Contribution Agreement for East Texas Gathering System

On August 6, 2015, Azure Midstream Partners, LP, a Delaware limited partnership (the Partnership), entered into a contribution agreement (the Contribution Agreement) with Azure Midstream Energy LLC, a Delaware limited liability company (AME), which is the sole member of Azure Midstream Partners GP, LLC, a Delaware limited liability company and the general partner of the Partnership (the General Partner). Pursuant to the Contribution Agreement, AME contributed 100% of the outstanding membership interests in Azure ETG, LLC, a Delaware limited liability company (ETG) that owns and operates the East Texas gathering system (the ETG System), to the Partnership in exchange for the consideration described below. The closing of the transactions contemplated by the Contribution Agreement occurred simultaneously with the execution of the Contribution Agreement. The Contribution Agreement contains customary representations and warranties, indemnification obligations and covenants by the parties, and provides that the Partnership's acquisition of ETG was effective on July 1, 2015.

The following transactions took place pursuant to the Contribution Agreement:

As consideration for the membership interests of ETG, the Partnership paid AME \$80,000,000 in cash and issued 255,319 common units representing limited partner interests in the Partnership (Common Units) to AME.

The Partnership entered into a gas gathering agreement (the Gas Gathering Agreement) with TGG Pipeline, Ltd., an indirect subsidiary of AME (TGG), as discussed below.

The ETG System includes approximately 250 miles of gathering pipelines, three treating plants, 10MMcf/d of processing capacity and four interconnections with major interstate pipelines providing 1.75 Bcf per day of access to downstream markets. A total of 336,000 gross acres in the Haynesville Shale and Bossier Shale formations are dedicated to the ETG System under 23 long-term producer contracts.

The Partnership financed the cash consideration paid for ETG with an \$80,000,000 draw from its credit facility.

The foregoing description of the Contribution Agreement is not complete and is qualified in its entirety by reference to the full text of the Contribution Agreement, which is filed as Exhibit 10.1 to this Current Report on Form 8-K and incorporated in this Item 2.01 by reference.

Gas Gathering Agreement

Pursuant to the terms of the Gas Gathering Agreement, the Partnership agreed to provide gathering services to TGG on a priority basis for quantities of gas designated by TGG as set forth therein. AME has guaranteed TGG's obligations under the Gas Gathering Agreement.
