Stockholders Entitled to Vote

Our Board of Directors has fixed September 30, 2015 as the record date for the determination of stockholders entitled to vote at the annual meeting. Only holders of record of our common stock at the close of business on the record date are entitled to notice of, and to vote at, the annual meeting. On September 30, 2015, there were 40,406,866 shares of our common stock outstanding and entitled to vote. Each share of common stock will have one vote for each matter to be voted upon at the annual meeting.

Votes Required

The holders of at least a majority of the shares of our common stock issued and outstanding and entitled to vote at the annual meeting will constitute a quorum for the transaction of business at the annual meeting. Shares of common stock present in person or represented by proxy, including shares which abstain or are treated as broker non-votes as discussed below, will be counted for purposes of determining whether a quorum is present at the annual meeting.

If the shares you own are held in street name by a bank or brokerage firm, then your bank or brokerage firm, as the record holder of your shares, is required to vote your shares according to your instructions. If you do not give instructions to your bank or brokerage firm, it will still be able to vote your shares with respect to certain discretionary items, but will not be allowed to vote your shares with respect to non-discretionary items. Of the three proposals to be voted on at our 2015 annual meeting, only Proposal 3, the ratification of the selection of our registered public accounting firm, is considered to be a discretionary item on which banks and brokerage firms may vote without instructions from you. Proposals 1 and 2 are considered non-discretionary items on which banks and brokerage firms may not vote without instructions. Therefore, if you do not instruct your broker or bank representative regarding how you would like your shares to be voted, your bank or brokerage firm will not be able to vote on your behalf with respect to Proposals 1 or 2, and your shares will be treated with respect to these items as broker non-votes.

The affirmative vote of the holders of shares representing at least a plurality of the votes cast by the holders of our common stock entitled to vote at the annual meeting is required for Proposal 1, the election of the Class II directors. The affirmative vote of the holders of shares representing at least a majority of the common stock present or represented and voting on the matter is required for the approval of each of Proposal 2, the non-binding advisory vote to approve executive compensation, and Proposal 3, the ratification of the selection of our registered public accounting firm. Broker non-votes and abstentions are not counted as votes on these matters, and therefore will have no effect on the outcome of these proposals.

Security Ownership of Certain Beneficial Owners and Management

The following table sets forth information, as of August 31, 2015, regarding the beneficial ownership of shares of our common stock by (a) each person or entity known by us to own beneficially more than 5% of the outstanding shares of our common stock, (b) each of the named executive officers, as described in the Summary Compensation Table below, (c) each director of the company, and (d) the directors and executive officers of the company as a group. As of August 31, 2015, there were 40,758,524 shares of our common stock outstanding. Shares of common stock subject to options currently exercisable or exercisable within 60 days of

Except as indicated by footnote, we believe that the persons and entities named in this table, based on information provided by them, have sole voting and investment power with respect to the shares of common stock indicated.

PROPOSAL I ELECTION OF CLASS II DIRECTORS

We have three classes of directors, currently consisting of four Class I directors, three Class II directors and three Class III directors. At each annual meeting, directors are elected for a full term of three years to succeed those whose terms are expiring. The terms of the three classes are staggered in a manner so that only one class is elected by stockholders annually. Mr. Michael J. Curran, Mr. Joseph L. Mullen, and Mr. James W. Zilinski are currently serving as Class II directors. The Class II directors elected this year will serve as members of our Board of Directors until the 2018 annual meeting of stockholders, or until their respective successors are elected and qualified. Proxies cannot be voted cumulatively.

The Nominations and Corporate Governance Committee has recommended to the Board, and the Board nominates Mr. Curran, Mr. Mullen, and Mr. Zilinski for re-election as directors. The persons named in the enclosed proxy will vote to re-elect Mr. Curran, Mr. Mullen, and Mr. Zilinski as Class II directors unless the proxy is marked otherwise. Mr. Curran, Mr. Mullen, and Mr. Zilinski have indicated their willingness to serve on our Board of Directors, if elected; however, if any nominee should be unable to serve, the person acting under the proxy may vote the proxy for a substitute nominee designated by our Board of Directors. Our Board of Directors has no reason to believe that Mr. Curran, Mr. Mullen, and Mr. Zilinski would be unable to serve if elected.

The Board recommends a vote FOR each of the persons nominated by the Board.

Set forth below is information about our directors, including the Class II director nominees. The information presented includes their years of service as a director as well as information each director has given us about his age, all positions he holds at the company, principal occupation and business experience for at least the last five years and names of other publicly-held companies of which he currently serves as a director. In addition to the information presented below in respect of each director's specific experience, qualifications and skills that lead the Board to the conclusion that he should serve as a director, we also believe that each director has a reputation for integrity, honesty and high ethical standards.

Director Compensation

Compensation for our directors is reviewed from time to time by our Chairman, our Board and its committees. Any determinations with respect to Board compensation are made by our Board of Directors.

Mr. Eberle was our sole management director during fiscal 2015 and as a management director he received no compensation for his services as a director.

Each of our non-employee directors receives a restricted stock award of 4,000 shares of our common stock upon his or her initial election to the Board and on the date of each annual meeting of stockholders thereafter (provided that he or she is serving as a director of Bottomline at that time. Each of these awards vests in full on the first anniversary of its respective grant date.

In November 2014, each of our directors other than Mr. Eberle received a restricted stock award for 4,000 shares of our common stock.

Equity awards to our directors vest in full upon a change in control. For purposes of this provision, a change in control is deemed to have occurred if:

we are acquired through a merger or consolidation which results in the company's voting shares before the transaction retaining less than 50% of the voting power of the company or the acquiring entity after the transaction;

we are liquidated; or

all or substantially all of our assets are sold.

We reimburse our directors for expenses incurred to attend Board of Directors and committee meetings and other business related travel. In addition, directors who were formerly executive officers are eligible for company-provided medical and dental insurance should they so elect. We provided this benefit to Mr. Mullen and Mr. Loomis in fiscal 2015.

Our non-employee directors also receive annual fees, per-meeting fees and fees for serving as Board committee members and chairpersons. In fiscal 2015, each non-employee director other than Mr. Mullen received an annual fee of \$17,500, payable quarterly in arrears, and a fee of \$1,250 for each meeting of the Board of Directors that the non-employee director attended. Each non-employee director who served as a member of the audit committee in fiscal 2015, other than the chairperson of such committee, received an annual fee of \$3,500. Each non-employee director who served as a member of the leadership development and compensation committee or nominations and corporate governance committee in fiscal 2015, other than the respective chairpersons of those committees, received an annual fee of \$1,000 for each committee in which they participated. The chairman of the audit committee received an annual fee of \$15,000 and the chairman of the leadership development and compensation committee and the nominations and corporate governance committee each received an annual fee of \$2,000.

Joseph Mullen Letter Agreement

On November 14, 2013, we entered into a letter agreement (the 2013 Letter Agreement) with Mr. Mullen. The 2013 Letter Agreement extended the term of Mr. Mullen's prior agreement with us (the 2010 Letter Agreement) for an additional three years, through November 17, 2017.

Under the 2013 Letter Agreement, Mr. Mullen will serve as chairman of the Board of Directors during any periods he is appointed to such position by the Board, for a fee of \$115,000 per year. As part of his role as Chairman, Mr. Mullen will be available as required for corporate strategy analysis, merger and acquisition evaluation and analysis, strategic partnerships and executive coaching. Under the terms of the 2013 Letter Agreement, Mr. Mullen is also eligible to receive 4,000 shares of restricted stock (or such other equity award as shall be made to our other non-employee directors) each year on the date of our annual meeting of stockholders (provided that he is serving as a director of Bottomline at that time), and these shares will vest on the first anniversary of the grant date.

If the 2013 Letter Agreement is terminated by us without cause, Mr. Mullen will be entitled to be paid a lump sum equal to the full amount due to him with respect to the remaining term of the agreement. Should Mr. Mullen's engagement with us be terminated as a result of death or disability, as a result of involuntary termination or without cause, Mr. Mullen's restricted stock will fully vest, and he or his estate generally will have a period of two years (or the remainder of the applicable option term if less than two years) after the date of such termination to exercise any outstanding stock options. In addition, in the event that, prior to November 17, 2017, a change in control of Bottomline occurs, Mr. Mullen's restricted stock will fully vest. Mr. Mullen is also eligible to be reimbursed by us for reasonable business expenses and, until he reaches age 70, to participate in our standard U.S. health insurance plan.

