measure and Metrics	Weight	Purpose
Membership:	50%	Lay the groundwork to win in the post-health care reform environment with the most competitive offering possible
2014 Monthly Medical Membership and a portion of Monthly Specialty Membership vs. Plan		
Net Income Per Share (EPS):	50%	Balance short and long-term return and investment; serve our shareholders today in order to invest for tomorrow
2014 Adjusted EPS ⁽¹⁾ vs. Plan		

- (1) For purposes of performance stock unit calculations, Adjusted EPS is calculated on an adjusted, non-GAAP basis by the Committee to remove certain pre-established categorical amounts, which are often reported to the investment community and would generally not be included by the investment community in the determination of our financial results. The 2014 pre-established adjustments reflected increases to reported EPS for other-than temporary impairment losses on investments and loss on extinguishment of debt, and decreases to reported EPS for net realized gain on investments and income from 1-800 Contacts (discontinued operations). (See GAAP Reconciliation table on page A-1.)

The payout scale for each measure detailed above provided for a minimum award of 0% of the units granted, a target award of 100% of the units granted for achieving each business plan target and a maximum award of 150% of the units granted. The targets for each of these measures were based on our 2014 business plan, which was developed during our rigorous annual budgeting process. For 2015, the maximum award is 200% of the units granted.

On March 2, 2015, the Committee certified the results and, based on the pre-set payout scales, the Committee determined that 147% of target for the performance stock units granted was earned in 2014 as set out in the table below:

Measure	Target	Actual	Award		Total Percent of Target
			Percent Earned	Weighting	
Monthly Membership (in thousands)	446,787	454,136	150%	50%	75%
Adjusted EPS	\$ 8.30	\$ 8.85	144%	50%	72%
Total					147%

The Committee has the discretion to reduce performance stock unit awards when it determines that such adjustments would be appropriate based on our interests and the interests of our shareholders. The Committee did not adjust the earned performance stock unit awards in 2014.

Edgar Filing: Anthem, Inc. - Form DEF 14A

These earned performance stock units are then subject to time-based vesting described below.

Table of Contents

Executive Compensation (continued)

2015 Performance Stock Units

The Committee changed the 2015 performance stock unit awards, which will be earned based on cumulative 2015-2017 EPS and cumulative 2015-2017 Revenue, in alignment with the long-term financial plan that management communicated to investors. The purpose of this change was to better align rewards with our stated long-term strategy, and to balance compensation based upon both short-term and long-term results.

2014 Time-Based Restricted Stock Unit and Performance Stock Unit Vesting Schedule and Dividend Equivalents

The earned performance stock units and restricted stock units granted are subject to time-based vesting. The restricted stock units and earned performance stock units vest in three equal annual installments, beginning on the first anniversary of the grant date.

Performance stock units and restricted stock units accrue cash dividend equivalents equal to the cash dividends paid to shareholders during the vesting period. These cash payments are distributed to the participants upon vesting, and are cancelled if the underlying units do not vest.

Stock Options

The exercise prices for the stock options granted to NEOs in 2014 were \$89.44 per share on March 3, 2014, and \$100.77 per share on May 1, 2014, the respective closing prices of our common stock on the NYSE on those dates. The term of all stock options granted was seven years, with vesting in six equal semi-annual installments over the first three years. This vesting schedule has been in place since 2005.

The purpose of providing vesting every six months is to stagger inducements for remaining with the Company over the course of any year. More specifically, incumbents must generally be employed on December 31st of each year to be eligible to receive their AIP and then must be employed on March 1st and September 1st of each year for their stock option grants to vest. The Incentive Plan was amended in 2014 to prohibit the repricing of stock options and stock appreciation rights without shareholder approval.

For 2015, we extended the stock option term to ten years to conform to common competitive practices. This will result in lower share usage, as the increase to the term increases the per share grant cost.

Aggregate and Individual Grant Sizes

When determining the aggregate size of our equity awards, the Committee considers the impact of stock-based compensation expense and the share dilution run rate, in order to strike a balance between promoting our cost competitiveness and maintaining employee incentives at market-competitive levels.

The size or amount of equity awards granted to each NEO is based upon position and job level, Company and individual performance, the importance of retaining the services of the executive and the potential for his or her performance to help us attain our long-term goals.

Broad-Based Employee Benefits

Our NEOs generally participate in the broad-based employee benefits programs under the same terms and conditions as other associates. These benefit offerings include a medical plan with higher associate contributions for more highly compensated associates such that in 2014, NEOs paid in excess of 50% of the cost of the coverage, as compared with entry level associates who generally paid between 5% and 25% of the cost of their coverage. Other broad-based employee benefits include a dental plan, disability benefits, wellness benefits, life and accidental death and dismemberment insurance, business travel accident insurance, the 401(k) Plan, retiree health care benefits, a cash balance pension plan for associates who meet age and service criteria, adoption assistance benefits and paid time off for holidays, vacations, illnesses, bereavement leave, jury duty and military service.

Table of Contents**Executive Compensation** (continued)*Executive Benefits*

Executives, including the NEOs, participate in a deferred compensation program that is subject to Section 409A of the Tax Code. Under this program, described on page 63, a participant may defer receipt of salary and AIP and continue to receive pension and 401(k) Plan credits for compensation above Tax Code earnings limits. We offer this program to provide executives with the same Company-paid retirement savings opportunities, denominated as a percent of salary, as the rest of the workforce is provided through the 401(k) Plan, and under the same terms and conditions as the underlying all-associate plans. Participants choose among a subset of the market-based investments provided to all associates in the 401(k) Plan, and their account balances increase or decrease in accordance with the performance of the selected investments.

Perquisites

Executive perquisites are a small part of our competitive executive compensation package. The Committee believes that our perquisite program enables our executive officers to focus on our business with minimal disruption. As described on page 62 in this proxy statement, we offer a limited set of perquisites to all NEOs. We do not provide NEOs with memberships in country clubs or automobile benefits, except as related to the enhanced safety and security benefits provided to Mr. Swedish described in more detail in footnote 5 to the Summary Compensation Table.

Tax Treatment of Compensation

Section 162(m)(1) of the Tax Code limits the amount a publicly-held corporation may deduct for compensation paid to the CEO and certain NEOs to \$1 million per year per executive makes an exception for performance-based compensation and commissions, and excludes the compensation paid to former covered executives once they are no longer covered. AIP awards, performance stock units and stock options are granted under the Incentive Plan and administered by the Committee such that they are intended to qualify as performance-based compensation to permit us to obtain full tax deductibility pursuant to Section 162(m)(1) of the Tax Code.

The Patient Protection and Affordable Care Act (PPACA) amended the Tax Code to add Section 162(m)(6) which limits the amount that certain health care insurers, including the Company, may deduct for tax years starting after 2012. Unlike Section 162(m)(1) of the Tax Code, Section 162(m)(6) limits the tax deduction to \$500,000 per individual, and makes no exception for performance-based compensation or commissions. In addition, the limit applies to compensation, including deferred compensation, paid to all current and former employees and most independent contractors, not just to compensation paid to a narrow group of current top executives. The rule became effective for employer tax years beginning after December 31, 2012. Consequently, the Company is limited to a \$500,000 deduction for compensation paid to each NEO in 2014.

Section 409A of the Tax Code provides certain requirements for deferred compensation arrangements. Those requirements, among other things, limit flexibility with respect to the time and form of payment of deferred compensation. If a payment or award constitutes deferred compensation subject to Section 409A and the applicable requirements are not satisfied, the recipient could be subject to tax on the award and all other deferred compensation of the same type, and an additional 20% tax and interest at the underpayment rate plus 1%, at the time the legally binding right to the payment or award arises or, if later, when that right ceases to be subject to a substantial risk of forfeiture. Payments or awards under our plans and arrangements either are intended to not constitute deferred compensation for Section 409A purposes (and would thereby be exempt from Section 409A's requirements) or, if they constitute deferred compensation, are intended to comply with the Section 409A statutory provisions and final regulations.

*Determination of Compensation**Role of the Compensation Consultant*

In May 2010, the Committee selected Semler Brossy Consulting Group, LLC (Semler Brossy) to act as its independent compensation consultant. The consultant reports directly to the Committee. The consultant reviews information provided to the Committee by management, develops its own recommendations with respect to CEO compensation decisions and provides advice to the Committee on the compensation decisions affecting all executive

Table of Contents**Executive Compensation** (continued)

officers including the other NEOs. The consultant regularly attends and participates in Committee meetings and reports on compensation trends and best practices, plan design and the reasonableness of individual compensation awards. The consultant also has informal conversations with members of the Committee to determine compensation objectives. The consultant provides expert advice and guidance on the design and implementation of performance-based compensation programs that align with Company strategy, business and market characteristics, talent requirements, culture, management style and performance and Total Rewards strategies. The Committee uses the consultant's recommendations as one of several factors in designing our executive compensation programs, reviewing and approving annual and long-term incentive plans and metrics, and making the compensation decisions affecting the CEO and other NEOs.

