(To Prospectus dated April 11, 2016)

3,600,000 Shares

5.875% Series A Cumulative Redeemable Preferred Stock

(Liquidation Preference \$25.00 Per Share)

We are offering 3,600,000 shares of our 5.875% Series A Cumulative Redeemable Preferred Stock, par value \$0.01 per share, which we refer to in this prospectus supplement as the series A preferred stock. We will pay cumulative dividends on the series A preferred stock from the date of original issue at a rate of 5.875% per annum of the \$25.00 liquidation preference per share (equivalent to an annual rate of \$1.46875 per share). Dividends on the series A preferred stock will be payable quarterly in arrears on or about the last day of March, June, September and December of each year, beginning December 31, 2016. The series A preferred stock will rank senior to our common stock with respect to dividend rights and rights upon our liquidation, dissolution or winding up.

Generally, we are not allowed to redeem the series A preferred stock prior to August 16, 2021 except in limited circumstances to preserve our status as a real estate investment trust, or REIT, and pursuant to the special optional redemption provision described below. On or after August 16, 2021 we may, at our option, redeem the series A preferred stock, in whole or in part, at any time or from time to time, for cash at a redemption price of \$25.00 per share, plus all accrued and unpaid dividends on such series A preferred stock up to, but not including, the redemption date. In addition, upon the occurrence of a change of control, as a result of which neither our common stock, par value \$0.01 per share, nor the common securities of the acquiring or surviving entity (or American Depositary Receipts, or ADRs, representing such securities) is listed on the New York Stock Exchange, or NYSE, the NYSE MKT LLC, or the NYSE MKT, or the NASDAQ Stock Market, or NASDAQ, or listed or quoted on a successor exchange or quotation system, we may, at our option, redeem the series A preferred stock, in whole or in part within 120 days after the first date on which such change of control occurred, by paying \$25.00 per share, plus any accrued and unpaid dividends to, but not including, the date of redemption. If we exercise any of our redemption rights relating to the series A preferred stock, the holders of series A preferred stock will not have the conversion right described below. The series A preferred stock has no stated maturity and is not subject to mandatory redemption at the option of the holder or any sinking fund. Holders of shares of the series A preferred stock will generally have no voting rights except for limited voting rights if we fail to pay dividends for six or more quarterly periods (whether or not consecutive) and in certain other circumstances.

Upon the occurrence of a change of control, as a result of which neither our common stock nor the common securities of the acquiring or surviving entity (or ADRs representing such securities) is listed on the NYSE, the NYSE MKT or NASDAQ or listed or quoted on a successor exchange or quotation system, each holder of series A preferred stock

will have the right (unless, prior to the Change of Control Conversion Date (as defined herein), we have provided or provide notice of our election to redeem the series A preferred stock) to convert some or all of the series A preferred stock held by it into a number of shares of our common stock per share of series A preferred stock to be converted equal to the lesser of:

the quotient obtained by dividing (i) the sum of the \$25.00 liquidation preference plus the amount of any accrued and unpaid dividends thereon to, but not including, the Change of Control Conversion Date (unless the Change of Control Conversion Date is after a record date for a series A preferred stock dividend payment and prior to the corresponding series A preferred stock dividend payment date, in which case no additional amount for such accrued and unpaid dividend will be included in this sum) by (ii) the Common Stock Price (as defined herein); and

2.2738, or the Share Cap, subject to certain adjustments; subject, in each case, to provisions for the receipt of alternative consideration as described in this prospectus supplement.

RISK FACTORS

*Investing in the series A preferred stock involves a high degree of risk. In addition to the other information in this prospectus supplement, you should carefully consider the following risks, the risks described in our Annual Report on Form 10-K for the year ended December 31, 2015, as well as the other information and data set forth in this prospectus supplement, the accompanying prospectus and the documents incorporated by reference herein and therein before making an investment decision with respect to our series A preferred stock. The occurrence of any of the following risks could materially and adversely affect our business, prospects, financial condition, results of operations and our ability to make cash distributions to our stockholders, which could cause you to lose all or a part of your investment in our series A preferred stock. Some statements in this prospectus supplement, including statements in the following risk factors, constitute forward-looking statements. See *Forward-Looking Statements*.*

Risks Related to Our Properties and Our Business

As of the date of this prospectus supplement, we had approximately \$503 million of consolidated indebtedness outstanding, which may expose us to interest rate fluctuations, and our debt service obligations with respect to such indebtedness will reduce cash available for distribution, including cash available to pay dividends on our series A preferred stock, and expose us to the risk of default under our debt obligations.

Our total consolidated indebtedness, as of the date of this prospectus supplement, was approximately \$503 million; including \$325 million in principal amount under our unsecured term loan credit facilities, \$100 million in principal amount under our senior notes and approximately \$78 million in principal amount of mortgage debt. In addition, as of the date of this prospectus supplement, approximately \$225 million of our outstanding long-term debt is exposed to fluctuations in short-term interest rates. We may incur significant additional debt to finance future acquisition and development activities.

Payments of principal and interest on borrowings may leave us with insufficient cash resources to operate our properties or to pay the current level of dividends on our common stock or necessary to maintain our REIT qualification, or to pay dividends on the series A preferred stock. Our level of debt and the limitations imposed on us by our debt agreements could have significant adverse consequences, including the following:

our cash flow may be insufficient to meet our required principal and interest payments;

we may be unable to borrow additional funds as needed or on favorable terms, which could, among other things, adversely affect our ability to meet operational needs;

we may be unable to refinance our indebtedness at maturity or the refinancing terms may be less favorable than the terms of our original indebtedness;

because a significant portion of our debt bears interest at variable rates, increases in interest rates could increase our interest expense;

we may be forced to dispose of one or more of our properties, possibly on unfavorable terms or in violation of certain covenants to which we may be subject;

we may violate restrictive covenants in our loan documents, which would entitle the lenders to accelerate our debt obligations and in some cases commence foreclosure proceedings on one or more of our properties; and

our default under any loan could result in a default on other indebtedness with cross default provisions. If any one of these events were to occur, our financial condition, results of operations, cash flows and our ability to make distributions on, and the per share trading price of, our series A preferred stock could be adversely affected. Furthermore, foreclosures could create taxable income without accompanying cash proceeds, which could hinder our ability to meet the REIT distribution requirements imposed by the Code.

Risks Related to this Offering

The series A preferred stock is a new issuance, with no stated maturity date and does not have an established trading market, which may negatively affect its market value and your ability to transfer or sell your shares.

The shares of series A preferred stock are a new issue of securities with no established trading market. In addition, because the series A preferred stock has no stated maturity date, investors seeking liquidity will be limited to selling their shares in the secondary market. We intend to file an application to list the series A preferred stock on the NYSE under the symbol REXR Pr A but there can be no assurance that the NYSE will approve the series A preferred stock for listing. Even if the NYSE approves our application, however, an active trading market on the NYSE for the shares may not develop or, even if it develops, may not last, in which case the trading price of the shares could be adversely affected and your ability to transfer your shares of series A preferred stock will be limited.

We have been advised by the underwriters that they intend to make a market in the shares of the series A preferred stock prior to the commencement of trading on the NYSE, but they are not obligated to do so and may discontinue market-making at any time without notice.

Our series A preferred stock has not been rated and is subordinated to our existing and future debt.

Our series A preferred stock has not been rated by any nationally recognized statistical rating organization, which may negatively affect its market value and your ability to sell it. It is possible that one or more rating agencies might independently determine to issue such a rating or that such a rating, if issued, could adversely affect the market price of our series A preferred stock. In addition, we may elect in the future to obtain a rating of our series A preferred stock, which could adversely impact its market price. Ratings only reflect the views of the rating agency or agencies issuing the ratings and they could be revised downward or withdrawn entirely at the discretion of the issuing rating agency if in its judgment circumstances so warrant. Any such downward revision or withdrawal of a rating could have an adverse effect on the market price of our series A preferred stock.

Market interest rates and other factors may affect the value of the series A preferred stock and our common stock.

One of the factors that will influence the prices of the series A preferred stock and our common stock will be the dividend yield on the series A preferred stock and our common stock relative to market interest rates. An increase in market interest rates could cause the market prices of the series A preferred stock and our common stock to go down. The trading prices of the shares of the series A preferred stock and our common stock will also depend on many other factors, which may change from time to time, including:

the market for similar securities;

government action or regulation;

actual or anticipated variations in our quarterly operating results or dividends;

changes in our funds from operations or earnings estimates;

publication of research reports about us or the real estate industry;

increases in market interest rates that lead purchasers of our shares to demand a higher yield;

changes in market valuations of similar companies;

adverse market reaction to any additional debt we incur in the future;

additions or departures of key management personnel;

actions by institutional stockholders;

speculation in the press or investment community;

the realization of any of the other risk factors presented in this prospectus supplement, including the risks incorporated by reference herein from our most recent Annual Report on Form 10-K;

the extent of investor interest in our securities;

the general reputation of REITs and the attractiveness of our equity securities in comparison to other equity securities, including securities issued by other real estate-based companies;

our underlying asset value;

investor confidence in the stock and bond markets, generally;

changes in tax laws;

future equity issuances;

failure to meet earnings estimates;

failure to qualify and maintain our qualification as a REIT or the failure of any REIT that we form or acquire to qualify and maintain its qualification as a REIT;

changes in our credit ratings;

litigation or threatened litigation, which may divert our management's time and attention, require us to pay damages and expenses or restrict the operation of our business;

general market and economic conditions;

our issuance of debt or preferred equity securities; and

our financial condition, results of operations and prospects.

As a result of these and other factors, investors who purchase the series A preferred stock in this offering may experience a decrease, which could be substantial and rapid, in the market price of the series A preferred stock, including decreases unrelated to our operating performance or prospects. Likewise, in the event that the series A preferred stock becomes convertible upon a Change of Control and is converted into our common stock, holders of

our common stock issued on conversion may experience a similar decrease, which also could be substantial and rapid, in the market price of our common stock.

Our unsecured revolving credit facility, unsecured term loan facilities and senior notes may limit our ability to pay distributions to holders of the series A preferred stock.

Our unsecured revolving credit facility, unsecured term loan facilities and senior notes prohibit us from making distributions to our stockholders, or redeeming or otherwise repurchasing shares of our capital stock, including the series A preferred stock, after the occurrence and during the continuance of an event of default, except in limited circumstances as necessary to enable us to maintain our qualification as a REIT. Consequently, after the occurrence and during the continuance of an event of default under our unsecured revolving credit facility, unsecured term loan facilities or senior notes, we may not be able to pay all or a portion of the dividends payable to the holders or make redemptions or repurchases of series A preferred stock.

In addition, in the event of a default under our unsecured revolving credit facility, unsecured term loan facilities or senior notes, we would be unable to borrow under such facilities and any amounts we have borrowed thereunder could become immediately due and payable. The agreements governing our future debt instruments may also include restrictions on our ability to pay dividends to holders or make redemptions or repurchase of the series A preferred stock.

Table of Contents

Shares of the series A preferred stock are subordinated to existing and future debt and your interests could be diluted by the issuance of additional preferred stock, including additional shares of the series A preferred stock, and by other transactions.

Payment of accrued dividends on the series A preferred stock will be subordinated to all of our existing and future debt and will be structurally subordinated to the obligations of our subsidiaries. In addition, we may issue additional shares of series A preferred stock or shares of another class or series of preferred stock ranking on parity with (or, upon the affirmative vote or consent of the holders of at least two-thirds of the outstanding shares of series A preferred stock and each other class or series of parity preferred stock with which the holders of series A preferred stock are entitled to vote together as a single class, voting together as a single class, senior to) the series A preferred stock with respect to the payment of dividends and the distribution of assets upon liquidation, dissolution or winding up. Other than the conversion right afforded to holders of series A preferred stock upon the occurrence of a Change of Control as described under [Description of the Series A Preferred Stock Conversion Rights](#) and other than the limited voting rights as described under [Description of the Series A Preferred Stock Limited Voting Rights](#) below, none of the provisions relating to the series A preferred stock relate to or limit our indebtedness or afford the holders of the series A preferred stock protection in the event of a highly leveraged or other transaction, including a merger or the sale, lease or conveyance of all or substantially all our assets or business, that might adversely affect the holders of the series A preferred stock. These factors may affect the trading price of the series A preferred stock.

As a holder of series A preferred stock you have extremely limited voting rights.

Your voting rights as a holder of series A preferred stock will be limited. Shares of our common stock are currently the only class of our securities carrying full voting rights. Voting rights for holders of series A preferred stock exist primarily with respect to voting on amendments to our charter, including our articles supplementary (in some cases, voting together with the holders of other series of parity preferred stock upon which like voting rights have been conferred and are exercisable), that materially and adversely affect the rights of the series A preferred stock or create additional classes or series of preferred stock that are senior to the series A preferred stock and the ability to elect (voting separately as a class with all classes and series of preferred stock upon which like voting rights have been conferred and are exercisable) two additional directors to our board of directors in the event that six quarterly dividends (whether or not consecutive) payable on the series A preferred stock are in arrears. See [Description of the Series A Preferred Stock Limited Voting Rights](#).