The following table sets forth information concerning the compensation of our non-employee directors for fiscal 2015.

Executive Compensation

Compensation Discussion and Analysis

The leadership development and compensation committee of our Board of Directors oversees, reviews and approves all compensation decisions relating to our named executive officers. In the discussion that follows, executives refers to our fiscal 2015 named executive officers, Messrs. Eberle, Booth, DeLuca, Donovan, Kelly and Savory.

Mr. DeLuca and Mr. Kelly became named executive officers in February 2015. Mr. Booth became a named executive officer when he was appointed to Chief Financial Officer and Treasurer on April 29, 2015. As a result of the timing of their respective appointments as named executive officers, not all fiscal 2015 compensation for Mr. DeLuca and Mr. Kelly was approved by the leadership development and compensation committee. Compensation not specifically approved by the leadership development and compensation committee in cases where an individual became an executive officer within the fiscal year was approved in accordance with our standard authorization policies. Any change or modification to executive officer compensation after their appointment to an executive officer position was subject to review and approval by the leadership development and compensation committee.

Objectives and Philosophy of Our Executive Compensation Program

The primary objectives of the leadership development and compensation committee with respect to executive compensation are to:

enable us to attract, retain and motivate the best possible executive talent by ensuring that our compensation packages are competitive with those offered by similarly situated companies;

align our executive compensation with our corporate strategies and business objectives;

promote the achievement of key strategic and financial performance measures; and

align executives' incentives with the creation of stockholder value.

To achieve these objectives, the leadership development and compensation committee evaluates our executive compensation program with the goal of setting compensation at levels the committee believes are competitive with those of other companies of a comparable size within our industry. In addition, a portion of each executive's compensation is tied to corporate performance, including financial performance and the achievement of strategic and operational goals such as the establishment and maintenance of key strategic and customer relationships, product development initiatives and senior management team development and retention. Executives are also evaluated on their professional growth and individual contributions to the company's success. We provide a significant portion of our executive compensation in the form of restricted stock awards that vest over time, typically four years, which we believe promotes the retention of our executives and aligns their interests with those of our stockholders since this form of compensation allows our executives to participate in the long-term success of our company as reflected in stock price appreciation.

In making compensation decisions, the leadership development and compensation committee compares our executive compensation against that of a peer group of publicly traded companies. This peer group, which is reviewed and updated each fiscal year, consists of technology companies that we believe are generally comparable to our company. The companies included in this peer group for fiscal 2015 were: ACI Worldwide, Actuate Corporation, Advent Software, Aspen Technology, Inc., athenahealth, Inc., Blackbaud, Inc., Cogent Communications, CommVault Systems, Concur Technologies, EPIQ Systems, Inc., NetSuite, Pegasystems, Inc., Progress Software Corporation, SolarWinds, Inc. and The Ultimate Software Group, Inc. This analysis for the past several fiscal years, including the analysis completed for fiscal 2015, has shown that the overall compensation packages of our executives have been competitive with those of the peer group that we analyzed.

In addition, for purposes of assessing our Chief Executive Officer's compensation, the leadership development and compensation committee periodically reviews the compensation packages of recently hired chief executive officers at publicly traded companies with annual revenues of up to two times our annual revenue. For fiscal 2015, the companies the committee considered for this analysis were Alphatec Holdings, Inc., Blackbaud, Inc., Bsquare Corporation, Chembio Diagnostics Systems, Inc., Extreme Networks, Inc., Institutional Financial Markets, Inc., Intevac Corporation, KMG Chemicals, Inc., Limelight Networks, Inc., Maxwell Technologies, Inc. and Vaalco Energy, Inc. The leadership development and compensation committee believes this is a useful analysis because it provides a view into current market conditions with respect to chief executive officer compensation. This analysis has generally shown our Chief Executive Officer's compensation package to be competitive with those of the companies that we analyzed.

Compensation Challenges

We face challenges in hiring and retaining our executives and other key employees due to several factors. These challenges are similar to those faced by other high-growth technology companies and make recruiting and retaining our executives and other key employees difficult. Our leadership development and compensation committee philosophy is designed to address these challenges, which include:

Our growth rate We are a growing, acquisitive company and we have experienced rapid changes in our geographical areas of operation and our product set. Not all executives are suited to manage or succeed in such an environment. This amplifies the value of our existing executive officers and makes recruiting new executives difficult.

Competitive industry We operate in a very competitive industry. The competition for qualified executive talent is intense. Our executives and other key employees are regularly perceived as very attractive candidates for

employment with other companies and we believe our executives and other key employees are frequently targeted for employment opportunities with other technology companies. In many cases, other companies are able and willing to offer significantly higher compensation packages than we currently provide. This creates additional retention challenges for us.

Our environment We operate in a very fast-moving industry and we are a demanding employer. We place extraordinary demands of time and attention on our executive officers and other key employees. Accordingly, the ability to attract and retain executive talent that can be successful in our environment is critical.

Components of our Executive Compensation Program

The primary elements of our executive compensation program are:

base salary;

cash bonuses;

restricted stock awards;

insurance, retirement and other employee benefits; and

severance and change in control benefits.

None of our executive officers receive, nor do we have any present plan to provide, payment for personal aircraft, financial planning, supplemental retirement plans, retirement benefits or deferred compensation arrangements (other than those available to substantially all our employees, such as under our 401(k) plan or equivalent plans), country club dues, security services, estate or tax planning or split dollar life insurance policies.

We do not have any formal or informal policy or target for allocating compensation between long-term and short-term compensation, between cash and non-cash compensation or among the different forms of non-cash compensation. Instead, the leadership development and compensation committee determines what it believes to be the appropriate level and mix of the various compensation components based on recommendations from our chief executive officer, company performance against stated objectives, individual performance and overall comparisons to the comparable company analyses described above.

Base Salary

Base salary is used to recognize the experience, skills, knowledge and responsibilities required of all our employees, including our executives. When establishing base salaries, the leadership development and compensation committee considers the survey data of compensation levels in the peer group, as well as a variety of other factors such as the executive's scope of responsibility, individual performance, prior employment experience and salary history, relative pay adjustments within the company and our overall financial performance. Base salaries are reviewed at least annually by our leadership development and compensation committee and may be adjusted from time to time based upon market conditions, individual responsibilities and company and individual performance.

Messrs. Booth, DeLuca and Kelly became named executive officers during fiscal 2015. Accordingly, their existing base salaries in effect for fiscal 2015 prior to becoming a named executive officer was authorized in accordance with standard employee policies.

Our executive officers have periodically declined to accept base salary increases in past years, or declined to accept salary increases above the percentage increase provided to the employee base generally, in order to make additional funds available to our other employees.

The table below shows executive base salaries as of June 30 for each of our fiscal years 2011 through 2015.

Name	2011 Base Salary	2012 Base Salary	2013 Base Salary	2014 Base Salary	2015 Base Salary

- (2) Mr. Savory was paid in British Pounds Sterling, which for purposes of this presentation were converted to US Dollars at the average exchange rate for the twelve months ended June 30, 2011, 2012, 2013, 2014 and 2015 of 1.592, 1.584, 1.569, 1.628 and 1.575 respectively, US Dollars per British Pound Sterling.
- (3) Mr. DeLuca and Mr. Kelly became named executive officers in February 2015.
- (4) Mr. Donovan served as our Chief Financial Officer and Treasurer through April 29, 2015.

Cash Bonuses

Cash bonuses are used to compensate and align our executives toward certain financial, strategic and operational goals. The leadership development and compensation committee approves payment of quarterly cash bonuses as part of the overall compensation packages of our executive officers, and retains the authority to review and adjust the overall bonus at year-end. Mr. Eberle's cash bonus opportunity is based on a percentage of his base compensation, which for fiscal 2015 was 120%.

Our executive officers had annual bonus opportunities for fiscal 2015 as follows:

Name	2015 Annual Bonus Opportunity
Robert A. Eberle	\$ 420,000
Richard D. Booth	\$ 160,000(1)
Nigel K. Savory	\$ 157,500(2)
Norman J. DeLuca	\$ 150,000
John F. Kelly	\$ 100,000
Kevin M. Donovan	\$ 120,000

- (1) This represents Mr. Booth's annual bonus opportunity, however for fiscal 2015 Mr. Booth's opportunity was pro-rated to \$40,000 based on his employment start date of April 2015.
- (2) Mr. Savory's bonus opportunity is in British Pounds Sterling which, for this presentation, was converted to US dollars at the average exchange rate of 1.575.

