Overview

Our Company

We are a leading diversified capital manager that invests in and finances residential and commercial assets. Our principal business objective is to generate net income for distribution to our stockholders and to preserve capital through prudent selection of investments, and continuous management of our portfolio. We are a Maryland corporation that has elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended, or the Code. We are externally managed by Annaly Management Company LLC, or our Manager.

We use our capital coupled with borrowed funds to invest primarily in real estate related investments, earning the spread between the yield on our assets and the cost of our borrowing and hedging activities. Our activities focus on capital preservation and income generation through proactive portfolio management, supported by a conservative liquidity and leverage posture. We have made significant investments in our business as part of the diversification of our investment strategy. Our operating platform has expanded in support of our diversification strategy, and has included investments in systems, infrastructure and personnel. Our operating platform supports our investments in MBS issued or guaranteed by a federally chartered corporation, or Agency, such as the Federal National Mortgage Association or the Federal Home Loan Mortgage Corporation, or an agency of the U.S. Government, such as the Government National Mortgage Association, or Agency MBS, and residential credit assets, commercial real estate, residential mortgage loans, mortgage servicing rights and corporate debt. We believe the diversity of our investment alternatives provides us the flexibility to adapt to changes in market conditions and to take advantage of potential resulting opportunities.

Corporate Information

Our principal executive offices are located at 1211 Avenue of Americas, New York, New York 10036. Our telephone number is (212) 696-0100. Our website is <http://www.annaly.com>. Risk factors

Investing in our common stock involves risks. See Risk Factors beginning on page S-4 of this prospectus supplement and included in our Annual Report on Form 10-K for the year ended December 31, 2017 and as updated by our subsequent Quarterly Reports on Form 10-Q.

Table of Contents

RISK FACTORS

Investing in our common stock involves risk. Please see the risks described below in addition to the risk factors included in our most recent Annual Report on Form 10-K, our subsequent Quarterly Reports on Form 10-Q and other information that we file from time to time with the SEC. Such risks are not the only risks we face. Additional risks and uncertainties not currently known to us or that we currently deem to be immaterial may also materially adversely affect us and the market value of our common stock. The risks described could affect our business, financial condition, liquidity, results of operations, prospects, and the market value of our common stock. In such a case, you may lose all or part of your original investment. You should consider carefully the risks described below and in these reports, as well as other information and data set forth in this prospectus supplement, the accompanying prospectus and the documents incorporated by reference herein and therein before making an investment decision with respect to our common stock.

The market price of our common stock could be substantially affected by various factors.

Stock markets have experienced significant price and volume fluctuations. As a result, the market price of our common stock could be similarly volatile. The market price of our common stock will depend on many factors, which may change from time to time, including:

prevailing interest rates, increases in which may have an adverse effect on the market price of our common stock;

trading prices of securities issued by REITs and other similar companies;

general economic and financial market conditions;

government action or regulation;

our financial condition, performance and prospects and those of our competitors;

changes in financial estimates or recommendations by securities analysts with respect to us, our competitors or our industry;

our issuance of additional shares of our common stock or securities convertible into, or exchangeable or exercisable for, shares of our common stock; and

actual or anticipated variations in our quarterly operating results and those of our competitors.

As a result of these and other factors, investors who purchase shares of our common stock in this offering may experience a decrease, which could be substantial and rapid, in the market price of our common stock, including

decreases unrelated to our operating performance or prospects.

Table of Contents

USE OF PROCEEDS

We estimate that the net proceeds of this offering to us will be approximately \$721.9 million (or approximately \$830.2 million if the underwriters exercise their option to purchase additional shares in full) before estimated offering expenses payable by us.

We intend to use the net proceeds of this offering to acquire targeted assets under our capital allocation policy, which may include further diversification of our investments in Agency assets as well as residential, commercial and corporate credit assets. These investments include, without limitation, residential credit assets (including residential mortgage loans), middle market corporate debt, Agency MBS pools, to-be-announced forward contracts, adjustable rate mortgages, mortgage servicing rights and commercial real estate loans, equity and securities. We also intend to use the net proceeds of this offering for general corporate purposes, including, without limitation, to pay down obligations and other working capital items.

Pending these uses, we intend to maintain the net proceeds of this offering in interest-bearing, short-term, marketable investment grade securities or (interest or non-interest bearing) checking (or escrow) accounts or money market accounts that are consistent with our intention to maintain our qualification as a REIT. These investments may include, for example, government securities other than Agency MBS, certificates of deposit and interest-bearing bank deposits. These investments are expected to provide a lower net return than we will seek to achieve from our targeted assets.

ADDITIONAL MATERIAL U.S. FEDERAL INCOME TAX CONSIDERATIONS

The following discussion supplements and, where applicable, supplants the discussion under the heading “Material U.S. Federal Income Tax Considerations” in the accompanying prospectus as supplemented by Exhibit 99.1 to our Annual Report on Form 10-K for the year ended December 31, 2017. Terms used in this section but not defined in this section have the meanings ascribed to them elsewhere in this prospectus supplement or in “Material U.S. Federal Income Tax Considerations” in the accompanying prospectus. You should refer to the discussion in the accompanying prospectus under “Material U.S. Federal Income Tax Considerations” for a discussion of the tax consequences of our election to be taxed as a REIT and the tax consequences to Owners of shares of our common stock.

This discussion does not purport to be a complete analysis of all the potential tax considerations relating to the acquisition, ownership and disposition of our common stock. The discussion is based on the Code, current, temporary and proposed Treasury regulations, the legislative history of the Code, current administrative interpretations and practices of the Internal Revenue Service, or IRS, including its practices and policies as endorsed in private letter rulings, which are not binding on the IRS (except with respect to the taxpayer that received the ruling), and existing court decisions. Future legislation, regulations, administrative interpretations, and court decisions could change current law or adversely affect existing interpretations of current law. Any change could apply retroactively. The IRS could challenge the statements in this discussion, which do not bind the IRS or the courts.

You are encouraged to consult your tax advisor before you purchase the common stock regarding the particular U.S. federal, state and local and non-U.S. income and other tax consequences of purchasing, owning, and disposing of the common stock that may be applicable to you in light of your particular circumstances.

Taxation of Our Company

In the opinion of Hunton Andrews Kurth LLP, we qualified to be taxed as a REIT under the U.S. federal income tax laws for our taxable years ended December 31, 2014 through December 31, 2017, and our organization and current and proposed method of operation will enable us to continue to qualify as a REIT for our taxable year ending December 31, 2018 and thereafter. Investors should be aware that Hunton Andrews Kurth LLP’s opinion is based upon customary assumptions, is conditioned upon certain representations made by us as to factual matters, including representations regarding the nature of our assets and the conduct of our business, is not binding upon the IRS or any court, and speaks as of the date issued. In addition, Hunton Andrews Kurth LLP’s opinion is based on existing U.S. federal income tax law governing qualification as a REIT, which is subject to change either prospectively or retroactively. Moreover, our qualification and taxation as a REIT depend upon our ability to meet on a continuing basis, through actual annual and quarterly operating results, certain qualification tests set forth in the U.S. federal tax laws. Those qualification tests involve the percentage of income that we earn from specified sources, the percentage of our assets that falls within specified categories, the diversity of ownership of our shares of beneficial interest, and the percentage of our earnings that we distribute. Hunton Andrews Kurth LLP will not review our compliance with those tests on a continuing basis. Accordingly, no assurance can be given that our actual results of operations for any particular taxable year will satisfy such requirements. Hunton Andrews Kurth LLP’s opinion does not foreclose the possibility that we may have to use one or more of the REIT savings provisions, which would require us to pay an excise or penalty tax (which could be material) in order to maintain our REIT qualification. For a discussion of the tax consequences of our failure to qualify as a REIT, see “Material U.S. Federal Income Tax Considerations – Failure to Qualify” in the accompanying prospectus.

Table of Contents**UNDERWRITING**

Subject to the terms and conditions stated in the underwriting agreement dated the date of this prospectus supplement, each underwriter named below, for whom Credit Suisse Securities (USA) LLC is acting as representative, has severally agreed to purchase, and we have agreed to sell to that underwriter, the number of shares of our common stock set forth opposite that underwriter's name.

Underwriters	Number of Shares
Credit Suisse Securities (USA) LLC	15,000,000
Merrill Lynch, Pierce, Fenner & Smith	
Incorporated	11,250,000
Goldman Sachs & Co. LLC	11,250,000
J.P. Morgan Securities LLC	11,250,000
Wells Fargo Securities, LLC	11,250,000
Barclays Capital Inc.	7,500,000
RBC Capital Markets, LLC	7,500,000
Total	75,000,000

The underwriting agreement provides that the obligations of the underwriters to purchase the shares included in this offering are subject to approval of legal matters by counsel and to other conditions. The underwriters are obligated to purchase all the shares (other than those covered by the option to purchase additional shares described below) if they purchase any of the shares.

