The board of directors of the Company has set the meeting date in fiscal year 2010 pursuant to its authority set forth in Section 14A:5-2 of the Business Corporation Law of the State of New Jersey. It is the intent of the Company to use its best efforts to hold its next annual meeting for the fiscal year ended June 30, 2009 no later than June of 2010.

The approximate date on which this Proxy Statement and the accompanying Proxy Card are first being sent or given to shareholders is January 22, 2010

VOTING

General

The securities that may be voted at the Annual Meeting consist of our common stock, with each share entitling its owner to one vote on each matter submitted to the shareholders. The record date for determining the holders of our shares who are entitled to notice of and to vote at the Annual Meeting is January 15, 2010. On the record date _____ shares were outstanding and eligible to be voted at the Annual Meeting.

Quorum and Vote Required

The presence, in person or by proxy, of a majority of the outstanding shares of our shares is necessary to constitute a quorum at the Annual Meeting. Abstentions and broker non-votes shall be counted for purposes of determining a quorum, but not have the effect of votes for or against any proposal. Therefore, abstentions and broker non-votes will not affect the outcome of such matter. At a meeting where a quorum is present, with respect to Proposal I for the election of directors, nominees who receive a plurality of the votes cast will be elected to serve until the next Annual Meeting of Shareholders, and with respect to Proposal II for the ratification of appointment of Independent Accountants for the Company, the affirmative vote of a majority of the shares represented at the Annual Meeting will be required to approve such proposal and broker non-votes will be counted as an vote in the affirmative. With respect to Proposal III for the amendment of the Company's certificate of incorporation to authorize an additional 2 billion shares of common stock for a total number of 3 billion authorized shares of common stock, the affirmative vote of a majority of the shares of the Company represented at the meeting or by proxy is required for approval.

Brokers holding shares of record for customers generally are not entitled to vote on certain matters unless they receive voting instructions from their customers. Broker non-votes means the votes that could have been cast on the matter in question if the brokers had received their customers' instructions, and as to which the broker has notified us on a Proxy form in accordance with industry practice or has otherwise advised us that it lacks voting authority. If no direction is made this Proxy will be considered a non vote on the election of nominees for the Directors of the Company.

Voting by Proxy

Shares represented by properly executed proxies received at or before the Annual Meeting that have not been revoked will be voted at the Annual Meeting in accordance with the instructions contained therein. Shares represented by properly executed proxies for which no instruction is given will be voted FOR approval of the proposals described in this Proxy Statement. If any other matters properly come before the Annual Meeting, the persons named as proxies will vote upon such matters according to their judgment. Our shareholders are requested to complete, sign, date and promptly return the enclosed Proxy Card in the postage-prepaid envelope provided for this purpose to ensure that their shares are voted. A shareholder may revoke a proxy at any time before it is voted by signing and returning a later-dated proxy with respect to the same shares, by filing with our corporate secretary, a written revocation bearing a later date or by attending and voting in person at the Annual Meeting. Mere attendance at the Annual Meeting will not in and of itself revoke a proxy.

If the Annual Meeting is postponed or adjourned for any reason, at any subsequent reconvening of the Annual Meeting, all proxies (except for any proxies that have theretofore effectively been revoked or withdrawn) will be voted in the same manner as such proxies would have been voted at the original convening of the Annual Meeting, notwithstanding that such proxies may have been effectively voted on the same or any other matter at a previous meeting.

Prior to joining Steven Institute of Technology Dr. Lawrence was Vice President, Advanced Communications Technology, Bell Laboratories, Lucent Technologies. He led the development of technologies that go into the most innovative, reliable, and cost-effective communications networks for the leading telecommunications service providers. He has supported Lucent's businesses with a staff of about 500 leading technologists and a budget of about \$100M. Major projects included gigabit, photonic, and wireless networking developments and services. He was responsible for a team of engineers that worked on performance analysis, simulations and development of broadband access and backbone networks for many national and international service providers. All of Lucent's R&D organizations relied on his high-technology support of computer-aided hardware design, physical and thermal design, systems compliance testing and certification, and design for high performance network control, signaling, and management. Earlier, he was Director, Advanced Multimedia Communications at Bell Labs, where he was responsible for systems engineering, exploratory development of multimedia signal processing, transmission, and

switching, including speech and audio coding, modems, broadband transmission, ATM switching and protocols, and wireless communication and signal processing. He held a variety of leadership positions in data communications research, digital techniques, and information systems. His application of digital signal processing to data communications in the late 1980s and early 1990s led to many significant advances in high-speed transmission over copper lines (e.g., voice band modems and DSL), which helped create a global industry that leverages the public switched telephone network. He led the development of high-speed modem/fax chip sets that are used in data terminals, computers, and voice terminals for secure communications worldwide. His work on high-speed transceivers for local loop and for premises applications led to the development of a variety of DSL technologies, many of which are deployed today for broadband services.

