GETTY REALTY CORP.

PROXY STATEMENT FOR ANNUAL MEETING OF STOCKHOLDERS

This Proxy Statement is furnished in connection with the solicitation of proxies by and on behalf of the Board of Directors of Getty Realty Corp. (hereinafter called the Company or Getty), to be voted at the Company's Annual Meeting to be held at the offices of DLA Piper, 1251 Avenue of the Americas, New York, NY 10020 on May 8, 2018 at 3:30 p.m., and at any adjournments or postponements thereof (the Annual Meeting), for the purposes of (1) electing a Board of Directors; (2) holding an advisory vote to approve named executive officer compensation; (3) approving an amendment to the Company's Charter to increase the aggregate number of shares of stock of all classes that the Company is authorized to issue from 70,000,000 shares to 120,000,000 shares; and (4) ratifying the appointment of independent auditors. We will also transact such other business as may properly come before the Annual Meeting or any adjournments or postponements thereof.

Record Date, Voting Rights, Outstanding Shares and Quorum

At the close of business on March 13, 2018, the record date for stockholders entitled to vote at the Annual Meeting, there were 39,710,287 shares of Getty common stock outstanding. Each outstanding share of common stock is entitled to one vote. The common shares vote as a single class. In order to constitute a quorum at the Annual Meeting, there must be present, or voting by proxy, holders of a majority of the outstanding common stock.

Under Maryland law, shares represented by proxies that reflect abstentions or broker non-votes (i.e., shares held by a broker or nominee which are represented at the Annual Meeting, but with respect to which such broker or nominee is not empowered by the beneficial owner of the stock to vote on a particular proposal) will be counted as shares that are present and entitled to vote for purposes of determining the presence of a quorum.

Voting Requirements

If your shares are held in the name of a bank, broker or other holder of record, you will receive instructions from the holder of record on how to vote your shares. You must follow the instructions of the holder of record in order for your shares to be voted. If your shares are not registered in your own name and you plan to vote your shares in person at the Annual Meeting, you should contact your broker or agent to obtain a legal proxy or broker's proxy card and bring it with you to the Annual Meeting in order to vote.

All valid proxies received before the Annual Meeting will be exercised. All shares represented by a proxy will be voted, and where a proxy specifies a stockholder's choice with respect to any matter to be acted upon, the shares will be voted in accordance with that specification. If no choice is indicated on the proxy with respect to any one or more of the proposals, the shares will be voted in favor of such proposal(s). At the discretion of the persons named in the enclosed proxy card or vote instruction form, such proxy holder may also vote on any other matter that may properly come before the Annual Meeting or any adjournments or postponements of the Annual Meeting.

Vote Required

If a quorum is achieved at the Annual Meeting, the following voting requirements will apply:

- 1.

Board Elections. The affirmative vote of a plurality of all votes cast at the Annual Meeting is required for the election of each nominee to our Board of Directors. With respect to each director nominee, you may vote for such nominee or withhold your vote as to such nominee. Director nominees with the most votes cast for such nominee's election will be elected to our Board of Directors.

For purposes of the election of directors, abstentions and broker non-votes, if any, will not be counted as votes cast and will have no effect on the result of the vote.

2. **Advisory vote to approve named executive officer compensation.** The affirmative vote of a majority of the votes cast at the Annual Meeting will be necessary to approve the advisory vote on executive compensation.

Table of Contents

For purposes of the advisory vote to approve the named executive officer compensation, abstentions and broker non-votes are not considered votes cast and will have no effect on the outcome of this proposal.

- 3. Charter Amendment Proposal.** The affirmative vote of the holders of shares entitled to cast a majority of all the votes entitled to be cast on the matter is necessary to adopt the charter amendment proposal (the Charter Amendment Proposal).

For purposes of the Charter Amendment Proposal, abstentions and broker non-votes will have the same effect as votes against the proposal.

- 4. Ratify the appointment of PricewaterhouseCoopers LLP.** The affirmative vote of a majority of the votes cast at the Annual Meeting will be necessary to ratify the appointment of the independent registered public accounting firm.

For purposes of the appointment of PricewaterhouseCoopers LLP, abstentions and broker non-votes are not considered votes cast and will have no effect on the outcome of this proposal.

Broker Non-Votes

Broker non-votes occur when a beneficial owner of shares held in street name does not give instructions to the broker, bank or other nominee holding the shares as to how to vote on matters deemed non-routine. Generally, if shares are held in street name, the beneficial owner of the shares is entitled to give voting instructions to the broker, bank or other nominee holding the shares. If the beneficial owner does not provide voting instructions, the broker, bank or other nominee can still vote the shares with respect to matters that are considered to be routine, but cannot vote the shares with respect to non-routine matters. With respect to the four proposals set forth in this Proxy Statement, only Proposal 4 Ratification of the Appointment of PricewaterhouseCoopers LLP is considered to be routine and brokers, banks or other nominees generally have discretionary voting power with respect to such proposal. We encourage you to provide instructions to your broker regarding the voting of your shares. See Vote Required section above for the treatment of broker non-votes with respect to each of the four proposals.

If you vote by proxy, the individuals named on the proxy card (your proxies or proxy holders) will vote your shares in the manner you indicate.

Solicitation of Proxies

We will bear the cost of soliciting proxies. In addition to soliciting stockholders by mail through our employees, we will request banks, brokers and other custodians, nominees and fiduciaries to solicit customers for whom they hold our stock and we will reimburse them for their reasonable, out-of-pocket costs. We may also use the services of our officers, directors and others to solicit proxies personally or by telephone, without additional compensation.

CORPORATE GOVERNANCE AND RELATED MATTERS

Board of Directors and Board Leadership Structure

Our Board of Directors is currently comprised of Leo Liebowitz, Howard B. Safenowitz, Milton Cooper, Philip E. Coviello, Richard E. Montag and Christopher J. Constant. Our Board is elected by the stockholders to oversee the performance of the business affairs of the Company and to set broad strategy for the Company's growth. The Board of Directors acts as an advisor to senior management and monitors its performance. It also oversees the Company's compliance efforts. To help discharge its responsibilities, the Board of Directors has adopted Corporate Governance Guidelines on significant corporate governance issues. The Corporate Governance Guidelines address, among other things, the size of the Board of Directors, director independence, committee membership and structure, meetings and executive sessions, and director selection and training.