We have granted to the underwriters an option, exercisable for 30 days from the date of this prospectus supplement, to purchase up to 11,250,000 additional shares at the same price per share set forth on the cover of this prospectus supplement. To the extent the option is exercised, each underwriter must purchase a number of additional shares approximately proportionate to that underwriter's initial purchase commitment. Any shares issued or sold under the option will be issued and sold on the same terms and conditions as the other shares that are the subject of this offering.

The underwriters are purchasing the shares of common stock at a price of \$9.625 per share, resulting in aggregate net proceeds to us of approximately \$721.9 million before expenses, or approximately \$830.2 million if the underwriters option to purchase additional shares is exercised in full. The underwriters propose to offer the shares of common stock for sale from time to time in one or more transactions (which may include block transactions), in negotiated transactions or otherwise, or a combination of those methods of sale, at market prices prevailing at the time of sale, at prices related to prevailing market prices or at negotiated prices, subject to receipt and acceptance by the underwriters and subject to the underwriters' right to reject any order in whole or in part. In connection with the sale of the shares of common stock offered hereby, the underwriters may be deemed to have received compensation in the form of underwriting discounts. The underwriters may do so by selling the shares to or through broker/dealers, who may receive compensation in the form of underwriting discounts, concessions or commissions from the underwriters and/or the purchasers of the shares for whom they may act as agents or to whom they may sell as principal.

Pursuant to certain Lock-Up agreements, we and our executive officers and directors have agreed, subject to certain exceptions, not to sell, offer, contract to sell, pledge, register, grant any option to purchase or otherwise dispose of,

directly or indirectly, any shares of capital stock, or any securities convertible into, or exercisable, exchangeable or redeemable for shares of capital stock without the prior written consent of the representative for a period of 30 days after the date of this prospectus supplement, subject to certain exceptions, including sales made pursuant to our separate Distribution Agency Agreements, each dated January 3, 2018 or the filing of a shelf registration statement due to the expiration of our existing shelf registration statement on February 9, 2019.

We estimate that our total expenses incurred in connection with this offering will be approximately \$250,000.

S-7

Table of Contents

The common stock is listed on the NYSE under the symbol NLY.

In connection with the offering, the underwriters may purchase and sell shares in the open market. Purchases and sales in the open market may include short sales, purchases to cover short positions, which may include purchases pursuant to the option to purchase additional shares, and stabilizing purchases.

Short sales involve secondary market sales by the underwriters of a greater number of shares than they are required to purchase in the offering.

Covered short sales are sales of shares in an amount up to the number of shares represented by the underwriters' option to purchase additional shares.

Naked short sales are sales of shares in an amount in excess of the number of shares represented by the underwriters' option to purchase additional shares.

Covering transactions involve purchases of shares either pursuant to the option to purchase additional shares or in the open market after the distribution has been completed in order to cover short positions.

To close a naked short position, the underwriters must purchase shares in the open market after the distribution has been completed. A naked short position is more likely to be created if the underwriters are concerned that there may be downward pressure on the price of the shares in the open market after pricing that could adversely affect investors who purchase in the offering.

To close a covered short position, the underwriters must purchase shares in the open market after the distribution has been completed or must exercise the option to purchase additional shares. In determining the source of shares to close the covered short position, the underwriters will consider, among other things, the price of shares available for purchase in the open market as compared to the price at which they may purchase shares through the option to purchase additional shares.

Stabilizing transactions involve bids to purchase shares so long as the stabilizing bids do not exceed a specified maximum.

Purchases to cover short positions and stabilizing purchases, as well as other purchases by the underwriters for their own accounts, may have the effect of preventing or retarding a decline in the market price of the shares. They may also cause the price of the shares to be higher than the price that would otherwise exist in the open market in the absence of these transactions. The underwriters may conduct these transactions on the NYSE, in the over-the-counter market or otherwise. If the underwriters commence any of these transactions, they may discontinue them at any time.

In connection with the offering, the underwriters may distribute prospectuses by electronic means, such as e-mail.

Certain underwriters or their affiliates have performed, and in the future may perform, commercial banking, investment banking and advisory services for us in the ordinary course of their business for which they have received, and in the future are expected to receive, customary fees. Some of the underwriters or their affiliates have engaged in, and may in the future engage in, investment banking and other commercial dealings in the ordinary course of business with our affiliates. They have received, or may in the future receive, customary fees and commissions for these transactions. In addition, in the ordinary course of its business activities, each underwriter and its affiliates may make or hold a broad array of investments and actively traded debt and equity securities (or related derivative securities) and financial instruments (including bank loans) for their own account and for the accounts of their customers. Such investments and securities activities may involve securities and/or instruments of ours or our affiliates. Each underwriter and its affiliates may also make investment recommendations and/or publish or express independent research views in respect of such securities or financial instruments and may hold, or recommend to clients that they acquire, long and/or short positions in such securities and instruments.

Table of Contents**ABOUT ANNALY CAPITAL MANAGEMENT, INC.**

We are a leading mortgage REIT that is externally managed by Annaly Management Company LLC (**Manager**). Since our founding in 1997, we have strived to generate net income for distribution to our stockholders through the prudent selection and management of our investments.

We own a portfolio of real estate-related investments. We use our capital coupled with borrowed funds to invest in real estate-related investments, earning the spread between the yield on our assets and the cost of our borrowings and hedging activities.

We are primarily organized around the following operations:

Business Operations	Year Formed	Description
Annaly, the parent company	1997	Invests primarily in various types of Agency mortgage-backed securities and related derivatives to hedge these investments. Its portfolio also includes residential credit investments such as credit risk transfer securities and non-Agency mortgage-backed securities.
Annaly Commercial Real Estate Group, Inc. (or ACREG)	2009	Wholly-owned subsidiary that specializes in originating or acquiring, financing and managing commercial loans and other commercial real estate debt, commercial mortgage-backed securities and other commercial real estate-related assets.
Annaly Middle Market Lending LLC	2010	Wholly-owned subsidiary that engages in corporate middle market lending transactions.
RCap Securities, Inc.	2008	Wholly-owned subsidiary that operates as a broker-dealer, and is a member of the Financial Industry Regulatory Authority.

We are a Maryland corporation that commenced operations on February 18, 1997. We have elected to be taxed as a REIT under the Internal Revenue Code of 1986, as amended (**Code**) and believe that we are organized and have operated in a manner that qualifies us to be taxed as a REIT. If we qualify for taxation as a REIT, we generally will not be subject to U.S. federal income tax on our taxable income that is distributed to our stockholders. Therefore, substantially all of our assets, other than our taxable REIT subsidiaries, consist of qualified REIT real estate assets (of the type described in Section 856(c)(5)(B) of the Code).

To ensure we qualify as a REIT, no person may own more than 9.8% of the outstanding shares of any class of our common stock or our preferred stock, unless our Board of Directors waives this limitation.

Table of Contents**RISK FACTORS**

Investing in our securities involves risks. You should carefully consider the risks described under **Risk Factors** in our most recent Annual Report on Form 10-K and any subsequent Quarterly Reports on Form 10-Q (which descriptions are incorporated by reference herein), as well as the other information contained or incorporated by reference in this prospectus or in any prospectus supplement hereto before making a decision to invest in our securities. See **Where You Can Find More Information On Annaly**, below.

USE OF PROCEEDS

We intend to use the net proceeds from the sale of the securities offered by this prospectus for the purchase of assets in accordance with our investment strategy and, within the confines of the risk appetite statement, that are within our targeted asset classes, as well as for general corporate purposes. Our investment strategy, risk appetite statement, and targeted asset classes are set forth in our Annual Report on Form 10-K for the fiscal year ended December 31, 2014, and in subsequent Quarterly Reports on Form 10-Q or Current Reports on Form 8-K. The Board of Directors has the power to modify or waive these policies and strategies without the consent of the stockholders to the extent that the Board of Directors determines that the modification or waiver is in the best interests of our stockholders. Among other factors, developments in the market which affect our policies and strategies or which change our assessment of the market may cause our Board of Directors to revise our policies and strategies or targeted asset classes.

RATIOS OF EARNINGS TO FIXED CHARGES AND OF EARNINGS TO COMBINED FIXED CHARGES AND PREFERRED STOCK DIVIDENDS

The following table sets forth our ratios of earnings to fixed charges and of earnings to combined fixed charges and preferred stock dividends for periods indicated.