Compensation Consultant Independence

Semler Brossy does not provide any services to Anthem other than those detailed above. At our February 2015 meeting, the Committee determined that no conflicts of interest exist with respect to Semler Brossy serving as an advisor to the Committee. In making this determination, the Committee considered various factors, including those set forth in the SEC's and NYSE's rules. Among other items, the Committee reviewed Semler Brossy's policy on Consultant Independence, and certifications made by each of our executive officers and directors that he or she did not have a business or personal relationship with Semler Brossy or any of the individuals at Semler Brossy working on our engagement.

Role of Management

In general, the Committee meets with our CEO at the beginning of each year to agree upon the CEO's performance objectives (both individual and Company) for the year. The Board also reviews these performance objectives. At the beginning of the following year, the CEO provides to the Committee his or her self-assessment, and the Committee evaluates the CEO's performance based on his or her self-assessment and performance updates. The Committee meets in executive session to review the performance of the CEO based on his or her achievement of the agreed-upon objectives, contribution to our performance and other leadership accomplishments. The results of the evaluation by the Committee are an important metric in evaluating CEO performance. This evaluation is shared with the CEO and the compensation consultant and is used by the Committee in setting the CEO's compensation.

Our CEO and our other executive officers do not set their own compensation nor are they present when the Committee sets their specific individual compensation. Our CEO collects specific feedback from the Board with respect to the performance of our other executive officers, including our NEOs, provides his own evaluations of the other executive officers' performance to the Committee, and makes recommendations with respect to base salary and target AIP adjustments, equity awards and the AIP individual performance award component for each executive officer. This recommendation is considered by the Committee, which makes its own ultimate determinations.

All NEOs participate in the annual and long-term business planning processes and in recommending to the Committee the AIP and performance stock unit measures and targets that result from these processes. These measures and targets impact the compensation of the associates who participate in our AIP and who are granted performance stock units.

Pay Positioning and Comparator Groups

The Committee has designed our executive compensation program to target total compensation (salary plus target AIP award plus long-term equity grant cost on the date of grant) at the median for comparable positions in our comparator groups. Individuals new to their roles may be paid below median. High performing individuals who demonstrate superior performance over a long period of time may have pay positioned above the median of the compensation paid by the companies in the comparator groups.

In setting compensation, the Committee compares base salaries, annual incentive opportunities and long-term compensation for the NEOs to two distinct comparator groups. One group represents a sample of 49 similarly-sized companies from general industry, and the other group includes our five largest direct health insurance competitors. The Committee uses two groups because many of our direct industry competitors are substantially smaller than us. The Committee determines which companies should be in the comparator groups with the assistance of Semler

Brossy. Companies are selected on the basis of whether they compete with us in the executive labor market and whether they had comparable revenue in the prior full fiscal year.

The Committee, with the assistance of Semler Brossy, set the comparator groups for 2014 as follows:

- (1) Our five largest direct health insurance peers, four of which are significantly smaller than we are:

Aetna Inc.	Humana Inc.
CIGNA Corporation	UnitedHealth Group Incorporated
Health Net, Inc.	

The Committee reviewed the CEO's total compensation package, comprised of salary, target bonus, and long-term equity grants, to the CEOs of our five direct peers, using available pay data. Our CEO's pay package is the second-highest in the group.

- (2) The Standard and Poor's 500 (the S&P 500) 11th-60th largest companies ranked by 2012 revenue (the S&P 11-60). Our 2012 revenue was the 32nd largest of these 49 companies. The group is comprised of the following companies:

American International Group, Inc.	International Business Machines Corporation
Amazon.com, Inc.	Johnson & Johnson
AmerisourceBergen Corporation	The Kroger Co.
Archer-Daniels-Midland Company	Lockheed Martin Corporation
Bank of America Corporation	Lowe's Companies, Inc.
AT&T Inc.	LyondellBasell Industries N.V.
Best Buy Co., Inc.	Marathon Oil Corporation
The Boeing Company	McKesson Corporation
Cardinal Health, Inc.	Metlife, Inc.
Caterpillar Inc.	Microsoft Corporation
Cisco Systems, Inc.	Merck & Co., Inc.
Citigroup Inc.	JP Morgan Chase & Co.
The Coca-Cola Company	PepsiCo, Inc.
Comcast Corporation	Pfizer Inc.
ConocoPhillips	The Procter & Gamble Company
Costco Wholesale Corporation	Prudential Financial, Inc.
CVS Caremark Corporation	Safeway Inc.
Dell Inc.	Target Corporation
The Dow Chemical Company	United Parcel Service, Inc.
Express Scripts, Inc.	United Technologies Corporation
FedEx Corporation	UnitedHealth Group Incorporated
Google Inc.	Verizon Communications Inc.
The Home Depot, Inc.	Walgreen Co.
Hewlett-Packard Company	Wells Fargo & Company
Intel Corporation	

Edgar Filing: Anthem, Inc. - Form DEF 14A

The S&P 500 11th-60th largest companies comparator group was updated in July 2014 to be ranked by 2013 revenue. As a result of this revenue update, Aetna Inc., Schlumberger N.V., Sysco Corporation and The Walt Disney Company were added to the 2014 revenue group and Best Buy Co. Inc., Dell Inc., LyondellBasell Industries N.V. and Safeway Inc. were removed from the 2014 revenue group. Our 2013 revenue was the 27th largest of these 49 companies. The Committee retained these two comparator groups for 2015.

In setting 2014 compensation, the Committee reviewed the available data from each of these comparator groups to better understand the practices of companies in our size category and our direct peers. Where possible, the data that was used to make compensation decisions in March 2014 was taken from surveys of 2013 compensation of our comparator groups prepared by third-party survey companies and from the latest annual proxy statements of

Table of Contents

Executive Compensation (continued)

these companies. In instances where a company listed above did not participate in the surveys or pay data was not available for a comparable position, the company was not included in the comparator group data for that position. In instances where our positions are structured in ways that do not match well with survey positions, the Committee compares based on target annual compensation pay rank, as reported in the surveys.

We draw competitive compensation information from a number of nationally recognized surveys as well as public filings and disclosures to determine pay practices and levels of peers. The Committee's consultant either reviews or develops this information for the benefit of the Committee.

Competitive market data is only one of several resources made available to the Committee to assist it in setting executive compensation levels. The Committee does not use the median described above as a formula to determine compensation or as a fixed target.

The Committee establishes an individual target opportunity for each NEO based on the Committee's evaluation of the executive's experience, level and scope of responsibility and individual performance. Actual cash compensation may be more or less than the target opportunity as a result of performance under the AIP. Realized compensation from our equity-based awards may be more or less than the target opportunity as a result of Company performance relative to the performance stock unit measures and our stock price performance.

The Committee reviews actual base salaries, as well as target and actual prior year annual incentive awards to compare total target and actual cash compensation. The Committee also reviews actual ASC Topic 718 expense of the equity grants as the metric comparing long-term compensation with comparable positions, as well as the value of unvested equity awards held by the NEOs.

Comparison to S&P 11-60 Comparator Group

The Committee compared the 2014 target total compensation of our NEOs with comparable positions at participating companies in the S&P 11-60 comparator group. The most recent survey data available for the comparator groups in preparing these comparisons was as of March 1, 2014. Comprehensive information from 2013 public filings was also considered in this review. For purposes of this comparison, target total compensation for our NEOs includes base salary as of March 3, 2014, target 2014 AIP award amounts, the ASC Topic 718 expense of 2014 equity awards and one-third of the ASC Topic 718 expense of special equity awards, where applicable, received within three years of March 3, 2014. The target total compensation for each of Messrs. Swedish and Goulet and Ms. McCarthy was between the twenty-fifth percentile and the median of comparable positions at companies in the comparator group. The target compensation for Mr. DeVeydt was between the median and the seventy-fifth percentile, and the target compensation of Mr. Haytaian was below the twenty-fifth percentile of comparable positions at companies in the comparator group.

Benefits and perquisites represent a small proportion of the Total Rewards program for our NEOs. The overall value of our broad-based employee benefits that were available to our NEOs in 2014 were 18% below the median survey average of the benefit packages offered by participating companies in our S&P 11-60 comparator group and our direct competitors.

Additional Compensation Policies

Stock Ownership Guidelines and Holding Requirements

We have stock ownership guidelines for all executives, including the NEOs. The ownership guideline is a multiple of the executive's base salary and the executive has five years to meet the guideline. As part of this program, the sale of our stock is restricted for executives who have not met their ownership requirements. The stock ownership guideline is five (5) times base salary for the CEO, and three (3) times base salary for the other NEOs. For the purposes of this program, all shares directly owned, unvested restricted stock units and unvested earned performance stock units are included in the calculation. Unexercised stock options are not included in the calculation. The Committee reviews the extent to which our executive officers have complied with the guidelines. Our NEOs each owned sufficient shares as of December 31, 2014 to meet his or her ownership guidelines.

