## The Gabelli Healthcare & Wellness<sup>Rx</sup> Trust

### Notes to Financial Statements (Unaudited)

**1. Organization.** The Gabelli Healthcare & Wellness<sup>Rx</sup> Trust (the Fund ) currently operates as a diversified closed-end management investment company organized as a Delaware statutory trust on February 20, 2007 and registered under the Investment Company Act of 1940 as amended (the 1940 Act ). Investment operations commenced on June 28, 2007.

The Fund's investment objective is long term growth of capital. The Fund will invest at least 80% of its assets, under normal market conditions, in equity securities and income producing securities of domestic and foreign companies in the healthcare and wellness industries. As a result, the Fund may be more susceptible to economic, political, and regulatory developments in this particular sector of the market, positive or negative, and may experience increased volatility to the Fund's NAV and a magnified effect in its total return.

**2. Significant Accounting Policies.** As an investment company, the Fund follows the investment company accounting and reporting guidance, which is part of U.S. generally accepted accounting principles ( GAAP ) that may require the use of management estimates and assumptions in the preparation of its financial statements. Actual results could differ from those estimates. The following is a summary of significant accounting policies followed by the Fund in the preparation of its financial statements.

**Security Valuation.** Portfolio securities listed or traded on a nationally recognized securities exchange or traded in the U.S. over-the-counter market for which market quotations are readily available are valued at the last quoted sale price or a market's official closing price as of the close of business on the day the securities are being valued. If there were no sales that day, the security is valued at the average of the closing bid and asked prices or, if there were no asked prices quoted on that day, then the security is valued at the closing bid price on that day. If no bid or asked prices are quoted on such day, the security is valued at the most recently available price or, if the Board of Trustees (the Board ) so determines, by such other method as the Board shall determine in good faith to reflect its fair market value. Portfolio securities traded on more than one national securities exchange or market are valued according to the broadest and most representative market, as determined by Gabelli Funds, LLC (the Adviser ).

Portfolio securities primarily traded on a foreign market are generally valued at the preceding closing values of such securities on the relevant market, but may be fair valued pursuant to procedures established by the Board if market conditions change significantly after the close of the foreign market, but prior to the close of business on the day the securities are being valued. Debt obligations for which market quotations are readily available are valued at the average of the latest bid and asked prices. If there were no asked prices quoted on such day, the security is valued using the closing bid price, unless the Board determines such amount does not reflect the securities' fair value, in which case these securities will be fair valued as determined by the Board. Certain securities are valued principally using dealer quotations. Futures contracts are valued at the closing settlement price of the exchange or board of trade on which the applicable contract is traded. OTC futures and options on futures for which market quotations are readily available will be valued by quotations received from a pricing service or, if no quotations are available from a pricing service, by quotations obtained from one or more dealers in the instrument in question by the Adviser.

Securities and assets for which market quotations are not readily available are fair valued as determined by the Board. Fair valuation methodologies and procedures may include, but are not limited to: analysis and review of available financial and non-financial information about the company; comparisons with the valuation and changes in valuation of similar securities, including a comparison of foreign securities with the equivalent U.S.

**The Gabelli Healthcare & Wellness<sup>Rx</sup> Trust****Notes to Financial Statements (Unaudited) (Continued)**

dollar value American Depositary Receipts securities at the close of the U.S. exchange; and evaluation of any other information that could be indicative of the value of the security.

The inputs and valuation techniques used to measure fair value of the Fund's investments are summarized into three levels as described in the hierarchy below:

Level 1 quoted prices in active markets for identical securities;

Level 2 other significant observable inputs (including quoted prices for similar securities, interest rates, prepayment speeds, credit risk, etc.); and

Level 3 significant unobservable inputs (including the Board's determinations as to the fair value of investments).

A financial instrument's level within the fair value hierarchy is based on the lowest level of any input both individually and in the aggregate that is significant to the fair value measurement. The inputs or methodology used for valuing securities are not necessarily an indication of the risk associated with investing in those securities. The summary of the Fund's investments in securities by inputs used to value the Fund's investments as of June 30, 2018 is as follows:

		Valuation Inputs			Total Market Value at 6/30/18
		Level 1 Quoted Prices	Level 2 Other Significant Observable Inputs	Level 3 Significant Unobservable Inputs	
INVESTMENTS IN SECURITIES:					
ASSETS (Market Value):					
Common Stocks (a)		\$285,963,602			\$285,963,602

TOTAL INVESTMENTS IN SECURITIES	ASSETS	\$285,963,602	\$ 13,301,636	\$814	\$299,266,052

(a) Please refer to the Schedule of Investments for the industry classifications of these portfolio holdings.