	Nine Months Ended September 30, 2015	Fiscal Years Ended December 31,				
	2015	2014	2013	2012	2011	2010
Ratio of earnings to combined fixed charges and preferred stock dividends	0.69x	0.36x	3.28x	2.08x	1.28x	2.08x
Ratio of earnings to fixed charges	0.74x	0.37x	3.44x	2.14x	1.30x	2.12x

The ratios of earnings to combined fixed charges and preferred stock dividends were computed by dividing the sum of fixed charges and preferred stock dividends by earnings. For this purpose, earnings consist of net income from continuing operations and fixed charges. Fixed charges consist of our interest expense and estimated interest within rental expense. Preferred stock dividends consist of pre-tax amounts required to pay dividends in respect of our Series A Preferred Stock, our 7.625% Series B Convertible Preferred Stock (which we refer to as our Series B Preferred Stock) and, beginning in 2012, our Series C Preferred Stock and Series D Preferred Stock. In April 2012, all outstanding shares of our Series B Preferred Stock were converted into common stock.

As of December 31, 2015, we had 935,929,561 shares of common stock outstanding. In addition, as of December 31, 2015, we had 7,412,500 shares of Series A Preferred Stock outstanding, 12,000,000 shares of Series C Preferred Stock outstanding and 18,400,000 shares of Series D Preferred Stock outstanding.

Voting

Each of our common stockholders is entitled to one vote for each share held of record on each matter submitted to a vote of common stockholders.

Our bylaws, as amended and restated, provide that annual meetings of our stockholders will be held each calendar year on the date determined by our Board of Directors, and special meetings may be called by a majority of our Board of Directors, our Chairman, a majority of our independent directors, our President or generally by stockholders entitled to cast not less than a majority of the votes that all stockholders are entitled to cast at the meeting. Our articles of incorporation, as amended, may be amended in accordance with Maryland law.

Dividends; Liquidation; Other Rights

Common stockholders are entitled to receive dividends when declared by our Board of Directors out of legally available funds. Common stockholders have no preemptive or other subscription rights, and there are no conversion rights, or redemption or sinking fund provisions, relating to the shares of common stock.

Classification or Reclassification of Common Stock or Preferred Stock

Our articles of incorporation, as amended, authorize our Board of Directors to reclassify any unissued shares of common or preferred stock into other classes or series of shares, to establish the number of shares in each class or series and to set the preferences, conversion and other rights, voting powers, restrictions, limitations, and restrictions on ownership, limitations as to dividends or other distributions, qualifications, and terms or conditions of redemption for each class or series.

any listing of the debt securities on any securities exchange; and

any other terms of the debt securities of the series (whether or not such other terms are consistent or inconsistent with any other terms of the indenture).

As used in this prospectus and any prospectus supplement relating to the offering of debt securities of any series, references to the principal of and premium, if any, and interest, if any, on the debt securities of the series include the payment of Additional Amounts, if any, required by the debt securities of the series to be paid in that context.

We may issue debt securities at a discount from, or at a premium to, their stated principal amount. A prospectus supplement may describe U.S. federal income tax considerations and other special considerations applicable to a debt security issued with original issue discount or at a premium.

If the principal of, premium, if any, or interest, if any, with regard to any series of debt securities is payable in a foreign currency, then in the prospectus supplement relating to those debt securities, we will describe any restrictions on currency conversions, tax considerations or other material restrictions with respect to that issue of debt securities.

The terms of the debt securities of any series may differ from the terms of the debt securities of any other series, and the terms of particular debt securities within any series may differ from each other. Unless otherwise expressly provided in the prospectus supplement relating to any series of debt securities, we may, without the consent of the holders of the debt securities of any series, reopen an existing series of debt securities and issue additional debt securities of that series.

Unless otherwise described in a prospectus supplement relating to any series of debt securities and except to the limited extent set forth below under Merger, Consolidation and Transfer of Assets, the indenture does not contain any provisions that would limit our ability or the ability of any of our subsidiaries to incur indebtedness or other liabilities or that would afford holders of debt securities protection in the event of a business combination, takeover, recapitalization or highly leveraged or similar transaction involving us. Accordingly, we and our subsidiaries may in the future enter into transactions that could increase the amount of our consolidated indebtedness and other liabilities or otherwise adversely affect our capital structure or credit rating without the consent of the holders of the debt securities of any series.

Registration, Transfer and Payment

Unless otherwise indicated in the applicable prospectus supplement, each series of debt securities will be issued in registered form only, without coupons. The indenture, however, provides that we may also issue a series of debt securities in bearer form only, or in both registered and bearer form.

Unless otherwise indicated in the applicable prospectus supplement, registered debt securities will be issued in denominations of \$1,000 or any integral multiples of \$1,000, and bearer debt securities will be issued in denominations of \$5,000.

Table of Contents

Unless otherwise indicated in the applicable prospectus supplement, the debt securities will be payable and may be surrendered for registration of transfer or exchange and, if applicable, for conversion into or exchange for other securities or property, at an office or agency maintained by us in the United States. However, we, at our option, may make payments of interest on any registered debt security by check mailed to the address of the person entitled to receive that payment or by wire transfer to an account maintained by the payee with a bank located in the United States. Unless otherwise indicated in the applicable prospectus supplement, no service charge shall be made for any registration of transfer or exchange, redemption or repayment of debt securities, or for any conversion or exchange of debt securities for other securities or property, but we may require payment of a sum sufficient to cover any tax or other governmental charge that may be imposed in connection with such transaction.

Unless otherwise indicated in the applicable prospectus supplement, payment of principal, premium, if any, and interest, if any, on bearer debt securities will be made, subject to any applicable laws and regulations, at an office or agency outside the United States. Unless otherwise indicated in the applicable prospectus supplement, payment of interest due on bearer debt securities on any interest payment date will be made only against surrender of the coupon relating to that interest payment date. Unless otherwise indicated in the applicable prospectus supplement, no payment of principal, premium, if any, or interest, if any, with respect to any bearer debt security will be made at any office or agency in the United States or by check mailed to any address in the United States or by wire transfer to an account maintained with a bank located in the United States. However, if any bearer debt securities are payable in U.S. dollars, payments on those bearer securities may be made at the corporate trust office of the relevant trustee or at any office or agency designated by us in the United States if, but only if, payment of the full amount due on the bearer debt securities for principal, premium, if any, or interest, if any, at all offices outside of the United States maintained for that purpose by us is illegal or effectively precluded by exchange controls or similar restrictions.

Unless otherwise indicated in the applicable prospectus supplement, we will not be required to:

issue, register the transfer of or exchange debt securities of any series during a period beginning at the opening of business 15 days before any selection of debt securities of that series of like tenor and terms to be redeemed and ending at the close of business on the day of that selection;

register the transfer of or exchange any registered debt security, or portion of any registered debt security, selected for redemption, except the unredeemed portion of any registered debt security being redeemed in part;

exchange any bearer debt security selected for redemption, except to exchange a bearer debt security for a registered debt security of that series of like tenor and terms that is simultaneously surrendered for redemption; or

issue, register the transfer of or exchange a debt security that has been surrendered for repayment at the option of the holder, except the portion, if any, of the debt security not to be repaid.

Book-Entry Debt Securities

The securities depository will be The Depository Trust Company, New York, NY, known as DTC, unless otherwise identified in the prospectus supplement relating to the securities. If DTC is the depository for an issuance of securities,

the issuance will be issued as fully-registered securities registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully registered security certificate will be issued for each issue of securities, each in the aggregate principal amount of such issue, and will be deposited with DTC. If, however, the aggregate amount of any issue exceeds \$500 million, one certificate will be issued with respect to each \$500 million of issue and an additional certificate will be issued with respect to any remaining amount of such issue.

DTC has advised us that it is a limited-purpose trust company organized under the New York Banking Law, a banking organization within the meaning of the New York Banking Law, a member of the Federal Reserve

Table of Contents

System, a clearing corporation within the meaning of the New York Uniform Commercial Code, and a clearing agency registered under Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments that its direct participants deposit with DTC. Direct participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a direct participant, either directly or indirectly (indirect participants).

Purchases of the securities under the DTC system must be made by or through direct participants, which will receive a credit for the securities on DTC's records. The ownership interest of each actual purchaser of each security, the beneficial owner, is in turn to be recorded on the direct and indirect participants' records. Beneficial owners will not receive written confirmation from DTC of their purchase. A beneficial owner, however, is expected to receive written confirmations providing details of the transaction, as well as periodic statements of its holdings, from the direct or indirect participant through which the beneficial owner entered into the transaction. Transfers of ownership interests in the securities are to be accomplished by entries made on the books of direct and indirect participants acting on behalf of beneficial owners. Beneficial owners will not receive certificates representing their ownership interests in the securities, except if the use of the book-entry system for the securities is discontinued. The deposit of global securities with DTC and their registration in the name of Cede & Co., or such other nominee, as the case may be, do not effect any change in beneficial ownership. DTC has no knowledge of the actual beneficial owners of the global securities; DTC's records reflect only the identity of the direct participants to whose accounts global securities are credited, which may or may not be the beneficial owners. The direct participants and indirect participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to direct participants, by direct participants to indirect participants and by direct participants and indirect participants to beneficial owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time.