The Change of Control conversion feature may not adequately compensate you and may make it more difficult for a party to take over our company or discourage a party from taking over our company.

Upon the occurrence of a Change of Control, holders of the series A preferred stock will have the right (unless, prior to the Change of Control Conversion Date, we have provided or provide notice of our election to redeem the series A preferred stock) to convert some or all of their series A preferred stock into shares of our common stock (or equivalent value of alternative consideration). See [Description of the Series A Preferred Stock Conversion Rights](#). Upon such a conversion, the holders will be limited to a maximum number of shares of our common stock equal to the Share Cap multiplied by the number of shares of series A preferred stock converted. If the Common Stock Price is less than \$11.00 (which is approximately 50% of the per-share closing sale price of our common stock reported on the NYSE on August 8, 2016), subject to adjustment, the holders will receive a maximum of 2.2738 shares of our common stock per share of series A preferred stock, which may result in a holder receiving a value that is less than the liquidation preference of the series A preferred stock. In addition, the Change of Control conversion feature of the series A preferred stock may have the effect of discouraging a third party from making an acquisition proposal for our company or of delaying, deferring or preventing certain change of control transactions of our company under circumstances that otherwise could provide the holders of our common stock and series A preferred stock with the

opportunity to realize a premium over the then-current market price or that stockholders may otherwise believe is in their best interests.

Table of Contents

The articles supplementary establishing the terms of the series A preferred stock will contain restrictions upon ownership and transfer of the series A preferred stock.

The articles supplementary establishing the terms of the series A preferred stock will contain restrictions on ownership and transfer of the series A preferred stock intended to assist us in maintaining our status as a REIT for United States federal income tax purposes. For example, the terms of the series A preferred stock and our charter will restrict any person from acquiring beneficial or constructive ownership of more than 9.8% (by value or number of shares, whichever is more restrictive) of the outstanding shares of our series A preferred stock or 9.8% (by value) of our outstanding capital stock. See Description of the Series A Preferred Stock Restrictions on Ownership and Transfer in this prospectus supplement and Restrictions on Ownership and Transfer in the accompanying prospectus. You should consider these ownership limitations prior to your purchase of the series A preferred stock. In addition, the articles supplementary will provide that, notwithstanding any other provision of the series A preferred stock, no holder of series A preferred stock will be entitled to convert such stock into our common stock to the extent that receipt of our common stock would cause the holder to exceed the ownership limitations contained in our charter, which may limit your ability to convert the series A preferred stock into our common stock upon a Change of Control. These ownership restrictions could also have anti-takeover effects and could reduce the possibility that a third party will attempt to acquire control of the company, which could adversely affect the market price of the series A preferred stock.

If our common stock is delisted, your ability to transfer or sell your shares of the series A preferred stock may be limited and the market value of the series A preferred stock will be materially adversely affected.

Other than in connection with certain change of control transactions, the series A preferred stock does not contain provisions that protect you if our common stock is delisted. Since the series A preferred stock has no stated maturity date, you may be forced to hold your shares of the series A preferred stock and receive stated dividends on the stock when, as and if authorized by our board of directors and declared by us with no assurance as to ever receiving the liquidation preference. In addition, if our common stock is delisted, it is likely that the series A preferred stock will be delisted as well. Accordingly, if our common stock is delisted, your ability to transfer or sell your shares of the series A preferred stock may be limited and the market value of the series A preferred stock will be materially adversely affected.

Our ability to pay dividends is limited by the requirements of Maryland law.

Our ability to pay dividends on the series A preferred stock is limited by the laws of Maryland. Under applicable Maryland law, a Maryland corporation generally may not make a distribution if, after giving effect to the distribution, the corporation would not be able to pay its debts as the debts become due in the usual course of business, or the corporation's total assets would be less than the sum of its total liabilities plus, unless the corporation's charter provides otherwise, the amount that would be needed, if the corporation were dissolved at the time of the distribution, to satisfy the preferential rights upon dissolution of stockholders whose preferential rights are superior to those receiving the distribution. Accordingly, we generally may not make a distribution on the series A preferred stock if, after giving effect to the distribution, we would not be able to pay our debts as they become due in the usual course of business or our total assets would be less than the sum of our total liabilities plus, unless the terms of such class or series provide otherwise, the amount that would be needed to satisfy the preferential rights upon dissolution of the holders of shares of any class or series of preferred stock then outstanding, if any, with preferences senior to those of the series A preferred stock.

Dividends on the series A preferred stock do not qualify for the reduced tax rates available for some dividends.

Income from qualified dividends payable to U.S. stockholders that are individuals, trusts and estates are generally subject to tax at preferential rates. Dividends payable by REITs, including the dividends on our series A preferred stock, however, generally are not eligible for the preferential tax rates applicable to qualified dividend income. Although these rules do not adversely affect our taxation or the dividends payable by us, to the

Table of Contents

extent that the preferential rates continue to apply to regular corporate qualified dividends, investors who are individuals, trusts and estates may perceive an investment in us to be relatively less attractive than an investment in the stock of a non-REIT corporation that pays dividends, which could materially and adversely affect the value of the shares of, and per share trading price of, our capital stock, including the series A preferred stock.

USE OF PROCEEDS

We estimate that the net proceeds to us from this offering will be approximately \$86.9 million after deducting the underwriting discount and other estimated offering expenses payable by us. We will contribute the net proceeds that we receive to the operating partnership in exchange for series A preferred units (as defined herein) in the operating partnership, the economic terms of which will be substantially similar to the series A preferred stock. Our operating partnership intends to use the net proceeds from this offering to fund potential acquisitions and for general corporate purposes, or a combination of the foregoing.

Pending application of cash proceeds, our operating partnership will invest the net proceeds from this offering in interest-bearing accounts and short-term, interest-bearing securities in a manner that is consistent with our intention to qualify for taxation as a REIT.

Table of Contents**RATIOS OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED STOCK DIVIDENDS**

Our ratios of earnings to fixed charges for the periods indicated are as follows:

	Rexford Industrial Realty, Inc.			Rexford Industrial Realty, Inc. Predecessor ⁽¹⁾			
	Six Months ended June 30, 2016	Year ended December 31, 2015	Year ended December 31, 2014	Period from July 24, 2013 to December 31, 2013	Period from January 1, 2013 to July 23, 2013	Year ended December 31, 2012	Year ended December 31, 2011
Ratio of Earnings to Fixed Charges and Preferred Stock Dividends	2.67	1.12	1.08	0.38	0.23	0.50	0.57

(1) Rexford Industrial Realty, Inc. Predecessor is the predecessor of our company prior to our initial public offering and consists of Rexford Industrial, LLC, Rexford Sponsor V, LLC and Rexford Industrial Fund V REIT, LLC and their consolidated subsidiaries, which consist of Rexford Industrial Fund I, LLC, Rexford Industrial Fund II, LLC, Rexford Industrial Fund III, LLC, Rexford Industrial Fund IV, LLC and Rexford Industrial Fund V, LP. Our ratios of earnings to fixed charges were computed by dividing earnings by fixed charges for Rexford Industrial Realty, Inc. and our majority owned subsidiaries or Rexford Industrial Realty, Inc. Predecessor, as applicable, for the periods indicated above. For this purpose, earnings consist of loss from continuing operations before equity in income from unconsolidated real estate entities, plus fixed charges, less capitalized interest. Fixed charges consist of interest expense, capitalized interest and rental expense at computed interest factor (the amounts of which represent those portions of rent expense (one-third) that are reasonable approximations of interest costs).

The computation of ratio of earnings to fixed charges indicates that earnings were inadequate to cover fixed charges on the basis of our historical financial statements by approximately \$1,102,000 for the period from July 24, 2013 to December 31, 2013, and Rexford Industrial Realty, Inc. Predecessor's historical financial statements by approximately \$7,279,000 for the period from January 1, 2013 to July 23, 2013, and \$8,436,000 and \$7,619,000 for the years ended December 31, 2012 and 2011, respectively.

For the periods shown, we had neither issued any shares of, nor paid any dividends on, preferred stock. Accordingly, the ratios of earnings to combined fixed charges and preferred stock dividends are not presented because they are identical to the ratios of earnings to fixed charges for each of the periods presented.

DESCRIPTION OF THE SERIES A PREFERRED STOCK

The following summary of the material terms and provisions of the series A preferred stock of Rexford Industrial Realty, Inc. does not purport to be complete and is qualified in its entirety by reference to the articles supplementary setting forth the terms of the series A preferred stock, our charter, our bylaws, as amended, each of which is available from us and is or will be filed with the SEC. This description of the particular terms of the series A preferred stock supplements, and to the extent inconsistent therewith replaces, the description of the general terms and provisions of our preferred stock set forth in the accompanying prospectus.

General

Our board of directors and a duly authorized committee of our board of directors classified 3,600,000 shares of the company's authorized but unissued preferred stock as, and approved articles supplementary setting forth the terms of, a series of the company's preferred stock, designated as the 5.875% Series A Cumulative Redeemable Preferred Stock, or the series A preferred stock. Before the issuance of any shares of series A preferred stock, we will execute and file such articles supplementary with the State Department of Assessments and Taxation of Maryland. We will also amend and restate the partnership agreement of our operating partnership to designate and set forth the terms of the 5.875% Series A Cumulative Redeemable Preferred Units of partnership interest in our operating partnership, or series A preferred units, which will have rights as to distributions and in connection with the liquidation, dissolution and winding up of our operating partnership substantially similar to those of the series A preferred stock and which will be automatically redeemable by our operating partnership for cash or other consideration, and automatically convertible into common units of partnership interest in our operating partnership, at the same time and for the same consideration as shares of our series A preferred stock are redeemed or converted. When issued in accordance with this prospectus supplement and the accompanying prospectus, the series A preferred stock will be validly issued, fully paid and nonassessable. Our board of directors may authorize the classification, issuance and sale of additional shares of series A preferred stock from time to time.

In connection with this offering, we, in accordance with the terms of the partnership agreement of our operating partnership, will contribute or otherwise transfer the net proceeds of the sale of the series A preferred stock to our operating partnership, and our operating partnership will issue to us series A preferred units. Our operating partnership will be required to make all required distributions on the series A preferred units after any distribution of cash or assets to the holders of preferred units ranking senior to the series A preferred units as to distributions and liquidations that we may issue and prior to any distribution of cash or assets to the holders of common partnership units or to the holders of any other equity interest of our operating partnership, except for any other series of preferred units ranking on a parity with the series A preferred units as to distributions and liquidation; provided however, that our operating partnership may make such distributions as are necessary to enable us to maintain our qualification as a REIT.

We intend to file an application to list the series A preferred stock on the NYSE under the symbol REXR Pr A . We will use commercially reasonable efforts to have the listing application for the series A preferred stock approved. If the application is approved, trading of the series A preferred stock on the NYSE is expected to commence within 30 days after the date of initial delivery of the series A preferred stock. See **Underwriting** in this prospectus supplement.

Ranking

The series A preferred stock will rank, with respect to dividend rights and rights upon voluntary or involuntary liquidation, dissolution or winding up of our affairs:

senior to all classes or series of our common stock, and to any other class or series of our capital stock expressly designated as ranking junior to the series A preferred stock;

S-16

Table of Contents

on parity with any class or series of our capital stock expressly designated as ranking on parity with the series A preferred stock; and

junior to any other class or series of our capital stock expressly designated as ranking senior to the series A preferred stock, none of which exists on the date hereof.

The term "capital stock" does not include convertible or exchangeable debt securities, which, prior to conversion or exchange, rank senior in right of payment to the series A preferred stock. The series A preferred stock will also rank junior in right of payment to our other existing and future debt obligations.

Dividends

Subject to the preferential rights of the holders of any class or series of our capital stock ranking senior to the series A preferred stock with respect to dividend rights, holders of shares of the series A preferred stock are entitled to receive, when, as and if authorized by our board of directors and declared by us out of funds legally available for the payment of dividends, cumulative cash dividends at the rate of 5.875% per annum of the \$25.00 liquidation preference per share of the series A preferred stock (equivalent to the fixed annual amount of \$1.46875 per share of the series A preferred stock).

Dividends on the series A preferred stock will accrue and be cumulative from and including the date of original issue and will be payable to holders quarterly in arrears on or about the last day of March, June, September and December of each year or, if such day is not a business day, on either the immediately preceding business day or next succeeding business day at our option, except that, if such business day is in the next succeeding year, such payment shall be made on the immediately preceding business day, in each case with the same force and effect as if made on such date. The term "business day" means any day, other than a Saturday or a Sunday, that is neither a legal holiday nor a day on which banking institutions in New York City are authorized or required by law, regulation or executive order to close.