Restrictions on Hedging and Pledging

As part of the Anthem, Inc. Statement of Company Policy Regarding Securities Transactions by Company Personnel, all associates, including our NEOs, are prohibited from conducting any transactions that would permit the individual to continue to own our stock without the full risks and rewards of ownership. Prohibited transactions include short sales, publicly traded options transactions, hedging transactions, including zero cost collars and prepaid forward contracts, and margin accounts and pledges involving our stock. Designated associates, including all NEOs, are also prohibited from engaging in transactions in our stock during the quarterly period commencing on the fifteenth day of the last month of each calendar quarter and ending one full business day after the release of quarterly earnings.

Recoupment Policy

We operate under a clawback/recoupment policy for incentive compensation. This policy provides that if we are required to restate our financial statements as a result of material noncompliance with a financial reporting requirement due to misconduct, the CEO, CFO and all other Section 16 officers (our executive officers and the Chief Accounting Officer) must repay any bonus or other incentive-based or equity-based compensation received during the 12 months after the inaccurate reporting, and any profits realized from the sale of stock during that 12-month period. The Board of Directors will determine, on a case by case basis, if it is in the best interest of the Company and our shareholders to pursue recoupment in individual cases.

Severance and Change in Control Arrangements

All of our NEOs are eligible for severance benefits pursuant to the Executive Agreement Plan as described beginning on page 65. We believe that a severance program is needed to attract and retain the executives that we need to achieve our business goals.

To be eligible for these benefits, executives generally agree to restrictive covenants including non-competition, non-solicitation of associates or customers, non-disparagement and confidentiality provisions which protect us from the competitive disadvantage that would result from losing executive talent to competitors. Additionally, in order to receive benefits, executives are generally required to release any prior claims against us.

Change in control severance benefits are subject to a double-trigger, which means that to receive such benefits there must be both: (1) a qualifying termination of employment and (2) termination occurring when a change of control is imminent or has occurred as detailed in the Executive Agreement Plan described above and in Compensation Plans Other Executive Severance Arrangements. The Executive Agreement Plan does not provide for tax gross-up of any regular or excise taxes imposed on severance payments in connection with a change in control

Table of Contents**Executive Compensation** (continued)**Assessment of Compensation-Related Risks**

In February 2015, several members of our management team, including our Chief Accounting Officer and our Chief Risk Officer, conducted an assessment of the risks related to or arising from our compensation policies and practices. The team reviewed and discussed the various design features and characteristics of our Company-wide compensation policies and programs, as well as those at the business unit level, performance metrics at the Company and business unit levels and approval mechanisms of all Total Rewards programs for all associates, including salaries, incentive plans, sales incentives, stock options, performance stock units and restricted stock units, to determine whether any of these policies or programs could create risks that are reasonably likely to have a material adverse effect on the Company. In its review and assessment, the team took into consideration the elements of our Total Rewards program for our senior executives, including the performance measures used for the AIP, performance stock unit awards and other incentive compensation arrangements, and the elements of our compensation programs for our other employees.

In March 2015, the Compensation Committee reviewed and discussed the management team's risk assessment. As part of its review, the Compensation Committee also noted the following factors that reduce the likelihood of excessive risk-taking by executives:

Our overall compensation levels are competitive with the market.

Our compensation mix is balanced among (i) fixed components like salary and benefits, (ii) annual incentives that reward total Company financial performance, business unit financial performance and individual performance, and (iii) a portfolio approach for stock awards with a balance among stock options, performance stock units and time-based restricted stock units.

For 2015, the Company adjusted the performance stock unit plan to provide for a three-year measurement period to balance compensation based on short-term and long-term results. Having a mix of short-term and long-term goals allows us to better align our compensation program with the interests of our shareholders.

A significant portion of our executive compensation is tied to how our stock price performs over a period of multiple years, with equity-based awards generally vesting evenly over three years and stock options having terms of seven years in 2014 and ten years starting in 2015. This minimizes the benefit of a temporary spike in stock price.

The Company's recoupment policy covers all of our executive officers subject to Section 16 of the Exchange Act.

The Compensation Committee has discretion to reduce performance-based awards when it determines that such adjustments would be appropriate based on our interests and the interests of our shareholders.

Incentive programs use financial measures with sliding scales, with amounts interpolated for awards between \$0, target and maximum.

Awards are capped at 200% of target for annual incentives and 150% of target for performance stock units awarded in 2014 and 200% of target for performance stock units awarded in 2015.

Payouts for the AIP and performance stock units are based on results audited by the Internal Audit department.

Executive officers are subject to Stock Ownership Guidelines, holding requirements and our prohibition on hedging, pledging stock and short sales.

Based on the assessment, the Compensation Committee determined that any risks arising from our compensation policies and practices for our employees are not reasonably likely to have a material adverse effect on the Company.

(1) The amounts in this column reflect the grant date fair value of stock awards issued during the respective fiscal years pursuant to our stock incentive plans (except disregarding the estimated forfeitures related to service-based vesting conditions) in accordance with ASC Topic 718. The grant date fair value of any performance-based awards was computed based on the level of performance that was deemed probable on the grant date. Dividend equivalents on the stock awards are factored into the grant date fair value.

Edgar Filing: Anthem, Inc. - Form DEF 14A

The amounts in this column include the grant date fair values for time-based restricted stock units and performance stock units. The grant date fair value for the performance stock units was computed based on the target level of performance being achieved. Based on our actual performance, the target number of performance stock units granted to our NEOs was multiplied by a performance factor of 147% for 2014. The table below sets forth the grant date fair value of the restricted stock units granted in 2014 and the performance stock units granted in 2014 at the target level of performance, the maximum level of performance and the actual level of performance.

The assumptions used in the calculation of the grant date fair value of the options were as follows:

Awards Granted In	Dividend Yield	Volatility	Expected Life	Risk-Free Interest Rate
2014	2.00%	35.00%	3.8 years	2.16%
2013	2.40%	35.00%	4.0 years	1.25%
2012	1.60%	34.00%	4.1 years	1.41%

- (3) The amounts in this column represent cash AIP awards earned during the reported year which were paid in the following year. Based on a combination of Company, business unit and individual performance, the awards earned as a percentage of their respective target awards for 2014 (and paid in 2015) were 114.2% for Mr. Swedish, 114.2% for Mr. DeVeydt, 114.2% for Mr. Goulet, 172.7% for Mr. Haytaian, 114.2% for Ms. McCarthy, and 147.0% for Mr. Zoretic.
- (4) The amounts in this column reflect the increase in the actuarial present value of the NEO's benefits under all pension plans established by us between such pension plans' applicable measurement dates used for financial statement reporting purposes with respect to our audited financial statements. These amounts were determined using discount rate, lump sum interest rate, post-retirement mortality rate and payment distribution assumptions consistent with those used in our financial statements and include amounts which the NEOs may not currently be entitled to receive because such amounts are not vested. We do not provide any above market returns on deferred compensation so no deferred compensation earnings are included.
- (5) The amounts in this column for 2014 include actual cash paid to the Named Executive Officer as part of the Anthem Directed Executive Compensation Plan (DEC), as described under Compensation Plans Anthem Directed Executive Compensation Plan, and the cost of an executive physical for those who chose to have an executive physical this year, as detailed in the following table:

Name	DEC Cash	Executive Physical
Joseph R. Swedish	\$ 54,000	\$ 1,589
Wayne S. DeVeydt	\$ 30,000	\$ 1,328
Kenneth R. Goulet	\$ 30,000	\$ 0
Peter D. Haytaian	\$ 22,500	\$ 0
Gloria M. McCarthy	\$ 30,000	\$ 0
Richard C. Zoretic	\$ 12,500	\$ 0

The amounts in this column also include matching contributions made by us under the applicable 401(k) Plan and deferred compensation plan in 2014. These amounts are detailed in the following table:

Name	401(k) Match	Deferred Comp Match
Joseph R. Swedish	\$ 10,400	\$ 26,138
Wayne S. DeVeydt	\$ 10,400	\$ 63,380

Gloria M. McCarthy*	\$ 10,400	\$ 49,264
Richard C. Zoretic	\$ 10,400	\$ 0

* Ms. McCarthy received a supplemental pension benefit contribution to the Deferred Compensation Plan in the amount of \$61,579 in addition to the match shown in this table, which amount is included in the All Other Compensation column.

Edgar Filing: Anthem, Inc. - Form DEF 14A

In addition to the perquisites and benefits described above, Mr. Swedish also received the following items in 2014 which are included in this column:

a \$10,000 matching charitable contribution made by the Anthem Foundation pursuant to the Directors Matching Gift Program;
personal security benefits of \$3,810; and
\$34,975 for the net aggregate incremental cost to us related to his aircraft usage in 2014. The incremental cost for the use of corporate aircraft is calculated based on the variable operating costs, including cost per flight hour, fuel charges, catering and landing fees, and does not include fixed operating costs such as management and lease fees. In each case, the travel undertaken by Mr. Swedish was business related, but originated from or terminated at a personal location.