To the extent any issuance of securities is redeemable, we will send redemption notices to DTC. If less than all of the securities within an issue are being redeemed, DTC's practice is to determine by lot the amount of the interest of each direct participant in such issue to be redeemed. The applicable prospectus supplement for an issuance of securities will indicate whether such issue is redeemable.

None of DTC, Cede & Co., or any other DTC nominee will consent or vote with respect to the securities unless authorized by a direct participant in accordance with DTC's MMI procedures. Under its usual procedures, DTC mails an omnibus proxy to us as soon as possible after the record date. The omnibus proxy assigns Cede & Co.'s consenting or voting rights to those direct participants to whose accounts the securities are credited on the record date (identified in a listing attached to the omnibus proxy).

A beneficial owner must give any required notice of its election to have its securities repurchased through the participant through which it holds its beneficial interest in the security to the applicable trustee or tender agent. The beneficial owner shall effect delivery of its securities by causing the direct participant to transfer its interest in the securities on DTC's records. The requirement for physical delivery of securities in connection with an optional tender or a mandatory purchase will be deemed satisfied when the ownership rights in the securities are transferred by the direct participant on DTC's records and followed by a book-entry credit of tendered securities to the applicable trustee or agent's DTC account.

Redemption proceeds, distributions, and dividend payments on the global securities will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit direct participants' accounts, upon DTC's receipt of funds and corresponding detail information from the

Table of Contents

issuer or agent, on the payable date in accordance with their respective holdings shown on DTC's records. Payments by participants to beneficial owners will be governed by standing instructions and customary practices, as in the case of securities held for the accounts of customers in bearer form or registered in street name. These payments will be the responsibility of such participant and not DTC, Annaly or any agent thereof, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of redemption proceeds, distributions, and dividend payments to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) will be the responsibility of Annaly or its respective agent. Disbursement of such payments to direct participants will be the responsibility of DTC, and disbursement of such payments to beneficial owners will be the responsibility of direct participants and indirect participants. None of Annaly, any trustee or agent, or the registrar for the securities will have any responsibility or liability for any aspect of the records relating to or payments made on account of beneficial ownership interests of the global security or global securities for any series of securities or for maintaining, supervising or reviewing any records relating to such beneficial interests.

DTC may discontinue providing its services as depository with respect to any securities at any time by giving reasonable notice to the issuer or its agent. Under such circumstances, in the event that a successor depository is not obtained, security certificates will be printed and delivered to DTC. In addition, an issuer may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, security certificates are required to be printed and delivered.

If so stated in the relevant prospectus supplement, beneficial owners may elect to hold interests in the securities through either Clearstream Banking S.A., known as Clearstream, Luxembourg, or through Euroclear Bank S.A./N.V., as operator of the Euroclear System, or Euroclear (in Europe), either directly if they are participants of such systems or indirectly through organizations that are participants in such systems. Clearstream, Luxembourg and Euroclear will hold interests on behalf of their participants through customers' securities accounts in Clearstream, Luxembourg's and Euroclear's names on the books of their U.S. depositories, which in turn will hold such interests in customers' securities accounts in the U.S. depositories' names on the books of DTC.

Euroclear and Clearstream, Luxembourg each hold securities for their customers and facilitate the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders (each such account holder, a participant and collectively, the participants). Euroclear and Clearstream, Luxembourg provide various services, including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg also deal with domestic securities markets in several countries through established depository and custodial relationships. Euroclear and Clearstream, Luxembourg have established an electronic bridge between their two systems across which their respective participants may settle trades with each other. Euroclear is incorporated under the laws of Belgium, and Clearstream, Luxembourg is incorporated under the laws of Luxembourg.

Euroclear and Clearstream, Luxembourg customers are world-wide financial institutions, including underwriters, securities brokers and dealers, banks, trust companies, and clearing corporations. Indirect access to Euroclear and Clearstream, Luxembourg is available to other institutions that clear through or maintain a custodial relationship with a participant of either system. The address of Euroclear is Euroclear Bank S.A./N.V., 1 Boulevard du Roi Albert II, B-1210 Brussels and the address of Clearstream, Luxembourg is Clearstream Banking, 42 Avenue JF Kennedy, L-1855, Luxembourg.

If DTC is the depository for a global security, Euroclear and Clearstream, Luxembourg may hold interests in the global security as participants in DTC.

The laws of some jurisdictions may require that purchasers of securities take physical delivery of those securities in definitive form. Accordingly, the ability to transfer interests in the securities represented by a global security to those persons may be limited. In addition, because DTC can act only on behalf of its participants, who

Table of Contents

in turn act on behalf of persons who hold interests through participants, the ability of a person having an interest in securities represented by a global security to pledge or transfer such interest to persons or entities that do not participate in DTC's system, or otherwise to take actions in respect of such interest, may be affected by the lack of a physical definitive security in respect of such interest.

Neither we nor the principal paying agent will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, securities by DTC, Clearstream, Luxembourg, or Euroclear, or for maintaining, supervising or reviewing any records of those organizations relating to the securities.

Redemption and Repurchase

The debt securities of any series may be redeemable at our option or may be subject to mandatory redemption by us as required by a sinking fund or otherwise. In addition, the debt securities of any series may be subject to repurchase or repayment by us at the option of the holders. The applicable prospectus supplement will describe the terms, the times and the prices regarding any optional or mandatory redemption by us or any repurchase or repayment at the option of the holders of any series of debt securities, if any.

Conversion and Exchange

The terms, if any, on which debt securities of any series are convertible into or exchangeable for our common shares or any other securities or property will be set forth in the applicable prospectus supplement. Such terms may include provisions for conversion or exchange, either mandatory, at the option of the holders or at our option. Unless otherwise expressly stated in the applicable prospectus supplement or the context otherwise requires, references in this prospectus and any prospectus supplement to the conversion or exchange of debt securities of any series for other securities or property shall be deemed not to refer to or include any exchange of any debt securities of a series for other debt securities of the same series.

Secured Debt Securities

The debt securities of any series may be secured by collateral. The applicable prospectus supplement will describe any such collateral and the terms of such secured debt securities.

Merger, Consolidation and Transfer of Assets

The indenture provides that we will not, in any transaction or series of related transactions, consolidate with, or sell, lease or convey all or substantially all of our property and assets to, or merge with or into, any person unless:

either (1) we shall be the continuing person (in the case of a merger) or (2) the successor person (if other than us) formed by or resulting from the consolidation or merger, or which shall have received the transfer of assets, shall be an entity organized and existing under the laws of the United States, any state thereof or the District of Columbia and shall expressly assume the due and punctual payment of the principal of, premium, if any, and interest, if any, on all the debt securities outstanding under the indenture and the due and punctual performance and observance of all covenants and conditions in such outstanding debt securities and the indenture to be performed or satisfied by us (including, without limitation, the obligation to convert or exchange any debt securities that are convertible into or exchangeable for other securities or property in accordance with the provisions of such debt securities and the indenture) by a supplemental indenture

reasonably satisfactory in form to the trustee;

immediately after giving effect to the transaction described above, no Event of Default under the indenture, and no event which, after notice or lapse of time or both would become an Event of Default under the indenture, shall have occurred and be continuing; and

Table of Contents

the trustee shall have received the officers' certificate and opinion of counsel called for by the indenture. In the case of any such consolidation, sale, lease, conveyance or merger in which we are not the continuing entity and upon execution and delivery by the successor person of the supplemental indenture described above, such successor person shall succeed to, and be substituted for, us and may exercise every right and power of ours under the indenture with the same effect as if such successor person had been named as us therein, and we shall be automatically released and discharged from all obligations and covenants under the indenture and the debt securities issued under that indenture.