The amount of any dividend payable on the series A preferred stock for any period greater or less than a full dividend period will be prorated and computed on the basis of a 360-day year consisting of twelve 30-day months. A dividend period is the respective period commencing on and including the first day of January, April, July and October of each year and ending on and including the day preceding the first day of the next succeeding dividend period (other than the initial dividend period and the dividend period during which any shares of series A preferred stock shall be redeemed). Dividends will be payable to holders of record as they appear in our stock records at the close of business on the applicable record date, which shall be the date designated by our board of directors as the record date for the payment of dividends that is not more than 35 and not fewer than 10 days prior to the scheduled dividend payment date.

The first dividend on the series A preferred stock is scheduled to be paid on December 31, 2016 and will be a pro rata dividend from and including the original issue date to and including December 31, 2016 in the amount of \$0.55078 per share.

Dividends on the series A preferred stock will accrue whether or not:

we have earnings;

there are funds legally available for the payment of those dividends; or

those dividends are authorized or declared.

S-17

Table of Contents

Except as described in the next two paragraphs, unless full cumulative dividends on the series A preferred stock for all past dividend periods shall have been or contemporaneously are declared and paid or declared and a sum sufficient for the payment thereof is set apart for payment, we will not:

declare and pay or declare and set aside for payment any dividends, and we will not declare and make any distribution of cash or other property, directly or indirectly, on or with respect to any shares of our common stock or shares of any other class or series of our capital stock ranking, as to dividends, on parity with or junior to the series A preferred stock, for any period; or

redeem, purchase or otherwise acquire for any consideration, or make any other distribution of cash or other property, directly or indirectly, on or with respect to, or pay or make available any monies for a sinking fund for the redemption of, any common stock or shares of any other class or series of our capital stock ranking, as to dividends and upon liquidation, on parity with or junior to the series A preferred stock.

The foregoing sentence, however, will not prohibit:

dividends payable solely in common stock or any other class or series of capital stock ranking junior to the series A preferred stock;

the conversion into or exchange for other shares of any class or series of capital stock ranking junior to the series A preferred stock;

our purchase of shares of series A preferred stock, preferred stock ranking on parity with the series A preferred stock as to payment of dividends and upon liquidation, dissolution or winding up or capital stock or equity securities ranking junior to the series A preferred stock pursuant to our charter to the extent necessary to preserve our status as a REIT as discussed under [Restrictions on Ownership and Transfer](#) ; and

our purchase or acquisition of shares of series A preferred stock pursuant to a purchase or exchange offer made on the same terms to holders of all outstanding shares of series A preferred stock.

When we do not pay dividends in full (or do not declare and set apart a sum sufficient to pay them in full) on the series A preferred stock and the shares of any other class or series of capital stock ranking, as to dividends, on parity with the series A preferred stock, we will declare any dividends upon the series A preferred stock and each such other class or series of capital stock ranking, as to dividends, on parity with the series A preferred stock pro rata, so that the amount of dividends declared per share of series A preferred stock and such other class or series of capital stock will in all cases bear to each other the same ratio that accrued dividends per share on the series A preferred stock and such other class or series of capital stock (which will not include any accrual in respect of unpaid dividends on such other class or series of capital stock for prior dividend periods if such other class or series of capital stock does not have a cumulative dividend) bear to each other. No interest, or sum of money in lieu of interest, will be payable in respect of any dividend payment or payments on the series A preferred stock which may be in arrears.

Holders of shares of series A preferred stock are not entitled to any dividend, whether payable in cash, property or shares of capital stock, in excess of full cumulative dividends on the series A preferred stock as described above. Any dividend payment made on the series A preferred stock will first be credited against the earliest accrued but unpaid dividends due with respect to those shares which remain payable. Accrued but unpaid dividends on the series A preferred stock will accumulate as of the dividend payment date on which they first become payable.

We do not intend to declare dividends on the series A preferred stock, or pay or set apart for payment dividends on the series A preferred stock, if the terms of any of our agreements, including any agreements relating to our indebtedness, prohibit such a declaration, payment or setting apart for payment or provide that such declaration, payment or setting apart for payment would constitute a breach of or default under such an

Table of Contents

agreement. Likewise, no dividends will be authorized by our board of directors and declared by us or paid or set apart for payment if such authorization, declaration or payment is restricted or prohibited by law.

Our unsecured revolving credit facility, unsecured term loan facilities and senior notes prohibit us from making distributions to our stockholders, or redeeming or otherwise repurchasing shares of our capital stock, including the series A preferred stock, after the occurrence and during the continuance of an event of default, except in limited circumstances as necessary to enable us to maintain our qualification as a REIT. Consequently, after the occurrence and during the continuance of an event of default under our unsecured revolving credit facility, unsecured term loan facilities or senior notes, we may not be able to pay all or a portion of the dividends payable to the holders of the series A preferred stock or redeem all or a portion of the series A preferred stock. In addition, in the event of a default under our unsecured revolving credit facility, unsecured term loan facilities or senior notes, we would be unable to borrow under such facilities and any amounts we have borrowed thereunder could become immediately due and payable. The agreements governing our future debt instruments may also include restrictions on our ability to pay dividends to holders or make redemptions of the series A preferred stock.

Liquidation Preference

Upon any voluntary or involuntary liquidation, dissolution or winding up of our affairs, before any distribution or payment shall be made to holders of shares of our common stock or any other class or series of capital stock ranking, as to rights upon any voluntary or involuntary liquidation, dissolution or winding up of our affairs, junior to the series A preferred stock, holders of shares of series A preferred stock will be entitled to be paid out of our assets legally available for distribution to our stockholders, after payment of or provision for our debts and other liabilities, a liquidation preference of \$25.00 per share of series A preferred stock, plus an amount equal to any accrued and unpaid dividends (whether or not authorized or declared) up to but excluding the date of payment. If, upon our voluntary or involuntary liquidation, dissolution or winding up, our available assets are insufficient to pay the full amount of the liquidating distributions on all outstanding shares of series A preferred stock and the corresponding amounts payable on all shares of each other class or series of capital stock ranking, as to rights upon liquidation, dissolution or winding up, on parity with the series A preferred stock in the distribution of assets, then holders of shares of series A preferred stock and each such other class or series of capital stock ranking, as to rights upon any voluntary or involuntary liquidation, dissolution or winding up, on parity with the series A preferred stock will share ratably in any distribution of assets in proportion to the full liquidating distributions to which they would otherwise be respectively entitled.

Holders of shares of series A preferred stock will be entitled to written notice of any distribution in connection with any voluntary or involuntary liquidation, dissolution or winding up of our affairs not less than 30 days and not more than 60 days prior to the distribution payment date. After payment of the full amount of the liquidating distributions to which they are entitled, holders of shares of series A preferred stock will have no right or claim to any of our remaining assets. Our consolidation or merger with or into or our conversion into any other corporation, trust or other entity, or the voluntary sale, lease, transfer or conveyance of all or substantially all of our property or business, will not be deemed to constitute a liquidation, dissolution or winding up of our affairs.

In determining whether a distribution (other than upon voluntary or involuntary liquidation), by dividend, redemption or other acquisition of shares of our capital stock or otherwise, is permitted under Maryland law, amounts that would be needed, if we were to be dissolved at the time of the distribution, to satisfy the preferential rights upon dissolution of holders of shares of series A preferred stock will not be added to our total liabilities.

Optional Redemption

Except with respect to the special optional redemption described below, to preserve our status as a REIT or in certain other limited circumstances relating to our maintenance of our ability to qualify as a REIT as described in Restrictions on Ownership and Transfer, we cannot redeem the series A preferred stock prior to August 16, 2021. On and after August 16, 2021, we may, at our option, upon not fewer than 30 and not more

than 60 days written notice, redeem the series A preferred stock, in whole or in part, at any time or from time to time, for cash at a redemption price of \$25.00 per share, plus all accrued and unpaid dividends thereon (whether or not authorized or declared) up to but excluding the date fixed for redemption (other than any dividend with a record date before the applicable redemption date and a payment date after the applicable redemption date, which will be paid on the payment date notwithstanding prior redemption of such shares), without interest, to the extent we have funds legally available for that purpose. We may also redeem shares of series A preferred stock from time to time for cash at a redemption price of \$25.00 per share, plus all accrued and unpaid dividends thereon (whether or not authorized or declared) up to but excluding the date fixed for redemption (other than any dividend with a record date before the applicable redemption date and a payment date after the applicable redemption date, which will be paid on the payment date notwithstanding prior redemption of such shares), without interest, to preserve our status as a REIT.

If fewer than all of the outstanding shares of the series A preferred stock are to be redeemed, we will select the shares of series A preferred stock to be redeemed pro rata (as nearly as may be practicable without creating fractional shares) or by lot as we determine. If such redemption is to be by lot and, as a result of such redemption, any holder of shares of series A preferred stock, other than a holder of series A preferred stock that has received an exemption from the ownership limit, would have actual, beneficial or constructive ownership of more than 9.8% of the issued and outstanding shares of series A preferred stock by value or number of shares, whichever is more restrictive, or violate any of the other restrictions on ownership and transfer of our stock set forth in our charter, including the articles supplementary setting forth the terms of the series A preferred stock, because such holder's shares of series A preferred stock were not redeemed, or were only redeemed in part, then, except as otherwise provided in the charter, we will redeem the requisite number of shares of series A preferred stock of such holder such that no holder will own in excess of the 9.8% series A preferred stock ownership limit or other restrictions on ownership and transfer of our stock subsequent to such redemption. See Restrictions on Ownership and Transfer. In order for their shares of series A preferred stock to be redeemed, holders must surrender their shares at the place, or in accordance with the book-entry procedures, designated in the notice of redemption. Holders will then be entitled to the redemption price and any accrued and unpaid dividends payable upon redemption following surrender of the shares. If a notice of redemption has been given (in the case of a redemption of the series A preferred stock other than to preserve our status as a REIT), if the funds necessary for the redemption have been set aside by us in trust for the benefit of the holders of any shares of series A preferred stock called for redemption and if irrevocable instructions have been given to pay the redemption price and all accrued and unpaid dividends, then, from and after the redemption date, dividends will cease to accrue on such shares of series A preferred stock and such shares of series A preferred stock will no longer be deemed outstanding. At such time, all rights of the holders of such shares will terminate, except the right to receive the redemption price plus any accrued and unpaid dividends payable upon redemption, without interest. So long as no dividends are in arrears for any past dividend periods and subject to the provisions of applicable law and the sufficiency of legally available funds, we may from time to time repurchase all or any part of the series A preferred stock, including the repurchase of shares of series A preferred stock in open-market transactions and individual purchases at such prices as we negotiate, in each case as duly authorized by our board of directors.

Unless full cumulative dividends on all shares of series A preferred stock have been or contemporaneously are authorized, declared and paid or declared and a sum sufficient for the payment thereof set apart for payment for all past dividend periods, no shares of series A preferred stock will be redeemed (including pursuant to our special optional redemption right described below) unless all outstanding shares of series A preferred stock are simultaneously redeemed and we will not purchase or otherwise acquire directly or indirectly any shares of series A preferred stock or any class or series of our capital stock ranking, as to dividends or upon liquidation, dissolution or winding up, on parity with or junior to the series A preferred stock (except by exchange for our capital stock ranking junior to the series A preferred stock as to dividends and upon liquidation); provided, however, that whether or not the requirements set forth above have been met, we may purchase shares of series A preferred stock, preferred stock ranking on parity with the series A preferred stock as to payment of dividends and upon liquidation, dissolution or

winding up or capital stock or equity securities ranking junior to the series A preferred stock pursuant to the provisions of our charter, including the articles supplementary setting forth the

terms of the series A preferred stock, relating to restrictions on ownership and transfer of our stock in connection with the requirements for our qualification as a REIT for federal income tax purposes, and we may purchase or acquire shares of series A preferred stock pursuant to a purchase or exchange offer made on the same terms to holders of all outstanding shares of series A preferred stock. See Restrictions on Ownership and Transfer below.

Notice of redemption will be mailed by the Company, postage prepaid, not less than 30 nor more than 60 days prior to the redemption date, addressed to the respective holders of record of the series A preferred stock to be redeemed at their respective addresses as they appear on our stock transfer records as maintained by the transfer agent named in Transfer Agent and Registrar. No failure to give such notice or any defect therein or in the mailing thereof will affect the validity of the proceedings for the redemption of any shares of series A preferred stock except as to the holder to whom notice was defective or not given. In addition to any information required by law or by the applicable rules of any exchange upon which the series A preferred stock may be listed or admitted to trading, each notice will state:

the redemption date;

the redemption price;

the number of shares of series A preferred stock to be redeemed;

the place or places where the certificates, if any, representing shares of series A preferred stock are to be surrendered for payment of the redemption price;

procedures for surrendering noncertificated shares of series A preferred stock for payment of the redemption price;

that dividends on the shares of series A preferred stock to be redeemed will cease to accrue on such redemption date; and

that payment of the redemption price and any accumulated and unpaid dividends will be made upon presentation and surrender of such series A preferred stock.

