Dear Fellow Stockholders:

Our 2016 Annual Meeting of Stockholders will be held at Centene Plaza, 7700 Forsyth Boulevard, St. Louis, Missouri, at 10:00 A.M., central daylight savings time, on Tuesday, April 26, 2016. Annual meetings play an important role in maintaining communications and understanding among our management, Board of Directors and stockholders, and I hope that you will be able to join us.

We are pleased to continue taking advantage of the Securities and Exchange Commission rule allowing companies to furnish proxy materials to their stockholders over the Internet. We believe that this e-proxy process expedites stockholders' receipt of proxy materials, lowers the costs and reduces the environmental impact of our annual meeting. On or about March 14, 2016, we will begin mailing to our stockholders a proxy notice containing instructions on how to access our Proxy Statement, Annual Review and Annual Report on Form 10-K, and vote on-line. Information concerning the matters to be considered and voted upon at the Annual Meeting is set forth in the Notice of 2016 Annual Meeting of Stockholders and Proxy Statement. The Proxy Statement contains instructions on how you can receive a paper copy of the Proxy Statement, Annual Review and Annual Report on Form 10-K, if you only received a proxy notice by mail.

If you are a stockholder of record you may vote:

i via internet;

i by telephone;

i by mail; or,

i in person at the meeting.

To vote by internet or telephone, please follow the instructions on the proxy notice. To vote by mail, request a set of proxy materials as instructed on the proxy notice. You may attend the meeting and vote in person even if you have previously voted.

Sincerely,

Michael F. Neidorff

2016 NOTICE OF MEETING AND PROXY STATEMENT

Information About the Meeting

We have sent you a notice of this proxy statement because our Board of Directors is soliciting your proxy to vote at our 2016 Annual Meeting of Stockholders or any adjournment or postponement of the meeting.

When and where is the annual meeting?

When: Tuesday, April 26, 2016 at 10:00 a.m., central daylight savings time

Where: Centene Plaza, 7700 Forsyth Boulevard, St. Louis, Missouri.

i THIS PROXY STATEMENT summarizes information about the proposals to be considered at the meeting and other information you may find useful in determining how to vote.

i THE PROXY CARD is the means by which you actually authorize another person to vote your shares in accordance with the instructions.

Our Directors, Officers and employees may solicit proxies in person or by telephone, mail, electronic mail or facsimile. We will pay the expenses of soliciting proxies, although we will not pay additional compensation to these individuals for soliciting proxies. We will request banks, brokers and other nominees holding shares for a beneficial owner to forward copies of the proxy materials to those beneficial owners and to request instructions for voting those shares. We will reimburse these banks, brokers and other nominees for their related reasonable expenses. The Company has retained Morrow & Co., LLC to assist in the solicitation of proxies at an estimated cost of \$12,500, plus expenses.

We are making this proxy statement, our 2015 Annual Review to Stockholders and our Annual Report on Form 10-K for the fiscal year ended December 31, 2015 available to stockholders for the first time on or about March 14, 2016.

Who is entitled to vote at the meeting?

Holders of record of our common stock at the close of business on February 26, 2016 are entitled to one vote per share on each matter properly brought before the meeting. The proxy notice states the number of shares you are entitled to vote.

You may vote your shares at the meeting in person or by proxy:

- i **TO VOTE IN PERSON**, you must attend the meeting, and then complete and submit the ballot provided at the meeting. If your shares are held in the name of a bank, broker or other nominee holder, you will receive instructions from the holder of record explaining how your shares may be voted. Please note that, in such an event, you must obtain a proxy, executed in your favor, from the holder of record to be able to vote at the meeting.

- i **TO VOTE BY PROXY**, you must follow the instructions on the proxy notice and then vote by means of the internet, telephone or, if you received your proxy materials by mail, mailing the proxy card in the enclosed postage-paid envelope. Your proxy will be valid only if you vote before the meeting. By voting, you will direct the designated persons to vote your shares at the meeting in the manner you specify. If, after requesting paper materials, you complete the proxy card with the exception of the voting instructions, then the designated persons will vote your shares in accordance with the instructions contained therein, and if no choice is specified, such proxies will be voted in favor of the matters set forth in the accompanying Notice of 2016 Annual Meeting of Stockholders. If any other business properly comes before the meeting, the designated persons will have the discretion to vote your shares as they deem appropriate.

2016 NOTICE OF MEETING AND PROXY STATEMENT

INFORMATION ABOUT THE MEETING

Even if you vote by means of the internet, telephone, or complete and return a proxy card, you may revoke it at any time before it is exercised by taking one of the following actions:

- i send written notice to Keith H. Williamson, our Secretary, at our address as set forth in the accompanying Notice of 2016 Annual Meeting of Stockholders;

- i submit a new vote by means of the mail, internet or telephone; or

- i attend the meeting, notify our Secretary that you are present, and then vote by ballot.

What do I need to do if I plan to attend the meeting in person?

If you would like to attend the meeting, please bring evidence to the meeting that you own common stock, such as a stock certificate, or, if your shares are held by a broker, bank or other nominee, please bring a recent brokerage statement or a letter from the nominee confirming your beneficial ownership of such shares. You must also bring a form of personal identification.

At the close of business on February 26, 2016, 121,667,250 shares of our common stock were outstanding, net of treasury shares. Our By-Laws require that a majority of the shares of our common stock issued and outstanding on that date be represented, in person or by proxy, at the meeting in order to constitute the quorum we need to transact business. We will count abstentions and broker non-votes in determining whether a quorum exists. A broker non-vote occurs when a nominee holding shares for a beneficial owner does not vote on a particular proposal because the nominee does not have discretionary voting power for that particular item and has not received instructions from the beneficial owner.

In the election of directors, the three nominees receiving the greatest number of votes cast **FOR** shall be elected as directors, unless otherwise determined in accordance with our majority voting policy. This policy states that in an uncontested election, any Director nominee who receives a greater number of votes **withheld** for his or her election than **FOR** votes, the Director nominee must tender his or her resignation promptly following certification of the stockholder vote. The Nominating and Governance Committee is required to make a recommendation to the Board of Directors with respect to any such tendered resignation. The Board of Directors will act on the tendered resignation within 90 days from the certification of the vote and will publicly disclose its decision, including an explanation of its decision. Broker non-votes will have no effect on the voting outcome with respect to the election of directors.

The affirmative vote of the holders of a majority of the votes cast at the meeting is necessary to ratify the selection of KPMG LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2016 and to approve on an advisory non-binding basis, the Company's executive compensation. Abstentions and broker non-votes with respect to each of these proposals will not be considered as votes cast with respect to the matter and thus will

have no effect on the vote.

Our Board of Directors is not aware of any matters that are expected to come before the meeting other than those referred to in this proxy statement. If any other matter should properly come before the meeting, the persons appointed as proxies by the Board of Directors intend to vote the proxies in accordance with their best judgment.

The chairperson of the meeting may refuse to allow the transaction of any business not presented beforehand, or to acknowledge the nomination of any person not made, in compliance with the below procedures.

2016 NOTICE OF MEETING AND PROXY STATEMENT

PROPOSAL ONE: ELECTION OF DIRECTORS

Proposal One: Election Of Directors

Nominees and Continuing Directors

Our Certificate of Incorporation provides that the Board is to be divided into three classes serving for staggered three-year terms. Under our By-Laws, our Board of Directors has the authority to fix the number of Directors, provided that the Board must have between five and eleven members. The first proposal on the agenda for the meeting is the election of three nominees to serve as Class III Directors for three-year terms beginning at the meeting and ending at our 2019 Annual Meetings of Stockholders.

In February 2016, Ms. Joseph discussed with the Board of Directors her anticipated external executive officer commitments including scheduling conflicts with the 2016 Board of Directors meeting schedule requirements. As a result, the Board concluded that Ms. Joseph would not be able to serve the board in 2016 if re-elected and did not nominate her for re-election. If Ms. Joseph's scheduling conflicts are resolved in the future, the Nominating and Governance Committee will consider her nomination for re-election onto the Board.