Events of Default

Unless otherwise specified in the applicable prospectus supplement, an Event of Default with respect to the debt securities of any series is defined in the indenture as being:

- (1) default in payment of any interest, if any, on, or any Additional Amounts, if any, payable in respect of any interest, if any, on, any of the debt securities of that series when due, and continuance of such default for a period of 30 days;
- (2) default in payment of any principal of or premium, if any, on, or any Additional Amounts, if any, payable in respect of any principal of or premium, if any, on, any of the debt securities of that series when due (whether at maturity, upon redemption, upon repayment or repurchase at the option of the holder or otherwise and whether payable in cash, our common shares or other securities or property);
- (3) default in the deposit of any sinking fund payment or payment under any analogous provision when due with respect to any of the debt securities of that series;
- (4) default in the delivery when due of any securities, cash or other property (including, without limitation, any of our common shares) when required to be delivered upon conversion of any convertible debt security of that series or upon the exchange of any debt security of that series which is exchangeable for our common shares or other securities or property (other than an exchange of debt securities of that series for other debt securities of the same series);
- (5) default in the performance, or breach, of any other covenant or warranty applicable to us in the indenture or in any debt security of that series other than a covenant or warranty included in the indenture solely for the benefit of a series of debt securities other than that series, and continuance of that default or breach (without that default or breach having been cured or waived in accordance with the indenture) for a period of 90 days after notice to us by the trustee or the holders of not less than 25% in aggregate principal amount of the debt securities of that series then outstanding;
- (6) default after the expiration of any applicable grace period in the payment of principal when due, or resulting in acceleration of, other indebtedness (other than Non-recourse Debt, as defined below) of us or any Significant Subsidiary of ours for borrowed money where the aggregate principal amount with respect to

which the default or acceleration has occurred exceeds \$100 million and such indebtedness has not been discharged, or such default in payment or acceleration has not been cured or rescinded, prior to written notice of acceleration of the debt securities of that series;

- (7) failure by us or any of our Subsidiaries to pay final judgments or decrees entered by a court or courts of competent jurisdiction aggregating in excess of \$100 million, which judgments are not paid, discharged or stayed for a period of 30 calendar days after such judgments become final and non-appealable;
- (8) specified events of bankruptcy, insolvency or reorganization with respect to us or any Significant Subsidiary of ours; or
- (9) any other Event of Default established for the debt securities of that series.

No Event of Default with respect to any particular series of debt securities necessarily constitutes an Event of Default with respect to any other series of debt securities. The indenture provides that, within 90 days after the

Table of Contents

occurrence of any default with respect to the debt securities of any series, the trustee will mail to all holders of the debt securities of that series notice of that default if known to the trustee, unless that default has been cured or waived. However, the indenture provides that the trustee may withhold notice of a default with respect to the debt securities of that series, except a default in payment of principal, premium, if any, interest, if any, Additional Amounts, if any, or sinking fund payments, if any, if the trustee considers it in the best interests of the holders to do so. As used in this paragraph, the term **default** means any event which is, or after notice or lapse of time or both would become, an Event of Default with respect to the debt securities of any series.

The indenture provides that if an Event of Default (other than an Event of Default specified in clause (8) of the second preceding paragraph with respect to us) occurs and is continuing with respect to any series of debt securities, either the trustee or the holders of at least 25% in principal amount of the debt securities of that series then outstanding may declare the principal of, or if debt securities of that series are original issue discount securities, such lesser amount as may be specified in the terms of that series of debt securities, and accrued and unpaid interest, if any, on all the debt securities of that series to be due and payable immediately. The indenture also provides that if an Event of Default specified in clause (8) of the second preceding paragraph with respect to us occurs with respect to any series of debt securities, then the principal of, or if debt securities of that series are original issue discount securities, such lesser amount as may be specified in the terms of that series of debt securities, and accrued and unpaid interest, if any, on all the debt securities of that series will automatically become and be immediately due and payable without any declaration or other action on the part of the trustee or any holder of the debt securities of that series. However, upon specified conditions, the holders of a majority in principal amount of the debt securities of a series then outstanding may rescind and annul an acceleration of the debt securities of that series and its consequences. For purposes of clarity, references to an Event of Default specified in clause (8) of the second preceding paragraph with respect to us shall not include any Event of Default specified in clause (8) of the second preceding paragraph with respect to any Significant Subsidiary of ours.

Subject to the provisions of the Trust Indenture Act of 1939 requiring the trustee, during the continuance of an Event of Default under the indenture, to act with the requisite standard of care, the trustee is under no obligation to exercise any of its rights or powers under the indenture at the request or direction of any of the holders of debt securities of any series unless those holders have offered the trustee indemnity reasonably satisfactory to the trustee against the costs, fees and expenses and liabilities that might be incurred in compliance with such request or direction. Subject to the foregoing, holders of a majority in principal amount of the outstanding debt securities of any series issued under the indenture have the right to direct the time, method and place of conducting any proceeding for any remedy available to the trustee under the indenture with respect to that series. The indenture requires the annual filing by us with the trustee of a certificate that states whether or not we are in default under the terms of the indenture.

No holder of any debt securities of any series shall have any right to institute any proceeding, judicial or otherwise, with respect to the indenture, or for the appointment of a receiver or trustee, or for any other remedy under the indenture, unless:

such holder has previously given written notice to the trustee of a continuing Event of Default with respect to the debt securities of such series;

the holders of not less than 25% in aggregate principal amount of the outstanding debt securities of such series shall have made written request to the trustee to institute proceedings in respect of such Event of Default in its own name as trustee under the indenture;

such holder or holders have offered to the trustee indemnity reasonably satisfactory to the trustee against the costs, fees and expenses and liabilities which might be incurred in compliance with such request;

the trustee for 60 days after its receipt of such notice, request and offer of indemnity has failed to institute any such proceeding; and

Table of Contents

no direction inconsistent with such written request has been given to the trustee during such 60 day period by the holders of a majority in principal amount of the outstanding debt securities of such series.

Notwithstanding any other provision of the indenture, the holder of a debt security will have the right, which is absolute and unconditional, to receive payment of the principal of and premium, if any, and interest, if any, on that debt security on the respective due dates for those payments and, in the case of any debt security that is convertible into or exchangeable for other securities or property, to convert or exchange, as the case may be, that debt security in accordance with its terms, and to institute suit for the enforcement of those payments and any right to effect such conversion or exchange, and this right shall not be impaired without the consent of the holder.

Modification, Waivers and Meetings

The indenture permits us and the trustee, with the consent of the holders of a majority in principal amount of the outstanding debt securities of each series issued under the indenture and affected by a modification or amendment, to modify or amend any of the provisions of the indenture or of the debt securities of the applicable series or the rights of the holders of the debt securities of that series under the indenture. However, the consent of the holder of each debt security affected will be required for any modification or amendment that, among other things:

changes the stated maturity of the principal of, or premium, if any, or any installment of interest, if any, on or any Additional Amounts, if any, with respect to any debt securities issued under the indenture;

reduces the principal of or any premium on any debt securities, reduces the rate of interest on any debt securities or reduces the price payable upon the redemption of any debt securities, whether such redemption is mandatory or at our option, or upon the repurchase of any debt securities at the option of the holder, or reduces any Additional Amounts with respect to any debt securities, or change our obligation to pay Additional Amounts;

reduces the amount of principal of any original issue discount securities that would be due and payable upon an acceleration of the maturity thereof;

adversely affects any right of repayment or repurchase of any debt securities at the option of any holder;

changes any place where, or the currency in which, debt securities are payable;

impairs the holder's right to institute suit to enforce the payment of any debt securities on or after their stated maturity or, in the case of any debt securities that are convertible into or exchangeable for other securities or property, to institute suit to enforce the right to convert or exchange such debt securities in accordance with their terms;

makes any change that adversely affects the right, if any, to convert or exchange any debt securities for other securities or property;

reduces the percentage of debt securities of any series issued under the indenture whose holders must consent to any modification or amendment or any waiver of compliance with specific provisions of such indenture or specified defaults under the indenture and their consequences; or

reduces the requirements for a quorum or voting at a meeting of holders of the applicable debt securities. The indenture also contains provisions permitting us and the trustee, without the consent of the holders of any debt securities issued under the indenture, to modify or amend the indenture, among other things:

to evidence the succession of another person to us and the assumption by that successor of our covenants contained in the indenture and in the debt securities;