The Charters for each of the committees of the Board of Directors, the Corporate Governance Guidelines, and Getty's Business Conduct Guidelines (which serve as our code of ethics under the Sarbanes-Oxley Act of 2002 and our code of business conduct and ethics under the New York Stock Exchange (NYSE) rules, and covers officers, employees and directors), may all be accessed through the Getty website at www.gettyrealty.com by clicking on Investors/Corporate Governance . The Board of Directors and the Nominating/Corporate Governance Committee are committed to the needs of the Board and, in evaluating possible director candidates, have historically considered the knowledge and judgment, and breadth of skills, experience and attributes, of a candidate with a goal of identifying the most suitable person based on merit, without regard to gender, race, color, religion or national origin. From time to time, the Board of Directors and the Nominating and Corporate Governance Committee have re-evaluated their policies regarding diversity among the Board of Directors, specifically including gender and racial diversity. In February 2018, the Board of Directors determined to revise the Director Qualification Standards section of the Company's Corporate Governance Guidelines to reaffirm the potential benefits of diversity among the Board of Directors, by specifically stating that (i) diversity (based on factors commonly associated with diversity such as race, gender, national origin, religion, or sexual orientation or identity, as well as on broader principles such as diversity of perspective and experience) would be one of the elements to be considered in evaluating any particular director candidate, and (ii) in carrying out its duties, the Nominating/Corporate Governance Committee shall be responsible for assessing the appropriate balance of skills and characteristics required of members of the Board of Directors and will actively seek to broaden the diversity composition of the Board of Directors. (For additional information on this issue, see Nominating/Corporate Governance Committee discussion on page 10 of this Proxy Statement.)

In addition to our website availability, copies of any of the Charters for each of the committees of the Board of Directors, the Corporate Governance Guidelines, and/or Getty's Business Conduct Guidelines may also be obtained by submitting a written request to Mr. Joshua Dicker, Executive Vice President, General Counsel and Secretary, at the address for Getty's executive offices provided in this Proxy Statement. The Business Conduct Guidelines apply to all employees, officers and directors of the Company and waivers of the Business Conduct Guidelines for directors or executive officers, if any, will be disclosed as required by the rules and regulations of the SEC. There were no such waivers in 2017.

For the year ended December 31, 2017, our Board of Directors had six members. The Board of Directors has nominated six candidates for election as directors for a one-year term ending at the 2019 annual meeting of the Company's stockholders and when their successors are duly elected and qualified.

The Board does not have a policy regarding the separation of the roles of Chief Executive Officer (CEO) and Chairman of the Board as the Board believes it is in the best interests of the Company for the Board to have the flexibility to make the determination whether the same person should serve as both the CEO and Chairman of the

Board at any given point in time, or whether the roles should be separate, depending on, among other factors, the position and direction of the Company and the membership of the Board. The Board believes that its current leadership structure, with the separation of the Chairman and the CEO position, is appropriate for the Company because it separates the leadership of the Board from the day to day leadership of the Company. The Board believes that, in addition to the Lead Independent Director, separating the position of Chairman from the CEO better positions the Board to evaluate the performance of management and enables the Chairman to provide guidance to the CEO.

Table of Contents

In his role as Chairman of the Board, Mr. Liebowitz is responsible for enhancing Board effectiveness, in particular by ensuring that the Board works as a cohesive team; ensuring that the Board has adequate resources and that there is a process in place to assure that the Board is presented with full, timely and relevant information; ensuring that there is a process in place to monitor best practices that relate to the responsibilities of the Board; and assessing the effectiveness of the overall Board and individual directors on a regular basis. He is also responsible for Board management, in particular by providing oversight on the agendas for Board meetings; consulting with the CEO regarding the membership and the chairs for Board committees; ensuring that the independent directors meet regularly without management present to discuss the effectiveness of the CEO and the Board; and by chairing Board meetings.

In his role as the CEO, Mr. Constant is responsible for setting a strategic vision for the Company and seeking to align the Company, internally and externally, with that strategic vision. In addition, Mr. Constant, as CEO, is responsible for day to day leadership of the Company, promoting Company performance through his leadership, and leading the Company in the execution of its business plan. Our CEO also serves on our Board, which we believe helps the CEO serve as a bridge between management and the Board of Directors, ensuring that both groups act with a common purpose. We believe that the CEO's presence on the Board enhances his ability to provide insight and direction on important strategic initiatives to both management and the independent directors and, at the same time, ensures that the appropriate level of independent oversight is applied to all decisions by the Board.

Role of Board of Directors in Risk Oversight

It is management's responsibility to assess and manage the various risks the Company faces and the Board's responsibility to oversee management in this effort. In exercising its oversight, the Board has delegated primary responsibility for risk assessment and risk management oversight to the Audit Committee. Under its Charter, the Audit Committee's responsibilities include discussing with management the Company's policies with respect to risk assessment and risk management, and the Company's material financial risk exposures and the actions management has taken to limit, monitor or control such exposures. The Audit Committee receives quarterly reports from management on the Company's enterprise risk management practices and risk mitigation efforts. The Audit Committee also oversees the Company's legal and regulatory compliance programs and internal audit function. Our full Board regularly reviews the Company's strategic plans and objectives, including the risks that may affect the achievement of these strategic plans and objectives.

Independence of Directors

The Board of Directors has determined that Messrs. Cooper, Coviello, Montag and Safenowitz are independent as defined in the listing standards of the NYSE. In making these determinations, the Board of Directors considered all relevant facts and circumstances, including the independence standards set forth in Section 303A.02 of the rules of the NYSE. The Board of Directors affirmatively determined that none of the directors, or any of their respective family members, other than Mr. Liebowitz and Mr. Constant, has had any relationship with Getty (either directly or as a partner, stockholder or officer of an organization that has a relationship with Getty), other than as a stockholder and director of Getty. Accordingly, the Board of Directors has affirmatively determined that each of the directors, other than Mr. Liebowitz and Mr. Constant, is independent.

It has been and will continue to be the practice of the Board of Directors to meet at least quarterly each year and have Mr. Liebowitz, as Chairman, chair such meetings. Additionally, it has been the practice of the independent directors to meet in executive session at least quarterly each year, and to have Mr. Safenowitz, who has served since February 25, 2010 as the Company's Lead Independent Director, chair such sessions.

Directors Meetings

During the year ended December 31, 2017, the Board of Directors held six (6) meetings. Each of the directors nominated for election at the Annual Meeting attended all of the 2017 meetings of the Board of Directors, and all of the 2017 meetings of Committees of the Board on which such director served, except that one member of the Audit Committee did not attend the July 25, 2017 Audit Committee Meeting due to illness. Each of the directors nominated for election at the Annual Meeting also attended the annual meeting of stockholders in May 2017.

Committees

The Board of Directors has an Audit Committee, a Nominating/Corporate Governance Committee and a Compensation Committee, the membership and functions of which are described below.