Dr. Lawrence is a member of the National Academy of Engineering and a Fellow of both the Institute of Electrical and Electronics Engineers (IEEE) and AT&T Bell Labs. For his scientific achievements, Dr. Lawrence has received numerous awards, including the 2004 IEEE Award in International Communication and a 1997 Emmy Award for the HDTV Grand Alliance Standard. He served as the Chairman, IEEE Awards Board in 1994-1995, was Editor-In-Chief, IEEE Transactions on Communications from 1987 to 1991, and a member of the Board of Governors of the IEEE Communications Society from 1990 to 1992. He was also Special Rapporteur on Coding (1982-1984) and on Transmission Impairments (1984) for CCITT (now ITU). Dr. Lawrence has been a key proponent of R&D globalization and is championing the effort to bring fiber optic connectivity to Africa. Over the past several years at Bell Labs, he managed a worldwide R&D organization, with branches in Beijing and Shanghai in China and in Hilversum and Twente in the Netherlands, as well as four states in the US. Before joining Bell Labs in 1974, he taught at Kumasi University of Science and Technology in Ghana, and was employed as a research engineer at the General Electric Company in the UK. Dr. Lawrence is the co-author of five books : *Introduction to Digital Filters*, *Tutorials on Modem Communications*, *Intelligent Broadband Multimedia Networks*, *Design and Engineering of Intelligent Communications Systems*, and *The Art of Scientific Innovation*. He holds over 20 U.S. and international patents and has over 45 papers in referenced journals and conference proceedings, covering digital signal processing and data communications. Dr. Lawrence has taught Signal Processing and Data Networking courses at the University of Pennsylvania, Rutgers University, Princeton University, Columbia University, and Fairleigh Dickinson University, and delivered the Chancellor's Distinguished Lecture Series at the University of California at Berkeley in 1986. He has also taught Technology Management and Technology Incubation courses at Bell Labs to new engineers.

Since 1996, Dr. Lawrence has taught a short-course each year at the US Industrial College of the Armed Forces.

From 1997-2001, Dr. Lawrence and his staff supported Senator Frist and the US Sub-Committee on Science and Technology.

On October 19, 2007, in connection with the settlement and dismissal of a civil law suit originally filed on November 16, 2005 by the Securities and Exchange Commission in the Federal District Court in the District of Connecticut, the SEC issued a Cease and Desist Order and certain remedial sanctions against two officers of mPhase Technologies, Inc. The Civil suit by the SEC named as respondents Mr. Durando, Mr. Dotoli and others in connection with their activities as officers and directors of Packetport.com. The cease and desist order from the SEC found that (1) Mr. Durando had violated Section 5 of the Securities Act of 1933, as amended, by making unregistered sales of common stock of Packetport.com.(2) Mr. Durando and Mr. Dotoli had violated Section 16(a) of the Securities Exchange Act of 1934, as amended, and Rule 16(a) thereunder by failing to timely disclose the acquisition of their holdings on Form 3 s and (3) Mr. Durando had violated Section 13(d) of the Securities Exchange Act of 1934, as amended, for failing to disclose the acquisition of more than five percent of the stock of Packetport.com. Under the order Mr. Durando was required to disgorge \$150,000 and Mr. Dotoli was required to disgorge \$100,000. The Company was not named as a party to the civil suit. More information regarding the detailed terms of the settlement can be found in SEC release No 8858 dated October 18, 2007 promulgated under the Securities Act of 1933 and SEC Release No. 56672 dated October 18,2007 promulgated pursuant to the Securities Exchange Act of 1934.

The members of the Compensation Committee during fiscal 2008 were Messrs. Dotoli, Biderman and Guerino. Mr. Dotoli is our Chief Operating Officer. Neither Messrs. Biderman nor Guerino has been one of our officers or

employees. None of our directors or executive officers served as a member of the compensation committee (or other board committee performing equivalent functions or, in the absence of such committee, the entire Board of Directors) of another entity during fiscal 2008 that has a director or executive officer serving on our Board of Directors except that Mr. Dotoli was also a member of the Board of Directors of PacketPort.com, Inc., a company in which Mr. Durando served as Chief Executive Officer until the Company merged with Wyndstorm Corporation, at which time Mr. Dotoli and Mr. Durando resigned from their respective positions.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees our financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process, including the systems of internal controls. In fulfilling our oversight responsibilities, we will with our independent accountants who are responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, their judgments as to the quality, not just the acceptability, of our accounting principles and such other matters as are required to be discussed with the committee under generally accepted auditing standards. We also have discussed with the independent accountants their independence from management, including the matters in the written disclosures from the independent accountants required by the Independence Standards Board. We further considered whether the provision by the independent accountants of the non-audit services described elsewhere in this Proxy statement is compatible with maintaining their independence. Finally, we recommended, and the Board of Directors approved, the selection Rosenberg, Rich, Baker, Berman & Company as our independent accountants for the fiscal year 2009 commencing July 1, 2008 and ending June 30, 2009.