The Fund did not have transfers among Level 1, Level 2, and Level 3 during the six months ended June 30, 2018. The Fund's policy is to recognize transfers among Levels as of the beginning of the reporting period.

**The Gabelli Healthcare & Wellness<sup>Rx</sup> Trust**

**Notes to Financial Statements (Unaudited) (Continued)**

**Additional Information to Evaluate Qualitative Information.**

**General.** The Fund uses recognized industry pricing services approved by the Board and unaffiliated with the Adviser to value most of its securities, and uses broker quotes provided by market makers of securities not valued by these and other recognized pricing sources. Several different pricing feeds are received to value domestic equity securities, international equity securities, preferred equity securities, and fixed income securities. The data within these feeds are ultimately sourced from major stock exchanges and trading systems where these securities trade. The prices supplied by external sources are checked by obtaining quotations or actual transaction prices from market participants. If a price obtained from the pricing source is deemed unreliable, prices will be sought from another pricing service or from a broker/dealer that trades that security or similar securities.

**Fair Valuation.** Fair valued securities may be common or preferred equities, warrants, options, rights, or fixed income obligations. Where appropriate, Level 3 securities are those for which market quotations are not available, such as securities not traded for several days, or for which current bids are not available, or which are restricted as to transfer. When fair valuing a security, factors to consider include recent prices of comparable securities that are publicly traded, reliable prices of securities not publicly traded, the use of valuation models, current analyst reports, valuing the income or cash flow of the issuer, or cost if the preceding factors do not apply. A significant change in the unobservable inputs could result in a lower or higher value in Level 3 securities. The circumstances of Level 3 securities are frequently monitored to determine if fair valuation measures continue to apply.

The Adviser reports quarterly to the Board the results of the application of fair valuation policies and procedures. These may include backtesting the prices realized in subsequent trades of these fair valued securities to fair values previously recognized.

**Foreign Currency Translations.** The books and records of the Fund are maintained in U.S. dollars. Foreign currencies, investments, and other assets and liabilities are translated into U.S. dollars at current exchange rates. Purchases and sales of investment securities, income, and expenses are translated at the exchange rate prevailing on the respective dates of such transactions. Unrealized gains and losses that result from changes in foreign exchange rates and/or changes in market prices of securities have been included in unrealized appreciation/depreciation on investments and foreign currency translations. Net realized foreign currency gains and losses resulting from changes in exchange rates include foreign currency gains and losses between trade date and settlement date on investment securities transactions, foreign currency transactions, and the difference between the amounts of interest and dividends recorded on the books of the Fund and the amounts actually received. The portion of foreign currency gains and losses related to fluctuation in exchange rates between the initial purchase trade date and subsequent sale trade date is included in realized gain/(loss) on investments.

**Foreign Securities.** The Fund may directly purchase securities of foreign issuers. Investing in securities of foreign issuers involves special risks not typically associated with investing in securities of U.S. issuers. The risks include possible revaluation of currencies, the inability to repatriate funds, less complete financial information about companies, and possible future adverse political and economic developments. Moreover, securities of many foreign issuers and their markets may be less liquid and their prices more volatile than securities of comparable U.S. issuers.

## The Gabelli Healthcare & Wellness<sup>Rx</sup> Trust

### Notes to Financial Statements (Unaudited) (Continued)

**Foreign Taxes.** The Fund may be subject to foreign taxes on income, gains on investments, or currency repatriation, a portion of which may be recoverable. The Fund will accrue such taxes and recoveries as applicable, based upon its current interpretation of tax rules and regulations that exist in the markets in which it invests.

**Securities Transactions and Investment Income.** Securities transactions are accounted for on the trade date with realized gain/(loss) on investments determined by using the identified cost method. Interest income (including amortization of premium and accretion of discount) is recorded on an accrual basis. Premiums and discounts on debt securities are amortized using the effective yield to maturity method. Dividend income is recorded on the ex-dividend date, except for certain dividends from foreign securities that are recorded as soon after the ex-dividend date as the Fund becomes aware of such dividends.