Audit Committee

The Audit Committee met four (4) times in 2017. The Audit Committee consisted of Messrs. Coviello (Chairman), Montag, and Safenowitz. The Audit Committee selects the independent registered public accounting firm that audits the consolidated financial statements of Getty and its subsidiaries, discusses the scope and the results of the audit with our independent registered public accounting firm, and monitors Getty's financial accounting and reporting practices. The Audit Committee also examines and discusses the adequacy of Getty's internal control over financial reporting with the independent registered public accounting firm, our internal auditors, and with management. The Board has designated the Audit Committee to take the lead in overseeing our risk assessment and risk management, along with overseeing compliance with our Business Conduct Guidelines. In addition to regular meetings, at least one Audit Committee member meets telephonically with management and Getty's independent auditors to review the Company's quarterly reports and other reports, as appropriate, prior to their full presentation to the Audit Committee and subsequent filing with the SEC. The Audit Committee met with management and Getty's independent auditors to review the Company's audited financial statements for the year ended December 31, 2017 and recommended to the Board of Directors that the financial statements be included in the Company's Annual Report on Form 10-K for such year. See *Role of Board of Directors in Risk Oversight* on page 9 of this Proxy Statement for a discussion of the Audit Committee's role in risk assessment and risk management oversight. Additionally, the Audit Committee reviews and discusses with management, management's specific disclosures contained in *Management's Discussion and Analysis of Financial Condition and Results of Operations* in our Annual Report on Form 10-K and Quarterly Reports on Form 10-Q. Please also see the Audit Committee Report included at pages 33-34 in this Proxy Statement.

The Board of Directors determined that for the year ended December 31, 2017, each member of the Audit Committee (a) was (1) independent and (2) financially literate as such terms are defined in the listing standards of the NYSE and (b) met the independence tests set forth in Section 301 of the Sarbanes-Oxley Act of 2002 and regulations promulgated thereunder by the SEC. The Board of Directors also determined that for the year ended December 31, 2017, Mr. Coviello and Mr. Montag each qualified as an audit committee financial expert under the relevant rules of the SEC, and that each of Messrs. Coviello and Montag have the requisite accounting/financial management expertise required by the listing standards of the NYSE.

The Charter of the Audit Committee provides that members of the Audit Committee may not be members of the audit committee of more than two other public companies unless such other memberships have been disclosed to the Board and the Board has determined that such simultaneous service does not impair the ability of such member to serve effectively on the Audit Committee. None of the Audit Committee members served on the audit committee of more than two other public companies during 2017.

Nominating/Corporate Governance Committee

The Nominating/Corporate Governance Committee met two (2) times in 2017. The Nominating/Corporate Governance Committee consisted of Messrs. Safenowitz (Chairman), Cooper, and Coviello. The Nominating/Corporate Governance Committee recommends nominees for election to the Board and reviews the role, composition and structure of the Board and its committees. As part of this review, the Committee evaluates (i) whether to have a Lead Independent Director, (ii) the responsibilities of the positions of Chairman of the Board and Lead Independent Director, and (iii) the qualifications for those positions, including whether the position of Chairman

of the Board of Directors should be held by the Chief Executive Officer, an independent director, or a non-independent director other than the Chief Executive Officer. The Nominating/Corporate Governance Committee also recommends candidates to the Board for election as officers.

For a discussion of the specific experience, qualifications, attributes or skills of the nominees for election to the Board, see the Nominees for Election at the Annual Meeting section on page 4 of this Proxy Statement.

Table of Contents

Historically, consistent with its Charter, the Nominating/Corporate Governance Committee considered general principles of diversity in the broadest sense (including diversity of skills and perspectives) when identifying director nominees for the Board, however, the Committee did not have a formal policy with regard to the consideration of diversity specifically based on factors such as race, gender, national origin, religion, or sexual orientation or identity, in identifying director nominees. As noted above, in February 2018, the Board of Directors determined to revise the Director Qualification Standards section of the Company's Corporate Governance Guidelines to reaffirm the potential benefits of diversity among the Board of Directors, by specifically stating that (i) diversity (based on factors commonly associated with diversity such as race, gender, national origin, religion, or sexual orientation or identity, as well as on broader principles such as diversity of perspective and experience) would be one of the elements to be considered in evaluating any particular director candidate, and (ii) in carrying out its duties, the Nominating/Corporate Governance Committee shall be responsible for assessing the appropriate balance of skills and characteristics required of members of the Board of Directors and will actively seek to broaden the diversity composition of the Board of Directors. In addition, at its regular meeting held in February 2018, the Board of Directors unanimously confirmed its intention to expand the Board of Directors by at least one new member after the Annual Meeting and prior to the Company's 2019 Annual Meeting of Stockholders, and to seek to appoint a qualified candidate to the newly-created position who can meet the needs of the Board of Directors, including by broadening the diversity composition of the Board of Directors. The Nominating/Corporate Governance Committee intends to support the objective of the Board of Directors by conducting a search and, when appropriate, recommending qualified candidates consistent with the Company's Corporate Governance Guidelines for such newly created vacancy to the Board of Directors.

The Board of Directors has determined that each member of the Nominating/Corporate Governance Committee is independent as such term is defined in the listing standards of the NYSE. The Nominating/Corporate Governance Committee Charter includes policies with regard to stockholder recommendations of nominees to the Board of Directors.

Stockholders wishing to recommend candidates for election to the Board must supply information in writing regarding the candidate to Mr. Joshua Dicker, Executive Vice President, General Counsel and Secretary of the Company, at the Company's executive offices. This information should include the candidate's name, biographical data and an analysis of the candidate based on the director candidate criteria described below. The recommendation must also include all information relating to the proposed director nominee that would be required to be disclosed in a solicitation of proxies for election of directors in an election contest under applicable securities law. Stockholders wishing to nominate a candidate must comply with the advance notice requirements in our By-Laws. Please refer to our By-Laws for more specific information. Our By-Laws were publicly filed with the Securities and Exchange Commission (SEC) on November 14, 2011. Additional information regarding any proposed nominees may be requested by the Nominating/Corporate Governance Committee.

Each nominee must possess fundamental qualities of intelligence, honesty, good judgment, and high standards of ethics, integrity, fairness and responsibility. The Nominating/Corporate Governance Committee also will consider the following criteria in addition to other criteria the Committee deems appropriate, including the specific needs of the Board at the time:

experience in corporate management, such as serving as an officer or former officer of a publicly held company, and a general understanding of marketing, finance and other elements relevant to the success of a publicly traded company in today's business environment;

the director's past attendance at meetings and participation in and contributions to the activities of the Board (if applicable);

experience in our industry and with relevant social policy concerns;

understanding of our business on a technical level;

educational and professional background and/or academic experience in an area of our operations;

experience as a board member of another publicly held company;

practical and mature business judgment, including ability to make independent analytical inquiries;

independence, as defined by the NYSE listing standards;

financial literacy;

standing in the community; and

ability to foster a diversity of backgrounds and views and to complement the Board's existing strengths.