The amounts in this column also include tax equalization payments to Messrs. DeVeydt and Goulet in the amounts of \$9,583 and \$192 respectively, to reimburse the additional nonresident state income taxes owed outside their home states for time worked in other states, and to offset the increased tax liability to the executives as a result of the state income tax reimbursements.

- (6) Mr. Zoretic retired from the Company effective May 31, 2014. The amount in All Other Compensation includes \$60,395 in earned but unused paid time off benefits.

- (1) These columns show the range of payouts targeted for 2014 performance under the AIP. The cash payouts for 2014 performance were made in March 2015 and are shown in the Summary Compensation Table in the column titled Non-Equity Incentive Plan Compensation. The AIP includes various measures of our performance, which each have a different weight and an independent threshold performance level. For corporate operating gain, which is weighted at 50%, there is a payout from 0% to 100% for performance between the threshold and target level and up to 200% for maximum performance. Business Unit Scorecard results are also weighted at 50% and have the same payout range. Payouts may be adjusted up or down based on individual performance measures. The maximum total payment under the AIP is 200% of target.
- (2) All options were granted at an exercise price equal to the fair market value based on the closing price of our common stock on the NYSE on the date of grant.
- (3) The grant date fair value of these awards was calculated in accordance with ASC Topic 718. There is no assurance that the value realized by an executive, if any, will be at or near the amounts shown in this column.
- (4) Represents the performance stock units granted to each NEO under the Incentive Plan. The final number of shares received depended on our performance versus our performance goals, as detailed in the Compensation Discussion and Analysis under Elements of Total Rewards Performance Stock Units Measures and Results on page 42. The final number of shares will be from 0% to 100% of target for performance between the threshold and target level and up to 150% of target for maximum performance. These shares vest in equal installments on March 3, 2015, March 3, 2016 and March 3,

The Compensation Committee determined based on our performance against the performance goals, that 147% of the shares were earned. Therefore, the

number of performance stock granted was multiplied by this percentage to calculate the final shares earned. Consequently, the number of performance stock units issued was 82,179 for Mr. Swedish, 26,707 for Mr. DeVeydt, 26,707 for Mr. Goulet, 15,511 for Mr. Haytaian, 18,490 for Ms. McCarthy, and 22,600 for Mr. Zoretic.

The March grants vest in equal installments on March 3, 2015, March 3, 2016 and March 3, 2017. The May grants vest in equal installments on May 1, 2015, May 1, 2016 and May 1, 2017.
- (6) Represents the number of stock options granted to each NEO as an annual grant under the Incentive Plan. These options vest in equal semi-annual installments on September 3, 2015, March 3, 2016, September 3, 2016, March 3, 2017, September 3, 2017 and March 3, 2018. Mr. Haytaian received additional grants on May 1, 2014, which options also vest in six equal semi-annual installments on the six-month anniversaries of the grant date.

- (2) The amounts in the Equity Incentive Plan Awards: Number of Unearned Shares, Units or Other Rights That Have Not Vested column represent the target number of performance stock units granted to our NEOs in 2014. The final number of shares earned depended on our performance versus our performance goals, as detailed in the Compensation Discussion and Analysis under Elements of Total Rewards Performance Stock Units Measures and Results on page 42. As discussed in footnote 4 to the Grants of Plan Based Awards table, the Compensation Committee determined that the performance achieved resulted in the currently unvested 2014 performance stock units being earned at 147% of target. Therefore, the number of performance stock units granted was multiplied by 147% to calculate the actual performance stock units earned.

The table below shows the vesting dates for the number of shares of common stock underlying unvested restricted stock unit grants and unvested performance stock units earned in 2012, 2013 and 2014 reflected in the Number of Shares or Units of Stock That Have Not Vested column, as well as the vesting dates for the actual performance stock units earned in 2014, as described above.

Table of Contents**Executive Compensation** (continued)**Potential Payments Upon Termination or Change in Control**

The following table describes the potential additional payments and benefits under our compensation and benefit plans and arrangements to which the NEOs would be entitled upon a termination of employment, except as noted below. The NEOs would also be entitled to vested benefits and generally available benefits under our various plans and arrangements, as discussed after the following table. The following includes the various types of circumstances that would trigger payments and benefits under plans, agreements and arrangements currently in effect, but it is always possible that different arrangements could be negotiated in connection with an actual termination of employment or change in control. Further, the amounts shown are estimates and are based on numerous assumptions, including that employment terminated on December 31, 2014, unless otherwise noted. Therefore, the actual amounts of the payments and benefits that would be received by the NEOs could be more or less than the amounts set forth below, and can only be determined at the time of an actual termination of employment event.

- (1) For all NEOs, all unvested equity awards vest immediately upon termination following a change in control or due to death or long-term disability. Upon an eligible retirement, unvested equity awards generally continue to vest on the existing vesting schedule except that the March 1, 2013 retention grant to Mr. DeVeydt does not continue to vest upon retirement. Mr. Goulet and Ms. McCarthy are currently retirement eligible under the Incentive Plan, therefore, their equity awards continue to vest upon a company-initiated (not for cause) or good reason termination or if they resign. The amounts in this column represent: (1) for stock option awards, the amount that could be realized from the exercise of all unvested stock options held by the NEO that would immediately vest or continue to vest upon the indicated termination, which is calculated by subtracting the exercise price of the option from the market price of a share of our common stock on December 31, 2014, and multiplying the result by the total number of shares that could be acquired on exercise at that exercise price, and (2) for restricted stock units and performance stock units, the value of the unvested units held by the NEO that would vest upon the indicated termination, which is calculated by multiplying the number of such units by the market price of a share of our common stock on December 31, 2014.
- (2) Estimate based on the average Company cost per employee for these coverages.
- (3) Represents outplacement services available under our policy.
- (4) These amounts apply to a termination following a change in control that is a company initiated termination not for cause, or a good reason termination by the employee, as defined in our Executive Agreement Plan. Except for Mr. Zoretic, all NEOs are participants in the Executive Agreement Plan, which provides the following benefits for this termination event: (1) a severance benefit of 300% of base salary plus target AIP award, (2) a payment equal to 4% of this amount to cover the value of the Company match under the 401(k) Plan and supplemental plan on this payment, (3) an annual AIP award equal to the greater of the annual target AIP award or AIP award earned under the normal terms of the AIP plan for the year, (4) a payment equal to 300% of the annual value of executive benefits, and (5) a three year continuation of health and life insurance coverage.
- (5) Executive is a participant in the Executive Agreement Plan, which provides the following benefits for this termination event: (1) a severance benefit of 200% of salary plus target AIP award, (2) a payment equal to 200% of the annual value of executive benefits, and (3) a two year continuation of health and life insurance coverage.
- (6) Mr. Goulet and Ms. McCarthy are eligible for retirement treatment under the AIP and the Incentive Plan. No other NEOs are currently retirement eligible.
- (7) Participants in the AIP are eligible for an incentive payment if they work through the end of the plan year, December 31. As this table assumes a resignation on December 31, 2014, a full AIP payout is considered earned. If the executive had resigned earlier in 2014, he or she would not be eligible for an incentive payment under the AIP.
- (8) Mr. Zoretic retired effective May 31, 2014 and the numbers disclosed are based on his retirement date, rather than December 31, 2014. Also, Mr. Zoretic was eligible for retirement treatment under both the AIP and the Incentive Plan, and as a result, his unvested equity awards continue to vest and he was entitled to an incentive payment under the AIP.

The NEOs would also be entitled to the vested benefits included in the Outstanding Equity Awards at Fiscal Year-End table, the Nonqualified Deferred Compensation table and the Pension Benefits table. In addition, the amounts shown in the table above do not include payments and benefits to the extent they are provided on a non-discriminatory basis to salaried employees generally upon termination of employment. These include accrued salary and vacation pay, health benefits and distribution of account balances under the 401(k) Plan.

Compensation Plans

Annual Incentive Plan

Under the Annual Incentive Plan (the "AIP"), participants are eligible to receive awards of cash or shares of restricted stock based upon the achievement of performance measures established by the Compensation Committee. Such awards are stated as a percentage of earnings payable to the eligible associates, with a range of targets from 5% to 150%. The Committee retains the discretion to adjust these earned awards to reflect individual performance. The maximum award is 200% of target. In 2014, the amounts earned by our NEOs under the AIP were paid in cash under the Anthem Incentive Compensation Plan (the "Incentive Plan"). Amounts payable under the AIP are paid during the year immediately following the performance year and are payable only upon approval of the Compensation Committee. Participants must have been employed on or before October 1st of the performance year in order to receive a payment under the AIP. Also, participants must have been actively employed by us on the last business day of the plan year to receive an award. In the event a non-executive participant is part of a reduction in force in the fourth quarter of the year, or in the event of a death, qualified retirement or an approved disability of a participant during a plan year, a prorated amount may be payable.