If fewer than all of the shares of series A preferred stock held by any holder are to be redeemed, the notice mailed to such holder will also specify the number of shares of series A preferred stock held by such holder to be redeemed.

We are not required to provide such notice in the event we redeem series A preferred stock in order to maintain our status as a REIT.

If a redemption date falls after a dividend record date and on or prior to the corresponding dividend payment date, each holder of shares of the series A preferred stock at the close of business of such dividend record date will be entitled to the dividend payable on such shares on the corresponding dividend payment date notwithstanding the redemption of such shares on or prior to such dividend payment date and each holder of shares of series A preferred

stock that surrenders such shares on such redemption date will be entitled to the dividends accruing after the end of the applicable dividend period, up to but excluding the redemption date. Except as described above, we will make no payment or allowance for unpaid dividends, whether or not in arrears, on series A preferred stock for which a notice of redemption has been given.

All shares of series A preferred stock that we redeem or repurchase will be retired and restored to the status of authorized but unissued shares of preferred stock, without designation as to series or class.

Our unsecured revolving credit facility, unsecured term loan facilities and senior notes prohibit us from redeeming or otherwise repurchasing any shares of our capital stock, including the series A preferred stock, after the occurrence and during the continuance of an event of default, except in limited circumstances.

Special Optional Redemption

Upon the occurrence of a Change of Control (as defined below), we may, at our option, redeem the series A preferred stock, in whole or in part within 120 days after the first date on which such Change of Control occurred, by paying \$25.00 per share, plus any accrued and unpaid dividends to, but not including, the date of redemption (other than any dividend with a record date before the applicable redemption date and a payment date after the applicable redemption date, which will be paid on the payment date notwithstanding prior redemption of such shares). If, prior to the Change of Control Conversion Date, we have provided or provide notice of redemption with respect to the series A preferred stock (whether pursuant to our optional redemption right or our special optional redemption right), the holders of series A preferred stock will not have the conversion right described below under Conversion Rights.

We will mail to you, if you are a record holder of the series A preferred stock, a notice of redemption no fewer than 30 days nor more than 60 days before the redemption date. We will send the notice to your address shown on our stock transfer books. A failure to give notice of redemption or any defect in the notice or in its mailing will not affect the validity of the redemption of any series A preferred stock except as to the holder to whom notice was defective. Each notice will state the following:

the redemption date;

the redemption price;

the number of shares of series A preferred stock to be redeemed;

the place or places where the certificates, if any, representing shares of series A preferred stock are to be surrendered for payment of the redemption price;

procedures for surrendering noncertificated shares of series A preferred stock for payment of the redemption price;

that dividends on the shares of series A preferred stock to be redeemed will cease to accrue on such redemption date;

that payment of the redemption price and any accumulated and unpaid dividends will be made upon presentation and surrender of such series A preferred stock;

that the series A preferred stock is being redeemed pursuant to our special optional redemption right in connection with the occurrence of a Change of Control and a brief description of the transaction or transactions constituting such Change of Control; and

that the holders of the series A preferred stock to which the notice relates will not be able to tender such series A preferred stock for conversion in connection with the Change of Control and each share of series A preferred stock tendered for conversion that is selected, prior to the Change of Control Conversion Date, for redemption will be redeemed on the related date of redemption instead of converted on the Change of Control Conversion Date.

If we redeem fewer than all of the outstanding shares of series A preferred stock, the notice of redemption mailed to each stockholder will also specify the number of shares of series A preferred stock that we will redeem from each stockholder. In this case, we will determine the number of shares of series A preferred stock to be redeemed as described above in Optional Redemption.

If we have given a notice of redemption and have set aside sufficient funds for the redemption in trust for the benefit of the holders of the series A preferred stock called for redemption, then from and after the redemption date, those shares of series A preferred stock will no longer be outstanding, no further dividends will accrue and all other rights of the holders of those shares of series A preferred stock will terminate. The holders of those shares of series A preferred stock will retain their right to receive the redemption price for their shares and any accrued and unpaid dividends through, but not including, the redemption date, without interest.

Table of Contents

The holders of series A preferred stock at the close of business on a dividend record date will be entitled to receive the dividend payable with respect to the series A preferred stock on the corresponding payment date notwithstanding the redemption of the series A preferred stock between such record date and the corresponding payment date or our default in the payment of the dividend due. Except as provided above, we will make no payment or allowance for unpaid dividends, whether or not in arrears, on series A preferred stock to be redeemed.

A **Change of Control** is when, after the original issuance of the series A preferred stock, each of the following have occurred and are continuing:

the acquisition by any person, including any syndicate or group deemed to be a person under Section 13(d)(3) of the Exchange Act, of beneficial ownership, directly or indirectly, through a purchase, merger or other acquisition transaction or series of purchases, mergers or other acquisition transactions of stock of our company entitling that person to exercise more than 50% of the total voting power of all stock of our company entitled to vote generally in the election of our directors (except that such person will be deemed to have beneficial ownership of all securities that such person has the right to acquire, whether such right is currently exercisable or is exercisable only upon the occurrence of a subsequent condition); and

following the closing of any transaction referred to in the bullet point above, neither we nor the acquiring or surviving entity (or if, in connection with such transaction shares of common stock are converted into or exchangeable for (in whole or in part) common equity securities of another entity, such other entity) has a class of common securities (or ADRs representing such securities) listed on the NYSE, the NYSE MKT or NASDAQ or listed or quoted on an exchange or quotation system that is a successor to the NYSE, the NYSE MKT or NASDAQ.

Conversion Rights

Upon the occurrence of a Change of Control, each holder of series A preferred stock will have the right, unless, on or prior to the Change of Control Conversion Date, we have provided or provide notice of our election to redeem the series A preferred stock as described under **Redemption** or **Special Optional Redemption**, to convert some or all of the series A preferred stock held by such holder (the **Change of Control Conversion Right**) on the Change of Control Conversion Date into a number of shares of our common stock per share of series A preferred stock (the **Common Stock Conversion Consideration**), which is equal to the lesser of:

the quotient obtained by dividing (i) the sum of the \$25.00 liquidation preference plus the amount of any accrued and unpaid dividends to, but not including, the Change of Control Conversion Date (unless the Change of Control Conversion Date is after a record date for a series A preferred stock dividend payment and prior to the corresponding series A preferred stock dividend payment date, in which case no additional amount for such accrued and unpaid dividend will be included in this sum) by (ii) the Common Stock Price (such quotient, the **Conversion Rate**); and

2.2738 (i.e., the Share Cap).

The Share Cap is subject to pro rata adjustments for any share splits (including those effected pursuant to a distribution of our common stock), subdivisions or combinations (in each case, a **Share Split**) with respect to our

common stock as follows: the adjusted Share Cap as the result of a Share Split will be the number of shares of our common stock that is equivalent to the product obtained by multiplying (i) the Share Cap in effect immediately prior to such Share Split by (ii) a fraction, the numerator of which is the number of shares of our common stock outstanding after giving effect to such Share Split and the denominator of which is the number of shares of our common stock outstanding immediately prior to such Share Split.

In the case of a Change of Control pursuant to which our common stock will be converted into cash, securities or other property or assets (including any combination thereof) (the Alternative Form Consideration),

Table of Contents

a holder of series A preferred stock will receive upon conversion of such series A preferred stock the kind and amount of Alternative Form Consideration which such holder would have owned or been entitled to receive upon the Change of Control had such holder held a number of shares of our common stock equal to the Common Stock Conversion Consideration immediately prior to the effective time of the Change of Control (the Alternative Conversion Consideration, and the Common Stock Conversion Consideration or the Alternative Conversion Consideration, as may be applicable to a Change of Control, is referred to as the Conversion Consideration).

If the holders of our common stock have the opportunity to elect the form of consideration to be received in the Change of Control, the Conversion Consideration will be deemed to be the kind and amount of consideration actually received by holders of a majority of the shares of our common stock that were voted in such an election (if electing between two types of consideration) or holders of a plurality of our common stock that were voted in such an election (if electing between more than two types of consideration), as the case may be, and will be subject to any limitations to which all holders of our common stock are subject, including, without limitation, pro rata reductions applicable to any portion of the consideration payable in the Change of Control.

We will not issue fractional shares of common stock upon the conversion of the series A preferred stock. Instead, we will pay the cash value of such fractional shares based on the common stock price.

Within 15 days following the occurrence of a Change of Control, we will provide to holders of series A preferred stock a notice of occurrence of the Change of Control that describes the resulting Change of Control Conversion Right. This notice will state the following:

the events constituting the Change of Control;

the date of the Change of Control;

the last date on which the holders of series A preferred stock may exercise their Change of Control Conversion Right;

the method and period for calculating the Common Stock Price;

the Change of Control Conversion Date;

that if, prior to the Change of Control Conversion Date, we have provided or provide notice of our election to redeem all or any portion of the series A preferred stock, holders will not be able to convert shares of series A preferred stock designated for redemption and such shares will be redeemed on the related redemption date, even if such shares have already been tendered for conversion pursuant to the Change of Control Conversion Right;

if applicable, the type and amount of Alternative Conversion Consideration entitled to be received per share of series A preferred stock;

the name and address of the paying agent and the conversion agent; and

the procedures that the holders of series A preferred stock must follow to exercise the Change of Control Conversion Right.

A failure to give such notice or any defect in the notice or in its mailing will not affect the validity of the conversion of any series A preferred stock except as to the holder to whom notice was defective.

We will issue a press release for publication on the Dow Jones & Company, Inc., Business Wire, PR Newswire or Bloomberg Business News (or, if these organizations are not in existence at the time of issuance of the press release, such other news or press organization as is reasonably calculated to broadly disseminate the relevant information to the public), or post a notice on our website, in any event prior to the opening of business on the first business day following any date on which we provide the notice described above to the holders of series A preferred stock.

Table of Contents

To exercise the Change of Control Conversion Right, the holders of series A preferred stock will be required to deliver, on or before the close of business on the Change of Control Conversion Date, the certificates (if any) representing series A preferred stock to be converted, duly endorsed for transfer, together with a written conversion notice completed, to our transfer agent. The conversion notice must state:

the relevant Change of Control Conversion Date;

the number of shares of series A preferred stock to be converted; and

that the series A preferred stock is to be converted pursuant to the applicable provisions of the series A preferred stock.

The Change of Control Conversion Date is the date the series A preferred stock is to be converted, which will be a business day that is no fewer than 20 days nor more than 35 days after the date on which we provide the notice described above to the holders of series A preferred stock.

The Common Stock Price will be (i) if the consideration to be received in the Change of Control by the holders of our common stock is solely cash, the amount of cash consideration per share of our common stock or (ii) if the consideration to be received in the Change of Control by holders of our common stock is other than solely cash (x) the average of the closing sale prices per share of our common stock (or, if no closing sale price is reported, the average of the closing bid and ask prices or, if more than one in either case, the average of the average closing bid and the average closing ask prices) for the ten consecutive trading days immediately preceding, but not including, the effective date of the Change of Control as reported on the principal U.S. securities exchange on which our common stock is then traded, or (y) the average of the last quoted bid prices for our common stock in the over-the-counter market as reported by Pink Sheets LLC or similar organization for the ten consecutive trading days immediately preceding, but not including, the effective date of the Change of Control, if our common stock is not then listed for trading on a U.S. securities exchange.

Holders of series A preferred stock may withdraw any notice of exercise of a Change of Control Conversion Right (in whole or in part) by a written notice of withdrawal delivered to our transfer agent prior to the close of business on the business day prior to the Change of Control Conversion Date. The notice of withdrawal must state:

the number of withdrawn shares of series A preferred stock;

if certificated shares of series A preferred stock have been issued, the certificate numbers of the withdrawn shares of series A preferred stock; and

the number of shares of series A preferred stock, if any, which remain subject to the conversion notice.

Notwithstanding the foregoing, if the series A preferred stock is held in global form, the conversion notice and/or the notice of withdrawal, as applicable, must comply with applicable procedures of The Depository Trust Company, or DTC.