Table of Contents

to add to our covenants for the benefit of the holders of all or any series of debt securities issued under the indenture or to surrender any right or power conferred upon us with respect to all or any series of debt securities issued under the indenture;

to add to or change any provisions of the indenture to facilitate the issuance of bearer securities;

to establish the form or terms of debt securities of any series and any related coupons, including, without limitation, conversion and exchange provisions applicable to debt securities which are convertible into or exchangeable for other securities or property, and to establish any provisions with respect to any security or other collateral for such debt securities, and to make any deletions from or additions or changes to the indenture in connection with any of the matters referred to in this bullet point so long as those deletions, additions and changes are not applicable to any other series of debt securities then outstanding;

to evidence and provide for the acceptance of the appointment of a successor trustee in respect of the debt securities of one or more series;

to cure any ambiguity or correct or supplement any provision in such indenture which may be defective or inconsistent with other provisions in the indenture, or to make any other provisions with respect to matters or questions arising under the indenture which shall not adversely affect the interests of the holders of the debt securities of any series then outstanding in any material respect;

to add any additional Events of Default with respect to all or any series of debt securities;

to supplement any of the provisions of the indenture to permit or facilitate defeasance, covenant defeasance and/or satisfaction and discharge of any series of debt securities, provided that such action shall not adversely affect the interests of any holder of a debt security of such series or any other debt security in any material respect;

to secure or, if applicable, to provide additional security for all or any debt securities issued under the indenture and to provide for any and all matters relating thereto, and to provide for the release of any collateral as security for all or any debt securities in accordance with the terms of the indenture;

to add to or change or eliminate any provision of the indenture as is necessary or desirable in accordance with any amendment to the Trust Indenture Act;

to make any change to the indenture, or any supplemental indenture, or any debt securities to conform the terms thereof to any provision of the description of a series of any debt securities in any prospectus (including this prospectus), prospectus supplement, offering memorandum or similar offering document used in connection with the initial offering or sale of any debt securities to the extent that such provision in such

description was intended to be a substantially verbatim recitation of a provision of the indenture or debt securities;

in the case of any series of debt securities which are convertible into or exchangeable for our common shares or other securities or property, to provide for the conversion or exchange rights of those debt securities in the event of any reclassification or change of our common shares or any of our other securities into which such debt securities are convertible or for which such debt securities are exchangeable or any similar transaction if expressly required by the terms of that series of debt securities; or

to amend or supplement any provision contained in the indenture or in any debt securities, provided that such amendment or supplement does not apply to any outstanding debt securities issued prior to the date of such supplemental indenture and entitled to the benefits of such provisions.

The holders of a majority in aggregate principal amount of the outstanding debt securities of any series may waive our compliance with the provisions described above under Merger, Consolidation and Transfer of Assets and certain other provisions of the indenture and, if specified in the prospectus supplement relating to

Table of Contents

such series of debt securities, any additional covenants applicable to the debt securities of such series. The holders of a majority in aggregate principal amount of the outstanding debt securities of any series may, on behalf of all holders of debt securities of that series, waive any past default under the indenture with respect to debt securities of that series and its consequences, except a default in the payment of the principal of, or premium, if any, or interest, if any, on debt securities of that series or, in the case of any debt securities which are convertible into or exchangeable for other securities or property, a default in any such conversion or exchange, or a default in respect of a covenant or provision that cannot be modified or amended without the consent of the holder of each outstanding debt security of the affected series.

The indenture contains provisions for convening meetings of the holders of a series of debt securities if (and only if) debt securities of such series are issued or issuable, in whole or in part, in the form of bearer debt securities. A meeting may be called at any time by the trustee, and also upon our request or the request of holders of at least 33 1/3% in principal amount of the outstanding debt securities of a series. Notice of a meeting must be given in accordance with the provisions of the indenture. Except for any consent that must be given by the holder of each outstanding debt security affected in the manner described above, any resolution presented at a meeting or adjourned meeting duly reconvened at which a quorum, as described below, is present may be adopted by the affirmative vote of the holders of a majority in principal amount of the outstanding debt securities of that series. However, any resolution with respect to any request, demand, authorization, direction, notice, consent, waiver or other action for which the indenture provides may be made, given or taken by the holders of a specified percentage, which is less or more than a majority, in principal amount of the outstanding debt securities of a series may be adopted at a meeting or adjourned meeting duly reconvened at which a quorum is present by the affirmative vote of the holders of that specified percentage in principal amount of the outstanding debt securities of that series. Any resolution passed or decision taken at any meeting of holders of debt securities of any series duly held in accordance with the indenture will be binding on all holders of debt securities of that series and the related coupons, if any. The quorum at any meeting called to adopt a resolution, and at any reconvened meeting, will be persons entitled to vote a majority in principal amount of the outstanding debt securities of a series, or, if any action is to be taken at a meeting with respect to any request, demand, authorization, direction, notice, consent, waiver or other action for which the indenture provides may be given by holders of a greater percentage in principal amount of outstanding debt securities of a series, the persons entitled to vote at such greater percentage in principal amount of the outstanding debt securities of such series.

Discharge, Defeasance and Covenant Defeasance

Unless otherwise provided in the applicable prospectus supplement, upon our direction, the indenture shall cease to be of further effect with respect to any series of debt securities issued under the indenture specified by us, subject to the survival of specified provisions of the indenture (including the obligation to pay Additional Amounts to the extent described below and the obligation, if applicable, to exchange or convert debt securities of that series into other securities or property in accordance with their terms) when:

either

- (A) all outstanding debt securities of that series and, in the case of bearer securities, all related coupons, have been delivered to the trustee for cancellation, subject to exceptions, or
- (B)

all debt securities of that series and, if applicable, any related coupons have become due and payable or will become due and payable at their stated maturity within one year or are to be called for redemption within one year and we have deposited with the trustee, in trust, funds in U.S. dollars or in the foreign currency in which the debt securities of that series are payable in an amount sufficient to pay the entire indebtedness on the debt securities of that series in respect of principal, premium, if any, and interest, if any (and, to the extent that (x) the debt securities of that series provide for the payment of Additional Amounts upon the occurrence of specified events of taxation, assessment or governmental charge with respect to payments on the debt securities and (y) the amount of any Additional Amounts which are or will be payable is at the time of deposit

reasonably determinable by us, in the exercise of our sole and absolute discretion, those Additional Amounts) to the date of such deposit, if the debt securities of that series have become due and payable, or to the maturity or redemption date of the debt securities of that series, as the case may be;

we have paid all other sums payable under the indenture with respect to the debt securities of that series; and

the trustee has received an officers certificate and an opinion of counsel called for by the indenture.

Unless otherwise provided in the applicable prospectus supplement, we may elect with respect to any series of debt securities either:

to defease and be discharged from all of our obligations with respect to that series of debt securities (defeasance), except for:

- (1) the obligation to pay Additional Amounts, if any, upon the occurrence of specified events of taxation, assessment or governmental charge with respect to payments on that series of debt securities to the extent (and only to the extent) that those Additional Amounts exceed the amount deposited in respect of those Additional Amounts as provided below,
- (2) the obligation, if applicable, to exchange or convert debt securities of that series into other securities or property in accordance with their terms, and
- (3) certain other limited obligations; or

to be released from our obligations with respect to the debt securities of such series under such covenants as may be specified in the applicable prospectus supplement, and any omission to comply with those obligations shall not constitute a default or an Event of Default with respect to that series of debt securities (covenant defeasance), in either case upon the irrevocable deposit with the trustee, or other qualifying trustee, in trust for that purpose, of an amount in U.S. dollars or in the foreign currency in which those debt securities are payable at stated maturity or, if applicable, upon redemption, and/or Government Obligations which through the payment of principal and interest in accordance with their terms will provide money, in an amount sufficient to pay the principal of and any premium and any interest on (and, to the extent that (x) the debt securities of that series provide for the payment of Additional Amounts and (y) the amount of the Additional Amounts which are or will be payable is at the time of deposit reasonably determinable by us, in the exercise of our sole and absolute discretion, the Additional Amounts with respect to) that series of debt securities, and any mandatory sinking fund or analogous payments on that series of debt securities, on the due dates for those payments.

The defeasance or covenant defeasance described above shall only be effective if, among other things:

it shall not result in a breach or violation of, or constitute a default under, the indenture;

in the case of defeasance, we shall have delivered to the trustee an opinion of independent counsel reasonably acceptable to the trustee confirming that (A) we have received from or there has been published by the Internal Revenue Service a ruling or (B) since the date of the indenture there has been a change in applicable U.S. federal income tax law, in either case to the effect that, and based on this ruling or change the opinion of counsel shall confirm that, the holders and beneficial owners of the debt securities of the applicable series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the defeasance had not occurred;

in the case of defeasance, we shall provide money in an amount sufficient in the written opinion of a nationally recognized firm of independent public accountants to pay the principal of, premium, if any, and each installment of interest on the debt securities;

Table of Contents

in the case of covenant defeasance, we shall have delivered to the trustee an opinion of independent counsel reasonably acceptable to the trustee to the effect that the holders and beneficial owners of the debt securities of the applicable series will not recognize income, gain or loss for U.S. federal income tax purposes as a result of the covenant defeasance and will be subject to U.S. federal income tax on the same amounts, in the same manner and at the same times as would have been the case if the covenant defeasance had not occurred;

if the cash and Government Obligations deposited are sufficient to pay the outstanding debt securities of that series provided those debt securities are redeemed on a particular redemption date, we shall have given the trustee irrevocable instructions to redeem those debt securities on that date; and

no Event of Default or event which with notice or lapse of time or both would become an Event of Default with respect to debt securities of that series shall have occurred and be continuing on the date of the deposit into trust; and, solely in the case of defeasance, no Event of Default arising from specified events of bankruptcy, insolvency or reorganization with respect to us or event which with notice or lapse of time or both would become such an Event of Default with respect to us shall have occurred and be continuing during the period through and including the 91st day after the date of the deposit into trust.