Incentive Plan

In May 2009, our shareholders approved the amended and restated Incentive Plan, which plan was formerly known as the WellPoint 2006 Incentive Compensation Plan (the "2006 Stock Plan"). The 2006 Stock Plan was approved by our shareholders in May 2006. The Incentive Plan gives the authority to the Compensation Committee to make incentive awards consisting of stock options, stock, restricted stock, restricted stock units, cash-based awards, stock appreciation rights, performance stock and performance stock units. The Compensation Committee selects the participants from our non-employee directors, employees and consultants and determines whether to grant incentive awards, the types of incentive awards to grant and any requirements and restrictions relating to incentive awards. The Compensation Committee is also authorized to grant shares of restricted and unrestricted common stock in lieu of obligations to pay cash under other plans and compensatory arrangements, including the AIP.

The Incentive Plan reserved for issuance for incentive awards to non-employee directors, employees and consultants 60,068,344 shares of our common stock, plus any additional shares of our common stock subject to outstanding options or other awards under the 2006 Stock Plan or the Anthem 2001 Stock Incentive Plan (the "2001 Plan") that expired, were forfeited or otherwise terminated unexercised on or after May 19, 2009 and May 16, 2006, respectively. From and after May 19, 2009, no further grants or awards were made under the 2006 Stock Plan.

Anthem 2001 Stock Incentive Plan

The 2001 Plan was approved by our shareholders in May 2003 and gave the Compensation Committee the authority to make incentive awards consisting of stock options, restricted stock and restricted stock units to our directors, executives and associates. The Compensation Committee was also authorized to grant shares of restricted and unrestricted common stock in lieu of obligations to pay cash under other plans and compensatory arrangements, including the AIP. From and after May 16, 2006, no further grants or awards were made under the 2001 Plan.

Amerigroup 2009 Equity Incentive Plan

The Amerigroup Corporation 2009 Equity Incentive Plan (the "Amerigroup Plan") was approved by Amerigroup's shareholders in May 2009. Under the Amerigroup Plan, employees of Amerigroup and its subsidiaries received equity-based compensation, including restricted stock and stock options. Pursuant to the merger agreement between Amerigroup and us, all equity awards for Amerigroup common stock outstanding at the close of the merger were converted into equity awards for our common stock and were assumed by us. No new equity awards can be made under the Amerigroup Plan.

Employee Stock Purchase Plan

In May 2009, our shareholders approved the amended and restated Employee Stock Purchase Plan (the "Stock Purchase Plan"), which is intended to comply with Section 423 of the Tax Code and to provide a means by which to encourage and assist associates in acquiring a stock ownership

interest in us. The Stock Purchase Plan is administered by the Compensation Committee and amended and restated a previously approved employee stock purchase plan.

Table of Contents**Compensation Plans** (continued)

The Compensation Committee has complete discretion to interpret and administer the Stock Purchase Plan and the rights granted under it and determine the terms of each offering that permits purchases of our common stock. Any of our associates are eligible to participate, as long as the associate does not own stock totaling 5% or more of our voting power or value. No associate is permitted to purchase more than \$25,000 worth of stock in any calendar year, determined in accordance with Section 423 of the Tax Code. Based on the current terms of the Stock Purchase Plan, this value is determined based on the fair market value of the stock on the last trading day of each plan offering period. The Stock Purchase Plan reserved 14,000,000 shares of stock for issuance and purchase by associates.

Associates become participants by electing payroll deductions from 1% to 15% of gross compensation. Payroll deductions are accumulated during each plan offering period and applied toward the purchase of stock on the last trading day of each plan offering period. The purchase price per share will equal 95% (or such higher percentage as may be set by the Compensation Committee) of the fair market value of a share of common stock on the last trading day of the plan offering period. Once purchased, the stock is accumulated in the associate's investment account.

The Stock Purchase Plan was suspended in 2011 in connection with our broader efforts to reduce the general and administrative expenses of the Company but was reinstated effective January 1, 2014.

Anthem Directed Executive Compensation Plan

The Anthem Directed Executive Compensation Plan (the "DEC") is a plan that provides our officers with flexibility to tailor certain personal benefits or perquisites to meet their needs using cash credits. The amount of cash credits the executive receives is based upon his or her position with us, with the President and Chief Executive Officer receiving \$54,000 per year in cash credits, executive vice presidents receiving \$30,000 per year in cash credits and senior vice presidents receiving \$12,000 per year in cash credits. Cash credits under the DEC are paid to the

executive in cash and are in lieu of executive perquisites such as the following: automobile-related benefits, airline clubs, savings or retirement accounts and additional life insurance or long-term disability insurance.

Newly hired or promoted executives will participate in the program at the beginning of the month following their hire date or the effective date of their promotion and receive a prorated amount of credits for the year.

Anthem, Inc. Executive Salary Continuation Plan

We maintain the Anthem, Inc. Executive Salary Continuation Plan for vice presidents, senior vice presidents, and executive vice presidents. Salary continuation is provided at no cost to the executive and pays a benefit equal to 100% of base salary and is payable on the eighth consecutive calendar day of a covered disability, for up to 180 days.

Anthem 401(k) Plan

We maintain the Anthem 401(k) Plan (401(k) Plan). The 401(k) Plan is sponsored by ATH Holding Company, LLC and is designed to provide all of our associates with a tax-deferred, long-term savings vehicle. During 2014, we made matching contributions in an amount equal to 100% of the first 3% and 50% of the next 2% of an associate's eligible earnings that he or she contributed. Annual earnings for executives is made up of base salary, AIP cash awards and cash bonuses. Our matching contributions begin following one year of service. None of our matching contributions is in the form of our common stock. During 2014, associates could contribute 1% to 60% of his or her base salary and AIP cash award. In addition, participants who are age 50 by the end of a plan year can contribute an additional amount (a catch-up contribution), up to the limit described in Section 414(v) of the Tax Code as in effect for the plan year in which the contribution is made. We offered 26 investment funds for participants to invest their contributions. Our common stock is an investment option under the 401(k) Plan. Another investment option is the Vanguard Brokerage Option, which offers 401(k) Plan participants the opportunity to invest in over 2,600 mutual funds of their choice. A participant in the 401(k) Plan can change his or her election at any time (24 hours a day, seven days a week). A participant can also change how he or she wants his or her future contributions and earning on those contributions invested in multiples of 1%, and can transfer or reallocate current investments in multiples of 1% or in flat dollar amounts. Associate contributions and our matching contributions vest immediately.

Anthem, Inc. Comprehensive Non-Qualified Deferred Compensation Plan

During 2014, eligible participants began participation in the Anthem, Inc. Comprehensive Non-Qualified Deferred Compensation Plan (the Deferred Compensation Plan) once the participant reached the maximum contribution amount for the 401(k) Plan. An executive participant may defer a percentage not to exceed 60% of his or her eligible earnings and may defer a percentage of his or her award under the AIP, but only to the extent that his or her aggregate base salary and AIP award deferral does not exceed 80% of his or her compensation, into the Deferred Compensation Plan. Those contributions were matched by us at the same rate as they would have been in the 401(k) Plan. The annual incentive deferral option allows an additional deferral of amounts under the AIP and is matched at the same rate as the rate for the 401(k) Plan.

Investment options for the Deferred Compensation Plan mirror those for the 401(k) Plan except that our common stock and the Vanguard Brokerage Option are not available. The frequency and manner of changing investment options also mirrors the 401(k) Plan.

The Deferred Compensation Plan includes a supplemental pension benefit contribution program which, in general, credits eligible participants quarterly with a contribution equal to the difference between the amount which was actually credited to his or her account under the Anthem Cash Balance Pension Plan (the Pension Plan) and the amount which would have been credited to his or her account had the amount not been limited as a result of Section 401(a)(17) or Section 415 of the Tax Code. None of the NEOs, except Ms. McCarthy, received contributions under either the Pension Plan or the supplemental pension provision of the Deferred Compensation Plan.

Account balances in the Deferred Compensation Plan are payable at the election of the participant in a single lump sum or installments.

Empire Blue Cross and Blue Shield 2005 Executive Savings Plan

The Empire Blue Cross and Blue Shield 2005 Executive Savings Plan (the 2005 Executive Savings Plan) enabled eligible executives to defer a portion of their base salaries or incentive compensation and to receive the benefit of a matching contribution from us. Effective December 31,

2006, the 2005 Executive Savings Plan was frozen, and no

Table of Contents**Compensation Plans** (continued)

new contributions will be permitted to be made to this plan. Key employees, as defined in the Tax Code, were eligible to participate in this unfunded, non-qualified executive savings plan based upon a qualifying salary range which is adjustable on a yearly basis. In 2006, employees who had an annual base salary of at least \$100,000, as of December 1, 2005 (or date of hire if a newly hired employee) or total compensation earned from January 1 through December 1, 2005 of at least \$140,000, could participate in the 2005 Executive Savings Plan.