The series A preferred stock as to which the Change of Control Conversion Right has been properly exercised and for which the conversion notice has not been properly withdrawn will be converted into the applicable Conversion Consideration in accordance with the Change of Control Conversion Right on the Change of Control Conversion Date, unless, prior to the Change of Control Conversion Date we have provided or provide notice of our election to redeem such series A preferred stock, whether pursuant to our optional redemption right or our special optional redemption right. If we elect to redeem series A preferred stock that would otherwise be converted into the applicable Conversion Consideration on a Change of Control Conversion Date, such series A preferred stock will not be so converted and the holders of such shares will be entitled to receive on the applicable redemption date \$25.00 per share, plus any accrued and unpaid dividends thereon to, but not including, the redemption date (other than any dividend with a record date before the applicable redemption date and a payment date after the applicable redemption date, which will be paid on the payment date notwithstanding prior redemption of such shares), in accordance with our optional redemption right or special optional redemption right. See [Optional Redemption](#) and [Special Optional Redemption](#) above.

S-25

Table of Contents

We will deliver amounts owing upon conversion no later than the third business day following the Change of Control Conversion Date.

In connection with the exercise of any Change of Control Conversion Right, we will comply with all federal and state securities laws and stock exchange rules in connection with any conversion of series A preferred stock into shares of our common stock. Notwithstanding any other provision of the series A preferred stock, no holder of series A preferred stock will be entitled to convert such series A preferred stock into shares of our common stock to the extent that receipt of such common stock would cause such holder (or any other person) to exceed the restrictions on ownership and transfer of our stock contained in our charter, including the articles supplementary setting forth the terms of the series A preferred stock, unless we provide an exemption from this limitation for such holder. See [Restrictions on Ownership and Transfer](#) below.

The Change of Control conversion feature may make it more difficult for a party to take over our company or discourage a party from taking over our company. See [Risk Factors](#) [Risks Related to this Offering](#) [The Change of Control](#) conversion feature may not adequately compensate you and may make it more difficult for a party to take over our company or discourage a party from taking over our company.

Except as provided above in connection with a Change of Control, the series A preferred stock is not convertible into or exchangeable for any other securities or property.

No Maturity, Sinking Fund or Mandatory Redemption

The series A preferred stock has no maturity date and we are not required to redeem the series A preferred stock at any time. Accordingly, the series A preferred stock will remain outstanding indefinitely, unless we decide, at our option, to exercise our redemption right or, under circumstances where the holders of the series A preferred stock have a conversion right, such holders convert the series A preferred stock into our common stock. The series A preferred stock is not subject to any sinking fund.

Limited Voting Rights

Holders of shares of the series A preferred stock generally do not have any voting rights, except as set forth below.

If dividends on the series A preferred stock are in arrears for six or more quarterly periods, whether or not consecutive (which we refer to as a preferred dividend default), holders of shares of the series A preferred stock and holders of all other classes or series of parity preferred stock with which the holders of series A preferred stock are entitled to vote together as a single class (voting together as a single class) will be entitled to vote for the election of two additional directors to serve on our board of directors (which we refer to as preferred stock directors), until all unpaid dividends for past dividend periods with respect to the series A preferred stock have been paid. At such time as holders of our series A preferred stock become entitled to vote in the election of preferred stock directors, the number of directors serving on our board of directors will be increased automatically by two (unless the number of directors has previously been so increased pursuant to the terms of any class or series of any parity preferred stock). The preferred stock directors will be elected by a plurality of the votes cast in the election of preferred stock directors and each preferred stock director will serve until our next annual meeting of stockholders and until his successor is duly elected and qualifies. The election of preferred stock directors will take place at:

a special meeting of our stockholders called for the purpose of electing preferred stock directors upon the written request of holders of at least 10% of the outstanding shares of series A preferred stock and any other class or series of parity preferred stock entitled to vote together as a single class with the holders of series A preferred stock in the election of preferred stock directors, if this request is received more than 90 days before the date fixed for our next annual or special meeting of stockholders or, if we receive the request for a special meeting within 90 days before the date fixed for our next annual or special meeting of stockholders, at our annual or special meeting of stockholders; and

S-26

Table of Contents

each subsequent annual meeting (or special meeting at which preferred stock directors are to be elected) until all dividends accumulated on the series A preferred stock have been paid in full for all past dividend periods or declared and a sum sufficient for the payment thereof has been set aside for payment.

If and when all accumulated dividends on the series A preferred stock for all past dividend periods shall have been paid in full, holders of shares of series A preferred stock shall be divested of the voting rights set forth above (subject to re-vesting in the event of each and every preferred dividend default) and, unless outstanding shares of parity preferred stock remain entitled to vote in the election of preferred stock directors, the term and office of such preferred stock directors so elected will terminate and the entire board of directors will be reduced accordingly.

Any preferred stock director elected by holders of shares of series A preferred stock and any class or series of parity preferred stock may be removed at any time with or without cause by the vote of, and may not be removed otherwise than by the vote of, the holders of record of a majority of the outstanding shares of series A preferred stock and any class or series of parity preferred stock then entitled to vote together as a single class in the election of preferred stock directors (voting together as a single class). So long as a preferred dividend default continues, any vacancy in the office of a preferred stock director may be filled by written consent of the preferred stock director remaining in office, or if none remains in office, by a plurality of the votes cast in the election of preferred stock directors. The preferred stock directors shall each be entitled to one vote on any matter before the board of directors.

In addition, so long as any shares of series A preferred stock remain outstanding, we will not, without the consent or the affirmative vote of the holders of at least two-thirds of the outstanding shares of series A preferred stock and each other class or series of parity preferred stock with which the holders of series A preferred stock are entitled to vote together as a single class on such matter (voting together as a single class):

authorize, create or issue, or increase the number of authorized or issued number of shares of, any class or series of stock ranking senior to the series A preferred stock with respect to payment of dividends, or the distribution of assets upon our liquidation, dissolution or winding up, or reclassify any of our authorized capital stock into any such shares, or create, authorize or issue any obligation or security convertible into or evidencing the right to purchase any such shares; or

amend, alter or repeal the provisions of our charter, including the terms of the series A preferred stock, whether by merger, consolidation, transfer or conveyance of substantially all of the company's assets or otherwise, so as to materially and adversely affect the rights, preferences, privileges or voting powers of the series A preferred stock,

except that, with respect to the occurrence of any of the events described in the second bullet point immediately above, so long as the series A preferred stock remains outstanding with the terms of the series A preferred stock materially unchanged, taking into account that, upon the occurrence of an event described in the second bullet point above, we may not be the surviving entity and the surviving entity may not be a corporation, the occurrence of such event will not be deemed to materially and adversely affect the rights, preferences, privileges or voting powers of the series A preferred stock, and in such case such holders shall not have any voting rights with respect to the events described in the second bullet point immediately above. Furthermore, if holders of shares of the series A preferred stock receive the greater of the full trading price of the series A preferred stock on the date of an event described in the second bullet point immediately above or the \$25.00 per share liquidation preference plus all accrued and unpaid dividends thereon pursuant to the occurrence of any of the events described in the second bullet point immediately above, then such holders shall not have any voting rights with respect to the events described in the second bullet point immediately above. If any event described in the second bullet point above would materially and adversely

affect the rights, preferences, privileges or voting powers of the series A preferred stock disproportionately relative to other classes or series of preferred stock ranking on parity with the series A preferred stock with respect to the payment of dividends and the distribution of assets upon our

S-27

liquidation, dissolution or winding up, the affirmative vote of the holders of at least two-thirds of the outstanding shares of the series A preferred stock, voting as a separate class, will also be required.

Holders of shares of series A preferred stock will not be entitled to vote with respect to any increase in the total number of authorized shares of our common stock or preferred stock, any increase in the number of authorized shares of series A preferred stock or the creation or issuance of any other class or series of capital stock, or any increase in the number of authorized shares of any other class or series of capital stock, in each case ranking on parity with or junior to the series A preferred stock with respect to the payment of dividends and the distribution of assets upon liquidation, dissolution or winding up.

Holders of shares of series A preferred stock will not have any voting rights with respect to, and the consent of the holders of shares of series A preferred stock is not required for, the taking of any corporate action, including any merger or consolidation involving us or a sale of all or substantially all of our assets, regardless of the effect that such merger, consolidation or sale may have upon the powers, preferences, voting power or other rights or privileges of the series A preferred stock, except as set forth above.

In addition, the voting provisions above will not apply if, at or prior to the time when the act with respect to which the vote would otherwise be required would occur, we have redeemed or called for redemption upon proper procedures all outstanding shares of series A preferred stock.

In any matter in which series A preferred stock may vote (as expressly provided in the articles supplementary setting forth the terms of the series A preferred stock), each share of series A preferred stock shall be entitled to one vote per \$25.00 of liquidation preference. As a result, each share of series A preferred stock will be entitled to one vote.

Restrictions on Ownership and Transfer

In order for us to qualify as a REIT under the Code, our stock must be beneficially owned by 100 or more persons during at least 335 days of a taxable year of 12 months (other than the first year for which an election to be a REIT has been made) or during a proportionate part of a shorter taxable year. Also, not more than 50% of the value of the outstanding shares of our stock may be owned, directly or indirectly, by five or fewer individuals (as defined in the Code to include certain entities such as private foundations) during the last half of a taxable year (other than the first year for which an election to be a REIT has been made).

Our charter contains restrictions on the ownership and transfer of shares of our capital stock which are intended to assist us in complying with these requirements and continuing to qualify as a REIT. Upon completion of this offering, our charter will provide that, subject to certain exceptions, no person or entity may beneficially own, or be deemed to own by virtue of the applicable constructive ownership provisions of the Code, subject to limited exceptions, more than 9.8% (by value or by number of shares, whichever is more restrictive) of the outstanding shares of our series A preferred stock or our common stock, or more than 9.8% (by value) of our outstanding capital stock. If any purported transfer of our stock would result in any person violating the ownership limits or the other restrictions on ownership and transfer of our stock set forth in our charter, then that number of shares causing the violation (rounded up to the nearest whole share) will be automatically transferred to, and held by, a trust for the exclusive benefit of one or more charitable organizations selected by us. For a further description of the ownership limits and the other restrictions on ownership and transfer of all classes and series of shares of our capital stock, see **Restrictions on Ownership and Transfer** in the accompanying prospectus.

Book-Entry Procedures

The series A preferred stock will only be issued in the form of global securities held in book-entry form. DTC or its nominee will be the sole registered holder of the series A preferred stock. Owners of beneficial interests in the series A preferred stock represented by the global securities will hold their interests pursuant to the procedures and practices of DTC. As a result, beneficial interests in any such securities will be shown on, and transfers will be effected only through, records maintained by DTC and its direct and indirect participants and any such interest may not be exchanged for certificated securities, except in limited circumstances. Owners of beneficial interests must exercise any rights in respect of other interests, including any right to convert or require repurchase of their interests in the series A preferred stock, in accordance with the procedures and practices of DTC. Beneficial owners will not be holders and will not be entitled to any rights provided to the holders of the series A preferred stock under the global securities or the articles supplementary. We and any of our agents may treat DTC as the sole holder and registered owner of the global securities.

DTC has advised us as follows: DTC is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Uniformed Commercial Code, and a clearing agency registered pursuant to the provisions of Section 17A of the Exchange Act. DTC facilitates the settlement of transactions amongst participants through electronic computerized book-entry changes in participants' accounts, eliminating the need for physical movement of securities certificates. DTC's participants include securities brokers and dealers, including the underwriters, banks, trust companies, clearing corporations and other organizations, some of whom and/or their representatives own DTC. Access to DTC's book-entry system is also available to others, such as banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with a participant, either directly or indirectly.

The series A preferred stock, represented by one or more global securities, will be exchangeable for certificated securities with the same terms only if:

DTC is unwilling or unable to continue as depositary or if DTC ceases to be a clearing agency registered under the Exchange Act and a successor depositary is not appointed by us within 90 days; or

we decide to discontinue use of the system of book-entry transfer through DTC (or any successor depositary).

SUPPLEMENTAL MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

This discussion is a supplement to, and is intended to be read together with, the discussions under the heading U.S. Federal Income Tax Considerations in the accompanying prospectus and the discussion under the heading U.S. Federal Income Tax Considerations contained in Exhibit 99.1 to our Current Report on Form 8-K filed with the SEC on August 8, 2016. This summary is for general information only and is not tax advice.

The following discussion should follow the discussion under the heading U.S. Federal Income Tax Considerations Federal Income Tax Considerations for Holders of Our Capital Stock Taxation of Taxable U.S. Holders of our Capital Stock Redemption or Repurchase by Us in the accompanying prospectus.