On the basis of the information gathered in this process, the Nominating/Corporate Governance Committee will determine which nominees to recommend to the Board. Recommendations and related information received prior to any Nominating/Corporate Governance Committee meeting where director nominees are to be considered will be considered at that meeting. The Nominating/Corporate Governance Committee uses the same process for evaluating all nominees, regardless of the source of the recommendation. This process includes, among other things, personal interviews, discussions with professional references, background checks, credit checks and resume verification.

The Nominating/Corporate Governance Committee has not received any recommendation for a director nominee for the Annual Meeting from any stockholder or group of stockholders.

Compensation Committee

The Compensation Committee met two (2) times in 2017. The Compensation Committee consisted of Messrs. Cooper (Chairman), Coviello, Montag and Safenowitz. The Compensation Committee is responsible for developing and, with the approval of the Board, implementing the compensation plans, policies and programs of the Company and producing an annual report on executive compensation for inclusion in the Company's proxy materials in accordance with applicable rules and regulations. It is the Compensation Committee's responsibility to ensure that compensation programs are designed to encourage high performance and promote accountability and assure that employee interests are aligned with the interests of the Company's stockholders. The Board has determined that each member of the Compensation Committee is independent as such term is defined in the listing standards of the NYSE.

The Compensation Committee also administers the Supplemental Retirement Plan for Executives of Getty Realty Corp. and Participating Subsidiaries (the Supplemental Retirement Plan) and the Getty Realty Corp. Second Amended and Restated 2004 Omnibus Incentive Compensation Plan (the 2004 Plan) and reviews, and recommends to the Board for Board approval, the compensation of the directors and each of the executive officers of Getty.

The Compensation Committee's Charter provides that the Committee may delegate any or all of its responsibilities, except that the Committee may not delegate its responsibilities with respect to:

its annual review and approval of compensation for officers, directors and certain highly compensated employees;

its recommendation to the Chairman of the Board of any changes in non-management director compensation;

its management and annual review of, and responsibilities with respect to, all bonuses, incentive compensation, equity-based compensation, and employee pension and welfare benefit plans; or

any other matters that involve executive compensation.

The compensation of Getty's executive officers is recommended by the CEO to the Compensation Committee. The CEO reviews the performance of each executive officer (other than his own) with the Compensation Committee. The Compensation Committee considers the CEO's recommendations, evaluates the CEO's individual performance and establishes the compensation for each executive officer, including the CEO. The CEO does not play any role in the Compensation Committee's deliberation of matters impacting his own compensation. No executive officer other than the CEO plays a role in determining or recommending the amount or form of executive compensation.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Compensation Committee is responsible for setting and administering the compensation policies and practices for the executive officers of the Company. The Company's executive compensation program consists primarily of the following elements: base salary, cash incentive compensation, equity compensation and retirement plans. We do not utilize compensation policies or practices that create risks which are reasonably likely to have a material adverse effect on the Company.

This Compensation Discussion and Analysis section describes generally the compensation policies and practices that the Company applies to our Chief Executive Officer (CEO), Christopher J. Constant, Chief Operating Officer and Chief Investment Officer, Mark J. Olear, General Counsel, Joshua Dicker, and Chief Financial Officer (CFO), Danion Fielding (each of the foregoing, a Named Executive Officer or NEO). For additional details about our NEOs for 2017, see Executive Officers at page 13 of this Proxy Statement, and Summary Compensation Table at page 22 of this Proxy Statement.

2017 Company Performance Highlights

The following presents a summary of certain financial and operational highlights achieved by the Company in 2017 which, among other factors, were considered by the Compensation Committee in reaching its determinations regarding the performance and compensation of the Named Executive Officers. (See our filings with the SEC, including our Annual Report on Form 10-K for the year ended December 31, 2017, for additional details regarding each of these highlights.)

Exceptional Financial Performance. 2017 was a highly productive year for the Company as our performance and market position yielded very strong returns. The Company delivered on all of its key financial objectives, including exceeding our published 2017 adjusted funds from operations (AFFO) guidance, which had been raised in October 2017. We increased net earnings per share by 13%, increased our annual dividend rate by 14%, and generated total annual stockholder returns of 11.4% for the calendar year. For the year ended December 31, 2017, we declared \$43.7 million of dividends, or \$1.16 per share, as compared to \$35.4 million of dividends, or \$1.03 per share, in the prior year, representing an increase of 13%. For the year ended December 31, 2017, we reported net earnings of \$47.2 million, or \$1.26 per share, funds from operations (FFO) of \$74.6 million, or \$2.00 per share, and AFFO of \$62.0 million, or \$1.66 per share. ¹

Marked Improvement of Our Portfolio. During the year ended December 31, 2017, we acquired fee simple interests in 103 properties for an aggregate purchase price of \$214 million. The leases associated with these acquisitions have a weighted average initial term of 14.4 years and are expected to produce attractive returns. As a result of these transactions, the Company added a number of high quality tenants and properties, diversified our tenant base, and expanded our geographic presence in the Southeastern and Southwestern United States. We also continued to reduce our subpopulation of vacant properties, which started the year at 15 and ended the year at eight. In addition, we advanced our portfolio management objectives during the year by selling 12 properties (generating \$4.2 million of gross proceeds), and leasing seven convenience and gas sites, which resulted in approximately \$0.3 million in additional annual rent revenue, and by exiting four unprofitable over-leases.

Successful Progress in Our Redevelopment Program. In 2017, we advanced and enlarged our redevelopment program, which seeks to unlock embedded value within our existing net lease portfolio by taking

certain convenience store and gasoline properties and redeveloping them into either a newer convenience store and gasoline use or another single-tenant net-lease retail use with higher returns. In 2017, we reached rent commencement on our second and third redevelopment projects, and, as of December 31, 2017, we had nine of our properties under active redevelopment for alternative uses. In addition, as of December 31, 2017, we are in various stages of feasibility and planning for recapturing and redeveloping many other properties, including having signed leases in place for four properties which will be recaptured from existing tenants and redeveloped after relevant entitlements, permits and approvals have been secured.