The applicable prospectus supplement may further describe the provisions, if any, permitting or restricting satisfaction and discharge, defeasance or covenant defeasance with respect to the debt securities of a particular series.

RESTRICTIONS ON OWNERSHIP AND TRANSFER

To assist us in qualifying as a REIT, our articles of incorporation, as amended, prohibit anyone from acquiring or holding, directly or constructively, ownership of a number of shares of any class of our capital stock in excess of 9.8% of the outstanding shares. For this purpose, the term ownership generally means either direct ownership or constructive ownership in accordance with the constructive ownership provisions of Section 544 of the Code, as modified in Section 856(h) of the Code.

The constructive ownership provisions of Section 544 of the Code generally attribute ownership of securities owned by a corporation, partnership, estate or trust proportionately to its stockholders, partners or beneficiaries; attribute ownership of securities owned by family members to other members of the same family; and set forth rules for attributing securities constructively owned by one person to another person. To determine whether a person holds or would hold capital stock in excess of the 9.8% ownership limit, a person will be treated as owning not only shares of capital stock actually owned, but also any shares of capital stock attributed to that person under the attribution rules described above. Accordingly, a person who individually owns less than 9.8% of the shares outstanding may nevertheless be in violation of the 9.8% ownership limit.

Any transfer of shares of capital stock that would cause us to be disqualified as a REIT or that would (a) create a direct or constructive ownership of shares of capital stock in excess of the 9.8% ownership limit, or (b) result in the shares of capital stock being beneficially owned (within the meaning of Section 856(a) of the Code) by fewer than 100 persons (determined without reference to any rules of attribution), or (c) result in us being closely held within the meaning of Section 856(h) of the Code, will be null and void, and the intended transferee (the purported transferee) will acquire no rights to those shares. These restrictions on transferability and ownership will not apply if our Board of Directors determines that it is no longer in our best interests to continue to qualify as a REIT.

Any purported transfer of shares of capital stock that would result in a purported transferee owning (directly or constructively) shares of capital stock in excess of the 9.8% ownership limit due to the unenforceability of the transfer restrictions described above will constitute excess securities. Excess securities will be transferred by operation of law to a trust that we will establish for the exclusive benefit of a charitable organization, until such time as the trustee of the trust retransfers the excess securities. The trustee will be a banking institution designated by us that is not affiliated with the purported transferee or us. While the excess securities are held in trust, the purported transferee will not be entitled to vote or to share in any dividends or other distributions with respect to the securities. Subject to the 9.8% ownership limit, excess securities may be transferred by the trust to any person (if such transfer would not result in excess securities) at a price not to exceed the price paid by the purported transferee (or, if no consideration was paid by the purported transferee, the fair market value of the excess securities on the date of the purported transfer), at which point the excess securities will automatically cease to be excess securities.

Upon a purported transfer of excess securities, the purported transferee shall cease to be entitled to distributions, voting rights and other benefits with respect to the shares of capital stock except the right to payment of the purchase price for the shares of capital stock on the retransfer of securities as provided above. Any dividend or distribution paid to a purported transferee on excess securities prior to our discovery that shares of capital stock have been transferred in violation of our articles of incorporation, as amended, shall be repaid to us upon demand. If these transfer restrictions are determined to be void, invalid or unenforceable by a court of competent jurisdiction, then the purported transferee of any excess securities may be deemed, at our option, to have acted as an agent on our behalf in acquiring the excess securities and to hold the excess securities on our behalf.

All certificates representing shares of capital stock will bear a legend referring to the restrictions described above.

Any person who acquires shares in violation of our articles of incorporation, as amended, or any person who is a purported transferee, such that excess securities results, must immediately give written notice or, in the event

Table of Contents

of a proposed or attempted transfer that would be void as set forth above, give at least 15 days prior written notice to us of such event and shall provide us such other information as we may request in order to determine the effect, if any, of the transfer on our qualification as a REIT. In addition, every record owner of 5.0% or more (during any period in which the number of record stockholders is 2,000 or more) or 1.0% or more (during any period in which the number of record stockholders is greater than 200 but less than 2,000) or 1/2% or more (during any period in which the number of record stockholders is 200 or less) of the number or value of our outstanding shares must send us an annual written notice by January 30 stating the name and address of the record owner and the number of shares held and describing how the shares are held. Further, each stockholder is required to disclose to us in writing information with respect to the direct and constructive ownership of shares as the Board of Directors deems reasonably necessary to comply with the REIT provisions of the Code, to comply with the requirements of any taxing authority or governmental agency or to determine any such compliance.

Our Board of Directors may increase or decrease the 9.8% ownership limit. In addition, to the extent consistent with the REIT provisions of the Code, our Board of Directors may, pursuant to our articles of incorporation, as amended, waive the 9.8% ownership limit for a purchaser of our stock. In connection with any such waiver, we may require that the stockholder requesting the waiver enter into an agreement with us providing that we may repurchase shares from the stockholder under certain circumstances to ensure compliance with the REIT provisions of the Code. The repurchase would be at fair market value as set forth in the agreement between us and the stockholder. The consideration received by the stockholder in the repurchase might be characterized as the receipt by the stockholder of a dividend from us, and any stockholder entering into an agreement with us should consult its tax advisor. At present, we do not intend to waive the 9.8% ownership limit for any purchaser.

The provisions described above may inhibit market activity and may delay, defer or prevent a change in control or other transaction and the resulting opportunity for the holders of our capital stock to receive a premium for their shares that might otherwise exist in the absence of such provisions. Such provisions also may make us an unsuitable investment vehicle for any person seeking to obtain ownership of more than 9.8% of the outstanding shares of our capital stock.

Table of Contents**CERTAIN PROVISIONS OF MARYLAND LAW AND OF OUR CHARTER AND BYLAWS**

We have summarized certain terms and provisions of our charter and bylaws and the Maryland General Corporation Law. This summary is not complete and is qualified by the provisions of our charter and bylaws and the Maryland General Corporation Law. See Where You Can Find More Information on Annaly. For restrictions on ownership and transfer of our capital stock contained in our charter, see Restrictions on Ownership and Transfer.

Classification of Board of Directors, Vacancies and Removal of Directors

We have a staggered Board of Directors that is divided into three classes, with terms of three years each. The number of directors in each class and the expiration of each class term are as follows:

Class I	3 Directors	Expires 2018
Class II	3 Directors	Expires 2016
Class III	3 Directors	Expires 2017

At each annual meeting of our stockholders, successors of the class of directors whose term expires at that meeting will be elected for a three-year term and the directors in the other two classes will continue in office. A classified Board of Directors may delay, defer or prevent a change in control or other transaction that might involve a premium over the then prevailing market price for our common stock or other attributes that our stockholders may consider desirable. In addition, a classified Board of Directors could prevent stockholders who do not agree with the policies of our Board of Directors from replacing a majority of the Board of Directors for two years, except in the event of removal for cause.

Our bylaws, as amended and restated, provide that any vacancy on our Board of Directors may be filled by a majority of the remaining directors. Any individual so elected director will hold office for the unexpired term of the director he or she is replacing. Our bylaws, as amended and restated, provide that a director may be removed at any time only for cause upon the affirmative vote of at least two-thirds of the votes entitled to be cast in the election of directors, but only by a vote taken at a stockholder meeting. These provisions preclude stockholders from removing incumbent directors, except for cause and upon a substantial affirmative vote, and filling the vacancies created by such removal with their own nominees.

Indemnification

Our articles of incorporation, as amended, obligate us to indemnify our directors and officers and to pay or reimburse expenses for them before the final disposition of a proceeding to the maximum extent permitted by Maryland law. The Corporations and Associations Article of the Annotated Code of Maryland (or the Maryland General Corporation Law) permits a corporation to indemnify its present and former directors and officers against judgments, penalties, fines, settlements and reasonable expenses actually incurred by them in connection with any proceeding to which they may be made a party by reason of their service in those or other capacities, unless it is established that (1) the act or omission of the director or officer was material to the matter giving rise to the proceeding and (a) was committed in bad faith, or (b) was the result of active and deliberate dishonesty; (2) the director or officer actually received an improper personal benefit in money, property or services; or (3) in the case of any criminal proceeding, the director or officer had reasonable cause to believe that the act or omission was unlawful.