Pursuant to the terms of the July 2015 definitive merger agreement to acquire the issued and outstanding shares of Health Net, Inc., we are obligated following closing to appoint to our Board of Directors, a current member of the Health Net board of directors. The Board of Directors anticipates that this new director would be appointed as a Class I director, standing for election at the 2017 Annual Meeting of Stockholders. Therefore, as a practice of good corporate governance, the Board of Directors is rebalancing the three classes of directors by nominating John R. Roberts, a current Class I director, for election as a Class III director at the 2016 Annual Meeting of Stockholders.

No Director, including any Director standing for election, or any associate of a Director, is a party adverse to us or any of our subsidiaries in any material proceeding or has any material interest adverse to us or any of our subsidiaries. No Director, including any Director standing for election, is related by blood, marriage or adoption to any other Director or any Executive Officer.

The Board has nominated Orlando Ayala, John R. Roberts and Tommy G. Thompson for re-election to the Board. We expect that Mr. Ayala, Mr. Roberts and Mr. Thompson will be able to serve if elected. If any of them are not able to serve, proxies may be voted for a substitute nominee or nominees. **The Board believes the election of these three**

nominees is in our best interest and the best interest of our stockholders and recommends a vote FOR the election of the three nominees.

PROPOSAL ONE: ELECTION OF DIRECTORS

Corporate Governance and Risk Management

We believe that good corporate governance is important to ensure that we are managed for the long term benefit of our stockholders. We also recognize the connection between good corporate governance and our ability to create and sustain value for our stockholders. Our Ethics and Compliance Program provides methods by which we further enhance operations, safeguard against fraud and abuse and help assure that our values are reflected in everything we do. We have also reviewed and believe we are in compliance with the provisions of the Sarbanes-Oxley Act of 2002, the rules of the SEC, and the listing standards of the New York Stock Exchange (NYSE). Our Board of Directors has adopted Corporate Governance Guidelines addressing, among other things, Director qualifications and responsibilities, duties of key Board committees, Director compensation and management succession. A current copy of the Corporate Governance Guidelines is posted on our website, www.centene.com.

Our Board of Directors has adopted a Business Ethics and Conduct Policy (the Policy) which is applicable to all Directors, Officers and employees of the Company, including the Principal Executive Officer, Principal Financial Officer and Principal Accounting Officer. While no policy can replace the thoughtful behavior of an ethical Director, Officer or employee, we believe the Policy will, among other things, focus our Board and management on areas of ethical risk, provide guidance in recognizing and dealing with ethical issues, provide mechanisms to report unethical conduct and generally help foster a culture of honesty and accountability. Any amendment or waiver of the Policy may only be made by the Board or a committee of the Board. A current copy of the Policy is posted on our website, www.centene.com. Any future amendments or waivers of the Policy will be promptly disclosed on our website.

Our policy concerning pre-approval of related party transactions is incorporated into the provisions of the Policy regarding conflicts of interest. As part of the Policy, our Directors, Officers and employees are responsible for disclosing any transaction or relationship that reasonably could be expected to give rise to a conflict of interest to the Chief Compliance Officer of the Company or the Board of Directors, in the case of an Executive Officer or Director, who shall be responsible for determining whether such transaction or relationship constitutes a conflict of interest.

The Board of Directors oversees the Company's enterprise-wide risk management processes, with assistance provided by Board committees. Management executes risk management activities, which includes identifying, assessing, and aligning actions necessary to manage risk consistent with the Company's strategy.

The oversight responsibility of the Board of Directors and its committees is enabled by quarterly risk reporting to the Board from executive management, designed to provide visibility about the identification, assessment and management of critical risks, including strategic, operational, financial, compensation, public policy, compliance, regulatory, investment, information security and other risks. Furthermore, the Board of Directors and its committees

are informed of emerging risks that could affect the Company's risk profile. The Board also evaluates Company performance in relation to tolerance levels established in our risk appetite framework.

PROPOSAL ONE: ELECTION OF DIRECTORS

Director Independence

Our Board of Directors has affirmatively determined that all Directors except Michael F. Neidorff, our Chairman, President and Chief Executive Officer, as well as all of the members of each of the Board's committees, are independent as defined under the rules of the NYSE, including, in the case of all members of the Audit Committee, the independence requirements contemplated by Rule 10A-3 under the Exchange Act and in the case of all members of the Compensation Committee, the enhanced independence requirements under the rules of the NYSE. In the course of the Board's determination regarding the independence of each non-employee Director, it considered any transactions, relationships and arrangements as required by the rules of the NYSE. In particular, with respect to each of the most recent three completed fiscal years, the Board evaluated:

- i Mr. Ayala's position as a Vice President of Microsoft Corporation, from whom the Company licenses certain software, and determined that the payments made pursuant to such licenses from 2013-2015 were under 2% of Microsoft's annual revenues during the respective years.
- i Ms. Joseph's position as an Executive Officer of U.S. Bancorp, serving as a lender under the Company's revolving credit facility, and determined that payments to the lender from 2013-2015 were under 2% of the lender's annual revenues during the respective years.
- i Mr. Roberts' previous position as an independent director of a bank serving as a lender under the Company's revolving credit facility and determined payments to the lender from 2013-2014 were under 2% of the lender's annual revenues during the respective years. In addition, the board evaluated his position on the Board of the Missouri History Museum and determined that contributions made by the Company from 2013-2015 to the Missouri History Museum are less than 2% of the Museum's consolidated gross revenues during the respective years.

All Directors, excluding Michael F. Neidorff, have no direct or indirect material relationship with us except for their role as a Director or stockholder. The Board also broadly considers what it deems to be all relevant facts and circumstances in determining the independence of its members.

Board of Directors Committees

- i providing specific guidance and directives to Management for the remediation and implementation of Compliance Program initiatives and updates.

Board of Directors

Our Board of Directors has responsibility for establishing broad corporate policies and reviewing our overall performance rather than day-to-day operations. The Board's primary responsibility is to oversee the management of the

Company and, in doing so, serve the best interests of the Company and its stockholders. The Board selects, evaluates and provides for the succession of executive officers and, subject to stockholder election, Directors. It reviews and approves corporate objectives and strategies, and evaluates significant policies and proposed major commitments of corporate resources. Management keeps the Directors informed of its activities through regular written reports and presentations at Board and committee meetings.

The Board currently combines the role of Chairman of the Board with the role of Chief Executive Officer, coupled with a Presiding Director position to further strengthen the governance structure. The Board believes this provides an efficient and effective leadership model for the Company. Combining the Chairman and CEO roles fosters clear accountability, effective decision-making, and alignment on corporate strategy. The Board periodically reviews its leadership structure. To assure effective independent oversight, the Board has adopted a number of governance practices, including:

- i a strong, independent, clearly-defined Presiding Director role;
- i executive sessions of the independent Directors in connection with every Board meeting; and
- i annual performance evaluations of the Chairman and CEO by the independent Directors.

Our Board of Directors has appointed Robert K. Ditmore Presiding Director to preside at all executive sessions of non-management Directors, as defined under the rules of the NYSE. The Presiding Director's role includes leading the Board's processes for selecting and evaluating the Chief Executive Officer and presiding at all meetings of the Board at which the Chairman is not present, including executive sessions of the independent Directors.

PROPOSAL ONE: ELECTION OF DIRECTORS

Our corporate governance guidelines require the Board to conduct an annual self-evaluation to determine whether it and its committees are functioning effectively. The Nominating and Governance Committee receives comments from all directors and reports annually to the Board with an assessment of the Board's performance. This is discussed with the full Board following the end of each fiscal year. The assessment focuses on the Board's contribution to the Company and specifically focuses on areas in which the Board or management believes that the Board could improve.

Audit Committee

The Audit Committee's responsibilities include:

- i appointing, retaining, evaluating, terminating, approving the compensation of, and assessing the independence of our independent registered public accounting firm;
- i overseeing the work of our independent registered public accounting firm, including through the receipt and consideration of certain reports from the independent registered public accounting firm;
- i reviewing and discussing with management and the independent registered public accounting firm our annual and quarterly financial statements and related disclosures;
- i monitoring our internal control over financial reporting, disclosure controls and procedures and code of business conduct and ethics;
- i overseeing our internal audit function;
- i discussing our risk management policies;
- i establishing policies regarding hiring employees from our independent registered public accounting firm and procedures for the receipt and retention of accounting-related complaints and concerns;

- i meeting independently with our internal auditing staff, independent registered public accounting firm and management; and

- j preparing the Audit Committee report required by SEC rules.