Positioning the Company's Balance Sheet for Growth Initiatives. We maintained a well-positioned balance sheet with strong credit metrics such as a Fixed Charge Coverage Ratio of 3.4x* and a Net Debt to EBITDA Ratio of 3.8x*. We maintained ample liquidity to support our growth objectives and, for the year ended December 31, 2017, we increased our cash flow provided by financing activities by \$198.1 million. We raised approximately \$118 million of equity capital by selling shares of our common stock pursuant to an at-the-market equity offering program (raising net proceeds of \$13.5 million), and by conducting an underwritten public offering pursuant to which we sold 4.7 million common shares and raised net proceeds of \$104.3 million.

Overview

The compensation of each NEO is recommended by the CEO to the Compensation Committee. The CEO reviews the performance of each NEO (other than himself) and provides compensation recommendations for all NEOs (including himself) to the Compensation Committee. The Compensation Committee considers the CEO's recommendations, evaluates the CEO's individual performance, and establishes the compensation for each NEO. The CEO does not play any role in the Compensation Committee's deliberation of matters impacting his own compensation. After consideration of various factors, including the operational and financial achievements noted above and the individual contributions of the NEOs which advanced those achievements, the Compensation Committee made the following determinations in February 2018 with respect to the Named Executive Officers:

Cash bonuses were awarded to the NEOs, as described below under the heading "Incentive Compensation - Cash Bonus".

Mr. Constant's base salary for 2018 was increased by 5.8% and base salaries for 2018 were increased 5.1% for Mr. Olear, 5.7% for Mr. Dicker and 6.0% for Mr. Fielding.

Profit sharing contributions, matching contributions to the Company's 401(k) retirement savings plan and contributions to the Supplemental Retirement Plan stayed substantially the same for each NEO as the amounts contributed by the Company for the past three years.

An annual discretionary grant under the 2004 Plan of 17,500 restricted stock units (RSUs) was awarded to Mr. Constant, 13,000 RSUs to Mr. Olear, 13,000 RSUs to Mr. Dicker, and 8,000 RSUs to Mr. Fielding.

See the Summary Compensation Table on page 22 for additional details.

Getty's Compensation Program

Getty's compensation program for executive officers is designed to effectively manage the Company's aggregate annual compensation expense while providing executive officers with a total compensation package that is adequate to retain them, encourage and motivate their high performance and promote their accountability. Getty's compensation policies are also designed to promote increased stockholder value by aligning the financial interests of

* Capitalized terms are as defined in the Company's Credit Agreement and Second Amended and Restated Note Purchase and Guarantee Agreement. Calculations are as of December 31, 2017.

Table of Contents

Getty’s executive officers with those of its stockholders. The Compensation Committee believes that its current policies, plans and programs are adequate for these purposes.

Getty’s executive compensation program involves a combination of annual cash compensation, discretionary incentive compensation (cash incentive awards and equity incentive awards like RSUs with dividend equivalents), retirement and other plans, and perquisites and other benefits. Although the Compensation Committee has not adopted any formal policies for allocating compensation among the foregoing compensation components, in conducting its review and rendering its determinations, the Compensation Committee evaluates whether each executive officer is provided with a total compensation opportunity that achieves the key objectives of the compensation program while maintaining an appropriate cost structure.

Base salary levels for executive officers are, in combination with other compensation components, considered by the Compensation Committee to be sufficient to achieve the objectives of Getty’s compensation program. Total compensation, including discretionary annual cash incentive awards and RSU grants (including dividend equivalents paid with respect to such RSUs), are in aggregate amounts which the Compensation Committee considers sufficient to retain its executive officers and to align their interests with those of Getty’s stockholders.

Total compensation determinations by the Compensation Committee for each NEO are influenced in part by the particular responsibilities of the applicable executive position with additional consideration given to such NEO’s individual performance. Our CEO reviews the performance of each NEO (other than himself) and provides compensation recommendations for all NEOs (including himself) to the Compensation Committee with respect to base salary amounts, cash bonuses and grants of equity based awards under the 2004 Plan consisting of RSUs (including dividend equivalents with respect to such RSUs). The Compensation Committee reviews and deliberates upon the CEO recommendations, evaluates the CEO’s individual performance, and establishes the compensation for each NEO. The CEO does not play any role in the Compensation Committee’s deliberation of matters impacting his own compensation. Although the Compensation Committee takes the CEO’s recommendations under advisement, it independently evaluates the compensation recommendations for each NEO and in all instances exercises its discretion in making final compensation decisions in accordance with its authority and formal responsibilities set forth in its charter. The Compensation Committee has direct knowledge of the performance of each of the NEOs through regular and special reports by these executives to the Board of Directors and Board Committees and through other interactions with these executives related to the Company’s operations and performance. In reaching the executive compensation decisions described below, the Compensation Committee recognized the individual contributions that each NEO made towards the Company’s operational and financial achievements highlighted above, while also recognizing each of their individual efforts, including the following notable accomplishments for each NEO:

The primary elements of compensation for our NEOs are the following:

Base salary;

Incentive compensation (discretionary annual cash incentive awards and equity incentive awards like RSUs with dividend equivalents);

Retirement and other plans; and

Perquisites and other benefits.

Base Salary

The Compensation Committee examines whether each executive's base salary is competitive and appropriate in view of such person's role, level of responsibility, experience and value to the Company, and relative to achieving the overall goals of the compensation program for all executive officers. The Compensation Committee reviews base salaries annually and in the interim if an executive officer's position or responsibilities change or if the Committee believes it is otherwise necessary or appropriate. Salaries are not automatically increased on an annual basis if the Committee believes that a raise is not warranted by either individual or Company performance, or that other forms of compensation are more appropriate to further compensation program objectives.

As part of its process and in order to achieve the overall goals of Getty's executive compensation program, the Compensation Committee determined to increase base salaries in 2018 from those in effect in 2017 by the following amounts for the following NEOs: Mr. Constant's base salary for 2018 was increased by 5.8%, and base salaries for 2018 were increased 5.1% for Mr. Olear, 5.7% for Mr. Dicker and 6.0% for Mr. Fielding.

Incentive Compensation

Cash Bonus

The Compensation Committee believes that discretionary cash bonuses are useful on a case by case basis to motivate and reward executives for their contribution to annual operating results and Company achievements that help create value for our stockholders. Cash bonuses for executive officers are not guaranteed, but have been awarded from time to time at the discretion of the Compensation Committee. In deciding whether to award discretionary cash bonuses, the Compensation Committee makes its determinations as described above, based upon (i) recommendations from the Company's CEO, (ii) its review with the CEO of the performance of each NEO (other

than the CEO himself), (iii) its evaluation of the CEO's individual performance, (iv) its informed judgment, in view of the Company's financial and operational performance, of each NEO's responsibilities and efforts, such NEO's contribution to the Company's overall performance and success, and the complexity or difficulty of the objectives that have been achieved by such NEO, (v) the relative significance of a cash bonus award toward meeting the overall goals of Getty's compensation program, and (vi) other relevant considerations. These factors are considered subjectively and no one factor is accorded any specific weight. In February 2018, the Compensation Committee awarded discretionary cash bonuses as reflected in the Summary Compensation Table for 2017. Specifically, Mr. Constant was paid a cash bonus of \$300,000, Mr. Olear and Mr. Dicker were each paid a cash bonus of \$200,000 and Mr. Fielding was paid a cash bonus of \$150,000.