**Custodian Fee Credits and Interest Expense.** When cash balances are maintained in the custody account, the Fund receives credits which are used to offset custodian fees. The gross expenses paid under the custody arrangement are included in custodian fees in the Statement of Operations with the corresponding expense offset, if any, shown as Custodian fee credits. When cash balances are overdrawn, the Fund is charged an overdraft fee equal to 110% of the 90 day Treasury Bill rate on outstanding balances. This amount, if any, would be included in the Statement of Operations.

**Distributions to Shareholders.** Distributions to common shareholders are recorded on the ex-dividend date. Distributions to shareholders are based on income and capital gains as determined in accordance with federal income tax regulations, which may differ from income and capital gains as determined under GAAP. These differences are primarily due to differing treatments of income and gains on various investment securities and foreign currency transactions held by the Fund, timing differences, and differing characterizations of distributions made by the Fund. Distributions from net investment income for federal income tax purposes include net realized gains on foreign currency transactions. These book/tax differences are either temporary or permanent in nature. To the extent these differences are permanent, adjustments are made to the appropriate capital accounts in the period when the differences arise. These reclassifications have no impact on the NAV of the Fund.

Distributions to shareholders of the Fund's 5.76% Series A Cumulative Preferred Shares (Series A Preferred) and 5.875% Series B Cumulative Preferred Shares (Series B Preferred) are recorded on a daily basis and are determined as described in Note 5.

The Fund declares and pays quarterly distributions from net investment income, capital gains, and paid-in capital. The actual source of the distribution is determined after the end of the year. Distributions during the year may be made in excess of required distributions. To the extent such distributions are made from current earnings and profits, they are considered ordinary income or long term capital gains. The Fund's current distribution policy may restrict the Fund's ability to pass through to shareholders all of its net realized long term capital gains as a Capital Gain Dividend and may cause such gains to be treated as ordinary income, subject to the maximum federal income tax rate. Distributions sourced from paid-in capital should not be considered as dividend yield or the total return from an investment in the Fund. The Board will continue to monitor the Fund's distribution level, taking into consideration the Fund's NAV and the financial market environment. The Fund's distribution policy is subject to modification by the Board at any time.

**The Gabelli Healthcare & Wellness<sup>Rx</sup> Trust****Notes to Financial Statements (Unaudited) (Continued)**

The tax character of distributions paid during the year ended December 31, 2017 was as follows:

	<b>Common</b>	<b>Preferred</b>
<b>Distributions paid from:</b>		
Ordinary income (inclusive of short term capital gains)	\$ 592,084	\$ 227,515
Net long term capital gains	9,567,349	3,676,354
Return of capital	146,238	
<b>Total distributions paid</b>	<b>\$ 10,305,671</b>	<b>\$ 3,903,869</b>

**Provision for Income Taxes.** The Fund intends to continue to qualify as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended (the "Code"). It is the policy of the Fund to comply with the requirements of the Code applicable to regulated investment companies and to distribute substantially all of its net investment company taxable income and net capital gains. Therefore, no provision for federal income taxes is required.

The following summarizes the tax cost of investments and the related net unrealized appreciation at June 30, 2018:

	<b>Cost</b>	<b>Gross Unrealized Appreciation</b>	<b>Gross Unrealized Depreciation</b>	<b>Net Unrealized Appreciation</b>
Investments	\$220,706,683	\$88,665,958	\$(10,106,589)	\$78,559,369

The Fund is required to evaluate tax positions taken or expected to be taken in the course of preparing the Fund's tax returns to determine whether the tax positions are more-likely-than-not of being sustained by the applicable tax authority. Income tax and related interest and penalties would be recognized by the Fund as tax expense in the Statement of Operations if the tax positions were deemed not to meet the more-likely-than-not threshold. During the six months ended June 30, 2018, the Fund did not incur any income tax, interest, or penalties. As of June 30, 2018, the Adviser has reviewed all open tax years and concluded that there was no impact to the Fund's net assets or results of operations. The Fund's federal and state tax returns for the prior three fiscal years remain open, subject to examination. On an ongoing basis, the Adviser will monitor the Fund's tax positions to determine if adjustments to this conclusion are necessary.