In November 2009, the leadership development and compensation committee approved a cash bonus framework for Mr. Eberle that will remain in effect until modified by the committee. Under this framework, Mr. Eberle's quarterly cash bonus is principally based upon a combination of revenue and non-GAAP operating income targets, which represent 67% of his total bonus opportunity, and designated key management objectives, which represent 33% of his bonus opportunity. Non-GAAP operating income is measured on a pre-tax basis and excludes amortization of intangible assets, stock compensation expense, acquisition and integration related expenses, restructuring charges, impairment losses on equity investments and certain other non-cash items. The revenue and non-GAAP operating income targets are approved by the Board at or prior to the beginning of each fiscal year as part of the presentation of our annual operating plan. These targets may be revised during the year to account for acquisitions, industry developments and economic conditions. In addition, the leadership development and compensation committee may determine that a bonus above or below the amount determined under the framework is appropriate in any given period, in the context of the company's overall performance. For

fiscal 2015, the revenue and non-GAAP operating income targets in effect were \$333.0 million and \$60.0 million, respectively. Key management objectives are typically reviewed by the leadership development and compensation committee quarterly and generally consist of progress against key strategic initiatives, establishment and maintenance of strategic partner and key customer relationships, execution against major customer deliverables, growth in customer orders, recruitment and retention of key employee talent, improvements to the functionality, design and usability of our products, product development initiatives and growth through acquisitions. The level of execution against the key management objectives is determined by the leadership development and compensation committee and this assessment is subjective.

At the end of each quarter, management prepares a summary of our performance for the quarter, including performance against the revenue targets, non-GAAP operating income targets and designated key management objectives, which accompanies Mr. Eberle's recommendation to the leadership development and compensation committee in respect of executive bonuses, if any, recommended for that quarter. The leadership development and compensation committee uses the framework discussed above for evaluating Mr. Eberle's quarterly cash bonus. Mr. Eberle must achieve at least 80% of both the revenue and non-GAAP operating income targets before any bonus tied to financial targets is earned under the framework. Mr. Eberle must achieve 100% of the pre-determined revenue and non-GAAP operating income targets and demonstrate strong execution against the key management objectives for 75% of his total bonus opportunity to be due under the framework.

For fiscal 2015, Bottomline achieved the revenue and operating income targets at a level of 99.4% and 101.5%, respectively, and demonstrated a high level of achievement against the key management objectives. Mr. Eberle's total bonus payment earned under the framework for fiscal 2015 was \$329,000. However, during fiscal 2015, as in 2014 and in certain other instances in the past, Mr. Eberle recommended, and the committee approved, quarterly bonus amounts that were less in the aggregate than the amounts that Mr. Eberle had earned under the framework, in order to allocate bonus funds more broadly to our employee base. As a result, Mr. Eberle's bonus for fiscal 2015 was \$204,500, reflecting a payout of 62% of, and \$124,500 less than, the total bonus Mr. Eberle had earned for fiscal 2015.

The quarterly bonuses for all other executive officers are recommended to the leadership development and compensation committee by Mr. Eberle based first on overall corporate performance and next on Mr. Eberle's assessment of their individual performance. Although the bonus framework discussed above does not apply specifically to the other executive officers, the company's performance against the revenue and non-GAAP operating income targets and the designated key management objectives for the fiscal year are typically key factors in Mr. Eberle's assessment and of his ultimate recommendation to the leadership development and compensation committee concerning bonus amounts earned. Final determination regarding the bonus amounts for all executive officers is made by the leadership development and compensation committee.

From time to time the leadership development and compensation committee may approve discretionary cash bonuses for our executives which are outside of the bonus framework described above. For fiscal 2015, a discretionary cash bonus of \$20,000 was paid to Mr. Booth in the form of a signing bonus at his employment start date and a discretionary cash bonus of \$39,375 was paid to Mr. Savory in recognition of his leadership and continued strong performance in his role. The table below shows total cash bonuses, inclusive of any discretionary bonus amounts, for our executives for fiscal 2011 through fiscal 2015.

Name	2011 Cash Bonus (1)	2012 Cash Bonus (1)	2013 Cash Bonus (1)	2014 Cash Bonus (1)	2015 Cash Bonus (1)
Robert A. Eberle	\$ 343,000	\$ 228,850	\$ 199,250	\$ 160,350	\$ 204,500
Richard D. Booth (2)	\$	\$	\$	\$	\$ 45,000
Nigel K. Savory (3)	\$ 114,624	\$ 120,780	\$ 121,205	\$ 152,625	\$ 135,625
Norman J. DeLuca (4)	\$	\$	\$	\$	\$ 87,000
John F. Kelly (4)	\$	\$	\$	\$	\$ 49,000
Kevin M. Donovan (5)	\$ 94,500	\$ 65,000	\$ 67,500	\$ 52,000	\$ 35,000

- (1) As has occurred in the past, our executives declined certain cash bonus amounts that they would have otherwise earned under our compensation framework in order to make additional funds available to other employees.
- (2) Mr. Booth was appointed Chief Financial Officer and Treasurer on April 29, 2015.
- (3) Mr. Savory was paid in British Pounds Sterling, which for purposes of this presentation were converted to US Dollars at the average exchange rate for the twelve months ended June 30, 2011, 2012, 2013, 2014 and 2015 of 1.592, 1.584, 1.569, 1.628 and 1.575 respectively, US Dollars per British Pound Sterling.
- (4) Mr. DeLuca and Mr. Kelly became named executive officers in February 2015.
- (5) Mr. Donovan served as our Chief Financial Officer and Treasurer through April 29, 2015.

Restricted Stock

Restricted stock awards are the primary vehicle for offering long-term compensation incentives to our executives. Our leadership development and compensation committee believes that consistent levels of annual restricted stock awards are the optimum vehicle to promote, create and reward long term stockholder value creation. The committee believes that a management team that knows that it has the opportunity to earn restricted stock awards and has an expectation that, with performance and achievement of business objectives, there will be the opportunity for annual stock awards is optimally aligned with stockholders and, importantly, reflects a compensation philosophy that is designed to create value not just for the short term but with an essential emphasis on the longer term.

We typically make an initial award of restricted stock when a new executive is hired, after which annual awards are granted as part of the overall executive compensation program. Restricted stock awards to our executives are approved by the leadership development and compensation committee. Since awards of restricted stock are issued at no cost to the executive, they have a built-in value at the time the awards are made. Accordingly, we generally grant fewer shares of restricted stock than the number of stock options or other types of equity awards that might have been issued for a similar purpose, which helps to reduce dilution to our stockholders. To maximize the long-term incentives for our executives and to minimize the dilutive effect on existing stockholders, we consider it likely that future equity awards to our executives will continue to be in the form of restricted stock rather than stock options.

To date, all restricted stock awards to our executives have had a four year vesting term, with 25% of the shares vesting after the first year and 6.25% of the shares vesting at the end of each quarter thereafter. Except in the case of death or disability and certain severance and change in control situations, vesting typically ceases on the date of termination of employment. Other than the ability to sell or transfer the shares prior to vesting, restricted stock awards generally entitle the recipient to full rights as a stockholder at the time of the award; however, consistent with company policy, holders of unvested restricted shares are not entitled to receive dividends on these shares.

Restricted stock awards to our executives are evaluated annually by the leadership development and compensation committee in conjunction with the review of individual performance of our executives and the financial and operational performance of the company. This review typically occurs during our fourth fiscal quarter each year for purposes of establishing the award level for the immediately following fiscal year.

Leadership Development and Compensation Committee Equity Incentive Policy Statement

The objective of our equity incentive plans is to directly align management incentives with the creation of long-term shareholder value. Our equity compensation program has been consistently applied and has been a key driver of the performance of the company and the retention success we have had with our executives and other key employees.

In May 2012, the leadership development and compensation committee provided Mr. Eberle with a non-binding letter setting forth the committee's philosophy on equity compensation, reviewing the results of Bottomline's business since Mr. Eberle became Chief Executive Officer, and outlining the committee's intention and expectation for future equity awards to Mr. Eberle. In September 2012, the leadership development and compensation committee adopted an Equity Incentive Policy Statement which applies the general principles set forth in Mr. Eberle's letter to all of our executives. Neither the Equity Incentive Policy Statement nor the letter to Mr. Eberle create any binding contractual obligation or a specific award of stock to any individual, but instead set forth the fundamental objectives and philosophy underlying Bottomline's equity compensation program.