Conversion of Series A Preferred Stock into Common Stock. Upon the occurrence of a Change of Control, each holder of series A preferred stock will have the right (unless, prior to the Change of Control Conversion Date, we have provided or provide notice of our election to redeem the series A preferred stock) to convert some or all of such holder's series A preferred stock into shares of our common stock. In the case of a Change of Control pursuant to which our common stock will be converted into the Alternative Form Consideration, each holder of series A preferred stock will receive upon conversion of such series A preferred stock the kind and amount of Alternative Form Consideration which such holder would have owned or been entitled to receive upon the Change of Control had such holder held a number of shares of our common stock equal to the Common Stock Conversion Consideration immediately prior to the effective time of the Change of Control (see Description of the Series A Preferred Stock Conversion Rights in this prospectus supplement). Except as provided below, a U.S. holder generally will not recognize gain or loss upon the conversion of series A preferred stock into shares of our common stock. A U.S. holder's tax basis and holding period in the shares of common stock received upon conversion generally will be the same as those of the converted series A preferred stock (but the tax basis will be reduced by the portion of the adjusted tax basis allocated to any fractional share of common stock exchanged for cash). Whether or not a non-U.S. holder will recognize gain upon the conversion of series A preferred stock into shares of our common stock will depend on whether the shares of series A preferred stock, and the common stock into which they are converted, constitute USRPIs in the hands of the non-U.S. holder.

Cash received upon conversion in lieu of a fractional share of common stock generally will be treated as a payment in a taxable exchange for such fractional share of common stock, and gain or loss will be recognized on the receipt of cash in an amount equal to the difference between the amount of cash received and the adjusted tax basis allocable to the fractional common share deemed exchanged. This gain or loss will be long-term capital gain or loss if the U.S. holder has held the series A preferred stock for more than one year. Any common stock received in exchange for accrued and unpaid dividends generally will be treated as a distribution by us, and subject to tax treatment as described in Federal Income Tax Considerations for Holders of Our Capital Stock Taxation of Taxable U.S. Holders of our Capital Stock Distributions Generally or Federal Income Tax Considerations for Holders of Our Capital Stock Taxation of Non-U.S. Holders of our Capital Stock Distributions Generally in the accompanying prospectus.

In addition, if a holder receives the Alternative Conversion Consideration (in lieu of shares of our common stock) in connection with the conversion of the stockholder's shares of series A preferred stock, the tax treatment of the receipt of any such other consideration will depend on the nature of the consideration and the structure of the transaction that gives rise to the Change of Control, and it may be a taxable exchange. Both U.S. holders and non-U.S. holders converting their shares of series A preferred stock should consult their tax advisors regarding the U.S. federal income tax consequences of any such conversion and of the ownership and disposition of the consideration received upon any such conversion.

Subject to the terms and conditions set forth in an underwriting agreement among us and the underwriters, we have agreed to sell to the underwriters, and each of the underwriters has agreed, severally and not jointly, to purchase from us, the number of shares of series A preferred stock set forth opposite its name below.

Subject to the terms and conditions set forth in the underwriting agreement, the underwriters have agreed, severally and not jointly, to purchase all of the shares sold under the underwriting agreement if any of these shares are purchased. If an underwriter defaults, the underwriting agreement provides that the purchase commitments of the nondefaulting underwriters may be increased or the underwriting agreement may be terminated.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the shares, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the shares, and satisfaction of other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officers' certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part. Sales of shares made outside of the United States may be made by affiliates of the underwriters.

Commissions and Discounts

The representatives have advised us that the underwriters propose initially to offer the shares to the public at the public offering price set forth on the cover page of this prospectus supplement and to dealers at that price less a concession not in excess of \$0.50 per share. The underwriters may allow, and the dealers may reallow, a discount not in excess of \$0.45 per share to other dealers. After the initial offering, the public offering price, concession or any other term of the offering may be changed.

The following table shows the public offering price, underwriting discount and proceeds before expenses to us.

	Per Share	Total
Public offering price	\$ 25.00	\$ 90,000,000
Underwriting discount	\$ 0.7875	\$ 2,835,000
Proceeds, before expenses, to us	\$ 24.2125	\$ 87,165,000

Table of Contents

The expenses of the offering, not including the underwriting discount, are estimated at \$250,000 and are payable by us. The expenses include up to \$10,000 for the reasonable fees and disbursements to counsel of the underwriters in connection with filings required by the Financial Industry Regulatory Authority, Inc.

Extended Settlement

We expect that delivery of the series A preferred stock will be made against payment thereof on or about August 16, 2016, which will be the fifth business day following the pricing of the series A preferred stock (such settlement cycle being herein referred to as T + 5). Under Rule 15c6-1 under the Exchange Act, trades in the secondary market generally are required to settle in three business days, unless the parties to any such trade expressly agree otherwise. Accordingly, purchasers who wish to trade series A preferred stock on the date of pricing or the next succeeding business day will be required, by virtue of the fact that the series A preferred stock initially will settle T + 5, to specify an alternate settlement cycle at the time of any such trade to prevent a failed settlement. Purchasers of the series A preferred stock who wish to trade the series A preferred stock on the date of pricing of the series A preferred stock or the next business day should consult their own advisor.

No Sales of Similar Securities

For a period beginning on the date of this prospectus and through 30 days after the date of this prospectus, we and our operating partnership have agreed that we will not offer, sell, contract to sell, pledge or otherwise dispose of (or enter into any transaction which is designed to, or would be reasonably be expected to result in the disposition of (whether by actual disposition or effective economic disposition due to cash settlement or otherwise)), directly or indirectly, including the filing (or participation in the filing) of a registration statement under the Securities Act of 1933, as amended, or the Securities Act, with the SEC in respect of, or establish or increase a put equivalent position or liquidate or decrease a call equivalent position within the meaning of Section 16 of the Exchange Act, with respect to, any of our preferred securities, or any securities convertible into, or exercisable, or exchangeable for, our preferred securities (in each case, other than shares of series A preferred stock), or publicly announce an intention to effect any such transaction, without the prior written consent of Merrill Lynch, Pierce, Fenner & Smith Incorporated and Wells Fargo Securities, LLC.

New York Stock Exchange Listing

Prior to this offering of series A preferred stock, there has been no public market for the series A preferred stock. We intend to submit an application to list the series A preferred stock on the NYSE under the symbol REXR Pr A . We will use our commercially reasonable efforts to have the listing application for the series A preferred stock approved. If the application is approved, trading of the series A preferred stock is expected to commence within 30 days after the initial delivery of the series A preferred stock. The underwriters have advised us that they intend to make a market in the series A preferred stock prior to commencement of any trading on the NYSE, but they are not obligated to do so and may discontinue market making activities, if commenced, at any time without notice. No assurance can be given as to the liquidity of the trading market on the NYSE for the series A preferred stock.

Price Stabilization, Short Positions

Until the distribution of the shares is completed, Securities and Exchange Commission rules may limit underwriters and selling group members from bidding for and purchasing our series A preferred stock. However, the representatives may engage in transactions that have the effect of stabilizing the price of the series A preferred stock, such as bids or purchases and other activities that fix to peg, fix or maintain that price.

In connection with this offering, the underwriters may purchase and sell our series A preferred stock in the open market. These transactions may include short sales, purchases on the open market to cover positions created by short sales and stabilizing transactions. Short sales involve the sale by the underwriters of a greater number of

S-32

Table of Contents

shares than they are required to purchase in the offering. The underwriters must close out any short position by purchasing shares in the open market. A short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of our series A preferred stock in the open market after pricing that could adversely affect investors who purchase in the offering. Stabilizing transactions consist of various bids for or purchases of shares of series A preferred stock made by the underwriters in the open market prior to the completion of the offering.

Similar to other purchase transactions, the underwriters' purchases to cover the syndicate short sales and other activities may have the effect of raising or maintaining the market price of our series A preferred stock or preventing or retarding a decline in the market price of our series A preferred stock. As a result, the price of our series A preferred stock may be higher than the price that might otherwise exist in the open market. The underwriters may conduct these transactions on the New York Stock Exchange, in the over-the-counter market or otherwise.

Neither we nor any of the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of our series A preferred stock. In addition, neither we nor any of the underwriters make any representation that the representatives will engage in these transactions or that these transactions, once commenced, will not be discontinued without notice.

Electronic Distribution

In connection with the offering, certain of the underwriters or securities dealers may distribute this prospectus supplement and the accompanying prospectus by electronic means, such as e-mail.

Other Relationships

Some of the underwriters and their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with us or our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions. For instance, an affiliate of Merrill Lynch, Pierce, Fenner & Smith Incorporated is the lender under our \$60 million term loan. In addition, affiliates of Merrill Lynch, Pierce, Fenner & Smith Incorporated, Wells Fargo Securities, LLC, Citigroup Global Markets Inc., J.P. Morgan Securities LLC, PNC Capital Markets LLC, and U.S. Bancorp Investments, Inc. are lenders under our \$200 million unsecured revolving credit facility and our \$100 million senior unsecured term loan facility and an affiliate of Merrill Lynch, Pierce, Fenner & Smith Incorporated serves as the sole arranger and administrative agent of our unsecured revolving credit facility. Additionally, affiliates of Capital One Securities, Inc., PNC Capital Markets LLC and U.S. Bancorp Investments, Inc. are lenders under our \$225 million term loan facility. In addition, Stifel, Nicolaus & Company, Incorporated may pay an unaffiliated entity or its affiliate, who is also a lender under our unsecured revolving credit facility, a fee in connection with this offering.

In addition, in the ordinary course of their business activities, the underwriters and their affiliates may make or hold a broad array of investments and actively trade debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. Certain of the underwriters or their affiliates that have a lending relationship with us routinely hedge their credit exposure to us consistent with their customary risk management policies. Typically, such underwriters and their affiliates would hedge such exposure by entering into transactions which consist of either the purchase of credit default swaps or the creation of short positions in our securities, including potentially the series A preferred stock offered hereby. Any such short positions could adversely affect future trading prices of the series A preferred stock offered hereby. The underwriters and their affiliates may also make investment recommendations and/or publish or express independent research views

in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

THE COMPANY

We are a self-administered and self-managed real estate investment trust, or REIT, focused on owning and operating industrial properties in Southern California infill markets. Our goal is to generate attractive risk-adjusted returns for our stockholders by providing superior access to industrial property investments in Southern California infill markets.

As of December 31, 2015, our consolidated portfolio consisted of 119 properties with approximately 12.0 million rentable square feet. We also own a 15% interest in a joint venture that indirectly owns one property with approximately 0.5 million rentable square feet, which we manage. In addition, we currently manage an additional 20 properties with approximately 1.2 million rentable square feet.

We elected to be taxed as a REIT for federal income tax purposes on our federal income tax return commencing with our taxable year ended December 31, 2013. We believe that we have been organized and have operated, and we intend to continue operating, in a manner that will allow us to qualify as a REIT for federal income tax purposes commencing with such taxable year. We conduct substantially all of our business through our operating partnership, of which we are the sole general partner.

Our principal executive offices are located at 11620 Wilshire Boulevard, Suite 1000, Los Angeles, California 90025. Our telephone number is 310-966-1680. Our Web site address is www.rexfordindustrial.com. The information on, or otherwise accessible through, our website does not constitute a part of this prospectus.

RISK FACTORS

Investment in any securities offered pursuant to this prospectus and the applicable prospectus supplement involves risks. You should carefully consider the risk factors incorporated by reference to our most recent Annual Report on Form 10-K and any subsequent Quarterly Reports on Form 10-Q or Current Reports on Form 8-K we file after the date of this prospectus, and all other information contained or incorporated by reference into this prospectus, as updated by our subsequent filings under the Exchange Act, and the risk factors and other information contained in the applicable prospectus supplement before acquiring any of such securities. The occurrence of any of these risks might cause you to lose all or part of your investment in the offered securities.

USE OF PROCEEDS

Unless we indicate otherwise in the applicable prospectus supplement, we intend to contribute the net proceeds from any sale of the securities pursuant to this prospectus to our operating partnership. Our operating partnership will subsequently use the net proceeds received from us to potentially acquire or develop additional properties and for general corporate purposes, which may include payment of dividends, the repayment of existing indebtedness and capital expenditures for improvements to the properties in our portfolio. Pending application of cash proceeds, we will invest the net proceeds in interest-bearing accounts, money market accounts and interest-bearing securities in a manner that is consistent with our intention to qualify for taxation as a REIT. Such investments may include, for example, government and government agency certificates, government bonds, certificates of deposit, interest-bearing bank deposits, money market accounts and mortgage loan participations. Further details regarding the use of the net proceeds from the sale of a specific series or class of the securities will be set forth in the applicable prospectus supplement. We will not receive any proceeds from the sale of our common stock by the selling securityholders, if any, pursuant to this prospectus.

Table of Contents**RATIOS OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED STOCK DIVIDENDS**

Our ratios of earnings to fixed charges for the periods indicated are as follows:

	Rexford Industrial Realty, Inc.			Rexford Industrial Realty, Inc. Predecessor (1)		
	Year ended December 31, 2015	Year ended December 31, 2014	Period from July 24, 2013 to December 31, 2013	Period from January 1, 2013 to July 23, 2013	Year ended December 31, 2012	Year ended December 31, 2011
Ratio of Earnings to Fixed Charges	1.12	1.08	0.38	0.23	0.50	0.57

Our ratios of earnings to fixed charges were computed by dividing earnings by fixed charges for Rexford Industrial Realty, Inc. and our majority owned subsidiaries or Rexford Industrial Realty, Inc. Predecessor, as applicable, for the periods indicated above. For this purpose, earnings consist of income/loss from continuing operations before equity in income from unconsolidated real estate entities, plus fixed charges, less capitalized interest. Fixed charges consist of interest expense, capitalized interest and rental expense at computed interest factor (the amounts of which represent those portions of rent expense (one-third) that are reasonable approximations of interest costs).