Limitation of Liability

The Maryland General Corporation Law permits the charter of a Maryland corporation to include a provision limiting the liability of its directors and officers to the corporation and its stockholders for money damages, except to the extent that (1) it is proved that the person actually received an improper benefit or profit

Table of Contents

in money, property or services; or (2) a judgment or other final adjudication adverse to the person is entered in a proceeding based on a finding that the person's action, or failure to act, was the result of active and deliberate dishonesty and was material to the cause of action adjudicated in the proceeding. Our articles of incorporation, as amended, provide for elimination of the liability of our directors and officers to us or our stockholders for money damages to the maximum extent permitted by Maryland law from time to time.

Maryland Business Combination Act

The Maryland General Corporation Law establishes special requirements for business combinations between a Maryland corporation and interested stockholders unless exemptions are applicable. An interested stockholder is any person who beneficially owns 10% or more of the voting power of our then outstanding voting stock. Among other things, the law prohibits for a period of five years a merger and other similar transactions between us and an interested stockholder unless the Board of Directors approved the transaction prior to the party becoming an interested stockholder. The five-year period runs from the most recent date on which the interested stockholder became an interested stockholder. The law also requires a supermajority stockholder vote for such transactions after the end of the five-year period. This means that the transaction must be approved by at least:

80% of the votes entitled to be cast by holders of outstanding voting shares; and

two-thirds of the votes entitled to be cast by holders of outstanding voting shares other than shares held by the interested stockholder or an affiliate of the interested stockholder with whom the business combination is to be effected.

As permitted by the Maryland General Corporation Law, we have elected not to be governed by the Maryland business combination statute. We made this election by opting out of this statute in our articles of incorporation, as amended. If, however, we amend our articles of incorporation, as amended, to opt back in to the statute, the business combination statute could have the effect of discouraging offers to acquire us and of increasing the difficulty of consummating any such offers, even if our acquisition would be in our stockholders' best interests.

Maryland Control Share Acquisition Act

Maryland law provides that control shares of a Maryland corporation acquired in a control share acquisition have no voting rights except to the extent approved by a vote of the other stockholders. Two-thirds of the shares eligible to vote must vote in favor of granting the control shares voting rights. Control shares are shares of stock that, taken together with all other shares of stock the acquirer previously acquired, would entitle the acquirer to exercise voting power in electing directors within one of the following ranges of voting power:

one-tenth or more but less than one-third of all voting power;

one-third or more but less than a majority of all voting power; or

a majority or more of all voting power.

Control shares do not include shares of stock the acquiring person is entitled to vote as a result of having previously obtained stockholder approval. A control share acquisition means the acquisition of control shares, subject to certain exceptions.

If a person who has made (or proposes to make) a control share acquisition satisfies certain conditions (including agreeing to pay expenses), he may compel our Board of Directors to call a special meeting of stockholders to consider the voting rights of the shares. If such a person makes no request for a meeting, we have the option to present the question at any stockholders meeting.

Table of Contents

If voting rights are not approved at a meeting of stockholders, then, subject to certain conditions and limitations, we may redeem any or all of the control shares (except those for which voting rights have previously been approved) for fair value. We will determine the fair value of the shares, without regard to the absence of voting rights, as of the date of either:

the last control share acquisition; or

the meeting where stockholders considered and did not approve voting rights of the control shares.

If voting rights for control shares are approved at a stockholders meeting and the acquirer becomes entitled to vote a majority of the shares of stock entitled to vote, all other stockholders may obtain rights as objecting stockholders and, thereunder, exercise appraisal rights. This means that you would be able to force us to redeem your stock for fair value. Under Maryland law, the fair value may not be less than the highest price per share paid in the control share acquisition. Furthermore, certain limitations otherwise applicable to the exercise of dissenters rights would not apply in the context of a control share acquisition. The control share acquisition statute would not apply to shares acquired in a merger, consolidation or share exchange if we were a party to the transaction. The control share acquisition statute could have the effect of discouraging offers to acquire us and of increasing the difficulty of consummating any such offers, even if our acquisition would be in our stockholders best interests.

The statements in this section and the opinion of K&L Gates LLP are based on current U.S. federal income tax laws. U.S. Federal Income Tax Considerations Relating to Our Treatment as a REIT

We have elected to be taxed as a REIT under Sections 856 through 860 of the Code commencing with our short taxable year ending on December 31, 1997. We believe that we were organized and have operated and will continue to operate in such a manner as to qualify for taxation as a REIT under the U.S. federal income tax laws, but no assurances can be given that we will operate in a manner so as to qualify or remain qualified as a REIT. This section discusses the laws governing the U.S. federal income tax treatment of a REIT and the owners of REIT stock. These laws are highly technical and complex.

In the opinion of K&L Gates LLP, our counsel, we have qualified to be taxed as a REIT beginning with our taxable year ended on December 31, 1997, and our organization and current and proposed method of operation will enable us to continue to meet the requirements for qualification and taxation as a REIT. Investors should be aware that K&L Gates LLP's opinion is based upon customary assumptions, is conditioned upon certain representations made by us as to factual matters, including representations regarding the nature of our assets and the conduct of our business, and is not binding upon the IRS or any court.

In addition, K&L Gates LLP's opinion is based on existing U.S. federal income tax law governing qualification as a REIT, which is subject to change either prospectively or retroactively. Moreover, our qualification and taxation as a REIT depend upon our ability to meet on a continuing basis, through actual annual operating results, certain qualification tests set forth in the U.S. federal income tax laws. Those qualification tests involve the percentage of income that we earn from specified sources, the percentage of our assets that falls within specified categories, the diversity of our stock ownership, and the percentage of our earnings that we distribute. K&L Gates LLP will not review our compliance with those tests on a continuing basis. Accordingly, no assurance can be given that our actual results of operations for any particular taxable year will satisfy such requirements. For a discussion of the tax

consequences of our failure to qualify as a REIT, see Failure to Qualify.

If we qualify as a REIT, we generally will not be subject to U.S. federal income tax on our taxable income that we currently distribute to our stockholders, but taxable income generated by our domestic TRSs will be subject to regular federal (and applicable state and local) corporate income tax. However, we will be subject to federal tax in the following circumstances:

We will pay U.S. federal income tax on our taxable income, including net capital gain, that we do not distribute to stockholders during, or within a specified time period after, the calendar year in which the income is earned.

We may be subject to the alternative minimum tax.

We will pay U.S. federal income tax at the highest corporate rate on:

net income from the sale or other disposition of property acquired through foreclosure, which we refer to as foreclosure property, that we hold primarily for sale to customers in the ordinary course of business, and

other non-qualifying income from foreclosure property.

We will pay a 100% tax on net income earned from sales or other dispositions of property, other than foreclosure property, that we hold primarily for sale to customers in the ordinary course of business.

If we fail to satisfy the 75% gross income test or the 95% gross income test, as described below under Gross Income Tests, but nonetheless continue to qualify as a REIT because we meet other requirements, we will be subject to a 100% tax on:

the greater of the amount by which we fail the 75% gross income test or the 95% gross income test, multiplied, in either case, by

a fraction intended to reflect our profitability.

If we fail to satisfy the asset tests by more than a de minimis amount, as described below under Asset Tests, as long as the failure was due to reasonable cause and not to willful neglect, we dispose of the assets or otherwise comply with such asset tests within six months after the last day of the quarter in which we identify such failure and we file a schedule with the IRS describing the assets that caused such failure, we will pay a tax equal to the greater of \$50,000 or the highest federal income tax rate applicable to U.S. corporations (currently 35%) of the net income from the non-qualifying assets during the period in which we

failed to satisfy such asset tests.

If we fail to satisfy one or more requirements for REIT qualification, other than the gross income tests and the asset tests, and such failure was due to reasonable cause and not due to willful neglect, we will be required to pay a penalty of \$50,000 for each such failure.

We may be required to pay monetary penalties to the IRS in certain circumstances, including if we fail to meet recordkeeping requirements intended to monitor our compliance with rules relating to the composition of a REIT's stockholders, as described below in Requirements for Qualification.

If we fail to distribute during a calendar year at least the sum of: (i) 85% of our REIT ordinary income for the year, (ii) 95% of our REIT capital gain net income for the year and (iii) any undistributed taxable income from earlier periods, we will pay a 4% nondeductible excise tax on the excess of the required distribution over the sum of the amount we actually distributed and any retained amounts on which income tax has been paid at the corporate level.