Underpinning the Equity Incentive Policy Statement and the letter to Mr. Eberle is the principle that annual restricted stock awards should be determined based upon the number of shares granted, rather than the value of those shares. The committee believes that this results in annual awards that are predictable and that provide a consistent motivation and retention tool that is linked directly to our stock price performance. In past years, the number of shares granted to our executives has been relatively consistent; when the market price of our stock was lower, executives did not receive more shares and, similarly, as the success of the company has been reflected in an appreciated stock price, they have not received fewer shares. The committee views this as fair because executives know that if they can increase the value of the company the value of the stock grants they have received to date and will receive in the future is similarly increased. It directly aligns management incentive with the creation of shareholder value.

We believe our equity incentive compensation program has been a key factor not only in recruiting management talent to Bottomline, but also in retaining our current executives and other key employees. Accordingly, it is the intention and expectation of the leadership development and compensation committee to provide the company's executive officers with the opportunity for annual awards of restricted stock that are generally consistent with awards made to them for recent fiscal years. The leadership development and compensation committee is not obligated to make any such awards, and may modify the size of any such awards in its discretion. Factors that the committee may consider in the exercise of that discretion include, but are not limited to, the following:

the company's performance;

the executive's individual performance;

the total compensation being paid to the executive;

the executive's anticipated contributions to Bottomline's future performance;

the executive's scope of responsibility;

the executive's current position with Bottomline;

the number and size of equity awards granted to comparable executive officers by peer group companies; and

in the case of executives other than Mr. Eberle, Mr. Eberle's recommendations concerning individual performance, role changes and other factors.

For fiscal 2015, the following restricted stock awards were approved:

Name	2015 Shares Granted
Robert A. Eberle	100,000
Richard D. Booth (sign-on grant) (1)	80,000(2)

Edgar Filing: BOTTOMLINE TECHNOLOGIES INC /DE/ - Form DEF 14A

Nigel K. Savory	49,000
Norman J. DeLuca (1)	40,000
John F. Kelly (1)	8,000
Kevin M. Donovan	20,000

- (1) Messrs. Booth, DeLuca and Kelly were not named executive officers at the time of these awards.
- (2) Represents Mr. Booth's sign-on grant representing the equivalent of 20,000 shares vesting per year over the next four-year period.

Equity Pool Policy

In order to provide greater certainty regarding the level of equity awards over time, the leadership development and compensation committee has approved a formal equity pool policy providing that the annual equity pool be adjusted upwards or downwards depending upon Bottomline's stock price (based on a 30-day trailing average as of July 1 of each year) and non-GAAP net income and revenues for the preceding fiscal year. The percentage change in each metric is multiplied by one-third (thus weighting each equally), and the sum of the resulting net percentage divided by two. The equity pool for the prior fiscal year is then adjusted upwards or downwards by a percentage equal to that amount, to determine the equity pool for the current year. The leadership development and compensation committee has approved this policy through fiscal 2017.

Other Equity Matters

Our insider trading policy prohibits all employees, executives and directors from engaging in speculative transactions in our securities, including short sales or hedging transactions (such as purchases or sales of puts, calls, options or other derivative securities) that are designed to hedge or offset a decrease in value of our securities. During fiscal 2015, none of our executives or directors pledged company shares. We do not have any equity ownership guidelines for our executives.

Our 2009 Stock Incentive Plan does not contain an evergreen provision or permit share recycling for options and stock appreciation rights. As such, (i) any shares of our common stock delivered to satisfy payment of the exercise price of an award or any applicable tax withholding obligation (including shares retained from the award creating the tax obligation) will not be added back to the number of shares available for the future grant of awards under the plan, (ii) shares of our common stock repurchased by us on the open market using the proceeds from the exercise of an award will not increase the number of shares available for future grant of awards under the plan, and (iii) the full number of shares subject to a stock appreciation right multiplied by the percentage of the stock appreciation right actually exercised will count against the number of shares available for grant, regardless of the number of shares actually issued to settle the stock appreciation right upon exercise.

Votes representing 92% of the votes cast by our stockholders at our 2014 annual meeting of stockholders approved, in a non-binding advisory vote, our executive compensation program as set forth in our 2014 proxy statement. We have considered the results of this vote, and believe it reflects our stockholders' assessment that our compensation programs are successfully achieving their objectives. We hold an advisory vote on our executive compensation on an annual basis. Our next stockholder advisory vote on the frequency of executive compensation advisory votes is scheduled to be held at our 2017 annual meeting of stockholders, although an earlier vote may be held at the discretion of the Board.

Benefits and Other Compensation

We maintain broad-based benefits that are provided to all of our employees, including health and dental insurance, life and disability insurance, an employee stock purchase plan and a 401(k) plan. Executives are eligible to participate in all of our employee benefit plans, in each case on the same terms as our other employees.

During fiscal 2015, we provided supplemental executive long-term disability insurance to Mr. Eberle and Mr. Savory. In addition, we paid the premiums for private medical insurance and provided an automobile allowance to Mr. Savory. Mr. Eberle and Mr. Savory do not receive tax-gross ups on these benefits. We anticipate that we will continue to provide these benefits in fiscal 2016.

From time to time, we make tickets to cultural and sporting events available to our executives and other employees for business purposes. If not utilized for business purposes, these tickets are generally made available for the personal use of our employees, including our executives.

Severance and Change in Control Benefits

Pursuant to employment and retention agreements we have entered into with our executives, the terms of our 2009 Stock Incentive Plan and certain resolutions of our Board of Directors in connection with our equity programs, our executives are entitled to certain benefits in the event of a change in control of our company or the termination of their employment under specified circumstances, including termination following a change in control. We have provided more detailed information about these benefits, along with estimates of their value under certain circumstances, under the caption *Employment and Other Agreements and Potential Payments Upon Termination or Change in Control* below.

We believe these benefits help us compete for and retain executive talent and are generally in line with severance packages offered to executives by the companies in our peer group. We also believe that these benefits would serve to minimize the distraction caused by any change in control scenario and reduce the risk that key talent would leave the company before any such transaction closes, which could reduce the value of the company if such transaction failed to close.

Summary Compensation

The following table sets forth certain information concerning the compensation for the individuals who served as our principal executive officer and our principal financial officer during fiscal 2015 and our other executive officers, who we collectively refer to as our named executive officers.

Employment and Other Agreements and Potential Payments upon Termination or Change in Control

We are party to employment agreements or similar arrangements with Mr. Eberle, Mr. Booth, Mr. DeLuca, Mr. Donovan and Mr. Savory. The following description is only a summary of these agreements and is qualified by reference to the full agreements.

Robert A. Eberle Employment Agreement

We entered into an employment agreement with Mr. Eberle as of September 30, 1998, which was most recently amended as of December 23, 2008. The employment agreement automatically renews for successive three year renewal periods unless the agreement is not renewed by either us or Mr. Eberle pursuant to written notice, or is sooner terminated in accordance with its terms. Further, the employment agreement automatically renews for a three year period in the event we experience a change in control. The current renewal period under the employment agreement extends through November 21, 2017.

Under the employment agreement, a change in control of Bottomline would be deemed to have occurred if:

any person becomes the beneficial owner of more than 50% of the voting power of our outstanding securities;

our stockholders approve a merger or consolidation of Bottomline, subject to certain limited exceptions; or

our stockholders approve a plan of liquidation or a sale of all or substantially all of our assets.

In the event of a change in control, Mr. Eberle's restricted stock will vest in full.

If Mr. Eberle's employment is terminated by Mr. Eberle as a result of an involuntary termination (as defined below) or by us without cause (as defined below), in either case prior to a potential change in control, or if we do not renew Mr. Eberle's agreement as provided above, all shares of Mr. Eberle's restricted stock will vest in full, and he will be entitled to receive continuation of benefits for a period of 24 months and a lump sum payment equal to two times the sum of his then current annual salary plus two times the maximum amount of bonus he was eligible to earn for the then current fiscal year. Mr. Eberle will not be entitled to any of the foregoing payments or benefits if he breaches material obligations under his employment agreement or any other agreement with Bottomline including those that impose confidentiality, proprietary information, assignment of inventions, non-competition or similar obligations on him.