We have also discussed with our internal auditors and independent accountants the overall scope and plans for their respective audits. We meet with the internal auditors and independent accountants, with and without management present, to discuss the results of their examinations, their evaluations of our internal controls, and the overall quality of financial reporting.

PROPOSAL III

APPROVAL OF AN AMENDMENT TO THE COMPANY S AMENDED CERTIFICATE OF INCORPORATION

The Board of Directors has approved, and is recommending to the stockholders for approval at the Annual Meeting, an amendment to our Amended Certificate of Incorporation to increase the number of authorized shares of common stock from 2,000,000,000 to 3,000,000,000 shares. The Board of Directors determined that this amendment is advisable and should be considered at the Annual Meeting.

Purpose and Effect of the Amendment to Authorize Additional Shares of Common Stock

PROPOSAL TO AMEND THE COMPANY'S AMENDED CERTIFICATE OF INCORPORATION TO INCREASE THE AUTHORIZED COMMON STOCK FROM 2,000,000,000 SHARES TO 3,000,000,000 SHARES

Background

The Company's Amended Certificate of Incorporation, as currently in effect, provides that the Company's authorized capital stock consists of 2,000,000,000 shares of common stock, \$.01 par value per share. Effective as of April 25, 2009, the Company's Board of Directors unanimously approved an amendment to Article 4 of the Company's Amended Certificate of Incorporation to increase the number of authorized shares of common stock from 2,000,000,000 shares to 3,000,000,000 shares. In accordance with New Jersey law, the proposed amendment to the Amended Certificate of Incorporation is subject to shareholder approval.

In the event that shareholder approval of the proposed amendment is obtained, the Company expects to file a Certificate of Amendment to the Amended Certificate of Incorporation with the New Jersey Secretary of State on or about the close of business on the date of the Annual Meeting.

As of November 30, 2009, out of the 2,000,000,000 shares of common stock currently authorized for issuance under the Amended Certificate of Incorporation, a total of 1,032,615 shares were issued and outstanding and 714,203,309 shares were reserved for issuance upon exercise of the Company's stock options, warrants and other convertible securities. An increase in the number of shares of common stock authorized for issuance under the Company's Amended Certificate of Incorporation is necessary to permit the Company to have additional shares available for issuance in furtherance of the Company's business purposes, as more fully set forth below under "Reasons For and Effects Of the Proposal."

Reasons for and Effects of the Proposal

Due to the limited number of shares of common stock available to be issued, the Board of Directors has unanimously approved, and voted to recommend that the shareholders approve, an amendment to the Company's Amended Certificate of Incorporation pursuant to which the number of shares of common stock which the Company would be authorized to issue would be increased from 2,000,000,000 shares to 3,000,000,000 shares.

The Board of Directors believes that an increase in authorized common stock would provide the Company with increased flexibility to issue and/or sell common stock from time to time at the discretion of the Board of Directors, and without further authorization by the shareholders, for one or more of the following business purposes: (i) in public or private offerings as a means of obtaining additional capital for the Company's business; (ii) as part or all of the consideration required to be paid for the acquisition of ongoing businesses or other assets; (iii) to satisfy any current or future financial obligations of the Company; (iv) in connection with the exercise of options, warrants or rights, or the conversion of convertible securities that may be issued by the Company; or (v) pursuant to any benefit, option or stock ownership plan or employment agreement. The Company anticipates to receive approximately \$400,000 per month during the next 15 months through the conversion of convertible debentures that is essential capital to maintain ongoing operations until sales revenues of its new emergency flashlight product materialize. In addition, the Company will need to raise an additional \$5-10 million for product expansion and marketing and distribution during the next 12 months. Since the Company uses its stock as its main source of currency to sustain operations and fund further product development and commercialization, management believes that the additional number of authorized shares will enable it to accelerate development of the Company into an enterprise with significant revenue in the future.