**3. Investment Advisory Agreement and Other Transactions.** The Fund has entered into an investment advisory agreement (the "Advisory Agreement") with the Adviser which provides that the Fund will pay the Adviser a fee, computed weekly and paid monthly, equal on an annual basis to 1.00% of the value of the Fund's average weekly net assets including the liquidation value of preferred shares. In accordance with the Advisory Agreement, the Adviser provides a continuous investment program for the Fund's portfolio and oversees the administration of all aspects of the Fund's business and affairs.

Edgar Filing: Gabelli Healthcare & WellnessRx Trust - Form N-CSRS

During the six months ended June 30, 2018, the Fund paid \$4,148 in brokerage commissions on security trades to G.research, LLC, an affiliate of the Adviser.

During the six months ended June 30, 2018, the Fund received credits from a designated broker who agreed to pay certain Fund operating expenses. The amount of such expenses paid through this directed brokerage arrangement during this period was \$1,434.

**The Gabelli Healthcare & Wellness<sup>Rx</sup> Trust****Notes to Financial Statements (Unaudited) (Continued)**

The cost of calculating the Fund's NAV per share is a Fund expense pursuant to the Advisory Agreement. During the six months ended June 30, 2018, the Fund accrued \$22,500 in accounting fees in the Statement of Operations.

As per the approval of the Board, the Fund compensates officers of the Fund, who are employed by the Fund and are not employed by the Adviser (although the officers may receive incentive based variable compensation from affiliates of the Adviser). During the six months ended June 30, 2018, the Fund accrued \$76,916 in payroll expenses in the Statement of Operations.

The Fund pays each Trustee who is not considered an affiliated person an annual retainer of \$3,000 plus \$1,000 for each Board meeting attended. Each Trustee is reimbursed by the Fund for any out of pocket expenses incurred in attending meetings. All Board committee members receive \$500 per meeting attended. In addition, the Audit Committee Chairman receives an annual fee of \$1,000, the Nominating Committee Chairman receives an annual fee of \$1,000, and the Lead Trustee receives an annual fee of \$1,000. A Trustee may receive a single meeting fee, allocated among the participating funds, for participation in certain meetings held on behalf of multiple funds. Trustees who are directors or employees of the Adviser or an affiliated company receive no compensation or expense reimbursement from the Fund.

**4. Portfolio Securities.** Purchases and sales of securities during the six months ended June 30, 2018, other than short term securities and U.S. Government obligations, aggregated \$39,528,825 and \$40,553,389, respectively.

**5. Capital.** The Fund is authorized to issue an unlimited number of shares of beneficial interest (par value \$0.001). The Board has authorized the repurchase of its shares on the open market when the shares are trading on the NYSE at a discount of 10% or more (or such other percentage as the Board may determine from time to time) from the NAV of the shares. During the six months ended June 30, 2018, the Fund repurchased and retired 144,904 common shares in the open market at an investment of \$1,444,158 and an average discount of approximately 15.41% from its NAV. During the year ended December 31, 2017, the Fund repurchased and retired 39,340 common shares in the open market at an investment of \$410,386 and an average discount of approximately 10.75% from its NAV.

Transactions in shares of beneficial interest were as follows:

	<b>Six Months Ended</b>		<b>Year Ended</b>	
	<b>June 30, 2018</b>		<b>December 31, 2017</b>	
	<b>Shares</b>	<b>Amount</b>	<b>Shares</b>	<b>Amount</b>
Net decrease from repurchase of common shares	(144,904)	\$ (1,444,158)	(39,340)	\$ (410,386)

The Fund has an effective shelf registration authorizing the offering of an additional \$200 million of common or preferred shares.

The Fund's Declaration of Trust, as amended, authorizes the issuance of an unlimited number of shares of \$0.001 par value Preferred Shares. The Preferred Shares are senior to the common shares and result in the financial leveraging of the common shares. Such leveraging tends to magnify both the risks and opportunities to common shareholders. Dividends on Preferred Shares are cumulative. The Fund is required by the 1940 Act and by the Statement of Preferences to meet certain asset coverage tests with respect to the Preferred

Shares. If the Fund fails to meet these requirements and does not correct such failure, the Fund may be required to redeem, in part or in full, the Preferred Shares at redemption prices of \$25 per share plus an amount equal to the accumulated and unpaid dividends whether or not declared on such shares in order to meet these requirements. Additionally, failure to meet the foregoing asset coverage requirements could restrict the Fund's ability to pay dividends to common shareholders and could lead to sales of portfolio securities at inopportune times. The income received on the Fund's assets may vary in a manner unrelated to the fixed rates, which could have either a beneficial or detrimental impact on net investment income and gains available to common shareholders.