An involuntary termination would occur if Mr. Eberle's duties were changed in a manner such that it resulted in a material diminution in his authority, duties or responsibilities, including his level of budget authority; his base compensation was materially reduced (other than in connection with a company-wide reduction in salaries); he no longer reported directly to the Board of Directors; his place of work was relocated by more than 50 miles; or Bottomline breached a material provision of his employment agreement.

Cause means, prior to a change in control of Bottomline, the discharge of Mr. Eberle resulting from:

a felony conviction;

willful and persistent failure to attend to material duties or obligations;

the breach of confidentiality, non-competition or similar material obligations by Mr. Eberle; or

an act or omission which would constitute a crime involving Bottomline's property.

The second and third items specified above would not constitute cause after a change in control of Bottomline.

If Mr. Eberle's employment is terminated upon or after a potential change in control, or after a change in control, either by Mr. Eberle as a result of an involuntary termination or by us without cause, all shares of his restricted stock will vest in full, and Mr. Eberle will be entitled to receive continuation of benefits for a period of 24 months and a lump sum payment equal to three times the sum of Mr. Eberle's then annual salary plus up to three times the maximum amount of any bonus Mr. Eberle was eligible to earn for the then current fiscal year. Mr. Eberle will not be entitled to any of the foregoing payments or benefits if he breaches material obligations under his employment agreement or any other agreement with Bottomline including those that impose confidentiality, proprietary information, assignment of inventions, non-competition or similar obligations on him.

A potential change in control of Bottomline would be deemed to have occurred if:

we enter into an agreement that would cause a change in control;

any person publicly announces an intention to take any action which, if consummated, would constitute a change in control; or

our Board of Directors adopts a resolution to the effect that, for purposes of the employment agreement, a potential change in control has occurred.

The employment agreement also provides that, in the event of a change in control, we would pay any excise tax for which Mr. Eberle would be liable under Section 4999 of the Internal Revenue Code of 1986 or the Code, as a result of having received the severance benefits, as well as the amount necessary to pay all additional taxes imposed on Mr. Eberle as a result of our payment of the excise tax.

In addition, following termination of employment by us other than for cause, restricted stock held by Mr. Eberle would automatically vest in full. In the event of Mr. Eberle's termination for death or disability, he or his estate, as applicable, would be entitled to the vesting acceleration described above, as well as the maximum bonus he was eligible to earn in the then current fiscal year.

Richard D. Booth Employment Agreement

Effective March 31, 2015, we entered into an employment agreement with Mr. Booth in connection with the commencement of his employment with the company on April 6, 2015. Under the terms of the employment agreement, if Mr. Booth's employment is terminated by the company without cause or by Mr. Booth for good reason, each as defined below, and subject to Mr. Booth's execution of a general release of potential claims against the company, (i) the company has agreed to pay Mr. Booth a lump sum amount equal to 12 months of Mr. Booth's then-current base salary and an amount equal to Mr. Booth's target bonus then in effect and (ii) any restricted stock or other equity awards that would have

vested during the 12 months following the termination

date will automatically vest. In addition, if Mr. Booth's employment is terminated by the company within 12 months following a change in control as defined below, any restricted stock or other equity awards will vest in full.

Under the terms of the employment agreement, Mr. Booth is also subject to specified confidentiality, non-competition and non-solicitation obligations.

Under the employment agreement, a change in control of Bottomline would occur if:

any person becomes the beneficial owner of more than 50% of the voting power of our outstanding securities;

our stockholders approve a merger or consolidation of Bottomline, subject to certain limited exceptions; or

our stockholders approve a plan of liquidation or a sale of all or substantially all of our assets.

A voluntary termination for good reason would occur if Mr. Booth's duties were changed in a manner such that it resulted in a material diminution in his authority, duties or responsibilities, his base compensation was materially reduced (other than in connection with a company-wide reduction in salaries); he no longer reported directly to the Chief Executive Officer; his place of work was relocated by more than 50 miles; or Bottomline breached a material provision of his employment agreement.

Cause means, prior to a change in control of Bottomline, the discharge of Mr. Booth resulting from:

a felony conviction;

willful and persistent failure to attend to material duties or obligations;

the breach of confidentiality, non-competition or similar material obligations by Mr. Booth; or

an act or omission which would constitute a crime involving Bottomline's property.

Nigel K. Savory Service Agreement

We are party to a service agreement with Mr. Savory dated as of November 22, 1999, which we assumed in connection with our acquisition of Checkpoint Holdings, Ltd., which is now our wholly owned subsidiary, Bottomline Technologies Europe Limited. This service agreement was amended on February 18, 2011.

Mr. Savory's service agreement, as amended, remains in effect, absent our termination of Mr. Savory for cause or due to incapacity, until terminated by at least six months' written notice by us or by at least 12 months' written notice by Mr. Savory. We also have the right to terminate the agreement on less than six months' written notice, but in lieu of notice, we are required to pay Mr. Savory his salary and other contractual benefits under the service agreement for the duration of the period for which notice was not given. In addition, if in connection with our termination of his employment Mr. Savory executes a satisfactory compromise agreement with us, he will be entitled to a severance payment equivalent to six months' base salary and car allowance plus a sum equivalent to six months' bonus entitlement calculated on a pro rata basis according to the level of bonuses actually paid to him over the preceding period of 12 months. If we terminate the service agreement for cause or due to Mr. Savory's incapacity, we are not required to pay Mr. Savory any compensation other than accrued compensation, although Mr. Savory will be entitled to the equity acceleration described below in the event of his termination due to incapacity.

For purposes of Mr. Savory's service agreement (other than the provisions relating to equity acceleration discussed below), cause means the discharge of Mr. Savory resulting from, among other things:

material breach of the terms of the agreement;

serious misconduct or willful neglect in the discharge of his duties under the agreement;

conviction of a criminal offense which in our reasonable opinion materially or adversely affects Mr. Savory's ability to continue as an employee or officer of the company;

acts of fraud or material dishonesty; or

deliberate discrimination or harassment on grounds on race, religion, creed, sex or disability.

If we terminate Mr. Savory's employment without cause prior to a change in control, all shares of his restricted stock will vest in full. If a change in control occurs during the term of the service agreement and Mr. Savory's employment is terminated by us other than for cause, or by Mr. Savory for good reason, within 12 months following the effective date of the change in control, all shares of his restricted stock will vest in full.

For purposes of the equity acceleration provisions of Mr. Savory's service agreement, the terms "cause" and "change in control" have substantially the same meaning as in Mr. Eberle's employment agreement, as described above, and "good reason" has the following meaning:

a significant change in Mr. Savory's duties;

a reduction in his base compensation;

a relocation of his place of work by more than 50 miles; or

a breach by Bottomline of any material provision of the service agreement.

Pursuant to the service agreement, Mr. Savory has agreed not to compete with Bottomline for a period of 12 months after the termination of his employment in any business within the United Kingdom which is competitive with our business and with which Mr. Savory had been involved during the 12 months immediately preceding termination. In addition, Mr. Savory has agreed that during this 12-month period, he will not solicit our customers, potential customers or employees with whom he had dealings during the 12 months immediately preceding termination.

Norman DeLuca Employment Agreement

We entered into an employment agreement with Mr. DeLuca dated October 10, 2011 in connection with his employment with the company. Under the terms of the employment agreement, any restricted stock granted to Mr. DeLuca by the company will automatically vest upon a "change in control" as defined below.

Under the employment agreement, a "change in control" of Bottomline would be deemed to have occurred if:

any person becomes the beneficial owner of more than 50% of the voting power of our outstanding securities;

our stockholders approve a merger or consolidation of Bottomline, subject to certain limited exceptions; or

our stockholders approve a plan of liquidation or a sale of all or substantially all of our assets.

Kevin M. Donovan Letter Agreement and Change in Status

On April 29, 2015, Mr. Donovan resigned from his position as Chief Financial Officer and Treasurer of the company for the opportunity to lead a family business. Pursuant to a letter agreement dated June 26, 2015 between Mr. Donovan and the company, he is serving as a special advisor to the company until June 2016. In consideration, prior awards of restricted stock Mr. Donovan received under the stock incentive plan will

Edgar Filing: BOTTOMLINE TECHNOLOGIES INC /DE/ - Form DEF 14A

continue to vest during this period and in accordance with the Restricted Stock Agreement between Mr. Donovan and Bottomline.

The table below shows estimates of the benefits potentially payable to each of our named executive officers if his employment terminated under certain circumstances or as a result of a change in control event. The

amounts below are calculated on the assumption that the employment termination or change in control took place on June 30, 2015, the last business day of fiscal 2015.

