Item 1.01 Entry into a Material Definitive Agreement.

Equity Financing

Effective March 31, 2019, Endologix, Inc. (the **Company**) entered into a Purchase Agreement (the **Purchase Agreement**) with select institutional investors and certain other parties (**Investors**), whereby the Company agreed to issue and sell to the Investors, and the Investors agreed to purchase, an aggregate of 7,889,552 shares (the **Equity Shares**) of the Company's common stock (the **Common Stock**) at a price per share of \$6.61 (the **Equity Offering Price**), for an aggregate cash purchase price of approximately \$52.15 million (the **Financing**). For any Investor whose purchase of the Equity Shares would result in its beneficially owning in excess of 19.99% of the shares (the excess shares, the **Blocked Shares**) of the Common Stock outstanding immediately after giving effect to the issuance, in lieu of issuing the Blocked Shares which such Investor would have received, the Company will issue to such Investor a pre-paid warrant to purchase shares of Common Stock equal to the number of Blocked Shares that would have been received (the **Pre-Paid Warrants**) for the Equity Offering Price per share. Each Pre-Paid Warrant will be exercisable upon issuance, provided that such exercise does not result in the issuance of Blocked Shares, and will expire ten years from the date of issuance. The Company currently expects the conditions to closing contemplated by the Purchase Agreement to be satisfied, and the closing contemplated thereunder, to take place on April 3, 2019.

The description of the terms and conditions of the Purchase Agreement and the rights and obligations of the Company and the Investors in connection therewith are qualified by reference in their entirety to the definitive terms and conditions of the Purchase Agreement, the form of which is attached hereto as Exhibit 10.1 hereto and incorporated herein by reference.

The Purchase Agreement is being filed in order to provide investors and the Company's stockholders with information regarding its terms and in accordance with applicable rules and regulations of the Securities and Exchange Commission (the **Commission**). Pursuant to the Purchase Agreement, each of the Company and the Investors made customary representations, warranties and covenants and agreed to indemnify each other for certain losses arising out of breaches of such representations, warranties, covenants and other specified matters. The representations, warranties and covenants were made by the parties to and solely for the benefit of each other and any expressly intended third party beneficiaries in the context of all of the terms and conditions of the Purchase Agreement and in the context of the specific relationship between the parties. Accordingly, investors and stockholders should not rely on the representations, warranties and covenants. Furthermore, investors and stockholders should not rely on the representations, warranties and covenants as characterizations of the actual state of facts or continuing intentions of the parties, since they were only made as of the date of the Purchase Agreement. Information concerning the subject matter of such representations, warranties and covenants may change after the date of the Purchase agreement, which subsequent information may or may not be fully reflected in the Company's reports or other filings with the Commission.

The Financing is being made pursuant to the registration statement on Form S-3, declared effective by the Commission on August 3, 2018 (Registration No. 333-225320), a base prospectus dated August 3, 2018 and a prospectus supplement to be filed prior to closing. A copy of the opinion of DLA Piper LLP (US) relating to the legality of the shares of common stock to be issued in the Financing is attached as Exhibit 5.1 to this Current Report on Form 8-K.

The foregoing descriptions of the terms of the Purchase Agreement and the Pre-Paid Warrant are qualified in their entirety by reference to the text of such documents, copies of which are filed as Exhibits 10.1 and 4.1 to this Current Report on Form 8-K.

Convertible Note Exchange

On March 31, 2019, the Company and two investors holding \$73.355 million of the principal amount of the Company's 3.25% Convertible Senior Notes due 2020 (the **Holders**) entered into an Exchange Agreement (the **Exchange Agreement**) providing for the exchange of the Holders' existing notes (the **Existing Notes**) for new 5.00% Voluntary Convertible Senior Notes due 2024 (the **New Voluntary Notes**) and new 5.00% Mandatory Convertible Senior Notes due 2024 (the **New Mandatory Notes**), and together with the New Voluntary Notes, the **New Notes**). The exchanging Holders will receive \$900 principal amount of New Notes for every \$1000 principal amount of Existing Notes plus accrued interest exchanged pursuant to the Exchange Agreement (the **Exchange**). The Company will issue \$25.0 million of principal amount of the New Mandatory Notes and \$42.02 million of principal amount of the New Voluntary Notes to the Holders. The New Notes are being issued in a transaction exempt from the registration requirements of the Securities Act of 1933, as amended (the **Securities Act**) by virtue of Section 4(a)(2) of the Securities Act. The Company currently expects the conditions to closing contemplated by the Exchange Agreement to be satisfied, and the closing contemplated thereunder to take place, on April 3, 2019.

