Redemption Provisions: There are no redemption provisions applicable to the 2019 FRN Notes.

Walmart may redeem the 2019 Fixed Rate Notes at any time prior to the maturity date of the 2019 Fixed Rate Notes, the 2020 Notes at any time prior to the maturity date

of the 2020 Notes, the 2022 Notes at any time prior to November 15, 2022, the 2024 Notes at any time prior to October 15, 2024, and the 2047 Notes at any time prior to June 15, 2047, in each case, at Walmart's option, as a whole or in part, at a redemption price equal to the greater of:

100% of the principal amount of the Notes to be redeemed, plus any accrued and unpaid interest to, but excluding, the redemption date, and

the sum of the present values of the Remaining Scheduled Payments, plus any accrued and unpaid interest to, but excluding, the redemption date.

In determining the present value of the Remaining Scheduled Payments, Walmart will discount such payments to the redemption date on a semi-annual basis (assuming a 360-day year consisting of twelve 30-day months) using a discount rate equal to the Applicable Treasury Rate plus, in the case of the 2019 Fixed Rate Notes, 5 basis points, in the case of the 2020 Notes, 5 basis points, in the case of the 2022 Notes, 10 basis points, in the case of the 2024 Notes, 10 basis points and, in the case of the 2047 Notes, 15 basis points.

The term **Applicable Treasury Rate** means with respect to any redemption date, the rate per annum equal to the semi-annual equivalent yield to maturity of the Comparable Treasury Issue. In determining this rate, Walmart will assume a price for the Comparable Treasury Issue (expressed as a percentage of its principal amount) equal to the Comparable Treasury Price for such redemption date.

The term **Comparable Treasury Issue** means the United States Treasury security selected by an Independent Investment Banker as having a maturity comparable to the remaining term of the Notes to be redeemed that would be utilized, at the time of selection and in accordance with customary financial practice, in pricing a new issue of corporate debt securities of comparable maturity to the remaining term of such Notes.

The term **Independent Investment Banker** means each of Barclays Capital Inc., Citigroup Global Markets Inc., and Morgan Stanley & Co. LLC and their respective successors as may be appointed from time to time by Walmart; provided, however, that if any of the foregoing shall cease

to be a primary U.S. Government securities dealer (a Primary Treasury Dealer ), Walmart shall substitute therefor another Primary Treasury Dealer.

The term Comparable Treasury Price means, with respect to any redemption date, the arithmetic average, as determined by the Independent Investment Banker, of the Reference Treasury Dealer Quotations for such redemption date.

The term Reference Treasury Dealer Quotations means, with respect to each Reference Treasury Dealer and any redemption date, the arithmetic average, as determined by the Independent Investment Banker, of the bid and asked prices for the Comparable Treasury Issue (expressed in each case as a percentage of its principal amount) quoted in writing to the Independent Investment Banker by such Reference Treasury Dealer by 5:00 p.m., New York City time, on the third business day preceding such redemption date.

The term Reference Treasury Dealer means each of Barclays Capital Inc., Citigroup Global Markets Inc., and Morgan Stanley & Co. LLC and their respective successors; provided, however, that if any of the foregoing shall cease to be a Primary Treasury Dealer, Walmart shall substitute therefor another Primary Treasury Dealer for such firm.

The term Remaining Scheduled Payments means, with respect to any 2019 Fixed Rate Note, 2020 Note, 2022 Note, 2024 Note and 2047 Note, the remaining scheduled payments of the principal thereof to be redeemed and interest thereon that would be due after the related redemption date but for such redemption; provided, however, that, if such redemption date is not an interest payment date with respect to such Note, the amount of the next scheduled interest payment thereon will be reduced by the amount of interest accrued thereon to such redemption date.

The 2022 Notes will also be redeemable, as a whole or in part, at the option of the Company at any time on or after November 15, 2022, at a redemption price equal to 100% of the principal amount of the 2022 Notes being redeemed, plus any accrued and unpaid interest to, but excluding, the redemption date.

The 2024 Notes will also be redeemable, as a whole or in part, at the option of the Company at any time on or after October 15, 2024, at a redemption price equal to 100% of the principal amount of the 2024 Notes being redeemed, plus any accrued and unpaid interest to, but excluding, the redemption date.

The 2047 Notes will also be redeemable, as a whole or in part, at the option of the Company at any time on or after June 15, 2047, at a redemption price equal to 100% of the principal amount of the 2047 Notes being redeemed, plus any accrued and unpaid interest to, but excluding, the redemption date.

Any notice of redemption must be mailed to each registered holder of the 2019 Fixed Rate Notes, the 2020 Notes, the 2022 Notes, the 2024 Notes or the 2047 Notes being redeemed at least 30 days but not more than 60 days prior to the redemption date.