Equity Incentive Awards

The Company maintains the stockholder-approved 2004 Plan for officers and other valued employees of the Company and its subsidiaries, and members of the Board. The 2004 Plan allows for the grant of various types of stock-based awards, other than stock options, to eligible individuals. The 2004 Plan is administered by the Compensation Committee which has the power to determine eligibility, the types and sizes of awards, the price and timing of awards, terms of vesting, the acceleration or waiver of any vesting restriction and the timing and manner of settling vested awards.

Generally, to better align the interests of the Company's executive officers with the interests of the Company's stockholders and to promote performance that will have a positive long-term impact on total stockholder return, the Compensation Committee annually grants equity based awards under the 2004 Plan to the Company's executive officers, consisting of RSUs (including dividend equivalents paid with respect to such RSUs). These RSU awards vest over a five-year period subject to continued employment through the vesting date and, for all such RSU awards granted since 2009, are settled, in the discretion of the Compensation Committee, in cash or in shares of the Company's common stock upon the earlier of ten years after grant or termination of employment. Settlement of vested RSUs granted prior to 2009 is deferred until termination of service pursuant to the award agreements in effect prior to 2009. All award agreements also provide for optional vesting of RSUs in the event of the Retirement (as defined in the award agreement) of the subject executive officer, if approved by the Compensation Committee in its discretion.

In February 2017, the Compensation Committee approved RSU grants to each NEO in accordance with its annual equity grant program, based on such NEO's individual performance during 2016, in the following amounts: 15,000 RSUs to Mr. Constant, 11,000 RSUs to Mr. Olear, 11,000 RSUs to Mr. Dicker, and 6,000 RSUs to Mr. Fielding. These RSU grants are reflected in the 2017 Grants of Plan-Based Awards table included on page 23 of this Proxy Statement.

The Compensation Committee's determination in February 2017 to grant RSUs under the annual equity grant program to each executive officer was in keeping with its annual practice of using RSUs as part of the compensation program and was based on the Committee's determination that an annual grant of RSUs fosters the equivalent of stock ownership by the Company's executive officers, thereby aligning their personal interests with the long-term interests of the Company's stockholders, and also encourages executive retention because the awards vest over a five-year period. The size of the annual equity award granted to each NEO is commensurate with the role and responsibilities of such NEO and with historical trends.

In February 2018, the Compensation Committee approved RSU grants to the NEOs in accordance with its annual equity grant program, based on such NEO's individual performance during 2017, in the following amounts: 17,500 RSUs to Mr. Constant, 13,000 RSUs to Mr. Olear, 13,000 RSUs to Mr. Dicker, and 8,000 RSUs to Mr. Fielding. These RSU grants will be reflected in the 2018 Grants of Plan-Based Awards table that will be included in our Proxy

Statement for the annual meeting of stockholders to be held in 2019. All such RSU grants include related dividend equivalents. The Compensation Committee's decision to increase the number of RSUs granted to the NEOs was in furtherance of the overall goals of Getty's executive compensation program and in order to bring the Company's incentive compensation practices more in line with comparative practices at other REITs.

Table of Contents

In making executive compensation determinations, the Compensation Committee has also considered the results of the non-binding, advisory stockholder votes on our executive compensation program. Our stockholders approved the Company's executive compensation program each year since the advisory vote has first been sought, most recently approving it by 96% of votes cast on the say-on-pay proposal in our 2017 proxy statement. The Compensation Committee was mindful of our stockholders' endorsement of the Compensation Committee's decisions and policies and has maintained its general approach to executive compensation for decisions made to date. The Compensation Committee will continue to consider the results from this year's and future advisory stockholder votes regarding the executive compensation program.

Retirement Plans

Getty has a retirement and profit sharing plan with 401(k) deferred savings plan provisions (the Retirement Plan) for employees, including the NEOs, meeting certain service requirements. An annual discretionary profit sharing contribution to the Retirement Plan is determined by the Board of Directors. The contribution is calculated as a percentage of the sum of (i) the employee's compensation (as defined in the Retirement Plan) up to the maximum allowed under Internal Revenue Service regulations, and (ii) the excess of that amount over the social security taxable wage base. For 2017, the Board of Directors elected to contribute 1% of that sum for each eligible employee. This percentage was consistent with prior years. Under the terms of the Retirement Plan, the Company matches 50% of each participating employee's elective contribution to the Retirement Plan, but in no event more than 3% of the employee's compensation. The Company's contributions to the Retirement Plan vest in accordance with a six-year vesting schedule and are paid upon retirement, death, disability, or termination of employment, as described more fully in the Retirement Plan.

Getty also has the Supplemental Retirement Plan for executive officers and other senior management employees. The Board of Directors has sole discretion to select annually the eligible employees for whom contributions will be made. Under the Supplemental Retirement Plan, which is not qualified for purposes of Section 401(a) of the Internal Revenue Code, a participating employee may receive in his trust account an amount equal to 10% of his compensation (as defined in the Supplemental Retirement Plan), reduced by the amount of any contributions allocated to the employee by the Company under the Retirement Plan. The amounts held in trust under the Supplemental Retirement Plan may be used to satisfy claims of general creditors in the event of Getty's or any of its subsidiaries' bankruptcy. An employee's account vests in the same manner as under the Retirement Plan and is paid upon separation of service from the Company. Under the Supplemental Retirement Plan, during any year, the Board of Directors may elect not to make any payment to the account of any or all eligible employees.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis with management as required by Item 402(b) of Regulation S-K, and based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement for filing with the Securities and Exchange Commission and incorporated by reference into the Company's Annual Report on Form 10-K for the year ended December 31, 2017.

(1) Stock awards are in the form of restricted stock units (RSUs). The amount reflected is the grant date fair value computed in accordance with FASB ASC Topic 718. The value of future dividends is assumed to be reflected in the closing per share price of the common stock, and, consequently, in the fair value of each award. Therefore, the dividend equivalents paid on RSUs are not shown separately in this table. The Company pays dividend equivalents on RSUs only to the extent dividends are declared on shares of its

common stock.