The New Voluntary Notes and New Mandatory Notes will be governed by separate Indentures (respectively, the **New Voluntary Notes Indenture** and **New Mandatory Notes Indenture**, and collectively, the **Indentures**), each dated as of the closing of the Exchange (the **Closing Date**), by and between the Company and Wilmington Trust, National Association, as trustee (the **Trustee**). The New Notes will accrue interest at a rate of 5.00% per year, payable semi-annually in arrears on April 1 and October 1 of each year, commencing October 1, 2019. The New Notes will mature on the anniversary of the Closing Date in 2024, unless earlier purchased, redeemed or converted in accordance with the terms of the Indenture. The Indentures governing the New Notes will contain customary terms and covenants and events of default.

The New Voluntary Notes will be convertible at the option of each Holder into shares of common stock at any time on or after July 1, 2020, but prior to the close of business on the business day immediately preceding January 1, 2024, provided that, except if the Company undergoes a fundamental change (as defined in the New Voluntary Notes Indenture) and for certain other customary circumstances of conversion, each Holder may not convert more than 30% the initial aggregate principal amount of his or her outstanding New Voluntary Notes per calendar quarter (a **Voluntary Conversion**). Thereafter, until the close of business on the business day immediately preceding the maturity date, the New Voluntary Notes will be convertible at the option of the holder at any time regardless of the conditions described in this paragraph. The initial conversion rate of the New Voluntary Notes in a Voluntary Conversion is 0.12103 shares of the Company's common stock per \$1.00 principal amount of the New Notes, which is equivalent to an initial conversion price per share equal to 125% of the Equity Offering Price (the **Voluntary Conversion Price**). The conversion rate is subject to adjustment upon the occurrence of certain specified events. Except if the Company undergoes a fundamental change (as defined in the New Voluntary Notes Indenture) and for certain other customary circumstances of conversion, in no event prior to the close of business on the business day immediately preceding January 1, 2024 may the New Voluntary Notes be converted in a calendar quarter unless the closing sale price of the Company's common stock for at least twenty (20) trading days during the period of thirty (30) consecutive trading days ending on the last trading day of the immediately preceding calendar quarter is greater than or equal to 110% of the Equity Offering (subject to adjustment upon the occurrence of certain specified events) (the **Voluntary Conversion Threshold**).

The New Mandatory Notes provide for the mandatory conversion (a **Mandatory Conversion**) of \$1,666,666 of the aggregate principal amount each calendar month for fifteen (15) consecutive months beginning on the calendar month beginning with May 1, 2019, if and only if at the end of the prior calendar month the trailing average volume weighted average price (**VWAP**) of the last five (5) trading days of the prior calendar month is greater than 100% of the Equity Offering Price (the **Mandatory Conversion Trigger**). In the event of a Mandatory Conversion, \$1,666,666 of the New Mandatory Notes would mandatorily convert at a conversion rate of 0.15129 shares of the Company's common stock per \$1.00 principal amount of the New Notes, which is equivalent to a price per share equal to the Equity Offering Price. The New Mandatory Notes will be convertible at the option of each Holder into shares of common stock at the Voluntary Conversion Price at any time prior to the close of business on the business day immediately preceding January 1, 2024, provided that, except if the Company undergoes a fundamental change (as defined in the New Mandatory Notes Indenture) and for certain other customary circumstances of conversion, each Holder may not convert more than 30% of the initial aggregate principal amount of his or her outstanding New Mandatory Note per calendar quarter, and provided further, that (i) voluntary conversions may be effected only if the Voluntary Conversion Threshold has been achieved and (ii) a voluntary conversion may not take place in the same calendar quarter as a Mandatory Conversion. Thereafter, until the close of business on the business day immediately preceding the maturity date, the New Mandatory Notes will be convertible at the option of the holder at any time regardless of the conditions described in this paragraph.

The Indentures will provide that in no event may a Holder convert, whether in a Voluntarily Conversion or a Mandatory Conversion or otherwise, into shares of common stock if such conversion would result in the Holder beneficially owning more than 9.5% of the Company's outstanding common stock. The foregoing descriptions of the terms of the Exchange Agreement, the Indentures and the New Notes are qualified in their entirety by reference to the

text of such documents, copies of which are filed as Exhibits 10.2, 4.5, 4.6, 4.7 and 4.8 to this Current Report on Form 8-K.