The proposed increase in the number of authorized shares of common stock will not change the number of shares of common stock outstanding or the rights of the holders of such stock. Other than issuing new shares of common stock upon the exercise of options, warrants,

Edgar Filing: MPHASE TECHNOLOGIES INC - Form PRER14A

Convertible Debentures and Convertible Notes, the Company has no immediate plans to issue additional common stock out of the additional authorized shares. However, the Company does anticipate that it will need to raise additional equity capital in the near future through the issuance of common stock or securities convertible into or otherwise grant the holder the right to purchase common stock. The records of the Company's transfer agent indicated that as of November 30, 2009, the Company has 1,037,332,615 shares of common stock outstanding plus warrants at prices ranging from \$.05 to \$.35 per share convertible into 138,900,788 shares of common stock and options ranging from \$.05 per share to \$.30 per share convertible into 145,293,000 shares of common stock. Warrants convertible into 2,409,000 shares of common stock expired from July 1, 2009 through November 30, 2009. All warrants and options have fixed strike prices and none allow for cashless exercise.

As of November 30, 2009, the Company's Convertible Debentures are immediately convertible into 53,095,238 shares of common stock at a price discounted from the market price of \$.021 per share for \$836,875 of funding already received by the Company and 376,914,283 shares of common stock through November 17, 2012 provided that the Company receives funding of \$5,678,458 under these agreements. The shares that would be issued under the Convertible Debentures would increase in cases where the price of the Company's common stock decreased. The Company may experience requests for conversions exceeding the total shares it has available over the life of the Convertible Debt and Note agreements should its stock price decrease; in such case the Company believes it would not have a greater liability than that recorded on its Financial Statements for Convertible Notes Payable and the corresponding Derivative Liability. The Company also has outstanding officer notes for amounts owed that have limited conversion features effective from April of 2009 through April of 2014, provided such shares are available, that could be convertible into approximately 195,000,000 shares of common stock.

The following table illustrates the shares issuable at a range of prices from \$.01, \$.02 (the actual price as of November 30, 2009) and \$.03 for obligations the Company has outstanding as of November 30, 2009.

A detailed discussion of common stock, option, warrants and convertible debentures is set forth in Note 8 entitled "Stockholders Equity" and Note 13 entitled "Subsequent Events" and further discussion of the officer's loans and the limited conversion feature is set forth in Note 9 entitled "Related Party Transactions" included in the Company's proposed Form 10K/A that will be filed by the Company prior to the filing of our Definitive Proxy. The terms of the relevant Convertible Debentures may be found in our respective Form 8K filings of September 18, 2008, January 21, 2009 and August 21, 2009.

The Company has set forth on Page 9 of this Proxy the Beneficial Ownership of Related Parties as of June 30, 2009.

In private placements that occurred during the fiscal year ended June 30, 2008 and the fiscal year ended June 30, 2009 and continuing through the quarter ended September 30, 2009, the Company has, as indicated in its Form 10K and Form 10Q filings, the issuance of reparation shares during such period to induce prior investors from earlier offerings to invest in additional shares of common stock of the Company. The Company also issued 1,700,000 reparation shares in November 2009 relating to the same private placements. The Company had no contractual or legal obligation to issue such shares for reparations and determined the issuance of each on a case by case basis as negotiated with its investor. As of the date hereof, there are no current agreements for the issuance of any additional reparation shares. The Company is unable to predict whether conditions in the financial markets in the future may require it to issue additional reparation shares in order to attract monies in future private placements of its common stock.

The following tables summarize details of reparation expense for the last two fiscal years as follows:

Any issuance of additional shares of common stock could reduce the current shareholders' proportionate interests in the Company, depending on the number of shares issued and the purpose, terms and conditions of the issuance. Moreover, the issuance of additional shares of common stock could discourage attempts to acquire control of the Company by tender offer or other means. In such a case, shareholders might be deprived of benefits that could result from such an attempt, such as realization of a premium over the market price of their shares in a tender offer or the temporary increase in market price that could result from such an attempt. Also, the issuance of stock to persons supportive of the Board of Directors could make it more difficult to remove incumbent management and directors from office. Although the Board of Directors intends to issue common stock only when it considers such issuance to be in the best interest of the Company, the issuance of additional shares of common stock may have, among others, a dilutive effect on earnings per share of common stock and on the equity and voting rights of holders of shares of common stock. The Board of Directors believes, however, that the benefits of providing the flexibility to issue shares without delay for any business purpose outweigh any such possible disadvantages.

Ownership of shares of common stock entitles each shareholder to one vote per share of common stock. Holders of shares of common stock do not have preemptive rights to subscribe to additional securities that may be issued by the Company, which means that current shareholders do not have a prior right to purchase any new issue of capital stock of the Company in order to maintain their proportionate ownership. Shareholders wishing to maintain their interest, however, may be able to do so through normal market purchases.