For the Series A Preferred at any time and for the Series B Preferred commencing September 24, 2019 and at any time thereafter, the Fund, at its option, may redeem the Series A Preferred or Series B Preferred at their redemption prices per share plus an amount equal to any accumulated and unpaid dividends whether or not declared on such shares. The Board has authorized the repurchase of the Series A Preferred Shares and Series B Preferred Shares in the open market at prices less than the \$25 liquidation values per share. During the six months ended June 30, 2018 and the year ended December 31, 2017, the Fund did not repurchase any of the Series A Preferred or Series B Preferred.

The following table summarizes the Preferred Share information:

The holders of Preferred Shares generally are entitled to one vote per share held on each matter submitted to a vote of shareholders of the Fund and will vote together with holders of common stock as a single class. The holders of Preferred Shares voting together as a single class also have the right currently to elect two Trustees and under certain circumstances are entitled to elect a majority of the Board. In addition, the affirmative vote of a majority of the votes entitled to be cast by holders of all outstanding shares of the Preferred Shares, voting as a single class, will be required to approve any plan of reorganization adversely affecting the Preferred Shares, and the approval of two-thirds of each class, voting separately, of the Fund's outstanding voting stock must approve the conversion of the Fund from a closed-end to an open-end investment company. The approval of a majority (as defined in the 1940 Act) of the outstanding Preferred Shares and a majority (as defined in the 1940 Act) of the Fund's outstanding voting securities are required to approve certain other actions, including changes in the Fund's investment objectives or fundamental investment policies.

**6. Industry Concentration.** Because the Fund primarily invests in common stocks and other securities of foreign and domestic companies in the health care, pharmaceuticals, and food and beverage industries, its portfolio may be subject to greater risk and market fluctuations than a portfolio of securities representing a broad range of investments.

**7. Indemnifications.** The Fund enters into contracts that contain a variety of indemnifications. The Fund's maximum exposure under these arrangements is unknown. However, the Fund has not had prior claims or losses pursuant to these contracts. Management has reviewed the Fund's existing contracts and expects the risk of loss to be remote.

**The Gabelli Healthcare & Wellness<sup>Rx</sup> Trust**

**Notes to Financial Statements (Unaudited) (Continued)**

**8. Subsequent Events.** Management has evaluated the impact of all subsequent events of the Fund and has determined that there were no subsequent events requiring recognition or disclosure in the financial statements.

**Shareholder Meeting May 14, 2018 Final Results**

The Fund's Annual Meeting of Shareholders was held on May 14, 2018 in Greenwich, Connecticut. At that meeting, common and preferred shareholders, voting together as a single class, elected Robert C. Kolodny and Salvatore J. Zizza as Trustees of the Fund. A total of 17,570,630 votes and 17,373,501 votes were cast in favor of these Trustees, and a total of 2,295,008 votes and 2,492,137 votes were withheld for these Trustees, respectively.

In addition, preferred shareholders, voting as a separate class, elected Anthony J. Colavita as a Trustee of the Fund. A total of 2,203,619 votes were cast in favor of this Trustee and a total of 88,794 votes were withheld for this Trustee.

Mario J. Gabelli, Jeffrey J. Jonas, James P. Conn, Vincent D. Enright, Kuni Nakamura, and Anthonie C. van Ekris continue to serve in their capacities as Trustees of the Fund.

We thank you for your participation and appreciate your continued support.

## **The Gabelli Healthcare & Wellness<sup>Rx</sup> Trust**

### **Board Consideration and Re-Approval of Investment Advisory Agreement (Unaudited)**

Section 15(c) of the Investment Company Act of 1940, as amended (the 1940 Act ), contemplates that the Board of Trustees (the Board ) of The Gabelli Healthcare & WellnessRx Trust (the Fund ), including a majority of the Trustees who have no direct or indirect interest in the Investment Advisory Agreement (the Advisory Agreement ) and are not interested persons of the Fund, as defined in the 1940 Act (the Independent Board Members ), are required to review and approve the terms of the Fund's proposed Advisory Agreement. In this regard, the Board reviewed and approved, during the most recent six month period covered by this report, the Advisory Agreement with Gabelli Funds, LLC (the Adviser ) for the Fund.