The computation of ratio of earnings to fixed charges indicates that earnings were inadequate to cover fixed charges on the basis of our historical financial statements by approximately \$1,102,000 for the period from July 24, 2013 to December 31, 2013, and Rexford Industrial Realty, Inc. Predecessor's historical financial statements by approximately \$7,279,000 for the period from January 1, 2013 to July 23, 2013, and \$8,436,000 and \$7,619,000 for the years ended December 31, 2012 and 2011, respectively.

For the periods shown, we had neither issued any shares of, nor paid any dividends on, preferred stock. Accordingly, the ratios of earnings to combined fixed charges and preferred stock dividends are not presented because they are identical to the ratios of earnings to fixed charges for each of the periods.

- (1) Rexford Industrial Realty, Inc. Predecessor is the predecessor of our company and consists of Rexford Industrial, LLC, Rexford Sponsor V, LLC and Rexford Industrial Fund V REIT, LLC and their consolidated subsidiaries, which consist of Rexford Industrial Fund I, LLC, Rexford Industrial Fund II, LLC, Rexford Industrial Fund III, LLC, Rexford Industrial Fund IV, LLC and Rexford Industrial Fund V, LP.

DESCRIPTION OF COMMON STOCK

General

This prospectus describes the general terms of our common stock. For a more detailed description of these securities, you should read the applicable provisions of the Maryland General Corporation Law, or MGCL, and our charter and bylaws. When we or any selling securityholders offer to sell a particular class or series of common stock, we will describe the specific terms of the class or series in a prospectus supplement. Accordingly, for a description of the terms of any class or series of common stock, you must refer to both the prospectus supplement relating to that class or series and the description of stock in this prospectus. To the extent the information contained in the prospectus supplement differs from this summary description, you should rely on the information in the prospectus supplement.

Our charter provides that we may issue up to 490 million shares of common stock, \$0.01 par value per share, or common stock. Our charter authorizes our board of directors, with the approval of a majority of the entire board of directors and without any action by our common stockholders, to amend our charter to increase or decrease the aggregate number of authorized shares of stock or the number of authorized shares of any class or series of our stock. As of December 31, 2015, 55,598,684 shares of our common stock were issued and outstanding.

Under Maryland law, stockholders generally are not personally liable for our debts or obligations solely as a result of their status as stockholders.

All of the shares of our common stock offered hereby will be duly authorized, fully paid and nonassessable. Subject to the preferential rights of holders of any other class or series of our stock and to the provisions of our charter regarding the restrictions on ownership and transfer of our stock, holders of shares of our common stock are entitled to receive dividends and other distributions on such shares if, as and when authorized by our board of directors out of assets legally available therefor and declared by us and to share ratably in the assets of our company legally available for distribution to our stockholders in the event of our liquidation, dissolution or winding up, after payment or establishment of reserves for all known debts and liabilities of our company.

Subject to the provisions of our charter regarding the restrictions on ownership and transfer of our stock and except as may otherwise be specified in the terms of any class or series of our stock, each outstanding share of our common stock entitles the holder to one vote on all matters submitted to a vote of stockholders, including the election of directors, and, except as provided with respect to any other class or series of our stock, the holders of shares of common stock will possess the exclusive voting power. There is no cumulative voting in the election of our directors. Directors are elected by a plurality of all of the votes cast in the election of directors.

Holders of shares of our common stock have no preference, conversion, exchange, sinking fund or redemption rights and have no preemptive rights to subscribe for any securities of our company. Our charter provides that our stockholders generally have no appraisal rights unless our board of directors determines prospectively that appraisal rights will apply to one or more transactions in which our stockholders would otherwise be entitled to exercise appraisal rights. Subject to the provisions of our charter regarding the restrictions on ownership and transfer of our stock, holders of our common stock will have equal dividend, liquidation and other rights.

Under the MGCL, a Maryland corporation generally cannot dissolve, amend its charter, merge, consolidate, convert, sell all or substantially all of its assets or engage in a statutory share exchange unless declared advisable by its board of directors and approved by the affirmative vote of stockholders entitled to cast at least two-thirds of all of the votes entitled to be cast on the matter unless a lesser percentage (but not less than a majority of all of the votes entitled to be cast on the matter) is set forth in the corporation's charter. Our charter provides for approval of any of these matters by

the affirmative vote of stockholders entitled to cast a majority of the votes

entitled to be cast on such matters, except that the affirmative vote of stockholders entitled to cast at least two-thirds of the votes entitled to be cast generally in the election of directors is required to remove a director (and such removal must be for cause) and the affirmative vote of stockholders entitled to cast at least two-thirds of the votes entitled to be cast on such matter is required to amend the provisions of our charter relating to the removal of directors or the vote required to amend such provisions. Maryland law also permits a Maryland corporation to transfer all or substantially all of its assets without the approval of the stockholders of the corporation to an entity if all of the equity interests of the entity are owned, directly or indirectly, by the corporation. Because our operating assets may be held by our operating partnership or its subsidiaries, these subsidiaries may be able to merge or transfer all or substantially all of their assets without the approval of our stockholders.

Our charter authorizes our board of directors to reclassify any unissued shares of our common stock into other classes or series of stock, to establish the designation and number of shares of each class or series and to set, subject to the provisions of our charter relating to the restrictions on ownership and transfer of our stock, the preferences, conversion and other rights, voting powers, restrictions, limitations as to dividends and other distributions, qualifications and terms and conditions of redemption of each such class or series.

Power to Increase or Decrease Authorized Shares of Common Stock and Issue Additional Shares of Common Stock

We believe that the power of our board of directors to amend our charter to increase or decrease the aggregate number of authorized shares of common stock, to authorize us to issue additional authorized but unissued shares of our common stock and to classify or reclassify unissued shares of our common stock and thereafter to authorize us to issue such classified or reclassified shares will provide us with increased flexibility in structuring possible future financings and acquisitions and in meeting other needs that might arise. The additional classes or series, as well as the additional authorized shares of common stock, will be available for issuance without further action by our stockholders, unless such action is required by applicable law, the terms of any class or series of our preferred stock we may issue in the future or the rules of any stock exchange or automated quotation system on which our securities may be listed or traded. Although our board of directors does not currently intend to do so, it could authorize us to issue a class or series of stock that could, depending upon the terms of the particular class or series, delay, defer or prevent a transaction or a change of control of our company that might involve a premium price for our common stock or that our common stockholders otherwise believe to be in their best interests. See *Material Provisions of Maryland Law and of Our Charter and Bylaws* *Anti-takeover Effect of Certain Provisions of Maryland Law and of Our Charter and Bylaws*.

Restrictions on Ownership and Transfer

To assist us in complying with certain federal income tax requirements applicable to REITs, our charter contains certain restrictions relating to the ownership and transfer of our common stock. See *Restrictions on Ownership and Transfer*.

Transfer Agent and Registrar

The transfer agent and registrar for our common stock is American Stock Transfer & Trust Company.

DESCRIPTION OF PREFERRED STOCK

General

This prospectus describes the general terms of our preferred stock. For a more detailed description of these securities, you should read the applicable provisions of the MGCL and our charter and bylaws. When we offer to sell a particular class or series of preferred stock, we will describe the specific terms of the class or series in a prospectus supplement. Accordingly, for a description of the terms of any class or series of preferred stock, you must refer to both the prospectus supplement relating to that class or series and the description of stock in this prospectus. To the extent the information contained in the prospectus supplement differs from this summary description, you should rely on the information in the prospectus supplement.

Our charter provides that we may issue up to 10 million shares of preferred stock, \$0.01 par value per share, or preferred stock. Our charter authorizes our board of directors, with the approval of a majority of the entire board and without any action by our common stockholders, to amend our charter to increase or decrease the aggregate number of authorized shares of stock or the number of authorized shares of any class or series of our stock.

Our charter authorizes our board of directors to classify any unissued shares of preferred stock and to reclassify any previously classified but unissued shares of preferred stock into one or more classes or series of preferred stock. Prior to issuance of shares of each new class or series, our board of directors is required by the MGCL and our charter to set, subject to the provisions of our charter regarding the restrictions on ownership and transfer of our stock, the preferences, conversion or other rights, voting powers, restrictions, limitations as to dividends or other distributions, qualifications or terms or conditions of redemption of each such class or series. As a result, our board of directors could authorize the issuance of shares of preferred stock that have priority over shares of our common stock with respect to dividends or other distributions or rights upon liquidation or with other terms and conditions that could have the effect of delaying, deferring or preventing a transaction or a change of control of our company that might involve a premium price for holders of our common stock or that our common stockholders otherwise believe to be in their best interests. As of the date hereof, no shares of preferred stock are outstanding and we have no present plans to issue any preferred stock.

The specific terms of a particular class or series of preferred stock will be described in the prospectus supplement relating to that class or series, including a prospectus supplement providing that preferred stock may be issuable upon the exercise of warrants or the exercise or conversion of other securities we issue. The description of preferred stock set forth below and the description of the terms of a particular class or series of preferred stock set forth in the applicable prospectus supplement do not purport to be complete and are qualified in their entirety by reference to the articles supplementary or other charter provisions relating to that class or series.

Under Maryland law, stockholders generally are not personally liable for our debts or obligations solely as a result of their status as stockholders.

The preferences and other terms of the preferred stock of each class or series will be fixed by the articles supplementary relating to such class or series. A prospectus supplement, relating to each class or series, will specify the terms of the class or series of preferred stock as follows:

the designation and par value of such class or series of preferred stock,

the number of shares of such class or series of preferred stock offered, the liquidation preference per share and the offering price of such class or series of preferred stock,

the dividend rate(s), period(s), and/or payment date(s) or method(s) of calculation thereof applicable to such class or series of preferred stock,

any voting rights of such class or series of preferred stock, and

any other specific terms, preferences, rights, limitations or restrictions of such class or series of preferred stock.

Rank

Unless otherwise specified in the applicable prospectus supplement, each class or series of preferred stock will, with respect to dividend rights and rights upon liquidation, dissolution or winding up of our company, rank: (1) senior to all classes or series of our common stock, and to any other class or series of our stock expressly designated as ranking

junior to such class or series of preferred stock; (2) on parity with any class or series of our stock expressly designated as ranking on parity with such class or series of preferred stock; and (3) junior to any other class or series of our stock expressly designated as ranking senior to such class or series of preferred stock.

Conversion Rights

The terms and conditions, if any, upon which any shares of any class or series of preferred stock are convertible into shares of our common stock or shares of any other class or series of our stock or other securities will be set forth in the applicable prospectus supplement relating thereto. Such terms will include the number of shares of our common stock or the number of shares of such other class or series of our stock or other securities into which the shares of preferred stock are convertible, the conversion price (or manner of calculation thereof), the conversion period, provisions as to whether conversion will be at the option of the holders of such class or series of preferred stock, the events requiring an adjustment of the conversion price and provisions affecting conversion in the event of the redemption of such class or series of preferred stock.

See [Material Provisions of Maryland Law and of Our Charter and Bylaws](#) [Anti-takeover Effect of Certain Provisions of Maryland Law and of Our Charter and Bylaws](#).

Restrictions on Ownership and Transfer

To assist us in complying with certain federal income tax requirements applicable to REITs, we expect that each class or series of preferred stock offered pursuant to this prospectus will be subject to certain restrictions relating to the ownership and transfer of such class or series of preferred stock set forth in our charter, including the articles supplementary for each such class or series. The applicable prospectus supplement will specify any ownership limitations relating to such class or series. See [Restrictions on Ownership and Transfer](#) for a description of the restrictions on ownership and transfer applicable to shares of our common stock and to shares of our capital stock in the aggregate (including any and all classes or series of our preferred stock).

DESCRIPTION OF DEPOSITARY SHARES

We may, at our option, elect to offer depositary shares. Each depositary share will represent ownership of and entitlement to all rights and preferences of a fraction of a share of preferred stock of a specified class or series (including dividend, voting, redemption and liquidation rights). The applicable fraction will be specified in a prospectus supplement. The shares of preferred stock represented by the depositary shares will be deposited with a depositary named in the applicable prospectus supplement, under a deposit agreement, among us, the depositary and the holders of the certificates evidencing depositary shares, or depositary receipts. Depositary receipts will be delivered to those persons purchasing depositary shares in the offering. The depositary will be the transfer agent, registrar and dividend disbursing agent for the depositary shares. Holders of depositary receipts agree to be bound by the deposit agreement, which requires holders to take certain actions such as filing proof of residence and paying certain charges.