The Board has determined that John R. Roberts, Frederick H. Eppinger and Pamela A. Joseph are audit committee financial experts as defined in Item 407(d)(5) of Regulation S-K and that each member of the Audit Committee is financially literate under the applicable NYSE rules.

Compensation Committee

The Compensation Committee oversees our activities in the area of compensation and benefits (generally with regard to all employees and specifically with regard to our Named Executive Officers, or NEOs, identified in the Summary Compensation Table, as well as other officers) and reviews and makes recommendations concerning compensation-related matters to be submitted to the Board and/or stockholders for approval. The Board has determined that each of the members of the Compensation Committee is independent, as defined under the rules of the NYSE. The Compensation Committee's responsibilities include:

- i evaluating compensation policies and practices to determine if they may be influencing employees to take excessive risks;

2016 NOTICE OF MEETING AND PROXY STATEMENT

PROPOSAL ONE: ELECTION OF DIRECTORS

- i annually reviewing and approving corporate goals and objectives relevant to our Chief Executive Officer's compensation;
- i reviewing and making recommendations to the Board with respect to our Chief Executive Officer's compensation;
- i reviewing and approving, or making recommendations to the Board with respect to, the compensation of our other executive officers;
- i overseeing an evaluation of our senior executives;
- i overseeing and administering our equity incentive plans; and
- i reviewing and making recommendations to the Board with respect to Director compensation.

Members of management assist the Compensation Committee in its responsibilities by providing recommendations for the Compensation Committee's approval concerning the design of our compensation program for our executive officers other than our Chief Executive Officer, including our NEOs, as well as recommended award levels. The design of our compensation program for our Chief Executive Officer is recommended by the Compensation Committee and approved by the Board without any approval of the Chairman, who is the Company's Chief Executive Officer.

The Compensation Committee considered information and data regarding executive compensation supplied by management and by Towers Watson, a compensation and benefits consultant retained by management. In addition, Exequity, LLC, an independent compensation consulting group, has been engaged directly by the Compensation Committee to provide advice with respect to base salaries, bonus targets and long term incentives for our NEOs.

In 2015, the Company utilized Towers Watson to provide advice with respect to the base salaries, bonus targets and long term incentives of our officers, including our NEOs. The consultants analyzed the compensation levels of the NEOs of the industry peer group developed by Towers Watson for the most recently completed fiscal year. As discussed under the CD&A, the Compensation Committee considered this information, along with a variety of other factors, in reviewing our executive compensation in 2015.

The Compensation Committee has reviewed the independence of each of Towers Watson and Exequity in light of SEC rules and NYSE listing standards, including the following factors: (1) other services provided to us by the consulting firm; (2) fees paid by us as a percentage of consulting firm's total revenue; (3) policies or procedures maintained by the consulting firm that are designed to prevent a conflict of interest; (4) any business or personal

relationships between the compensation consultant and a member of the Compensation Committee; (5) any company stock owned by the compensation consultant; and (6) any business or personal relationships between our executive officers and the senior advisor. The Compensation Committee discussed these considerations and concluded that the compensation consultants' work for the committee does not raise any conflict of interest.

The Compensation Committee delegates to management the authority to grant certain stock options and restricted stock units under the 2012 Stock Incentive Plan. Our Chief Executive Officer is authorized to issue awards (other than to himself) of up to 60,000 shares to any newly hired executive and up to 24,000 shares to any one person during a calendar year, and is required to report any such grants to the Compensation Committee at the following Compensation Committee meeting. The delegation of authority may be terminated by the Compensation Committee at any time and for any reason. All internal promotions and equity grants to a corporate officer and all offers to any Executive Officer (as defined by Rule 3b-7 under the Exchange Act) require Compensation Committee approval.

PROPOSAL ONE: ELECTION OF DIRECTORS

Nominating and Governance Committee

The Nominating and Governance Committee's responsibilities include:

- identifying individuals qualified to become members of the Board;
- recommending to the Board the persons to be nominated for election as Directors and to each of the Board's committees;
- reviewing and making recommendations to the Board with respect to management succession planning;
- reviewing and recommending to the Board corporate governance principles; and
- overseeing an annual evaluation of the Board's performance.

Director Candidates

The process followed by the Nominating and Governance Committee to identify and evaluate Director candidates includes requests to Board members and others for recommendations, meetings from time to time to evaluate biographical information and background material relating to potential candidates and interviews of selected candidates by members of the Nominating and Governance Committee and the Board. As previously noted, pursuant to the terms of the July 2015 definitive merger agreement to acquire the issued and outstanding shares of Health Net, Inc., we are obligated following closing to appoint to our Board of Directors, a current member of the Health Net

board of directors. The Board of Directors anticipates that this new director would be appointed as a Class I director, standing for election at the 2017 Annual Meeting of Stockholders. Upon nomination and election of a new Director by the Board during any year, that Director is expected to be nominated for election at the next annual meeting.

In considering whether to recommend any particular candidate for inclusion in the Board's slate of recommended Director nominees, the Nominating and Governance Committee will apply the criteria set forth in our Corporate Governance Guidelines. These criteria include the candidate's integrity, business acumen, knowledge of our business and industry, age, experience, diligence, conflicts of interest and the ability to act in the interests of all stockholders. The Nominating and Governance Committee does not assign specific weights to particular criteria and no particular criterion is a prerequisite for each prospective nominee. We believe that the backgrounds and qualifications of our Directors, considered as a group, should provide a composite mix of experience, knowledge and abilities that will allow the Board to fulfill its responsibilities.

Board membership should reflect diversity in its broadest sense, including persons diverse in background, geography, perspective, gender, and ethnicity. The Board is particularly interested in maintaining a mix that includes the following backgrounds:

- Public company governance
- Healthcare
- Service and insurance industry
- Companies with revenues greater than \$1 billion
- Public accounting
- Community involvement

2016 NOTICE OF MEETING AND PROXY STATEMENT

PROPOSAL TWO: ADVISORY RESOLUTION TO APPROVE EXECUTIVE COMPENSATION

Proposal Two: Advisory Resolution to Approve Executive Compensation

At our 2015 annual meeting of stockholders, our stockholders approved the Company's executive compensation. Pursuant to Section 14A of the Securities Exchange Act of 1934, as amended (the Exchange Act), we are again holding an advisory vote on the Company's executive compensation, as described in this proxy statement (commonly referred to as say-on-pay). In accordance with the results of the vote we conducted at the 2011 Annual Meeting on the frequency of say-on-pay votes, we plan to present a say-on-pay vote every year.

We encourage stockholders to review the Compensation Discussion and Analysis included in this proxy statement. Our executive compensation program has been designed to implement the Company's compensation philosophy of paying for performance by making decisions based on promoting the Company's corporate mission statement and creating long term stockholder value. This philosophy is evidenced by the following:

- i We provide a significant part of executive compensation in the form of at-risk annual incentive and long term incentive compensation; for example, we have withheld or reduced payments under our incentive programs when financial measures have not been fully achieved.
- i Our annual incentive and long term incentive opportunities are substantially based on corporate financial measures closely correlated with achieving long term stockholder value, such as earnings per share, revenue growth targets, pre-tax operating margins and total shareholder return. Annual and long term incentive opportunities also reflect the impact to the current year income for new contracts awarded that drive future revenue growth and take into account the costs associated with the contract procurements which occur prior to revenue generation.
- i We provide a mix of short term and long term and cash and non-cash compensation that we believe allows us to strike a balance between offering competitive executive compensation packages, motivating our executives without fostering excessive risk-taking and linking Executive Officer compensation with the creation of long term stockholder value.

The Board of Directors strongly endorses the Company's executive compensation program and recommends that stockholders vote in favor of the following resolution:

RESOLVED, that the stockholders approve the compensation of those NEOs listed in the Summary Compensation Table of this proxy statement, who we refer to in this proxy statement as the NEOs, as disclosed pursuant to the compensation disclosure rules of the Securities and Exchange Commission (SEC), including the Compensation Discussion and Analysis and the tabular and narrative disclosure included herein under Information about Executive Compensation .