Participation in the 2005 Executive Savings Plan was voluntary, and participants could make whole-year and make-up elections. A whole-year election was effective for the entire plan year and must have specified a deferral percentage between 5% and 80% of base salary of any incentive award under the annual executive incentive compensation plan, and of other performance-based awards as defined in the 2005 Executive Savings Plan. The maximum deferral percentage was subject to adjustment in our discretion. A make-up election became effective once total compensation for the plan year reached the maximum amount that would be recognized in that plan year under applicable tax laws for purposes of our 401(k) Plan. As of January 1, 2006, the maximum amount was \$215,000. A make-up election is for any whole percentage up to 6% of total compensation in excess of \$215,000. We credited the employee's account with an employer match up to 50% of the amount of the total compensation deferred pursuant to the make-up election. The vesting period for the employer match is three years of service.

The participant may designate, from among the investment funds available for selection under the 2005 Executive Savings Plan, which are actively managed by an independent investment manager, the fund or funds to be used to attribute hypothetical investment performance to amounts added to his or her account during the plan year. Nothing in the 2005 Executive Savings Plan requires us to invest, earmark, or set aside its general assets in any specific manner.

The fund or funds selected are subject to market fluctuations and, as such, there are no above-market or preferential earnings on deferred compensation paid during the fiscal year.

Anthem Cash Balance Plan

We maintain the Pension Plan, which continues to be sponsored by ATH Holding Company, LLC. It is a non-contributory pension plan for certain associates that is qualified under Section 401(a) of the Tax Code and is subject to the Employee Retirement Income Security Act. On January 1, 1997, we converted the Pension Plan from a final average compensation pension plan into a cash balance pension plan. The Pension Plan covered substantially all full-time, part-time and temporary associates, including executive officers, and provides a set benefit at age 65, the normal retirement age under the Pension Plan. Effective January 1, 2006, the Pension Plan was a frozen pension plan that applies only to participants who were active as of that date. Upon the freeze of the Pension Plan, participants who were active Pension Plan participants and accruing a benefit under the Pension Plan formula, and the sum of whose age (in complete years) and years of service as defined by the Pension Plan (in complete years) equaled or exceeded 65 (Rule of 65 Participants), including executives, were eligible to continue to accrue benefits under the Pension Plan formula. None of the NEOs is a Rule of 65 Participant, except Ms. McCarthy. Effective January 1, 2011, the Pension Plan was entirely frozen and we spun out the Rule of 65 Participants into a new plan, the WellPoint Cash Balance Pension Plan B, which has been renamed the Anthem Cash Balance Plan B effective December 2, 2014. Effective January 1, 2012, the Pension Plan was renamed the WellPoint Cash Balance Pension Plan A, and then renamed the Anthem Cash Balance Plan A, effective December 2, 2014.

Under the Pension Plan, at the end of each calendar quarter, a bookkeeping account for each participant is credited with interest based on the average of the monthly yields for 10-year U.S. Treasury Security Constant Maturities for the 12-month period ending on September 30 of the preceding plan year but not lower than 3.85%. Account balances are payable in a single lump sum or an actuarially equivalent annuity commencing on the first of any month following termination of employment.

Empire Blue Cross and Blue Shield Supplemental Cash Balance Pension Plan

WellChoice provided a supplemental cash balance pension plan (the Empire Supplemental Pension Plan), which was assumed by us when we acquired WellChoice. Effective December 31, 2006, the Empire Supplemental Pension Plan was frozen. Upon the freeze of the Empire Supplemental Pension Plan, most active participants did not continue to accrue benefits, except for those participants who were active associates on December 31, 2006 and whose

Table of Contents**Compensation Plans** (continued)

age (in complete years) plus years of pension service (in complete years) was greater than or equal to 65. The Empire Supplemental Pension Plan is not tax-qualified. The purpose of this plan was to replace pension benefits which were lost through the Empire Pension Plan because of an executive's elective deferral of compensation or because of the limitations on benefits or includible compensation imposed for highly compensated employees by the Tax Code. The supplemental retirement benefit paid to each participant in the Empire Supplemental Pension Plan was equal to the difference between the participant's benefit under the Empire Pension Plan and what the participant's benefit under that plan would have been if the participant's elective deferrals and the participant's compensation in excess of the Tax Code's limitations were included in the definition of compensation under the Empire Pension Plan. The supplemental retirement benefit is calculated pursuant to the provisions of the Empire Supplemental Pension Plan and paid in a single sum. Also, in the event of the death of a participant prior to the participant's benefit payment date, a single sum, or payments made in installments, in accordance with the participant's election, calculated pursuant to the provisions of the plan, is paid to the participant's beneficiary. Benefits under this plan are paid only to the extent they are vested. A participant with a vested benefit under the Empire Pension Plan is paid the supplemental retirement benefit according to the schedule set forth in the plan or as soon as administratively practicable thereafter.

Employment Agreement*Richard C. Zoretic*

In July 2012, we entered into an employment agreement with Mr. Zoretic in connection with our acquisition of Amerigroup, which agreement became effective upon the closing of that transaction on December 24, 2012 and was subsequently amended in April 2013. The agreement had a term of two years and then Mr. Zoretic would have been offered participation in the Anthem, Inc. Executive Agreement Plan as described below. Mr. Zoretic retired effective May 31, 2014.

During the term of his employment agreement, Mr. Zoretic received an annual base salary of \$575,000 and an annual incentive bonus opportunity for each calendar year that ended during the term (with a minimum target bonus equal to 100% of his base salary) based upon the achievement of objective performance criteria, and on terms and conditions no less favorable than for other executives generally. Base salary was subject to review for increase annually. Target incentive bonus opportunity was subject to review for increase (but not decrease below 100%) by our Board or Compensation Committee. He also received an annual incentive equity grant commensurate with his position, performance and competitive practice, as determined by the Board or Compensation Committee. During the term of his employment agreement, Mr. Zoretic was also entitled to participate in the employee benefit plans provided to our other senior executives.

Mr. Zoretic agreed that during his employment and for 12 months following his termination of employment unless his employment was terminated by us without cause or by Mr. Zoretic for good reason, he cannot (1) seek or obtain certain positions, or engage in certain activities, that are competitive with us; (2) solicit or hire, or attempt to solicit or hire, our employees or certain persons actively recruited by us; or (3) solicit business from certain of our clients or potential clients. He also agreed that during his employment and indefinitely following his termination of employment for any reason, he will preserve our confidences, and not disparage us, and during his employment and for 12 months thereafter he will cooperate with us. In the event of a material and willful violation by Mr. Zoretic of such covenants, and in addition to equitable relief for us in such event, we may offset our obligations under the employment agreement by the actual damages from breach of such covenants or certain other claims against Mr. Zoretic.

Other Executive Severance Arrangements*Anthem, Inc. Executive Agreement Plan*

The Anthem, Inc. Executive Agreement Plan (the Executive Agreement Plan) is intended to protect our key executive employees and key employees of our subsidiaries and affiliates against an involuntary loss of employment (without cause) so as to attract and retain such employees and to motivate them to enhance our value. The Executive Agreement Plan is administered by a committee appointed by our Chief Human Resources Officer.

Edgar Filing: Anthem, Inc. - Form DEF 14A

Our key executive employees and key employees of our subsidiaries and affiliates, including each vice president, senior vice president, executive vice president and any other key executive selected by our President and Chief Executive Officer, are eligible to participate in the Executive Agreement Plan. An eligible executive will only become a

Compensation Plans (continued)

participant in the Executive Agreement Plan upon his or her execution of an employment agreement with us. In general, the terms of the Executive Agreement Plan will replace a participant's pre-existing agreements for employment, severance or change in control benefits, or restrictive covenants.

Severance pay and benefits are triggered under the Executive Agreement Plan upon a termination of a participant's employment by us for any reason other than death, disability (each as defined in the Executive Agreement Plan), cause (as defined below) or a transfer of business (as defined below). Severance pay and benefits will also be provided under the Executive Agreement Plan (at enhanced levels for each participant who is an executive vice president) upon a termination of a participant's employment (1) by us for any reason other than death, disability, cause, or a transfer of business, during certain periods prior to, or the 36-month period after, a change in control (as defined in the Executive Agreement Plan), or (2) by the participant for good reason (as defined below), during the 36-month period after a change in control.

Under the Executive Agreement Plan, cause means any act or failure to act which constitutes:

- (1) fraud, embezzlement, theft or dishonesty against us;
- (2) a material violation of law in connection with or in the course of the participant's duties or employment;
- (3) commission of any felony or crime involving moral turpitude;
- (4) any violation of any of the restrictive covenants contained in the Executive Agreement Plan;
- (5) any other material breach of the related employment agreement;
- (6) a material breach of any of our written employment policies;
- (7) conduct which tends to bring us into substantial public disgrace or disrepute; or
- (8) a material violation of the Company's Standards of Ethical Business Conduct; except that with respect to a termination of employment during the period beginning on the date of the public announcement or the making of a proposal or offer which if consummated would be a change in control, or the approval by our Board or our shareholders of a transaction that upon closing would be a change in control, and ending on the earlier to occur of the termination, abandonment or occurrence of the change in control or the first anniversary of the beginning of the period (the Change in Control Period), or within the 36-month period after a change in control, clause (6) and (8) will apply only if such material breach or violation is grounds for immediate termination under the terms of such written employment policy or standard of ethical business conduct; and clauses (4), (5), (6), and (7) will apply only if such violation, breach or conduct is willful. In addition, transfer of business means a transfer of the participant's position to another entity, as part of either (1) a transfer to such entity as a going concern of all or part of our business function(s) in which the participant was employed, or (2) an outsourcing to another entity of our business function(s) in which the participant was employed.