- (5) Assumes that we make a severance payment in lieu of six months' notice and that Mr. Savory enters into a compromise agreement with us in connection with the termination of his employment.
- (6) Mr. Savory is paid in British Pounds Sterling. For purposes of this presentation, salary and target bonus were converted to US Dollars at the average exchange rate for the twelve months ended June 30, 2015 of 1.575 US Dollars per British Pound Sterling.

Tax Considerations

Section 162(m) of the Code and guidance issued thereunder, generally disallows a tax deduction to public companies for certain compensation in excess of \$1 million paid to the company's Chief Executive Officer and the three most highly compensated executive officers other than the Chief Executive Officer and the Chief Financial Officer. Certain compensation, including qualified performance-based compensation, will not be subject to the deduction limit if certain requirements are met. The Leadership Development and Compensation

Committee reviews the potential effect of Section 162(m) periodically and uses its judgment to authorize compensation payments that may be subject to the limit when the Leadership Development and Compensation Committee believes such payments are appropriate and in the best interests of the company and its stockholders, after taking into consideration changing business conditions and the performance of its executive officers.

Leadership Development and Compensation Committee Report

The leadership development and compensation committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with Bottomline's management. Based on this review and discussion, the leadership development and compensation committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

Andera Plan

A brief summary of the Andera Plan is outlined below. The following summary is not a complete description of all the provisions of the Andera Plan and is qualified in its entirety by reference to the Andera Plan, a copy of which is attached as Exhibit 99.1 of the Registration Statement on Form S-8 filed by the company with the SEC on May 12, 2014.

Purpose. The Andera Plan allows the company to provide Eligible Participants (as defined below) who are selected to receive awards under the Andera Plan the opportunity to acquire an equity interest in the company. The Board believes that equity incentives are a significant factor in retaining and motivating employees who joined the company through the Andera acquisition whose present and potential contributions are important to the company.

Key Provisions.

Eligible Participants: Employees, directors, consultants and advisors of the company or a subsidiary of the company hired after April 3, 2014 (the Acquisition Date) or individuals employed by Andera prior to the Acquisition Date in compliance with applicable law, including the rules and regulations of NASDAQ (or any stock exchange or quotation system on which the company's shares are then listed or quoted).

Shares Originally Authorized Under the Plan, Shares Assumed, and Grant History: As of the Acquisition Date, Andera shareholders had authorized a total of 199,293 shares under the Andera Plan. The company assumed a total of 107,336 shares on an as-converted basis consisting of:

28,462 unvested options to purchase Andera common stock that were outstanding immediately prior to the Acquisition Date and that were assumed by the company and converted into options to purchase the company's common stock subject to the same vesting and other conditions that applied to the Andera options immediately prior to the acquisition. All options were granted at fair market value on the date of grant pursuant to the terms of the Andera Plan.

69,392 shares of unvested Andera common stock that were outstanding immediately prior to the Acquisition Date and that were assumed by the company and converted into the company's common stock subject to the same vesting and other conditions that applied to the Andera restricted common stock immediately prior to the acquisition.

9,482 shares available for future issuance under the Andera Plan.

Administration. The Andera Plan is administered by the Board of Directors. The Board of Directors will select the employees of the company and other persons who shall receive awards in compliance with applicable law, including the rules and regulations of the NASDAQ (or any stock exchange or quotation system on which the company's shares are then listed or quoted), determine the number of shares covered thereby, and establish the terms, conditions and other provisions of the grants. The Board of Directors may interpret the Andera Plan and establish, amend and rescind any rules relating to the Andera Plan.

Certain Relationships and Related Transactions

During 2015, D. Michael McGurl (son of Daniel M. McGurl), Jason Mullen (son of Joseph L. Mullen) and Bob Mullen (brother of Joseph L. Mullen) were employed by the company. Joseph L. Mullen and

Daniel M. McGurl are members of our Board of Directors. The compensation packages for D. Michael McGurl, Jason Mullen and Bob Mullen are comparable to the compensation of Bottomline employees holding similar positions, and they are entitled to participate in other employment benefits that are standard for all of Bottomline's employees. The total compensation earned during 2015, including base salary, commissions, bonus and equity compensation (based on vesting date stock values), did not exceed \$200,000 for any of these individuals.

Policies and Procedures for Related Person Transactions

Our Board of Directors has adopted written policies and procedures for the review of any transaction, arrangement or relationship in which Bottomline is a participant, the amount involved exceeds \$120,000, and one of our executive officers, directors, director nominees or 5% stockholders (or their immediate family members), each of whom we refer to as a related person, has a direct or indirect material interest.

If a related person proposes to enter into such a transaction, arrangement or relationship, the related person must report the proposed transaction to our chief financial officer. The policy calls for the proposed transaction to be reviewed and, if deemed appropriate, approved by the audit committee. Whenever practicable, the reporting, review and approval will occur prior to entry into the transaction. If advance review and approval is not practicable, the audit committee will review, and, in its discretion, may ratify the related person transaction. The policy also permits the chairman of the audit committee to review and, if deemed appropriate, approve proposed related person transactions that may arise between audit committee meetings, subject to ratification by the full audit committee at its next meeting. Any related person transactions that are ongoing in nature are reviewed annually by the audit committee.

A related person transaction reviewed under our policy will be considered approved or ratified if it is authorized by the audit committee after full disclosure of the related person's interest in the transaction. The audit committee will review and consider such information regarding the transaction as it deems appropriate under the circumstances.

The audit committee may approve or ratify the transaction only if it determines that, under all of the circumstances, it is in Bottomline's best interests. Further, the audit committee may impose any conditions on the transaction that it deems appropriate.

In addition to the transactions that are excluded by the instructions to the SEC's related person transaction disclosure rule, the Board has determined that the following transactions do not create a material direct or indirect interest on behalf of related persons and, therefore, are not related person transactions for purposes of this policy:

interests arising solely from the related person's position as an executive officer of another entity (whether or not the person is also a director of such entity) that is a participant in the transaction, where (a) the related person and all other related persons own in the aggregate less than a 10% equity interest in such entity, (b) the related person and his or her immediate family members are not involved in the negotiation of the terms of the transaction and do not receive any special benefits as a result of the transaction, and (c) the amount involved in the transaction equals less than the greater of \$200,000 or 25% of the annual consolidated gross revenues of the other entity that is a party to the transaction; and

a transaction that is specifically contemplated by provisions of Bottomline's charter or bylaws.

The policy also provides that transactions involving compensation of executive officers shall be reviewed and approved by the leadership development and compensation committee in the manner specified in its charter.

Our employment of a son of each of Messrs. McGurl and Mullen and a brother of Mr. Mullen, which is described above in Certain Relationships and Related Transactions, has been fully disclosed to our audit committee as part of our annual update with respect to related person transactions.

Corporate Citizenship

From time to time, our shareholders have asked about our corporate citizenship. We are deeply committed to the communities where our employees work and live. We believe that our commitment to responsible corporate citizenship is reflected through our employees, our corporate culture and, ultimately, through our actions. We have been fortunate to receive civic and community recognition such as the Granite State Award from the University of New Hampshire, we are a Best Company to Work For hall of fame member and we are consistently recognized for numerous charitable and volunteer programs that positively impact our communities.

Corporate Governance

Our Board of Directors shares our core values and believes that strong corporate governance practices are important to ensure that Bottomline is managed for the benefit of its stockholders over the long term. This section describes key corporate governance practices that we have adopted. Complete copies of the committee charters and code of conduct described below are available on our website at www.bottomline.com. Alternatively, you can request a copy of any of these documents by writing to Bottomline Technologies (de), Inc., 325 Corporate Drive, Portsmouth, New Hampshire 03801, Attention: Corporate Secretary.

Board Leadership Structure

We have separated the roles of chief executive officer and chairman of our Board of Directors in recognition of the differences between these two positions. Our chief executive officer is responsible for setting the strategic direction of our business and overseeing the day to day operation of the company. The chairman of the Board provides guidance to our chief executive officer, sets the agenda for Board meetings and presides over meetings of the Board as the Board fulfills its fundamental role of providing advice to, and oversight of, management.

Risk Oversight

We, like all businesses, face a number of risks that include economic risks, operational risks and legal risks. Our management team is responsible for the day to day risks we face, while our Board of Directors as a whole has responsibility for the oversight of risk management.