Because the vote is advisory, it will not be binding upon the Board of Directors or the Compensation Committee and neither the Board of Directors nor the Compensation Committee will be required to take any action as a result of the outcome of the vote on this proposal. The Compensation Committee strongly considers the views of the Company's shareholders when making compensation decisions. Additionally, the Compensation Committee monitors the results of the annual advisory say-on-pay proposal and incorporates such results as one of many factors considered in connection with the discharge of its responsibilities. Please see the Compensation Discussion and Analysis section of this Proxy Statement for a more detailed discussion of the actions the Committee took during 2015 based on shareholder feedback.

The Board recommends a vote FOR the approval of the compensation of the NEOs, as disclosed in this proxy statement pursuant to the compensation disclosure rules of the SEC.

PROPOSAL THREE: RATIFICATION OF APPOINTMENT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Proposal Three: Ratification of Appointment of Independent Registered Public Accounting Firm

KPMG LLP audited our financial statements for the fiscal year ended December 31, 2015. The Audit Committee has appointed KPMG LLP to serve as our independent registered public accounting firm for the current fiscal year, and we are asking stockholders to ratify this appointment. Stockholder ratification of this selection is not required by our By-Laws or other applicable legal requirements. Our Board of Directors is, however, submitting the selection of KPMG LLP to stockholders for ratification as a matter of good corporate practice. In the event that stockholders fail to ratify the selection, the Audit Committee will consider whether or not to retain that firm. Even if the selection is ratified, the Audit Committee, in its discretion, may direct the appointment of a different independent registered public accounting firm at any time during the year if the Audit Committee believes that a change would be in our and our stockholders' best interest.

We expect that representatives of KPMG LLP will be present at our Annual Meeting of Stockholders to answer appropriate questions. They will have the opportunity to make a statement if they desire to do so.

The affirmative vote of the holders of a majority of the votes cast at the meeting is being sought to ratify the selection of KPMG LLP as our independent registered public accounting firm for the current fiscal year. **The Board recommends that stockholders vote FOR the ratification of the selection of KPMG LLP to serve as our independent registered public accounting firm for the fiscal year ending December 31, 2016.**

The following table discloses the aggregate fees billed in 2015 and 2014 by KPMG LLP, our independent registered public accounting firm (\$ in thousands):

Audit Fees	\$4,005	\$3,530
Audit-Related Fees	205	205
Tax Fees		
All Other Fees		600

Audit-related fees in 2015 and 2014 consist primarily of fees for operational control reviews. All Other fees in 2014 consisted primarily of fees for compliance assessment services.

The Audit Committee has adopted policies and procedures relating to the approval of all audit, audit-related, tax and other services that are to be performed by our independent registered public accounting firm. This policy generally provides that the Company will not engage its independent registered public accounting firm to render audit, audit-related, tax or other services unless the service is specifically approved in advance by the Audit Committee or the engagement is entered into pursuant to one of the pre-approval procedures described below.

From time to time, the Audit Committee may pre-approve specified types of services that are expected to be provided to the Company by its independent registered public accounting firm during the next 12 months. SECTION 2 2015 Compensation Decisions

Alignment of Pay and Performance

In 2015, the Company continued to balance aggressive revenue growth organically and through acquisitions while continuing to improve pre-tax margins, which is a key part of our strategy to promote long term shareholder value in a competitive business environment. As the Compensation Committee reviewed our NEO's compensation, the Committee considered these aspects in conjunction with our executive compensation program of recognizing pay for performance through the following three primary components:

In recognition of the Company's extraordinary 2015 performance, the high growth rate over the past 3 years and the Board of Directors' acknowledgment of the importance of our CEO's leadership, the Compensation Committee analyzed his total compensation for the past 10 years and awarded total compensation in 2015 that continues to mirror the tremendous growth in our TSR over the last five years. Our CEO's total compensation alignment with the Company's Total Shareholder Return is represented in the following graph:

Centene Corporation 25

Table of Contents**2016 NOTICE OF MEETING AND PROXY STATEMENT****COMPENSATION DISCUSSION AND ANALYSIS***Pay Mix*

Our pay for performance philosophy can be further depicted by the following graph, which represents our total compensation mix. The graph illustrates the 2015 values contained in the Summary Compensation Table as percentages of total compensation. The values in the All Other Compensation column of the Summary Compensation Table have been excluded from this illustration.

Review

Consistent with our compensation philosophy, the Compensation Committee reviewed the target compensation and respective market data of two peer groups: General Industry (GI) and Healthcare Industry (HCI). The table compares Mr. Neidorff's target compensation for 2015 (which is different from the disclosure in the Summary Compensation Table) to these two peer groups. The review of the data indicated that Mr. Neidorff's total target 2015 compensation was within the 50th percentile and 75th percentile of the general industry (GI), with data regressed, at \$25 billion revenue. The Compensation Committee determined that his target pay was appropriately established to reflect the need for an experienced, seasoned CEO in a high growth company. The HCI peer group and GI peer group are discussed in further detail under section 3 of the CD&A under the headings Healthcare Industry Managed Care Peer Group and General Industry High-Performing Peer Group, respectively.

Total Target	50th Percentile		Total Target	75th Percentile	
	(\$ in millions)	Revenue Analysis		(\$ in millions)	Revenue Analysis
\$12.2		HCI at \$25 billion	\$14.3		HCI at \$25 billion
\$14.2		HCI at \$50 billion	\$16.2		HCI at \$50 billion

\$18.7	Centene¹	\$18.8	GI at \$25 billion
\$19.2	GI at \$50 billion	\$24.1	GI at \$50 billion

¹ The \$18.7 million total Centene target represents \$1.2 million of annualized base pay, \$1.8 million of annual target cash incentive, \$15.7 million of long term incentive awards.

COMPENSATION DISCUSSION AND ANALYSIS

A similar analysis of peer data sets is performed of the other NEOs' compensation. The Compensation Committee reviews the performance of each individual and grants increases in base salary and RSUs based on these results.

Base Salaries

In December 2014, the Compensation Committee evaluated 2015 base salaries and took into account the Company's 2015 estimated revenue in excess of \$20 billion. In 2015, Towers Watson compared our NEOs' base salaries to market data, and on average, our base salaries for 2015 were between the 50th and 75th percentile of the healthcare industry peer group and of the general industry peer group. Adjustments to base salaries are determined based on merit and market data.

The NEOs were paid competitive base salaries determined by the evaluation of multiple factors: business results for the prior year, individual performance, as well as the market value for each specific job. Since Centene is a pay for performance Company, only 6% of the Chief Executive Officer's and, on average, 13% of the other NEOs' compensation is fixed.

Annual Cash Incentive Plan

The Compensation Committee assigned an annual cash incentive plan target opportunity of 150% of salary for the CEO and 75% of salary for the other NOEs based on a review of industry data, as discussed in Section 3: Compensation Pay Philosophy. The Compensation Committee rewards NEOs with an Annual Cash Incentive bonus for achieving the Company's EPS objective. The Committee assesses how each NEO contributed to achieving this EPS objective and other pre-determined objectives approved by the Compensation Committee earlier in the year. For 2015, the Committee determined that 80% of the incentive target will be aligned with the diluted EPS target, and the remaining 20% will be aligned with individual performance objectives, with a maximum payout of 200% of target. The Compensation Committee follows a two step process to determine the bonus earned each year:

1. **Achievement of EPS Objective.** In December 2014, the Compensation Committee determined that if the company reached its 2015 EPS target of \$2.60, then a bonus would be paid at target based on each NEO's contribution to that target. In addition, the Compensation Committee also determined that if the Company exceeded EPS of \$2.68, the Company may pay at 160% of target. Since the Company's 2015

diluted EPS from continuing operations were \$2.89 (111% of target), or \$3.03 excluding \$0.14 of Health Net merger related expenses (117% of target), the Compensation Committee determined to pay the EPS objective component of the Annual Cash Incentive at 200% of target.