Edgar Filing: Anthem, Inc. - Form DEF 14A

Any participant who is a vice president, senior vice president or executive vice president may terminate his or her employment for good reason under the Executive Agreement Plan upon (a) the occurrence of the events set forth

in clauses (2) or (5) below within the 36-month period after a change in control, or (b) the occurrence of the events set forth in clauses (1), (3) or (4) below at any time before or after a change in control:

- (1) a material reduction during any 24 consecutive month period in the participant's salary, or in the annual total cash compensation (including salary and target bonus), but excluding in either case any reduction both (A) applicable to management employees generally, and (B) not implemented during a Change in Control Period or within the 36-month period after a change in control;
- (2) a material adverse change without the participant's prior consent in the participant's position, duties, or responsibilities except in connection with a transfer of business if the position offered by the transferee is substantially comparable and is not in violation of the participant's rights under the employment agreement;
- (3) a material breach of the employment agreement by us;
- (4) a change in the participant's principal work location to a location more than 50 miles from the participant's prior work location and from the participant's principal residence; or
- (5) the failure of any successor of ours to assume our obligations under the Executive Agreement Plan (including any employment agreements).

Table of Contents**Compensation Plans** (continued)

If a vice president, senior vice president or executive vice president terminates his or her employment without good reason, he or she is not entitled to any severance benefits under the Executive Agreement Plan.

In the event that severance pay and benefits are triggered, an eligible vice president, senior vice president or executive vice president will be entitled to receive severance pay in an amount equal to the participant's applicable severance multiplier times the sum of the participant's annual salary and annual target bonus, payable in equal installments over the participant's applicable severance period; continued participation in our health and life insurance benefit plans during the severance period; continuation of certain executive compensation perquisite payments and benefits during the severance period; continued financial planning services, if available to current executives, and outplacement services. For participants who are executive vice presidents, the applicable severance multiplier is two (increased to three when enhanced severance is paid in circumstances relating to a change in control, as described above) and the severance period is two years (increased to three years when such enhanced severance is paid).

Other severance benefits payable to vice presidents, senior vice presidents and executive vice presidents triggered by qualifying terminations of employment after a change in control include a pro-rata bonus for the year of termination; cash payments equivalent to our tax-qualified retirement and supplemental retirement plan contributions for the participant during the severance period; and accelerated vesting of equity grants which were outstanding on both the date of the change in control and the date of termination of employment. The annual bonus of each executive participant for the year of a change in control is guaranteed to be the greater of the participant's target bonus for that year or the amount earned under the bonus plan formulas. The Executive Agreement Plan further provides that, in the event of certain corporate transactions, if an acquiring company does not assume our equity grants, the grants will vest and become payable upon the corporate transaction. Tax gross ups are not paid on any benefits paid under the Executive Agreement Plan.

The Executive Agreement Plan payments and benefits of each participant are conditioned upon the participant's compliance with restrictive covenants and execution of a release of claims against us. The Executive Agreement Plan provides that if a participant breaches any restrictive covenant or fails to provide the required cooperation, (1) such participant shall repay to us any severance benefits previously received, as well as an amount equal to the fair market value of restricted stock vested and gain on stock options exercised within the 24-month period prior to such breach, (2) no further severance pay or benefits shall be provided to such participant, and (3) all outstanding unexercised stock options and unvested restricted stock shall be cancelled and forfeited.

Messrs. DeVeydt, Goulet, and Haytaian and Ms. McCarthy participate in the Executive Agreement Plan. In addition, Mr. Swedish became a participant in the Executive Agreement Plan upon commencing employment on March 25, 2013, with two definitional distinctions for the first two years of his employment: subsection (7) of the cause definition reads conduct which brings the Company into substantial public disgrace; and subsection (1) of the good reason definition reads a material reduction during any twenty-four month period in Executive's Annual Salary, or in Executive's annual total cash compensation (including Annual Salary and Target Bonus, but excluding for this purpose the one-time make whole payment set forth in the Offer Letter).

Employment Agreement

As set forth above, for an executive officer to become eligible to participate in the Executive Agreement Plan, he or she must enter into an employment agreement with us (the Plan Employment Agreement). The Plan Employment Agreement has an initial term of one year, which term is automatically extended until one year after the date on which either we or the executive officer provides notice of non-renewal. The executive officer's employment terminates upon the disability or death of the executive officer, or we may terminate the executive officer with or without Cause (as defined in the Executive Agreement Plan). Upon termination of employment, the executive officer may be entitled to the benefits set forth in the Executive Agreement Plan as set forth above. The Plan Employment Agreement also contains the restrictive covenants set forth in the Executive Agreement Plan. Messrs. DeVeydt, Goulet, Haytaian and Swedish and Ms. McCarthy are parties to the Plan Employment Agreement.

Proposal No. 4 Shareholder Proposal to Elect Each Director Annually

We have been informed that John Chevedden (Mr. Chevedden), 2215 Nelson Avenue, No. 205, Redondo Beach, California 90278, a beneficial owner of no fewer than 50 shares of our common stock, intends to introduce at the annual meeting the following resolution. The following shareholder proposal will be voted on at the annual meeting only if properly presented by or on behalf of Mr. Chevedden. In accordance with SEC rules, the text of the proposed shareholder resolution and supporting statement is printed verbatim from its submission.

Elect Each Director Annually

RESOLVED, shareholders ask that our Company take the steps necessary to reorganize the Board of Directors into one class with each director subject to election each year. Although our management is perfectly capable of putting forth a management proposal to completely adopt this proposal topic in one-year, management would nonetheless have the option to phase it in over 3-years. Implementation could be deferred until such time as it would not interfere with Anthem's existing contractual obligations.

Arthur Levitt, former Chairman of the Securities and Exchange Commission said, "In my view it's best for the investor if the entire board is elected once a year. Without annual election of each director shareholders have far less control over who represents them."

A total of 79 S&P 500 and Fortune 500 companies, with aggregate market capitalization of one trillion dollars, adopted this topic in 2012 and 2013. Annual elections are widely viewed as a corporate governance best practice. Annual election of each director could make directors more accountable, and thereby contribute to improved performance and increased company value.

Our clearly improvable corporate governance (as reported in 2014) is an added incentive to vote for this proposal:

Directors Ramiro Peru, Warren Jobe, George Schaefer (our Chairman), William Ryan and Julie Hill each had 11 to 20-years long-tenure which can negatively impact director independence. And these long-tenured directors controlled 52% of the votes on our most important board committees. Elizabeth Tallett and Kerry Clark were potentially overextended with director responsibilities at 4 public companies each.

Anthem is unfortunately incorporated in Indiana which favors management rights and provides shareholders with a poor level of control. GMI Ratings, an independent investment research firm said Indiana law contains multiple provisions which protect management from hostile takeovers, further diminishing shareholder interests.

Joseph Swedish had \$16 million in 2013 Total Summary Pay. Unvested equity pay partially or fully accelerate upon CEO termination. Anthem had not disclosed specific, quantifiable performance objectives for our CEO.

*Returning to the core topic of this proposal from the context of our clearly improvable corporate performance, please vote to protect shareholder value: **Elect Each Director Annually Proposal 4.***

Proposal No. 4 Shareholder Proposal to Elect Each Director Annually (continued)

The Board of Directors makes no recommendation on this proposal.

Due to our existing contractual obligations with the Blue Cross and Blue Shield Association (BCBSA), we are required to maintain a classified board structure. The Board makes no recommendation on this shareholder proposal because it has already adopted a policy to eliminate the Company's classified board structure if the BCBSA requirement for a classified board structure is eliminated or is otherwise no longer applicable to us.

The Board has adopted a policy that, if the BCBSA requirement for a classified board structure is eliminated or is no longer applicable to us, the Board will submit amendments to our Articles of Incorporation recommending approval by the shareholders at our next annual shareholder meeting occurring after the elimination of the requirement, which amendments would eliminate the classified board structure and phase in the annual election of all Directors over a three-year period. If the shareholders approve the amendments to our Articles of Incorporation to eliminate the classified board structure as set forth above, the Board will thereafter amend our By-Laws and other governing documents to implement the elimination of our classified board structure as provided in the Board policy.

The Company is a party to a Blue Cross License Agreement and a Blue Shield License Agreement (collectively, the BCBS Agreements) with the BCBSA, a national federation of 37 independent Blue Cross and Blue Shield companies. The Company is an independent licensee of BCBSA and the Company's Blue-licensed affiliates serve members in 14 states through Blue-branded health insurance products and services, the income from which makes up a significant part of the Company's operating results. The net revenue attributable to Blue-branded business represented over 80% of the Company's total net revenue in 2014.