The summary of the terms of the depositary shares contained in this prospectus does not purport to be complete and is subject to, and qualified in its entirety by, the provisions of the deposit agreement and our charter, including articles supplementary for the applicable class or series of preferred stock.

Dividends

The depositary will distribute all cash dividends or other cash distributions received in respect of the class or series of preferred stock represented by the depositary shares to the record holders of depositary receipts in proportion to the number of depositary shares owned by such holders on the relevant record date, which will be the same date as the record date fixed by us for the applicable series of preferred stock. The depositary, however, will distribute only such amount as can be distributed without attributing to any depositary share a fraction of one cent, and any balance not so distributed will be added to and treated as part of the next sum received by the depositary for distribution to record holders of depositary receipts then outstanding.

In the event of a distribution other than in cash, the depositary will distribute property received by it to the record holders of depositary receipts entitled thereto, in proportion, as nearly as may be practicable, to the number of depositary shares owned by such holders on the relevant record date, unless the depositary determines (after consultation with us) that it is not feasible to make such distribution, in which case the depositary may (with our approval) adopt any other method for such distribution as it deems equitable and appropriate, including the sale of such property (at such place or places and upon such terms as it may deem equitable and appropriate) and distribution of the net proceeds from such sale to such holders.

Liquidation Preference

In the event of the liquidation, dissolution or winding up of the affairs of our company, whether voluntary or involuntary, the holders of each depositary share will be entitled to the fraction of the liquidation preference accorded each share of the applicable class or series of preferred stock as set forth in the applicable prospectus supplement.

Redemption

If the class or series of preferred stock represented by the applicable series of depositary shares is redeemable, such depositary shares will be redeemed from the proceeds received by the depositary resulting from the redemption, in whole or in part, of the preferred stock held by the depositary. Whenever we redeem any preferred stock held by the depositary, the depositary will redeem as of the same redemption date the number of depositary shares representing the shares of preferred stock so redeemed. The depositary will mail the notice of redemption promptly upon receipt of

such notice from us and not less than 30 nor more than 60 days prior to the date fixed for redemption of the preferred stock and the depositary shares to the record holders of the depositary receipts.

Table of Contents

Voting

Promptly upon receipt of notice of any meeting at which the holders of the class or series of preferred stock represented by the applicable series of depositary shares are entitled to vote, the depositary will mail the information contained in such notice of meeting to the record holders of the depositary receipts as of the record date for such meeting. Each such record holder of depositary receipts will be entitled to instruct the depositary as to the exercise of the voting rights pertaining to the number of shares of preferred stock represented by such record holder's depositary shares. The depositary will endeavor, insofar as practicable, to vote such preferred stock represented by such depositary shares in accordance with such instructions, and we will agree to take all action which may be deemed necessary by the depositary in order to enable the depositary to do so. The depositary will abstain from voting any of the preferred stock to the extent that it does not receive specific instructions from the holders of depositary receipts.

Withdrawal of Preferred Stock

Upon surrender of depositary receipts at the principal office of the depositary and payment of any unpaid amount due to the depositary, and subject to the terms of the deposit agreement, the owner of the depositary shares evidenced thereby is entitled to delivery of the number of whole shares of preferred stock and all money and other property, if any, represented by such depositary shares. Partial shares of preferred stock will not be issued. If the depositary receipts delivered by the holder evidence a number of depositary shares in excess of the number of depositary shares representing the number of whole shares of preferred stock to be withdrawn, the depositary will deliver to such holder at the same time a new depositary receipt evidencing such excess number of depositary shares. Holders of preferred stock thus withdrawn will not thereafter be entitled to deposit such shares under the deposit agreement or to receive depositary receipts evidencing depositary shares therefor.

Amendment and Termination of Deposit Agreement

The form of depositary receipt evidencing the depositary shares and any provision of the deposit agreement may at any time and from time to time be amended by agreement between us and the depositary. However, any amendment which materially and adversely alters the rights of the holders (other than any change in fees) of depositary shares will not be effective unless such amendment has been approved by a majority of the depositary shares then outstanding. No such amendment may impair the right, subject to the terms of the deposit agreement, of any owner of any depositary shares to surrender the depositary receipt evidencing such depositary shares with instructions to the depositary to deliver to the holder of the preferred stock and all money and other property, if any, represented thereby, except in order to comply with mandatory provisions of applicable law.

The deposit agreement may be terminated by us upon not less than 30 days prior written notice to the applicable depositary if (1) such termination is necessary to preserve our status as a REIT or (2) holders of a majority of the outstanding shares of each class or series of preferred stock affected by such termination consent to such termination, whereupon such depositary will be required to deliver or make available to each holder of depositary receipts, upon surrender of the depositary receipts held by such holder, such number of whole or fractional shares of preferred stock as are represented by the depositary shares evidenced by such depositary receipts together with any other property held by such depositary with respect to such depositary receipts. We will agree that if the deposit agreement is terminated to preserve our status as a REIT, then we will use our best efforts to list the preferred stock issued upon surrender of the related depositary shares on a national securities exchange. In addition, the deposit agreement will automatically terminate if (a) all outstanding depositary shares thereunder shall have been redeemed, (b) there shall have been a final distribution in respect of the related preferred stock in connection with any liquidation, dissolution or winding-up of our company and such distribution shall have been distributed to the holders of depositary receipts evidencing the depositary shares representing such preferred stock or (c) each share of the related preferred stock shall

have been converted into stock of our company not so represented by depositary shares.

Charges of Depositary

We will pay all transfer and other taxes and governmental charges arising solely from the existence of the depositary arrangements. We will pay charges of the depositary in connection with the initial deposit of the preferred stock and initial issuance of the depositary shares, and redemption of the preferred stock and all withdrawals of preferred stock by owners of depositary shares. Holders of depositary receipts will pay transfer, income and other taxes and governmental charges and certain other charges as are provided in the deposit agreement applicable to their accounts. In certain circumstances, the depositary may refuse to transfer depositary shares, may withhold dividends and distributions and sell the depositary shares evidenced by such depositary receipt if such charges are not paid. The applicable prospectus supplement will include information with respect to fees and charges, if any, in connection with the deposit or substitution of the underlying securities, the receipt and distribution of dividends, the sale or exercise of rights, the withdrawal of the underlying security, and the transferring, splitting or grouping of receipts. The applicable prospectus supplement will also include information with respect to the right to collect the fees and charges, if any, against dividends received and deposited securities.

Miscellaneous

The depositary will forward to the holders of depositary receipts all notices, reports and proxy soliciting material from us which are delivered to the depositary and which we are required to furnish to the holders of the class or series of preferred stock represented by the depositary receipts. In addition, the depositary will make available for inspection by holders of depositary receipts at the principal office of the depositary, and at such other places as it may from time to time deem advisable, any notices, reports and proxy soliciting material received from us which are received by the depositary as the holder of the class or series of preferred stock represented by the depositary receipts. The applicable prospectus supplement will include information about the rights, if any, of holders of depositary receipts to inspect the transfer books of the depositary and the list of holders of depositary receipts.

Neither the depositary nor our company assumes any obligation or will be subject to any liability under the deposit agreement to holders of depositary receipts other than for its negligence or willful misconduct. Neither the depositary nor our company will be liable if it is prevented or delayed by law or any circumstance beyond its control in performing its obligations under the deposit agreement. The obligations of our company and the depositary under the deposit agreement will be limited to performance in good faith of its and our respective duties thereunder, and neither we nor the depositary will be obligated to prosecute or defend any legal proceeding in respect of any depositary shares or preferred stock unless satisfactory indemnity is furnished. Our company and the depositary may rely on written advice of counsel or accountants, on information provided by holders of the depositary receipts or other persons believed in good faith to be competent to give such information and on documents believed to be genuine and to have been signed or presented by the proper party or parties.

In the event the depositary shall receive conflicting claims, requests or instructions from any holders of depositary receipts, on the one hand, and us, on the other hand, the depositary shall be entitled to act on such claims, requests or instructions received from us.

Resignation and Removal of Depositary

The depositary may resign at any time by delivering to us notice of its election to do so, and we may at any time remove the depositary, any such resignation or removal to take effect upon the appointment of a successor depositary and its acceptance of such appointment. Such successor depositary must be appointed within 60 days after delivery of the notice for resignation or removal and must be a bank or trust company having its principal office in the United States and having a combined capital and surplus of at least \$150 million.

DESCRIPTION OF WARRANTS

We may issue warrants for the purchase of shares of common stock, shares of preferred stock or depositary shares and may issue warrants independently or together with shares of common stock, shares of preferred stock or depositary shares or attached to or separate from such securities. We will issue each series of warrants under a separate warrant agreement between us and a bank or trust company as warrant agent, as specified in the applicable prospectus supplement.

The warrant agent will act solely as our agent in connection with the warrants and will not act for or on behalf of warrant holders. The following sets forth certain general terms and provisions of the warrants that may be offered under this registration statement. Further terms of the warrants and the applicable warrant agreement will be set forth in the applicable prospectus supplement.

Equity Warrants

The applicable prospectus supplement will describe the terms of the warrants to purchase depositary shares, common stock or preferred stock, or equity warrants, in respect of which this prospectus is being delivered, including, where applicable, the following:

the title of the equity warrants,

the aggregate number of the equity warrants outstanding,

the price or prices at which the equity warrants will be issued,

the type and number of securities purchasable upon exercise of the equity warrants,

the date, if any, on and after which the equity warrants and the related securities will be separately transferable,

the price at which each security purchasable upon exercise of the equity warrants may be purchased,

the provisions, if any, for changes to or adjustments in the exercise price,

the date on which the right to exercise the equity warrants shall commence and the date on which such right shall expire,

the minimum or maximum amount of equity warrants that may be exercised at any one time,

information with respect to book-entry procedures, if any,

any anti-dilution protection,

a discussion of certain federal income tax considerations applicable to the equity warrants, and

any other terms of the equity warrants, including terms, procedures and limitations relating to the transferability, exercise and exchange of such warrants.

Equity warrant certificates will be exchangeable for new equity warrant certificates of different denominations and warrants may be exercised at the corporate trust office of the warrant agent or any other office indicated in the applicable prospectus supplement. Prior to the exercise of their equity warrants, holders of equity warrants will not have any of the rights of holders of the securities purchasable upon such exercise or to any dividend payments or voting rights as to which holders of the depositary shares, common stock or preferred stock purchasable upon such exercise may be entitled.

Except as provided in the applicable prospectus supplement, the exercise price and the number of depositary shares, shares of common stock or shares of preferred stock purchasable upon the exercise of each equity warrant will be subject to adjustment in certain events, including the issuance of a stock dividend to the holders of the

underlying common stock or preferred stock or a stock split, reverse stock split, combination, subdivision or reclassification of the underlying common stock or preferred stock, as the case may be. In lieu of adjusting the number of shares purchasable upon exercise of each equity warrant, we may elect to adjust the number of equity warrants. Unless otherwise provided in the applicable prospectus supplement, no adjustments in the number of shares purchasable upon exercise of the equity warrants will be required until all cumulative adjustments require an adjustment of at least 1% thereof. We may, at our option, reduce the exercise price at any time. No fractional shares will be issued upon exercise of equity warrants, but we will pay the cash value of any fractional shares otherwise issuable. Notwithstanding the foregoing, except as otherwise provided in the applicable prospectus supplement, in case of any consolidation, merger or sale or conveyance of our property as an entirety or substantially as an entirety, the holder of each outstanding equity warrant will have the right to the kind and amount of shares of stock and other securities and property, including cash, receivable by a holder of the number of depositary shares, shares of common stock or shares of preferred stock into which each equity warrant was exercisable immediately prior to the particular triggering event.

Exercise of Warrants

Each warrant will entitle the holder to purchase for cash such number of depositary shares, shares of common stock or shares of preferred stock, at such exercise price as shall, in each case, be set forth in, or be determinable as set forth in, the applicable prospectus supplement relating to the warrants offered thereby. Unless otherwise specified in the applicable prospectus supplement, warrants may be exercised at any time up to 5:00 p.m. New York City time on the expiration date set forth in applicable prospectus supplement. After 5:00 p.m. New York City time on the expiration date, unexercised warrants will be void.

Warrants may be exercised as set forth in the applicable prospectus supplement relating to the warrants. Upon receipt of payment and the warrant certificate properly completed and duly executed at the corporate trust office of the warrant agent or any other office indicated in the applicable prospectus supplement, we will, as soon as practicable, forward the securities purchasable upon such exercise. If less than all of the warrants that are represented by such warrant certificate are exercised, a new warrant certificate will be issued for the remaining amount of warrants.