- 2. Evaluation of Individual Performance.** In addition, management and the Compensation committee assessed each NEO's individual performance against pre-determined goals. If the individual performance goals were met, exceeded or not met, then the individual performance component of the Annual Cash Incentive equaled, exceeded or was less than the target. A summary of each NEO's individual performance, along with their total 2015 Annual Cash Incentive follows.

The bonus, which was 200% of his target, is representative of the Company's outstanding year and represents the maximum award. In addition, other NEOs received an annual bonus that ranged from 160% to 200% of target based on an evaluation of 2015 performance.

Long Term Incentive Awards

The Compensation Committee granted long term incentives to our NEOs in December 2015 based on a review of industry data, as follows:

- i Performance based RSUs (PSUs) The target metrics for 2016-2018 are pre-tax margin (75% weight), and compound annual revenue growth (25% weight). Target metric achievement will result in the attainment of 100% of the PSUs granted. If earned, PSUs will vest in February 2019.

- i Service based RSUs 33.3% vest annually based on service to the Company.

- i Cash Long Term Incentive Plan (LTIP) based on meeting the performance criteria above for the 3 year performance period (2016-2018) as well as a Relative Total Shareholder Return (TSR) objective.

2014 PSU Performance Evaluation

In December 2014, the NEOs were awarded PSUs with a performance target of diluted EPS of \$2.60. In February 2016, the Compensation Committee reviewed the 2015 diluted EPS of \$2.89 achieved compared to the EPS target of \$2.60 and determined that the performance condition on the December 2014 awards was achieved at 100% (the target, with no maximum). 33.3% of earned PSUs vested in February 2016 with the remaining 66.7% vesting evenly over the second and third anniversaries of the grant date.

2013-2015 Cash LTIP Award Payouts

In December of 2012, the Compensation Committee established the following metrics, targets and weights for the 2013-2015 Cash LTIP. The Compensation Committee has the discretion to evaluate the metrics on an as adjusted

basis, and excluded certain one-time transaction costs in evaluating the pre-tax margin metric criteria. The company met or exceeded all three targets as shown below with a total percentage payout of 165.9% of the target:

	Metric Criteria			Weight	2013-2015 Actual (As Adjusted)	Metric Payout of Target	Weighted Payout
	Threshold	Target	Maximum

SECTION 3 Compensation Philosophy

The following principles guide the Company's compensation philosophy:

- i **Pay for Performance** Our overall compensation philosophy is to pay for performance. An executive's compensation is directly linked to performance and the achievement of both Company and individual goals. Superior performance and the achievement of goals results in higher compensation.
- i **Create Long Term Stockholder Value** Both performance-based and service-based stock awards with meaningful retention requirements are used to encourage sustained shareholder value creation.
- i **Foster a Culture of Risk Management and Compliance** A portion of NEO compensation is based on meeting individual goals that align with our corporate mission statement and promote a culture of compliance with rules, regulations and the Company's vision and values and rewarding those who mitigate business risks.
- i **Attract and Retain Top Executive Talent** We offer competitive pay to attract, motivate and retain industry executives with the skills and experience to drive superior long term Company performance in a high growth company.

Results of the April 2015 Say-on-Pay Vote & Changes to the Compensation Program in 2015

The Compensation Committee monitors the results of the annual advisory say-on-pay proposal and considers such results as one of many factors in connection with the discharge of its responsibilities. At our April 2015 Annual Meeting, approximately 87% of our shareholders voted to approve our fiscal 2014 executive compensation program.

While shareholders expressed a wide variety of views about executive compensation, we valued the insights we received as we reached out to gain a more thorough understanding of their comments. As a result of feedback from our shareholders, the Compensation Committee made the following changes to the compensation program for 2015:

- i **Annual Cash Incentive Plan** 80% of each award will be aligned with the diluted EPS target, and the remaining 20% of each award will be aligned with individual performance objectives. The Annual Cash Incentive Award will be calculated as follows, with a maximum payout of 200% of target:

- j **Performance Based RSUs** Performance targets for awards granted during the December 2015 cycle must meet pre-determined revenue growth and pre-tax margin metrics for a **three-year performance period**. If the metrics are met, the awards will vest at the end of the three-year performance period.

Overview of the Compensation Program

The Compensation Committee establishes and administers the executive compensation philosophy and program and assists the Board of Directors in the development and oversight of all aspects of executive compensation. Presented in the table below are highlights of our compensation practices:

What We Do

ü **Pay for Performance** A significant portion of our NEOs' compensation is tied to performance with clearly articulated financial goals.

ü **Competitive Compensation** Each component of the NEOs' annual total direct compensation is targeted to the 50th percentile for both the Health Care Industry peer group and the General Industry peer group.

ü **Equity Grants Reward Future Performance** 50% of annual RSU grants vest ratably over a three-year period. Beginning in 2015, PSU grants vest at the end of the three-year period based on two three-year performance metrics.

ü **Formula Based Annual Incentive Plan** Beginning in 2015, awards under the Annual Cash Incentive plan are formula based.

ü **Tally Sheets** Tally sheets and wealth accumulation analyses for each NEO are reviewed annually before making compensation decisions.

ü **Annual Compensation Risk Assessment** We regularly analyze risks related to our compensation program and conduct a broad risk assessment annually.

ü **Stock Ownership Requirements** We maintain rigorous stock ownership requirements for our directors, executives and other members of senior management. Our CEO's requirement is 5x annual base pay; other NEOs' requirements are 2.5x annual base pay.

ü **Clawbacks** We can recover performance-based cash and equity incentive compensation paid to executives in various circumstances.

ü **Independent Compensation Consultant** The Compensation Committee retains Exequity to advise the Committee on executive compensation matters.

What We Don't Do

û **Excessive Risk-Taking in Our Compensation Programs** The Long Term Incentive Plans use multiple performance measures, capped payouts and other features intended to minimize the incentive to take overly risky

û **No Hedging or Pledging** Directors and executives are prohibited from hedging, pledging or engaging in any derivatives trading with respect to company stock.

actions.

û **No Tax Gross-ups** There are no tax gross-ups for perquisites or excise tax gross-ups in the event of a change of control related termination.

û **No Single-Trigger Employment Agreements** Any cash payments in executive employment agreements are subject to a double-trigger change in control condition.

û **No Backdating or Repricing of Stock Options** Stock options are never backdated or issued with below-market exercise prices. Re-pricing of stock options without stockholder approval is expressly prohibited.

COMPENSATION DISCUSSION AND ANALYSIS

Competitive Pay Philosophy

Centene must leverage its compensation and benefit programs to attract the best talent to compete and achieve aggressive operating objectives. Therefore, Centene views both private equity firms and competitors with larger revenue bases as significant competition for talent. Centene also recognizes that our Company is a source for these firms and competitors to recruit talent if the appropriate compensation programs are not in place at Centene.

For the components of target total compensation, the Compensation Committee's competitive objectives are for:

- base salaries to approximate the 50th percentile of similarly-sized organizations, based on revenues. The 50th percentile will be targeted in most instances; however, up to the 75th percentile is considered when recruiting talent from significantly larger companies and private equity firms or when the experience of the executive dictates a higher base salary;
- annual bonus targets to approximate the 50th percentile of similarly-sized organizations; and
- long term incentive targets to approximate the 50th percentile of similarly-sized organizations.

The goal of these objectives is that based on individual performance, actual total compensation will fall at the 50th percentile of total market based compensation for both the healthcare industry peer group and the general industry peer group for expected performance and between the 50th and 75th percentile based on extraordinary performance.

In order to achieve these objectives, the Compensation Committee establishes target, market-based total compensation levels (e.g., base salary, annual bonus target and long term incentives) from market data from two different peer groups:

A. Healthcare Industry Managed Care Peer Group

Using the Standard and Poor's Global Industry Classification System (GICS) codes, Towers Watson analyzed the managed care industry and determined there are three key segments in the industry:

i Managed Healthcare Companies

j Healthcare Facilities

k Healthcare Services

Based on further review by Towers Watson, the following companies were included in the Company's Healthcare Industry Managed Care Peer Group for use in determining compensation for NEOs for 2016.