More specifically, at a meeting held on February 21, 2018, the Board, including the Independent Board Members, considered the factors and reached the conclusions described below relating to the selection of the Adviser and the approval of the Advisory Agreement.

#### **Nature, Extent, and Quality of Services.**

The Independent Board Members considered information regarding the portfolio managers, the depth of the analyst pool available to the Adviser and the portfolio managers, the scope of administrative, shareholder and other services supervised or provided by the Adviser and the absence of significant service problems reported to the Board. The Independent Board Members noted the experience, length of service, and reputation of the portfolio managers.

#### **Investment Performance of the Fund and Adviser.**

The Independent Board Members considered one year, three year, five year, and ten year investment performance for the Fund as compared to relevant sector equity indices and the performance of other sector equity closed-end and open-end funds prepared by Broadridge, including other funds focused on healthcare or life sciences. The Independent Board Members noted that the Fund's NAV performance was below the median of funds in its Broadridge peer group for the prior one, three, five, and ten year periods, although the Fund's performance during the ten year period was relatively in line with the Broadridge peer group. The Independent Board Members also recognized that the performance of many of the funds in the Broadridge peer group is not necessarily a good comparison for the Fund because of the Fund's unique investment strategy compared to the investment strategies of many funds in the peer group. The Independent Board Members also noted that the NAV of the Fund had (i) underperformed the S&P 500 Health Care Index over the one year, three year, five year, and ten year periods, (ii) outperformed the S&P 500 Consumer Staples Index over the ten year period and underperformed the S&P 500 Consumer Staples Index over the one year, three year, and five year periods, and (iii) underperformed an index comprised of 50% S&P 500 Health Care Index and 50% S&P Consumer Staples Index over the one year, three year, five year, and ten year periods. As was the case for the peer comparisons, the Independent Board Members recognized that none of these indices is a good comparison for the Fund, since certain healthcare and consumer staples companies included in the indices vary from the companies in which the Fund is permitted to invest under its investment objective, policies, and restrictions (for example, consumer staples companies that are inconsistent with the Fund's wellness mandate). In addition, the indices include growth companies that may not be consistent with the Adviser's value-oriented investment strategy. The Independent Board Members therefore recognized the more limited usefulness of the Broadridge peer group comparison and the index comparisons, concluding that the Adviser was delivering satisfactory performance results consistent with the investment strategy being pursued by the Fund and disclosed to investors.

#### **Costs of Services and Profits Realized by the Adviser.**

(a) Costs of Services to Fund: Fees and Expenses. The Independent Board Members considered the Fund's

**The Gabelli Healthcare & Wellness<sup>Rx</sup> Trust**

**Board Consideration and Re-Approval of Investment Advisory Agreement (Unaudited) (Continued)**

management fee rate and expense ratio relative to industry averages for the Fund's Broadridge peer group category and the advisory fees charged by the Adviser and its affiliates to other fund and non-fund clients. The Independent Board Members noted that the mix of services under the Agreement are much more extensive than those under the advisory agreements for non-fund clients. The Independent Board Members noted that the investment advisory fee (as a percentage of assets attributable to common shares), management fee (as a percentage of total managed assets), other non-management expenses and total expense ratio paid by the Fund are higher than the median and average for its Broadridge peer group. They concluded that the management fee is acceptable based upon the qualifications, experience and reputation of the Adviser and the other factors considered.

**(b) Profitability and Costs of Services to Adviser.** The Independent Board Members considered the Adviser's overall profitability and costs. The Independent Board Members referred to the Board Materials for the pro forma income statements for the Adviser and the Fund for the period ended December 31, 2017. They noted how the pro forma income statements for the Fund illustrated how the Adviser's profitability would be affected as the Fund asset levels change. The Independent Board Members also considered whether the amount of profit is a fair entrepreneurial profit for the management of the Fund, and noted that the Adviser has continued to increase its resources devoted to Fund matters, including portfolio management resources, in response to, among other things, recently enacted regulatory requirements and new or enhanced Fund policies and procedures. The Independent Board Members concluded that the profitability to the Adviser of managing the Fund was not excessive.