- (2) All Other Compensation includes (a) profit sharing and Company matching contributions under the Retirement Plan, (b) contributions under the Supplemental Retirement Plan, (c) life insurance premiums, and (d) perquisites and other personal benefits received by the Named Executive Officers that exceeded \$10,000 in the aggregate for the year, which consist only of automobile allowances. See All Other Compensation table, below.
- (3) During the fiscal year ended 2015, Mr. Constant served as the Vice President, Chief Financial Officer and Treasurer of the Company. Effective January 1, 2016, Mr. Constant was appointed President and Chief Executive Officer of the Company.

Table of Contents**2017 Compensation Disclosure Ratio of the Median Annual Total Compensation of All Company Employees to the Annual Total Compensation of the Company's Chief Executive Officer**

Mr. Christopher J. Constant, who serves as the Company's President and Chief Executive Officer, had fiscal 2017 total compensation of \$1,242,222, as reflected in the Summary Compensation Table included in this Proxy Statement. We estimate that the median annual compensation for all employees of the Company, excluding our Chief Executive Officer, was \$123,347 for 2017. As a result, Mr. Constant's 2017 annual compensation was approximately 10 times that of the median annual compensation for all employees.

To identify the median of the annual total compensation of all our employees, as well as to determine the annual total compensation of the median employee, the methodology and the material assumptions, adjustments, and estimates that we used were as follows:

(1) We determined that, as of December 31, 2017, our employee population consisted of 29 individuals other than Mr. Constant. We selected December 31, 2017, which is within the last three months of 2017, as the date upon which we would identify the median employee.

(2) Our median employee was determined by reviewing wages, tips and other compensation on payroll records for our employee population, as reported to the IRS on Form W-2. We highlight that these reported Form W-2 compensation amounts may not include the value of the grants of equity-based compensation and retirement plan contributions for the employee population. The pay ratio identified above is a reasonable estimate calculated in a manner consistent with SEC rules. Pay ratios that are reported by our peers may not be directly comparable to ours because of differences in the composition of each company's workforce, as well as the assumptions and methodologies used in calculating the pay ratio, as permitted by SEC rules.

(1) The amount reported for each executive in the column Registrant Contributions in Last FY for the Supplemental Retirement Plan represents the respective amount reported for each executive for the prior year, 2016, in the column Supplemental Retirement Plan in the All Other Compensation Table above, and the amount reported for Vested RSUs is equal to the Value Realized on Vesting reflected in the 2017 Option Exercises and Stock Vested table above.

(2) For RSUs, the aggregate earnings (loss) reflect the change in value of the shares of Getty common stock subject to the RSUs calculated based on the change in the closing price from December 31, 2016 to December 29, 2017 (the last trading day of the year), for RSUs that vested prior to 2017, and the change in the closing price from the vesting date to December 29, 2017 for RSUs that vested in 2017. Settlement of vested RSUs is deferred pursuant to the terms of the RSU award agreement until the earlier of the tenth anniversary of the grant date or the NEO's termination of service. Settlement of vested RSUs granted prior to 2009 is deferred until termination of service pursuant to the award agreements in effect prior to 2009.

(3) The Aggregate Balance includes the balances accumulated under the Supplemental Retirement Plan and the aggregate value of all vested RSUs for which settlement has been deferred based on \$27.16 per share, the closing price of Getty common stock on December 29, 2017 (the last trading day of the year).

Getty maintains the Supplemental Retirement Plan for executive officers and other senior management employees. The Board of Directors has sole discretion to select annually the eligible employees for whom contributions will be made. Under the Supplemental Retirement Plan, which is not qualified for purposes of Section 401(a) of the Internal

Revenue Code, a participating employee may receive in his or her trust account an amount equal to 10% of such employee's compensation (as defined in the Supplemental Retirement Plan), reduced by the amount of any contributions allocated to the employee by the Company under the Retirement Plan. Amounts contributed by the Company for 2017 to the Supplemental Retirement Plan for our NEOs were based upon an amended definition of eligible compensation in the Supplemental Retirement Plan adopted by the Compensation Committee in 2012 so as to exclude anything other than base salary as the basis for computation of eligible compensation. The amounts held in trust under the Supplemental Retirement Plan may be used to satisfy claims of general creditors in the event of Getty's or any of its subsidiaries' bankruptcy. An employee's account vests in the same manner as under the Retirement Plan and is paid upon separation of service from the Company. Under the Supplemental Retirement Plan, during any year the Board of Directors may elect not to make any payment to the account of any or all eligible employees.

Potential Payments upon Termination or Change in Control

Each of the award agreements for outstanding RSUs granted to our employees, including our NEOs, contains a provision that causes the unvested RSUs to vest upon the NEO's death or termination of the NEO's employment without cause. The award agreements also provide for optional vesting of unvested RSUs in the event of the NEO's Retirement (as defined in the award agreement) of the subject employee, including our NEOs, if approved by the Compensation Committee in its discretion. In the event of a termination of employment without cause, the value as of December 31, 2017 of RSUs that would vest upon such termination would be as follows: Mr. Constant (\$937,020); Mr. Olear (\$692,580); Mr. Dicker (\$730,604); and Mr. Fielding (\$271,600).

Table of Contents

We do not provide any compensation or benefits to any of our NEOs solely on account of the occurrence of a change in control of the Company. The RSU award agreements do not provide for accelerated vesting upon the occurrence of a change in control.

For 2017, Mr. Liebowitz received an annual fee of \$125,000 (paid quarterly) for his services as Chairman of the Board, in addition to the annual director fee of \$30,000 paid to all directors, as noted above. Mr. Constant is not separately compensated for his services on the Board; his compensation for services as an employee is discussed in the Compensation Discussion and Analysis section on page 16 of this Proxy Statement.

Generally, to better align the interests of our non-employee directors with the interests of the Company's stockholders, the Compensation Committee grants equity-based awards under the 2004 Plan to the Company's non-

employee directors consisting of RSUs (including dividend equivalents paid with respect to such RSUs). RSU awards vest over a five-year period. RSUs granted before 2009 provide for settlement upon termination of service as a director and RSUs granted in 2009 and thereafter provide for settlement upon the earlier of ten years after grant or upon termination of service as a director. The award agreements also provide for optional vesting of a director's RSUs in the event of the Retirement (as defined in the award agreement) of the subject non-employee director, if approved by the Compensation Committee in its discretion.

In February 2017, the Compensation Committee approved a grant of 5,000 RSUs to each of the non-employee directors (which was consistent with the grant made to each non-employee director in 2016). The Compensation Committee's determination to award RSUs was in order to further align the interests of directors with the Company's stockholders and also to provide additional value to directors for their contributions to the Company.