The Board believes that open communications between management and the Board of Directors is essential for effective risk management and oversight. Our chairman meets regularly with our chief executive officer to discuss corporate strategy and the risks facing our company. The Board periodically holds strategic planning sessions with members of senior management team to discuss strategies, challenges, risks and opportunities of the company.

While our full Board is ultimately responsible for risk oversight, our three Board committees assist the Board in fulfilling its responsibilities in certain areas of risk, as follows:

Our audit committee provides the principal oversight in respect of financial reporting and internal financial controls.

Our leadership development and compensation committee provides the principal oversight in respect of our executive compensation policies and programs and the development of senior company leadership.

Our nominations and corporate governance committee provides the principal oversight in respect of our Board organization, membership and structure, succession planning for our directors and chief executive officer and corporate governance. Our Board is regularly informed by the respective committee chairmen of any particular risks evaluated at the committee level.

Compensation Risk

We believe that risks arising from our compensation policies and practices are not reasonably likely to have a material adverse effect on our company, as we believe we have allocated compensation among base salary and short- and long-term compensation opportunities in a manner that does not encourage excessive risk taking. We have reached this conclusion based on the following factors:

Base salaries, including those of our executive officers, are fixed and based on the respective responsibility of the individual. Base salaries are designed to provide a steady income, regardless of our stock price performance, so that our employees and executives do not feel pressured to focus exclusively on stock price performance to the detriment of other important business metrics.

Short-term compensation opportunities, which are predominantly cash bonuses, including cash bonuses to our senior management team and executive officers, are first based on company-wide objectives rather than on the objectives of a specific operating geography or operating segment. We believe this encourages decision making that is in the best interest of our company and stockholders as a whole. Further, we believe that considering the operating performance of the company as a whole is a balanced approach for assessing performance. For example, using company-wide metrics encourages decision making that considers more than just revenue targets, thus ensuring that our focus is not purely on sales levels without regard to cost structure.

Long-term compensation opportunities, are predominantly equity-based awards such as restricted stock, that generally vest over four years. We believe that this encourages our employees, including our executive officers and senior management team, to make decisions that are in the best long-term interests of our company as a whole since the ultimate value of these awards is realized through a sustained stock price and stock price appreciation over the long-term.

Board Determination of Independence

Our Board of Directors has determined that all of our directors, other than Mr. Eberle, are independent under applicable NASDAQ and SEC rules. In making this assessment the board has determined that there are no relationships that would interfere with the exercise of independent judgment in carrying out the responsibilities of a director.

Meetings

Our Board of Directors held six meetings, including by telephone conference, during fiscal 2015. The leadership development and compensation committee of our Board of Directors held four meetings, including by telephone conference, during fiscal 2015. The audit committee of our Board of Directors held 12 meetings, including by telephone conference, during fiscal 2015. The nominations and corporate governance committee of our Board of Directors held three meetings during fiscal 2015. Our directors regularly meet without management present during our Board meetings.

All of our directors attended at least 75% of the aggregate of the meetings of the Board of Directors and meetings of the committees on which they served, if any, during the period that they served on our Board of Directors or any such committees. We encourage our directors to attend our annual meeting of stockholders. Messrs. Eberle, Curran, D Amato, Leathe, Loomis, Mullen and Zilinski and Ms. Gray attended our 2014 annual meeting.

Board Committees

Our Board of Directors has established three standing committees – audit, leadership development and compensation, and nominations and corporate governance – each of which operates under a charter that has been approved by our Board. Current copies of each committee’s charter are posted on the Governance section of our website, www.bottomline.com.

Our Board of Directors has determined that all of the members of each of the Board's three standing committees are independent as defined under the rules of the SEC and The NASDAQ Stock Market, including, in the case of all members of the audit committee, the independence requirements contemplated by Rule 10A-3 under the Securities Exchange Act of 1934, as amended, or the Exchange Act.

All of our standing Board committees, as well as the full Board, have the authority to retain independent advisors without management approval.

Audit Committee

The audit committee's responsibilities include:

appointing, approving the compensation of, and assessing the independence of our registered public accounting firm;

overseeing the work of our registered public accounting firm, including through the receipt and consideration of certain reports from the registered public accounting firm;

reviewing and discussing with management and our registered public accounting firm our annual and quarterly financial statements and related disclosures;

monitoring our internal control over financial reporting, disclosure controls and procedures and code of business conduct and ethics;

establishing procedures for the receipt and retention of accounting related complaints and concerns;

meeting independently with our registered public accounting firm and management; and

preparing the audit committee report required by SEC rules which is included in this proxy statement.

Our Board of Directors has determined that Mr. Leathe is an audit committee financial expert, as defined in Item 407(d)(5) of Regulation S-K.

Leadership Development and Compensation Committee

The leadership development and compensation committee's responsibilities include:

annually reviewing and approving corporate goals and objectives relevant to chief executive officer compensation;

overseeing the performance of our chief executive officer and our other executive officers;

determining the chief executive officer's compensation;

reviewing and approving the compensation of our other executive officers;

overseeing and administering our incentive compensation and equity-based plans;

reviewing and making recommendations to the Board with respect to director compensation; and

reviewing and monitoring the development of executive officers and the broader senior leadership team.

The leadership development and compensation committee may delegate its authority to management to grant awards pursuant to its equity-based plans. The leadership development and compensation committee has delegated to Mr. Mullen and Mr. Eberle the authority to make grants of restricted stock from the authorized pool under our 2009 Stock Incentive Plan, other than awards to executive officers whose awards must always be authorized by the leadership development and compensation committee. The leadership development and compensation committee also retains the authority to make additional equity awards in its discretion.

Nominations and Corporate Governance Committee

The nominations and corporate governance committee's responsibilities include:

identifying individuals qualified to become Board members;

recommending to the Board the persons to be nominated for election as directors and to each of the Board's committees;

developing and recommending to the Board corporate governance principles; and

overseeing the evaluation of the Board.

Director Candidates and Board Diversity

The process followed by the nominations and corporate governance committee to identify and evaluate director candidates includes requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the committee and the Board. In considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended director nominees, the nominations and corporate governance committee will apply the criteria included in the committee's charter. These general criteria include that all nominees should have a reputation for integrity, honesty and adherence to high ethical standards. Criteria also include the nominee's demonstrated business acumen, experience, commitment to our business and industry, and the ability to act in the best interests of all stockholders; including being willing and able to contribute positively to the decision making process. Nominees should not have, or appear to have, any conflicts of interest that would impair their ability to represent the interests of our stockholders. Ultimately, the nominations and corporate governance committee seeks nominees with a broad range of experience, professions, skills and backgrounds. The committee does not assign specific weights to any particular criteria and no particular criterion is necessarily applicable to all prospective nominees. While the committee does not have a formal policy in respect of diversity, the committee considers the value of diversity in respect of the Board's overall composition.

Stockholders may recommend individuals to the nominations and corporate governance committee for consideration as potential director candidates by submitting their names, together with appropriate biographical information and background materials and a statement as to whether the stockholder or group of stockholders making the recommendation has beneficially owned more than 5% of our common stock for at least a year as of the date such recommendation is made, to our Nominations and Corporate Governance Committee, c/o Corporate Secretary, Bottomline Technologies (de), Inc., 325 Corporate Drive, Portsmouth, New Hampshire 03801. Assuming that appropriate biographical and background material has been provided on a timely basis, the committee will evaluate stockholder-recommended candidates by following substantially the same process, and applying substantially the same criteria, as it follows for candidates submitted by others.

Stockholders also have the right under our bylaws to directly nominate director candidates, without any action or recommendation on the part of the committee or the Board, by following the procedures set forth under *Stockholder Proposals for 2016 Annual Meeting*.

Communicating with the Directors

The Board will give appropriate attention to written communications that are submitted by stockholders and will respond if and as appropriate. The chairman of the Board is primarily responsible for monitoring communications from stockholders and for providing copies or summaries to the other directors as he considers appropriate.

Communications are forwarded to all directors if they relate to important substantive matters and include suggestions or comments that the chairman of the Board considers to be important for the directors to know. In general, communications relating to corporate governance and long-term corporate strategy are more likely to be forwarded than communications relating to ordinary business affairs, personal grievances and matters as to which we tend to receive repetitive or duplicative communications.

Stockholders who wish to send communications on any topic to the Board should address such communications to our Board of Directors c/o Corporate Secretary, Bottomline Technologies (de), Inc., 325 Corporate Drive, Portsmouth, New Hampshire 03801.