32 Centene Corporation

Table of Contents**2016 NOTICE OF MEETING AND PROXY STATEMENT****COMPENSATION DISCUSSION AND ANALYSIS*****B. General Industry High-Performing Peer Group***

Since there is a market for executive talent both within and outside our industry, we also look at comparable companies that replicate the high growth rates the Company has achieved. Therefore, the market data the Compensation Committee utilizes includes not only the managed healthcare industry peer group of 16 companies, but also a general industry peer group of 35 companies also developed by Towers Watson. The median revenue of these 35 companies was \$13 billion with revenue ranging from \$8 billion to \$40 billion. The Compensation Committee believes that including this broader range of companies is likely to provide a more representative depiction of the overall competitive market for talent, as evidenced by several of our executives who came from companies outside of our industry. Towers Watson developed this group from its Executive Compensation Database and determined that each company in the group would meet at least three of the following criteria:

- i 5-year average return on invested capital > 10%

- i 5-year revenue CAGR > 10%

- i 5-year EPS CAGR > 10%

- i 5-year TSR CAGR > 10%

Benchmarking Methodology

The Compensation Committee engaged Towers Watson to gather, analyze and summarize the market data from the Towers Watson Executive Compensation Database for the CEO and the other four NEOs. In addition, the Compensation Committee reviewed additional data sources from Exequity in determining the compensation for the CEO. As mentioned previously, Exequity was retained independently by the Compensation Committee to provide recommendations for the CEO's compensation.

For this analysis, we size adjusted both the healthcare and general industry peer data to \$25 billion in revenues. The Compensation Committee also reviewed the data adjusted to \$50 billion to reflect the estimated future revenue based on our growth pattern combined with the Health Net acquisition.

All elements of compensation are valued and reviewed in evaluating the relative competitiveness of our compensation practices against both the market data and the Compensation Committee's competitive objectives. In addition, the Compensation Committee annually reviews a tally sheet for each NEO, which includes the current value of all outstanding equity-based awards, benefits and perquisites. The Compensation Committee uses the tally sheets to analyze each NEO's base salary, annual incentive target and long term incentive opportunity in relation to the market and each component of compensation as a percentage of total compensation.

Base Salaries

While reviewing market data from Exequity and Towers Watson to determine appropriate annual base salaries, the Compensation Committee also considers:

- i the Chief Executive Officer's compensation recommendations for all other NEOs;
- i the scope of responsibility, experience, time in position and individual performance of each officer, including the Chief Executive Officer;
- i each executive's leadership performance and potential to enhance long term stockholder value; and
- i internal equity.

COMPENSATION DISCUSSION AND ANALYSIS

Annual Cash Incentive

The Compensation Committee rewards NEOs with an Annual Cash Incentive bonus for achieving the Company's EPS objective. The Committee assesses how each NEO contributed to achieving this EPS objective and other pre-determined objectives approved by the Compensation Committee in early February of the current year. The Compensation Committee follows a two-step process to determine the amount of bonus earned each year:

1. The Company must meet a specific EPS objective during the year before any payments may be made. If the Company does not meet its threshold performance, no payments are made. For example, in 2012, the Company did not reach its threshold EPS objective and, accordingly, no annual bonuses were paid.
2. In addition, each NEO's individual performance is assessed by Management and the Compensation Committee against the pre-determined objectives. If these pre-determined objectives were met, exceeded or not met, then the annual bonus could equal, exceed or be less than target, respectively. Included in each NEO's determination is the achievement of an individual goal related to risk management.

Individual awards under our bonus plan are approved by the Compensation Committee based primarily upon:

- i business performance versus our business plan;
- i the effectiveness of each executive's leadership performance and potential to enhance long term stockholder value;
- i targeted bonus amounts, which are based upon market data; and
- i the recommendation of the Chief Executive Officer (for all NEOs other than the CEO).

Long Term Incentives

Our long term incentive compensation is designed to attract and retain key executives, build an integrated management team, reward for innovation and appropriate risk-taking, balance short term planning with long term successes and align executive and stockholder interests. TSR, revenue growth, and pre-tax operating margin targets as well as competitive market practices are all used by the Compensation Committee in determining long term incentives.

These long term incentives take the form of the following:

- i **Performance Based Restricted Stock Units (PSUs)** which are based on meeting pre-determined performance targets (pre-tax margin and revenue growth), vest at the end of the three-year performance period.

- i **Restricted Stock Units (RSUs)** which vest over three years.

- i **Cash Long Term Incentive Plan (Cash LTIP)** which is based on meeting three year TSR, pre-tax margin and revenue growth metrics.

Long term incentives are provided both through equity (PSUs and RSUs) and cash, ensuring that the maximum number of shares of common stock granted in any calendar year (excluding shares granted in connection with an acquisition) does not exceed a level associated with competitive practice. Excluding acquisitions, the Company does not annually grant equity compensation exceeding 2% of the outstanding shares of the Company. PSUs and RSUs are normally granted at the annual December Compensation Committee meeting, but may also be awarded at other Compensation

Committee meetings for a promotion, extraordinary performance, a newly hired executive or as determined by the Compensation Committee.

Cash LTIP Award Performance Targets

The Compensation Committee utilizes the Cash LTIP, which is a three year performance program, to complement the stock incentive plan, manage dilution and supplement the number of shares available under the Company's stock incentive plan. Each NEO is awarded a grant at the beginning of the three-year cycle based on the following targets:

i Chairman & CEO 150% of Prior Year's Annual Salary

i Other NEOs 100% of Prior Year's Annual Salary

Cash awards are paid annually, if earned, after completion of each 3 year performance cycle, and targets are announced annually prior to the beginning of each 3 year performance cycle.

The Compensation Committee sets performance targets at levels it believes to be rigorous and challenging. The performance criteria may include any of the metrics identified in the plan document. The Compensation Committee may determine that the performance parameters used to measure the appropriate pay out include or exclude items which are deemed extraordinary. These items include but are not limited to those stated in the plan document.

In order for a NEO to earn a Cash LTIP payout, at least one of the following metric thresholds must be achieved: pre-tax margin percentage, revenue CAGR percentage or TSR relative to the healthcare industry peer group. These metrics are applicable for the 2014-2016 cycle (awarded in December 2013), the 2015-2017 cycle (awarded in December 2014), and the 2016-2018 cycle (awarded in December 2015).

Other Benefits

We provide our NEOs with a defined contribution 401(k) retirement program which is the same program that is generally provided to all our employees. We also provide our NEOs with a non-qualified deferred compensation plan to make up for matching contributions that are capped by compensation limits imposed on qualified retirement plans

under the Internal Revenue Code. We do not provide our NEOs with a defined benefit retirement program. We also do not provide retiree medical coverage to our NEOs, with the exception of Mr. Neidorff, as specified in his employment agreement.

With respect to most other benefits, the benefits provided to NEOs and other executive officers are comparable to those provided to the majority of salaried and hourly Company employees. We require all NEOs to have their tax returns prepared or reviewed by an independent certified public accounting firm. Due to this requirement, costs related to these services are paid by the Company. In addition, each NEO has the option to use a financial advisor for fees that do not exceed \$15,000 annually in total for both tax preparation and financial advisement.

The Board of Directors believes that additional security is required for the position of Chairman, President and Chief Executive Officer and other NEOs. Pursuant to a policy implemented by our Board, Mr. Neidorff is required to use Company provided aircraft for all air travel. We also have an aircraft time sharing agreement with Mr. Neidorff that permits him to reimburse us for incremental costs when he uses the aircraft for personal travel. In addition, we provide home security services to Mr. Neidorff. Mr. Neidorff's personal use of Company aircraft and home security services are fully taxable to him and are not grossed up to cover his personal income tax liability. Home security services are also provided to our NEOs, and these costs are also fully taxable to them and are not grossed up to cover any personal income tax liability.

