Item 1.01 Entry into a Material Definitive Agreement.

On December 21, 2017 (the Closing Date), Bellicum Pharmaceuticals, Inc. (the Company) entered into a loan and security agreement (the Agreement) with Oxford Finance LLC, as the collateral agent and a lender (the Lender), pursuant to which the Company borrowed \$35.0 million in a single term loan (the Term Loan) on the Closing Date. On the Closing Date, the Company used proceeds from the Term Loan equal to approximately \$32.9 million to repay its indebtedness to Hercules Capital, Inc. and its affiliates.

The Company's obligations under the Agreement are secured by a first priority security interest in substantially all of the Company's current and future assets, other than its intellectual property. The Company has also agreed not to encumber its intellectual property assets, except as permitted by the Agreement. The Term Loan matures on December 1, 2022 (the Maturity Date) and will be interest-only through January 31, 2020, followed by 35 equal monthly payments of principal and unpaid accrued interest. The Term Loan bears interest at a floating per annum rate equal to (i) 7.25% plus (ii) the greater of (a) the 30 day U.S. Dollar LIBOR rate reported in The Wall Street Journal on the last business day of the month that immediately precedes the month in which the interest will accrue and (b) 1.25%.

The Company will be required to make a final payment of 8.70% of the principal amount of the Term Loan borrowed, payable on the earlier of (i) the Maturity Date, (ii) the acceleration of the Term Loan, or (iii) the prepayment of the Term Loan. The Company may prepay all, but not less than all, of the borrowed amounts, provided that the Company will be obligated to pay a prepayment fee equal to (i) 3.00% of the outstanding principal balance if prepaid on or before the first anniversary of the Closing Date, (ii) 2.00% of the outstanding principal balance, if prepaid after the first anniversary and before the second anniversary of the Closing Date, and (iii) 1.00% of the outstanding principal balance prepaid thereafter and prior to the Maturity Date (each, a Prepayment Fee).

While any amounts are outstanding under the Agreement, the Company is subject to a number of affirmative and restrictive covenants, including covenants regarding delivery of financial statements, payment of taxes, maintenance of insurance, dispositions of property, business combinations or acquisitions, incurrence of additional indebtedness and transactions with affiliates, among other customary covenants. The Company is also restricted from paying dividends or making other distributions or payments on its capital stock, subject to limited exceptions. Upon the occurrence of certain events, including but not limited to the Company's failure to satisfy its payment obligations under the Agreement, the breach of certain of its other covenants under the Agreement, or the occurrence of a material adverse change, the collateral agent will have the right, among other remedies, to declare all principal and interest immediately due and payable, and the Lender will have the right to receive the final payment fee and, if the payment of principal and interest is due prior to the Maturity Date, the applicable Prepayment Fee.

The foregoing is only a summary of the material terms of the Agreement, does not purport to be complete and is qualified in its entirety by reference to the full text of the Agreement, which will be filed as an exhibit to the Company's Annual Report on Form 10-K for the year ended December 31, 2017.

Item 2.03 Creation of a Direct Financial Obligation or an Obligation under an Off-Balance Sheet Arrangement of a Registrant.

The information set forth under Item 1.01 above is hereby incorporated by reference into this Item 2.03.