Second Amendment to Facility Agreement

On March 31, 2019, the Company entered into a Second Amendment to Amended and Restated Facility Agreement and First Amendment to Amended and Restated Guaranty and Security Agreement (the **Facility Amendment**) with Deerfield Private Design Fund IV, L.P. and certain of its related funds and affiliates (collectively, **Deerfield**), dated August 9, 2018, as amended by that certain First Amendment to Amended and Restated Facility Agreement, dated November 20, 2018 (as so amended, the **Facility Agreement**). The Facility Amendment provides for, among other things, the reduction in the global excess liquidity covenant from \$22.5 million to \$17.5 million and the reduction of the minimum net revenue financial covenants. In addition, the percentage of the \$120.0 million of first out waterfall loans (the **First Out Waterfall Loans**) due on April 2, 2021 decreased from 33.33% to 16.67% of the First Out Waterfall Loans outstanding on such date, while the percentage of the remainder of the First Out Water Fall Loans due on April 2, 2022 remained at 50% of the First Out Waterfall Loans outstanding on such date.

The Facility Agreement provides for the exchange of the existing notes representing the First Out Waterfall Loans for amended notes (the **First Out Waterfall Notes**) that provide that in the event that, in any calendar month beginning April 1, 2019 and ending June 30, 2020 (the **Mandatory Conversion Period**), if (A)(i) the arithmetic mean of the volume weighted average prices of the Company's common stock (the **VWAP**) on the five (5) consecutive trading days ending on the 15th calendar day (or, if not a trading day, the first trading day thereafter) (the **Mandatory Conversion Measurement Date**) and (ii) the closing price for the Company's common stock on the Mandatory Conversion Measurement Date, both exceed \$6.625 (as may be adjusted to reflect certain events) (the **Fixed Conversion Price**) and (B)(i) the VWAP on the five (5) consecutive trading days ending on (and including) the third (3rd) trading day immediately prior to the Mandatory Conversion Measurement Date (the **Initial Mandatory Conversion Measurement Date**) and (ii) the closing price for the Company's common stock on the Initial Mandatory Conversion Measurement Date both exceed the Fixed Conversion Price, Deerfield shall be obligated to convert \$1,666,666 of the principal amount of the loan into shares of common stock at the Fixed Conversion Price, up to a maximum aggregate amount of \$25.0 million over the Mandatory Conversion Period.

Deerfield also has the option to convert up to an additional \$50.0 million of the Company's outstanding debt (the **Voluntary Conversion Amount**) at the greater of the Fixed Conversion Price and 85% of the arithmetic average of the volume weighted average price of the Company's common stock on each of the fifteen (15) consecutive trading days prior to the conversion date (the **15 Day VWAP**). The Company has the option to require conversion of the Voluntary Conversion Amount (less the amount of prior voluntary conversions) if the Company's 15 Day VWAP is greater than 175% of the Fixed Conversion Price. The First Amendment Waterfall Notes also provide that in no event may Deerfield convert, whether voluntarily or mandatorily, into shares of common stock if such conversion would result in Deerfield beneficially owning more than 4.985% of the Company's outstanding common stock. The First Out Waterfall Notes also revises Deerfield's existing right to convert a portion of the outstanding principal amount of the first-out waterfall loan into a maximum of 1,430,000 shares of the Company's common stock from the current conversion price of 96% of the arithmetic average of the volume weighted average price of the Company's common stock on each of the three (3) consecutive trading days prior to the conversion date (the **96% VWAP Price**) to the greater of (i) \$6.625 (subject to certain adjustments) or (ii) the 96% VWAP Price.

Further, the Facility Amendment also provides, upon the effectiveness, for an increase of \$5,000,000 in the amounts payable to the holders of the First Out Waterfall Notes as a fee upon termination (or reduction, or required reduction, of the outstanding amounts under the First Out Waterfall Notes to less than \$10,000,000) under the Facility Agreement and to reimburse Deerfield for all expenses incurred by Deerfield in connection with the negotiation and documentation of the Facility Amendment. Also, the existing right of the Company to satisfy interest payments on the First Out Waterfall Loans with up to 250,000 shares of its common stock has been removed.

The Facility Amendment is conditioned upon completion of the Financing with gross proceeds to the Company of at least \$40.0 million and the closing of the transactions contemplated by the Exchange Agreement, amongst other conditions.

In connection with entry into the Facility Amendment, the Company is amending warrants (the **Warrant Amendment**) to purchase 647,001 shares of common stock previously issued to Deerfield pursuant to the Company's prior facility agreement with Deerfield dated, April 3, 2017 (as amended, the **2017 Warrants**) and warrants to purchase 875,001 shares of common stock previously issued to Deerfield pursuant to the Facility Agreement (as amended, the **2018 Warrants** and, together with the 2017 Warrants, the **Warrants**) in order to reduce the exercise price of the Warrants to the Equity Offering Price.