**Extent of Economies of Scale as Fund Grows.**

The Independent Board Members considered whether there have been economies of scale with respect to the management of the Fund and whether the Fund has appropriately benefited from any economies of scale. The Independent Board Members noted that, although the ability of the Fund to realize economies of scale through growth is more limited than for an open-end fund, economies of scale may develop for certain funds as their assets increase and their fund-level expenses decline as a percentage of assets, but that fund-level economies of scale may not necessarily result in Adviser-level economies of scale. The Board Members were advised that economies of scale in the form of lower expenses are not likely to be realized until the Fund was of a larger size. Nonetheless, the Fund benefits from investments the Adviser has made in enhanced administrative, portfolio management, operational and other resources.

**Whether Fee Levels Reflect Economies of Scale.**

The Independent Board Members noted that the management fee rate for the period does not take into account any potential sharing of economies of scale through breakpoints.

**Other Relevant Considerations.**

**(a) Adviser Personnel and Methods.** The Independent Board Members considered the size, education and experience of the Adviser's staff, the Adviser's fundamental research capabilities and the Adviser's approach to recruiting, training and retaining portfolio managers and other research and management personnel, and concluded that in each of these areas the Adviser was structured in such a way to support the high level of services being provided to the Fund.

**(b) Other Benefits to the Adviser.** The Independent Board Members also considered the character and amount of other incidental benefits received by the Adviser and its affiliates from its association with the Fund. The

**The Gabelli Healthcare & Wellness<sup>Rx</sup> Trust**

**Board Consideration and Re-Approval of Investment Advisory Agreement (Unaudited) (Continued)**

Independent Board Members considered the brokerage commissions paid to an affiliate of the Adviser. The Independent Board Members concluded that potential fall-out benefits that the Adviser and its affiliates may receive, such as brokerage commissions paid to an affiliated broker, greater name recognition or increased ability to obtain research services, appear to be reasonable, and may in some cases benefit the Fund.

**Conclusions.**

In considering the Agreement, the Independent Board Members did not identify any factor as all-important or all-controlling, and instead considered these factors collectively in light of the Fund's surrounding circumstances. The Independent Board Members concluded that the Fund enjoyed highly experienced portfolio management services and good ancillary services. They were aware that the NAV performance record had been below the median during the one, three, five, and ten year reporting periods ended December 31, 2017 in comparison with peers but recognized that many of the peers were not good comparisons for the Fund because of its unique investment strategy. Similarly, index comparisons were not considered to be very meaningful for comparison purposes. As a part of its decision-making process the Independent Board Members understood that shareholders invested in the Fund with full disclosure that the Adviser managed the Fund and of the Fund's investment management fee schedule. Given this, the Independent Board Members received regular reports on the Adviser's management of the Fund in a manner consistent with its investment objectives and policies as disclosed to shareholders. In addition, the Independent Board Members believe that a long-term relationship with a capable, conscientious adviser is in the best interests of the Fund. On the basis of the foregoing and without assigning particular weight to any single conclusion, the Independent Board Members determined to recommend continuation of the Advisory Agreement to the full Board.

Based on a consideration of all these factors in their totality, the Board Members, including all of the Independent Board Members, determined that the Fund's advisory fee was fair and reasonable with respect to the nature and quality of services provided and in light of the other factors described above that the Board deemed relevant. Accordingly, the Board Members determined to approve the continuation of the Fund's Advisory Agreement. The Board Members based their decision on evaluations of all these factors as a whole and did not consider any one factor as all-important or controlling.

**AUTOMATIC DIVIDEND REINVESTMENT  
AND VOLUNTARY CASH PURCHASE PLANS**

**Enrollment in the Plan**

It is the policy of The Gabelli Healthcare & Wellness<sup>Rx</sup> Trust to automatically reinvest dividends payable to common shareholders. As a registered shareholder, you automatically become a participant in the Fund's Automatic Dividend Reinvestment Plan (the Plan). The Plan authorizes the Fund to credit shares of common stock to participants upon an income dividend or a capital gains distribution regardless of whether the shares are trading at a discount or a premium to net asset value. All distributions to shareholders whose shares are registered in their own names will be automatically reinvested pursuant to the Plan in additional shares of the Fund. Plan participants may send their stock certificates to Computershare Trust Company, N.A. (Computershare) to be held in their dividend reinvestment account. Registered shareholders wishing to receive their distribution in cash must submit this request in writing to:

The Gabelli Healthcare & Wellness<sup>Rx</sup> Trust

c/o Computershare

P.O. Box 505000

Louisville, KY 40233

Shareholders requesting this cash election must include the shareholder's name and address as they appear on the share certificate. Shareholders with additional questions regarding the Plan or requesting a copy of the terms of the Plan may contact Computershare at (800) 336-6983.