Table of Contents**2016 NOTICE OF MEETING AND PROXY STATEMENT****COMPENSATION DISCUSSION AND ANALYSIS****SECTION 4 Other Compensation Policies and Information***Stock Ownership Guidelines*

Centene utilizes stock ownership guidelines for our NEOs, corporate officers and Board of Directors. We believe that ownership of our stock helps align the interests of our executives and stockholders and encourages executives to act in a manner that is expected to increase stockholder value. The stock ownership guidelines for our officers are as follows:

	Minimum Ownership Requirement as a Multiple of Base Salary
Chairman, President and Chief Executive Officer	5x
Executive Vice Presidents	2.5x
Senior Vice Presidents	2x
Plan & Specialty Company Presidents and Corporate Vice Presidents	1x

The Compensation Committee annually reviews the stock ownership levels of the Board of Directors and all officers. Future stock awards take into consideration the executive's level of attainment of the suggested stock ownership amount. The Compensation Committee may elect to award the annual incentive to an executive in stock instead of cash if the suggested stock ownership amount is not achieved.

Officers who fail to achieve these ownership levels may not be eligible to receive any stock-based awards until they achieve their required ownership level. Shares owned directly by the officer (including those held as a joint tenant or as tenant in common), unvested RSUs, shares owned in a self-directed IRA, phantom shares held in the deferred compensation plan and certain shares owned or held for the benefit of a spouse or minor children are counted toward the guidelines. Options and unearned PSUs are not counted toward the ownership guidelines.

The Board has established a policy requiring executive officers to retain ownership of the shares received from the vesting or payout of any RSU award granted under our stock incentive plan (net of any shares used to satisfy tax

obligations) for one year following such vesting or payout. An executive may substitute the tax basis of the shares under restriction for other shares held outright.

As of the close of the last fiscal year and the date of this report, all NEOs subject to the ownership guidelines are in compliance with the guidelines. At \$65.81 per share (the December 31, 2015 closing stock price), ownership percentages of our executive officers were as follows:

Name	Ownership as a Multiple of 2015 Base Salary
Michael F. Neidorff	210.4x
William N. Scheffel	14.7x
K. Rone Baldwin	12.7x
Carol E. Goldman	16.6x
Jesse N. Hunter	22.7x

Our stock ownership guidelines for members of our Board of Directors require them to own 40,000 shares of common stock. As of December 31, 2015, all Directors were in compliance with this requirement.

Pledging Policy

In February 2014, the Board of Directors amended the Company's insider trading policy to prohibit pledging of shares by executive officers and members of the Board of Directors. As of February 26, 2016, all executive officers and directors were in compliance with this policy.

Risk Disclosure

The Compensation Committee is aware of the consequences to companies that have not appropriately balanced risk and rewards in executive compensation. The Compensation Committee believes that the emphasis on long term performance in the stock incentive plan and the Cash LTIP results in an overall compensation program that does not reward excessive risk-taking for the Company. Risk is further limited by the ownership guidelines mentioned previously and a clawback provision that provides that any cash bonuses that are paid from the annual incentive plan or Cash LTIP or vesting of performance based RSUs that are a result of material financial impropriety (as defined by the Audit Committee of the Board of Directors), including but not limited to financial restatements due to these improprieties, may result in any officers becoming obligated to pay back the amount to the Company.

The Company's compensation strategy is intended to mitigate risk by emphasizing long term compensation and financial performance measures correlated with growing stockholder value rather than rewarding shorter performance and payout periods. A recent review of the Company's compensation programs did not identify any programs that unduly incentivize employees to take any excessive risks.

Employment Contracts, Termination of Employment Arrangements, and Change in Control Arrangements

CEO Employment Agreement

Michael F. Neidorff serves as Chairman of our Board of Directors and our President and Chief Executive Officer pursuant to an employment agreement dated November 8, 2004 (as amended). Under this agreement, we paid Mr. Neidorff a 2015 annual salary of \$1.2 million and will pay Mr. Neidorff a 2016 annual salary of \$1.5 million, which is subject to an annual review by our Board of Directors. Mr. Neidorff is eligible for a target annual incentive of 150% of base salary. The agreement also awarded Mr. Neidorff 2,000,000 RSUs as of November 8, 2004. Of these RSUs, 60% vested in 2009 and the remaining 40% vested ratably from 2010 through 2014. The RSUs and all of the related shares of common stock shall be distributed to Mr. Neidorff on the later of (a) January 15 of the first calendar year following termination of Mr. Neidorff's employment or (b) the date that is six months after Mr. Neidorff's separation of service as defined in the Code.

In 2013, the Board of Directors and Mr. Neidorff agreed to extend the contract beyond the previous termination date to ensure continuity in the business and an orderly transition of leadership in 2017. The amendment eliminated the single trigger for severance payment following a change of control by amending the definition of good reason to eliminate his ability to terminate his employment for any reason during the one month period beginning on the six-month anniversary of a change in control of the Company. It also eliminated tax gross-up benefits for excise taxes payable upon change in control; extended the term of the employment agreement to December 31, 2017; and provided for the grant of 60,000 restricted stock units.

Mr. Neidorff has agreed not to compete with us or solicit any of our employees during the term of his employment and for 12 months thereafter. Mr. Neidorff's employment may be terminated by the Company for cause or permanent disability, or by Mr. Neidorff for good reason. If Mr. Neidorff is terminated by the Company without cause or if he terminates for good reason, he is entitled to receive salary continuation for a period of 36 months or the remaining term of the agreement, whichever is shorter (but not less than six months), lifetime health and dental coverage (to which he would be entitled under the Consolidated Omnibus Budget Reconciliation Act of 1985, or COBRA), lifetime life insurance coverage, lifetime medical insurance for him and his eligible dependent, full acceleration of any unvested stock options or other equity awards held by him, and acceleration of a portion of unvested RSUs awarded pursuant to the agreement based on certain stipulations. Upon a change in control during the term of this agreement, any unvested RSUs and any unvested stock options or other equity awards held by Mr. Neidorff will vest in full.

Severance and Change in Control Agreements

K. Rone Baldwin, Carol E. Goldman, Jesse N. Hunter and William N. Scheffel serve as executive officers pursuant to executive severance and change in control agreements (the agreements, as amended), and their 2016 annual salaries are \$650,000, \$625,000, \$650,000 and \$750,000, respectively.

The agreements generally provide that, if within 24 months following a change in control (as defined in the agreements), the executive's employment is terminated by the Company other than for cause (as defined in the agreements) or by the executive for good reason (as defined in the agreements), the executive will receive a lump sum cash payment equal to the sum of (1) an amount equal to 24 months of salary, (b) the average of the executive's last two annual bonuses multiplied by two, and (c) a prorated annual bonus for the year in which the termination occurs. The executive also will receive 18 months of medical coverage. The executive's existing equity awards will vest in full at the time of a change in control.

The agreements also generally provide that, if an executive's employment is terminated by the Company other than for cause or by the executive for good reason in the absence of a change in control, the executive will receive 12 months of salary continuation, a prorated annual bonus for the year in which the termination occurs, 12 months of medical coverage and 12 months of continued vesting of the executive's existing equity awards. **These NEOs amended their agreements in February 2015 to eliminate tax gross-up benefits for excise taxes payable upon a change in control.**

Under the terms of any new executive employment agreement, if any parts or amounts payable under the agreement are deemed to be excess parachute payments within the meaning of Section 280G of the Code or similar provision, the executive will be required to pay any additional taxes.

In the agreements, the executives agree to non-competition and non-solicitation provisions that extend through the first anniversary of termination of employment, unless the termination was due to a hostile takeover as defined in the agreement. In 2012, the agreements were amended to eliminate the non-compete and non-solicitation provisions under any change in control.

The Board has determined that it is in our best interests and our stockholders to assure that we will have the continued dedication of the executive, notwithstanding the possibility, threat, or occurrence of a change in control. The Board believes it is imperative to diminish the inevitable distraction of the executive by virtue of the personal uncertainties and risks created by a pending or threatened change in control, to encourage the executive's full attention and dedication to the Company, and to provide

the executive with compensation and benefits arrangements upon a change in control which (i) will satisfy the executive's compensation and benefits expectations and (ii) are competitive with those of other major corporations.