Code of Business Conduct and Ethics

We have adopted a written code of business conduct and ethics that applies to our directors, officers and employees, including our principal executive officer, principal financial officer, principal accounting officer or controller, or persons performing similar functions. We have posted a current copy of the code in the Governance section of our website, which is located at www.bottomline.com. In addition, we intend to post on our website all disclosures that are required by law or NASDAQ Stock Market listing standards concerning any amendments to, or waivers from, any provision of the code.

Section 16(a) Beneficial Ownership Reporting Compliance

Based solely on our review of copies of reports filed by reporting persons pursuant to Section 16(a) of the Exchange Act, or written representations from reporting persons that no Form 5 filing was required for such persons, we believe that all filings required to be made by our reporting persons were timely made in accordance with the requirements of the Exchange Act.

Report of the Audit Committee of the Board of Directors

The audit committee oversees Bottomline's financial reporting process on behalf of the Board of Directors. Management has responsibility for the preparation of Bottomline's financial statements, for maintaining effective internal control over financial reporting, for assessing the effectiveness of internal control over financial reporting, and for maintaining an appropriate reporting process, including adequate systems of internal controls. In fulfilling its oversight responsibilities, the committee reviewed and discussed Bottomline's audited financial statements and schedule for the fiscal year ended June 30, 2015 with management, including the quality, not just the acceptability, of the accounting principles, the reasonableness of significant judgments, and the clarity of disclosures contained in the financial statements and schedule.

The committee reviewed with Bottomline's independent registered public accounting firm, Ernst & Young LLP, which is responsible for expressing an opinion as to the conformity of Bottomline's audited financial statements and schedule with generally accepted accounting principles, the judgments of Ernst & Young LLP as to the quality, not just the acceptability, of Bottomline's accounting principles and discussed such other matters as are required to be discussed with Ernst & Young LLP under generally accepted auditing standards, including Auditing Standard No. 16, Communications with Audit Committees, other standards of the Public Company Accounting Oversight Board, rules of the SEC, and other applicable regulations. In addition, the committee has received the written disclosures and the letter from Ernst & Young LLP required by the Public Company Accounting Oversight Board regarding the independent accountant's communications with the audit committee concerning independence and has discussed with Ernst & Young LLP its independence from management and Bottomline, including the compatibility of any non-audit services with its independence. The Audit Committee has concluded that the provision of audit and non-audit services by Ernst & Young LLP to Bottomline and its affiliates is compatible with Ernst & Young LLP's independence.

The committee also reviewed management's report on its assessment of the effectiveness of Bottomline's internal control over financial reporting and the independent registered public accounting firm's report on the effectiveness of Bottomline's internal control over financial reporting.

The committee discussed with Ernst & Young LLP the overall scope and plans for its audits. The committee meets with Ernst & Young LLP, with and without management present, to discuss the results of its examinations, its evaluations of Bottomline's internal control over financial reporting, and the overall quality of Bottomline's financial reporting. The committee held 12 meetings, including by telephone conference, during fiscal 2015.

Based on the reviews and discussions referred to above, the committee recommended to the Board of Directors that the audited financial statements and schedule be included in Bottomline's annual report on Form 10-K for the fiscal year ended June 30, 2015 for filing with the SEC. The committee and the Board of Directors have also recommended, subject to stockholder ratification, the selection of Ernst & Young LLP as Bottomline's registered independent public accounting firm for the fiscal year ending June 30, 2016.

The audit committee has adopted policies and procedures relating to the approval of all audit and non-audit services that are to be performed by our registered public accounting firm. This policy generally provides that we will not engage our registered public accounting firm to render audit or non-audit services unless the service is specifically approved in advance by the audit committee or the engagement is entered into pursuant to one of the pre-approval procedures described below.

From time to time, the audit committee may pre-approve specified types of services that are expected to be provided to us by our registered public accounting firm. Any such pre-approval is detailed as to the particular service or type of services to be provided and is also generally subject to a maximum dollar amount.

PROPOSAL II ADVISORY VOTE ON EXECUTIVE COMPENSATION

In accordance with the requirements of Section 14A of the Exchange Act (which was added by the Dodd-Frank Wall Street Reform and Consumer Protection Act of 2010) and related rules of the SEC, we are including a separate proposal to approve, on a non-binding, advisory basis, the compensation of those of our executive officers listed in the Summary Compensation Table appearing elsewhere in this proxy statement, or our named executive officers, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC.

Our executive compensation program is designed to attract, retain and motivate the best possible executive talent and to align our executives incentives with our business objectives and the creation of stockholder value, and we believe it has successfully achieved these goals. Key features of our executive compensation program include:

use of restricted stock as a significant portion of our executives' compensation, which directly links executive and stockholder interests and rewards executives for sustained appreciation in our stock price while minimizing dilution to our stockholders;

an annual cash bonus program that is linked predominantly to corporate performance, including the achievement of financial, strategic and operational objectives;

executive salaries and cash bonuses that are competitive with similarly situated executive officers based on a peer group analysis that is updated annually; and

limited use of executive-only perquisites (none of our executive officers receive, nor do we have any present plan to provide, payment for personal aircraft, financial planning, supplemental retirement plans, retirement benefits or deferred compensation arrangements (other than our 401(k) plan), country club dues, security services, estate or tax planning or split dollar life insurance policies).

We encourage you to read the Compensation Discussion and Analysis and compensation tables and narrative discussion in this proxy statement for additional details on our executive compensation program.

The vote on this proposal is not intended to address any specific element of compensation; rather, the vote relates to the compensation of our named executive officers as described in this proxy statement, in accordance with the compensation disclosure rules of the SEC. To the extent there is any significant vote against our named executive officer compensation as disclosed in this proxy statement, the leadership development and compensation committee will evaluate whether any actions are necessary to address the concerns of stockholders.

Based on the above, we request that you indicate your support for our executive compensation philosophy and practices by voting to approve, on a non-binding, advisory basis, the following resolution:

RESOLVED, that the compensation paid to the Company's named executive officers, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission, including the compensation discussion and analysis, the compensation tables and any related material disclosed in the proxy statement for the 2015 Annual Meeting of Stockholders, is hereby APPROVED.

As an advisory vote, the vote on this Proposal II is not binding upon the company and serves only as a recommendation to our Board. Nonetheless, the Board and our leadership development and compensation committee value the opinions expressed by stockholders and will consider the outcome of the vote when making future compensation decisions for our named executive officers.

The Board recommends a vote FOR Proposal II.

PROPOSAL III RATIFICATION OF THE SELECTION OF REGISTERED PUBLIC ACCOUNTING FIRM

The audit committee of our Board of Directors has selected Ernst & Young LLP as our registered public accounting firm for the current fiscal year, subject to ratification by our stockholders at the annual meeting. If our stockholders do not ratify the selection of Ernst & Young LLP, our audit committee will reconsider the matter.

A representative of Ernst & Young LLP, which served as our registered public accounting firm for fiscal 2015, is expected to be present at the annual meeting to respond to appropriate questions and to make a statement if he or she so desires. Even if the selection of Ernst & Young LLP is ratified, our audit committee may, in its discretion, select a different registered public accounting firm at any time during the year if our audit committee determines that such a change would be in the best interest of Bottomline and its stockholders.

The Board recommends a vote FOR Proposal III.

STOCKHOLDER PROPOSALS FOR 2016 ANNUAL MEETING

Any proposal that a stockholder intends to present at the 2016 annual meeting of stockholders must be submitted to our principal executive offices at 325 Corporate Drive, Portsmouth, New Hampshire 03801, Attention: Corporate Secretary, no later than June 11, 2016 in order to be considered for inclusion in the proxy statement and proxy card relating to the 2016 annual meeting of stockholders. Our amended and restated bylaws, as amended, require that we be given advance written notice of stockholder nominations regarding election to our Board of Directors and certain other matters which stockholders wish to present for action at an annual meeting of stockholders (other than matters included in our proxy statement discussed above). We must receive this notice at least 60 days, but not more than 90 days, prior to the date of the 2016 annual meeting, which is expected to be November 17, 2016; provided that if less than 70 days notice or prior public disclosure of the date of the meeting is given to stockholders, such notice must instead be received no later than the tenth day following the date on which the notice of the meeting was mailed or such public disclosure was made, whichever occurs first. Our bylaws also specify requirements relating to the content of the notice which stockholders must provide, including for stockholder nominations for director, in order for such proposals or nominations to be properly presented at a stockholder meeting.
