**BUSINESS HIGHLIGHTS**

Continued ramp up of the Velar and Discovery drove higher volumes, offset partially by run-out of the 17 Model Year Range Rover and Range Rover Sport

China and Overseas markets were up while the UK, US and European markets were lower reflecting more challenging conditions with cyclical weakness in the UK and US, increasing diesel uncertainty in the UK and Europe, and Brexit uncertainty in the UK

The new Jaguar E-Pace, long wheelbase XE in China and 18 Model Year Range Rover and Range Rover Sport (both with new PHEV options) have been launched and will be ramping up in Q4

F-Pace and E-Pace awarded 5 star Euro NCAP rating

Participated in UK's first on-road testing of the Autonomous Cars

**FINANCIAL DETAILS**

In the third quarter, retail sales grew 3.5% to 154,447 units, driven primarily by a 14.6% increase in unit sales in China and an 18.2% rise in Overseas markets. Increased sales in such markets reflected underlying demand for the new Range Rover Velar, the Land Rover Discovery, the recently-launched Jaguar E-PACE compact SUV and, in China, the long-wheelbase Jaguar XF. This improvement was offset by flatter demand in the US, UK and mainland Europe, and the impact of model year change-overs for the Range Rover and Range Rover Sport. Revenues increased 4.3% to £6.3B. Pre-tax profits were £192M (2.6% EBIT margin) compared to £255M (3.9% EBIT margin) in Q3FY17 which included an £85M insurance recovery. Profitability was impacted by the run-out of the 17 Model Year Range Rover and Range Rover Sport (18 Model Year with PHEV option now launching) and higher depreciation and amortization resulting from continued investment to drive profitable growth. Total investment in new products, technology and capacity was over £1B in Q3 and is expected to exceed £4B for the full year.

Dr. Ralf Speth, Jaguar Land Rover CEO, said: We have delivered credible financial results in a challenging period, during which Jaguar Land Rover has continued to over-proportionally invest in long-term growth and autonomous, connected and electric technologies. Despite headwinds and uncertainty in some markets, Jaguar Land Rover still delivered increased unit sales as we continued the launch schedule for new models including the significantly enhanced Range Rover family and all-new Jaguar E-PACE.

As I look ahead, this is a milestone year for Jaguar Land Rover as we prepare to launch our first ever electric car, the Jaguar I-PACE, and Range Rover plug-in hybrids. We continue to remain focused on delivering sustainable and profitable growth, and we expect a stronger all-around performance in the Fourth Quarter driven by new models, seasonality, and improved profitability.

**BUSINESS HIGHLIGHTS**

Turnaround Strategy well on track

Strong volumes and cost reduction efforts deliver improved profit delivery

Commercial Vehicles (CV):

Growth driven by increased demand for high tonnage vehicles, newly launched products, increased acceptance of SCR technology, improved stakeholders engagement, government funding in infrastructure development and e-commerce growth.

Passenger Vehicles (PV) continues to demonstrate positive momentum on the back of new product launches and customer centric initiatives

**FINANCIAL DETAILS**

In the third quarter, overall wholesales (including exports) grew 31% to 172,952 units with broad based growth across the entire portfolio in the domestic market- M&HCV trucks up 54%, ILCV trucks up 49%, SCV & Pick Ups up 44%, CV passenger carriers up 15%, PV up 22%. New products in CV with SCR technology has been well received by the customers. Nexon has met with excellent consumer response while the existing portfolio of Tiago, Tigor and Hexa continued to deliver strong growths. The performance in the quarter reflects the progress of the Turnaround Strategy which involves focused actions on filling up portfolio gaps, rigorous cost reduction and creating a robust extended supply chain footprint.

Revenue increased 59% to 16,102Cr, Pre-tax profits were 201Cr (3.3% EBIT margin) compared to Pre-tax loss of 1,032Cr (-6.4% EBIT margin) in Q3 FY17.

Mr. Guenter Butschek, Tata Motors CEO & MD, said: The Turnaround Strategy is delivering results for us as is evident in share gain in an intensely competitive market and improved profitability enabled by a slew of new product launches and customer centric initiatives.

The regulatory landscape on emission norms including BSVI, EVs and alternative fuel sources are significant challenges for the industry and Tata Motors is ready to play its part, while we continue on our journey to drive competitive, profitable growth

**JOINT VENTURES, ASSOCIATES AND OTHER INCOME**

Net profit from joint ventures and associates contributed 253Cr compared with 380Cr in the same quarter prior year. Other income was 182Cr versus 167Cr in the same quarter prior year.

**NET DEBT**