Deductibility of Executive Compensation

Section 162(m) of the Code generally disallows a tax deduction to a publicly traded company for compensation in excess of \$1 million paid to its Chief Executive Officer and its three other most highly compensated Executive Officers, excluding the Chief Financial Officer. Some types of compensation, including qualified performance based compensation, will not be subject to the deduction limit if specified requirements are met. In general, we structure and administer our stock incentive plans in a manner intended to comply with the performance based exception to Section 162(m). Additionally, we intend that our Annual Cash Incentive Plan complies with the performance based exception to Section 162(m). Nevertheless, there can be no assurance that compensation attributable to awards granted under our stock incentive plans, our Annual Cash Incentive Plan or our Long Term Incentive Plan will be treated as qualified performance based compensation under Section 162(m).

Section 162(m)(6), which was enacted as part of the Patient Protection and Affordable Care Act (PPACA), amended the Code to limit the amount that certain healthcare insurers and providers, including the Company, may deduct for compensation to any employee in excess of \$500,000 for a tax year beginning after December 31, 2012. This legislation does not create any exceptions for performance-based compensation. The Compensation Committee did not consider the impact of this legislation when reviewing and determining executive compensation. However, the Compensation Committee reserves the right to use its judgment to authorize compensation payments that may be subject to the limit when the Compensation Committee believes such payments are appropriate and in the best interests of our stockholders, after taking into consideration changing business conditions and the performance of its employees. Upon the completion of the merger with Health Net, Inc., we expect to be subject to this legislation in 2016 with respect to the former Health Net employees. We expect Centene, as a whole, to be subject to the limitation in 2017.

¹ The amounts reported as Stock Awards for Mr. Neidorff, Mr. Baldwin, Ms. Goldman and Mr. Hunter reflect the grant date fair value of grants made during the current year under the 2012 Stock Incentive Plan. The amounts reported as Stock Awards for Mr. Scheffel reflect the fair value of modifications made to his existing stock awards to accelerate the vesting of unvested awards upon his retirement.

Assumptions used in the calculation of this amount for the fiscal year ended December 31, 2015 are included in footnote 15 to the Company's audited financial statements for the fiscal year ended December 31, 2015 included in the Company's Annual Report on Form 10-K filed with the SEC on February 22, 2016. There can be no assurance that the grant date fair value of Stock Awards will ever be realized. Stock awards granted in December 2015, 2014 and 2013 to the NEOs consisted of performance based awards and service based awards. If the maximum performance metrics are achieved, the grant date fair value of the performance awards would be \$12,331,200 for Mr. Neidorff, \$1,988,000 for Mr. Baldwin, \$1,846,000 for Ms. Goldman, and \$2,272,000 for Mr. Hunter. The Summary Compensation Table reflects the probable amount of shares to be earned under the performance condition.

² 2015 Non-Equity Incentive Plan Compensation includes both the annual cash incentive and the cash LTIP award payouts.

³ All other compensation includes \$243,938 of personal use of Company provided aircraft. Pursuant to the policy established by our Board, our Chairman, President and Chief Executive Officer is required to use Company provided aircraft for all travel, a taxable benefit to Mr. Neidorff pursuant to the applicable Internal Revenue Service regulations. For flights on corporate aircraft, the cost is calculated based on a cost-per-flight-hour charge developed by a nationally recognized and independent service, offset by any timeshare payments by the executive. This charge reflects the operating and periodic maintenance costs of the aircraft, crew travel expenses and other miscellaneous costs. We have an aircraft time sharing agreement with Mr. Neidorff under which he is permitted to reimburse us for the incremental costs of his personal use of corporate aircraft consistent with FAA regulations. The other amounts included in other compensation for Mr. Neidorff include \$150,790 in life insurance benefits, \$137,435 in nonqualified deferred compensation match, \$74,040 in security services, and \$31,950 in tax preparation and financial advisor fees, Company entertainment event tickets, and 401(k) match.

⁴ All other compensation includes nonqualified deferred compensation match, 401(k) match, tax preparation and financial advisor fees, security services, as well as life insurance benefits. The other amounts included in other compensation for Mr. Scheffel and Mr. Hunter include \$45,388 and \$36,399, respectively, in nonqualified deferred compensation match.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Potential Payments Upon Termination or Change in Control

The section below describes the payments that may be made to our NEOs upon termination or a change in control. Generally, pursuant to our executive agreements, a change in control is deemed to occur:

- i If any individual, entity or group (other than a group which includes the executive) acquires 40% or more of the voting power of our outstanding securities;
- i If a majority of the incumbent Board of Directors are replaced. For these purposes, the incumbent Board of Directors means the Directors who were serving as of the effective date of the applicable executive agreement and any individual who becomes a Director subsequent to such date whose election or nomination for election was approved by a majority of such Directors, other than in connection with a proxy contest; or
- i Upon the consummation of a merger or consolidation of the Company with another person, other than a merger or consolidation where the individuals and entities who were beneficial owners, respectively, of our outstanding voting securities immediately prior to such merger or consolidation own 50% or more of the then-outstanding shares of the combined voting power of the then-outstanding voting securities of the corporation resulting from such merger or consolidation.

The amounts presented below assume the termination or change in control occurred as of December 31, 2015. The NEOs would receive other payments and benefits to which they were already entitled or vested on such date, including amounts under the Deferred Compensation Plan under the Nonqualified Deferred Compensation Table. The applicable agreements are discussed in the CD&A under the heading Employment Contracts, Termination of Employment Arrangements, and Change in Control Arrangements included in this proxy statement. The change in control cash payments are subject to the conditions of the double-trigger criteria in each of the NEOs employment agreements. Additionally, Mr. Scheffel, Ms. Goldman, Mr. Hunter and Mr. Baldwin amended their employment agreements in February 2015 to eliminate tax gross-up benefits for excise taxes payable upon change in control, and therefore, those amounts are excluded from the tables below.

Section 16(a) Beneficial Ownership Reporting Compliance

Directors, executive officers and beneficial owners of more than ten percent of our common stock are required by Section 16(a) of the Exchange Act to file reports with the SEC detailing their beneficial ownership of our common stock and other equity securities and reporting changes in such beneficial ownership. We are required to disclose any late filings of such reports. To our knowledge, based solely on our review of copies of reports furnished to us and written representations by the persons required to file these reports that no reports were required, all Section 16(a) filing requirements during 2015 were complied with on a timely basis, except that, due to administrative error, Mr. Gephardt did not timely file a Form 4, reporting a deferred compensation share award of 491 shares, Ms. Brinkley did not timely file a Form 4, reporting a phantom stock acquisition of 274 shares, and Ms. Goldman did not timely file a Form 4, reporting 13 gifts totaling 328,516 shares.

If an executive officer or member of the Board wants to sell shares of the Company's stock, we require them to sell through a Rule 10b5-1 sales plan in order to afford themselves affirmative defenses, protections and safeguards provided by Rule 10b5-1 promulgated under the Exchange Act.

Submission of Future Stockholder Proposals

Under SEC rules, a stockholder who wishes to present a proposal, including nomination of a Director, for inclusion in our proxy statement for our 2017 Annual Meeting of Stockholders must submit the proposal in writing to Keith H. Williamson, our Secretary, at 7700 Forsyth Boulevard, St. Louis, Missouri 63105, before November 14, 2016. SEC rules set standards for the types of stockholder proposals and the information that must be provided by the stockholder making the request.

A stockholder may also submit a proposal to be considered at our 2017 Annual Meeting of Stockholders pursuant to our By-Laws (and not under SEC rules). In that case, the proposal would not be required to be included in our proxy statement for our 2017 Annual Meeting of Stockholders and the proposal must be received by our Secretary not less

than 120 days nor more than 150 days before the first anniversary of the 2016 Annual Meeting. This notice must include the information required by the provisions of our By-Laws, a copy of which may be obtained by writing to our Secretary at the address specified above. The deadline for delivery of a stockholder proposal pursuant to our By-Laws would be between November 27, 2016 and December 27, 2016.

We have not set a date for our 2017 Annual Meeting of Stockholders. If the date of our 2017 Annual Meeting of stockholders is advanced or delayed by more than 30 days from April 26, 2017, we shall inform our stockholders, in our earliest possible quarterly report on Form 10-Q, of such change and the new dates for submitting stockholder proposals.