Howard B. Safenowitz	105,000	131,800					236,800

⁽¹⁾ The Company granted 5,000 RSUs to each non-employee director in 2017. The fair value of these RSUs was determined based on the closing market price of Getty's stock on the date of grant without consideration of the five-year vesting period of the restricted stock award. These RSUs provide for settlement, to the extent vested, upon the earlier of ten years after grant or termination of service from the Board of Directors. At December 31, 2017, Messrs. Cooper, Coviello, Liebowitz and Safenowitz each had 25,700 vested and 14,800 unvested RSUs outstanding of which, in each case, 4,600 RSUs vested during the year ended December 31, 2017. At December 31, 2017, Mr. Montag had 20,700 vested and 14,800 unvested RSUs outstanding of which 4,600 RSUs vested during the year ended December 31, 2017.

PROPOSAL NO. 2
ADVISORY (NON-BINDING) VOTE
ON EXECUTIVE COMPENSATION (SAY-ON-PAY)
(Item No. 2 on the Proxy Card)

Background

The Dodd-Frank Wall Street Reform and Consumer Protection Act, or the Dodd-Frank Act, requires that our stockholders have the opportunity to cast an advisory (non-binding) vote on executive compensation, commonly referred to as a Say-on-Pay vote.

The affirmative vote of a majority of the votes cast at the Annual Meeting will be necessary to approve the advisory vote on executive compensation. For purposes of the advisory vote to approve the named executive officer compensation, abstentions and broker non-votes are not considered votes cast and will have no effect on the outcome of this proposal.

The advisory vote on executive compensation is a non-binding vote on the compensation of our NEOs as described in the Compensation Discussion and Analysis section, the tabular disclosure regarding such compensation, and the accompanying narrative disclosure, set forth in this Proxy Statement. The Compensation Discussion and Analysis section starts on page 16 of this Proxy Statement. Please read the Compensation Discussion and Analysis section which provides a detailed discussion of our executive compensation program and compensation philosophy, including information about 2017 compensation of our NEOs. This advisory vote on executive compensation is not a vote on our general compensation policies, the compensation of our Board, or our compensation policies as they relate to risk management.

The vote solicited by this Proposal No. 2 is advisory and, therefore, is not binding on the Company, our Board or our Compensation Committee. The outcome of the vote will not require the Company, our Board or our Compensation Committee to take any action and will not be construed as overruling any decision by the Company, our Board or our Compensation Committee. Furthermore, because this non-binding, advisory vote primarily relates to the compensation of our NEOs that has already been paid or contractually committed, there is generally no opportunity for us to revisit these decisions. However, our Board, including our Compensation Committee, values the opinions of our stockholders, and, to the extent there is any significant vote against the executive officer compensation as disclosed in this Proxy Statement, we will consider our stockholders' concerns and evaluate what actions, if any, may be appropriate to address those concerns. Stockholders will be asked at the Annual Meeting to approve the following resolution pursuant to this Proposal No. 2:

RESOLVED, that the stockholders of Getty Realty Corp. approve, on an advisory basis, the named executive officer compensation.

Recommendation

The Board of Directors unanimously recommends a vote for approval of the foregoing resolution. Proxies will be so voted unless stockholders specify otherwise in their proxies.

PROPOSAL NO. 3

**APPROVAL OF AMENDMENT TO CHARTER TO INCREASE THE
NUMBER OF SHARES AUTHORIZED FOR ISSUANCE**

(Item No. 3 on the Proxy Card)

The Board of Directors has unanimously adopted and declared advisable a proposal (the Charter Amendment Proposal) to amend Article VI, Section 6.1 of the Charter of the Company (as currently in effect, the Charter) to increase the aggregate number of shares of stock of all classes which the Company has authority to issue from 70,000,000 shares to 120,000,000 shares, by increasing the (i) the aggregate number of shares of common stock which the Company has authority to issue from 60,000,000 to 100,000,000 shares of common stock, and (ii) the aggregate number of shares of preferred stock which the Company has authority to issue from 10,000,000 to 20,000,000 shares of preferred stock.

The affirmative vote of the holders of shares entitled to cast a majority of all the votes entitled to be cast on the matter is necessary to adopt the Charter Amendment Proposal. For purposes of the Charter Amendment Proposal, abstentions and broker non-votes will have the same effect as votes against the proposal.

If the Charter Amendment Proposal is approved by our stockholders, Articles of Amendment incorporating the amendment described above (the Articles of Amendment) will be filed with the State Department of Assessments and Taxation of Maryland (the SDAT), and the amendment to Article VI, Section 6.1 of the Charter described above will be effective upon the acceptance for record of the Articles of Amendment by the SDAT. A copy of the proposed Article of Amendment is attached hereto as Appendix A.

As of the Record Date, there were 39,710,287 shares of common stock issued and outstanding and there were no shares of preferred stock outstanding.

Since its inception, the Company has issued common stock primarily in underwritten public offerings and, in recent years, through the Company's at-the-market equity offering program (the ATM Program) pursuant to which we may issue and sell shares of our common stock. The proceeds of these issuances have been used to fund property acquisitions and development activity, reduce amounts outstanding under our existing credit facilities, for working capital and for general corporate purposes. The Board of Directors believes that the availability of additional shares is essential for the Company to successfully pursue its investment strategy. It will also enhance the Company's flexibility in connection with general corporate purposes, such as equity offerings and acquisitions.

The additional authorized shares of common stock will be part of our current class of common stock and, if and when issued, will have the same rights and privileges as our presently issued and outstanding shares of common stock. To the extent the Company issues any shares of preferred stock in the future, the terms of such preferred stock will be set forth in a filing with the SDAT. The Company's stockholders will not have any preemptive rights with respect to the additional shares of common stock being authorized.

Other than the Company's ATM Program, there are no present agreements, plans, arrangements, commitments or understandings with respect to the issuance of newly authorized shares of common stock. Newly authorized shares of common stock could be issued at such times and for such corporate purposes as our Board of Directors may deem advisable without further action by our stockholders, except as may be required by Maryland law or by the rules of the New York Stock Exchange or any other stock exchange or national securities association trading system on which our

common stock may be listed or traded. In this regard, stockholder approval would be required for new equity compensation plans or to increase the number of shares of common stock available under existing equity compensation plans. Subject to such stockholder approvals, the Board of Directors could authorize the issuance of these shares of common stock for any corporate purpose that the Board of Directors deems advisable, which may include capital-raising transactions involving equity or convertible debt securities, stock splits, stock dividends, issuance under current or future equity compensation and incentive plans, employee stock plans and savings plans, and acquisitions of individual properties or portfolios of multiple properties.