If your shares are held in the name of a broker, bank, or nominee, you should contact such institution. If such institution is not participating in the Plan, your account will be credited with a cash dividend. In order to participate in the Plan through such institution, it may be necessary for you to have your shares taken out of street name and re-registered in your own name. Once registered in your own name, your dividends will be automatically reinvested. Certain brokers participate in the Plan. Shareholders holding shares in street name at participating institutions will have dividends automatically reinvested. Shareholders wishing a cash dividend at such institution must contact their broker to make this change.

The number of shares of common stock distributed to participants in the Plan in lieu of cash dividends is determined in the following manner. Under the Plan, whenever the market price of the Fund's common stock is equal to or exceeds net asset value at the time shares are valued for purposes of determining the number of shares equivalent to the cash dividends or capital gains distribution, participants are issued shares of common stock valued at the greater of (i) the net asset value as most recently determined or (ii) 95% of the then current market price of the Fund's common stock. The valuation date is the dividend or distribution payment date or, if that date is not a New York Stock Exchange (NYSE) trading day, the next trading day. If the net asset value of the common stock at the time of valuation exceeds the market price of the common stock, participants will receive shares from the Fund valued at market price. If the Fund should declare a dividend or capital gains distribution payable only in cash, Computershare will buy common stock in the open market, or on the NYSE or elsewhere, for the participants' accounts, except that Computershare will endeavor to terminate purchases in the open market and cause the Fund to issue shares at net asset value if, following the commencement of such purchases, the market value of the common stock exceeds the then current net asset value.

The automatic reinvestment of dividends and capital gains distributions will not relieve participants of any income tax which may be payable on such distributions. A participant in the Plan will be treated for federal income tax purposes

as having received, on a dividend payment date, a dividend or distribution in an amount equal to the cash the participant could have received instead of shares.

### **Voluntary Cash Purchase Plan**

The Voluntary Cash Purchase Plan is yet another vehicle for our shareholders to increase their investment in the Fund. In order to participate in the Voluntary Cash Purchase Plan, shareholders must have their shares registered in their own name.

Participants in the Voluntary Cash Purchase Plan have the option of making additional cash payments to Computershare for investments in the Fund's shares at the then current market price. Shareholders may send an amount from \$250 to \$10,000. Computershare will use these funds to purchase shares in the open market on or about the 1st and 15th of each month. Computershare will charge each shareholder who participates \$0.75, plus a pro rata share of the brokerage commissions. Brokerage charges for such purchases are expected to be less than the usual brokerage charge for such transactions. It is suggested that any voluntary cash payments be sent to Computershare, P.O. Box 505000, Louisville, KY 40233 such that Computershare receives such payments approximately 10 days before the 1st and 15th of the month. Funds not received at least five days before the investment date shall be held for investment until the next purchase date. A payment may be withdrawn without charge if notice is received by Computershare at least 48 hours before such payment is to be invested.

Shareholders wishing to liquidate shares held at Computershare must do so in writing or by telephone. Please submit your request to the above mentioned address or telephone number. Include in your request your name, address, and account number. The cost to liquidate shares is \$2.50 per transaction as well as the brokerage commission incurred. Brokerage charges are expected to be less than the usual brokerage charge for such transactions.

For more information regarding the Dividend Reinvestment Plan and Voluntary Cash Purchase Plan, brochures are available by calling (914) 921-5070 or by writing directly to the Fund.

The Fund reserves the right to amend or terminate the Plan as applied to any voluntary cash payments made and any dividend or distribution paid subsequent to written notice of the change sent to the members of the Plan at least 90 days before the record date for such dividend or distribution. The Plan also may be amended or terminated by Computershare on at least 90 days written notice to participants in the Plan.