The increase in the authorized common stock will be implemented by effecting an amendment to the Company's Amended Certificate of Incorporation, replacing the current Article 4 with a new Article 4 that states as follows:

The aggregate number of shares of common stock which the Corporation shall have authority to issue is 3,000,000,000 shares, par value \$.01 per share

Assuming the increase in authorized common stock is approved by the shareholders at the Annual Meeting, an amendment to the Company's Amended Certificate of Incorporation will be filed with the Secretary of State of the State of New Jersey, and the increase in authorized common stock will become effective as of 5:00 p.m. Eastern time on the date of such filing. The Company expects that such filing will take place on or shortly after the date the Annual Meeting is held. The increase in authorized common stock may be abandoned by the Board of Directors at any time before or after the Annual Meeting should the shareholders not approve this proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR APPROVAL OF THE AMENDED CERTIFICATE OF INCORPORATION THEREFORE INCREASING THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK FROM 2,000,000,000 SHARES TO 3,000,000,000 SHARES, AS SET FORTH ABOVE. THE AFFIRMATIVE VOTE OF HOLDERS OF A MAJORITY OF OUTSTANDING SHARES OF COMMON STOCK IS REQUIRED TO APPROVE THE AMENDMENT TO THE AMENDED CERTIFICATE OF INCORPORATION. SHARES OF COMMON STOCK REPRESENTED AT THE MEETING BY EXECUTED BUT UNMARKED PROXIES WILL BE VOTED FOR APPROVAL OF THE PROPOSAL.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

As indicated above, our Compensation Committee consists of Messrs. Dotoli, Biderman and Guerino. The committee determines all compensation paid or awarded to our executive officers and approves our overall compensation policies.

The committee's goals are to attract and retain an executive management team that is capable of taking full advantage of our opportunities, and to provide incentives for outstanding performance. In arriving at an initial compensation offer to an individual, the committee considers determinants of the individual's market value, including experience, education, accomplishments and reputation, as well as the level of responsibility to be assumed, in relation to the market value of such qualifications and industry standards. When determining subsequent adjustments to an individual's compensation package, the committee also evaluates the importance to stockholders of that person's continued service. This is a judgment process, exercised by the committee with the advice of our management and a compensation consultant.

The executive officers' compensation structure consists of: (i) base salary, (ii) cash bonus and (iii) stock options.

Base Salary. Each individual's base salary is determined by the committee after considering a variety of factors that make up our market value and prospective value, including the knowledge, experience and accomplishments of the individual, the individual's level of responsibility, and the typical compensation levels for individuals with similar credentials. The committee may change the salary of an individual on the basis of its judgment for any reason, including our performance or the performance of the individual, changes in responsibility, and changes in the market for executives with similar credentials. Salaries for 2008 and 2009 were set based on the above factors and after review of industry comparables.

Cash Bonus. Bonuses are awarded for accomplishments during the past year. Bonuses are determined by the committee with advice from our management, based upon the committee's assessment of the individual's contributions during the year, compared to, but not limited to, a list of individualized goals previously approved by our management and the committee.

Stock Options. Stock options are prospective incentives, aimed at keeping and motivating key people by letting them share in the value they create for stockholders. They are awarded at times deemed appropriate by the committee in amounts calculated to secure the full attention and best efforts of executives on whose future performance our success will depend.

Compliance With Section 16(a) of the Exchange Act

Section 16(a) of the Exchange Act requires our executive officers and directors, and persons who own more than ten percent of a registered class of our equity securities, to file reports of ownership and changes in ownership with the SEC and to provide us with copies of such reports. mPhase has reviewed the report copies filed in 2009 and based also on written representations from its directors and executive officers, the Company believes that there was compliance with Section 16 (a) filing requirements for 2009.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS**Material Related Party Transactions**

The Company has material related party transactions. The Company incurs costs for engineering, design and production of prototypes and certain administrative functions from Microphase Corporation and the purchase of finished goods, primarily consisting of DSL splitter shelves and filters, from Janifast Limited. The Company has incurred costs for obtaining transmission rights. This enabled the Company to obtain re-transmission accreditation to proprietary television content that the Company plans to provide with its flagship product, the TV+ within its incorporated joint venture mPhase Television.Net, in which the Company owns a 56.5% interest.

Mr. Durando, the President and CEO of mPhase, owns a controlling interest and is a director and COB of Janifast Limited. Mr. Durando and Mr. Dotoli are officers of Microphase Corporation.