Under the BCBS Agreements, the Company must include in its Articles of Incorporation a requirement that its board be composed of three classes of directors with each class containing as close to one third of the total number of directors as possible and each class of directors serving a three-year term beginning in a year in which no other class' term begins. Failure to maintain this classified board structure would constitute a violation of the BCBS Agreements, which could result in the termination of the Blue Cross and Blue Shield licenses. If the Company's Blue Cross and Blue Shield licenses are terminated, the Company would no longer be permitted to sell Blue Cross and Blue Shield health insurance products and services. The resulting loss of members and revenue would have a material adverse effect on our financial condition and operating results.

In addition, upon termination of the Blue Cross and Blue Shield licenses, the BCBSA would have the right to impose a Re-establishment Fee upon us, which would be used, in part, to fund a replacement Blue Cross and/or Blue Shield licensee in the vacated service area. The fee is set at \$98.33 per licensed enrollee. As of December 31, 2014 we reported 28.6 million Blue Cross and/or Blue Shield enrollees. If the Re-establishment Fee was applied to our total Blue Cross and/or Blue Shield enrollees as of December 31, 2014, we would be assessed approximately \$2.8 billion by the BCBSA.

Further, certain of the proponent's statements do not accurately reflect the current composition of our Board. The average tenure of our Directors as of December 31, 2014 is 6 years and the longest tenure of any director is 14 years (not 20 years as asserted by the proponent). Also, our Corporate Governance Guidelines permit our Directors to serve on no more than 3 other public company boards, which is more restrictive than the policies at the majority of S&P 500 companies that have adopted policies limiting other corporate directorships.

The approval or disapproval of the shareholder proposal will be determined by the vote of a majority of the votes cast on such proposal (excluding abstentions), which means that the number of shares voted for the proposal must exceed the number of shares voted against the proposal for approval of the shareholder proposal.

Recommendation

For the reasons described above, the Board of Directors makes no recommendation on this proposal.

Proposal No. 5 Shareholder Proposal to Request the Board of Directors to Amend the By-Laws to Allow Proxy Access

- (a) have beneficially owned 3% or more of Wellpoint 's outstanding common stock continuously for at least three years before submitting the nomination;*
- (b) give Wellpoint written notice within the time period identified in Wellpoint 's bylaws of information required by the bylaws and rules of the Securities and Exchange Commission about (i) the nominee, including his or her consent to being named in the proxy materials and to serving, if elected; and (ii) the Nominator, including proof of ownership of the required shares (the Disclosure); and*
- (c) certify that (i) it will assume liability stemming from any legal violation arising out of its communications with (company) shareholders, including the Disclosure and Statement; (ii) it will comply with all applicable laws if it uses soliciting material other than Wellpoint 's proxy materials; and (iii) to the best of its knowledge, the required shares were acquired in the ordinary course of business and not to change or influence control at Wellpoint.*

The Nominator may submit with the Disclosure a statement not exceeding 500 words in support of the nominee (the Statement). The board shall adopt procedures for promptly resolving disputes over whether notice of a nomination was timely, whether the Disclosure and Statement satisfy the bylaws and any applicable federal regulations, and the priority to be given to multiple nominations exceeding the one-quarter limit.

Supporting Statement

The company 's present nomination process lags behind best practices for direct proxy access for shareholders and groups of shareholders.

There is presently little accountability to shareholders or our largest institutional investors, and the current process enables insulation from and lack of accountability to customers, clients, and other stakeholders. The healthcare industry continues to see tremendous demographic shifts and increased needs for services¹, yet in the opinion of the proponent, our Board members are overextended since they sit collectively on more than 60 different boards and committees.

Updating the director nomination process to include listing of shareholder nominees in the proxy will be a step toward responsibly aligning Board representation with the plurality and diversity of ownership as well as with stakeholders and the society in which it operates.

70 | Anthem, Inc. 2015 Proxy Statement

Table of Contents**Proposal No. 5 Shareholder Proposal to Request the Board of Directors to Amend the By-Laws to Allow Proxy Access** (continued)**The Board of Directors recommends a vote AGAINST this proposal.**

We are committed to strong corporate governance practices, including meaningful shareholder rights and robust engagement practices. Our Board recognizes proxy access is a topic of growing interest to investors and continues to evaluate it. **However, our Board believes this proposal is fundamentally flawed and is not in the best interest of shareholders at our Company. The proposal permits an excessive number of shareholder access candidates (60% of our Board over our three-year election cycle), thereby allowing a control contest via the proxy access right.** Adoption of this shareholder proposal would introduce significant risk of disruption to the Board and the Company.

Flawed Proposal

Allows Shareholder Access Candidates for 60% of our Board over Three-Year Election Cycle. One-third of our Directors are elected each year for a three-year term. We are required to have a classified Board pursuant to the mandatory provisions of our Blue Cross and Blue Shield license agreements, as more fully described below. With our current ten-member Board, this proposal would permit shareholder access candidates for 66 $\frac{2}{3}$ % of seats up for election in years 1 and 2 and 50% of seats up for election in year 3, instead of the typical collective maximum of 20-25% in other proxy access shareholder proposals. Over the course of three years, this would allow shareholders, some motivated by special or short-term interests, to nominate access candidates for 60% of the Board's total seats.

We are an independent licensee of the Blue Cross and Blue Shield Association (BCBSA), a national federation of 37 independent Blue Cross and Blue Shield companies. The Company's Blue-licensed affiliates serve members in 14 states through Blue-branded health insurance products and services, the income from which makes up a significant part of the Company's operating results. The net revenue attributable to Blue-branded business represented over 80% of the Company's total net revenue for 2014. The Blue Cross and Blue Shield license agreements require us to have a classified Board with three classes of directors each serving three-year terms beginning in a year in which no other class term begins. If our license agreements are terminated, we would no longer be permitted to sell Blue-branded health insurance products and services and the BCBSA would have the right to impose upon us a Re-Establishment Fee which would be used, in part, to fund a replacement Blue Cross and/or Blue Shield licensee in the vacated service area. If the Re-establishment Fee was applied to us as of December 31, 2014, we would be assessed approximately \$2.8 billion by the BCBSA.

No Limit on Ability to Use Proxy Access for Change in Control. The proposal does not require nominating shareholders to disclaim any current intent to effect a change in control, but only requires nominating shareholders to certify that the required shares were originally acquired in the ordinary course and not to change or influence control at Anthem. A nominating shareholder's current intentions would be unknown. Proxy access should not be used as a means to effect a corporate takeover.

Strong Corporate Governance

Governing Documents and Corporate Governance Policies. The proposal disregards the mechanisms we already have instituted to ensure Board accountability and provide shareholders with meaningful access to the Board. The Board is accountable to Anthem's shareholders through protections that are embedded in our governing documents and corporate governance practices. These practices include an independent Board Chairman, majority voting for Directors, shareholder engagement programs and responsiveness to shareholder feedback. These structures have worked, ensuring that the shareholders' voices are heard in the boardroom, while allowing the Board to devote the time and attention necessary to oversee Anthem's business and affairs for the long-term benefit of shareholders.

Bypassing Important Governance Committee Qualification Assessment. Proxy access would bypass the Governance Committee's process of identifying and recommending director nominees with a diverse and complementary blend of experiences, skills, qualifications and perspectives, to oversee our business and who can contribute to the overall effectiveness of our Board. The Governance Committee's process is described in Board and Committee Membership - Meetings and Committees of the Board - The Governance Committee - Director Qualifications on page 11. In undertaking this responsibility, the Governance Committee has a fiduciary duty to act in a manner the Directors

Edgar Filing: Anthem, Inc. - Form DEF 14A

reasonably believe to be in the best interests of Anthem; proxy access shareholder proponents will not have a fiduciary duty when nominating directors.

Proposal No. 5 Shareholder Proposal to Request the Board of Directors to Amend the By-Laws to Allow Proxy Access (continued)

Shareholders Can Already Recommend and Nominate Prospective Director Candidates. Our shareholders can already recommend prospective director candidates for the Governance Committee's consideration. Our Governance Committee evaluates and considers director nominees proposed by our shareholders in the same manner as nominees recommended by a Board member, management, search firm or other source. Additionally, shareholders may nominate directors in accordance with the advance notice procedures of our By-Laws and solicit their own proxies.

We believe that this proposal is not in the best interest of the Company, as it is both flawed and unnecessary as applied to our Company.

The approval or disapproval of the shareholder proposal will be determined by the vote of a majority of the votes cast on such proposal (excluding abstentions), which means that the number of shares voted for the proposal must exceed the number of shares voted against the proposal for approval of the shareholder proposal.

Recommendation

For the reasons described above, the Board of Directors recommends a vote AGAINST this proposal.

By Order of the Board of Directors,

Kathleen S. Kiefer

Corporate Secretary
